POSTMASTERS, MANAGERS, AND SUPERVISORS

SUBJECT: Publicity Kit — Good News Recognition Program

Postal Service employees are always making important contributions to the communities in which they work and live. Hardly a day goes by without a Postal Service employee coming to the rescue of someone trapped in a fire, getting help for heart attack or stroke victims, feeding the hungry by sponsoring food drives, or reaching out to the underprivileged during the holidays.

These good deeds lead to the kind of news everyone likes to read — human-interest stories. But many of them fail to appear because editors and reporters never hear what happened or they learn about it so late that it's no longer news.

That's a shame, because when people in the community know you or know about you and your employees, they are more likely to appreciate the service they receive. Moreover, if they have a complaint, they are less likely to air it with civic leaders or the media.

To help you spread the word about the many positive things our employees do for their communities, we're enclosing the Public Affairs and Communications Good News Recognition Program guidelines. Along with this mid-year reminder, we've also prepared an updated publicity kit designed especially for postmasters, managers, and supervisors. This kit is full of materials to help you get your message of community involvement to members of community organizations and your local press. The kit includes:

- Program guidelines.
- Submission tips.
- Submitting news clips.
- Suggestions for generating publicity.
- Ways to notify the media.
- Sample fact sheet.
- Talking points for a speech to be given to a community group.
- Submission cover sheet.

The Postal Service has established a reputation as one of the finest postal systems in the world. Credit for this goes to our employees who, day in and day out, deliver the mail and a whole lot more to their customers and their community. We encourage you to use the materials in this kit as often as you can. When you do, you will enhance the standing of your Post Office within your community and tell all employees how proud we are of the "everyone, everywhere" attitudes they display every day.

Good News Recognition Program**Public Affairs and Communications Good News Recognition Program Guidelines***About the Program*

The Good News Recognition Program provides encouragement for postmasters, managers, supervisors, and others who participate in community outreach activities and allows Public Affairs and Communications to honor such individuals. Recognition is nonmonetary and comes in the form of a specially designed crystal trophy called the "Benjamin." This award is our highest public relations honor for postmasters, managers, and supervisors across the country who are most successful in generating positive publicity for the Postal Service. The program is open to all postmasters/EAS managers and supervisors, and Customer Relations coordinators. Employees of Public Affairs and Communications Centers are not eligible. The Good News Recognition Program begins around the fourth week in May and ends the following year around the same time.

Public Affairs and Communications employees and other communications-related employees are not eligible to participate. **Participation is by self-nomination only. Participants must submit their own material from their own Post Offices.** All participants receive a certificate for their community relations activities. All submissions must be sent directly to:

GOOD NEWS
COMMUNITY RELATIONS
UNITED STATES POSTAL SERVICE
475 L'ENFANT PLZ SW RM 10523
WASHINGTON DC 20260-3100

Submitting Good News

All submissions must be accompanied by a submission cover sheet (you may photocopy the one found in this *Postal Bulletin* on page 11). You must complete the information requested on the top of the sheet, including the level of Post Office. Incomplete submissions are not valid. Please use only one submission sheet for multiple entries sent in one envelope. Do not place submissions in a notebook or photo album. Mount your clippings on plain bond paper using clear adhesive tape, always including the date, name, city, and state of the newspaper in which the article appeared. Please do not send videos.

All submissions must be locally generated "good news." Post Office closings, syndicated stamp columns, obituaries, wire stories, and paid advertisements will not be counted. Locally generated good news must focus on the Postal Service's public policy message that supports our

core mission to bind the nation together through universal service. To accomplish this, participants should:

- Learn as much as possible about the public policy arena.
- Maximize the value of the Postal Service through everyday activities, such as: Postmaster's Steering Committee — overall driver of "grass roots" efforts.
- Highlighting postmasters/carriers/clerks value in the community.
- Develop internal communication strategy to create a more informed workforce that presents the Postal Service as a valuable part of the community:
 - Keep employees informed about the real issues with competitors.
 - Clearly define the economic and social contributions to the community.
- Identify opportunities to leverage existing key events and interaction with the public, such as:
 - Stamp ceremonies and relevant local historical events.
 - New facilities and major improvements.
 - Open houses and postmaster installations.
 - Leveraging the positive aspects of relevant stamp issues, such as health and social topics.
- Identify strategic public groups for improved interaction:
 - Newspaper publishers.
 - Large accounts.
 - Local schools.
 - Congressional delegation.
 - State legislators.
 - Environmental groups.
 - Senior citizens.

Good news consists of any activities that enhance the image of the Postal Service in your community, such as:

- A weekly postmaster's column.
- A Postal Service speech given at a community group built around Postal Service issues.
- Stand-up talk with employees explaining Postal Service issues.
- Customer Appreciation Day/Week.
- Recognize employee heroes.
- Local stamp ceremonies.

- Media coverage for a special cancellation.
- Partnership with local schools, rehabilitation centers, hospitals.
- Celebration of milestones, safety goals, service levels, years of service.
- Television or radio interview on Postal Service issues.
- Post Office tours.
- Volunteerism.
- Beautification of Post Office.

All submissions for the Benjamin award must identify the Post Office, postmaster/manager, and Post Office employees. Examples of good news that *do not* count include syndicated stamp columns, obituaries, AP wire stories, paid advertisements, cartoon articles, an employee's name in a list of local marathon times, an employee's appearance as a disc jockey at weddings, emcee at a college reunion, weekly column on non-Postal Service issues, Postal Service publication articles, Internet articles or information from the Web page, or Postal Service employees' fraud or theft stories. There must be clear documentation that the employee involved in the activity is there to promote the Postal Service. This year's program ends May 31, 2002. Since your submissions may be used in the *Daily News Digest*, and as information for other Public Affairs and Communications materials, they must be timely.

Benjamin Award Winners

Winners are determined by a cumulative point system. Each documented activity, event, newspaper clipping, and postal appearance will count as one point and will be monitored and verified by Headquarters, Public Affairs and Communications. When more than one radio or television station does a story, the participant will receive one point for each station.

To qualify for consideration, participants must meet minimum point requirements. Participants with the highest number of points in their Area and category will be selected.

Category	Minimum Point Requirements
<i>Non-Postmaster</i>	
EAS managers/supervisors	25 points
Customer Relations coordinator	55 points
<i>Postmaster</i>	
Postmaster, level 15 and below	35 points
Postmaster, level 18 and 20	45 points
Postmaster, level 21 and 22	55 points
Postmaster level 24 and above	65 points

One winner from each of the above categories will be awarded in each area.

Special Recognition

In addition to the Benjamin award, recognition may be given on the spot. Recipients are identified through news clips and information we receive. This recognition is, of course, unscheduled. There are no nomination forms, no time limits, and no minimum or maximum requirements. This recognition is a personal acknowledgement of special efforts.

Program Administration

Public Affairs and Communications will administer and monitor the program and provide updates through the *Postal Bulletin* and/or *Area Update*. The program will be evaluated each year and is subject to revisions. District managers will be notified of all winners prior to individual notification. All decisions will be made by Public Affairs and Communications pending approval from the appropriate district manager. If you have questions or need clarification, please write to Benjamin Award Coordinator at the Good News address provided on page 11 of this *Postal Bulletin*.

Good News Recognition Program Submission Tips

To ensure that we are able to track your points accurately in our database, please note the following tips:

Always include a submission cover sheet.

You may photocopy the one in this *Postal Bulletin* on page 11 (before or after filling in your Post Office information), or obtain a Microsoft Word version by sending a cc:Mail request to your Area Public Affairs and Communications Center. You may also create your own computer version as long as it includes all the information contained on the submission cover sheet on page 11.

Use one submission cover sheet for multiple entries.

It is much easier for us to tabulate your entries when you submit a single page of information — the submission cover sheet — for each packet of materials. If there is not enough room to summarize your activities on one submission cover sheet, include a summary sheet behind the submission cover sheet, with numbered and dated entries divided into the different categories. Your submissions must be timely (received within 2 weeks of the event or activity).

Summarize your activities on your submission sheet.

It is difficult for us to determine what is to be counted when there is only a number placed beside a category. To summarize events on your cover sheet, number and date each activity and include a very brief description.

Get in a weekly reporting habit.

Sending in a submission sheet every week keeps your entries timely. It also helps you to look at your outreach projects in a series of steps so that you won't forget to report them.

Alert us to any ZIP Code changes.

We use your ZIP Code as your reference number in our database and changes can disrupt our tracking capability. Always notify us of changes to your address and position but *mark your old ZIP Code on the top of your submission sheet so we can transfer your points to your new ZIP Code.*

Write your name as you would like it to appear on any official correspondence.

We take your name directly from your submission sheets for official correspondence. Please be sure you write your name exactly as you would like it to appear on each submission sheet. If your name changes, *write your old name on your submission sheets and clearly mark your new name on each one.*

Submitting News Clips

You play an important role in creating a positive media environment for the Postal Service, and the news clippings you generate are important to us. Each workday, examples of national and local news efforts are reflected in the *Daily News Digest*, which is distributed to the postmaster general, officers, and board of governors, among others. Though only a fraction of our news coverage (good, bad, and indifferent) appears in the *Daily News Digest*, the clip you send us from your local newspaper could be there for all to see. To give your clip the best possible chance of making it, please follow these simple tips.

Keep it timely.

There's little value in "old news." As soon as you see your article or letter to the editor, clip it out and send it to:

GOOD NEWS
COMMUNITY RELATIONS
UNITED STATES POSTAL SERVICE
475 L'ENFANT PLZ SW RM 10523
WASHINGTON DC 20260-3100

Tell us where it came from.

At a minimum, we need the name of the newspaper, the city where the paper is published, the date the article appeared, and the page number and section where it was found. Other information, such as your name, title, and Post Office are appreciated.

Paste it up.

Newspaper clips are easier to handle if you cut them out of your paper and attach them to a sheet or sheets of regular bond paper, typing or printing the necessary information (see "Tell us where it came from" above) at the top of each

page. To attach the clips, use regular adhesive tape on the top and bottom edges, or on the corners.

Make clear copies.

If you must send a copy, please make sure it is a clear copy. Some newsprint and most newspaper photos do not copy well unless adjustments are made in resolution. If you can't make a clear copy with available equipment, please send us an original.

Send us everything.

Though only positive, locally generated news counts toward the Benjamin, we appreciate being kept informed about the not-so-positive stories also. If we hear about bad news brewing, we often can work with local management to calm the situation. There's nothing we can't fix together, if we know about it soon enough.

Suggestions for Generating Publicity

National radio and television networks, wire services, and big city newspapers rarely run stories about the every day contributions Postal Service employees make to the communities that they serve. But what's not news in major media outlets may indeed be news in media covering the suburbs, medium-sized cities, and small towns. Some of the contributions of your employees that could be news in your community include:

- Service anniversaries.
- Beautification of office or grounds by employees.
- Safety Award winners.
- New hires.
- Promotions (both inside and outside your office).
- "Employee of the Month" (consider starting a program in your Post Office to recognize employee contributions and increase public awareness).
- Customer compliments.
- Heroic acts.
- Volunteer service (consider giving "Volunteer of the Year" recognition to an employee who volunteers time to make your community a better place to live. If you have several outstanding volunteers, make this a semiannual, quarterly, or monthly recognition).
- Successful blood drives.
- Completed training, continuing education efforts, conferred degrees.
- First aid/CPR training completed by employees.
- Holiday or NALC-sponsored food drives.
- Environmental efforts.
- Involvement in "Career Day" at local schools.
- Book donations to the local library.

- Talks at schools on preventing dog bites.
- Employees who respond to Santa letters.
- Wee Deliver® program participants.
- Youth educational packages.

Don't be shy. Tell the world, or at least your neighborhood, about your heroes and hard workers. Good news — the “people” stories — are important to community newspapers and local radio stations. The key is to develop a relationship with your local media.

Ways to Notify the Media

Write a News Release

Let's say this week an employee at your office has a 25-year service anniversary. Write a short note on your Post Office letterhead to your local newspaper about this event and include as many of the elements of a news story as possible (who, what, when, where, and why). At the top of the page type the following:

FOR IMMEDIATE RELEASE
CONTACT: (YOUR NAME)
(LIST YOUR PHONE NUMBER)

Mail the release to your local newspaper. Address it to the person at the newspaper responsible for reviewing news releases. If you don't know who that would be, call the paper and ask. If it's a local weekly paper, address it to the editor.

A news release is a good way to let your local paper know about safety award winners, promotions, and your employee of the month. To increase the likelihood of your release being used, be sure the information will still be news if it gets published a week after you mail the release. For example, write a release the week or so before you make a presentation so the news will be fresh when it is printed. This is especially important for weekly newspapers.

Send a News Tip

Not everyone can find time to write a news release during a hectic business day. There is nothing wrong with sending a newspaper editor or a reporter a handwritten note with a news tip, or a copy of a memo you wrote complimenting some one of your staff. Just put it in the mail and address it to the person to whom you'd send a news release.

Call the Editor

Sometimes a news story is so timely and important that an editor will want it immediately — for example, a story about a letter carrier or other employee who has helped a family escape from a burning building or has revived someone who stopped breathing by administering CPR. Your local media will want this kind of story immediately, not the day after tomorrow or next week.

In this case, just pick up the phone and call the editor of the newspaper or newspapers that are read by residents of your community. Tell the editor what happened. Chances are that before you hang up the phone, the editor will assign a reporter to cover the story.

TALKING POINTS FOR SPEECH TO A COMMUNITY GROUP

Good (MORNING/AFTERNOON/EVENING): I want to thank (NAME OF PERSON WHO INVITED/INTRODUCED YOU) for including me on the program.

It's natural for people to feel that they know all there is to know about the Postal Service because you've grown up with it. Moreover, you use it every day, several times a day — sending and receiving mail.

You may know that the U.S. Postal Service is a \$67 billion-a-year business that processes and delivers 208 billion — that's with a "b" — pieces of mail annually. You may also know that we handle more than 40 percent of the world's mail and that we do not use tax dollars to finance our operations. But how many of you are aware that the Postal Service does a lot more than just deliver the mail?

Today I'm going to talk about another side of the Postal Service — about the *people* side of our business.

For example, through the Combined Federal Campaign, Postal Service employees donate more money than any other corporation in America. Those contributions help local charities and community organizations like the American Cancer Society, American Heart Association, Habitat for Humanity, and others.

ADVO's Inc. America's Looking For Its Missing Children® Program. Every week thousands of letter carriers deliver ADVO's "Have You Seen Me" direct mail cards to approximately 79 million households. Distributing these cards helps to safely recover missing children.

Likewise, Postal Service employees donate more blood than any other group in the nation.

But how many of you remember that Postal Service employees, working in thousands of communities across the nation, help senior citizens through Carrier Alert Programs and children through Safe Haven Programs?

Almost every day Postal Service employees come to the rescue of hundreds of citizens by helping them escape fires, by administering CPR or other lifesaving first aid, and by preventing robberies and assaults.

How many of you know of the thousands of pounds of food Postal Service employees collect during the National Association of Letter Carriers annual food drive? In May 2001, in a one-day effort, 70.1 million pounds — again, that's with an "m" were collected. Tons of food are collected to help food banks and shelters provide for the less fortunate in communities across the nation.

Community responsibility is one of our guiding principles as a business-like public service.

Right here in (TOWN, COUNTY, PARISH, SECTION OF STATE) our employees are part of this tradition.

Last year they donated (AMOUNT) to local charities through the Combined Federal Campaign.

They donated more than (AMOUNT) gallons of blood to (NAME THE ORGANIZATION, SUCH AS THE RED CROSS, OR GIVE THE NAME OF A LOCAL BLOOD DRIVE).

(IF APPLICABLE, MENTION EMPLOYEES LAUDED FOR HEROIC ACTS. FOR EXAMPLE:)

They collected (AMOUNT) pounds of food through (THE NATIONAL ASSOCIATION OF LETTER CARRIERS FOOD DRIVE OR HOLIDAY FOOD DRIVES).

Last (MONTH, YEAR) (NAME OF EMPLOYEE, JOB TITLE) received a (TITLE OF AWARD) from (ORGANIZATION GIVING AWARD) for (DESCRIBE THE HEROIC ACT SUCH AS HELPING THE SMITH FAMILY ESCAPE A HOUSE FIRE, OR ADMINISTERING THE HEIMLICH MANEUVER, OR HELPING POLICE ARREST A BURGLAR).

(IF APPLICABLE, MENTION VOLUNTEER WORK DONE BY YOU OR YOUR EMPLOYEES. FOR EXAMPLE:)

I am a (MEMBER OR TITLE OF OFFICE) of the (YOUR TOWN) (COMMUNITY SERVICE ORGANIZATION SUCH AS THE LIONS CLUB, ROTARY CLUB, OR JAYCEES). (NAME AND JOB TITLE OF EMPLOYEE) serves on the (NAME OR NAME OF TOWN) school board. (NAME AND JOB TITLE OF EMPLOYEE) volunteered as a coach for the (NAME OF ORGANIZATION SUCH AS LITTLE LEAGUE, YOUTH SOCCER ASSOCIATION, OR POP WARNER FOOTBALL). (NAME AND JOB TITLE OF EMPLOYEE) volunteers on the Crisis Center Hotline/at the community hospital/with Habitat for Humanity.

The Wee Deliver® program (IF APPLICABLE, NAME THE SCHOOLS INVOLVED) promotes literacy through an in-school Postal Service. Teachers say that their students' enthusiasm for reading and writing letters to brothers, sisters, and friends in other classes has improved. Student postmasters, clerks, and carriers link the classes in a school. They enjoy the appreciation they get from other pupils for delivering the mail.

The Postal Service has helped link the communities of America together for more than 200 years. We have a long tradition of service to our country — always have, always will. Thank you for giving me the opportunity to tell you how we are working with you to make our communities a better place to live and work.

As you have heard, I am proud to be part of the organization that delivers *the mail and more* to our community.

Now, I would like to answer any questions you may have about the Postal Service. Who has the first one?

DMM REVISION

Optional 5-Digit Scheme for Parcels

Effective July 12, 2001, *Domestic Mail Manual* (DMM) modules E, L, and M are revised and labeling list L606 is added (see page 93) to include a new optional 5-digit scheme preparation for Standard Mail machinable and irregular parcels and for Package Services machinable and nonmachinable parcels. The new 5-digit scheme allows mailers the option to sort parcels to delivery units in a manner compatible with the way the Postal Service distributes parcels to letter carriers. Mailers who opt to make 5-digit scheme sorts for parcels need not prepare them for all possible 5-digit schemes.

The new 5-digit scheme for parcels is similar to the 5-digit scheme for automation letters (per the City State File Product maintained by the National Customer Support Center) and the 5-digit scheme for flats (see DMM L001).

We will include these changes in the printed version of DMM Issue 57 and in the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

There is no required minimum number of pieces that must be deposited for the DDU rate and no specific preparation requirements; however, the pieces must be part of a mailing of at least 50 Parcel

Post rate pieces and must be prepared by 5-digit scheme (optional) and 5-digit sorts. To determine the location for entry of 5-digit scheme sorted pieces, use Column B of L606. To determine the location for entry of 5-digit sorted pieces or whether a 5-digit delivery facility can handle pallets (including pallet boxes) refer to the Drop Shipment Product maintained by the National Customer Support Center (NCSC) (see G043).***

[Renumber items l through ab as m through ac, respectively; add new item l; and revise items ab and ac as follows:]

- l. A 5-digit/scheme sort for Standard Mail machinable and irregular parcels and Package Services machinable and nonmachinable parcels yields 5-digit scheme sacks or pallets for those 5-digit ZIP Codes listed in L606 and 5-digit sacks or pallets for other ZIP Codes. The 5-digit ZIP Codes in each scheme are treated as a single presort destination subject to a single minimum volume (if required), with no further separation by 5-digit ZIP Code required. Sacks or pallets prepared for a 5-digit scheme destination that contain pieces for only one of the schemed 5-digit ZIP Codes are still considered 5-digit scheme sorted and are labeled accordingly. The 5-digit scheme sort is always optional, including when 5-digit sortation is required for rate eligibility. The 5-digit scheme sort need not be used for all possible 5-digit scheme sorts

and is available only for Standard Mail machinable and irregular parcels and Package Services machinable and nonmachinable parcels.

ab. An overflow sack for Parcel Select (Parcel Post) DSCF rate mail is a 5-digit scheme (optional) or 5-digit sack prepared with fewer than seven pieces after all other sacks for that same 5-digit scheme (optional) or 5-digit sort are prepared with seven or more pieces per sack as required by M710. If all of the mail is sacked under M710, only one overflow sack is permitted for each 5-digit scheme (optional) or 5-digit sort. If a mailing is prepared on pallets, remaining pieces of Parcel Post mail may be prepared in one or more 5-digit scheme (optional) or 5-digit overflow sacks only after one or more 5-digit scheme (optional) or 5-digit pallets are prepared to meet the minimum pallet requirement specified in M045. More than one overflow sack per 5-digit scheme (optional) or 5-digit sort is permitted for mail prepared on 5-digit scheme (optional) or 5-digit pallets under M045. Pieces in overflow sacks qualify for Parcel Select DSCF rates.

ac. An overflow pallet in a Parcel Select (Parcel Post) DSCF rate mailing is a 5-digit scheme (optional) or 5-digit pallet containing pieces that remain after one or more 5-digit scheme (optional) or 5-digit pallets have been prepared to meet the minimum pallet requirement specified in M045. Only one overflow pallet per 5-digit scheme (optional) or 5-digit sort is permitted for Parcel Select DSCF rate mail palletized under M045. Pieces on 5-digit scheme (optional) and 5-digit overflow pallets qualify for the DBMC rates.

12.0 PARCEL POST DSCF RATES — PARCELS ON PALLETS

12.1 Basic Preparation, Parcels on Pallets

* * * * *

[Revise items a through c; renumber items d and e as e and f; and add new item d to read as follows:]

- a. General. Parcels for each SCF area must be sorted to 5-digit scheme (optional) and 5-digit destinations on pallets. For purposes of this section, the term "pallets" includes preparation of parcels directly on pallets and preparation of parcels in pallet boxes on pallets. Except when prepared under 12.2, each 5-digit scheme (optional) and 5-digit pallet must meet a minimum volume requirement under one of the criteria in 12.1b. Machinable and nonmachinable pieces may be combined on the same pallet or in the same overflow sack. In a single mailing mailers may prepare some pallets under the minimum volume requirement in 12.1b(1) and some pallets under the minimum volume requirement in 12.1b(2). A mailing entered at a destination SCF facility containing pallets prepared under 12.1 also may include mail that is sacked for the DSCF rate under M710.

Double-stacking is permitted if the requirements of M041 are met.

- b. Minimum volume. The minimum volume per 5-digit scheme (optional) and 5-digit pallet can be met in one of the following ways:
 - (1) Pieces may be placed on 5-digit scheme (optional) and 5-digit pallets, each containing at least 50 pieces and 250 pounds.
 - (2) Pieces may be placed on 5-digit scheme (optional) and 5-digit pallets, each having a minimum height of 36 inches of mail (excluding the height of the pallet) (see M041).
- c. Overflow. After filling a pallet(s) to a 5-digit scheme (optional) or 5-digit destination, any remaining pieces that do not meet the minimum pallet requirements may be prepared in one of the following ways (one or both methods may be used in a single mailing):
 - (1) Placed in 5-digit scheme (optional) or 5-digit overflow sacks (no minimum number of pieces per sack) that are labeled in accordance with the 5-digit scheme (optional) or 5-digit sacking requirements for the DSCF rate in M710. Overflow pieces sacked in this manner are eligible for the DSCF rates.
 - (2) Placed on a 5-digit scheme (optional) or 5-digit pallet labeled under 12.1d that does not meet the minimums for the DSCF rate. Overflow pieces palletized in this manner are eligible for the DBMC rates but they are not eligible for the DSCF rates.
- d. 5-digit scheme pallet labeling:
 - (1) Line 1: use L606, Column B.
 - (2) Line 2: "PSVC PARCELS 5D SCH."

* * * * *

12.2 Alternate Preparation, Parcels on Pallets

* * * * *

[Revise items a through c; renumber items d and e as e and f; add new item d; and revise item f to read as follows:]

- a. General. All DSCF rate mail in the mailing must be sorted to 5-digit scheme (optional) or 5-digit destinations under 12.2 (i.e., mail prepared under 12.1 and mail sacked under M710 must not be included in a mailing prepared under 12.2). For purposes of this section, the term "pallets" includes preparation of parcels directly on pallets and preparation of parcels in pallet boxes on pallets. Machinable and nonmachinable pieces may be combined on the same pallet. Double-stacking is permitted if the requirements of M041 are met.

- b. Minimum volume. To qualify for the DSCF rate, no pallet may contain fewer than 35 pieces and 200 pounds, and for the entire mailing the average number of DSCF rate pieces per 5-digit scheme (optional) or 5-digit must be at least 50.
- c. Overflow. After filling a pallet(s) to a 5-digit scheme (optional) or 5-digit destination, any remaining pieces that do not meet the minimum pallet requirements may be prepared in one of the following ways. One or both methods may be used in a single mailing:
 - (1) Placed in 5-digit scheme (optional) or 5-digit overflow sacks (no minimum number of pieces per sack) that are labeled in accordance with the DSCF sacking requirements in M710. Overflow pieces sacked in this manner are eligible for the DSCF rates.
 - (2) Placed on a 5-digit scheme (optional) or 5-digit pallet labeled under 12.2d that does not meet the minimums for the DSCF rate. Overflow pieces palletized in this manner are not eligible for the DSCF rates but are eligible for the DBMC rates.
- d. 5-digit scheme pallet labeling:
 - (1) Line 1: use L606, Column B.
 - (2) Line 2: "PSVC PARCELS 5D SCH."
 - (3) In the mailer area below Line 3: use the pallet ID number.

* * * * *
- f. Documentation. A list of each 5-digit scheme (optional) and 5-digit pallet in the mailing that qualifies for the DSCF rate must be submitted. The pallets in the mailing that qualify for the DSCF rate must be renumbered sequentially, and this pallet identification number must be printed below Line 3 on the pallet label. The documentation must list each pallet in sequential order by pallet identification number. The listing for each pallet must show: the pallet identification number, the applicable 5-digit scheme or 5-digit destination of the pallet, the total weight of pieces on the pallet, the total number of pieces on the pallet, and the running total of pieces (i.e., the number equal to the number of pieces for that pallet plus the sum of the pieces on all pallets listed before it.) This documentation must not include: pieces prepared in overflow sacks at the DSCF rates, pieces prepared on overflow pallets at the DBMC rates, or pieces claimed at any other rate in the mailing.

13.0 PARCEL POST DSCF RATES — SACKS ON PALLETS

[Revise 13.0 to read as follows:]

Mailers who prepare DSCF rate mail in 5-digit scheme (optional) or 5-digit sacks under M710 may place the sacks for the same SCF area on an SCF pallet (including a pallet box on a pallet). Mailers who prepare overflow from pallets under 12.1 or 12.2 may place 5-digit scheme (optional) or 5-digit sacks for the same SCF area on an SCF pallet (including a pallet box on a pallet). See 12.1f for requirements concerning separation of sacks prepared under M710 from sacks prepared under 12.1. There are no pallet minimums for such pallets. Mailers may prepare such SCF pallets without having to prepare 5-digit scheme (optional) and all possible 5-digit pallets prior to preparing the SCF pallet. Pallets must be labeled in the following manner:

- a. Optional 5-Digit Scheme Pallets:
 - (1) Line 1: use L606, Column B.
 - (2) Line 2: "PSVC PP 5D SCHEME" or "PSVC PP 5D SCH"
- b. 5-Digit Pallets:
 - (1) Line 1: use L002, Column C.
 - (2) Line 2: "PSVC PP 5D."

14.0 PARCEL POST DDU RATES

[Revise 14.0 to read as follows:]

Parcels may be bedloaded, sacked, or palletized. For purposes of this section, the term "pallets" includes preparation of parcels directly on pallets and preparation of parcels in pallet boxes on pallets. There are no preparation or presort requirements for DDU rate mailings other than separation by 5-digit scheme (optional) and 5-digit. Machinable and nonmachinable pieces may be combined. Refer to the Drop Shipment Product maintained by the National Customer Support Center (NCSC) (see G043) and the information in E751 including Exhibits E751.7.0 and E751.8.0 to determine the location of the 5-digit delivery facility and whether that facility can handle pallets (including pallet boxes on pallets). If a DDU facility cannot handle pallets, and a mailer transports mail to the DDU facility on pallets, the driver must unload the pallets into a container specified by the DDU facility. Pieces that are sacked or palletized must be prepared to 5-digit scheme (optional) and 5-digit destinations, and labeled as follows:

- a. Optional 5-Digit Scheme Sacks or Pallets:
 - (1) Line 1: use L606, Column B.
 - (2) Line 2: "PSVC PARCELS 5D SCH."
- b. 5-Digit Sacks or Pallets:
 - (1) Line 1: use city, state, and 5-digit ZIP Code destination of pieces.

(2) Line 2: "PSVC PARCELS 5D."

DMM REVISION

Parcel Post ZIP Code Changes

Effective July 12, 2001, *Domestic Mail Manual* (DMM) E751 Exhibit 6.0 is revised to delete certain ZIP Codes and add others. These changes are being made to reflect information listed in the AIS Drop Ship Product.

The entries being *deleted* no longer need to be listed in Exhibit 6.0, because the correct facilities are *now consistent* with the information listed in the AIS Drop Ship Product.

The entries being *added* must be entered at the appropriate BMC as indicated in Exhibit 6.0, because the correct facilities are *no longer consistent* with the information listed in the AIS Drop Ship Product.

We will incorporate these changes into the printed version of DMM Issue 57 and into the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

DMM REVISION

Parcel Post ZIP Code Changes

Effective July 12, 2001, *Domestic Mail Manual* (DMM) E751 Exhibit 7.0 is revised to delete certain ZIP Codes. Therefore, they no longer need to be listed in Exhibit 7.0.

We will incorporate these changes into the printed version of DMM Issue 57 and into the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage. Items submitted for cancellation may not include

postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

NOTICE AND CORRECTION

Proper Identification of Damaged Mail Transport Equipment Rolling Stock

Please disregard the article titled "Notice: Proper Identification of Damaged Mail Transport Equipment Rolling Stock" in Postal Bulletin 22051 (5-31-01, page 59). The article that appears here has the correct information.

All users of mail transport equipment (MTE) are requested to promptly identify, "red tag," and isolate damaged or defective wheeled containers used to transport mail. Damaged rolling stock must be removed from service and placed in a holding area for return to the servicing mail transport equipment service center (MTESC).

Although all MTE items passing through the MTESCs are scanned for obvious defects, use of the orange PS Form 4707, "Out of Order" tag, will ensure that broken rolling stock is identified and scheduled for repair. Please help the MTESC network keep your rolling stock serviceable by tagging all defective containers.

NOTICE AND CORRECTION

Removal of Trash From Mail Transport Equipment

Please disregard the article titled "Notice: Removal of Trash from Mail Transport Equipment" in Postal Bulletin 22051 (5-31-01, page 59). The article that appears here has the correct information.

Mail processing centers and facilities must immediately stop shipping excess or broken office and workroom furniture, equipment, garbage, and trash to the mail transport equipment service centers (MTESCs) in excess containers or cardboard boxes. Incidents of this type have increased sharply during 2001. This practice creates environmental health and safety problems at the receiving MTESCs, which must spend unbudgeted funds to dispose of the refuse through waste management contractors.

Future shipments of this type will be returned to the originating offices, which will be billed for the additional shipping and handling expenses.

Refer to Handbook AS-701, *Material Management*, for instructions on disposing of unneeded or broken equipment.

New Boise Cascade Account Number for Orders

Effective July 16, 2001, Postal Service personnel placing orders through the Boise Cascade Office Products, Inc. national strategic partnership will use a new account number — 289538. The current account number (379191) will be deactivated at the close of business Friday, July 13, 2001.

In order to set up all users with the new account number, Boise Cascade will be performing system maintenance through July 13. This will result in *temporary* system downtime for buyers using either the I-97 or *bcop.com* (formerly Order Point) system while Boise Cascade makes this account number conversion. Buyers may continue to use these two systems as long as they have access to them.

During this conversion, access will be temporarily interrupted (buyers might find that access is available some but not all of the time).

Orders may still be placed during this downtime by using:

- Telephone: 1-888-229-USPS (8777).
- Fax: 1-888-285-USPS (8777).

Online help is available for *bcop.com* users. Users may also call Boise's Help Desk at 1-800-817-8132 to request electronic instructions on how to use *bcop.com*.

Valid IBI Indicia for Meters and PC Postage™ Systems — Centerfold Reference Sheet

This issue of the *Postal Bulletin* (22054) includes a centerfold color reference sheet for information based indicia (IBI) for meters and PC Postage systems. IBI are digital indicia that include human-readable information; a Postal Service-approved, 2-dimensional barcode with a digital signature (makes each indicium unique); and other required data fields.

The purpose of the sheet is to assist employees in identifying valid indicia. The sheet also provides a quick reference as to which indicia may be refunded at a postal retail window and which indicia must be returned to the provider for refund.

The sheet is perforated for easy removal. Please display it on a bulletin board or some other central location where employees will have easy access to it.

Discontinuance of PS Form 3602-A

Effective July 12, 2001, PS Form 3602-A, *Record of Meter Register Readings*, is discontinued. Manufacturers will no longer provide PS Form 3602-A to customers when meters are shipped or when customers request additional copies.

Customers are still encouraged to maintain their own records of daily transactions if their meters do not perform this function. Customers may develop their own format for this documentation.

Existing supplies of the forms at Post Offices may be distributed to customers until depleted. This form will no longer be available for ordering from the material distribution center.

Postal stores take note

Change in automatic distribution

Postal stores will see reductions in the number of packaged commemorative stamps they receive in their automatic distribution. Point-of-sales data are now being used to determine 90-day sales quantity for a particular store and a particular stamp image. Quantities will vary depending on the expected popularity of the stamp image and whether it is gummed or self-adhesive.

Local stamp distribution offices will get a limited amount of packaged stamps to supply new store openings and meet unexpected demand. But once this supply is exhausted, no more will be available.

This new program does not apply to "special" commemoratives such as *Love* stamps, which will be packaged as demand requires. Each store's point-of-sales data will be reviewed on a quarterly basis, and adjustments will be made accordingly. This is an effort to reduce the costs associated with printing and packaging stamps and destroying those that are not sold.

New retail position

Effective June 30, there's a new level 6 retail position — lead sales and services associate (LSSA). It replaces two former level 6 position descriptions — window services technician (T-6) and clerk, finance station — and it replaces obsolete requirements with increased customer focus and leadership qualities. For the first time, the level 6 retail position has a training course and qualifying exam.

Retail Coaches' Corner

Welcome to the July Corner!

This month's edition has information on return addressing on Priority Mail® service items, information-based indicia (IBI), and phone cards.

Priority Mail Service Return Address

Domestic Mail Manual (DMM) A010.4.4.3 states that the sender's return address must appear legibly on Priority Mail service items. Remind retail associates that when visually inspecting an item to be mailed, they should verify that the return address is legible.

IBI — A Postage Alternative

Did you know that promoting alternative access to postage is an important retail strategy? That's right, and retail associates play an important role in helping our retail customers understand the convenience and benefits of these alternatives.

By informing customers about alternatives for postage purchase and printing, like PC Postage™ and postage meters, we can be proactive in managing our bottom line and customer lines. It is win-win for retail and our customers to encourage some transactions away from the counter so that we can focus on those transactions that require assistance. That brings value to us and our customers.

In this case, we're talking about the simple purchase of postage, and the options to retail customers such as PC Postage software and postage meters. PC Postage products were first introduced in August 1999 as the latest in postage metering technology. Since then, additional PC Postage products have been approved and new postage meters have taken on similar digital functionality offering higher security and more convenience. New digital postage meters, similar to PC Postage products, print digital postage (IBI), offer extended functions, integrate with more postal services (like Delivery Confirmation™ service), are more secure, and are targeting small business customer needs.

PC Postage products make access to the Postal Service more convenient for customers because they provide postage purchase and printing over the Internet using

computers and desktop printers. Customers can purchase and print postage for First-Class Mail® service, for premium products like Priority Mail service, Express Mail service, and Parcel Post®. Digital postage meters also provide an electronic alternative for round-the-clock access to postage because customers can dial up and download postage anytime, anywhere.

More detailed information on PC Postage, including answers to the most frequently asked questions and instructional talks for employees, can be found in *Postal Bulletin* 22004 (8-12-99, pages 68–69). You can also find more information on our Web site at www.usps.com/ibip.

For your quick reference, graphic illustrations of all currently approved IBI printed by PC Postage products and new digital meters are provided in the centerfold included in this *Postal Bulletin*.

FIRSTCLASS PHONECARD®

Fact or myth?

The Postal Service's FIRSTCLASS PHONECARD is priced higher than other cards.

It may appear that the flat-rate FIRSTCLASS PHONECARD is more expensive when compared with surcharged phone cards sold in convenience stores. The key is that it is a *flat-rate* card. Retail associates should explain to customers that this type of phone card offers:

- No hidden fees (surcharges).
- One flat, per-minute rate.
- A 1-minute pay phone fee (FCC regulation) as opposed to 2 or 3 minutes.
- Minutes that are used are closer to the actual calling time than surcharged cards.

Customers who compare the FIRSTCLASS PHONECARD with other flat-rate cards sold in grocery stores and drug stores will find that it is competitively priced. Offer one to your customers as a daily special item.

L600 Standard Mail and Package Services

L606 5-Digit Scheme—Standard Mail and Package Services Parcels

[7-12-01] L606 lists the optional 5-digit scheme sort for Standard Mail machinable and irregular parcels (excluding ECR irregular parcels), and Package Services machinable and nonmachinable parcels destined for multiple 5-digit ZIP Codes served by a single delivery unit.

Use of the 5-digit scheme sort for parcels is always optional, including when 5-digit sortation is required for rate eligibility. This 5-digit scheme sort need not be used for all possible 5-digit scheme sorts. When used, all parcels for the 5-digit ZIP Codes shown in Column A must be combined in a 5-digit scheme sack(s) or on a 5-digit scheme pallet(s) labeled to the corresponding destination shown in Column B.
