SUBJECT: *Neuter or Spay* Stamps

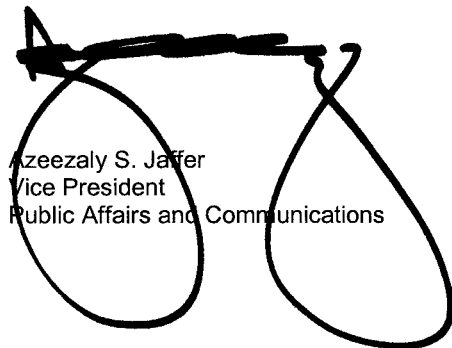

The United States Postal Service continues its longstanding tradition of raising awareness of important social issues with the issuance of the *Neuter or Spay* stamps on September 20th in Denver, Colorado. The *Neuter or Spay* stamps serve as a wake up call to all Americans about the serious problem of pet overpopulation . . . and a part of its solution that all responsible pet owners possess—spaying or neutering pet cats and dogs.

Every year, 8 to 10 million cats and dogs are given up to animal shelters and others are abandoned on the streets. And every year, 4 to 5 million cats and dogs are euthanized in shelters because no homes could be found for them. Many cats and dogs that die as a result of pet overpopulation – whether humanely in a shelter or by injury, disease, or neglect – are animals that probably would have made wonderful companions if given the chance. With a workforce of over 750,000, we have a wonderful opportunity to create awareness among our family members, friends, and customers about the health, behavioral, and social benefits of spaying and neutering our pets.

The Postal Service is proud to join with the American Partnership for Pets, the American Society for the Prevention of Cruelty to Animals (ASPCA), and other animal health and welfare organizations to promote the issuance of the *Neuter or Spay* stamps.

Our issuances of social awareness stamps have helped stimulate conversation in communities across the nation about serious topics such as AIDS awareness, breast cancer research, organ and tissue donation, and mentoring. These activities strengthen the Postal Service's historic role as a community leader and responsible corporate citizen.

As we make plans to promote the *Neuter or Spay* stamps and spread the word about the importance of spaying or neutering pet cats and dogs, I want to thank you for your support. Our efforts can make a tremendous difference in stamping out pet overpopulation.

**Overview**

On September 20, 2002, the U.S. Postal Service will issue the *Neuter or Spay* stamps. The self-adhesive 37-cent stamps will be available in panes of 20, featuring one design of a kitten and one design of a puppy, alternating across the sheet. The photographs of the kitten and puppy were taken of two young animals awaiting adoption in an animal shelter. Both are now in happy adoptive homes. Additionally, the stamp selva features a toll-free telephone number and a web site address for customers to obtain additional neuter and spay information. These stamps are part of the Postal Service's long-term commitment to raising awareness of important social issues. The *Neuter or Spay* stamps raise awareness of the importance of spaying and neutering companion animals to help prevent pet overpopulation and help avoid health and behavioral problems.

*First Day and Local Events*

The *Neuter or Spay* stamps will be issued at a first day of issue ceremony on September 20, 2002, in Denver, Colorado. The stamps will go on sale nationwide at all Post Offices after the 12:30 p.m. mountain daylight time ceremony. Because the primary goal of the stamps is to raise awareness of the importance of spaying and neutering

pets, you may want to schedule local events as soon as possible to get your communities involved and to build local partnerships. Animal health and welfare organizations and veterinarians will also receive information about the stamps and will be encouraged to partner with their local Post Offices.

*Partnership*

The Postal Service is joining with the American Partnership for Pets, the American Society for the Prevention of Cruelty to Animals (ASPCA), and other animal health and welfare groups to promote the issuance of the *Neuter or Spay* stamps. Together we have to end the tragedy of millions of otherwise-adoptable unwanted, homeless, and abandoned pets being euthanized each year. We all seek to define the issues, to increase public awareness of the problem, and to promote humane and responsible pet care.

The American Partnership for Pets, a program of the Prevent a Litter Coalition, Inc. (PaLC), is an unprecedented team of influential animal health and welfare organizations that have united to maximize the impact of the stamps. The team has selected the Pets 911 public service as a call to local action.

Available by calling a toll-free and bilingual telephone number 888-pets911 or visiting [www.pets911.com](http://www.pets911.com), this free public service is a single point of entry that connects community animal health and welfare organizations and services with the public. Pets 911 provides one central place to find community-specific information, searchable by ZIP Code, to encourage better care for pets nationwide.

**Publicity Ideas to Interest the Media**

There are many ways to generate local media interest in the *Neuter or Spay* stamps. Here are some methods to capture customer and media attention:

*Stage a Kick-Off Event*

Host an unveiling of the *Neuter or Spay* stamps, with the participation of local veterinarians, animal shelters, pet supply stores, and other animal services. This would be a great opportunity for an Adopt-A-Pet day. Many shelters have dogs and cats they bring to public places to encourage adoption of shelter animals, and members of the public have a chance to see the animals and sign up to adopt them.

*Other Event Ideas*

- Host a Neuter/Spay day. Encourage local veterinarians to participate.
- Sponsor an essay-writing contest with the local schools (perhaps limit it to one grade such as sixth grade) on the subject of "The Importance of Spaying and Neutering Your Pets." Have the postmaster, a local veterinarian, the director of the local animal shelter, and a teacher be the judges. Award a framed sheet of stamps or a blow-up of the stamps to the winner.
- Sponsor an essay-writing and picture-drawing contest with local grade schools on "What My Pet Means to Me." Hang some of the best essays and cutest drawings in the Post Office, local veterinarians' offices, and local animal shelter.
- Present framed enlargements of the new stamp to the local animal shelter and veterinarians. Encourage local political officials to attend the presentation to raise awareness of the issue within your community.
- Coordinate groups of children — children of postal employees, Boy Scout and Girl Scout troops, 4H Clubs, etc. — to write letters to shelter animals to be displayed on the Post Office bulletin board and published in the local paper, giving the animals hope that they will be adopted by loving families.
- Arrange for a pet health fun fair, where local veterinarians can have booths about the importance of spaying or neutering pets, pet dental health, pet vaccination, etc. The local shelter can display adoptable pets; and pet supply stores can sell or display pet foods, pet toys, and other cat- and dog-related items.
- Sponsor a pet show with local 4-H Clubs, Boy and Girl Scouts, Boys and Girls Clubs, etc., with a special category and special prize for neutered and spayed pets.

Implement any of these ideas, combine them, or brainstorm with your employees and come up with ideas of your own. Be sure to publicize each and every event to your local newspaper, radio, and television stations via the press releases, media advisories, and letters to the media contained in this publicity kit. Don't forget to make follow-up phone calls. The American Partnership for Pets invites you to register your event on the special neuter/spay stamp section of the [www.pets911.com](http://www.pets911.com) web site.

Postal Service employees can find an electronic version of the Community Relations publicity kit for *Neuter or Spay* on the Postal Service Intranet at <http://blue.usps.gov>; click on *References*, then scroll down and click on *Postmaster Toolkits*. Select the .doc (MS Word) version to easily complete the fill-in-the-blank publicity materials included in this kit.

### **2002–2003 Companion Dog- and Cat-Related Observances**

The *Neuter or Spay* stamps will be on sale for approximately 1 year or while supplies last. We would like to start raising awareness of the issue before the stamp is released, and then continue throughout the year. This calendar lists events that you may want to have in conjunction with *Neuter or Spay* stamp events.

The American Partnership for Pets will be heavily promoting the *Neuter or Spay* stamps for the first year that they are on sale. Information about their programs and promotional plans that may be helpful to you will be on these three web sites: [www.pets911.com](http://www.pets911.com), [www.palc.org](http://www.palc.org), and [www.americanpartnershipforpets.com](http://www.americanpartnershipforpets.com).

## Neuter or Spay Questions And Answers

### *Why should I spay or neuter my pet?*

Spaying and neutering is good for your pet.

- Spaying and neutering helps cats and dogs live longer, healthier lives.
- Spaying eliminates the possibility of uterine or ovarian cancer and greatly reduces the incidence of breast cancer, especially when your pet is spayed before her first heat.
- Neutering eliminates testicular cancer and decreases the incidence of benign prostate disease.

Spaying and neutering pets is good for you.

- Spaying and neutering can eliminate or reduce the incidence of a number of serious health problems that can be difficult or expensive to treat.
- Spaying and neutering can make pets better companions.
- Neutering cats makes them less likely to spray and mark their territory with pungent urine.
- Spaying a dog or cat eliminates her heat cycle. Estrus lasts an average of 6 to 12 days, often twice a year, in dogs and an average of 6 to 7 days, 3 or more times a year, in cats. Female cats in heat can cry incessantly, and female dogs and cats in heat may appear nervous and may attract unwanted males.
- Neutering can make pets less likely to roam, run away, or get into fights.
- Unsterilized animals often exhibit more behavior and temperament problems than do those that have been spayed or neutered.
- Neutering may make dogs less likely to bite.

Spaying and neutering pets is good for the community.

- Communities spend millions of dollars to control unwanted animals.
- Animal shelters are overburdened with surplus animals.

- Stray pets and homeless animals may get into trash containers, defecate in public areas or on private lawns, and frighten or anger people who have no understanding of their misery or needs.

This information is from the American Veterinary Medical Association and the Humane Society of the United States.

### *What is spaying?*

A female dog or cat is spayed by surgically removing her ovaries and uterus. The surgery is technically referred to as ovariectomy.

### *What is neutering?*

Although *neutering* can apply to the sterilization surgery on both male and female animals, it is generally used to refer to the surgery on male animals, in contrast with spaying of females. A male dog or cat is neutered by surgically removing his testicles. The surgery is technically referred to as orchiectomy.

### *Don't these operations hurt?*

Spaying and neutering are the most common surgeries performed on animals. Spay and neuter surgeries are both performed under general anesthesia. Veterinarians will make pain relief medication available to the animals after their surgery as needed. Depending on the pet's age, size, and health, he or she will stay at the veterinarian's office for a few hours to a few days. Your pet will usually resume normal behavior in a couple of days.

### *Won't my pet get fat and lazy if I neuter or spay him or her?*

Veterinarians believe that spaying or neutering does not cause pets to get fat. Instead, most pets get fat and lazy because their owners feed them too much and don't give them enough exercise.

### *Isn't it better to let my female dog or cat have one litter first?*

Medical evidence suggests that the opposite is true. In fact, evidence shows that females spayed before their first heat tend to be healthier. Many veterinarians now sterilize dogs and cats as young as 8 weeks of age with no ill effects.

### *But my pet is a purebred, why shouldn't I breed him or her?*

At least one out of every four pets brought to animal shelters around the country is a purebred. Breeding pets responsibly requires a large commitment of time and money. Unless you intend to breed your pet for a specific purpose and are willing to commit the time and money, your pet should be spayed or neutered.

*But if I find good homes for all the kittens or puppies, won't it be o.k.?*

You may find homes for all of your pet's litter. But then again, you may not, and those kittens or puppies may end up in a shelter. The problem of pet overpopulation is created and perpetuated *one litter at a time*.

*Won't it cost me a lot to have my pet spayed or neutered?*

The cost of spaying or neutering depends on the sex, size, and age of your pet, your veterinarian's fees, and a number of other variables. Whatever the actual price, spay or neuter surgery is a one-time cost — a relatively small amount when compared to all of the benefits. It's a bargain compared to the cost of having a litter and ensuring the health of the mother and litter. Two months of pregnancy and another 2 months until the litter is weaned can add up to high food costs and significant veterinary bills if complications develop. Most important, it's a very small price to pay for the health of your pet and the prevention of the birth of more unwanted pets.

Many communities, animal shelters, and animal welfare organizations are willing to work with responsible pet owners who need financial assistance to provide reduced-cost spay and neuter surgery.

This information is from the American Society for Prevention of Cruelty to Animals, the American Animal Hospital Association, and the American Veterinary Medical Association.

*What became of the kitten pictured on the stamp?*

The kitten was in an animal shelter in Connecticut when Sally Andersen-Bruce took her photograph. She was adopted by a loving family. She was picked out by a little girl who wanted a girl kitty and whose mother decided that they should go to the shelter to find a pet.

The kitten now has a Siamese cat and two miniature dachshunds as companions, but she rules the roost and has the entire household under her paw. She adores the little girl who picked her out and enjoys the rest of her family. She is very healthy and playful. She was spayed when she was adopted, in accordance with the adoption agreement from the shelter, and goes to the vet for her annual vaccinations.

*What became of the puppy pictured on the stamp?*

The puppy was in an animal shelter in Connecticut when Sally Andersen-Bruce took his photograph. He was adopted by a loving family. The boy who picked him out wanted somebody to play with, and especially wanted a Border collie because he was fascinated with how they can be taught to respond to hand signals. The boy's mother called around and was referred to the animal shelter where they found the puppy and his littermates. The puppy is 1/2 Australian shepherd, 1/4 collie, and 1/4 Border collie.

The clever puppy loves to play with his owner, who is teaching him how to play Frisbee. His family says he's a very smart dog and has learned many basic commands and hand signals. He loves to travel in the car and he goes hiking and camping with his family.

The family had another dog, a golden retriever named Shelby, who had cancer. Shortly after the puppy was adopted, Shelby had to have the first of three cancer surgeries. The family is positive that the puppy helped her perk up and make a rapid recovery from surgery. Shelby in turn did a lot to educate the puppy, teaching him important things such as how to squat and not to leave the yard. The puppy did a lot to enliven Shelby's last years. Sadly, Shelby died in her sleep just after Christmas 2001, age 11 1/2 years.

When the puppy was adopted, the family already had a young male cat that they found abandoned in their barn and had bottle raised from a very young age. The male cat and his canine companion love to play together and get along great. In fact, the family feels that the cat may think he's a dog, too. Since adopting the puppy, the family has now adopted three young cats from the same shelter from which they adopted him. All three cats are about 1 1/2 to 2 years old.

All of the family's cats and dogs have been spayed or neutered as required by the animal shelter's adoption agreement and all receive their annual vaccinations.

“With these cute images of a cat and dog, we’re calling attention to the critical need to help control pet overpopulation through spaying and neutering. The *Neuter or Spay* stamps display a male puppy and a female kitten that were photographed in a Connecticut animal shelter while awaiting adoption. Each was subsequently neutered or spayed and adopted into a loving home.

The release of the stamps on September 20, 2002, will mark the first issuance of a stamp featuring a pet cat and dog together since the popular 13-cent *Puppy and Kitten* stamp in 1982 and the *Bright Eyes Issue* in 1998. And this is the first U.S. postage stamp to call attention to the pressing issue of pet overpopulation. The issuance of the stamp is the culmination of a grassroots campaign by thousands of citizens, politicians, community leaders, animal-welfare organizations, veterinarians, and celebrities.

## [INSERT CITY] Helps Postal Service Launch New *Neuter or Spay* Stamps

[INSERT CITY] — Residents of [INSERT CITY] today showed their love of cats and dogs and their concern for the overwhelming problem of pet overpopulation when they joined the U.S. Postal Service in a community celebration honoring the issuance of the *Neuter or Spay* postage stamps.

The self-adhesive 37-cent stamps feature one photograph of a kitten and one photograph of a puppy, alternating across the sheet.

The *Neuter or Spay* stamp event was held at the [INSERT CITY] Post Office and was one of many ceremonies that will be held across the country, saluting the issuance of the stamps and raising awareness of the issue of pet overpopulation.

“With these cute images of a cat and dog, we’re calling attention to the critical need to control pet overpopulation through spaying and neutering. We’re also continuing the Postal Service’s longstanding involvement in raising awareness of important social issues,” said [INSERT NAME AND TITLE] of the Postal Service.

Joining [INSERT LAST NAME OF POSTAL OFFICIAL] at the ceremony were [INSERT NAMES OF ANY OTHER NOTABLES].

The *Neuter or Spay* stamps are based on photographs of a puppy and a kitten that were in an animal shelter awaiting adoption. Both were later adopted into loving homes.

Cats and dogs together have been featured on a few other U.S. postage stamps. A 13-cent stamp of a kitten and puppy playing in the snow was issued in 1982 for use on Christmas season postcards. In 1998, images of a cat and a dog were included in the “Bright Eyes” set of five pets. Images of cats and dogs are very popular in the United States, appearing on all kinds of art and utilitarian objects. Cats and dogs are also very popular pets. Approximately 68 million dogs and 73 million cats are owned in the United States.

The sweet regard of the kitten and puppy on the *Neuter or Spay* stamps gently hint at the serious issue of pet overpopulation that the stamps highlight. Every year, 8 to 10 million cats and dogs enter animal shelters, and of that number, between 4 and 5 million are euthanized. Most cats and dogs that die as a result of pet overpopulation — whether humanely in a shelter or by injury, disease, or

neglect — are animals that would probably have made wonderful companions if given the chance. Although the problem seems overwhelming, each of us has a key to the solution by ensuring that we spay or neuter our companion animals.

## Speech Segment

*The following suggested speech segment is for use at local ceremonies and events. Feel free to customize it to fit your local event and community.*

Good [INSERT "MORNING" / "AFTERNOON"].

It's a great honor for me to represent the United States Postal Service today as we dedicate the *Neuter or Spay* stamps. It's a wonderful opportunity to celebrate our love for cats and dogs ... and our concern for pet overpopulation.

With these stamps, the Postal Service continues its long, proud tradition of raising awareness of important social issues. Recent stamps have raised awareness of such issues as breast cancer, adoption, organ and tissue donation, hospice care, prostate cancer, diabetes, and mentoring.

And with the *Neuter or Spay* stamps, the Postal Service draws on the warm feelings that cats and dogs evoke in people ... to raise the very serious issue of pet overpopulation.

Every year, 8 to 10 million cats and dogs enter animal shelters, and of that number, between 4 and 5 million are euthanized. Many cats or dogs that die as a result of pet overpopulation — whether humanely in a shelter or by injury, disease, or neglect — are animals that would probably have made someone a wonderful pet if given the chance. Although the problem is tragic and seems overwhelming, *each* of us has a key to the solution by ensuring that we spay or neuter our companion animals.

So please join us in helping to stamp out pet overpopulation ... and make sure that your cats and dogs are neutered or spayed.

Also, I'd like to put in a special plea on behalf of our delivery employees ... please make sure your dogs are restrained when your letter carrier arrives. Last year, over 3,100 postal employees were among the estimated 4.7 million Americans bitten by dogs. This is another problem that we can help solve by all working together.

Now, if [INSERT NAMES OF CEREMONY PARTICIPANTS] would join me in unveiling the *Neuter or Spay* stamps ...

I appreciate this opportunity to introduce these stamps to our customers and friends in this community. Thank you again for taking the time to join us here today.

## Participation of Public Officials

*Neuter or Spay* stamp events are a perfect opportunity to involve elected officials in an important and positive local event. They are likely to take a keen interest in the event, as it provides elected representatives a chance to interact with constituents in a friendly civic setting with guaranteed media coverage. Events with dogs and cats are sure to offer superb photo opportunities.

You are encouraged to reach out directly to your federal, state, and local elected officials. *Government Relations representatives are available to assist you in coordinating political involvement and would be pleased to help in any way.*

This Neuter or Spay publicity kit contains basic guidelines, sample letters, and the names and telephone numbers of your Government Relations contacts.

### *Before the Event*

- **Send a written invitation** 4 to 6 weeks before the event to your two U.S. senators, your congressional representative, your state governor, and the mayor of your community. Please include any other local elected officials you feel would be appropriate. The local postmaster or district manager should sign the invitations.
- **Follow up** on the written invitation with a telephone call to the elected official's scheduler within a week if you have not received a reply. You may need to call more than once.
- **Keep in touch** with all elected officials who respond. If asked, provide updated information to the elected official's staff as it becomes available (such as who else is participating, where and when to meet, what his or her role will be, etc.). Stress that remarks should be brief and limited to the unveiling of the *Neuter or Spay* stamps and recognition of the role of the U. S. Postal Service in raising awareness of important social issues.

- **Include names** of all participating elected officials on the "official program" as honored guests, and mention them in all media advisories.
- **Provide a courtesy copy** of the program to the elected official in advance.

### *After the Event*

- **Send a written thank-you** letter to all elected officials who participated in the ceremony, expressing your appreciation.
- **Provide copies** of any newspaper articles about the event to their offices. Even though they might see those articles on their own, you can take the opportunity to remind them of the press coverage the event received.
- **Provide a supply of extra cachets** with the special cancellation, if applicable, to elected officials, even to those who could not attend. These make great giveaways and serve as a positive reminder of the event.
- **Obtain and frame a photo** of the elected official posing beside the stamp image and make an appointment to present it in person, if possible. A matted, well-framed photograph stands a good chance of being hung on the wall of the official's office, again serving as a positive reminder of the event.
- **Keep in touch** with your elected officials. Good relationships are built over time.

## NOTICE

### New Universal Associate Supervisor Program

Effective May 1, 2002, the Postal Service implemented the Universal Associate Supervisor Program (Universal ASP) to increase national consistency for the selection, training, and placement of supervisors while preserving the benefits of the current Associate Supervisor Program (ASP).

Similar to the current ASP, the Universal ASP consists of three components: selection, training, and placement. Most aspects of the Universal ASP are the same as the current ASP with a few minor exceptions.

Also effective May 1, 2002, we have replaced the Initial Level Supervisor (ILS) selection system with the Universal ASP. Implementation instructions have been provided to local Human Resources managers and area and district ASP coordinators.

### Materials for Testing

Effective May 1, 2002, the following materials are required for testing and selection for the Universal ASP:

- Associate Supervisor Examination 600, Series 002, 003, and 004, October 2001.
- Directions for Conducting Associate Supervisor Examination 600, January 2002.
- Factual Report Writing Answer Sheet (600.9), January 2002.
- Associate Supervisor Applicant Booklet (600.8).
- Associate Supervisor Candidate Evaluation (600.7).
- Review Committee Guidelines (601.5), January 2002.
- Review Committee Scoring Booklets, October 2001:
  - 601.7 — Customer Problem (for use when scoring written narrative, Series 002).
  - 601.8 — Workflow Problem (for use when scoring written narrative, Series 003).
  - 601.9 — Delivery Problem (for use when scoring written narrative, Series 004).

### Ordering Materials

Use PS Form 2487, *Requisition for Test Materials*, to order these materials from the National Test Administration Center (NTAC).

### Obsoleting Old Materials

Return the obsoleted Candidate Evaluation Booklet via Registered Mail to NTAC. Label the package "Obsolete, Unused Materials" and mail the package to the following address:

NATIONAL TEST ADMINISTRATION CENTER  
PO BOX 1020  
MERRIFIELD VA 22116-1020

We will incorporate the above changes into Handbook EL-312, *Employment and Placement*, as an addendum. The addendum will be published in a future *Postal Bulletin*.

## DMM REVISION

### Rate and Postage Markings

Effective June 30, 2002, *Domestic Mail Manual* (DMM) P960.3.2a is revised to correct MLOCR rate codes for First-Class Mail® items in combined mailings.

We published this information in *Postal Bulletin 22075A* as part of the omnibus rate case that takes effect June 30, 2002. We have incorporated this revision into the printed version of DMM Issue 57 and into the monthly update of the online DMM available through Postal Explorer at <http://pe.usps.gov>.

## CORRECTION

### Express Mail Manifesting

In *Postal Bulletin 22075* (5-2-02, pages 77–90), the article “Express Mail Manifesting” had two typographical errors. The corrections are shown in bold below.

(1) On page 80, under “Appendix G,” the bullet for Label Option 3 should read as follows:

- Label Option 3: **Privately** Preprinted Label 11-SP with Sample Shipping Label (Horizontal Orientation).

(2) On page 82, the heading for Label Option 1 was inadvertently repeated where the heading for Label Option 4 should have been, and the introductory first paragraph was inadvertently omitted. After the directions in italics and brackets, replace the heading and insert the introductory first paragraph to read as follows:

#### **Label Option 4 — Label With Service Indicator**

**Show the following information on the label as noted below:**

*DMM REVISION*

**Postal Zone Charts**

On June 30, 2002, *Domestic Mail Manual* (DMM) G030 will be amended to clarify the language that describes the availability of postal zone charts and announces changes to select 3-digit ZIP Codes. The *Postal Bulletin* article announcing those changes on May 2, 2002, inadvertently omitted a customer's option to purchase hardcopy postal zone charts. The *Postal Bulletin* of May 16, 2002, contained additional information and a form for customers to use when ordering zone chart data. This revision adds hardcopy purchase availability into DMM G030.

We have incorporated this revision into the printed version of DMM Issue 57 and into the monthly update of the online DMM available through Postal Explorer at <http://pe.usps.gov>.

The USPS Official National Zone Chart Data Program is administered from the National Customer Support Center (NCSC) in Memphis, Tennessee. Single-page zone charts for originating mail are available at no cost from local post offices or online at <http://pe.usps.gov>. Zone chart data for the entire nation can be purchased in two formats: printed (526 pages) and electronic (CD-ROM). For more information, or to purchase zone charts, call the zone chart program administrator at 800-238-3150 or write to the NCSC (see G043 for address).

## Overseas Military Mail

Mail addressed to or from military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restrictions codes, which appear on the page following the table.

Acceptance clerks should use this table with the integrated retail terminal (IRT) or POS ONE terminal to determine whether an APO/FPO ZIP Code is active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1630.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

Changes from previous listing are in bold type.

### NOTICE

#### Postal Money Orders — \$1,000 Maximum

Effective June 30, 2002, the maximum value for money orders will increase from \$700 to \$1,000. The maximum value statement is printed on the back of the money order as a security measure. You must deplete the current stock of \$700 maximum value money orders prior to using the \$1,000 maximum value money orders. However, do not destroy \$700 maximum value money orders to obtain \$1,000 maximum value money orders. If a customer requests a money order for more than \$700, you should issue two money orders. Issue the first money order for \$700, plus a \$1.25 fee, and issue the second at no fee. We anticipate that this situation will occur infrequently, as the average issued money order is for \$135. Note that the fee for money orders in the amount of \$500 or less remains \$0.90.

Distribution of Paymaster \$1,000 maximum value money orders (manual, non-POS money orders) to some stamp distribution offices started in April. Distribution of POS \$1,000 maximum value money orders will begin in June. International money orders with the \$1,000 maximum value are forthcoming. Issuing offices must not use the \$1,000 maximum value money order until June 30, 2002.

Since contract postal units (CPUs) are not authorized to issue no-fee money orders, the host Post Office or contracting officer representative (COR) must assist the CPU with conversion to the new \$1,000 maximum value money order. CPUs must use only the \$1,000 maximum value money order beginning June 30, 2002.

We are revising PS Form 6387, *Rural Money Order Transaction Application*, to reflect the new money order fee and the new maximum value. If the revised PS Form 6387 is not available until after June 30, 2002, you should annotate the current form to reflect the applicable fee for the money order transaction. Destroy the current edition of PS Form 6387 when you receive the revised form.

## NOTICE

**Paymaster Reconfiguration for Postal Money Order Increase****Money Order Limit Increased**

As part of the June 30, 2002, rate change, the maximum limit for postal money orders has been increased from \$700.00 to \$1,000.00.

For those offices currently using the Paymaster Corporation Model 8100 Money Order Imprinter, a simple modification is required to change maximum limit stops. The Paymaster 8100 is equipped with "snap in" amount stops in the thousands and hundreds dollar columns. These stops are provided to *help* prevent imprinted amounts, which exceed the current Postal Service maximum amount limit of \$700.00. Since the new postal money order limit has been raised to \$1,000.00, these stops will have to be altered.

The following steps are to be used after close of business June 29, 2002, or prior to start of business on the next day the office is open after June 29, 2002.

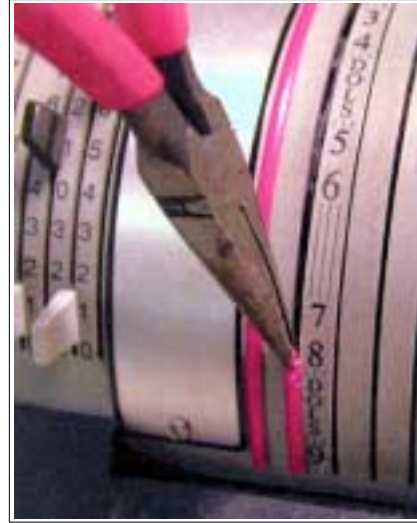

**Changing the Imprinter Stops**

*Step 1: Gather the necessary tools.*

To change the money order imprinter stops safely and easily, you will need a pair of pliers and a pair of scissors. "Needle-nosed" pliers work best for this modification.

*Step 2: Remove the hundreds dollar stop.*

Using the needle-nosed pliers, gently remove the hundreds dollar stop. Since the maximum dollar amount is being raised to \$1,000.00, you must completely remove the hundreds dollar stop.

Depending upon the age of your money order imprinter, this rubber stop may have become brittle over time. Also, the plastic may have adhered itself to the imprinter. Gently rock the plastic stop to remove it from the imprinter without damaging the imprinter.

*Step 3: Gently remove the top 2 inches of the thousands dollar stop.*

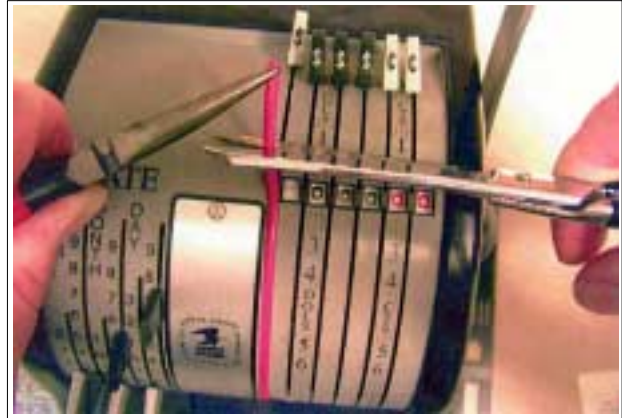

Using the needle-nosed pliers, gently remove the first 2 inches of the thousands dollar stop.

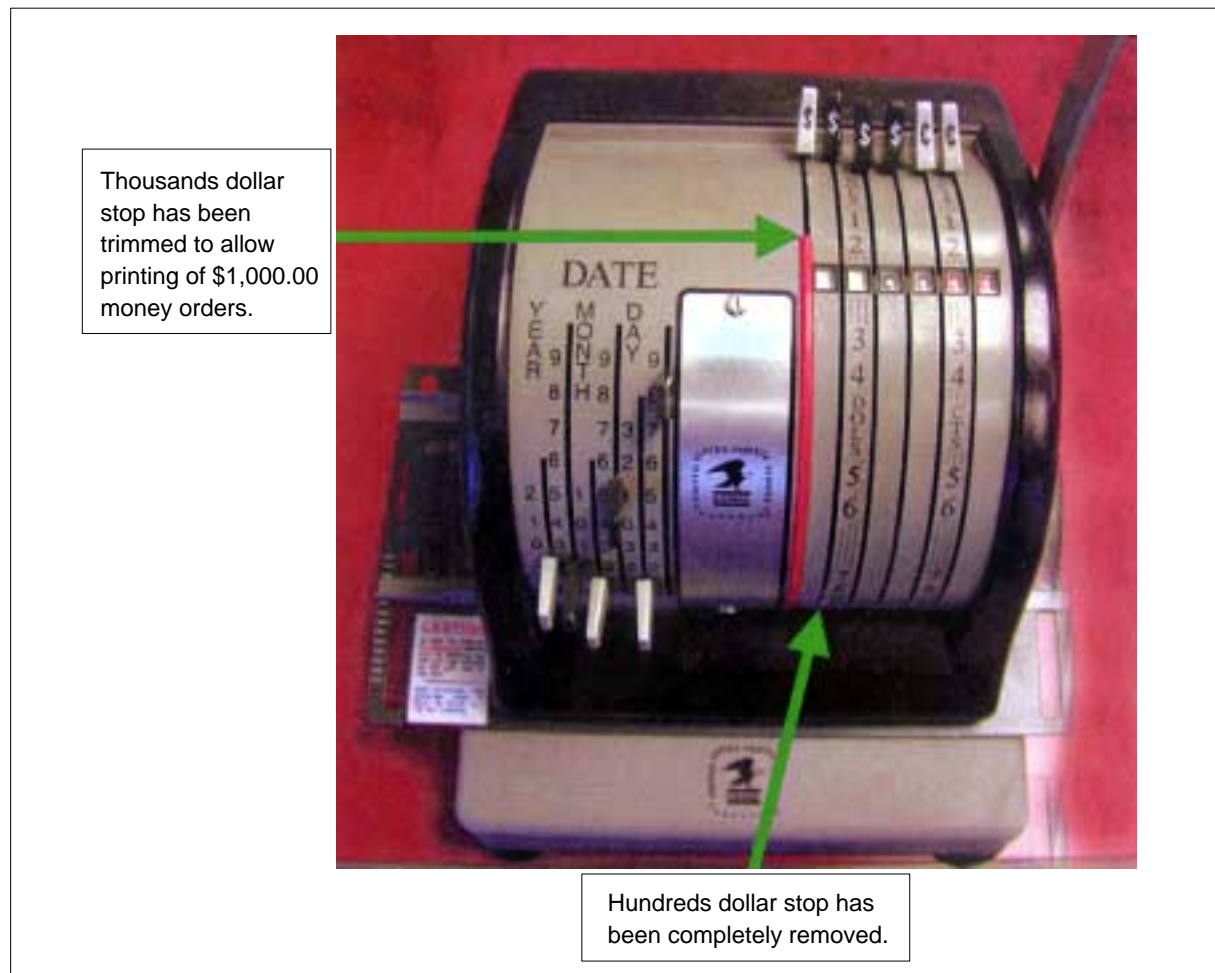

*Step 4: Cut and replace the thousands dollar stop.*

Using the pair of scissors, snip the stop between the 1 and 2 digits on the imprinter. Then replace the stop. Once the stop is in place, the thousands dollar key should move to the 1, but should not be able to move to the 2.

**Finished Result**

**Replacement Parts**

The number to call for replacement parts for the Paymaster 8100 is 800-462-4477.

His book *Birds of America* has been described as "the finest pictorial

ornithological book ever produced." The stamp is the second issuance in the *American Treasures* series and portrays two species of tanager: Louisiana tanager and scarlet tanager.

He was one of the best known performers of the early 20th century and his name remains synonymous with magic and escape today. ## CORRECTION

**Stamp Announcement 02-17, Heroes of 2001 Semipostal Stamp**

(1) The *Heroes of 2001* semipostal stamp announcement in *Postal Bulletin 22076*, (5-16-02, page 112) incorrectly listed information about the surcharge of this stamp in the second paragraph of the stamp description. Consequently, please delete the sentence beginning with, "The stamp is valid ..." through the last sentence in the paragraph which ends "... with the provisions of the 9/11 Heroes Stamp Act of 2001." Replace this information with the following:

The difference between the sales price of the *Heroes of 2001* stamp and the First-Class Mail® postage rate, in effect at the time of purchase, is a tax-deductible charitable contribution. Funds will be transferred to FEMA (Federal Emergency Management Agency).

(2) The Technical Details stated the Issue Date as May 29, 2002. The correct issue date is June 7, 2002.

### Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary Post Office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for cancellation may not include

postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

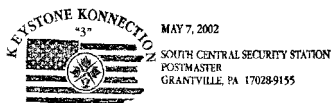

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

## CORRECTION

### Using Dog Repellent

The publicity kit, "National Dog Bite Prevention Week," in *Postal Bulletin* 22075 (5-2-02, page 27) incorrectly stated to apply mineral oil if dog repellent is inadvertently sprayed into a person's eyes. The material safety data sheet correctly states to use copious amounts of water.

### Safety and Health Inspections

The *Employee and Labor Relations Manual* (ELM) 824 requires safety and health inspections. At locations with more than 100 employees in the main facility, the servicing safety office should conduct the inspection. In subordinate stations and branches with fewer than 100 employees, the facility safety coordinator (FSC) must lead the inspection. For technical or programmatic assistance, managers should contact the safety office.

You can find the inspection checklists and inspection instructions on the Postal Service Intranet. Go to <http://blue.usps.gov> and click on:

1. *Headquarters,*
2. *Human Resources,*
3. *Safety & Health,*
4. *Safety Performance Management,*
5. *Safety Toolkit Resources Page,*
6. *Program Management,* and then
7. *Safety Checklists.*

Add the *Safety Checklists* page under your favorites for quick access.

Vehicle maintenance facility managers or their designated FSC must:

1. Complete a safety and health inspection within 30 days of the date of this *Postal Bulletin*.
2. Ensure that smaller subordinate facilities conduct an inspection.
3. Post the results of the inspections.
4. Ensure abatement of all deficiencies completed in accordance with the instructions.
5. Certify completion of the inspection to the servicing safety office.
