REVISION

Purchasing Manual Revision

Effective November 19, 1998, the Purchasing Policy Committee has decided to revise policy regarding requirements for subcontracting with small, minority, and woman-owned businesses. Specifically, subparagraph 3.2.3.c.1 now requires that Clause 3-1, *Participation of Small, Minority, and Woman-Owned Businesses*, be included in all contracts except purchases of professional services and commercial purchases when the value exceeds \$1 million.

A future edition of the *Purchasing Manual* will include this change.

CORRECTION

Publication 12, Health Benefits Open Season Administrative and Processing Information (November 1998)

Publication 12, *Health Benefits Open Season Administrative Processing Information*, November 1998, is amended to show corrections applicable to Chapter 7, Table of 1999 Premium Rates, as follows:

1. Page 43 — Under the heading of the Managed Fee-for-Service Plans, the effective date of the new premium rates should show **January 2, 1999**, instead of **January 3**.
2. Pages 45 through 83 — The heading above column 4 (Total Premium) through column 8 (Employee Pays) should read **1999** Biweekly Premium Rates instead of **1998**.

3. Page 64 — The state name shown in the heading should be **Michigan** instead of **Minnesota**.

These corrections are reflected in the current version of Publication 12 on the Postal Service IntraNet website at <http://blue.usps.gov/cpim/ftp/pubs/pub12.pdf> or <http://blue.usps.gov/hrisp/comp>. Replacement pages may be printed from the corrected website version.

CORRECTION

PS Form 103, Franked Mail — Outside Washington Subsystem

PS FORM UPDATE

Availability of PS Form 3152, Delivery Confirmation Certification

The Directives and Forms Update in *Postal Bulletin* 21978 (8-13-98) included a listing for PS Form 3152, *Delivery Confirmation Certification*. The listing stated that PS Form 3152 is not available from the material distribution centers and that it could be ordered through the National Customer Support Center (NCSC) in Memphis.

This form is ONLY available to mailers upon successfully completing a testing process with the NCSC. Upon successfully completing the testing process (certification), the mailer receives a PS Form 3152, which is used when tendering their mail to the Postal Service.

The Postal Service has a corporate license for F3 Fill software. This includes a right to copy and distribute to all USPS employees and contractors for USPS business purposes.

Postal employees and contractors may obtain copies of the forms and/or F3 Fill software from the following sources:

Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children. Missing Children posters are available for the U.S. Postal Service only through periodic issues of the *Postal Bulletin*.

Domestic Mail

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the

integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month.

- The new Citibank travel credit cards were mailed out on November 15. If you do not receive your new card by November 20, you should contact your travel credit card coordinator. Each area, district, and headquarters functional area has its own travel credit card coordinator.
- The new Citibank travel credit card will have attached activation instructions. Your card may be activated upon receipt, but will not be accepted by merchants until November 30.
- If you are planning to be on official travel at the time of the change from American Express to Citibank, be sure to have both of these travel credit cards with you. This will ensure that you will always have an active travel credit card to use for official travel expenses.

Note: Keep in mind that the American Express credit card you submit to hotels at check-in prior to November 30 will not be accepted for payment if you check out after November 29.

- ATM fees on the Citibank travel credit card are 1.25 percent of the amount of the withdrawal. A receipt is required for reimbursement of ATM fees. ATMs which do not belong to Citibank may charge additional fees which are also reimbursable.
- If you have outstanding issues with American Express (charges not yet posted, disputes, pending credits, etc.) you must resolve these issues with American Express. You will continue to receive billing statements from American Express until your account has a zero balance. These issues will not carry over to the new Citibank VISA travel card.
- You should contact your Travel Management Center (SatoTravel, Omega Travel, etc.) to update your profile with your new Citibank VISA travel credit card number.
- Citibank will suspend the credit card of a cardholder whose account is 60 days in arrears. They will cancel accounts 120 days in arrears and retroactively charge the cardholder a late fee equal to 2.5 percent of the balance that was due when the card was 30 days in arrears. This late fee is NOT reimbursable. Citibank will only reinstate canceled accounts after a thorough credit check.

International Mail

REMINDER

International Mail — Use of Nondenominated Postage Stamps on International Mail

Postal Bulletin 21978 (8-13-98) announced a regulatory change that pertained to the use of nondenominated postage on international mail. It added a new paragraph d to section 152.2 of the *International Mail Manual* (IMM), which now reads as follows:

International Mail Manual (IMM)

1	International Mail Services	*	*	*	*	*
150	Postage	*	*	*	*	*
152	Payment Methods	*	*	*	*	*

152.2 Stamps

d. Postal customers may affix nondenominated postage stamps (e.g., the “G” stamp), *except for those that bear rate markings (First-Class Presort, Bulk Rate, or Nonprofit Organization)* to their international mail. The nondenominated Breast Cancer Awareness Semi-postal Stamp, which has a postage value that is equivalent to the domestic rate for a 1-ounce First Class letter, may also be used for that purpose. See DMM P022.1.6.

* * * * *

Accordingly, please advise retail customers and postal personnel that the 33-cent First-Class Rate “H” postage stamp (which depicts Uncle’s Sam’s Hat) and the 1-cent “H” Rate Make-Up stamp (which depicts a Weathervane Rooster) **may be affixed to international mail**. Both of those nondenominated postage stamps went on sale at post offices nationwide on November 9, 1998, in anticipation of the 1-cent change in the domestic First-Class postage rate, which is scheduled to take effect on January 10, 1999.

INTERNATIONAL AICs

New AICs for International Surface Airlift (ISAL), International Priority Airmail (IPA), and Global Package Link (GPL) Permit Postage

Three new AICs have been established effective AP 3 for International Surface Airlift (ISAL), International Priority Airmail (IPA) and Global Package Link (GPL) Permit Postage. Revenue generated from these services was previously reported to AIC 132, All Other Permit Imprint; however, AIC 132 will no longer be used to track ISAL, IPA, and GPL revenue.

The three new AICs and titles are:

AIC	Description	GLA Number	PSFR Number
234	International Surface Airlift (ISAL)	41432.234	01
235	International Priority Airmail (IPA)	41433.235	01
236	Global Package Link (GPL)	41434.236	01

More detailed descriptions of the new AICs are as follows:

- AIC 234 — International Surface Airlift (ISAL) Permit Postage: This AIC is to be used for permit postage for ISAL, mailing statement PS Form 3650, *Postage Statement — International Surface Air Lift*.
- AIC 235 — International Priority Airmail (IPA) Permit Postage: This AIC is to be used for permit postage for IPA, mailing statement PS Form 3652, *Statement of Mailing — International Priority Airmail*.
- AIC 236 — Global Package Link (GPL) Permit Postage: This AIC is to be used for permit postage for GPL, mailing statement PS Form 3654, *Global Package Link Postage Statement — Permit Imprint*.

IRT Programming

The IRTs will be updated with the appropriate titles for the new AICs in January 1999. Until the required programming changes take effect, the AIC title on the IRT screen will be blank.

Permit System Programming

The Permit system has been updated with the new AICs and they will be included in the Standard Field Accounting/PERMIT system interface.

Support Documentation and Financial Reporting

The process, documentation, and local procedures in place for processing the new AICs will not change.

Appendix A of Handbook F-1, *Post Office Accounting Procedures*, will be updated to reflect the new AICs. The new accounts will initially be mapped to PSFR line 01. In FY 2000, after 1 year's worth of data have been collected, the new AICs will be remapped to three separate line items on the PSFR.

These new AICs will allow the Postal Service to more effectively track international revenue.

REQUISITION UPDATE

1999 Requisition Schedule: Postage Stamps and Postal Cards

All authorized CAG A–G post offices submitting requisitions to the Bureau of Engraving and Printing (BEP) for postage stamps and to the Government Printing Office (GPO) for postal cards should refer to the following 1999 requisition schedule.

Submit Form 3356, *Stamp Requisition — Bulk Quantities*, to BEP (order only those postage stamps manufactured by BEP). Submit Form 3216, *Requisition for Postal Cards — Bulk Quantities*, to GPO.

Offices should mail requisitions to BEP in preaddressed Envelope EP-10A, and requisitions to GPO in preaddressed Envelope EP-10C. These envelopes can be obtained from the material distribution centers (see Publication 247, *Supply and Equipment Catalog*, for specific ordering instructions).

Requisitions for postage stamps and for postal cards must be mailed at least 1 week before the date assigned on the schedule. Shipments will begin approximately 7 to 10 days after that date. Strict compliance with this schedule equalizes the workload for expediting shipments.

Requisitions to BEP received after their assigned date are processed and shipped as time permits, but no later than the next designated ordering cycle. Requisitions to GPO received after their assigned date are deferred until the next designated ordering cycle.

This schedule does not apply to emergency orders or to orders for precancelled stamps. Precancelled stamp orders and properly identified and documented emergency orders are processed immediately upon receipt. Nevertheless, expect a 7- to 10-day wait from the date of submission until stock is received. Identify emergency orders by enclosing a memorandum with the requisition. The memorandum must list the reason for out-of-schedule ordering, and include the requisition number, item number, and manager's signature, as well as the city, state, and ZIP Code. Normal processing procedures will be followed unless the described memorandum is enclosed. Processing orders out of schedule increases shipping and handling costs; consequently, this practice must be avoided when possible.

Complete instructions for ordering stock in bulk quantities may be found in the November 1996 edition of Handbook F-1, *Post Office Accounting Procedures*, section 423.4.

Note: BEP will be closed for Christmas from December 25, 1999, through January 1, 2000.

Breast Cancer Research and the Department of Defense

A frequently asked question from consumers about the *Breast Cancer Research Semi-postal* stamp is, "What does the Department of Defense (DoD) have to do with Breast Cancer?"

The Department of Defense Breast Cancer Research Program is an example of the DoD's commitment to deliver the best in health care to its patient population. But the larger benefit of this program is that it is providing hundreds of new research grants to medical researchers, increasing the chances that the lives of military and civilian women who suffer this disease will be improved through the development of better diagnostic, prevention, and treatment measures for breast cancer.

DoD delegated management of this program to the Army Medical Research and Materiel Command, whose managers are skilled in conducting large medical research programs designed to protect the health and safety of deploying soldiers.

The DoD Breast Cancer Research Program supplements the established basic and clinical breast cancer research programs conducted by the National Cancer Institute. As a complementary program, part of its purpose is to fill in the gaps, to address new and untried research approaches, and to focus on the special needs of minority and low-income women, and any other patient population determined to be under-served.

So when asked, "What does DoD have to do with Breast Cancer Research?" feel free to tell our customers about the important work of the DoD Breast Cancer Research Program. And don't forget to encourage them to purchase the *Breast Cancer Research Semi-postal* stamp, so they can help to "FUND THE FIGHT. FIND A CURE."

Pictorial Cancellations Announcement 98-23

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items

submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self addressed envelope.

The following pictorial cancellation has been extended for an additional 30 days:
