Census Bureau Mailings

The Census Bureau regularly deposits significant amounts of mail with the USPS. In addition to the Decennial Census count, the Census Bureau conducts numerous other statistical studies on an ongoing basis. One example is the upcoming Economic and Agricultural (E&A) Censuses described below.

The USPS and Census Bureau have established the Joint USPS/Census Bureau "Census 2000" Planning Committee. The committee includes representatives from the offices of Address Management, Operations, Logistics, Processing, Delivery, Legislative Affairs, Marketing, and Business Mail Acceptance. The committee will take a number of steps to help improve procedures for the USPS and Census Bureau mailings.

A central reference point at each post office will offer improved management of Census Bureau mail. Each postmaster should therefore create a Census file for his or her office. Please place a copy of this article in this new Census Bureau file. Future *Postal Bulletin* articles, letters, or other information about Census mailings also should be placed in this file. Easy access to information about Census mailings at each post office will help to improve operations for both the USPS and the Census. As we get closer to the Decennial Census, more information about appointing local coordinators for Census 2000 mailings will be provided.

1997 Economic and Agriculture (E&A) Censuses

From November 1997 through November 1998, the Census Bureau and the National Agricultural Statistics Service will conduct the E&A censuses. The total outgoing volume will be over 17 million pieces, consisting of First-Class Mail and Standard Mail (A) letters and flats, mailed at both automation and nonautomation rates. The initial mailings of approximately 1.1 million pieces were mailed from Jeffersonville, Indiana, on November 10, 1997. Approximately 6 million additional pieces will be mailed in mid-

December, and follow-up mailings will occur from January through November 1998. The Census Bureau estimates that 7 million Census questionnaires will be returned using Business Reply Mail permit numbers 12585 and 99108.

Bulk mail centers and sectional center facilities will receive this mail on pallets for processing. Standard Mail (A) for Hawaii and Alaska will be Priority Mail Drop Shipped to those states.

All pieces will have address labels with a "UPC" style bar code above the address, which is used by the Census for processing information. ***Do not obscure or deface this "UPC" style barcode with labels, rubber stamped information, or written information.*** Forwarding and markup units should avoid placing forwarding or return labels over the address labels on any Census mail that is Undeliverable As Addressed (UAA).

Standard Mail (A) pieces are endorsed "Forwarding Service Requested" and "Forwarding and Return Postage Guaranteed." An exception has been granted for use of the second endorsement through October 1998. Post offices must provide the service requested on the endorsements and handle the mail as prescribed by appropriate postal standards (see DMM F030.1.2). Postage and fees for returned Standard Mail (A) pieces and Business Reply Mail pieces will be collected at Jeffersonville, Indiana, through accounting procedures established at that office.

1998 Test Mailing for Census 2000 Program

In 1998, a test mailing for the Census 2000 program will be conducted in two areas of the country. An upcoming *Postal Bulletin* article will describe those test mailings in greater detail.

DMM REVISION

Disaster Field Office Meters

Effective immediately, *Domestic Mail Manual* (DMM) E060.7.1, G043, and P030 Exhibit 4.1 are amended and E060.7.11 is added to introduce a new style of meter indicia for federal government agency disaster field office use. It is a special meter stamp showing "United States Government Emergency Operations" in lieu of the city and state of the mailing post office, and will be available for penalty Computerized Remote Postage Meter Resetting System (CMRS) meters at disaster field offices only. These meters will be known as Disaster Field Office (DFO) meters. They will be licensed through the Washington, DC, main city post office (Washington DC 20066-9998) for use by federal government agencies involved in disaster field office activities.

Government agencies desiring to use DFO meters must submit a written authorization request to the Post Office Accounting Manager, USPS Headquarters, 475 L'Enfant Plaza SW, Room 8831, Washington DC 20260-5241. Included in this request must be the name, office address, and telephone number of the agency headquarters manager responsible for tracking and maintaining these meters, including complying with the necessary examination requirements. Approved government agencies will submit license applications for DFO meters directly through one of the four authorized meter vendors, who will process these requests both through Computerized Meter Licensing System (CMLS) procedures and through the Washington, DC, post office under penalty meter licensing procedures.

DFO meters may be set for any amount deemed necessary by the responsible agency but may *only* be used in times of emergency in government-declared disaster areas. Use in these areas will be limited to such time as is necessary to obtain a regular penalty meter and establish a license for it in the designated disaster field location (up to a maximum of 30 days). However, designated agency staff specialists who are not in a fixed location (e.g., mobile vehicle or temporary office) are permitted the use of these meters through the duration of the emergency operation declaration. Agency personnel using DFO meters must notify local postmasters of this activity immediately upon entering disaster field locations.

This amendment will be included in DMM Issue 54 (scheduled for release July 1, 1998).

7.0 PENALTY METER

7.1 Description
[Amend 7.1 to read as follows:]

Any agency may use postage meters with a special penalty design, following the procedures in P030 as modified in 7.2 through 7.11, *except that* all meters *must* be checked into service through the licensing post office, must *not* be set by another post office, and (unless authorized under P030 by USPS Headquarters) must *not* be shipped directly to agencies from manufacturers' facilities.

* * * * *

[Add new 7.11 to read as follows:]

7.11 Disaster Field Office Meters

Authorized federal government agencies may also use a special penalty version of Computerized Remote Postage Meter Resetting System (CMRS) meters known as Disaster Field Office (DFO) meters. These meters are *only* for temporary use in federal government-declared disaster areas and must be replaced by regular penalty meters within 30 days, except for those used by designated agency staff specialists, not in a fixed location (e.g., mobile vehicle or temporary office), who may use them through the duration of the emergency operation declaration. Written requests for authorization to use DFO meters must be submitted to the Post Office Accounting Manager (see G043) and include the name, office address, and telephone number of an agency headquarters manager responsible for tracking and maintaining these meters, including complying with the necessary examination requirements. License applications for DFO meters will be handled by the meter manufacturers, who will set up the licenses through Computerized Meter Licensing System (CMLS) procedures and through the Washington, DC, post office under normal penalty meter licensing procedures.

[Amend 1.3 by removing "except at Periodicals rates" in the first and second sentences to read as follows:]

1.3 Determining Single-Piece Weight

To determine single-piece weight in any mailing at single-piece rates, in a bulk rate mailing at Parcel Post or Special Standard Mail rates, or in any bulk rate mailing of nonidentical-weight pieces, weigh each piece individually. To determine single-piece weight in any other bulk or presort rate mailing, weigh a sample group of at least 10 randomly selected pieces and divide the total sample weight by the number of pieces in the sample. [Amend 7.3 by removing the word "average" in the first sentence to read as follows:]

7.3 Computing Other Weights

To find the total weight of mailed copies per zone or rate level, multiply the corresponding number of copies by the computed weight per copy. Round off each result to the nearest whole pound, except that when the result is under 0.5 pound, round to 1 pound. To find the weight of the advertising portion for each zone, where applicable, multiply the total weight of copies for that zone by the percentage of advertising. Round off each result to the nearest whole pound, except that when the result is under 0.5 pound, round to 1 pound. To find the weight of the nonadvertising portion, subtract the total weight of the advertising portion to all zones from the total weight of copies to all zones. 1997 IRS Tax Packages

Contract mailers for the Internal Revenue Service (IRS) will begin mailing 1997 tax packages during the week of December 22, 1997. Acceptance offices must verify and accept these mailings, which bear IRS permit imprint number G-48, if they are prepared correctly for Standard Mail (A) bulk rates (carrier route, 3/5, and basic).

Deliver this material upon receipt.

Acceptance Offices

Contract mailers for the IRS will prepare tax packages for mailing at the Standard Mail (A) carrier route presort rates. The packages must meet all preparation and makeup requirements in the *Domestic Mail Manual* (DMM). Offices must verify that tax package mailings are prepared according to the presort requirements for Standard Mail (A). They must weigh and verify mailings unless the Rates and Classification Service Center (RCSC) serving the post office of mailing authorizes an optional procedure for that contract mailer. Supporting paperwork for the optional procedure must be provided at the time of mailing. This verification ensures that the rate and piece counts claimed on the mailing statements are accurate and that the IRS has paid the correct postage. The RCSC must approve each printer's site individually for manifesting.

The following tax packages will be manifested:

1040A-1 & 1040A-2 prepared in Mechanicsburg PA
 1040-2, 1040-3, and 1040-4 prepared in Omaha NE
 1040-5 & 1040-10 prepared in Baltimore MD
 1040-8 & 1040-9 prepared in Nashville TN

Forwarding and Return Instructions

Form 3575, Change of Address Order, on File

Packages marked 1040 and 1040A-2 are endorsed "Forwarding Service Requested."

Note: Tax packages other than those identified as Form 1040 and 1040A-2 will not be endorsed "Forwarding Service Requested" and must not receive forwarding and return service. Treat tax packages that are undeliverable-as-addressed (UAA) and endorsed "Forwarding Service Requested" as specified in DMM F010.4.0 and F010.5.3.

No Form 3575 on File

When a Form 1040 and 1040A-2 tax package endorsed "Forwarding Service Requested" is UAA and a Form 3575 is not on file, return the entire package to the IRS along with the reason for non-delivery.

Delivery personnel must be sure that tax packages declared undeliverable are, in fact, undeliverable, especially packages endorsed as "No Such Number" or "Insufficient Address."

Note: Return only UAA tax packages identified as Form 1040 and 1040A-2 to the IRS. No other tax packages are to be returned. Do not treat any Form 1040 or 1040A-2 UAA tax package as waste under any circumstances. Return undeliv-

erable as addressed tax packages identified as Form 1040 and 1040A-2 to the following address:

INTERNAL REVENUE SERVICE
PHILADELPHIA SERVICE CENTER
11603 ROOSEVELT BLVD
PHILADELPHIA PA 19161

Note: Tax packages other than those identified as Form 1040 or 1040A-2 will not be endorsed "Forwarding Service Requested" and must not receive forwarding or return service. They must be treated as waste. These packages contain the taxpayer's social security number, so care should be taken in the disposal process to minimize privacy concerns.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the inte-

grated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month.

NEW REPORTING PERIOD

Freedom of Information Act Report for Reporting Period 1997

Each year the Postal Service must report to Congress its activities with regard to Freedom of Information Act (FOIA) requests for information. In prior years, the FOIA report was prepared on a **calendar** year basis. Pursuant to the Electronic Freedom of Information Act Amendments of 1996, the FOIA reporting period has changed from calendar year to **fiscal** year, effective October 1, 1997.

For the period January through September 1997, records custodians **must** comply with the specific reporting requirements discussed below. A future *Postal Bulletin* article will give instructions on FOIA reporting beginning with government fiscal year 1998.

For this 9-month reporting period:

1. Negative reports are required.
2. Reports must be sent to the appropriate records office coordinator, not to Records at Headquarters.

Do not confuse this FOIA reporting requirement with the Privacy Act reporting requirement published in *Postal Bulletin* 21940 (2-27-97), "Privacy Act Report for CY 1996." A future *Postal Bulletin* article will require Privacy Act reporting for calendar year 1997.

Who Must Submit a Report?

All records custodians must submit a report for **January through September 1997**, even if the report is negative; that is, even if no FOIA requests were received or if any requests received were granted in full.

A records custodian is the head of a postal facility such as an area, district, post office, or other postal installation that maintains Postal Service records and information.

Vice presidents are the custodians of records and information maintained at Headquarters. (Headquarters field units should submit reports through their Headquarters offices.) Senior medical personnel are the custodians of restricted medical records maintained within postal facilities. The custodian of employee assistance program (EAP) records is either the USPS counselor, contractor, or Public Health Service, whoever provided the services. The EAP coordinator is the custodian of records prior to March 1993.

How to Submit Reports

Records custodians must submit a report on or before **February 9, 1998**, clearly marked "Freedom of Information Act Report for 1997 Reporting Period," to their records office coordinator as shown below. A records office coordinator is located in the Finance office of each district and area Customer Service office. See *Administrative Support Manual* (ASM) 351.134. Use the following table as a guide:

Records Custodians	Send Reports To
Area offices	Records office coordinator in the area office.
Processing and distribution plant offices	Records office coordinator in the performance cluster.
Customer Service and Sales District offices	Records office coordinator in the performance cluster.
Postmasters	Records office coordinator in the performance cluster.
Headquarters field units	Headquarters (parent office).

How to Format Reports

Each records custodian must submit a report to his or her records office coordinator even if it is negative. If no FOIA requests were received or if requests received were granted in full, a records custodian report should just indicate "negative." If a records custodian has declined to release information requested in writing citing the FOIA, the report must contain the following information (see sample report on page 22):

1. Reason for denial, referencing a specific section(s) of the regulations in ASM 352.42–352.47.
2. Name and title or position of the USPS records custodian responsible for the denial.
3. Number of determinations not to comply with FOIA requests that were made during reporting year 1997 (January 1, 1997, through September 30, 1997).

Note: Do not include denials of requests for change-of-address information.

New Form 1412 and Banking Tolerance Level

Effective with AP 4-98, the tolerance level for adjusting Form 1412, *Daily Financial Report*, and banking errors is increased to \$25. District accounting offices (DAOs) may use a \$25 tolerance level for adjusting Form 1412 and banking errors for stations, branches, standard field accounting procedures (SFAP) offices, contract stations, and banking errors for non-zero banking offices reporting to the district accounting office. This change does not apply to statement of account post offices.

The current procedures as outlined in Handbook F-1, *Post Office Accounting Procedures*, Chapter 5, are revised to allow district accounting offices to offset Form 1412 shortages and overages of \$25 or less directly to AICs 306 or 406. This applies to shortages and overages discovered on Form 1412 at the district accounting office.

Note: This does not apply to banking overages and shortages. Banking overages and shortages must be entered to trust or suspense prior to offsetting to AICs 306 or 406.

Listed below is an example of a Form 1412 shortage written off directly to AIC 406 at the DAO.

Example: The DAO discovers a \$10 shortage on Form 1412 submitted by the retail unit. The DAO can balance Form 1412 by offsetting directly to AIC 406. The DAO will not enter the shortage to suspense; however, it will be written off directly to AIC 406.

District accounting offices may clear Form 1412 shortages or overages with an offset to AICs 306 or 406. This applies to shortages and overages that are entered to Form 1412 at the retail unit.

Example: The retail unit submits Form 1412 to the DAO with an entry to AIC 061, Miscellaneous Trust. The DAO will withdraw the funds from trust using AIC 461 and offset to AIC 306.

This change will be monitored by Headquarters for a year. If shortages become substantially more than overages, the tolerance amount will be decreased.

511.3 Collections Awaiting Claim

[Delete the second paragraph in section 511.3 and add two new paragraphs as follows:]

District accounting offices may offset Form 1412 overages of \$25 and less directly to AIC 306, Unidentified Difference Over. This applies to overages discovered on Form 1412 at the DAO. These overages are not entered to trust. They are written off directly to AIC 306 at the DAO.

District accounting offices may clear Form 1412 overages of \$25 and less with an offset to AIC 306. This applies to overages entered to Form 1412 at the retail unit. These adjustments are entered to trust by the retail unit. They are cleared from trust by the DAO and offset to AIC 306.

Federal Government Agency Penalty Mail Authorization Codes

This is an updated listing of Federal Government Agency Authorization Codes. It replaces the list published in *Postal Bulletin* 21918 (4-25-96). Since this listing no longer appears in the *Domestic Mail Manual* (DMM), employees handling penalty mail (window clerks, mailing requirements personnel, OMAS coordinators, etc.) should retain this exhibit.

Explanation of Table

Agency Code. A 3-digit code identifying each federal agency that is authorized to participate in the Official Mail Accounting System (OMAS). Only authorized agencies may send mail without prepayment of postage. Component units of an agency share the agency code assigned to their parent agency.

Permit Imprint Numbers. Penalty permit imprint number(s) assigned to agency.

BRM Permit Numbers. Penalty business reply mail permit number(s) assigned to agency.

MRS Permit Number. Penalty merchandise return service permit number assigned to agency.

Express Mail Number. Only those agencies having their agency code listed in this column may use the "Federal Agency Account No." block on Express Mail labels. All other agencies require postage on their Express Mail packages.

NA = Agencies electing to prepay postage for all their mail. These agencies are not authorized to use any form of penalty mail except under DMM E060.5.7.

* = Agency has been terminated.

Bold Type = Newly established agency or recent change to agency status.

To be admissible in the international mails, IBRS envelopes and cards must conform to the size, weight, and format requirements that are specified in 393.5 and 393.6, respectively. Qualifying mailpieces receive airmail treatment upon being returned by the foreign postal administrations to United States addressees. See 393.4 for the standard IBRS fees that apply to each envelope or card that is returned to the holder of a business reply mail (BRM) permit. **Note:** Domestic business reply items are *not* mailable outside the United States. 1998 Requisition Schedule: Postage Stamps and Postal Cards

All authorized CAG A–G post offices submitting requisitions to the Bureau of Engraving and Printing (BEP) for postage stamps and to the Government Printing Office (GPO) for postal cards should refer to the 1998 requisition schedule shown below.

Submit Form 3356, *Stamp Requisition — Bulk Quantities*, to the BEP (order only those postage stamps manufactured by the BEP on Form 3356). Submit Form 3216, *Requisition for Postal Cards — Bulk Quantities*, to the GPO.

Offices should mail requisitions to the BEP in preaddressed Envelope EP-10A, and requisitions to the GPO in preaddressed Envelope EP-10C. These envelopes can be obtained from the material distribution centers (see Publication 247, *Supply and Equipment Catalog*, for specific ordering instructions).

Requisitions for postage stamps and for postal cards must be mailed at least one week before the date assigned on the schedule. Shipments will begin approximately 7 to 10 days after that date. Strict compliance with this schedule equalizes the workload for expediting shipments.

Requisitions to the BEP that are received after their assigned date are processed and shipped as time permits, but

no later than the next designated ordering cycle. Requisitions to the GPO that are received after their assigned date are deferred until the next designated ordering cycle.

This schedule does not apply to emergency orders or to orders for precancelled stamps. Precancelled stamp orders and *properly identified and documented* emergency orders are processed immediately upon receipt. Nevertheless, expect a 7- to 10-day wait from the date of submission until stock is received. Identify emergency orders by enclosing a memorandum with the requisition. The memorandum must list the reason for out-of-schedule ordering, and include the requisition number, item number, manager’s signature and city, state and ZIP Code. Normal processing procedures will be followed unless the described memorandum is enclosed. Processing orders out of schedule increases shipping and handling costs; consequently, this practice must be avoided when possible.

Complete instructions for ordering stock in bulk quantities may be found in the November 1996 edition of the Handbook F-1, *Post Office Accounting Procedures*, section 423.4.

Note: BEP will be closed for Christmas from December 25, 1998, through January 1, 1999.

School Program Materials Distributed This Month as Part of Celebrate the Century™ Stamp Program

This month the Postal Service will mail educational materials to thousands of teachers nationwide as part of the Celebrate the Century™ (CTC) stamp program. CTC will let Americans select stamp subjects honoring significant people, events, and trends of the 20th century.

Over the next 3 years, the Postal Service will issue special commemorative stamps honoring the first half of the century, while the American public will be voting on stamp subjects for the latter part of the century. Approximately every 3 months between February 1998 and the year 2000, the Postal Service will issue a sheet of 15 commemorative stamps heralding the most significant events of each decade of the 20th century. Ballots for each decade beginning with the 1950s will be made available to the public at post offices and special promotional events, and in selected magazines and schools nationwide.

Education is the cornerstone of CTC, which is designed both to celebrate and educate. That is why CTC includes a special school program. Stamps are a great way to teach history and to help young Americans learn about and remember notable events and people of the past century. And postal employees can help teach young Americans — their own children or entire classes — about our nation's history by participating in CTC.

Extensive research conducted for CTC showed that the American public views CTC as a way to make history relevant and captivating for today's youth — a way to bring history to life. That is why, for the first time, children will be allowed to vote along with adults in an official national vote. The education program's objective is to reach 95 percent of all classrooms (grades 3–6) by providing teachers, educators, and libraries with information through several mediums.

The CTC education series will be implemented using three basic components:

- Captivating school materials
- Computer activities and links to Web sites
- Support from the education community, including associations and their members.

Curriculum Kits Now Available

Teachers across the country will receive free CTC kits with activities, ranging from easy-to-execute lessons that can be taught in an hour to full curriculum lesson plans about each decade. Children will learn about each of the decades in school and receive a ballot they can fill out there and take home and share with their family.

The kits will be delivered in December 1997. Contents will include a teacher's guide, student magazines, interactive classroom and computer activities, and official ballots. Later on, teachers will receive special decade supplements for the 1960s through the 1990s one month prior to the nationwide balloting period.

To receive the education series, teachers may call toll free 800-450-INFO, or write to:

Online Services

With the increasing popularity of the Internet as a teaching aid, the Postal Service has made sure there will be abundant information available online. Early in 1998, educational materials on CTC can be obtained as follows:

- Computer activities and links to Web sites.
- CTC lesson plans on the Encarta Schoolhouse Web site (encarta.msn.com/house).
- Information, games, and activities for teachers, kids, and parents on the Postal Service's Web site (www.usps.com).

Pictorial Cancellations Announcement 97-25

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items sub-

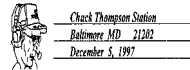

mitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Postal Employees

Form W-5 Renewal

Form W-5, *Earned Income Credit Advance Payment Certificate*, which is furnished by employers to their employees to receive advance payment of the earned income credit, must be renewed for 1998. The certificate currently in effect expires December 31, 1997, and must be renewed by submitting Form W-5 to your personnel office as soon as possible. Pursuant to IRS regulations, the information on the form will be effective the pay period after receipt.

Reminder: Personnel offices are reminded that Internal Revenue Service regulations require an employer to submit copies of all Forms W-5 received from employees. Person-

nel offices should mail one copy of the Form W-5 in a separate envelope marked "PROCESSED W-5 FOR IRS" in the lower left-hand corner of the envelope to:

MINNEAPOLIS ACCOUNTING SERVICE CENTER
US POSTAL SERVICE

FT SNELLING MN 55111-9611

The Minneapolis Information Service Center will subsequently forward those forms to the IRS.

Federal Tax Withholding Exemption

Internal Revenue Service (IRS) regulations permit employees who anticipate no federal tax liability for 1998 to claim total exemption from federal tax withholding provided they owe no federal income tax for 1997. To renew the exempt status or to claim allowances consistent with the expected tax liability for 1998, employees must submit a new Form W-4 for 1998.

If the employee does not submit a new Form W-4 (claiming exempt status), the status automatically converts to taxable status effective Pay Period 04-98. Federal tax in this instance is withheld at the rate applicable to a single employee with no dependent allowances. Employees with a current exempt status (as of PP 26-97) will receive messages on their earnings statement for PPs 03-98 and 04-98 telling them a new Form W-4 is required.

Both first-time exemptions and renewals of Form W-4 for 1998 are processed when employees submit Forms W-4. Submit your Form W-4 as soon as possible to avoid processing delays.

Reminder: Personnel offices are reminded that Internal Revenue Service regulations require an employer to submit copies of all Form W-4s received from employees, where the employee claims 11 or more withholding allowances or claim to be exempt from withholding. Personnel offices should mail one copy of the Form W-4 in a separate envelope marked "PROCESSED W-4 FOR IRS" in the lower left-hand corner of the envelope to:

MINNEAPOLIS ACCOUNTING SERVICE CENTER

FT SNELLING MN 55111-9611

The Minneapolis Information Service Center will subsequently forward those forms to the IRS.

For 1998, the maximum limit on earnings for withholding in the Old-Age, Survivors, and Disability (OASDI) portion of the Social Security tax increases from \$65,400 to \$68,400. The Social Security tax rate remains at 6.2%, resulting in a maximum Social Security tax of \$4,240.80. There is no limit on the amount of earnings subject to the Medicare portion of the tax. The Medicare tax rate, which applies to all taxable wages, continues at 1.45%.

Information in the table below is effective January 1, 1998.

	From 1997	To 1998
Social Security Gross Limit	\$65,400.00	\$68,400.00

Federal Income Tax Withholding

Effective pay period (PP) 01-98, payroll checks reflect changes in federal tax withholding, and the exemption value increases for each allowance from \$101.92 to \$103.85.

The following tables are based on a biweekly payroll period:

Federal Income Tax Withholding Table*

Wages (minus withholding allowances, FSA contributions, TSP contributions and FEHB contributions)		Income Tax Rates	
Single Person (including head of household)			
Not over \$102		0	
Over. . .	But not over. . .		of excess over

\$10,879		\$3,225.85 plus 39.6%	\$10,879

*Based on a biweekly payroll period.

Flexible Spending Account (FSA) contributions, Thrift Savings Plan (TSP) contributions, and Federal Employees Health Benefits (FEHB) employee contributions are treated as pretax monies (unless a waiver has been submitted). When calculating taxes, remember to first subtract these contribution amounts from your gross earnings.

To determine the amount of withholding, follow the steps listed below:

1. Determine normal biweekly gross wages from earnings statement.
2. Determine normal biweekly Thrift Savings Plan (TSP) contributions from earnings statement.
3. Determine normal biweekly Flexible Spending Account (FSA) contributions from earnings statement. Add both Flexible Spending Account Dependent Child (FSADC) and Flexible Spending Account Health Care (FSAHC), if applicable.
4. Determine normal biweekly pretax health benefit (FEHB) employee contributions from earnings statement (shown as HP on earning statement).
5. Multiply the number of exemptions claimed by the new biweekly exemption value of \$103.85 (withholding allowance). The federal tax line on the earnings statement shows the number of exemptions claimed (i.e., S1 = single with one exemption, M3 = married with three exemptions).
6. Subtract the amounts in step 2 (TSP), step 3 (FSA), step 4 (FEHB), and step 5 (exemptions) from step 1 (gross biweekly wages). This is the amount of wages that is subject to withholding.

Determine where this amount falls in the Federal Income Tax withholding table in the "Over, But not over" range and follow instructions listed in the table.

Listed below is an example of how to compute federal income taxes for a FERS employee who claims three exemptions, has TSP contributions, FSA contributions and FEHB contributions and refers to the Federal Income Tax Withholding Table.

Example

A FERS employee with a 10 percent TSP contribution is paid \$2850.50 gross biweekly wages. The employee contributes \$25.00 per pay period to FSADC and \$50.00 per pay period to FSAHC. He or she also contributes \$45.13 for health benefit (FEHB) premiums. The employee claims three exemptions, and the earnings statement shows M3 (married, 3 exemptions) on the federal tax line. Using the Federal Income Tax Withholding Table, he or she can verify the amount withheld for federal tax as follows:

1	Total biweekly gross wages		\$2,850.50
2	Amount of TSP contributions		285.05
3	Add amount of FSADC	25.00	
	Add amount of FSAHC	<u>50.00</u>	
	Total amount FSA contributions		75.00
4	FEHB employee contributions		45.13
5	Exemptions (3 x \$103.85)		311.55

Computation is as follows:

Biweekly Gross Wages	\$2,850.50
Minus TSP contributions	- 285.05
Minus FSA contributions	- 75.00
Minus FEHB employee contributions	- 45.13
Minus exemptions	- 311.55
Amount of wages subject to withholding	\$2,133.77

To complete the computation, refer to the married section of the Federal Income Tax Table. The amount of wages subject to withholding, \$2,133.77, falls within the "over \$1,798 but not over 3,760" range.

Final computation is as follows:

Amount subject to withholding	\$2,133.77
Subtract \$1,798.00 from \$2,133.77	335.77
Multiply \$335.77 times 28% (.28)	94.02
Add from the table	232.50
Total federal income tax* that should be withheld from each biweekly payroll check is	\$326.52

*Rounding may vary this total by a few cents.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.
