

Last month, after some jokes and an unannounced stamp quiz, we were treated to a talk about **"Fakes, Fantasies, Forgeries, and Familiar Friends**, by Bill Schultz.

In support of the presentation, he handed out over \$3M of stamps and other philatelic material for the crowd to examine as he discussed the people and events that impact on the hobby. We believe he got everything back.

This month Tom Willer will talk about **"Australia and New Zealand: Philatelic Meanderings"** after his trip down-under.

### SPECIAL LCIPS COMMENDATION TO CHUCK, ED, AND CRAIG

On behalf of the LCPS, I commend your efforts to assist a non-society member in a time of need. A Highland Park resident inherited an extensive Swiss stamp collection. You three diligently evaluated and sorted the collection. You determined that the optimal method to dispose of the collection, which also included many Graff Zeppelin covers, through an auction. You then paved the way for Rasdale auction house to handle the auction. This collection was so large that it will be divided into more than 150 lots in an auction in Summer, 2013.

Thank you very much for your service to this non-member and being an extraordinarily fine example of selfless service. — Tom

**Washington-Franklin Issues Part 3** — This month, we continue the quest to identify the Washington-Franklin series of stamps that all casually look the same – but to the discerning collector, a love-hate relationship to fill all the blank spots in the album.

Last month we looked at the booklet and coil stamps. This month we'll continue with the flat press, non-watermarked sheet stamps. This is a fairly compact group of stamps that should be easily found – if you cannot find a piece of a watermark – then it must not have one ...

The ID table is presented below.

There are three “color errors” in this group, the Scott 505 error (caused by recutting a “2” while looking at the plate upside down/late at night) or as the book says “These errors occurred when a 5-cent die were inadvertently used to replace worn dies within a 2-cent plate. “ The excuse was – “ they all look the same ...” The real 5¢ stamp is blue.
