## Publication 41 Revision

The Procurement Policy Committee has recommended, and the Vice President, Purchasing and Materials, has approved, to revise Publication 41, *Procurement Manual*, in the following areas:

- Part 2.2.1, Quality Standards
- Part 3.3.1, Responsible Prospective Contractors
- Part 3.3.2, Debarment, Suspension and Ineligibility
- Part 5.1.5, Indefinite-Delivery Contracts
- Appendix A, Solicitations
- Appendix B, Contract Clauses

### Rationale and Summary of Changes

Part 2.2.1 is changed by revising paragraph 2.2.1.b, which is now titled "Quality Assurance Requirements" and adding a new paragraph 2.2.1.c, "Clauses." The remaining paragraphs (current paragraphs 2.2.1.c through 2.2.1.e) are recodified 2.2.1.d through 2.2.1.f.

These changes require changes to Appendix B, Contract Clauses. Specifically, current clause 2-1, Inspection Fixed-Price, has been rewritten and retitled Inspection and Acceptance. Current clause 2-2, Inspection — Nonfixed Price, has been replaced and retitled Quality Assurance I (a new Clause 2-24, Inspection and Acceptance — Nonfixed Price, now addresses this matter). Current clause 2-3, Quality Assurance, has been rewritten and retitled Quality Assurance II. Lastly, a new clause 2-23, Reimbursement — Postal Service Testing, has been added. These clauses, which follow the text of the other changes, will be included in the next release of the Document Generator System (DGS). Until the DGS release is received, contracting officers must ensure that required clauses are included in contractual documentation.

Part 3.3.1 is changed to add a new paragraph 3.3.1.d, Application of Standards (current paragraphs 3.3.1.d through 3.3.1.f are recodified 3.3.1.e through 3.3.1.g respectively).

In Part 3.3.2, the following changes have been made:

- Subparagraph 3.3.2.b.7 is revised to add a new definition of affiliates.
- Subparagraph 3.3.2.c.5 is revised to state that the Vice President (VP), Purchasing and Materials (P&M), must furnish the General Services Administration (GSA) notice of determinations of ineligibility and any changes in the status of contractors, including their affiliates, on the Postal Service's list of Debarred, Suspended, and Ineligible Contractors.
- Paragraph 3.3.2.e is revised to state that the VP, P&M, is authorized, with the concurrence of the Gen-

eral Counsel, to debar a contractor, including its affiliates.

- Paragraph 3.3.2.i is revised to state that the VP, P&M, may suspend, with the concurrence of the General Counsel, a contractor, including its affiliates. In addition, Subparagraph 3.3.2.i.1, is revised to read "Upon adequate evidence of indictment or conviction for."
- Subparagraph 3.3.2.j.2 has been completely revised.
- Subparagraph 3.3.2.k.3 has been revised, retitled Period of Suspension, and recodified as 3.3.2.k. Paragraph 3.3.2.k is recodified as 3.3.2.l and retitled Procedural Requirements for Suspension.

As a result of these changes to 3.3, subparagraph 10.1.1.b.1 has been revised, 10.1.1.b.2 has been deleted, and 10.1.1.b.3 through 10.1.1.b.6 have been recodified as 10.1.1.b.2 through 10.1.1.b.5 respectively.

Part 5.1.5 is changed by revising paragraphs 5.1.5.b and 5.1.5.g, Clauses, and adding a new paragraph 5.1.5.c, Provisions. In addition, a new Provision 5-2, USPS/GSA IMPAC Credit Card Acceptance, has been added, and Clause 5-11, Ordering, has been revised. These changes result from a change in policy allowing the credit card to be used when ordering off of indefinite-delivery contracts.

Effective immediately, Publication 41, *Procurement Manual*, is revised as follows:

**Chapter 2 Procurement Planning**  
 \* \* \* \* \*

**Section 2 Planning Considerations**

**2.2.1 Quality Requirements**  
 \* \* \* \* \*

**2.2.1.b Quality Assurance Requirements.** Quality assurance requirements fall into two general categories: inspection by the contractor or inspection by the Postal Service. In most circumstances the Postal Service relies on the contractor to perform all necessary inspecting and testing to ensure that before delivery occurs all supplies or services conform with the requirements of the contract. However, when the contracting officer determines that the Postal Service needs to test the supplies or services before delivery, or to decide whether the contractor's internal work processes are adequate, the contracting officer should consider:

1. The nature (e.g., commercially available or postal unique) and intended use of the supplies and services being purchased;
2. The potential losses in the event of defects;

- 3. The likelihood of uncontested replacement or correction of defective work; and
- 4. The cost of detailed inspection.

**2.2.1.c Clauses**

**1. Inspection and Quality Assurance Clauses.**

These clauses:

- (a) Require the contractor to provide and maintain a quality system that is acceptable to the Postal Service;
- (b) Give the Postal Service the right to make inspections and conduct tests while work is in process; and
- (c) Require the contractor to keep and make available to the Postal Service complete records of its inspections.

**2. Use**

- (a) Clause 2-1, Inspection and Acceptance, must be included in all contracts.
- (b) Clause 2-24, Inspection and Acceptance — Nonfixed Price, must be included in all nonfixed price contracts.
- (c) Clause 2-2, Quality Assurance I, or Clause 2-3, Quality Assurance II, must be included in the contract when the Postal Service requires the contractor to maintain a quality system subject to Postal Service evaluation.
- (d) Clause 2-2 covers the production aspects of a supplier's operations and is suitable when requiring production from a Postal Service-provided technical data package for items such as mail transportation equipment.
- (e) Clause 2-3 should be used if the Postal Service needs to supervise the supplier's design controls and servicing factors. In addition to requiring production controls, this clause requires the supplier to control processes before and after production (i.e., design and servicing). Typically, this clause would be used for major automation purchases which require the supplier to develop, design, produce, install and test the equipment.
- (f) Clause 2-23, Reimbursement — Postal Service Testing, must be included when Clauses 2-2 or 2-3 are included in the contract. [*Current 2.2.1.c through 2.2.1.e recodified 2.2.1.d through 2.2.1.f respectively.*]

\* \* \* \* \*

**Chapter 3 Sources**

\* \* \* \* \*

**Section 3 Contractor Qualifications**

**3.3.1 Responsible Prospective Contractors**

\* \* \* \* \*

**3.3.1.d Application of Standards**

- 1. **Ability to Obtain Resources.** Acceptable evidence of the ability to obtain resources (see 3.3.1.b.7) normally consists of a commitment or explicit arrangement that will be in existence at the time of contract award to rent, purchase, or otherwise acquire the needed facilities, equipment, personnel, or other resources.
- 2. **Satisfactory Performance Record.** A prospective contractor that is or recently has been seriously deficient in contract performance will be presumed to be nonresponsible, unless the contracting officer determines that the circumstances were properly beyond the contractor's control or that the contractor has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably is strong evidence of nonresponsibility.
- 3. **Affiliates.** Affiliates (see 3.3.2.b.7) are normally considered separate entities when determining whether a prospective contractor is responsible. However, the contracting officer may consider the record of performance and integrity of affiliates when that record may adversely affect the determination of responsibility of the prospective contractor. [*Current 3.3.1.d through 3.3.1.f are recodified 3.3.1.e through 3.3.1.g respectively.*]

\* \* \* \* \*

**3.3.2 Debarment, Suspension, and Ineligibility**

\* \* \* \* \*

**3.3.2.b Definitions**

\* \* \* \* \*

- 7. **Affiliates.** Businesses, organizations, or individuals connected by the fact that one controls or has the power to control the other, or a third party controls or has the power to control both. Factors such as common ownership, common management, and contractual relationships must be considered. Franchise agreements are not considered evidence of affiliation if the franchisee has a right to profit in proportion to its ownership and bears the risk of loss or failure.

\* \* \* \* \*

**3.3.2.c Establishment and Maintenance of Lists**

\* \* \* \* \*

- 5. In order to ensure that both GSA and the Postal Service lists are accurate, current, and complete, the VP, P&M, must:

Continued

- (a) Arrange to receive contractor debarment, suspension and ineligibility information from GSA; and
- (b) Furnish GSA notice of any debarment, suspension, or ineligibility determination made by the Postal Service and any changes in the status of contractors, including any of their affiliates, on the Postal Service list.

\* \* \* \* \*

**3.3.2.e Causes for Debarment.** The VP, P&M, is authorized, with the concurrence of the General Counsel, to debar a contractor, including any of its affiliates, in accordance with procedures in this part for causes such as the following: [*The rest of this subparagraph stays as current.*]

\* \* \* \* \*

**3.3.2.i Causes for Suspension.** The VP, P&M, may, when the interests of the Postal Service require, and with the concurrence of the General Counsel, suspend any contractor, including any of its affiliates:

- 1. Upon adequate evidence of indictment or conviction for: [*The rest of this subparagraph stays as current.*]

\* \* \* \* \*

**3.3.2.j Conditions for Suspension**

\* \* \* \* \*

- 2. Any suspended contractor that believes its suspension has not been in accordance with these rules, or with applicable laws or regulations, may appeal to the Judicial Officer for a review of the suspension. No fact alleged in an indictment or established in a judgment of conviction that is the basis for a suspension may be disputed in the suspension review proceeding. The Judicial Officer must expeditiously rule upon the validity of the suspension. The Judicial Officer's ruling must be based on considerations of the entire record, including facts not available to the VP at the time of the initial suspension decision. Nothing in this subparagraph precludes the VP from terminating or modifying a suspension at any time.

\* \* \* \* \*

**3.3.2.k Period of Suspension.** Except as provided in this paragraph, no suspension may exceed six months in duration. A suspension, if not automatically extended during the pendency of a debarment proceeding or prosecutive action as provided in this paragraph, may be extended for not more than one additional six-month period upon the VP's written determination of the reason and necessity for the extension. Notice of any extension of suspension must be served upon the contractor in the manner set forth in 3.3.2.l. In no event may a suspension plus its extension ex-

ceed 12 months unless a debarment proceeding or a prosecutive action is pending, in which case the initial suspension continues, subject to review in accordance with 3.3.2.j.2 above, until the debarment proceeding or prosecutive action has been completed. The termination of a suspension, however, may not prejudice a debarment proceeding that was pending or that may be brought for the same reasons that led to the suspension. "Prosecutive action" includes criminal prosecutions, civil fraud and false claims actions, and administrative complaints issued under the Program Fraud Civil Remedies Act, 31 U.S.C. sections 3801-3812.

**3.3.2.l Procedural Requirements for Suspension** [*Current subparagraphs 3.3.2.k.1 and 3.3.2.k.2 comprise this new paragraph.*]

**Section 1 Types of Contracts**

\* \* \* \* \*

**5.1.5 Indefinite Delivery Contracts**

\* \* \* \* \*

**5.1.5.b Ordering**

- 1. The period for placing orders and the activities authorized to place orders must be identified in the contract schedule. Ordinarily, orders should be placed:
  - (a) In writing;
  - (b) By USPS/GSA IMPAC credit card (within the limitations described in Handbook AS-709, *Credit Card Policies and Procedures*);

**5.1.5.c Provisions.** All solicitations that require acceptance of the USPS/GSA IMPAC credit card as a condition of contract award must include Provision 5-2, USPS/GSA IMPAC Credit Card Acceptance. [*Current 5.1.5.c through 5.1.5.e recodified 5.1.5.d through 5.1.5.f respectively.*]

\* \* \* \* \*

For subcontracts of \$50,000 or less, a subcontractor having no more than 500 employees qualifies as a small business without regard to other factors.

*[Delete subparagraph 10.1.1.b.2, and recodify current subparagraphs 10.1.1.b.3 through 10.1.1.b.6 as 10.1.1.b.2 through 10.1.1.b.5 respectively.]*

In addition to the requirements set forth in Clause 2-1, Inspection and Acceptance, the Postal Service may:

- a. At any time during contract performance, and for six months after acceptance, reject supplies or services that do not conform with the requirements of this contract. The contractor must correct or replace those rejected supplies or services within a reasonable time. The contractor may not provide supplies or services initially rejected, unless the cause for rejection is disclosed.

Purchasing and Materials, 2-1-96

**Annual Equipment Forecast**

**Why Do We Need Your Help?**

Do you need equipment to do your job? Everyone does.

For contracts to be in place at the start of the fiscal year (FY) so that equipment is available when needed, we need to know your requirements. The tool used to get this information is the annual forecast for Rapid Equipment Deployment Inventory (REDI) and Forecasted Annually, Shipped Timely (FAST) items.

**If You Need Help**

Call your the district material management specialist (DMMS) or the material management team at the purchasing and material service center (PMSC) for assistance with the forecast process.

**What Can You Do?**

District managers, plant managers, postmasters, station managers, and anyone else with responsibility for budgeting and forecasting for REDI and FAST items should:

- 1. Use the FY97 Equipment Forecast worksheet on pages 9–10 to identify by accounting period equipment needs for next fiscal year.
- 2. Review replacements and support for new programs (local and national), *including any new construction or renovations planned within local facilities that may require new equipment*. Include the date deliveries are required so that we can plan production requirements and avoid unnecessary equipment staging.
- 3. Check requirements against the planned FY97 budget (within the capital investment or operating expense plan) to ensure that funding is available to support equipment needs and to identify areas that require additional funding.

Customer service and sales (CSS) districts and processing and distribution centers (P&DCs) should submit their forecasts, with supporting information on funding/allocation differences, to their DMMS.

**The DMMS will:**

- 1. Review the forecasts from district CSS activities and P&DC plants for accuracy and completeness. To save Postal Service dollars, the DMMS compares forecasts with excess equipment lists, and where assets are available, notifies the losing and gaining offices of the pending transfer.
- 2. Share the forecasts and the supporting information with Finance and, as necessary, coordinate resolution of questions or problems requiring submitter or Performance Cluster action.
- 3. Prepare the forecast for presentation by the manager of administrative services to the Performance Cluster.
- 4. Provide Finance with the approved equipment forecast for inclusion in the budget requests, after Performance Cluster review and decisions.
- 5. Consolidate Performance Cluster-approved requirements onto a forecast sheet and forward the consolidated forecast to the PMSC.

**The manager of administrative services will:**

- 1. Coordinate the equipment forecasting process with Performance Cluster participants.
- 2. Present forecasted requirements, including supporting information on questions and problems, to the Performance Cluster for discussion, action, and approval.
- 3. Provide the MMS the approved items for consolidation and forwarding to the PMSC.

**The Finance manager will:**

- 1. Support the equipment forecast, review forecasts for budgetary support, and coordinate the equipment forecast schedule with budget call requirements.

*Continued next page*

*Continued*

2. Input the Performance Cluster's approved forecast to capital and expense budget systems according to the schedule provided by Headquarters Finance, ensuring that any subsequent changes are coordinated with the DMMS.

**The area PMSC will:**

1. Receive an advance copy of the annual forecast package from Inventory Management.
2. Coordinate the forecast effort through the MMSs with the area Finance activities to ensure that data is completely and accurately represented.
3. Coordinate with CSS and P&DC activities to identify items that may undergo changes in demand, new initiatives, or alternative approaches.
4. Forward this and any other advance information on the district and associated plant forecast requirements to the DMMS; assist district personnel prepare the forecast through training and guidance; and collect and review district responses for transposition of item numbers, unit of issue discrepancies, and other problems.
5. Compare forecast requirements against area-wide plans, programs, surplus, and national excess information for possible redistribution.
6. Coordinate alternative sources and adjustments with district personnel.
7. Forward adjusted forecasts to Inventory Management.

**Inventory Management will:**

1. Coordinate forecasts with the proponents and other supporting offices.
2. Manage items identified for national level support through either the REDI or FAST programs.
3. Oversee the annual forecasting process and review statistical and strategic forecast data whenever a new or replenishment contract is needed.
4. Accumulate this information and provide it to the supporting purchasing activity for acquisition.
5. Coordinate with supporting purchasing activities concerning the issuance of material logistics bulletins (MLBs) as to when FAST items are available and how to order them. Maintain REDI status in an MLB and on the Topeka Electronic Bulletin Board.

REDI requisitions are funded through a revolving account, with reimbursement when field requisitions are placed with the material distribution centers

(MDCs). FAST items are centrally contracted and paid for by requesting organizations via a funded Form 7381, *Requisition for Supplies, Services, or Equipment*.

**The San Bruno and Memphis PMSCs will:**

1. Procure selected REDI items, with the Memphis PMSC also procuring FAST items.
2. Use the forecasts provided by Inventory Management to establish and administer supporting contracts.

**Reminder**

Let Inventory Management know what you need so that equipment can be available when you need it.

**Schedule**

Nov.–Dec. 1995	Inventory Management identifies and coordinates items to forecast in the next fiscal year.
Feb. 1, 1996	Postal Bulletin announcement of equipment forecast, with instructions on individual actions.
<b>Feb. 28</b>	<b>Equipment forecasts due to the DMMS from plants and CSS activities.</b>
Mar. 15	Coordination of field inputs by the DMMS with district CSS, P&DC plants, and Finance managers is completed, in preparation for presentation to the Performance Cluster.
Apr. 1	District and Performance Cluster reviews completed. The DMMS submit approved forecasts to the area PMSC.
Apr. 15	PMSC reviews/coordination complete. Submits equipment forecasts to Inventory Management (Supply and Equipment Programs).
May 15	Inventory Management provides the Memphis PMSC with field FAST requirements and authorization to proceed with national procurements and also forwards REDI forecasts to the REDI manager for inclusion in replenishment analysis.
Aug. 1	DMMS accumulates Forms 7381 from CSS activities and plants and submits them to the area PMSC for allocation projections and contract production schedules.
Sep. 23	The Memphis PMSC has contracts in place for FAST field support. MLBs are distributed announcing contract awards and ordering procedures.

## Publication 223 Revision

Publication 223, *Directives and Forms Catalog*, has been revised. Copies of this document are being distributed to all postal facilities.

Postal facilities can order additional copies of Publication 223 (December 1995) (NSN 7610-03-000-9087) from both the Somerville and Topeka material distribution centers (MDCs). The general public may order copies, at a cost of \$2.00 per copy, from the Somerville MDC.

In order for postal facilities to keep Publication 223 current, the *Postal Bulletin* will publish a "Directives Update" in every other issue, beginning with *Postal Bulletin* 21912 (2-1-96).

—*Corporate Publishing and Information Management,  
Information Systems, 2-1-96*

## Interest Rate on Contract Claims

The Postal Service periodically publishes in the *Postal Bulletin* the interest rate payable on a claim decided in a contractor's favor, under the Contract Disputes Act of 1978. This rate also applies for late payments to contractors under the Prompt Payment Act, as amended.

The interest rate effective for the 6-month period beginning January 1, 1996, and ending June 30, 1996, is 5 7/8 percent.

### CORRECTION

## USPS Headquarters Parking

Management Instruction AS 510-95-19, *USPS Headquarters Parking (475 L'Enfant Plaza)*, issued December 19, 1995, contains an incorrect reference to the United States Code in the section entitled Inspection of Vehicles. The first paragraph of that section currently reads: "In accordance with 13 U.S.C. 3061 and 21 U.S.C. 802 and 844...." It should read: "In accordance with **18** U.S.C. 3061

and 21 U.S.C. 802 and 844...." The next revision to the instruction will reflect this change. In the interim, please make a pen and ink change to your copy to correct this reference.

### New Courtesy Reply Mail Envelopes in IRS Tax Booklets

The Internal Revenue Service (IRS) will be using a new envelope designed to increase efficiency in the return process. The new automation-compatible envelope will contain two colored pre-barcoded labels for the tax filers' convenience.

A **WHITE** label is used by the filer when enclosing a payment. These envelopes are directed to specific Internal Revenue Service post office box locations for centralized deposits. A **YELLOW** label is used by the filer requesting a refund. These labels are addressed to the Internal Revenue

Service Centers for processing. The IRS is now using twenty different addresses for tax returns and/or payments. Please deliver these as addressed.

This notification should ensure that all processing and distribution personnel are aware of the new FIM A envelope being produced by this valued customer.

Of approximately 52.5 million tax packages (1040s) mailed, an estimated 1.7 million contain the new envelope.

### Returned to Sender Nixie Mail

Many of our delivery units have begun to use adhesive labels to provide carrier endorsement information when returning nixie mail to the sender. Some of these labels bear the message, "remove adhesive label to make corrections to mailing lists." These labels are frequently being placed directly over the old address. This causes a significant problem with our customers, particularly our large mailers who use automated procedures to correct their mailing lists.

All employees are reminded that the old address is never to be lined out or covered, either by the delivery unit

or by the CFS unit. Old delivery barcodes may be lined through to prevent "loop" mail. Adhesive labels are to be placed on the envelope so as not to obscure either the old or return addresses.

By focusing our attention on this issue, we have the opportunity to improve customer satisfaction in a significant way.

## Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The tables below outline these conditions by APO/FPO ZIP Code through the use of footnoted mailing restriction codes, which appear on the page following Table 2.

Acceptance clerks should use these tables with the

integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and what conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to Handbook PO-514, *Express Mail Military Service*, and the local EMMS directory.

The complete tables appear in alternating issues of the *Postal Bulletin*.

## Freedom of Information Act Report for Calendar Year 1995

Each calendar year the Postal Service must report to Congress its activities with regard to Freedom of Information Act (FOIA) requests for information. Please be reminded that:

1. Negative reports are required.
2. Reports must be sent to the appropriate records office coordinator rather than to Records at Headquarters.

Do not confuse this Freedom of Information Act reporting requirement with the Privacy Act reporting requirement published in *Postal Bulletin* (PB) 21898 (7-20-95), "Privacy Act Report for Calendar Year 1994." A future *Postal Bulletin* article will require Privacy Act reporting for calendar year 1995.

### Who Must Submit a Report

All records custodians must submit a report for calendar year 1995, even if the report is negative; that is, even if no FOIA requests were received or if any requests received were granted in full.

A records custodian is the head of a postal facility such as an area, district, post office, or other postal installation that maintains Postal Service records and information.

Vice presidents are the custodians of records and information maintained at Headquarters. (Headquarters field units should submit reports through their Headquarters offices.)

Senior medical personnel are the custodians of restricted medical records maintained within postal facilities. The custodian of employee assistance program (EAP) records is either the USPS counselor, contractor, or Public Health Service, whichever provided the services. The EAP coordinator is the custodian of records prior to March 1993.

### How to Submit Reports

Records custodians must submit a report on or before *February 16, 1996*, clearly marked "Freedom of Informa-

tion Act Report for Calendar Year 1995," to their records office coordinator as shown below. A records office coordinator is located in the Finance office of each district and area Customer Service office. See PB 21862 (3-3-94) for the article, "Freedom of Information and Privacy Act — Records Office Coordinators."

Records Custodians	Send Reports to
Area offices	Records office coordinator in the area office.
Processing and Distribution Plant offices	Records office coordinator in the area office.
Customer Service and Sales District offices	Records office coordinator in the district office.
Postmasters	Records office coordinator in the district office.
Headquarters field units	Headquarters (parent office).

### How to Format Reports

Each records custodian must submit a report to his or her records office coordinator even if it is negative. If no FOIA requests were received or if requests received were granted in full, a records custodian report should just indicate "negative." If a records custodian has declined to release information requested in writing citing the FOIA, the report must contain the following information (see suggested format on page 33):

1. Reason for denial, referencing a specific section(s) of the regulations in *Administrative Support Manual* (ASM) 352.42–352.47.
2. Name and title or position of the USPS records custodian responsible for the denial.
3. Number of determinations not to comply with FOIA requests that were made during calendar year 1995.

**Note:** Do not include denials of requests for change-of-address information.

### New International Mailing Statements

Effective February 4, 1996, customers mailing international Second-Class, International Surface Airlift (ISAL), Valuepost/Canada, International Priority Airmail (IPA) and Printed Matter paid by permit imprint will use the January 1996 edition of the following mailing statements: Forms 3541-N, 3541-R, 3650, 3650-I, 3651, 3651-C, 3652, and 3652-I. All older editions of these forms are obsolete as of this effective date and should be destroyed.

These new forms will be used to report country-specific piece counts and weight information for international mailings of 1,000 or more pieces to a single country, consistent with new Universal Postal Union requirements. If there are fewer than 1,000 pieces to a single country in a mailing, piece counts and weight information are not required, but may be provided at the mailer's option. This information will be used to prevent overcharges for delivery in other countries, which could otherwise cause international postal rates to increase.

NonPermit/BRAVIS offices must photocopy the finance copy of these completed mailing statements and forward these copies weekly, beginning with the end of the week of February 5, to the following address:

INTERNATIONAL ACCOUNTS CENTER  
1720 MARKET ST RM 2046  
ST LOUIS MO 63180-9040

District Finance/OMAS coordinators must forward the finance copies of federal government agency forms 3650, 3651-C, and 3652 and photocopies of penalty mail forms 3651 to the same address.

The copies from NonPermit/BRAVIS offices and from District Finance/OMAS coordinators will include the mailer's country-specific piece counts and weight information, when these have been provided on the forms or on a separate customer manifest. This information will subsequently be entered into a database.

*Continued next page*

*Continued*

An initial supply of the new mailing statements were shipped directly to Managers, Business Mail Entry (Districts) in early January. With the exception of the special sequentially numbered billing statements (Forms 3650-I (ISAL) and 3652-I (IPA)) all the new statements will be

stocked in supply centers by early March. Mailers participating in the international Customer Billing Program will be sent Forms 3650-I and 3652-I directly from the St. Louis Information Systems Service Center.

## Pictorial Cancellations Announcement 96-3

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail post-

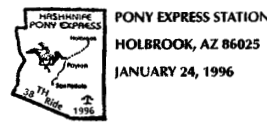

age (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 Code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Copyright USPS 1995

The Postal Service will commemorate the 50th anniversary of the Fulbright Scholarship Program with the issuance of a 32-cent stamp (Item 4495) on February 28, 1996, in Fayetteville, Arkansas. The stamp goes on sale nationwide February 29.

Designed by Richard D. Sheaff of Norwood, Massachusetts, the stamp features a collage of a map, face, and compass, with a marbled bookbinding paper background that is meant to symbolize academics (books) and the arts (decorative printmaking).

The Fulbright Program was established by Congress in 1946 under legislation introduced by Senator J. William Fulbright and is funded by the U.S. Government, foreign governments, and host institutions. The program is an international educational exchange that is designed to increase mutual understanding among the people of the United States and the people of other countries.

# Jacqueline Cochran International Postcard-Rate Stamp

Copyright USPS 1996

The Postal Service will honor Jacqueline Cochran with the issuance of a 50-cent international postcard-rate stamp (Item 5580) on March 9, 1996, in Indio, California. The stamp goes on sale nationwide March 11.

Designed by Davis Meltzer of Huntingdon Valley, Pennsylvania, the stamp features Cochran after winning the Bendix Trophy in 1938, which she won after completing the air race from Los Angeles to Cleveland in 8 hours and 10 minutes.

Jacqueline Cochran held more speed, altitude, and distance records than any pilot, male or female, in the world until her death in 1980. In 1953, Cochran became the first woman to fly faster than the speed of sound in an F-88 jet fighter plane. She was the director of the Women's Air Force Service Pilots program and the founder of Jacqueline Cochran Cosmetics, a highly successful cosmetics company. Cochran was also awarded the Distinguished Service Medal in 1945 and the U.S. Air Force Distinguished Flying Cross in 1969. Born into a life of poverty and raised by foster parents around the turn of the century, she accomplished all of this with no formal schooling beyond the third grade.

\*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

On December 31, 1995, Barclays PLC acquired Wells Fargo. Accordingly, the *names* of the funds in which the C and F Funds are invested have changed, but otherwise are the same funds as before the acquisition.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. The G Fund is invested in special issues of U.S. Treasury securities.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

The C and F Fund returns vary from Barclays returns because of C and F Fund expenses and changing balances in the C and F Funds.

Future performance of the three funds will vary and may be significantly different from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.
