

DISPOSING YOUR STAMP COLLECTION

PREPARING A FAMILY MEMBER OR FRIEND TO DISPOSE OF YOUR COLLECTION

CONCLUSION

- PLAN AHEAD
- SELL ALL OF PART OF YOUR COLLECTION - YOURSELF
- IF POSSIBLE, TALK TO THE FAMILY MEMBER
- PROVIDE WRITTEN INSTRUCTIONS ON DISPOSING OF YOUR COLLECTION
- MAKE IT CLEAR IF SOME OR ALL OF THE COLLECTION SHOULD BE DONATED TO CHARITY

Last month, Chuck Skittino and Tom Willer commented on the Rocky Mountain Philatelic Library (RMPL - <http://www.rmpldenver.com/start.do>) presentation "Preparing a Family Member OR Friend to dispose of your collection".

Walter gave the monthly Treasures report — we currently have \$3,215.11 in the bank.

This month, Jerry Nylander will speak on two topics: "An Insider's Story of Scott's Catalog Listings and Pricing" plus "Explaining the Stamp Expertizing Process." Jerry, long time Chicago area collector, brings decades of experience and philatelic expertise to bear on these two interesting subjects.

As you remember, Jerry Nylander (with Larry S. Weiss) received the Walter W. Hopkinson Memorial Literature Award for the best article or series of articles published in The United States Specialist during 2009. It was awarded in 2010. They co-wrote about the newly discovered patterns of the double line USPS watermark. Jerry (see picture to the left) spoke to us in October 2009 on this subject.

Beyond the Perf is the online extension of the USA Philatelic catalog, Beyond the Perf was developed to bring collectors more in-depth information about stamps, cancellations, and related events. [<http://www.beyondtheperf.com/>].

This month's edition covers: Edgar Rice Burroughs: A Century of Tarzan stamp, A Flags Finale: Every Last Detail about the Flags of Our Nation series, the new first stamp in the War of 1812 series: USS Constitution and a link to "Ask Steve Kearney" (the Executive Director of Stamp Services] question via INTERNET form.
