MESSAGE FROM THE POSTMASTER GENERAL

Combined Federal Campaign

Congratulations!

Last year, you and your co-workers gave a total of more than \$34 million to thousands of local, national, and international charities through the Combined Federal Campaign (CFC). That is outstanding! I want to thank all of you who participated — your support has helped those in need not only across our nation, but around our world.

Once again, your generous support will help the CFC to provide assistance to millions of people worldwide. From now until December 15, you can show your compassion and concern by using a simple but powerful tool for giving — the CFC. Your contributions make an important difference in the lives of those in need, and the fruits of your giving make for a happier and more productive world for us all.

So let us give CFC our full support again this year. Contact your CFC Coordinator to learn more about payroll deduction, the participating organizations, and how to sign up for the campaign.

Thank you in advance for your generosity. And remember, "It All Comes Back to You!"

Administrative Services

Dear postmasters:

On Sunday, November 15, the U.S. Postal Service is joining thousands of other recyclers across the country in celebrating the second annual America Recycles Day. Through this event, the Postal Service is hoping to raise consumer awareness of all aspects of recycling, from collection, to processing, to completing the recycling loop through the purchase of products and packaging made from recycled content. Last year, postmasters across the nation helped organize events for this special day, and I know the Postal Service can count on you to do your part again this year.

As postmasters, you are in a unique position to reach out both to your employees and to the community to encourage them to increase their recycling efforts, and to let them know that recycling doesn't end when they drop off trash at the recycling center or place a bin at the curb. They also need to buy recycled to help increase the demand for these products. The theme of this year's America Recycles Day, "If You're Not Buying Recycled, You're Not Really Recycling," emphasizes the importance of purchasing products made from recycled materials.

I encourage you to participate in celebrating this year's America Recycles Day. Use the information in this kit to help you with ideas on how to promote recycling and buying products with recycled content. The kit contains ideas for special events, ways to recycle, tips for working with the media, sample stand-up talks for your employees, original artwork for America Recycles Day, and other information that will help you to promote this important event in your community.

The Postal Service is committed to providing its employees and customers with a safe and healthy environment. Recycling is not only the right thing to do, but it is also good business. The Postal Service is one of the largest recyclers in the nation, with more than 20,000 recycling stations, and we buy more than \$160 million in recycled-content products every year.

I urge you to continue this proud tradition of preserving and protecting the environment by celebrating America Recycles Day and pledging to keep recycling working in your post office and your community.

Thank you,

AMERICA RECYCLES DAY

The second annual America Recycles Day will be held Sunday, November 15, with the theme “If You’re Not Buying Recycled, You’re Not Really Recycling.” America Recycles Day is a spin-off of Texas Recycles Day, a statewide public awareness event sponsored by Clean Texas 2000, first launched in 1994.

More than 3,000 events were held nationwide during last year’s America Recycles Day, and more than 750,000 Americans submitted pledges to recycle and buy recycled products.

This year, more than 5,000 local recycling and buy-recycled showcase events in 45 states are expected to be organized all across the country. Co-chairs of 1998’s event are Fran McPoland, the Federal Environmental Executive, and Dr. Will Ferretti, Executive Director of the National Recycling Coalition.

The Postal Service is on the organizing National Executive Committee for the event, along with the Environmental Defense Fund, the National Recycling Coalition, the Office of the Federal Environmental Executive, the 100 percent Recycled Paperboard Alliance, the Steel Recycling Institute, the U. S. Conference of Mayors, the Solid Waste Association of North America, the Environmental Protection Agency, and others.

This year’s America Recycles Day theme, “If You’re Not Buying Recycled, You’re Not Really Recycling,” is based on the goal of America Recycles Day, which is to increase the purchase

of recycled-content products and recycling throughout America.

An American Green Dream House, valued at more than \$200,000 and built primarily with recycled-content and energy-efficient products, will be the Grand Prize in a national random drawing from entries submitted by individuals who voluntarily pledge to recycle and buy recycled products. The winner will be chosen December 15 from a random drawing of entries. This year, Postal Service employees are eligible to enter the contest.

Pledges may be made by writing to America Recycles, P.O. Box 10807, Chantilly, VA 20153-0807 or by visiting the America Recycles Day website at <http://www.americarecyclesday.org>.

WHY WE SHOULD RECYCLE AND BUY RECYCLED PRODUCTS

Here are five important reasons why we should recycle and buy recycled products:

- Save natural resources — by making products from recycled materials instead of virgin materials, we conserve land and reduce the need to drill for oil and dig for minerals.
- Save energy — it usually takes less energy to make recycled products; for example, it takes 95 percent less energy to make recycled aluminum than new aluminum from bauxite ore.
- Save clean air and water — in most cases, making products from recycled materials creates less air and water pollution.
- Save landfill space — when the materials that you recycle go into new products, they don’t go into landfills or incinerators.
- Create jobs and save money — the recycling process creates far more jobs than landfills or incinerators, and recycling can frequently be the least expensive waste management method for cities and towns.

QUESTIONS AND ANSWERS

Q: What is America Recycles Day?

A: It is a day set aside to build consumer demand for recycled products and educate Americans about the environmental and economic benefits of recycling and buying recycled-content products. This year's event will be held Sunday, November 15, when more than 5,000 local recycling and buy-recycled showcase events in 45 states are expected to be organized all across the country. Co-chairs of 1998's event are Fran McPoland, the Federal Environmental Executive, and Dr. Will Ferretti, Executive Director of the National Recycling Coalition.

Q: Where did the idea for this day come from?

A: Last year was the first national America Recycles Day, during which more than 3,000 events were held nationwide, and more than 750,000 Americans submitted pledges to recycle and buy recycled products.

Q: What is the theme of America Recycles Day?

A: The theme this year is "If You're Not Buying Recycled, You're Not Really Recycling," based on the goal of America Recycles Day, which is to increase the purchase of recycled-content products and recycling throughout America.

Q: Why is it important to buy recycled products?

A: Buying products with recycled content creates a greater demand for the products, and a greater demand means that manufacturers will expand the use of recycled material. Most Americans help the recycling effort by putting materials in their recycling bin, but many people don't realize that another important

step to keep recycling working is to "Buy Recycled" or "Close the Loop" by purchasing products made from recycled-content materials.

Q: What do the three chasing arrows on the recycling symbol mean?

A: Each arrow represents one step in the three-step process that completes the recycling loop:

- The first step is collection. This is when you put your recyclable materials into your curbside recycling bin or take them to a drop-off center.
- The manufacturing process is the second arrow. This is where recyclable materials are converted into new products.
- The third step is when the consumer purchases products made with recycled content, thus increasing the demand for recycled materials.

Q: How do people find and recognize recycled-content products?

A: Four materials always have a significant amount of recycled content even if they are not labeled recycled:

- Things made out of steel, including food cans, cars, appliances, and nails.
- Aluminum, including beverage cans.
- Glass bottles and jars.
- Molded pulp containers, including egg cartons, fruit trays, and flower boxes.

Read labels carefully to see if the product has recycled content. A recycling symbol does not necessarily mean that a product is made with recycled content or can be recycled. Look for preconsumer content or postconsumer content when looking for recycled products.

Q: Why is the Postal Service involved in America Recycles Day?

A: The Postal Service is one of the nation's leading recyclers, with more than 20,000 recycling locations, and is committed to promoting recycling both at home and on the job. The Postal Service is committed to providing our employees and customers with a safe and healthy environment. Recycling is both the right thing to do, and also good business.

Q: Who else besides the Postal Service is sponsoring this event?

A: The Postal Service is partnering with the Steel Recycling Institute, the Environmental Protection Agency, the Office of the Federal Environmental Executive, the U. S. Conference of Mayors, the National Recycling Coalition, the Environmental Defense Fund, and others.

Q: What other ways is the Postal Service involved in recycling?

A: The Postal Service buys about \$160 million worth of recycled-content products every year. We are also involved in developing creative ways to recycle undeliverable mail, mail that has been read and discarded by the customer, and nonforwardable mail. The Postal Service is involved in a project in Texas to convert recycled mail into rich compost soil, and in Alabama, we are testing a project to use recycled mail to make pencils. Last year, the Postal Service saw a 60 percent increase in revenues from recycling.

Q: What can average consumers do to help make America Recycles Day a success?

A: Buy recycled content products at home and on the job; reduce their consumption of goods, and reuse and recycle what they do consume; ask store owners to stock more recyclable products; start a compost pile of their own; leave grass clippings on the lawn instead of dumping them in the trash; recycle motor oil; and help educate their children to recycle.

Q: What is this contest about winning a house?

A: An American Green Dream House, valued at more than \$200,000 and built primarily with recycled-content and energy-efficient products, will be the Grand Prize in a national random drawing from entries submitted by individuals who voluntarily pledge to recycle and buy recycled products. The winner will be chosen December 15 from a random drawing of entries.

Q: Who can enter this contest?

A: By making a pledge, Americans 18 and over, including postal employees, become eligible to win the "American Green Dream House." Pledge cards are available from America Recycles Day, P. O. Box 10807, Chantilly, VA 20153-0807, or via the Internet at <http://www.americarecyclesday.org>.

TIPS FOR WORKING THE MEDIA

Publicizing your area's America Recycles Day activities through the local and regional press is one of your most powerful tools for communicating the "If You're Not Buying Recycled, You're Not Really Recycling" message. When contacting the media about America Recycles Day, be prepared with all the information necessary about the day's events to convey a clear message. If you are knowledgeable and refer to your local events, you will reinforce that the day is an effort with local roots, something in which the community has an important stake. Remember also to get the message across to the media about the significant contributions the Postal Service has made to protecting and preserving the environment.

Here are a few tips to help you encourage the media to cover your events:

- Develop a local media list, including contact names and phone and fax numbers.
- Present a few key messages that relate to your event and add one or two local messages.
- Send a letter to your local reporters for newspapers, radio, television, and cable stations encouraging them to do editorials about the importance of recycling.
- Issue a press release (sample included next page) right before the event.
- Ask local VIPs for their support. Urge them to write the media or place their signatures on your letters and press releases.
- Promote the contest to win the \$200,000 house and encourage pledging.
- Run public service announcements on radio and television and include information about local community recycling efforts.
- Appear on local TV and radio talk shows to talk about your events.
- Be prepared with current recycling statistics and goals for America Recycles Day.
- Get your mayor to issue a proclamation declaring recognition of America Recycles Day (sample included next page).

TEN GREAT WAYS TO CELEBRATE AMERICA RECYCLES DAY

1. Commit to "Buy Recycled" at home and encourage the use of recycled-content products at your office.
2. Organize a display of recycled-content products at your church, office, school, or retail shopping center.
3. Ask local retailers to stock more products made from recycled materials.
4. Look for "safe bets" that always have recycled content: steel, aluminum, glass, and molded pulp containers.
5. Purchase remanufactured products and equipment like toner cartridges, office furniture, auto parts, re-refined oil, or retreaded tires.
6. Teach children why "if you're not buying recycled, you're not really recycling." Maybe organize a tour of a local facility that manufactures recycled-content products.
7. Purchase products you can recycle in your community.
8. If one of your favorite products does not have recycled content, call or write the manufacturer and ask them to change it.
9. Read product labels and look for recycled content, especially postconsumer content.
10. Act by buying a recycled product today!

SAMPLE PRESS RELEASE

**(LOCAL OFFICE) CELEBRATES AMERICA RECYCLES DAY
"IF YOU'RE NOT BUYING RECYCLED, YOU'RE NOT REALLY RECYCLING"**

On Sunday, November 15, the U.S. Postal Service is joining thousands of other recyclers across the country in celebrating the second annual America Recycles Day. Through this event, the Postal Service is helping to raise consumer awareness of all aspects of recycling, from collection, to processing, to completing the recycling loop through the purchase of products and packaging made from recycled content.

Each year, Americans generate more than 208 million tons of municipal solid waste. That's more than 4.3 pounds per person per day. Even though the nation has reached an overall recycling rate of more than 27 percent, much more can be done, especially by purchasing products made with recycled content.

(Mention special local events here.)

"Besides saving landfill space, natural resources, and disposal costs, recycling creates jobs and saves valuable resources," said Postmaster (fill in name). "However, recycling doesn't end when you drop off a bag at the recycling center or place a bin at the curb. As our theme for this year's America Recycles Day says, 'If you're not buying recycled, you're not really recycling.' We all need to purchase products made from recycled materials to help increase the demand for these products."

The Postal Service, along with its partners the Environmental Protection Agency, the Office of the Federal Environmental Executive, the Environmental Defense Fund, the Steel Recycling Institute, the National Recycling Coalition, and others, is asking employees and members of the community to join in supporting America Recycles Day by simply pledging to step up their efforts to recycle and buy recycled products.

By making a pledge, Americans 18 and over will become eligible to win the "American Green Dream House" in a random drawing. Pledge cards are available through (your name/office), by writing America Recycles Day, P.O. Box 10807, Chantilly, VA 20153-0807, or via the Internet at <http://www.americarecyclesday.org>.

Let's all pledge to keep recycling working.

AMERICA RECYCLES DAY

"If you're not buying recycled, you're not really recycling" is the theme of the second annual America Recycles Day, being celebrated across the nation on Sunday, November 15. America Recycles Day has a goal of building consumer demand for recycled products and educating all Americans about the environmental and economic benefits of buying recycled products.

The Postal Service is a national leader in the protection and preservation of the national environment and is one of the largest recyclers in the nation. I urge all of you to help the Postal Service in our environmental efforts by participating in this event. Talk to your family members, co-workers, and friends about the advantages of recycling and buying recycled products. Tell them:

- Thousands of recycled-content products are available to consumers.
- The United States generates 4.3 pounds of solid waste per person per day.
- In 1996, 42.3 million tons of paper were recycled in America. This is material that would have gone into landfills.
- Recycling one glass bottle saves enough electricity to light a 100-watt bulb for 4 hours.
- Motor oil can be recycled, re-refined, and used again, reducing our reliance on imported oil — so recycle your motor oil.
- By making products from recycled materials, we conserve land and reduce the need to drill for oil and dig for minerals.
- It usually takes less energy to make recycled products. Using recycled aluminum, for example, takes 95 percent less energy than creating new aluminum.
- The recycling process creates more jobs rather than more landfills or incinerators.

AMERICA RECYCLES DAY — RECYCLE AND BUY RECYCLED PRODUCTS

America is celebrating its second annual America Recycles Day on Sunday, November 15. This day is to remind everyone to recycle to help save the environment. However, it also has a second important message for all of us.

I'm sure most of you do your part to help America's recycling efforts by putting materials in recycling bins, participating in curbside recycling, or dropping recyclables off at a recycling center. But many of you might not realize that another important step to keep recycling working is to buy products made from recycled content materials. By purchasing recycled content products, you are doing your part to help maintain a market demand for recyclables.

If more people purchase more products with recycled content, manufacturers will continue to use it in their products and will expand usage to even more products. So look for products with the three-arrows symbol and read the information on the label to be sure that what you are buying contains recycled content.

The Postal Service is committed to purchasing recycled-content products — last year, we purchased more than \$160 million worth of such products. And we are also creating some unusual products out of recycled mail. In a pilot program in Texas, we made rich compost soil out of undeliverable mail, mail that has been read and discarded by customers, and mail that is nonforwardable. In another program in Alabama, we are making pencils out of recycled mail.

So join the Postal Service in recycling and buying products with recycled content. Remember, "If you're not buying recycled, you're not really recycling."

HELPING CELEBRATE AMERICA RECYCLES DAY

America is celebrating its second annual America Recycles Day on Sunday, November 15, and it needs your help to make it a success. You might think that one person can't make a difference in the environment, or that setting aside one day isn't enough. But setting aside a special day for recycling creates public awareness of the importance of recycling, and you can make a difference when you join together with millions of other people in recycling and buying recycled products.

Some important ways you can encourage recycling include:

- Think before you buy, and reduce, reuse, and recycle.
- Commit yourself to buying recycled content products at home and at work.
- Start a paper recycling program in your office, school, or community.
- Tell your local stores that you want them to stock more products made from recycled materials.
- Encourage the use of recycled-content products in your business.
- Leave glass clippings on the lawn as a fertilizer.
- Start your own compost pile with yard trimmings and food scraps.
- Recycle your used motor oil and oil filters at an approved collection center and buy re-refined oil for your next oil change. Oil never wears out.

HOW TO FIND RECYCLED PRODUCTS

Look for one of these two definitions when looking for recycled products:

- Preconsumer content refers to material such as factory trimmings, damaged or obsolete products, and overruns generated by manufacturers. These materials have been recycled for decades.
- Postconsumer content refers to material that has served its intended use and has been recycled by a consumer or business. By looking for the highest postconsumer content you can find, you help build demand for material collected in community recycling programs.

BRIGHT IDEAS FOR AMERICA RECYCLES DAY

- Print America Recycles Day recycling pledge cards and make them available to all employees.
- Print posters or banners about America Recycles Day.
- Start or announce a new or enhanced recycling program.
- Collect and clean out old files and recycle them.
- If your post office does not have a recycle bin, take recyclables to places that do recycle.
- Make a collection point for office paper to be recycled.
- Partner with recycling companies or organizations in the community for collection.
- Have a contest for your employees that promotes recycling.
- Sponsor a poster or essay contest in the local schools.
- Include the phrase "America Recycles Day, November 15, 1998" on all your correspondence you send out before November 15.
- Set up a recycling bin display in your post office lobby to advertise America Recycles Day events.
- Make a file and collect America Recycles Day information for next year.
- Find ways to promote the Postal Service's commitment to recycling and extraordinary accomplishments in preserving and protecting the environment.

REVISION

Revised Handbook AS-709, Credit Card Policies and Procedures for Local Buying

Handbook AS-709, *Credit Card Policies and Procedures for Local Buying*, explains the policies and procedures of the Postal Service/GSA SmartPay Purchase Card Program and is intended for postal personnel designated as cardholders, credit card approving officials (CCAOs), and agency program coordinators (APCs). This revision of the handbook includes changes previously announced in the *Postal Bulletin* to both this handbook and *Administrative Support Manual* (ASM) section 712. This revision also reflects changes required by the new purchase card contract with U.S. Bank (previously known as First Bank and Rocky Mountain BankCard System [RMBCS]), various telephone and address changes, minor editorial changes, updated forms, and enhancements to existing policy.

If you are a current I.M.P.A.C. cardholder or CCAO, the handbook will be sent directly from the printer to you by November 15, 1998. Handbooks for APCs will be distributed at training or will be mailed for receipt prior to November 30. The new handbook will also be available online (on or after November 16) through the Postal IntraNet at <http://blue.usps.gov> by clicking on "Corporate Information," "Policies and Procedures," "Handbooks," and "Document Identification Number" or "Title Alphabetically." *Do not order the handbook from the material distribution centers (MDCs).* (If you do not receive your handbook by November 29, you may submit an order to your servicing MDC.)

HBK PO-603 REVISION

Handling of Mail

Effective immediately, Handbook PO-603, *Rural Carrier Duties and Responsibilities*, is modified to emphasize basic procedures for handling mail containing potentially hazardous material. Copies of the following revision should be incorporated to carrier route books until superseded by a complete reissuance of Handbook PO-603.

131.7 Handling of Mail

Handle all mail so as to prevent its damage or unauthorized delay. In particular, handle mail containing biological specimens such as blood samples, dry ice, and other potentially hazardous material (HAZMAT) carefully. Address information such as a laboratory or chemical company may suggest HAZMAT content. Additionally, package markings such as "ORM-D" also indicate HAZMAT. Do not throw, drop, or slide packages containing HAZMAT, or handle them in such a way that they could be crushed or overlooked pending delivery or dispatch. Be alert for HAZMAT with the sound of broken glass, a stain on the package, or an unusual odor. Report unusual odors or signs of damage or leaks to your supervisor immediately.

*RECYCLED-CONTENT AGREEMENT***Postal Service Announces Agreement with Boise Cascade to Obtain Paper Made From Recycled Content**

As part of its continued commitment to environmental leadership and compliance with Presidential Executive Orders, the Postal Service, in partnership with Boise Cascade Office Products, will announce a major effort to support recycled paper usage on November 9 at a special ceremony in the White House Conference Room.

Presidential Executive Order 12873 requires that, as of January 1, 1999, all federal agencies must purchase paper with 30 percent recycled material content. Even though the order does not include the Postal Service, the USPS is both complying with the order and meeting the standard earlier than required.

As part of the Postal Service's contract with Boise Cascade Office Products, beginning November 9, only paper with recycled content will be provided by Boise, and as of January 1, 1999, only paper with 30 percent post consumer content will be provided to Boise's postal customers. Currently, the Postal Service's contract with Boise Cascade involves four of the ten Postal service areas — Northeast, Southwest, New York Metro, and Allegheny — and Headquarters in Washington, DC.

"This partnership with Boise Cascade underscores the Postal Service's commitment to recycling," said Dennis Baca, manager for Environmental Management Policy for the Postal Service. "We look forward to further supporting the Executive Order through the use of Boise Cascade's paper when the 30 percent recycling content goes into effect in January 1999."

Recycling and buying recycled products are important to the Postal Service and the nation. They conserve valuable natural resources, reduce solid waste disposal costs, and actually save money. High-quality paper is also important to the Postal Service, and with this contract, Boise's Aspen Xerographic paper meets President Clinton's Executive Order for postconsumer content and the Postal Service's requirement for dependability. It is also competitively priced when compared to other recycled as well as nonrecycled paper.

New Card Issuance

New I.M.P.A.C. credit cards will be effective November 30, 1998, and U.S. Bank will start mailing cards November 2 to all cardholders on the rolls as of October 1.

U.S. Bank will accept requests for credit card maintenance (name and/or address changes) to current I.M.P.A.C. accounts from October 1–November 15, and U.S. Bank will also issue I.M.P.A.C. cards under the current contract during the period of October 1–November 6. However, new cards for accounts falling within these categories will not be issued until December 4, and you may be without an I.M.P.A.C. card for a short period. If you requested maintenance/card embossing changes during the above period, it is possible you may also receive a card from the November 2 mailing. Please destroy the card upon receipt and wait for the new card from the December 4 mailing.

U.S. Bank *will not* honor requests for new I.M.P.A.C. cards under the current contract during the period of November 6–November 29. Any applications received during this period will be returned to the applicable postal APC for resubmission on November 30.

New Card Activation

Cardholders must activate their new card prior to using it. The cards will be declined at the merchant if not activated prior to first-time use. Card activation can be completed in a few minutes by calling 1-800-227-6736, 24 hours a day, 7 days a week. Activation of cards should take place immediately upon receipt to avoid any disruption of service. While cardholders will be receiving new cards prior to the implementation of the new contract, the cards will not be accepted for use at merchants prior to November 30.

Recurring Charges

Since the new cards will have **new account numbers**, cardholders must contact all vendors who automatically bill to their account, advising them of the new account number and expiration date (i.e., where monthly billing is received for services such as pager and cellular phone services). Notification must also be given to vendors who have cardholder account numbers on file. The effective date for this change is November 30. Cardholders should provide vendors with their new account number effective for all charges on or after November 30, 1998. **REMEMBER, ONLY ASSIGNED CARDHOLDERS ARE AUTHORIZED TO USE THEIR I.M.P.A.C. CARD — SAFEGUARD YOUR CARD AND ACCOUNT NUMBER!**

Old Credit Card Account Records

Cardholders should establish a new buying log(s) for his/her new I.M.P.A.C. account(s). Old account records can be closed after all charges and disputes have been processed (should not take more than a few months following November 29). All closed records must be retained for 2 years in accordance with policies and procedures outlined in Handbook AS-709, *Credit Card Policies and Procedures for Local Buying*.

An approving official should update records with his/her individual new account number and the account numbers of his/her assigned cardholders. You will receive this information via the monthly R090 Report, I.M.P.A.C. Detail Invoice and A/O Summary Report (reference Handbook AS-709, November 1998 edition, Exhibits 4-4a and b).

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the

integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month.

IMM REVISION

International Mail — Acceptance of Global Priority Mail

Since its inception in March 1996, Global Priority Mail (GPM) service has been available only at postal locations that have transportation links to the USPS Eagle network. This limitation on GPM acceptance was intended to ensure expedited USPS handling of GPM items, from the originating U.S. post office to the dispatching airport mail center/facility (AMC/F). The prevailing service objective for GPM items is delivery in the destination country within 4 business days.

To make this accelerated airmail service accessible to more postal customers, GPM items will now be accepted at postal locations that are **not** linked to the Eagle network. GPM items that are tendered at these “off-net” locations are expected to require an additional 1–2 days to be delivered in the destination country.

Part 226 of the *International Mail Manual* (IMM) is being revised to delineate GPM acceptance sites linked to the Eagle network from those designated as “off-net” locations. A list of the Eagle network locations can be found in Exhibit 226.32a. The “off-net” locations and their respective 3-digit ZIP code prefixes are listed in Exhibit 226.32b.

The cited regulatory changes became effective September 27, 1998. They will be incorporated into a future issue of the IMM.

226.32 Service Areas

Global Priority Mail is accepted at all USPS retail locations. There is a 4-day delivery objective for GPM items that are deposited at postal locations that are linked to the USPS Eagle network (see Exhibit 226.32a). When GPM items are tendered at “off-net” locations (see Exhibit 226.32b), it generally requires an additional 1–2 business days to obtain delivery in the destination country. (**Note:** GPM mailings consisting of 200 or more identical pieces, which bear a permit imprint, must be deposited at a locally designated business mail entry unit.) Within each of the listed service areas, prepaid GPM items may be tendered to a letter carrier, deposited in an Express Mail street collection box, or placed in a post office or lobby mail drop.

[Existing Exhibit 226.32 is replaced by Exhibit 226.32a and Exhibit 226.32b.]

Pictorial Cancellations Announcement 98-21

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items

submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

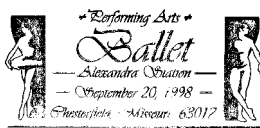

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self addressed envelope.

Loading Pallets Safely Into Trailers

[The following article, previously published in Postal Bulletin 21982 (10-8-98), contained an erroneous loading illustration that should be disregarded. The article, with the diagram removed, appears below. An updated article and illustration will be published in a future issue.]

Offices that dispatch pallets (either with or without mail on them) must load those pallets into trailers in a safe manner to ensure the integrity of the load. Improperly loaded pallets

can shift or slide, causing the contents to topple in transit or when the trailer door opens.

Plastic postal pallets are designed to nest. The capacity for a 45-foot trailer is 22 stacks of 45 nested pallets. Load nested pallets side by side and secure in trailers with straps.

SCANNER UPDATE

CTT Scanner Removal Notice

Computerized tracking and tracing (CTT) symbol scanners are being replaced by delivery confirmation mobile data collection devices (MDCD). CTT scanners will be removed from postal sites after MDCD scanners are received and employee training is complete. They will be sent to one location for resale. Shipping instructions will be sent to postmasters, station managers, and supervisors with CTT equipment by AP 3. Postal sites will receive instructions to remove and ship CTT scanners only if they have received MDCDs. For additional information, contact your district CTT coordinator/Expedited Services specialist.

VOE SURVEY

Voice of the Employee Survey

A sample of career postal employees will be sent a Voice of the Employee (VOE) survey at work the week of October 26. City carriers will not be included since they were surveyed in August. Surveys need to be completed and returned by November 20. For offices sent 10 surveys or fewer, they will be mailed individually to the person's work location. For offices sent 11 surveys or more, they will be sent to the postmaster or plant manager, sorted by pay location.

Send completed survey forms directly to the contractor in the envelopes provided. If an employee is no longer with the Postal Service or is on extended leave, send the survey back to the return address. If an employee has changed job locations, forward the survey to the new location.

Completion of the survey is voluntary and on the clock. The maximum amount of time allotted to complete the survey is 15 minutes. The Management Operating Data System (MODS) offices should track hours spent on the survey using operation number 515 for nonsupervisory employees and operation number 481 for supervisory unit employees. In non-MODS offices, use labor distribution code (LDC) 89 for nonsupervisory hours and LDC 88 for supervisory hours.

Regular rural carriers who elect to complete the survey are compensated for their time at the rural carrier average consolidated work-hour rate. The local office must complete PS Form 8127, *Rural Carrier Supplemental Payment* (dated July 1994), and send this form to the district office following established procedures for submission of this form for payment. Indicate on PS Form 8127 that payment request is for the VOE Survey.

OPEN SEASON

Flexible Spending Accounts Open Season

Open season for the Flexible Spending Account (FSA) program for career employees is November 9 through December 14, 1998. Enrollments received during this open season are effective for the 1999 plan year (January 1 through December 31, 1999).

FSAs provide employees with the ability to set aside a portion of their pre-tax earnings for certain types of out-of-pocket health care and dependent care expenses. The money withheld for FSAs is not subject to income, Medicare, or Social Security taxes. United Health Care administers the FSA program for the Postal Service.

FSA BK1, *Flexible Spending Accounts* (November 1998), provides a good overview of FSAs. The following information should assist personnel services offices in conducting this open season.

To assist in publicizing the FSA open season, all offices must post the open season notice on page 71 on bulletin boards through December 14, 1998.

Headquarters (HQ) Compensation is coordinating two mailings — first a leaflet and then a kit that contains a brochure, an enrollment form, and a withdrawal request form — to career employees at their mailing addresses of record. The return addresses for undeliverable kits are the employing offices of record. While the disposition of returned kits is at the discretion of the Customer Service and Sales district office or other administering office, giving a returned kit to an employee offers the employee an opportunity to submit a correct PS Form 1216, *Employee's Current Mailing Address*. PS Form 1216 may be ordered from the material distribution centers (MDCs) using Postal Stock Number 7530-02-000-7354 or through Touch Tone Order Entry (TTOE) using Quick Pick number 118.

Eligibility

Participation in the FSA program is limited to career employees. Furthermore, to make an election during the open season, career employees must have completed at least 26 full pay periods of postal career service based on their current appointment by the end of Pay Period (PP) 26-98 (December 18, 1998). Career employees who are in a leave without pay (LWOP) status that has lasted for more than eight consecutive full pay periods as of December 18, 1998, are *not* eligible to participate in the FSA program.

Election Opportunities

Participants can choose the type of FSA they want and the contribution level they want to make.

- **Health and Dependent Care FSAs.** Eligible career employees may elect to participate in either or both of two FSAs — the Health Care FSA and the Dependent Care FSA. Each FSA covers eligible expenses for services received during the 1999 plan year (January 1 through December 31, 1999). Employees who elect to participate must submit an FSA enrollment form to their personnel services offices no later than close of business (COB) December 14, 1998. The brochure employees receive in the mail describes eligible expenses and guidelines for estimating future expenses.
- **Contribution Levels.** During the 1999 plan year, career employees may elect to contribute up to \$2,600 to the Health Care FSA and up to \$5,000 to the Dependent Care FSA. Contributions are withheld in equal amounts through payroll deductions covering 26 pay periods (PP 01-99 through PP 26-99). The minimum annual contribution employees may make to either FSA is \$130, which equals \$5 per pay period.

Election Changes and Enrollment Processing

Participants may not change or cancel enrollments or contribution levels during the plan year except following qualified life status changes, as explained in the brochure.

Personnel services offices that are Distributed Data Entry/Data Reporting (DDE/DR) sites are responsible for processing FSA enrollments through the DDE/DR system. Offices process elections received during the FSA open season (November 9 through December 14, 1998) using the DDE/DR system's FSA open season screen. *Offices must process FSA enrollment forms received during the open season by no later than December 18, 1998.*

Open Season Materials*Leaflet.*

All career employees will receive at their mailing address of record a copy of FSA LF1, *Flexible Spending Accounts Overview and Tax Savings Estimator* (October 1998), a leaflet that outlines how FSAs work in a simple question-and-answer format and that also contains a tax savings estimator.

Enrollment Kit.

Shortly after receipt of the leaflet, all career employees will receive at their mailing address of record an enrollment kit containing:

- FSA BK1, *Flexible Spending Accounts* (November 1998), a brochure explaining plan policies and provisions.
- PS Form 8200, *Flexible Spending Account Enrollment Form* (November 1998), the election form used to elect to establish an FSA from which reimbursements may be withdrawn.
- FSA1, *Flexible Spending Account (FSA) Withdrawal Request* (November 1998), the form used to request withdrawal of funds from an FSA for reimbursement of eligible expenses for services received during the plan year.

Extra Supplies of Materials.

HQ Compensation will coordinate a contractor's distribution of extra supplies of the leaflet, brochure, enrollment form, and withdrawal request form to Human Resources at Customer Service and Sales district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, the Employee Service Center for the DC Metro Area, the Office of Inspector General, Inspection Service divisions, Headquarters, and selected Headquarters field units by the beginning of the open season.

Additional copies of the following FSA items will not be available for ordering until after the distribution of extra supplies has been completed:

- FSA LF1 (7610-04-000-5138, no Quick Pick number).
- FSA BK1 (7530-02-000-9910, no Quick Pick number).
- PS Form 8200 (7530-02-000-9846, no Quick Pick number).
- FSA1 (7530-02-000-9911, no Quick Pick number).

When available, FSA LF1 can be ordered using PS Form 7380, *MDC Supply Requisition*. FSA BK1, PS Form 8200, and FSA1 can be ordered using PS 7380 or TTOE.

Administration Manual.

HQ Compensation is also coordinating the distribution to Human Resources at Customer Service and Sales district offices and area offices of a small stock of FSA BK2, *FSA Administration Manual* (November 1998). This provides information for personnel services offices on processing enrollment forms, following FSA procedures, and maintaining appropriate records. This item is not available from the MDCs.

Information for Other Offices.

Installations receiving FSA BK2 must ensure that subordinate installations know their responsibility to verify and forward FSA enrollment forms to their DDE/DR processing sites expeditiously.

FSA Videotape.

A videotape providing an overview of FSAs entitled *It's Your Money You Save* (November 1994) was distributed in noncaptioned and open-captioned versions during the 1994 FSA open season. Although the videotape provides no open season information, personnel services offices are strongly encouraged to use the videotape to promote the FSA open season. In addition, the videotape may be used throughout the year, for example, in orientations for new career employees. Refer employees who view the videotape to the brochure for more detailed information.

Responsibilities of Personnel Services Offices

FSA BK2 explains personnel services office responsibilities and processing procedures. Responsibilities include:

- Determining eligibility to participate.
- Accepting and processing enrollment form.
- Determining eligibility to change contribution levels during the plan year based upon participants' qualified life status changes.
- Filing Copy 1 of PS Form 8200 in employees' official personnel folders.

Offices are reminded of the following points:

- Offices will be excluded from using D20M, SDI 39, FSA in the DDE/DR system from PP 24-98 through PP 26-98. During this time, offices must use FSA Open Season verb D370 in the DDE/DR system to process FSA open season elections. Offices must send all FSA transactions related to the 1998 plan year to the Minneapolis Accounting Service Center for processing.
- Career employees who are in an LWOP status that has lasted for more than eight consecutive full pay periods as of December 18, 1998, are *not* eligible to participate in the FSA program. The DDE/DR system will properly reject FSA enrollments for such employees when they are processed during the open season processing window. Offices must not process such enrollments again during PP 01-99, because the DDE/DR system may reset and erroneously permit the enrollment.
- Offices may refer to FSA BK2 for instructions on processing FSA elections in cases of belated election or administrative error.

- Offices should make sure that employees specify annual, not pay period, contribution amounts, and that they provide the correct employing office finance number and pay location in Part A of PS Form 8200.
- Offices may wish to remind employees to include health care expenses for dependents in the Health Care FSA contribution amount, not in the Dependent Care FSA. Although the brochure and the enrollment form advise employees of this provision, some employees did not understand this distinction in past open seasons.
- Offices may also wish to remind employees of the Internal Revenue Service (IRS) annual limits on the Dependent Care FSA contribution — \$5,000 per family and \$2,500 for a married employee filing a separate return. These limits are explained fully in the brochure.
- Offices do not process form FSA1 (request to withdraw FSA funds for the reimbursement of eligible expenses). Participants are responsible for mailing these directly to the FSA Customer Service Center at the address on the form.
- Offices must not provide tax advice. Offices must refer employees with tax questions to their tax advisors or the IRS toll-free information line, 1-800-TAX-1040 (1-800-829-1040). In addition, a section of the brochure presents certain tax information related to FSAs.
- Offices should refer employees with questions about the FSA program to the Customer Service Center toll-free hotline described below.

Qualified Life Status Change List Expanded

For 1999, the list of qualified life status changes has been expanded — the new list is found on page 11 of the FSA brochure and on the reverse side of the enrollment form. Offices may wish to advise employees who enroll of this change.

FSA Customer Service Center Toll-Free Hotline

The FSA Customer Service Center provides a toll-free hotline for inquiries about FSAs. Employees with FSA questions may use the hotline by calling 1-800-842-2026. Following enrollment, participants may use the hotline to:

- Make account inquiries.
- Discuss expenses eligible for reimbursement through the FSA program.
- Obtain other plan information.

The FSA Customer Service Center also provides a Telecommunications Device for the Deaf (TDD) line for the hearing impaired: 1-801-523-6955. The FSA Customer Service Center encourages employees using the TDD line to place an advance call to the toll-free hotline.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

IRT, WRU, CTT, DEBIT/CREDIT CARD, AND CASH REGISTER OFFICES

Procedures for Setting Clocks for Standard Time

The correct system time in integrated retail terminals (IRTs) and weighing and rating units (WRUs) is critical since their internal clocks are used to verify Express Mail acceptance times, service commitments, and network status. The IRT system time is also printed on customer receipts and employee reports. Computerized tracking and tracing (CTT) scanner clocks are used to record Express Mail arrival and delivery times. Set debit/credit card terminal clocks to the correct day, date, and time to help reduce the possibility of accepting an expired card. Clocks in IBM and NCR POS ONE equipment will be adjusted automatically; no user intervention is required.

Managers must ensure that before opening for business on Monday, October 26, 1998, the clocks in all IRTs, WRUs, CTT scanners, laser scanners, cash registers, and debit/credit card terminals under their control are set *back* 1 hour to reflect the change (in most locations) to Standard Time. Facilities with Saturday night operations should reset the time as soon as possible after 2 a.m. on Sunday, October 25, 1998.

Retail Consolidation Unit (RCU)

All IRT sites must coordinate the changing of system time with the retail consolidation unit (RCU). In most cases, IRT units will change the system time before opening for business on Monday, October 26, 1998. In the case of units that open for business on Sunday, October 25, 1998, the IRT windows must be configured to remain "open" for a longer period of time to compensate for the time difference. The district RCU coordinator must coordinate the changing of the system time on the VAX where the RCU application is running with the VAX system manager. This could be the local Information Systems (IS) or Raleigh Distributed Systems Central Management Facility (DSCMF).
