Pedestrian Safety Awareness Campaign

Did you notice the cover? If you didn't, turn back and look at it again. It's about driving safely. It's one of the things the Postal Service is about.

Why are we finding a new way to talk about this? Because we want to prevent postal vehicles and pedestrians from running into each other. Sometimes this happens. And the results are never good.

Even if it happens once, it's once too often. But it's not about the numbers. It's about changing our minds about driving safely — putting it first. If it's important enough to do, it's important enough to do safely.

Let's make it easy. We're talking about people mixing it up with steel. What if that walker or jogger is someone we know? What if it's a child — maybe even our own? It could happen. The average American family has about two children under the age of 16. Postal kids make up a lot of those we see playing in the street and along the sidewalk everyday. Think about it. Now ask yourself, even if they're not our kids, do they matter any less? Of course not. Bottom line: we're good. Last year the National Safety Council recognized nearly 130,000 Postal Service drivers for driving the entire year without having a single preventable accident. But as good as we are, we must do better. Like the kid on the cover says, it's his life we're talking about.

Kids, across the country, are out there running after balls and racing to the ice cream truck. That means we're on their playing field and there's only one way to drive: defensively.

Let's take a look at some facts as we roll into summer:

Pedestrian traffic patterns change dramatically between seasons. In most parts of the country, we're seeing a change take place now. It's summer and school's out. So areas that had little pedestrian traffic in winter are now heavily populated with walkers, joggers, bicyclists, and lots of children. They're on sidewalks and in streets, coming and going from parks, playgrounds, and pools. They're everywhere. It's our job to see them and make sure we don't meet — the wrong way.

Here are some more facts:

- Don't expect a group every time. Sometimes kids walk alone. Be on the lookout for children who are easily overlooked when they're not walking in a group.
- Balls will roll. Sometimes into the street. Expect a child to follow. Slow down and be prepared to stop quickly.
- Miss a mailbox? Don't back up to deliver. Park your vehicle, exit, and walk back.
- It's mail handoff time. Never hand mail to children from your vehicle. When they approach, park, get out, and direct them away from the vehicle. Then make sure all is clear *before* you proceed.
- The ice cream truck appears. First you'll hear the bells, then the shouts — "Ice Cream Man" — then you'll see the wave. Expect children to come running from all directions. Yield to every one of them.
- Children ride roller skates, rollerblades, and bicycles. Sometimes they ride in the street. Stay alert and give them plenty of room.

That should be enough to get us over the really tough stuff.

Now here's a long tall drink of water: 130,000 drivers without a preventable accident. That was quite an accomplishment. And it's one we can beat!

Rural Carrier Timekeeping Changes

Effective July 1, 2000 (pay period 15-2000), new Days Assigned Carrier Absent (DACA) codes are in effect for regular rural carriers. This information will be incorporated in an upcoming revision of Handbook F-21, *Time and Attendance*, chapter 5, Rural Carrier Procedures.

The new DACA codes are as follows:

B: Holiday Work — Nonrural Assignment

DACA Code B is entered on the regular carrier's PS Form 1314, *Regular Rural Carrier Time Certificate*, when the carrier works on his or her designated holiday but performs an assignment other than carrying the route (e.g., higher-level detail). The employee will receive one day's evaluated pay for this day. (DACA Code 5 will continue to be used when the employee carries the route on his or her designated holiday.)

Since the carrier is not carrying the route on a day for which DACA Code B is entered on the time certificate, a replacement carrier is required.

Y: Relief Day Worked — Nonrural Assignment

DACA Code Y is entered on the regular carrier's PS Form 1314, *Regular Rural Carrier Time Certificate*, when the carrier works on his or her relief day but performs an assignment other than carrying the route (e.g., higher-level detail). The employee will receive a future day off (X day) for working the relief day.

DACA Code R, 3, or 5 will continue to be used when the employee carries the route on his or her relief day. The options for receiving additional compensation for working a relief day as described in the extension to the USPS–National Rural Letter Carriers' Association (NRLCA) National Agreement do not apply to situations in which the carrier is not carrying the route or when the carrier is on a temporary detail for an extended period of time.

Since the carrier is not carrying the route on a day for which DACA Code Y is entered on the time certificate, a replacement carrier is required.

G: QWL/EI Relief Day Taken

DACA Code G is entered on the regular carrier's PS Form 1314, *Regular Rural Carrier Time Certificate*, when the carrier takes a day off that had been earned under the Quality of Work Life (QWL) program and is not recorded as DACA Code O.

In accordance with the guidelines of the USPS–NRLCA Quality of Work Life/Employee Involvement (QWL/EI) process, employees who perform certain QWL/EI activities can accumulate those hours toward a future day off. (Refer to Handbook F-21, *Time and Attendance*, section 586, Quality of Work Life/Employee Involvement, for additional information.) Previously, these days were recorded on PS Form 1314 using DACA Code X. Effective pay period 15-2000, DACA Code X may no longer be used in this situation. DACA Code G must now be used to record a day off earned in this manner.

Note: Under the provisions of the QWL/EI process, the majority of the cases where carriers are entitled to an earned day off are recorded using DACA Code O, Other Leave. Continue to record these days using DACA Code O. *DACA Code G is used only for days that would previously have been recorded using DACA Code X.*

Since the carrier is not carrying the route on a day for which DACA Code G is entered on the time certificate, a replacement carrier is required.

4: Day of Reflection

DACA Code 4 is entered on the regular carrier's PS Form 1314, *Regular Rural Carrier Time Certificate*, when the carrier is given a Day of Reflection under the terms of the Memorandum of Understanding between the Postal Service and NRLCA. The carrier receives one day of administrative leave (one day of evaluated pay) for the day.

Since the carrier is not carrying the route on a day for which DACA Code 4 is entered on the time certificate, a replacement carrier is required.

IMM AND PUBLICATION 51 REVISION

International Mail — Global Priority Mail Expansion

Effective June 29, 2000, the *International Mail Manual* (IMM) and Publication 51, *International Postal Rates and Fees*, are revised to reflect the availability of Global Priority Mail (GPM) service to 10 additional countries. These revisions will be incorporated into the next printed IMM and Publication 51 and will be reflected in the online versions available via Postal Explorer (<http://pe.usps.gov>).

Employees are reminded that the postage rates listed in IMM 226.41 and 226.42, and Tables 15a and 15b in Publication 51, have *not* changed. However, those references have been amended to reflect the addition of nine Caribbean countries and one Central American country to the GPM Flat-Rate Envelope and Variable-Weight Option rate groups that were formerly applicable to Canada and Mexico only.

This service expansion announcement should be posted in proximity to the retail counter to facilitate the conduct of customer transactions.

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

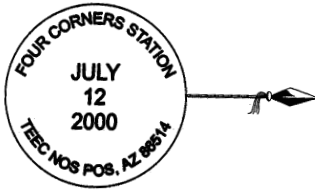

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard).

Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

POSTAL FACILITIES

Mandatory Display of POW-MIA Flag

This notice is a reminder that postal facilities are required by Public Law 105-85, section 1082, to display the POW-MIA flag on designated days. Recently we have received calls from customers complaining that some offices are not complying.

An *Administrative Support Manual* (ASM) revision establishing this practice and providing guidance in ordering and displaying the flag was published in *Postal Bulletin* 21967 (3-12-98). Refer to ASM 476 for details.

Under the law, the Postal Service and other specified government agencies must fly the POW-MIA flag on these days:

- Armed Forces Day, the third Saturday in May.
- Memorial Day, the last Monday in May.
- Flag Day, June 14.
- Independence Day, July 4.
- National POW-MIA Recognition Day, the third Friday in September.
- Veterans Day, November 11.

If any of these days fall on a non-business day, postal facilities are required to display the POW-MIA flag on the last business day before the designated day.

Equipment Maintenance Allowance Schedule for Rural Routes

Rural Carriers

In accordance with provisions of Article 9, Section 2.J.3 of the Rural Carrier National Agreement, effective July 1, 2000 (pay period 15-00), the equipment maintenance allowance (EMA) will increase from 37.0 cents per mile to 39.0 cents per mile.

The EMA is now the greater amount of 39.0 cents per mile or a minimum of \$15.60 per day.

Auxiliary Rural Carriers, Rural Carrier Reliefs, Rural Carrier Associates, Rural Carrier Part-Time Flexibles, and Auxiliary Assistance

Employees providing auxiliary assistance or serving auxiliary routes under provisions of Article 9, Section 2.J.5, receive an EMA of 39.0 cents per mile or \$4.50 per hour, whichever is greater, not to exceed the amount provided in the special equipment maintenance for the route stops and miles.

EMA Rate Schedule

The EMA rate schedule on pages 59–60 supersedes all previously published EMA schedules for employees receiving EMA.

Optional EMA Rate

The optional EMA rate, effective November 7, 1998, remains at 55.0 cents per mile.

UPDATE

Lobby Scales

The rate changes planned for January 2001 will drive the need to update lobby scales with the new rates. There are three basic types of lobby scales: mechanical scales, weighing and rating units (WRUs), and electronic scales. Each type will require action in a different manner.

Electronic Scales

Two brands of electronic scales are available through the material distribution centers (MDCs): the Ascom Hasler model AH30P and Triner model TS30P. See *Postal Bulletin 22007 (9-23-99)* for ordering instructions.

Triner scales: If a rate change takes place within one year of the shipment of a scale *purchased under the agreement published in Material Logistics Bulletin MLB-CO-99-002 (3-19-99)*, the rate change chip is sent at no additional charge. If this is not the case, Triner will sell their rate change chip for \$95.

Ascom Hasler scales: If a rate change takes place within one year of installation of a scale *purchased under the agreement published in Material Logistics Bulletin MLB-CO-99-002 (3-19-99)*, the rate change chip will be shipped at no additional charge. If this is not the case, Ascom Hasler will sell their rate change chip for \$100.

Some offices may have purchased after-warranty maintenance agreements that cover rate change upgrades. Check your contract to find out how to contact the vendor for the rate change upgrade. Rate change activity for these scales is to be performed prior to the rate change or as soon as possible thereafter.

Weighing and Rating Units

In prior rate changes, updates were performed using the Unisys IRT update disk. If you do not have access to a Unisys IRT update disk, you will not be able to update this machine. The maintenance agreement on all Unisys WRUs will terminate December 31, 2000, prior to the anticipated rate change. After December 31, 2000, there will be no further maintenance or parts support (see *Postal Bulletin 22007 (9-23-99)* for replacement information). Therefore, if you do not have access to a Unisys IRT update disk, the WRU must be removed.

Mechanical Scales

At the last three rate changes, districts were surveyed for 20 different model faceplate requirements. This total has been reduced to the 16 models listed below. With the exception of faceplate replacement, there have been no spare parts, no training, and no maintenance support for these obsolete mechanical scales for many years. Since the cost for purchase and installation of faceplates has risen dramatically and faceplates will not be delivered from the manufacturers until three months after the rate change, these obsolete mechanical scales should be removed. These scales add little or no value to the lobby.

However, offices choosing to order mechanical scale faceplates must do so *no later than August 11, 2000*. Employees may requisition items as follows:

- Use Touch Tone Order Entry by calling 1-800-332-0317, option 1, then option 2.
- Send an F3Fill-completed PS Form 7380, *MDC Supply Requisition*, by cc:Mail to MDC Customer Service @ TOKS001L.
- Mail a completed PS Form 7380 to the following address:

SUPPLY REQUISITIONS
500 SW MONTARA PKWY
TOPEKA KS 66624-9702

Use a price of \$250 for each faceplate ordered. Be sure to include your supply FEDSTRIP number for payment. Following is the list of scales for which a faceplate may be ordered.

***Note:** Special attention should be given to the 20-ounce fan scales. Charts associated with these scales consist of two pieces. The first piece is a metal scale plate identified as O-859-AA, BB, CC, or E which has weight indications silk screened on it. The second piece is a thin,

clear, plastic, pressure-sensitive overlay identified as O-859-AD, BD, CD, or ED. The overlays have postage rates printed on them, and they will have been applied directly over the weight indications silk screened on the metal plates. All 20-ounce scales currently in service should be this type, and only new plastic overlays (O-859-AD, BD, CD, or ED) should be required. However, if any 20-ounce fan scales are found to contain a chart plate of the single piece design *without* an overlay (with the rate information as well as weight indication silk screened directly to the plate), identify those scale quantities directly in the space provided.

POSTAGE EVIDENCING UPDATE

Revised Inspection/Examination Schedule

Effective immediately, the schedule for postage meter inspections by manufacturers and examinations by post offices is revised to reflect changes in technology. In addition, PC-based postage devices have been included, since this form of postage evidencing is now available to mailers. The schedule is based on postage meter and PC-based device security characteristics and levels. All providers have been notified of these changes and are aligning their meter/device inspections according to the security levels in column one of the table shown on the right.

For clarification, an “enhanced inspection process” refers to an alternative procedure to physical inspection approved by Postage Technology Management. Examinations under “special circumstances” are initiated by Postage Technology Management when required by unique events. The revised schedule is to be implemented immediately.

Postage Evidencing Devices — Inspection/Examination Schedule			
Security Level	Meter Attributes	Manufacturer Inspection	U.S. Postal Service Requirements
1	Manually set.	Every six months.	If not reset or examined every three months.
2	CMRS meter, nondigital, without lock-out feature.	Annual.	If not reset within six months.
3	CMRS meter, nondigital, with lock-out feature.	Every two years, or every six months if no setting activity in six months.	If not reset within six months.
4	CMRS digital meter, with lock-out feature.	Every two years, or enhanced inspection process if approved by USPS.	Special circumstances.
5	PC-based postage.	Special circumstances.	Special circumstances.
