Annual Household Diary Study Begins in September

The Postal Service's Household Diary Study (HDS), conducted since 1987, provides information about the contents of the mail sent and received by U.S. households. The Postal Service uses this information to help understand why and how customers use the mail. The results are used to:

- Forecast mail volume.
- Plan marketing strategies.
- Provide information for rate-setting purposes.

The HDS is administered at Headquarters by the Office of Demand Forecasting and Economic Analysis, Finance. NuStats, the HDS survey research firm contractor since July 1999, conducts the interviews and collects and analyzes the HDS data throughout the year.

HDS is a two-stage survey. Stage 1 is the *Household Interview*. NuStats sends an advance letter, signed by the postmaster general, to a representative sample of U.S. households. This letter emphasizes the importance of the HDS and asks for participation. These sample households are contacted either by telephone or in person and asked about the mail they send and receive, their adoption and use of various communications' technologies, their attitudes about mail service in general, and information relating to their household and personal demographics. Those respondent households are recruited to participate in HDS Stage 2.

Stage 2 is the *Mail Diary*. NuStats asks households that agree to participate in Stage 2 to record information about the mail they send and receive for a 7-day period from Monday to Sunday. Information recorded includes: number of mailpieces received and sent, industry mail source, mail characteristics, and attitudes regarding mail received. As an incentive for HDS Stage 2 participation, households are offered the options of receiving: \$25, a gift valued at \$25, or \$25 to donate to the Lance Armstrong Foundation.

In postal fiscal year (PFY) 2000, NuStats interviewed and recruited 9,692 households to participate in the HDS Stage 2. A total of 5,314 households returned acceptable completed diaries to NuStats for a completion rate of 55 percent.

Data gathered in both HDS stages is available in a final report, "The Household Diary Study — Mail Use and Attitudes." The report is published in hard copy and CD-ROM and is also available for sale to the public. Order forms for the latest HDS report may be obtained via the Postal Service Internet at www.usps.com by using the key words "household diary study" in the Keyword/Search box or by calling Jackie Butler at 202-268-4515.

For additional information, contact Malcolm Harris, 202-268-3650; FAX 202-268-6841; e-mail mharris@email.usps.gov.

Survey Responses — Help Us Improve Policies and Procedures

Thanks to each of you who responded to our survey. We received 1,475 comments and ideas on how to make policies and procedures better. Your comments were honest and helpful. The information from the surveys has been entered into a database, and we will continue to share findings with you in future issues of the *Postal Bulletin*.

But to get started, here are a few:

- Many of you suggested putting the Fraud Alert information in the same place each time so it is easy to find and remove. Starting in this issue, we are experimenting with its placement by putting it in the center of the *Postal Bulletin*. Placement in the center allows you to pull it out without tearing the sheets. This will make it easy to photocopy or keep as a reference.
- Some of you suggested perforations and a 3-hole punch format for the *Postal Bulletin*. We are evaluating the cost and delay time that would be required for those options. We will let you know the decision after we get all the facts.
- Other responses suggested putting the manuals, handbooks, publications, and the *Postal Bulletin* on the Postal Service Web site. For those who do not know, many of those documents are already available on our Web site. Check the back page of this *Postal Bulletin* for how to access them.

DMM REVISION

Parcel Post ZIP Code Changes

Effective August 23, 2001, *Domestic Mail Manual* (DMM) E751 Exhibits 7.0 and 8.0 are revised to add a ZIP Code in each Parcel Select exception list. Parcel Post for ZIP Codes 98055 and 98057 should be deposited at the Renton Main Office, 17200 116th Avenue, SE, Renton, WA 98058-9998, in order to qualify for destination delivery unit rates.

The facility's drop site key listed in the AIS Drop Ship Product has been included to help identify the correct facility.

We will incorporate these revisions into the printed version of DMM Issue 57 and into the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

DMM REVISION

Documentation Requirements for Sequenced Mail

Effective September 6, 2001, *Domestic Mail Manual* (DMM) M050 is revised to change the documentation needed to substantiate compliance with the standards for Periodicals and Standard Mail mailings sequenced in line-of-travel (LOT) order. In addition, new products whose use will allow mailers sequenced rates eligibility are added *in anticipation* of their release. This revision is changing only documentation requirements for sequen-cing — employees and mailers are reminded that other kinds of documentation are required to support rate eligibility. Further, DMM A930 is revised to include a fuller description of the sequencing product options.

We will incorporate these changes into the printed version of DMM Issue 57 and into the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

Also, we will incorporate the names of the new products (i.e., eLOT and DSF²) into the current language that references the existing products in A950.1.3, E230.2.2, and E630.1.5. DSF² is a service mark.

A930	Other Services	*	*	*	*	*

[Add new sections 6.0–8.0 to read as follows:]

6.0 COMPUTERIZED DELIVERY SEQUENCE (CDS)

The Computerized Delivery Sequence (CDS) file is a 5-digit ZIP Code-based electronic customer product that provides and updates delivery sequence address information by carrier route for qualified mailers. Mailers must first qualify for CDS information through the manual card sequencing described in A920. Once a mailer has qualified for a 5-digit ZIP Code area, delivery sequence information is made available via electronic media. The CDS file is updated bimonthly.

7.0 DELIVERY SEQUENCE FILE (DSF)

The Delivery Sequence File (DSF) is a computerized file that contains all delivery point addresses serviced by the USPS, with the exception of general delivery. On the file, each delivery point is a separate record that conforms to all USPS addressing standards. Each record contains the ZIP+4 code, carrier route code, delivery sequence, delivery type, and seasonal delivery information. The DSF is updated monthly and is available through licensees approved by the USPS. A new version of this file will be available in fall 2001, known as the Delivery Sequence File, Second Generation (DSF²). A list of licensees is available at www.ribbs.gov (click on *Vendor Information*) or by contacting the National Customer Support Center at 800-238-3150.

8.0 LINE-OF-TRAVEL (LOT) PRODUCT

The USPS provides an electronic product called the “LOT product” that sequences addresses in a mailing list in LOT order. An enhanced version of this product called “eLOT” will be introduced in fall 2001. The USPS requires address lists to be processed through CASS-certified ZIP+4 address-matching software before being processed against a LOT product. Non ZIP+4-coded records may not be used with this product. The LOT products are updated bimonthly. They are available for purchase from the National Customer Support Center.

1.0 BASIC STANDARDS

1.2 Missing Addresses

[Revise 1.2 to read as follows:]

If mailpieces cannot be sequenced because an exact match for a name or address cannot be obtained, then these pieces may be included in a sequenced mailing only if they are placed behind the sequenced mail. These pieces must be sequenced alphabetically by primary street name and numerically for numbered streets, and then numerically in ascending order by primary address.

* * * * *

3.0 DELIVERY SEQUENCE INFORMATION

* * * * *

3.2 Without Simplified Addressing

[Revise 3.2 to read as follows:]

Walk-sequence rate pieces prepared with other than a simplified address must be sequenced using USPS data from one of the following sources, issued within 90 days before the mailing date:

- a. The Computerized Delivery Sequence (CDS) file.
- b. The Delivery Sequence File (DSF) or Delivery Sequence File, Second Generation (DSF²).
- c. Delivery sequence information from USPS address sequencing services, as requested by the customer.

* * * * *

3.4 Line-of-Travel Sequence

[Revise 3.4 to read as follows:]

Unless the mail is prepared in carrier walk sequence, line-of-travel (LOT) sequence is required for mailings at Standard Mail Enhanced Carrier Route basic rates and Periodicals carrier route basic rates. LOT sequence is not an exact walk sequence but a sequence of ZIP+4 codes arranged in the order that the route is served by a carrier. (First the ZIP+4 groups are sequenced, then the addresses within each are identified as being in ascending or descending order.) The USPS LOT and eLOT products provide a list of the ZIP+4 codes each carrier route serves, identify the order in which they are delivered, and provide an indicator specifying whether the addresses in each must be sorted in ascending or descending order. When a range of ZIP+4 codes on the same carrier route are assigned the same sequence number, the addresses bearing those ZIP+4 codes must be arranged in ascending ZIP+4 code order before the sequence number is assigned. LOT information must be updated within 90 days before the date of mailing.

4.0 DOCUMENTATION

4.1 General

[Revise 4.1 to read as follows:]

For Periodicals, the postage statement must be annotated in the "Sequencing Date" block on each of the lines where basic, high density, and saturation per-piece rate postage is reported. For Standard Mail, the postage statement must be annotated in the "Sequencing Date" block on the front of the postage statement where total postage for Enhanced Carrier Route rates is reported. The mailer must provide documentation to substantiate compliance with the standards for carrier route sequencing. Unless the documentation is submitted with the corresponding mailing, the mailer must be able to provide the USPS with documentation of accurate sequencing or delivery statistics for each carrier route to which walk-sequence and basic-rate pieces are mailed. The mailer must annotate the postage statement to show the earliest (oldest) date of the method (in 4.1a through 4.1e) used to obtain sequencing information for the mailing. Acceptable forms of documentation are:

- a. The invoice showing that the addresses came from CDS.
- b. DSF or DSF² invoice or documentation.
- c. Copies of the delivery unit summaries that served as the mailer's bills for address sequencing service charges.
- d. Evidence of receipt of information from postmasters for simplified address mailings (see A930).
- e. PS Form 3553, *Coding Accuracy Support System (CASS) Summary Report*, showing the date of the LOT or eLOT product used, or the date from the USPS Qualification report produced by presort software.

PILOT TEST

Delivery Confirmation Service With “Change Service Requested” — General Information and Service Talk

General Information

The Postal Service is beginning a test of whether customers should be allowed to use Delivery Confirmation™ service in conjunction with the “Change Service Requested” ancillary service endorsement.

Domestic Mail Manual (DMM) F010.5.0 prohibits the use of Change Service Requested with any special service. With Change Service Requested, undeliverable mailpieces are disposed of and the mailer is notified of the new address or reason for nondelivery. If those pieces had special services, the Postal Service would not want to dispose of them because the pieces would require a delivery scan or signature, or, in the case of an insured parcel, the Postal Service would have to pay a claim. These are the reasons for prohibiting the use of Change Service Requested with special services.

However, some mailers want to use a special service (Delivery Confirmation service), and want an address correction or reason for nondelivery, but they do not want the actual mailpiece returned to them. For example, shippers of perishable items such as fruit find it more cost effective to get the corrected address and ship a new mailpiece. They do not want the added cost of rehandling a returned mailpiece, especially when the contents are spoiled and no longer usable.

To address this customer need, Expedited/Package Services is partnering with other functional areas to sponsor a test of mailers using electronic option Delivery Confirmation service with Change Service Requested.

Who can participate?

Any certified Delivery Confirmation mailer can participate. Mailers using Priority Mail® service must also be Address Change Service (ACS) participants.

What classes of mail are eligible?

Mailers can ship items via Priority Mail (for perishable items only), Standard Mail (for pieces subject to the residual shape surcharge only), and Package Services.

What special services are available?

For this test, only electronic option Delivery Confirmation service can be used with the Change Service Requested ancillary service endorsement. In order to monitor the effectiveness of this program, test mailers will be asked to provide the Postal Service with the Delivery Confirmation service numbers for packages using Delivery Confirmation service and the Change Service Requested endorsement.

Participation is based on the mailer’s understanding that when used in conjunction with Change Service Requested, an undeliverable-as-addressed scan from a delivery unit simply indicates that the mailpiece arrived at the delivery unit, was undeliverable-as-addressed, and was disposed of by the Postal Service.

How long is the test?

The test is expected to last 4 months, beginning with this article. At the conclusion of the test, Expedited/Package Services will evaluate whether the Postal Service should offer this exception on a permanent basis.

How can mailers apply?

Applicants may fax their request to 415-357-3684 or mail the request to:

EXPEDITED/PACKAGE SERVICES
US POSTAL SERVICE
33 NEW MONTGOMERY ST STE 1690
SAN FRANCISCO CA 94105-4514

The request letter must be on the applicant’s company letterhead and must include the name and telephone number of a company contact for the test, the classes of mail to be used in the test, and the signature of the applicant. The following sentence must be included in the application: “[*Company Name*] is requesting an exception to *Domestic Mail Manual* F010.5.0, which prohibits the use of Delivery Confirmation service on mail bearing the Change Service Requested endorsement.”

Requests from applicants who will use Priority Mail service must include the ACS participant code issued by the National Customer Support Center. A copy of PS Form 3152, *Confirmation Services Certification* (the form that authorized electronic option Delivery Confirmation service), and a sample label including the Change Service Requested endorsement must accompany the letter of request. Applicants will be provided an exception to the DMM standards by one of the rates and classification service centers. Once applicants receive the exception letter, they may begin applying Delivery Confirmation service barcodes to mailpieces endorsed Change Service Requested.

Delivery Issues

Using Delivery Confirmation service with the Change Service Requested endorsement *does not* affect how delivery personnel and Computerized Forwarding System (CFS) units handle these mailpieces. Carriers and clerks will scan undeliverable items using the same procedures they use for all Delivery Confirmation service mailpieces. Processing address correction notifications and mailpiece

disposal will be handled like any other undeliverable mailpiece bearing the Change Service Requested endorsement.

In keeping with the current process, undeliverable Delivery Confirmation service items that contain an ACS participant code will be sent to the CFS unit. The CFS unit will process the address correction notification and then dispose of the mailpiece in accordance with the approved treatment for mailpieces endorsed Change Service Requested. Because the delivery unit already will have captured the undeliverable-as-addressed scan, the Delivery Confirmation service barcode will not affect the disposal of a piece endorsed Change Service Requested.

Some employees may be hesitant to dispose of a mailpiece, such as a book, that appears to have value. Be assured that mailers use the ancillary service endorsement that best suits their business.

At the conclusion of this test, we will determine whether to formalize the policies and procedures in the *Domestic Mail Manual*.

Service Talk

Postmasters/Station Managers/Computerized Forwarding System Managers: Please present this service talk to your clerks and carriers as soon as possible.

The Postal Service is testing the use of Delivery Confirmation service in combination with the Change Service Requested endorsement. This test does not change the scanning procedures or event codes used by delivery units and box sections on either deliverable or undeliverable Delivery Confirmation service items.

If you have an undeliverable mailpiece with Delivery Confirmation service that bears the Change Service Requested endorsement, scan the item just like you do now for other undeliverable Delivery Confirmation service pieces. Address correction notifications and disposal of mailpieces are handled in the same manner as any other undeliverable mailpiece bearing the Change Service Requested endorsement.

Keep in mind that all undeliverable pieces containing an ACS participant code are sent to the CFS unit, even if the mailpiece contains a Delivery Confirmation service barcode. ACS participant codes appear on the first line above the address and begin with a pound sign (#).

For undeliverable ACS mailpieces, CFS will process the address correction notification and then dispose of the item in accordance with the Change Service Requested endorsement. A Delivery Confirmation service barcode does not affect the disposal of a Change Service Requested piece.

DMM AND POM REVISION:

Post Office Box Service Application Procedures — Post Office Box Service

Effective August 23, 2001, the *Domestic Mail Manual* (DMM) and *Postal Operations Manual* (POM) are revised to clarify the application procedure for Post Office box service.

In addition, PS Form 1093, *Application for Post Office Box or Caller Service* (see pages 13–14), is revised to conform to the final rule published in the *Federal Register* on January 25, 2000 (65 FR 3857–3859). This rule repeals the provision that allowed disclosure to the public, upon request, of the name, address, and telephone number of the holder of a Post Office box being used for the purpose of doing or soliciting business with the public. The purpose of the change was to provide a greater degree of privacy and security to the growing number of small business owners who operate out of their homes.

We will incorporate these revisions into the printed versions of DMM 57 and POM 9; into the next online revision of the POM available via the corporate Intranet at <http://blue.usps.gov>; and into the monthly update of the online DMM available via the Post Explorer Web site at <http://pe.usps.gov>.

2.0 SERVICE**2.1 Application**

[Revise 2.1 to read as follows:]

Procedures for applying for Post Office box service are as follows:

- a. The applicant must complete all required items on Form 1093, *Application for Post Office Box or Caller Service*, and submit it to any postal facility that provides window service to the public. The facility need not be the one where box service is desired. Furnishing false information on the application or refusing to furnish required information may be sufficient reason for denial of the application or discontinuance of service.

- b. Spouses may complete and sign one Form 1093. Each spouse must present two items of valid identification. A parent or guardian may receive delivery of a minor's mail by listing the name(s) and age(s) of each minor on Form 1093. Other adult persons who receive mail in the Post Office box of an individual box customer must be listed on Form 1093 and must present two items of valid identification to the Post Office.
- c. Employees or members who receive mail in the Post Office box of an organization box customer must be listed on Form 1093. Each person must have verifiable identification and, upon request, present this identification to the Postal Service.
- d. When any information required on Form 1093 changes, the box customer must update the application on file at the Post Office.

[Revise 2.2 to read as follows:]

2.2 Verification

An application for Post Office box service may not be approved until the applicant's identity and current permanent physical address where he or she resides or conducts business is verified. Verification criteria are as follows:

- a. At the time of application, applicants must present two items of valid identification; one item must contain a photograph of the applicant. Social Security cards or credit cards and birth certificates are unacceptable as identification. The following are acceptable identification:
 - (1) Valid driver's license or state non-driver's identification card.
 - (2) Armed forces, government, university, or recognized corporate identification card.
 - (3) Passport, alien registration card, or certificate of naturalization.
 - (4) Current lease, mortgage, or deed of trust.
 - (5) Voter or vehicle registration card.
 - (6) Home or vehicle insurance policy.
- b. The identification presented must be current. It must contain sufficient information to confirm that the applicant is who he or she claims to be and must be traceable to the bearer.

[Delete 2.3, Proof of Physical Address, and renumber 2.4 and 2.5 as 2.3 and 2.4, respectively.]

3.0 CONDITIONS OF USE

[Revise title and text of 3.1 to read as follows:]

3.1 Mail Receipt

In accordance with the application and verification standards in 2.0, any individual box customer or organization may receive through the box any mail properly addressed to the box number.

[Delete 3.2. Renumber sections 3.3 through 3.8 as 3.2 through 3.7, respectively.]

a. A box customer refuses or fails to pay the proper fees by the due date.
b. A box customer submits a written notice to discontinue service.
c. Any person other than the box customer attempts to renew service at the end of the period for which the box is issued.
d. A box customer, or an appointed executor or administrator of a deceased box customer, submits a permanent change-of-address order.

[Add new 8.5 as follows:]

8.5 Boxes Not Surrendered

- A Post Office box is not surrendered if:
a. A box customer dies or disappears before the end of the period for which the box is issued.
b. A box customer submits a temporary change-of-address order.
c. A change-of-address order is submitted by any person other than the box customer, or an appointed executor or administrator of a deceased box customer for mail going to the box.

- a. Applicant
(1) An applicant must present two items of valid identification with the application; one item must contain a photograph of the applicant. Social Security cards, credit cards, or birth certificates are unacceptable as identification. The following are acceptable identification:
(a) Valid driver's license or state non-driver's identification card.
(b) Armed forces, government, university, or recognized corporate identification card.
(c) Passport, alien registration card, or certificate of naturalization.
(d) A current lease, mortgage, or deed of trust.
(e) Voter or vehicle registration card.
(f) Home or vehicle insurance policy.
(2) The identification presented must be current. It must contain sufficient information to confirm that the applicant is who he or she claims to be and must be traceable to the bearer. Spouses may complete and sign one Form 1093. Each spouse must present two items of valid identification. A parent or guardian may receive delivery of a minor's mail by listing the name(s) and age(s) of each minor on Form 1093. Other adult persons who receive mail in the Post Office box of an individual box customer must be listed on

Form 1093 and must present two items of valid identification to the Post Office. Employees or members who receive mail in the Post Office box of an organization box customer must be listed on Form 1093. Each person must have verifiable identification, and upon request, present this identification to the Postal Service.

- (3) When any information required on Form 1093 changes, the box customer must update the application on file at the Post Office.
 - (4) Consider an application verified if there is no discrepancy between the information on the application and on the identification presented. If the information on the application does not match that on the identification, verification procedures must be followed to substantiate that the applicant resides or conducts business at the permanent physical address shown. Complete this verification within 3 workdays.
- b. When the location of the current permanent physical address on Form 1093 differs from the physical address on the applicant's valid identification, verification procedures are as follows:
- (1) Use carrier knowledge to confirm that the applicant currently resides or conducts business at the permanent physical address listed on Form 1093.
 - (2) In offices without delivery service, the applicant must provide a current document from a government entity or recognized financial institution or a utility bill with the applicant's name and permanent physical address.
 - (3) If the carrier is unable to confirm or the applicant is unable to substantiate the permanent physical address, the application for Post Office box service is not approved.

Privacy Act Statement: The collection of this information is authorized by 39 USC 403 and 404. This information will be used to provide the applicant with post office box or caller service. As a routine use, the Postal Service may disclose this information to persons authorized by law to serve legal process for the purpose of serving such process; to an appropriate government agency, domestic or foreign, for law enforcement purposes; where pertinent, in a legal proceeding to which the USPS is a party or has an interest; to a government agency in order to obtain or provide information relevant to an agency decision concerning employment, security clearances, security or suitability investigations, contracts, licenses, grants, permits, or other benefits; to a congressional office at your request; to an expert, consultant, or other person under contract with the USPS to fulfill an agency function; to the Federal Records Center for storage; to the Office of Management and Budget for review of private relief legislation; to an independent certified public accountant during an official audit of USPS finances; and to a labor organization as required by the National Labor Relations Act. Information concerning an individual who has filed an appropriate protected court order with the postmaster will not be disclosed in any of the above circumstances except pursuant to the order of a court of competent jurisdiction. Completion of this form is voluntary; however, if this information is not provided, the applicant will not be able to receive a box or use caller service.

PS FORM REVISION

PS Form 1093, Application for Post Office Box or Caller Service

Customers applying for a Post Office box or caller service must submit a revised PS Form 1093, *Application for Post Office Box or Caller Service*, dated August 2001 (see pages 13–14).

Note: The Privacy Act Statement has changed to conform to the final rule published in the *Federal Register* on January 25, 2000 (65 FR 3857–3859). This rule repeals the provision that allowed disclosure to the public, upon request, of the name, address, and telephone number of the holder of a Post Office box being used for the purpose of doing or soliciting business with the public.

The following changes have been made to PS Form 1093:

Item 4a. Will this box be used for personal or business use?

[This information is optional.]

Item 4b. Email Address

[The applicant may list an email address in this section. This information is optional.]

[Information in block 4a and b is optional, and applicants for Post Office box or caller service are not required to complete these boxes. This information will be used to provide small business customers with information and material regarding Postal Service products and services designed to assist them in growing their businesses.]

Item 14. List name(s) and age(s) of minors or names of other persons **receiving mail** in individual box. Other persons must present two forms of valid ID. If applicant is a firm, name each member **receiving mail**. Each person must have verifiable ID upon request.

[The purpose of this change is to ensure that the actual addressee authorizes mail received at a Post Office box address that is not addressed to the box customer (applicant for the box service). Identification is not required for minors of a box customer, but the spouse and all other persons receiving mail in the box must present two items of valid identification to the Post Office. See DMM section D910.2.1b and POM section 841.122a(2).]

Item 15. Signature of applicant (same as item 3). I agree to comply with all postal rules regarding post office box or caller service.

[Currently item 7, this box was moved to the bottom of Part I in the form.]

Item 16. Postmaster: The following named persons or representatives of the organization listed below are authorized to **accept mail** addressed to this (these) post office box(es) or caller number(s). All names listed must have verifiable ID.

[The purpose of this change is to ensure that persons accepting mail for organizations at the Post Office are the actual persons authorized by the organization. These persons must present valid identification to postal personnel if they are unknown.]

The availability of revised PS Form 1093, *Application for Post Office Box or Caller Service*, will be announced in a future issue of the *Postal Bulletin*.

Overseas Military Mail

Mail addressed to or from military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restrictions codes, which appear on the page following the table.

Acceptance clerks should use this table with the Integrated Retail Terminal (IRT) or POS ONE terminal to

determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply.

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month. Changes from the previous month's listing are in bold type.

FPO	= Fleet Post Office
DMM	= <i>Domestic Mail Manual</i>
MOM	= Military Ordinary Mail
MPO	= Military Post Office
PAL	= Parcel Airlift
PSC	= Postal Service Center
SAM	= Space Available Mail
USDA	= United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

B. Form 2976-A is required for all mail weighing 16 ounces or more, with exceptions noted below. In addition, mailers must properly complete required customs documentation when mailing any potentially dutiable mail addressed to an APO or FPO regardless of weight. The following are exceptions to the requirement for customs documentation on non-dutiable mail that weighs 16 ounces or more:

- Known mailers are exempt from providing customs documentation on non-dutiable letters, and printed matter weighing 16 ounces or more. (A known mailer is anyone who legally applies a permit imprint to a mailpiece. Mail with meter postage is not considered to be from a known mailer.)
- All federal, state, and local government agencies are exempt from providing customs documentation on mail addressed to an APO or FPO, except for those APOs/FPOs to which restriction B2 applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B1. Form 2976 or 2976-A is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents. **Exceptions:** All other exceptions listed in restriction B above are applicable to this restriction.

B2. All federal, state, and local government agencies must complete customs documentation when sending mail addressed to or from this APO or FPO weighing 16 ounces or more.

C. Cigarettes and other tobacco products are prohibited.

C1. Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

D. Coffee is prohibited.

E1. Medicines or vaccines not conforming to French laws are prohibited.

E2. Any matter containing religious materials contrary to Islamic faith or depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited.

E3. Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and hand-held transmitters are prohibited.

F. Firearms of any type are prohibited in all classes of mail. See definitions of firearms in DMM C024.1.1C. This restriction does not apply to firearms mailed to or by official U.S. government agencies.

F1. Privately owned weapons addressed to an individual are prohibited in any class of mail.

F2. Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

G. Only First-Class letters, Periodicals, and Standard Mail (A) are authorized.

H. Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

Length	72" length and girth combined
42"	24" girth
over 42" to 44"	20" girth
over 44" to 46"	16" girth
over 46" to 48"	
Maximum length 48"	

This restriction does not apply to registered mail and official government mail marked MOM.

I1. This restriction does not apply to registered mail.

I2. This restriction does not apply to official government mail marked MOM.

J. Parcels may not exceed 108 inches in length and girth combined.

K. Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

L. All official mail is prohibited.

M. Fruits, animals, and living plants are prohibited.

N. Registered mail is prohibited.

O. Personal mail addressed to vessels using this number is limited to unregistered First-Class Mail and certified mail. Other classes of mail are prohibited.

P. APO is used for the receipt and dispatch of official mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those available under DMM C021, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

T. Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

U. Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail weighing 13 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

U2. Mail is limited to First-Class letters only when addressed to Box R.

U3. Mail is limited to First-Class correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

W. Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

X. Personal mail is limited to First-Class Mail (to include audio cassettes and voice tapes) weighing 13 ounces or less. This limitation does not apply to official mail.

Y. Mail is limited to First-Class and Priority Mail only. All Periodicals, Standard Mail (A), and Standard Mail (B) (including SAM and PAL) are not authorized. This restriction also applies to official mail.

Z. No outside pieces (OSPs).

Z1. The Anti-Pilferage Seal (Item No O818-A) is required on all pouches and sacks.

225 Additions, Modifications, and Upgrades

[Revise 225 to read as follows:]

Expenditures for additions, modifications, and upgrades to capital equipment items are added to the cost of the original items of capital equipment only if they are, at least, one-half of the capitalization criteria (*currently \$3,000; therefore, the criteria for Additions, Modifications, and Upgrades would be \$1,500 or more*) and if any of the following occur:

- a. The productive capacity or operating efficiency is materially increased.
- b. The life of the item is significantly extended.
- c. The modification adapts the item to a different use.

If the criteria is not met, the items are then expensed.

Segmented Inventory Accountability

Effective August 23, 2001, Handbook F-1, *Post Office Accounting Procedures*, is revised to reflect Segmented Inventory Accountability (SIA) changes in section 48, Managing Accountable Paper and Cash at Offices with Segmented Inventory Accountability.

We will incorporate these changes into the next printed version of Handbook F-1 and into the online version located on the corporate intranet at <http://blue.usps.gov> (click on *Information*, then *Policies and Procedures*, then *Handbooks*).

48 Managing Accountable Paper and Cash at Offices with Segmented Inventory Accountability

[Revise 481 to read as follows:]

481 Overview

Segmented Inventory Accountability (SIA) is a financial concept used at Postal Service retail units with POS ONE point-of-service terminals. Each unit must contain and maintain a unit reserve stock and has a number of different segments. A window services employee is identified as a sales and services associate (SSA), and an associate's role determines his or her access and responsibility for the assigned inventory segment(s). Employees (SSA) working at window services do not have a stamp stock inventory assigned as individual accountability. Instead, they work from

a shared retail floor stock. SSAs working from the retail floor stock are assigned a \$100 cash credit, identified as cash retained, for which they are individually accountable. Other segments may require stamp stock inventory assigned as individual accountability.

[Revise title and text of 481.1 to read as follows:]

481.1 Retail Floor Stock

The major change incorporated in this section is the inclusion of the concept of retail floor stock. Under this concept, two modifications are made to traditional controls. First, cash is separated from stamp stock in retail credits. Second, a shared retail floor stock replaces individual stamp credits for SSAs.

* * * * *

[Revise 482 to read as follows:]

482 Responsibility for Retail Unit Operations

The postmaster/unit manager or supervisor is responsible for compliance with the procedures defined in this section. Key elements of this responsibility include establishing and controlling segments within the unit, monitoring inventory levels, ensuring proper entry of all financial transactions, remittance of all funds in excess of authorized reserves, and monitoring of operations including count procedures. The postmaster/unit manager or supervisor is responsible for providing adequate security for all accountable items.

* * * * *

[Revise 482.2 to read as follows:]

482.2 Responsibility for Inventory Items, Cash, and Equipment

It is the responsibility of all employees to ensure:

- Financial integrity.
- Security of all postal stock, funds, equipment, and facilities.
- Reporting of all retail transactions to include providing a receipt to each customer.
- In POS ONE sites, using the POS ONE cash drawers for all daily transactions as they occur. (See section 151.42)

Employees are accountable for:

- Cash directly assigned to them.
- Money order stock directly assigned to them.
- Stamp stock directly assigned to them.
- Correct collection and remittal of all funds due the Postal Service.

[Revise 483 to read as follows:]

483 Unit Reserve Responsibility

- 1> The unit reserve is assigned to the postmaster, unit manager, supervisor, or finance clerk (lead SSA) at a finance station. A finance station has no domiciled supervisor and has no more than three full-time SSAs assigned to the unit. A finance clerk (lead SSA) may also be assigned a credit from which direct sales to the public are conducted.
- 2> At other units where no supervisor is domiciled, the unit reserve stock may be assigned to a window service technician (lead SSA). When the unit reserve stock is assigned to a window service technician (lead SSA), that employee may not also have accountability for any credit from which sales are made directly to the public.
- 3> The individual assigned to the unit reserve is referred to as unit reserve custodian. The unit reserve custodian is directly accountable for the value of all items in the unit reserve stock.
- 4> Assignment of the unit reserve stock is made using Form 3369-P, *Consigned Credit Receipt*, and all counts of the unit reserve are posted to Form 3368-P, *Accountability Examination Record*.
- 5> A POS ONE Unit Reserve Financial Report (Form 3958, *Main Stock (or Unit Reserve Stock) Transaction Record*), Stamp Stock Unit 1412, or an IRT Form 3958, is prepared and signed every day that transactions affect the unit reserve stock.
- 6> The unit reserve contains items listed in section 413 of this handbook. The unit reserve custodian maintains and secures all accountable papers for the unit beyond the levels authorized for the various segments. The employees assigned to the various segments within the retail unit obtain these items directly from the unit reserve.
- 7> The unit reserve stamp stock is maintained at the required 9-week stock level in compliance with section 422.2. Do not exceed the 9-week sales level for your office.

484 Segments

[Revise 484.1 to read as follows:]

484.1 Definition

Segments define the assignment of cash or stamp stock to various individuals or roles within a unit.

On each unit's system-generated Form 1412, *Daily Financial Report*, the total of all stamp stock is posted in AIC 853, Stamp Accountability Closing Balance. In both the POS ONE system and on the IRTs, the "Clerk Balance List" generates a report of the balance of each segment's stock. The total value of stock computed on the "Clerk Balance List" must always equal the unit's total reported in AIC 853 on the daily financial report. The "Clerk Balance List" will always include a unit reserve, a retail floor stock, and may include other segments such as mobile unit, philatelic, or self-service (vending).

Similarly, the unit's daily financial report (Form 1412) has a total of AIC 753, Cash Retained. This is defined on the "Clerk Balance List" by listing the unit's cash retained reserve plus the various assigned associates' cash retained credits.

Note: Rural carrier credits and stamps on consignment are included in the unit reserve accountability. They are fixed amounts entered into the unit reserve total as unique item numbers and are not segments. Replenishment is made by purchasing stock from retail floor stock.

[Revise 484.2 to read as follows:]

484.2 Segments Assigned from the Unit Reserve

Segments assigned from the unit reserve include:

- *Vending (Self-Service Credits)* — Stock for sale through vending equipment is assigned to the Self-Service Postal Center (SSPC) technician, or designated employee, who is directly accountable for that inventory. This credit is replenished directly from the unit reserve to the designated employee to whom the credit is assigned, unless this function is supported by the Stamp Distribution Office (SDO) or Stamp Service Center (SSC) as a separate unit ID.
- *Mobile Unit Credits* — Stock for use by associates assigned to operate mobile units is issued directly from the unit reserve. This credit is accountable to an individual.
- *Philatelic Units (or dedicated windows)* — Where a dedicated philatelic credit is used, stock is issued directly from the unit reserve. The credit is accountable to an individual.
- *Retail Floor Stock* — Stock for this inventory is issued from the unit reserve. The purpose is to provide a common inventory for use by the associates in units as defined in section 481.1. This credit is not accountable to any individual.
- *Stamps by Mail (where volume prohibits filling requisitions by an associate)* — Stock for this inventory is issued from the unit reserve. The purpose is to provide an inventory for use in filling stamp orders

received from customers by mail or fax. This credit is accountable to an individual.

Note: *Special Event Credits* — On occasion, the Postal Service establishes credits associated with special events. Temporary credits can be assigned to one of the accountable segments with stock issued directly from the unit reserve. At the completion of the event, all sales must be posted. A count is conducted and the balance is either returned to the unit reserve, prepared for destruction, or moved to retail floor stock.

[Revise 484.3 to read as follows:]

484.3 Documentation of Stock Assignment

484.31 POS ONE Offices

- 1> Assignments of all individually accountable credits and unit reserve stock are documented by the completion of Form 3369. In these instances, assigned employees are accountable for all stock, accountable paper, money orders, and money in their respective credits.
- 2> For stamps on consignment, the contract serves as documentation for the credit.
- 3> Retail floor stock is issued directly from the unit reserve. Although no individual is accountable for this stock, each associate making sales from this credit is responsible for ensuring adequate protection and security of Postal Service resources.
- 4> Form 17, *Stamp Requisition*, or an approved electronic equivalent, is retained to document shipments of stock from the unit reserve to retail floor stock and from retail floor stock back to the unit reserve. The unit reserve stock custodian signs the Form 17 as "shipped" or "received" as appropriate. An associate must independently count all stock moved into and out of the retail floor stock and sign the appropriate Form 17 as "witnessed" or "verified by."

[Revise title and text of 484.32 to read as follows:]

484.32 Retail Postal Stores with IRTs

- 1> Associates selling from the retail floor stock segment at IRT units must maintain stock balances to operate the IRT. Although these associates have a stock value listed on the "Clerk Balance List," they are not individually accountable for this balance, and no Form 3369 is required.
- 2> The IRTs do not have the ability to accommodate the retail floor stock segment. In essence, since each associate has to maintain a stock balance to operate the IRT, the retail floor stock is valued at the total of all associates' IRT balances. Even though each individual associate, working from credits that represent the

retail floor segment, has a balance listed on the "Clerk Balance List," none are held to be individually responsible for that listed value. The total of balances for all associates operating from the retail floor stock must at all times be equal to the total retail floor stock segment.

- 3> In this IRT environment, each shipment of stock into or out of the unit reserve must be documented on a Form 17. The exact item numbers and quantities shipped to the retail floor stock from the unit reserve must be "shipped" by the unit reserve custodian and "witnessed" by one of the associates operating in the retail floor stock segment, with signatures required. Ensure that stock shipped to the retail floor stock is adequately distributed among the associates to maintain an operational balance. In some instances, stock credit will have to be transferred between associates to maintain operating stock balances on their IRTs.
- 4> Stock returned from retail floor stock must be documented on Form 17 also. The stock is independently verified by an associate and the stock custodian. An associate "witnesses" the Form 17, and the stock custodian "receives" the stock, with signatures required.

485 Retail Floor Stock

[Revise 485.1 to read as follows:]

485.1 Definition

Retail floor stock is a common inventory used by associates in units as defined in section 481.1. This stock is not assigned to an individual.

Retail floor stock is divided into two major components:

- *Display stock, which is only used in postal retail stores, comprises the following two items:*
 - *Open Merchandise Stock* — Shrink-wrapped stamp stock and philatelic products that are displayed in the open merchandising area, accessible to the general public on the slat wall or gondola.
 - *Closed Merchandise Stock* — Stamp stock and philatelic products displayed in the retail clerk area, inaccessible to the general public and non-retail employees.
- *Loose Stock* — Accountable paper held as a common credit available to all associates in a designated retail window unit, but not on display. This stock is held in the associate's area, inaccessible to the general public and non-retail employees.

[Revise 485.2 to read as follows:]

485.2 Retail Floor Stock Limits

Retail floor stock, which is the sum of display stock plus loose stock, must be limited to a 2-week level as determined by same period last year (SPLY) stamp sales.

(Formula: SPLY->AIC 852, Total Sales, minus AIC 096, Vending, and AIC 094, Stamps by Mail.) The limitations must be enforced to minimize the risk of losses that might be associated with the concept of common accountabilities.

Note: Proper inventory controls are an essential part of managing the retail floor stock and minimizing potential losses. Broken stock (partial sheets, loose stamps, etc.) held in the loose stock must be kept to a minimum to simplify the count of the unit.

[Revise 485.3 to read as follows:]

485.3 Money Order Form Sets

Each associate is assigned money order form sets as explained in section 74 of chapter 7 of this handbook. Do not split a package of domestic money order form sets between associates. Associates acknowledge the receipt of blank money order sets by signing Form 17 and accepting money orders in the POS ONE/IRT system. A complete record of all blank money order sets assigned to associates is maintained using Item 0-137A (green logbook) including money order serial numbers, date, and associate's printed name and initials.

Note: When an associate's credit is canceled, the assigned money orders are returned to the unit reserve. These may be reassigned to another associate and the newly-assigned associate must verify the continuity of serial numbers. The associate acknowledges the receipt of blank money orders by signing Form 17, accepting money orders in the POS ONE/IRT system, and initialing the money order log maintained in Item 0-137A.

* * * * *

[Revise 486.1 to read as follows:]

486.1 Unit Cash Retained Reserve

- 1> A unit cash retained reserve is established for the unit. This is used to provide retail floor stock associates and employees assigned to the other segments a source for rolled coins and smaller denomination currency. This reserve is fixed in amount. It is established via a written request by the postmaster/retail unit manager to the district finance manager. This request must include the proposed amount of the unit cash retained reserve, and the total of all associates' cash retained, that will be reported in AIC 753, along with justification. The district finance manager is responsible for reviewing the request, including the amount, and sending written authorization or denial to the unit within 5 working days of receiving the request.
- 2> The unit's cash retained reserve is assigned to an individual, on Form 3369-P, who is directly accountable. When circumstances warrant, the unit cash retained reserve custodian may reassign all or part of the unit cash retained reserve using Form 3369-P. The unit

cash retained reserve has no tolerance. These re-assigned funds must not be mixed with other accountable credits assigned to the employee.

[Revise title and text of 486.2 to read as follows:]

486.2 Sales and Services Associates Cash Retained

Associates working from the retail floor stock segment do not sell from an individual stamp credit. Associates are authorized a cash retained amount of \$100 for which they are individually accountable.

The total of the unit cash retained reserve and the individual associate cash retained amounts must be equal to AICs 353/753 as reported on the unit's Form 1412 and cannot exceed the approved amount.

Note: Form 3369-P, *Consigned Credit Receipt*, is used for each assigned cash retained credit.

[Revise 486.3 to read as follows:]

486.3 End of the Day Internal Controls

Due to the change from individual accountabilities to the retail floor stock concept, close-out procedures are modified. POS ONE and the IRT both generate a "Clerk Balance List." At close out, the person consolidating the unit's Form 1412 must:

- 1> Verify that the total of the cash retained balances (both the unit's cash retained reserve and the individual associate's cash retained) is equal to the total entered as AIC 753 on the unit's Form 1412.
- 2> Verify that the total stamp stock accountability appearing in AIC 853 on the unit's Form 1412 is in agreement with the unit's total stamp accountability on the "Clerk Balance List."

Note: In POS ONE, the "Clerk Balance List" shows the unit reserve, self-service vending credits, mobile credits, philatelic credit, and the retail floor stock credit. The retail floor stock credit replaces the traditional individual window employee credits.

487 Conducting Counts

[Revise 487.1 to read as follows:]

487.1 Responsibility

- >> The postmaster/unit manager is responsible for ensuring that all required counts are performed, including stamp stock credits, cash credits, unit reserve stock, and retail floor stock. This is to ensure compliance with all existing contractual commitments, required time frames for counts, documentation of results, and prompt reporting and resolution of any discrepancies.

* * * * *

[Revise 487.3 to read as follows:]

487.3 Count of the Unit Cash Retained Reserve

- 1> The unit's cash retained reserve is to be counted at the end of each accounting period (AP). Any portions re-assigned to employees on Form 3369-P must be counted at least once every 2 weeks in conjunction with the cash credit count. The count is performed by the assignee and a witness, one of whom must be a nonbargaining employee, (for finance stations see Note in section 487.41). There is no tolerance for unit cash retained reserve accountabilities or the re-assigned portions.
- 2> At any time the unit cash retained reserve custodian is reassigned, a count must be performed and a new Form 3369-P prepared.

[Revise 487.31 to read as follows:]

487.31 Discrepancies in the Unit Cash Retained Reserve

Overages

- >> Overages are to be placed into AIC 068, Cash Retained Overage, and submitted to the bank. Unresolved cash retained overages are removed from trust and declared as revenue (AIC123, Lobby Services Revenue) after 90 days.

Shortages

- >> Shortages must be reported in AIC 764, Cash Retained Shortages, on the day of the count unless paid from personal funds at the time of the count. The shortage, if not paid at the time of the count, is cleared by an entry to AIC 364, Cash Retained Shortage Cleared.

[Revise 487.32 to read as follows:]

487.32 Documenting Count Results

- >> Form 3294-C, *Cash Credit Count and Summary*, is used for each count of unit cash retained and all results posted to Form 3368-P, *Accountability Examination Record*. Form 571, *Discrepancy of \$100 or More in Financial Responsibility*, is required for differences of \$100 or more. If a shortage is paid at the time of the count, Forms 3294-C and 3368-P should indicate "paid by personal funds." File in accordance with section 426.5.4.

[Revise title of 487.4 to read as follows:]

487.4 Counts of Associate's Cash Retained Credits

[Revise 487.41 to read as follows:]

487.41 Frequency

- >> Each associate's cash retained credit is to be counted randomly at least once every 2 weeks (14-day period), or once every 10 scheduled days in that unit, for pool and relief SSAs (credits not used at least once an AP must be cancelled, see section 426.6). Each associate's domestic, international (MP-1 and ATI), and bait money orders must be counted in conjunction with the cash retained count (see section 487.46). If an associate has a reassigned portion of the unit cash retained reserve, it must be counted in conjunction with the associate's cash retained count. The assigned associate and a nonbargaining employee perform the count(s).

Note: If a nonbargaining employee is not assigned or domiciled at the retail unit, the lead SSA (associate with the unit reserve assigned) may conduct the count with the assigned associate. The postmaster, manager, or supervisor responsible for the unit manages and monitors these counts performed by the lead SSA. In addition to this, management also performs counts of all associates' cash credits at his or her unit no less than once a quarter (90 days).

[Revise 487.42 to read as follows:]

487.42 Tolerance

- >> Each associate is allowed a tolerance of \$5 in his or her assigned cash retained credit. If a count results in a discrepancy of \$5 or less, record the results on Forms 3294-C and 3368-P.

487.43 Overages

- >> For overages exceeding the \$5 tolerance, reconcile cash credit and record the full amount of overage in AIC 068, Cash Retained Overage, at the time of the count. Cash in excess of the associate's balance listing is deposited to the bank.

Note: Unresolved cash retained overages are removed from trust and declared as revenue (AIC 123, Lobby Services Revenue) after 90 days.

[Revise 487.44 to read as follows:]

487.44 Shortages

- >> For shortages exceeding the \$5 tolerance, reconcile cash credit and record the full amount of the shortage in AIC 764, Cash Retained Shortages, at the time of the count; this decreases AIC 752. When the employee repays the shortage, clear the suspense item using AIC 364.

[Revise 487.45 to read as follows:]

487.45 Documenting Count Results

- >> Form 3294-C is used to document each cash retained count with signatures of employees that performed the count. Results of the counts are posted to Form 3368-P, and Form 571 is initiated for differences of \$100 or more. If a shortage is paid on the day of the count, the Form 3368-P should indicate "paid by personal funds." File in accordance with section 426.5.4.

[Revise 487.46 to read as follows:]

487.46 Inventory of Money Order Blank Stock

Money orders issued to an employee working from the retail floor stock must be audited in conjunction with the required cash count and documented on Form 3294-C. Any discrepancies are resolved and reconciled into the POS ONE system. (For missing money orders, see section 742.3.5.)

487.5 Unit Reserve Count

[Revise 487.51 to read as follows:]

487.51 Frequency

- 1> Unit reserve stock is counted at least once every 12 months or no less frequently than once every 4 months if assigned to a bargaining employee. This count is conducted in conjunction with a count of the retail floor stock at least once every 12 months. The unit reserve must be counted any time custody of the unit reserve changes, and a new Form 3369-P must be prepared. All credits held by the custodian must also be counted when the unit reserve is counted.
- 2> Whenever the results of the retail floor stock count exceed the 1/2% threshold (over or short), the unit reserve stock count is performed concurrently.
- 3> The unit reserve custodian and another employee performs the unit reserve stock count, one of these must be a nonbargaining employee.
- 4> Prior to beginning a count, confirm that the total of unit reserve stock and all the SSA credits (segments) equal AIC 853 on the last closed unit Form 1412. Differences must be identified and corrected prior to performing the count (i.e., reconciling stock in-transit).
- 5> All counts are based on the actual value of the unit reserve stock as shown on system generated reports. Differences are placed in either trust or suspense and attributed to the individual stock custodian.
- 6> All counts of the unit reserve must be posted in the POS ONE Post Audit/Audit Report Count Sheet or the IRT inventory adjustment process, as applicable.

[Revise title and text of 487.52 to read as follows:]

487.52 Tolerance Amount in Unit Reserve

Tolerance is applied during the required count of the unit reserve stamp stock. The amount of tolerance applied is according to the stamp credit amount chart in section 429.16 and not to exceed \$150. The unit reserve stock custodian is accountable and responsible for the total amount of shortage if it exceeds the tolerance amount. Whenever the unit reserve stock is cancelled or transferred, no tolerance is applied and; therefore, the employee is accountable and responsible for the total amount of shortage.

[Revise 487.53 to read as follows:]

487.53 Count and Adjustment Procedures

- 1> When counting the unit reserve stock, two independent counts are performed. The stock custodian and one other employee conducts the counts. One of them must be a nonbargaining employee.
- 2> Adjust the unit reserve inventory in the POS ONE Reconciliation/Stock Audit Module on the day of the count. In IRT/POS ONE, count results exceeding the tolerance are posted to trust or suspense on the day of the count.

Overages

- >> Any overages exceeding the tolerance, discovered as a result of the unit reserve count, are entered into AIC 057, Employee Overage. Unresolved overages remain in trust for 1 year and then are purged to AIC 123, Lobby Services Revenue.

Shortages

- >> Any shortages exceeding the tolerance, discovered as a result of the unit reserve count, are entered into AIC 767, Employee Shortage. Shortages should be resolved as soon as possible. In collecting a shortage from the assigned unit reserve custodian, all contractual provisions must be followed.

[Revise 487.54 to read as follows:]

487.54 Inventory of Blank Money Order Sets

- >> An inventory of the unit's blank money order stock is conducted every time the unit reserve is counted.

[Revise 487.55 to read as follows:]

487.55 Documenting Unit Reserve Count Results

- >> Form 3294-P is used to document counts of the unit reserve stock, and all results are posted to Form 3368-P. Form 571 is required for differences of \$100 or more. File in accordance with section 426.5.4.

487.6 Counting Retail Floor Stock

[Revise 487.61 to read as follows:]

487.61 Responsibility

The postmaster/manager or supervisor has the responsibility for the required count of the retail floor stock and the maintenance of the inventory levels in accordance with section 484.2. When the floor stock is counted, this represents a count of the common inventory used by retail associates including display stock and loose stock.

Note: There is no tolerance applied for retail floor stock counts.

[Revise 487.62 to read as follows:]

487.62 Threshold

- >> The goal in operating a retail floor stock is to maintain a threshold within 1/2 percent variance (over or short) of total sales since last count. Total sales are computed by calculating the total amount reported on the unit's Form 1412 in AIC 852, minus AIC 094 and AIC 096, since the last count.

[Revise 487.63 to read as follows:]

487.63 Frequency

- >> The frequency of audits is contingent upon maintaining an inventory variance (over or short) at 1/2 percent or less. Retail units are required to count each AP until they achieve three consecutive counts within the 1/2 percent threshold. At that time, counts are required at least once every three APs as long as the threshold is maintained within the 1/2 percent limit. If the counts from the three APs result in a variance in excess of the 1/2 percent threshold, the count frequency reverts to the AP requirement. When the 1/2 percent threshold is achieved on three consecutive AP counts, the office returns to once every three APs count cycle.

Note: If results of the floor stock count exceed the 1/2 percent threshold (over or short), the unit reserve stock count is performed concurrently.

[Revise 487.64 to read as follows:]

487.64 Procedures

The retail floor stock inventory of the unit is counted separately by two employees. One of the participants must be the postmaster/manager or supervisor responsible for the unit. Use the following procedures:

Floor stock counts should not be performed during business hours.

POS ONE Offices

- 1> Use Form 3294-P to record the opening balance of the retail floor stock.
- 2> Perform the physical count of the retail floor stock including display stock and loose stock.
- 3> Reconcile the retail floor stock, and verify that adjustments are posted to the corresponding AIC/GLA accounts. No tolerance is applied.
- 4> Print the reconciled/final audit report, and attach to Form 3294-P.
- 5> Record the amounts in the corresponding section on page 4 of Form 3294-P.
- 6> Signatures of employees that performed the count are required on the bottom of page 4 on Form 3294-P.

Note: Do not include packaging products or retail products in this count.

Postal Retail Stores with IRTs

- 1> Use Form 3294-P to record the opening balance of the retail floor stock.
- 2> Print "Clerk Balance List" to calculate the amounts that represent the retail floor stock, as opening balance, prior to the count.
- 3> Perform the physical count of the retail floor stock including display stock and loose stock.
- 4> Use Form 3294-P, pages 2 and 3, to record the retail floor stock as counted.
- 5> Balance to the actual value of the retail floor stock, calculate the difference, and enter amounts in the corresponding sections on page 4 of Form 3294-P.
- 6> Record amount of overage or shortage to the corresponding AIC account, no tolerance will be applied.
- 7> Signatures of employees that performed the count are required on the bottom of page 4 on Form 3294-P.

Note: Do not include packaging products or retail products in this count..

Overages

- 1> The floor stock count must be entered into the POS ONE Inventory Reconciliation/Stock Audit module, and the overage amount is recorded to AIC 239, Floor Stock Overage.
- 2> In retail Postal Service stores with IRTs, overage amount discovered as a result of the floor stock count must be recorded to AIC/GLA 239, Floor Stock Overage.

Shortages

- 1> The floor stock count must be entered into the POS ONE Inventory Reconciliation/Stock Audit module, and the shortage amount is recorded to AIC 639, Floor Stock Shortage.

- 2> In retail Postal Service stores with IRTs, the shortage amount discovered as a result of the floor stock count must be recorded to AIC/GLA 639, Floor Stock Shortage.

Note: There is no tolerance applied to the floor stock count; therefore, all discrepancy amounts must be recorded to the corresponding AIC/GLA account.

- 3> The postmaster/manager or supervisor follows these procedures:

If...	Then...
There is no evidence of negligence, theft, fraud, embezzlement.	Ensure the shortage amount is recorded in AIC 639, and submit a copy of Form 3294-P with reconcile/audit report to the DAO.
The shortage is a result of robbery or burglary.	Submit a claim for loss to DAO after the Postal Inspection Service has ascertained the amount involved in the burglary or theft, and record amount to AIC 639. The DAO removes from AIC 639 and records amount into suspense on the same reporting date. Upon receipt of Investigative Memorandum from Postal Inspection Service, DAO removes amount from suspense and records to AIC 519. See section 846.

487.65 Documenting Retail Floor Stock Count Results

- 1> Record retail floor stock count results in Form 3368-P, *Accountability Examination Record*.
- 2> File Form 3294-P with attached POS ONE reconciled/final audit report locally.
- 3> Prepare Form 571 for all differences of \$100 or more, and send to the Postal Inspection Service.
- 4> Keep copy of electronic article surveillance (EAS) log locally.

Note: File in accordance with section 426.5.4.

487.7 Counts of All Other Accountability Segments

- 1> Other accountability segments, outlined in section 484.2, are individually accountable stamp stock and cash credits assigned. Counts of accountability segments are in compliance with section 429, Conducting Examinations.
- 2> Frequency of counts for bargaining employees should be no less frequent than once every 4 months.

- 3> When the unit reserve stock is assigned to a nonbargaining employee, all accountable credits assigned to him/her (i.e., cash credit, stamp stock credit, unit cash retained, vending machine credit) are counted in conjunction with the unit reserve stock. This begins a new cycle for the required "count frequencies" for the unit cash reserve and the vending machine credit (unit cash reserve every AP and vending machine credit every 4 months).
- 4> In POS ONE offices, which require separation of cash and stock, refer to the *POS ONE Users Guide* for instructions on entering or reconciling counts in the POS ONE system.
- 5> Blank money order stock assigned to an accountable segment SSA, must be audited each time the count for that segment is performed. (See section 487.46)

IMM REVISION

Termination of International Money Order Service — Zimbabwe

Effective August 31, 2001, the Individual Country Listing for Zimbabwe is revised to terminate international money order service (LIST Service) to Zimbabwe.

The money order agreement with Zimbabwe stated that South Africa would act as an intermediate party for money order business with Zimbabwe. South Africa will no longer act as an intermediate party for Zimbabwe, so money order service to Zimbabwe is terminated.

We will incorporate these changes into both the printed version of *International Mail Manual (IMM)* Issue 26 and the online IMM, which can be accessed via Postal Explorer at <http://pe.usps.gov>.

REMINDER

International Mail — Direct Sacks of Printed Matter to One Addressee (M-Bags)**Background**

On January 7, 2001, the regulations concerning direct sacks of printed matter to a single addressee (M-bags) were changed. The International Business staff receives many inquiries about M-bag mailing regulations. This article explains the regulations about M-bags.

Summary of Mailing Conditions**1. Minimum Weight or Quantity:**

- The former 11-pound minimum weight requirement for M-bag entry no longer applies. However, M-bags that weigh less than 11 pounds are subject to the payment of a “minimum bag charge,” which is equal to the applicable 11-pound postage rate. See the Individual Country Listings (ICLs) in the *International Mail Manual* (IMM) for airmail and economy (surface) M-bag rates and IMM 293.71 for ISAL M-bag rates.
- M-bags containing books or sheet music, that are paid for by postage meter or postage validation imprinter (PVI) label, are *not* subject to the minimum quantity requirement (see IMM 295.12) that is a prerequisite for mailing individually addressed items under the books and sheet music classification. Conversely, those that are paid for by permit imprint are *not* subject to the minimum quantity requirement (see IMM 152.32) that is otherwise a prerequisite for using that method of postage payment.

2. Maximum Weight: 66 pounds (including the tare weight of the sack).

3. Service Availability: Except where temporary service suspensions/limitations are currently in effect, M-bag service is available to all destination countries and territorial possessions in the ICLs.

4. Allowable Contents: All categories of printed matter can be enclosed in an M-bag. Printed matter is defined as paper on which words, letters, characters, figures, images, or any combination thereof, not having the character of a bill or statement of account, or of actual or personal correspondence, have been reproduced by any process other than handwriting or typewriting. Articles that meet the printed matter definition include newspapers, magazines, journals, books, sheet music, catalogues, directories, commercial advertising, and promotional matter.

5. Admissible Merchandise: In addition to the various types of printed matter that are cited above, certain categories of merchandise are now admissible in M-Bags provided that *all* of the following entry criteria are met:

- The merchandise items must be limited to disks, tapes, and cassettes; commercial samples shipped by manufacturers and distributors; or other nondutiable commercial articles or informational materials that are not subject to resale.
- The merchandise items must be related to the printed matter items with which they are being mailed.
- The merchandise items must be affixed to or are otherwise combined with the accompanying printed matter.
- The weight of each mailpiece or package that contains merchandise in combination with printed matter may not exceed 4 pounds.
- The M-bag containing merchandise items must be accompanied by a fully completed PS Form 2976, *Customs — CN 22 (old C1) and Sender's Declaration*.

6. Identification: PS Tag 158, *M-Bag Addressee Tag*, must be completed and attached to the neck of the sack. When admissible merchandise items are enclosed in an M-bag, the required customs form (i.e., PS Form 2976) must be affixed to PS Tag 158.

7. Postage Payment: M-bag mailers must affix the required amount of stamped or metered postage or apply an authorized permit imprint to PS Tag 158. Postage payment is based on the weight of the contents, rounded to the next whole pound (i.e., 23.2 pounds = 24 pounds), exclusive of the tare weight of the sack.

8. Special Services: When M-bags are mailed to certain countries, the sender can opt for recorded delivery service in combination with a return receipt and, in some instances, with restricted delivery. Consult the ICLs in the IMM for special services availability. M-bags cannot be registered or insured.

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*. The

actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

ICM UPDATE

International Customized Mail

On April 30, 2001, the Postal Service entered into an International Customized Mail (ICM) Service Agreement with a qualifying mailer. In accordance with *International Mail Manual (IMM)* 297.4, the Postal Service hereby makes public the following information concerning the Agreement:

- a. **Term:** May 1, 2001, through April 30, 2003.
- b. **Type of mail:** *Global Express Mail Service (EMS)*. Every item must conform to the mailing requirements set forth in the IMM for Qualifying Mail.
- c. **Destination countries:** Worldwide.

d. Service provided by the Postal Service: The Postal Service has agreed to:

- 1. Furnish Mailer with the equipment and supplies necessary for the use of Qualifying Mail.
- 2. Provide Mailer with the preparation requirements for Qualifying Mail and any training necessary to prepare Qualifying Mail in conformity with Postal Service requirements.
- 3. Provide Mailer with technical assistance necessary to prepare the necessary information link-ages, electronic data files, and data exchanges.

4. Transport Qualifying Mail to international destinations for delivery by the appropriate authority.
 5. Return EMS items refused by an addressee and undeliverable items to the Mailer via Express Mail service at no charge provided that the return rate is no more than four (4) percent of total volume.
 6. Furnish Mailer with tracking reports and delivery performance reports on a regular basis.
- e. Minimum volume commitment:** The Mailer has agreed to meet an annualized minimum volume of 3,000 packages or an annualized minimum of \$60,000 in international postage for Qualifying Mail.
- f. Worksharing:** The Mailer has agreed to:
1. Establish the necessary linkages with the Postal Service.
 2. Exchange electronic information with the Postal Service according to the specification and instructions the Postal Service provides.
 3. Provide the Postal Service with notification of new permit numbers used for Qualifying Mail, 1 week in advance of using the new permit numbers.
 4. Provide the appropriate Postal Service acceptance sites a schedule of mailings, including the intended date, weight, volume, and location where mail will originate, in accordance with instructions the Postal Service provides.
- g. Rates:** The Mailer has agreed to pay postage for Qualifying Mail rates contained in Exhibit 1.

STAMP ANNOUNCEMENT 01-40

Enrico Fermi Commemorative Stamp

Copyright USPS 2000

The Postal Service will issue a 34-cent *Enrico Fermi* commemorative stamp (Item Number 451500) in Chicago, Illinois, on September 29, 2001. The stamp, designed and illustrated by Richard Sheaff of Scottsdale, Arizona, goes on sale nationwide September 30, 2001. The stamp will be produced in panes of 20; the panes may be split and the stamps may be sold individually.

Enrico Fermi, a naturalized U.S. citizen and one of the preeminent physicists of the atomic age, was awarded the Nobel Prize in Physics in 1938 for his discovery of nuclear reactions brought about by slow neutrons. In 1944, he moved to Los Alamos, New Mexico, to assist in the direction of the Manhattan Project's scientific team. On November 16, 1954, President Dwight D. Eisenhower and the Atomic Energy Commission gave Dr. Fermi a "special award for his lifetime of accomplishments in physics and for the development of atomic energy." This stamp commemorates the centenary of his birth on September 29, 1901, in Rome, Italy.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office, by telephone at 1 800 STAMP-24, and at the Postal Store Web site at www.usps.com. They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a

larger envelope addressed to:

ENRICO FERMI COMMEMORATIVE STAMP
POSTMASTER
433 W HARRISON ST 9TH FLOOR
CHICAGO IL 60607-9998

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by October 29, 2001.

Stamp Fulfillment Services (SFS) also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by telephoning 1 800 STAMP-24 or writing to:

Philatelic Products

There are no philatelic products for this stamp issue.

Distribution

Stamp distribution offices (SDOs) will receive one-quarter of their standard automatic distribution quantities for a GUM sheet stamp. Distributions are rounded up to the nearest master carton size (70,000 stamps).

Initial Supply to Post Offices

SDOs will make a subsequent automatic distribution to Post Offices for one-quarter of their standard automatic distribution quantities using PS Form 3309, *Advice of Shipment/Stamp Invoice*, and PS Form 17, *Stamp Requisition*. SDOs must not distribute stamps to Post Offices before September 21, 2001.

Additional Supply

Post Offices requiring additional stamps must requisition them from their designated SDO using PS Form 17. SDOs requiring additional stamps must order them from the appropriate accountable paper depository (APD) using PS Form 17.

For fulfilling supplemental orders from SDOs, the San Francisco, Chicago, Memphis, Washington, DC, and New York APDs will each receive 350,000 additional stamps, and the Denver APD will receive 210,000 additional stamps.

Philatelic Requirement

SDOs with authorized philatelic centers will receive an automatic distribution of these stamps in 9 positions for subsequent distribution to each philatelic window.

“That’s All Folks!” Commemorative Stamp

Copyright USPS 2000

The Postal Service will issue a 34-cent “That’s All Folks!” commemorative stamp (Item Number 560200) in Beverly Hills, California, on October 1, 2001. The stamp, designed and illustrated by Ed Wleczyk of Los Angeles, California, goes on sale nationwide October 2, 2001. The stamp will be produced in souvenir sheets of 10; the souvenir sheet may *not* be split and the stamps may *not* be sold individually.

The first true star of the Looney Tunes case, Porky Pig is popular with audiences of all ages and has appeared in more than 160 cartoons. Porky Pig experienced several changes in his early years appearing as child, father, and young suitor in succeeding cartoons. Later, he became a more consistent personality with a gentle stammer, wide-eyed appearance, and boyish nature. Eventually, Porky Pig was redesigned as a more adult-looking character and cast as a wry foil for the silly Daffy Duck. Porky Pig, already a famous star, was guaranteed immortality when he was chosen to deliver his famous phrase “That’s all Folks!” at the end of the LooneyTunes cartoons. *Porky Pig* completes the Postal Service’s *Looney Tunes* series.

Distribution: Item 560200, \$3.40 *"That's All Folks!"* PSA Souvenir Sheet of 10

Stamp distribution offices (SDOs) will receive approximately two and one-half times their standard automatic distribution quantities for a PSA sheet stamp. Distributions are rounded up to the nearest master carton size of 2,000 panes (20,000 stamps).

Initial Supply to Post Offices

SDOs will make a subsequent automatic distribution to Post Offices for their *full* standard automatic distribution quantities using PS Form 3309, *Advice of Shipment/Stamp Invoice*, and PS Form 17, *Stamp Requisition*. SDOs must not distribute stamps to Post Offices before September 24, 2001.

Philatelic Requirement

SDOs will not receive a separate quantity of this souvenir sheet for their authorized philatelic centers. Philatelic centers must be supplied their quantities from the initial automatic distribution made to SDOs.

Additional Supply

Post Offices requiring additional stamps must requisition them from their designated SDO using PS Form 17. SDOs requiring additional stamps must order them from the appropriate accountable paper depository (APD) using PS Form 17.

For fulfilling supplemental orders from SDOs, San Francisco, Chicago, Memphis, Washington, and New York APDs will each receive 500,000 additional panes, and the Denver APD will receive 180,000 additional panes. The Kansas City Stamp Service Center (SSC) will receive 384,000 additional panes for fulfilling supplemental orders from the APDs

Sales Policy

All Post Offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists, until inventory is depleted, or until the stamp is officially withdrawn from sale. If supplies run low, Post Offices must reorder additional quantities using their normal ordering procedures.

Note: Sales of the \$3.40 “*That’s All Folks!*” souvenir sheet are to be recorded in AIC 097.

STAMP ANNOUNCEMENT 01-45

White Barn Stamped Card

Copyright USPS 2000

The Postal Service will issue a 21-cent *White Barn* single cut stamped card (Item Number 220300) in Washington, DC, on September 20, 2001. The card, designed by Derry Noyes of Washington, DC, and illustrated by Wendell Minor of Washington Green, Connecticut, goes on sale nationwide 21, 2001. The stamped card will also be produced in 21-cent double reply cards (Item 220400); sheets of 40 cards (Item 220500); and 5-card vending packs (Item 221000).

The art is a painting by Wendell Minor, who used his own photograph of a white barn located near his studio in rural Connecticut. This stamped card is the latest offering of the *Scenic America* series.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office, by telephone at 1 800 STAMP-24, and at the Postal Store Web site at www.usps.com. They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

WHITE BARN STAMPED CARD
POSTMASTER
900 BRENTWOOD RD NE
WASHINGTON DC 20066-9991

After applying the first day of issue postmark, the Postal Service will return the cards through the mail. There is no charge for the postmark. All orders must be postmarked by October 20, 2001.

Stamp Fulfillment Services (SFS) also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by telephoning 1 800 STAMP-24 or writing to:

UPDATED ANNOUNCEMENT 01-E

2001 Stamps and Postal Stationery

"2001 Stamps and Postal Stationery" (Announcement 01-E, August 2001), which appears on page 79, is intended to replace the quarterly announcement of the same name, previously printed and sent to customers on request through Stamp Fulfillment Services in Kansas City. The announcement is a listing of stamps and postal stationery items scheduled for issuance during calendar year 2001. Post Offices may wish to post this schedule on their bulletin boards.

Customers may also be directed to access the *Postal Bulletin* through the Postal Service Web site at www.usps.com, then by clicking on *Info*, and then *Postal Periodicals and Publications*.

This announcement will be updated every 2 to 3 months, as changes warrant.

How to Order First Day of Issue Cancellations and Covers

Customers may purchase new stamps or postal stationery items at their Post Office, from the *USA Philatelic* catalog, by calling 1 800 STAMP-24, or online at www.usps.com by clicking on *Buy Stamps & More*. Then they should prepare their own covers by affixing new stamps to the upper right corner of envelopes or postcards of their choice, and

address those envelopes, postcards, or postal stationery items to themselves or others. (Postage must equal the current First-Class Mail rate.) For sturdiness, include a card of postcard thickness in each cover (envelopes only) submitted, and tuck in the flap. Place the cover in a larger envelope addressed to: NAME OF ISSUE, POSTMASTER, CITY, STATE, and ZIP CODE (followed by -9991). Covers submitted for first day of issue cancellations may include additional uncanceled stamps only if the uncanceled stamps were issued before the first day of issue of the new stamps or postal stationery items. All orders must be post-marked on or before the deadline indicated below.

The U.S. Postal Service offers uncanceled first day covers for new stamp issues and postal stationery items post-marked with the official first day of issue cancellation. Each item has its own catalog number in *USA Philatelic*, issued quarterly. Customers may request a free catalog by phoning 1 800 STAMP-24, by sending an email to sfs@email.usps.gov, or by writing to: INFORMATION FULFILLMENT, DEPT 6270, US POSTAL SERVICE, PO BOX 219014, KANSAS CITY MO 64121-9014.

+ Customers must affix additional postage to bring total postage to at least the minimum First-Class Mail rate for an envelope (34 cents) or stamped card (21 cents), depending on which is used. Also, the cost for a stamped envelope is the value of the postage plus 8 cents, and the cost for a stamped card is the value of the postage plus 2 cents.

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage. Items submitted for cancellation may not include

postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

NOTICE AND CORRECTION

Proper Identification of Damaged Mail Transport Equipment Rolling Stock

Please disregard the article titled "Notice: Proper Identification of Damaged Mail Transport Equipment Rolling Stock" in Postal Bulletin 22051 (5-31-01, page 59). The article that appears here has the correct information.

All users of mail transport equipment (MTE) are requested to promptly identify, "red tag," and isolate damaged or defective wheeled containers used to transport mail. Damaged rolling stock must be removed from service and placed in a holding area for return to the servicing mail transport equipment service center (MTESC).

Although all MTE items passing through the MTESCs are scanned for obvious defects, use of the orange PS Form 4707, "Out of Order" tag, will ensure that broken rolling stock is identified and scheduled for repair. Please help the MTESC network keep your rolling stock serviceable by tagging all defective containers.

NOTICE AND CORRECTION

Removal of Trash From Mail Transport Equipment

Please disregard the article titled "Notice: Removal of Trash from Mail Transport Equipment" in Postal Bulletin 22051 (5-31-01, page 59). The article that appears here has the correct information.

Mail processing centers and facilities must immediately stop shipping excess or broken office and workroom furniture, equipment, garbage, and trash to the mail transport equipment service centers (MTESCs) in excess containers or cardboard boxes. Incidents of this type have increased sharply during 2001. This practice creates environmental health and safety problems at the receiving MTESCs, which must spend unbudgeted funds to dispose of the refuse through waste management contractors.

Future shipments of this type will be returned to the originating offices, which will be billed for the additional shipping and handling expenses.

Refer to Handbook AS-701, *Material Management*, for instructions on disposing of unneeded or broken equipment.

NEW PUBLICATION

Publication 106, Guide to Professional Parting

The new Publication 106, *Guide to Professional Parting*, is available at the Material Distribution Center (MDC), and advance copies have been distributed to area vice presidents and district managers. The guide can also be found on the Policies and Procedures page of the Postal Service Intranet at <http://blue.usps.gov/cpim>.

Publication 106 is a tool for supervisors, managers, and postmasters in administering the removal process in a professional manner. Additionally, it includes suggestions for preventing such disciplinary action and can also be used as a handout for the Workplace Violence module of the Associate Supervisor Program.

Copies of the guide may be ordered by one of the following means:

- **Touch Tone Order Entry:** Call 1-800-322-0317, option 1, then option 2.

- **cc:Mail:** Send an F3Fill-completed PS Form 7380, *MDC Supply Requisition*, by cc:Mail to MDC Customer Service at TOKS001L.

- **Official Mail:** Send a completed PS Form 7380 to the following address:

THREE NEW TOOLS FROM EMPLOYEE RESOURCE MANAGEMENT

Test Orientation Guide for Major Entry-Level Jobs and Latest in Recruitment Series

Three new recruitment tools are available at the material distribution center (MDC), as well as online at two locations: Postal Service Intranet (click on *Information*, then *Policies and Procedures*) and www.usps.com (search for *periodicals*).

The three new tools are:

- Publication 60-A, *Test Orientation Guide for Major Entry-Level Jobs* (June 2001).
- Publication 60-C, *Automotive Maintenance Workers (brochure)* (June 2001).
- Publication 60-D, *Skilled Maintenance Workers (brochure)* (June 2001).

Publication 60-A (the Test Orientation Guide)

The *Test Orientation Guide for Major Entry-Level Jobs* is designed for individuals interested in employment in the Postal Service's major entry-level positions, details about examination requirements, and key features of the testing process. The guide provides an overview of the Postal Service — its mission, functional operation, work force, and hiring process. The guide is also an excellent tool for

Human Resources (HR) personnel to use at various recruitment activities. Diversity Development personnel will also find it useful in supporting community outreach activities in recruitment. A few words of caution for examination personnel — examiners cannot arrange, conduct, or participate in workshops designed to help examinees do well on Postal Service examinations, as this is considered a conflict of interest.

The Postal Service controls all copyright in the *Test Orientation Guide for Major Entry-Level Jobs*. Individuals are permitted to read and/or copy the paper and online version of the guide, and print or download the online version for personal, noncommercial, or nonprofit use. All other uses are not permitted. Copies may not be sold or distributed as part of any service or product for which a fee is charged, or in connection with such products or services. Except for authorized Postal Service personnel, any person or organization claiming to help people (1) prepare for or score well on tests, (2) get hired by the Postal Service, and/or (3) find Postal Service job openings, *may not* distribute the guide.

Publications 60-C and 60-D (the Recruitment Series)

Publications 60-C and 60-D (quad-fold brochures) showcase the responsibilities and requirements of two main Postal Service technical jobs — automotive maintenance and skilled maintenance. These brochures were recently introduced at the SkillsUSA — Vocational Industrial Clubs of America (VICA) conference held in Kansas City, Missouri. That conference presented a unique recruitment opportunity for the Postal Service to familiarize VICA participants with our technical Postal Service careers, employment requirements, benefits, and compensation.

These two new publications are the latest in the recruitment series from Selection, Evaluation, and Recognition. The lineup also includes the following recruitment tools that were deployed earlier and are also available at the MDC:

- Publication 60, *A Great Place to Work* (February 1999) — a quad-fold brochure containing basic information about the Postal Service and job opportunities.
- Kit 15, *A Great Place to Work* (March 1999) — a generic kit without inserts for use with any recruitment activity.
- Kit 15-A, *A Great Place to Work for Skilled Maintenance Workers* (March 1999) — a kit with four inserts highlighting Postal Service compensation, benefits, and training, and showcasing advanced Postal Service processing equipment.
- Publication 60-B, *A Great Place to Work for City Carriers* (October 1999) — a quad-fold brochure showcasing the responsibilities and requirements of the city carrier job. Provides an overview of Postal Service employment requirements, benefits, and compensation.
- Kit 15-B, *A Great Place to Work for City Carriers* (October 1999) — a kit with inserts highlighting the value of Postal Service compensation and benefits, newsworthy stories about city carriers, and facts about the Postal Service in general.

Ordering Information

Field offices can now enhance their efforts to recruit automotive maintenance workers and skilled maintenance workers, and also have at their fingertips the new test orientation guide for individuals interested in our major entry-level jobs, by placing an order for these publications today.

Employees may requisition copies of the publications as follows:

- **Touch Tone Order Entry:** Call 1-800-332-0317, option 1, then option 2.
- **Fax:** Send a completed PS Form 7380, *MDC Supply Requisition*, to 785-861-2939.
- **Official Mail:** Send a completed PS Form 7380 to the following address:

Facility Safety Coordinator Training Course — Self Study Guide (Course No. 19201-45)

Collateral duty facility safety coordinators (FSCs) can now access a new training course in hard copy or online. The training course underscores the critical role that FSCs play to promote 39 critical areas of safety in Postal Service operations. At a self-directed pace, FSCs can learn more about required functions that are essential to collateral duty safety.

Note: This new Facility Safety Coordinator Training Course (Course No. 19201-45) replaces the Collateral Duty Safety and Health Training (Course No. 21591-00), which is now obsolete.

The new training course:

- Takes about 24 hours to complete.
- Can be spread out over several months.
- Contains a 2-page overview (*InfoPak*) on each topic that serves as the core information and provides valuable references and links to detailed information.
- Contains checklists, information sheets, and mini-posters when appropriate.
- Covers 3 topics:
 1. Overview of 5 safety leadership tasks.
 2. Basics of 22 technical safety topics.
 3. Basics of 12 issues for administering safety programs.

Order hard copies of the FSC training course from the Material Distribution Center as follows:

- **Touch Tone Order Entry:** Call 1-800-332-0317, option 1, then option 2.
- **cc:Mail:** Send an F3Fill-completed PS Form 7380, *MDC Supply Requisition*, by cc:Mail to MDC Customer Service at TOKS001L.

HANDBOOK REVISION

AS-701, Material Management — Retail Vending Reporting Process Changes

Effective August 23, 2001, Handbook AS-701, *Material Management*, is revised to change the reporting process concerning retail vending equipment.

We will incorporate these changes into the next printed version of Handbook AS-701 and into an incremental update of the online version available at <http://blue.usps.gov/cpim> (click on *Handbooks*).

Handbook AS-701, *Material Management*

6 Asset Recovery: Redistribution, Recycling, and Disposal

* * * * *

646 Proprietary Items Requiring Special Processing

* * * * *

646.6 Retail Vending Equipment

646.61 Reporting

[Revise 646.61 to read as follows:]

Report all inactive retail vending equipment items to district materials management specialist. Retail vending equipment items that are obsolete, are surplus, or have been

listed as excess for a period of up to 6 months should be considered for disposal action. Supervised destruction is no longer the mandatory disposal method for retail vending equipment items. Disposition actions may consist of any of the eight methods listed in 647.1, Methods and Priority, or any other specific method directed by Self Service, Retail, Consumers and Small Business.

646.62 Disposition

[Revise 646.62 to read as follows:]

Self Service, Retail, Consumers and Small Business, retains authority over disposition of all retail vending equipment items. Therefore, offices with inactive, obsolete, or surplus customer vending items that are being considered for disposal action must follow the directions provided in *Material Logistics Bulletin (MLB)* MLB-PP-00-004, Attachment B, May 18, 2000. eBuy Automates Buying Supplies and Services

On July 16, 2001, Purchasing and Materials introduced eBuy, and with it, a new way to buy supplies and services using the Postal Service Intranet. eBuy automates the buying process end-to-end from ordering to payment. It includes requisitions submitted online, approvals online or via cc:Mail, invoice certification, capturing purchasing data, eCommerce capability with suppliers, and self-service capability for users.

Employees responsible for purchases should find eBuy easy to learn and use. eBuy helps organizations be more successful by saving time and money. The operational benefits and financial gains are substantial and directly support the postmaster general and chief executive officer's "Keeping Our Focus" strategy of managing costs.

The first catalogs implemented for eBuy are office supplies (7-16-01), computer hardware (7-30-01), and cluster box units (7-30-01). Organizations will be notified in advance via the *Postal Bulletin* and through eBuy as other national catalogs are implemented.

Training for eBuy is web-based, modular, and self-paced. After completing the training, attendees are eligible for Voice of the Employee (VOE) credit. Training was available as of July 9 and can be accessed from the eBuy login page.

To reach the eBuy login page, go to <http://blue.usps.gov>; then type "eBuy" into the web browser address field and press Enter. From the eBuy login page, click *Training* to access the training.

The following Headquarters organizations and areas are in the process of implementing eBuy:

Chief Operating Officer and Executive Vice President, Consumer Advocate, Chief Technology Officer and Information Technology, Diversity Development, Expedited/Package Services, Facilities, Finance/Controller, General Counsel, Government Relations and Public Policy, Marketing, Purchasing and Materials, Sales, Allegheny Area, Great Lakes Area, Mid-Atlantic Area, New York Metro Area, Pacific Area, Southeast Area, Southwest Area, and Western Area.

Contact the eBuy administrator in your organization for more information on the eBuy rollout. To access eBuy administrator information on the eBuy login page, click *Support* and then *Administrative Points of Contact*. If an administrator is not yet available within your organization, call Jim Leonard, eBuy project manager, at 202-268-6230.
