DOMESTIC MAIL

Plastic Sack Label Holders

Even though Classification Reform will result in increased use of trays for transporting mail, use of plastic mail sacks as a method of mail transport will continue in the foreseeable future. Plastic mail sacks are less expensive to purchase than canvas sacks and, because they are recyclable, are friendlier to the environment.

There are two types of plastic sacks now being purchased: One type is equipped with a separate (notched) plastic label holder and the other type has an attached (un-notched) plastic label holder (see exhibit on next page).

Both plastic label holders *are reusable* and are not to be discarded. All offices are requested to remove and collect attached (un-notched) plastic label holders from worn-out plastic mail sacks and to remove and collect removable (notched) holders from all other sacks. The salvaged label holders should then be gathered for return to one of the Postal Service facilities identified below. The label holders may be collected in a carton or box and mailed or dispatched with other mail transport equipment. Endorse the carton "SACK LABEL HOLDERS."

DMM NOTICE

Labeling List Module Changes

Effective July 1, 1996, *Domestic Mail Manual* (DMM) module L, "Labeling Lists," is amended to reflect changes in mail processing operations and networks that coincide with the July 1 implementation of Classification Reform, including the activation of ZIP Code prefix 341. Revisions to DMM module L were published in *Postal Bulletin* 21914A (3-11-96), specifically new DMM L002, L003, L004, and L005 and redesignations and retilings of other lists.

The revisions shown below to DMM L002, L003, L004, and L005 are based on the corresponding lists published in *Postal Bulletin* 21914A; all other units in DMM module L that are revised by this notice show their designations in DMM Issue 50 (according to *Postal Bulletin* 21914A) and their current designations in DMM Issue 49. Because of the large number of changes to DMM L803, "Non-BMC/ASF Entry — Periodicals and Standard Mail (A)" (designated as DMM L806 when first published in *Postal Bulletin* 21907 (11-23-95)), the entire list is reprinted, with ZIP Code prefixes 325, 365, 366, and 394–396 included.

The introduction of "AADC" as a label prefix has necessitated abbreviating some destination names to comply with the 21-character limit in the ordering of labels. As a

matter of consistency, the names shown in the following chart are abbreviated throughout the labeling lists.

Destination Name	Labeling List Abbreviation
CHARLOTTESVILLE VA	CHARLOTTESVLE VA
COLORADO SPRINGS CO	COLORADO SPGS CO
MIDDLESEX-ESSEX MA	MIDDLESEX-ESX MA
SALT LAKE CITY UT	SALT LAKE CTY UT
SAN BERNARDINO CA	SN BERNARDINO CA
SOUTH SUBURBAN IL	S SUBURBAN IL
WEST PALM BEACH FL	WEST PALM BCH FL
WHITE RIVER JUNCTION VT	WHITE RIV JCT VT

In addition, DMM Exhibit M032.1.3c, "Contents Identifier Codes," as published in *Postal Bulletin* 21914A, is amended to reflect changes to several contents identifier numbers (CINs).

Mailers may *not* implement these revisions earlier than July 1, 1996, but must comply with them as of that date. DMM Issue 50 (July 1, 1996) will contain these changes.

Guidelines for Locating Lost or Missing Registered Stamp Shipments

Purpose

The purpose of these guidelines is to assist postmasters, stamp distribution office (SDO) supervisors, and stamp distribution network (SDN) managers in locating lost or missing registered mail cartons from a known stamp shipment.

Present Responsibility

The responsibility for locating lost or missing registered mail shipments was previously undefined. The task, therefore, was assumed by the Stamp Distribution Office at Headquarters after receiving reports from field offices of missing stamp shipments. Headquarters personnel researched each case and the corresponding registry number. In many cases the missing registry articles were found within the reporting office's district area.

New Responsibility

To place the responsibility for resolving missing registered mail shipments at the level where the problem can be resolved most effectively and efficiently, effective immediately the responsibility for locating missing registered stamp items is the responsibility of the postmaster, SDO supervisor, or SDN manager, who should follow these steps:

1. Compare each stamp stock shipment to the Advice of Shipment to determine whether the shipment is complete.
2. After the comparison is complete and it is determined that there is a missing carton(s), identify the associated registry number(s). Make a notation(s) on the Advice of Shipment or temporary Advice of Shipment of the missing registered number(s) associated with the article(s). Post offices should wait 3 to 5 days before reporting the missing

registered article. This practice allows time for a separated or misdirected registered article to be forwarded to the correct address.

3. Report the missing registered number(s) to the local registry section. (If the registry section is a hub distribution point, it has the ability to immediately relay the shipping information. If the registry section is not a hub distribution point, it must inquire to the hub distribution point for shipping information. Hub distribution points can be identified by the registry sections.)
4. If the registry section(s) at the hub distribution point is not able to locate a missing registered article, it should contact the registry section for the stamp supplier. (Billing information identifying the stamp supplier is included with direct truck shipments.) If the missing registered article cannot be found, the postmaster or supervisor must notify, in writing, the local Inspection Service and the Manager, Stamp Distribution, Headquarters, at the following address:

MANAGER STAMP DISTRIBUTION
US POSTAL SERVICE
475 L'ENFANT PLZ SW RM 4474E
WASHINGTON DC 20260-2436

The correspondence must include detailed information regarding steps taken to locate the missing registered article.

5. In the event an error was made in preparation of the Advice of Shipment, a corrected copy will be issued.
6. If all efforts to locate a missing registered article fail and proper notification has been made, Headquarters will grant permission to the post office to file a Claim for Loss for the missing item(s).

HANDBOOK F-1 REVISION

Bulk Mail Payments, Trust Fund Deposits, and Meter Settings

This notice modifies the standard in *Postal Bulletin* 21894 (5-25-95), "Credit and Debit Card Acceptance."

The policy of accepting credit cards at Postal Service retail counters, approved by the Board of Governors as a customer convenience initiative, is designed to allow our retail customers alternative payment options for postal services. It has been extremely successful since implementation last year, with approximately one million card transactions monthly. Data from our 18-month market test in 550 locations indicated an average transaction of approximately \$50. Card acceptance was judged to be an economically advantageous means of payment at this dollar level.

Recently, some commercial customers have been using a credit or charge card to pay for bulk mailings, deposits to trust accounts, and meter settings. The credit and charge card policy was not designed to accept these large payments, as it is not cost effective to the Postal Service or any other retailer. Use of credit and charge cards for large transactions is in direct conflict with our commitment to maintain stable postage rates and provide service to all customers at reasonable costs.

Therefore, effective immediately, the acceptance of credit cards (e.g., Discover/Novus, MasterCard, Visa, American Express Optima) and charge cards (e.g., American Express) for payment for bulk mailings, trust fund deposits, and meter settings will no longer be authorized at any location. Debit cards will still be accepted since the transaction fee is a flat fee and not based on a percentage of the dollar amount of the transaction.

In summary, credit and charge cards will not be accepted for:

- Trust accounts (including, but not limited to, pre-canceled stamps, permit imprints, second-class mail (Periodicals), Business Reply Mail, and Express Mail Corporate Accounts).
- Payments for bulk mailings.
- Meters — either initial setting or resetting.
- Money orders and CODs.
- Passport fees.

Debit cards will not be accepted for passport fees.

The Postal Service is developing alternative payment options for commercial mailers, which will be introduced in the near future.

Effective immediately, Handbook F-1, *Post Office Accounting Procedures*, is revised as follows:

Handbook F-1, *Post Office Accounting Procedures*

315.11 USPS Products

If other credit and charge cards are subsequently added or deleted, these changes will be communicated in the *Postal Bulletin*. Debit (ATM) cards may be accepted for USPS products and services at all non-contract retail window locations. Credit cards (e.g., Discover/Novus, MasterCard, Visa, American Express Optima) and charge cards (e.g., American Express) may be accepted at all non-contract retail window locations for USPS products and services except:

- Trust accounts (including, but not limited to, pre-canceled stamps, permit imprints, second-class mail (Periodicals), Business Reply Mail, and Express Mail Corporate Accounts).
- Payments for bulk mailings.
- Meters — either initial setting or resetting.
- Money orders and CODs.

District Accounting Offices Statement of Account Submission for Accounting Period 9

The normal submission of statement of accounts and standard field accounting system transmission to the Minneapolis Accounting Service Center for accounting period 9, postal fiscal year (PFY) 1996, has been extended for district accounting offices *only*. This means that district accounting offices will have until 2 p.m. local time on Wednesday, May 29, to enter statement of account data via DDE/DR for offices reporting on an accounting period basis, and noon local time Wednesday, May 29, to transmit statements of accounts via the standard field accounting

system. The deadline for the statement of accounts submission for offices reporting on a quarterly basis remains for noon central daylight time, Wednesday, June 5.

This does not change the reporting requirement for post offices submitting statements of accounts to the district accounting office for processing. Statements of accounts must be submitted to the district accounting office no later than Monday, May 27.

ADMINISTRATIVE SERVICES

REDI Items Discontinued

The following three items will no longer be stocked at the material distribution centers (MDCs): PSIN 43, Cabinet, Examination Card; PSIN 44, Base, Examination Card Cabinet; and PSIN 45, Top, Examination Card Cabinet. Demand for these items is practically nonexistent. Substitute filing systems can be purchased locally or via several catalog sources.

PSIN 43 is now completely out of stock. However, there are still small quantities of PSINs 44 and 45 that will be issued on a first-come, first-served basis. Since these are used only with PSIN 43, they will no longer be stocked after they are depleted.

Pictorial Cancellations Announcement 96-10

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail

postage (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

The following pictorial cancellations have been extended for 60 days.

American Indian Dances Commemorative Stamps

Copyright USPS 1995

The Postal Service will issue five 32-cent American Indian Dances commemorative stamps (Item 4418), in a pane of 20, on June 7, 1996, in Oklahoma City, Oklahoma. The stamps go on sale nationwide June 8.

Designed by Keith Birdsong of Muskogee, Oklahoma, the stamps feature five designs of American Indian dances performed in beautiful and elaborately detailed modern dance attire.

The five dances represented on the stamps are the Hoop, Fancy, and Traditional dances, performed at powwows and considered Pan Indian; the Raven dance, performed by a number of Northwest Coast tribes; and the Butterfly dance, performed by Southwest Pueblo groups.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamps at their local post office, affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

Prehistoric Animals Commemorative Stamps

Copyright USPS 1994

The Postal Service will issue four 32-cent Prehistoric Animals commemorative stamps, in a pane of 20 (Item 4467), on June 8, 1996, in conjunction with the CAPEX '96 World Philatelic Exhibition in Toronto, Canada. These stamps were deferred from 1995 to 1996, due to technical problems in the printing process. The stamps go on sale nationwide June 10.

Designed by Davis Meltzer of Huntingdon Valley, Pennsylvania, the stamps feature four mysterious creatures

from the past — the Eohippus, Woolly mammoth, Mastodon, and Saber-tooth cat.

The eohippus, the earliest relative of the current-day horse, roamed North America and Europe more than 50 million years ago. This small, horse-like creature was roughly the size of a whippet dog, with four toes on its front feet and three toes on the hind feet.

The woolly mammoth, thought to be an ancestor of today's elephant, was discovered from paintings on the walls of caves in France and from frozen carcasses recovered from Siberian permafrost. Distinguished by its thick coat of black wool and long drooping "guard-hairs," the woolly mammoth carried large fat deposits on its shoulders and head that scientists believe provided reserve food for the extreme conditions in which it lived and roamed.

The American mastodon was the last of a diverse group of distant relatives of the modern-day elephant that roamed the earth during the last Ice Age. About the size of today's Asian elephant, the mastodon roamed North America from Alaska to Florida. Strict herbivores, these great creatures fed on conifers and bog vegetation. Like their counterpart, the woolly mammoth, mastodons disappeared at the close of the last Ice Age, roughly 10,000 years ago.

Continued

The saber-tooth cat, lion-sized and boasting large blade-like, yet delicate, canine teeth, roamed throughout North and South America during the last Ice Age. These ferocious saber-tooth cats are thought to have attacked large-bodied mammals such as the offspring of woolly mammoths and mastodons. The cat's extinction was undoubtedly linked to the loss of these giant animals of the Ice Age.

Breast Cancer Awareness Commemorative Stamp

Copyright USPS 1995

The Postal Service will issue a 32-cent Breast Cancer Awareness commemorative stamp (Item 4496) on June 15, 1996, in Washington, D.C., in conjunction with the Race for the Cure. The stamp goes on sale nationwide the same day.

Designed by Tom Mann of Warrenton, Virginia, the stamp features a silhouetted profile of a woman and a pink ribbon, which indicates support for the breast cancer awareness movement. The Cancer Information Service telephone number, 1-800-4-CANCER, is printed on the selvage.

Breast Cancer Awareness month will begin its second decade in October 1996. Its focus is to raise public awareness of the disease and the importance of early detection through a regular program of self-examinations, physician exams, and mammograms. Statistics suggest that breast cancer will strike one out of eight American women. At this time there is no known way to prevent the disease, but if it is detected and treated early a woman's chances of survival are very high.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the special Breast Cancer Awareness first day of issue postmark, shown above, by mail. Customers may purchase the new stamps at their local post office, affix the stamps to envelopes of

STAMP ANNOUNCEMENT 96-27

Flag Over Porch, Butte, Juke Box, Auto Tail Fin, Automobile, and Mountain Stamps

The Postal Service will issue the 32-cent Flag Over Porch (Item 7944), the nonprofit Butte (value: 5 cents) (Item 7945A), the First-Class letter presort rate Juke Box (value: 25 cents) (Item 7946A), the First-Class postcard presort rate Auto Tail Fin (value: 15 cents) (Item 7947A), the bulk rate Automobile (value: 10 cents) (7952A), and the nonprofit Mountain (value: 5 cents) (Item 7956A) stamps on June 15, 1996, in San Antonio, Texas, in conjunction with TEXPEX '96. No official ceremony is planned.

All the stamps are currently available in regular gummed coil formats. They will be reissued in a new format of self-adhesive coils of 10,000, utilizing the designs currently in use for those rates. The Mountain stamp has the same design as the one issued on March 16, 1996; the Flag Over Porch stamp has the same design as the one issued on May 19, 1995; the Juke Box and Auto Tail Fin stamps have the same designs as the ones issued on March 17, 1995; and the Butte and Automobile stamps have the same designs as the ones issued on March 10, 1995. The stamps will be printed without denominations, with the exception of the Flag Over Porch stamp, which will have "USA 32" printed in the upper right corner.

The stamp coils go on sale nationwide on June 17. For stamp collecting purposes, customers may purchase the stamps in philatelic centers or order the stamps through the mail from:

PHILATELIC FULFILLMENT SERVICE CENTER
US POSTAL SERVICE
PO BOX 419636
KANSAS CITY MO 64141-6636

or by calling 1 800 STAMP-24.

How to Order the First Day of Issue Postmark

Customers have 90 days to obtain the first day of issue postmark by mail. They may purchase the new stamps from philatelic centers nationwide or by following the ordering instructions above. Customers should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

JUKE BOX STAMP and/or AUTO TAIL FIN STAMP and/or
AUTOMOBILE STAMP and/or MOUNTAIN STAMP
POSTMASTER
8930 FOUR WINDS DR
SAN ANTONIO TX 78284-9998

Customers are reminded that the postage affixed to any First-Class Mail envelope must equal at least 32 cents, and to any postcard must equal at least 20 cents. At least one of the new stamps must be affixed to an envelope or postcard in order to receive the first day of issue postmark.

After applying the first day of issue postmark, the Postal Service returns the envelopes or postcards through the mail. There is no charge for the postmark. All orders must be postmarked by September 13, 1996.

The Philatelic Fulfillment Service Center also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *Stamps etc.* catalog. Customers may request a free catalog by writing to:

STAMPS ETC CATALOG
US POSTAL SERVICE
PO BOX 57
GRAND RAPIDS MN 55744-0057

or by telephoning 1 800 STAMP-24.

First day covers remain on sale for at least 90 days after the stamp's issuance.

Distribution

All stamp distribution offices (SDOs) and stamp distribution networks (SDNs) will receive small quantities of these coils as an automatic distribution in master cartons of 10 coils. SDOs and SDNs *will not* make subsequent automatic distributions to post offices, using Form 3309, *Advice of Shipment/Stamp Invoice*, and Form 17, *Stamp Requisition*. SDOs and SDNs must not distribute stamps to post offices before June 7, 1996.

Initial Supply

To obtain an initial supply of these coils, all post offices that requisition from SDOs must immediately submit separate Forms 17 to their designated SDO. Post offices that receive stamp stock from SDNs must follow their normal procedures for acquiring supplies of these coils.

Philatelic Requirement

Philatelic centers requiring these 10,000-stamp coils must order them from their designated SDO, using Form 17, or designated SDN, using Form 17-S, *Stamp Distribution Network Stamp Requisition*.

Additional Supply

Each accountable paper depository (APD) and the Kansas City SDN will receive a back-up supply of these coils. SDOs requiring additional coils must order them from the appropriate APD, using a separate Form 17. Post offices requiring additional coils must requisition them from their designated SDO, using a separate Form 17, or designated SDN, using a separate Form 17-S.

New Three-Digit Service Area 341 and ZIP Code Realignments in California, Florida, and Northern Virginia

On July 1, 1996, a wide-ranging series of ZIP Code changes will occur in Orange County, California, Southwest Florida, and Northern Virginia. Activation of ZIP Code span 341 and the realignment of ZIP Code spans 338, 339, and 346 in Southwest Florida will affect approximately 338,000 addresses. In Orange County, California, realignments in ZIP Code spans 926, 927, and 928 will affect approximately 318,000 addresses. Approximately 181,000 addresses will be affected by realigning ZIP Code spans 220, 221, and 201 in Northern Virginia. These realignments will ensure sufficient ZIP Codes to accommodate accelerated population growth, additional distribution facilities, and effective, efficient service to customers in these areas.

Four types of changes will occur as a result of these realignments. First, some ZIP Codes will transfer completely to one or more new ZIP Codes in a new three-digit service area. Secondly, some ZIP Codes will split into two ZIP Codes, but will remain in the same post office. The third type of change involves new ZIP Codes for post office boxes, and the fourth change involves delivery territory being transferred from one post office to another (for example, Irvine to Tustin, California).

Appropriate information regarding the listing of ZIP Codes in Post Office Changes Number 7 (starting below) will be included in all of the June monthly and July quarterly AIS subscription products: ZIP + 4, Z4 Change, ZIP Move, LOT, Carrier Route Information Systems (CRIS), Delivery Statistics, Five-Digit ZIP Code, and City State.

Questions about ordering Address Information Systems products should be addressed to the National Customer Support Center in Memphis, toll-free, at 800-238-3150. Specific questions concerning these realignments should be addressed to the Address Management Systems units listed below:
