Note: The October meeting will be a virtual Zoom meeting on 26 October due to the Grayslake Library closing on Tuesday, October 19 for their Solar PV installation and connection which would have been our regular meeting.

Our September meeting featured a talk about **"Christmas and other Seals"** by Bill Schultz. Bill became interested in the topic after Chuck 'unloaded' a pile Christmas seal sheets on Bill. In general, the 'seal' came about as a means of raising money for the fight against Consumption/Tuberculosis (TB). The use of seals has declined in use over the years due to their success in finding disease cures and treatment.

This month, Ed Pieklo will speak on the subject of **"World War II Propaganda Stamps and Forgeries"**.

Our November meeting is currently being set up for a swap meet – think about what you are willing to divest yourself of/clear out some space.
