261.261 Under most circumstances, these pieces of equipment will have a unique serial number affixed to or engraved in their casing; this number will be used as the accountable number. In the event a piece of equipment does not have such a serial number, local managers may assign/affix a unique number as long as it is permanently assigned to a specific piece of equipment and not duplicated on other pieces of similar equipment.

261.262 Verify the serial number appearing on the piece of equipment with the entry on Form 3867.

Manifest Analysis and Certification (MAC)

The Postal Service has implemented an evaluation program to analyze and certify the accuracy of vendor-supplied manifest mailing software products. Named MAC (Manifest Analysis and Certification), the application and testing procedures for this program were announced in *Postal Bulletin* 21907 (11-23-95).

This voluntary program examines the accuracy of computer software packages used to calculate postage payment for specific class and rate categories according to the standards of the *Domestic Mail Manual* (DMM), the *International Mail Manual* (IMM), and Publication 401, *Guide to the Manifest Mailing System*. MAC also checks the ability of the software to generate acceptable facsimile forms and mailing documentation. This first cycle of MAC testing certified only software that produces domestic and international single-piece rate manifests. Future test cycles will include certification for bulk rate manifest mailings.

This annual certification program assures users of a MAC-certified product that the software, if used properly, has the capability of performing its intended function according to the current mailing standards of the Postal Service. The MAC program tests and certifies manifest mailing software in specific categories or package groups. To be MAC-certified, a vendor must demonstrate, at a minimum, that its product accurately manifests a basic package of specific class and rate categories. Testing of additional optional packages of other rates and special service categories is available for those vendors who desire to offer the user a greater range of manifest capabilities.

The first test and certification cycle of the products submitted by all vendors wishing to be MAC-certified has been completed. The first chart describes the categories and options that were tested. The second chart lists the vendors, the product name and version, and the categories for which they are certified.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the inte-

grated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last issue of each month of the *Postal Bulletin*.

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 660 000 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Pictorial Cancellations Announcement 96-23

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items sub-

mitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

ASM REVISION

Flags at Postal Facilities

Effective immediately, *Administrative Support Manual* (ASM) issue 11, section 47, is revised to reflect changes to the Postal Service's display of flags at postal facilities. These changes clarify when and where flags are displayed, add information on when and what flags are to be flown at half-staff, and reorganize the material into a more logical order.

Administrative Support Manual (ASM)

4 Relations With Other Organizations

* * * * *

47 Flags

471 Flags at Postal Facilities

471.1 Which May Be Displayed

Except as governed by host facilities as noted in 472.21, the only flags to be displayed at postal facilities are the flag of the United States of America; the Postal Service flag; and, when authorized by the senior vice president of Corporate and Legislative Affairs, flags directly related to the programs, missions, and activities of the United States Postal Service. Flags of states, commonwealths, or local governments must not be displayed.

471.2 Relative Placement

471.21 When Displayed on Flagstuffs

Other flags are flown below the U.S. flag if displayed on the same flagstaff and at the same level or lower if displayed on a separate flagstaff. When the U.S. flag is flown at half-staff, all other flags are to be at half-staff also.

471.22 When Displayed on Speaker's Platform

When the United States flag and the Postal Service flag are displayed on a speaker's platform in an auditorium, the United States flag must occupy the position of honor and be placed at the speaker's right as the speaker faces the audience, with the Postal Service flag at the speaker's left.

472 U.S. Flag Display

472.1 Regulations for Proper Display

472.11 Placement

If the flag of the United States is not flown from a vertical flagstaff, the following regulations apply:

- a. When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony, or front of a building, the union of the flag (blue field and stars) must be placed at the peak of the staff unless the flag is at half-staff.
- b. When the flag is suspended over a sidewalk from a rope extending from a building to a pole at the edge of the sidewalk, the flag must be hoisted out, union first, from the building.
- c. When the flag is displayed otherwise than by being flown from a staff, it must be displayed flat, whether indoors or out, or so suspended that its folds fall as free as though the flag were staffed.

472.12 Respect

No disrespect may be shown to the flag of the United States of America. It must never:

- a. Be dipped to any person or thing.
- b. Be displayed with the union down save as a signal of dire distress.
- c. Be used as drapery of any sort whatsoever, never festooned, drawn back, nor up in folds, but always allowed to fall free.
- d. Touch anything beneath it, such as the ground, the floor, water, or merchandise.
- e. Be fastened, displayed, used, or stored in such a manner as will permit it to be easily torn, soiled, or damaged in any way.
- f. Be used as a covering for a ceiling.
- g. Have placed upon it, nor on any part of it, nor attached to it any mark, insignia, letter, word, figure, design, picture, or drawing of any nature.
- h. Be used as a receptacle for receiving, holding, carrying, or delivering anything.

472.13 Raising and Lowering

472.131 Full Staff

As soon after sunrise as practicable, the flag must be hoisted briskly to the peak of the staff. Care must be taken that it not touch the ground. The flag must always be displayed with the union (blue field) at the peak of the staff (unless the flag is at half-staff). No later than sunset the flag must be lowered

ceremoniously and not allowed to touch the ground. It must be folded or rolled carefully and stored where it will not be soiled or otherwise damaged. If the flag is wet when taken down, it must be carefully spread out and allowed to dry thoroughly before being stored.

472.132 Half-Staff

Displaying the flag at *half-staff* means lowering the flag to half the distance between the top and bottom of the staff. The flag must first be hoisted to the peak of the staff and then slowly lowered to half-staff. When the flag is lowered for the day, it must be raised again to the peak and then lowered slowly before being stored for the night. When the flag is displayed at half-staff during a period of mourning, it must be so displayed on all days included in such period.

472.14 Bad Weather

During severe weather when it is probable that the flag will be damaged, it should not be flown.

472.2 Postal Display

472.21 Where Displayed

The flag of the United States must be displayed on stationary flagstaves at all post offices, branches, stations, terminals, garages, and postal facilities, including leased and rented premises. If the post office unit is located in a facility operated by the General Services Administration, that agency's regulations on the display of the flag govern. If the post office unit is located on a military reservation, the military regulations on the display of the flag on the reservation govern.

472.22 When Displayed

When the postmaster, facility head, or other postal employees are on duty in the facility, the flag must be displayed except in severe weather as noted in 472.14. It is raised as soon after sunrise as practicable and lowered at the time of closing or no later than sunset.

472.23 When Displayed at Half-Staff

472.231 Specific Days

When the flag is being displayed, it must be flown at half-staff (see 472.132) on the following dates:

May 15	Peace Officers Memorial Day
Fourth Monday in May	Memorial Day Observed (see note below)
July 27	National Korean War Veterans Armistice Day
December 7	National Pearl Harbor Remembrance Day

Note: On the fourth Monday in May when Memorial Day is observed, the flag must be flown at half-staff from sunrise, or the hour at which it is raised, *until 12 noon*, and then

hoisted to the peak of the staff, where it must be flown until the time of closing or no later than sunset.

472.232 Deaths of Prominent Persons

When the flag is being displayed, it must be flown at half-staff on the death of any person as indicated in Exhibit 472.232 [see page 41 of this *Postal Bulletin*].

472.233 Other Occasions

Other occasions on which the flag may be displayed at half-staff include the following:

- a. On days proclaimed by the president of the United States.
- b. The heads of government departments and agencies may direct that the flag be flown at half-staff on buildings, grounds, etc., under their jurisdiction on occasions other than those specified which they consider proper. The senior vice president of Corporate and Legislative Affairs notifies area, district, and plant managers by either broadcast fax or electronic mail of such an order. They, in turn, notify the heads of all postal facilities reporting to them.
- c. The flag may be displayed at half-staff on days when funerals of returned war dead are being held locally, when the flags on municipal, county, or state buildings and business establishments generally are being displayed in that manner.

472.3 Requests and Questions

Postmasters/installation heads should direct requests to fly the flag at half-staff under conditions not listed in 472.23, or other questions about display or use of the flag, to the managers of Corporate Relations Centers. Questions from Headquarters offices are referred to the Corporate Relations Center representative for their performance cluster.

473 U.S. Flag Maintenance and Supply

473.1 Repairs

Flags that are frayed or torn must be neatly hemmed and continued in use.

473.2 Destruction

When a flag is badly worn and is no longer a fitting emblem for display, it may not be cast aside or used in any way that might be viewed as disrespectful to the national colors, but it must be destroyed as a whole, privately, in a dignified manner and preferably by burning.

473.3 Requisitioning New Flags

Requisitions for new flags must be submitted by field officials to their designated material distribution centers.

474 U.S. Burial Flags

474.1 Policy

474.11 Deceased Veterans

It is provided in 38 U.S.C. 901, as amended by Public Law 89-358, that a flag be furnished to drape the casket of each deceased veteran who:

- a. Was a veteran of any war, of Mexican border service, or of service after January 31, 1955.
- b. Had served at least one enlistment.
- c. Had been honorably discharged or released from the active military, naval, or air service for a disability incurred or aggravated in the line of duty.

474.12 Disposition of Flag

The law further provides that after burial of the veteran, the flag furnished must be given to the next of kin; or, if not claimed by next of kin, to a close friend or associate of the deceased veteran on request.

474.2 Cooperation With VA

474.21 Post Offices as Depositories

Postmasters at CAG A-J offices and at CAG K offices at county seats must cooperate with the Department of Veterans Affairs (VA) when requested to act as depositories for burial flags. On the death of a veteran and in compliance with

rules and regulations issued by the VA, a depository must issue a flag to drape the casket.

474.22 Correspondence

VA supplies burial flags, application forms, and the rules and regulations governing flag issue. Postmasters must address all correspondence about the supply and issuance of the flags to the VA regional offices that use their office as a depository.

475 Postal Service Flag Display

475.1 Authorized Use

The Postal Service flag is authorized for use as follows:

- a. On or in front of Postal Service installations.
- b. At Postal Service ceremonies.
- c. At conferences in which the Postal Service is participating (including display in Postal Service conference rooms).
- d. At governmental or public appearances of Postal Service officers and/or executives.
- e. In the offices of Postal Service officers.
- f. By all Postal Service vice presidents of Area Operations, district managers, and all field units reporting directly to Headquarters.

- g. On the approval of a vice president, when judged to be in the best interest of the Postal Service.
- h. As otherwise authorized by the postmaster general or designee.

475.2 Display Regulations

The Postal Service flag is displayed only in conjunction with the United States flag. The same regulations for proper display of the United States flag described in 471 and 472 must also be followed when displaying the Postal Service flag.

475.3 Requisitioning New Postal Service Flags

Postal Service flags are no longer stocked in the material distribution centers for two reasons: (a) economics, and (b) the need to preserve their unique and distinct nature. Requisitions for new flags must be submitted by field officials through channels to their designated purchasing and materials service centers or area. Authorization for issuance of the new flags is based on the policy in 475.1.

Postal Employees

HANDBOOK F-1 REVISION

Salary Payments and Distributions

Effective immediately, the minimum salary payment made to an employee for salary advances will be one full day's pay. The employee's scheduled workday is considered a full day's pay. A scheduled workday may consist of 2, 4, 6, 8 or more workhours.

The employee is responsible for repaying salary advances immediately upon receipt of the pay adjustment. The employee's paycheck, which includes the pay adjustment, will be retained by either the employee's supervisor, postmaster, or finance unit designated by the District Accounting Office for settlement of repaying the advance.

Employees cannot grieve or request a hearing for repayment of salary or travel advances for the amount the employee has certified that he/she has received as stated on Form 1608, *Emergency Salary Authorization and Receipt*, and Form 1011, *Travel Advance Request and Itinerary Schedule*.

Provided that checks are available at the employee's pay location, an employee not scheduled for duty on payday, or scheduled for leave on payday, is responsible for making arrangements to receive his or her paycheck at the end of the tour on Thursday or according to Handbook F-1, *Post Office Accounting Procedures*, section 852.5 or 853, except when a salary advance settlement is required.

A future edition of Handbook F-1 will include this change.

ALL POST OFFICES WITH RURAL DELIVERY SERVICE

Rural Carrier Guarantee Period

Postal managers must effectively manage rural carriers, who work under the provisions of the Fair Labor Standards Act (FLSA) section 7(b)(2). Those carriers are paid overtime for all hours actually worked in excess of 2,080, up to 2,240, within the 52 consecutive week guarantee period.

If a carrier works more than 2,240 hours within the guarantee period, the agreement under FLSA 7(b)(2) is considered void, and the carrier must be compensated for all hours worked during the guarantee period in accordance with FLSA section 7(a).

Last year's guarantee period was from Saturday, October 28, 1995, through Friday, October 25, 1996. The guarantee period for this year runs from Saturday, October 26, 1996, through Friday, October 24, 1997.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.
