## Click-N-Ship Field Information Kit

### General Overview

To enhance customer convenience, the Postal Service has introduced Click-N-Ship™, its easy-to-use online shipping label on [www.usps.com](http://www.usps.com). National advertising for Click-N-Ship began in September with the Mail Room ad found on the cover of this issue of the *Postal Bulletin*. The ad was featured in several national publications: *Newsweek*, *Business Week*, *Priority Magazine (Pitney Bowes)*, *Time Business*, *DMA Business*, and *U.S. News & World Report*.

Customers seeing these ads will want to know more. This Field Information Kit will assist postmasters, managers, supervisors, and employees in telling their customers about the convenience of Click-N-Ship. Included in this *Postal Bulletin* is a Stand-Up Talk, a copy of a Priority Mail online shipping label with PC Postage service, and Frequently Asked Questions for Retail Units. There also will be a more detailed article in an upcoming issue of the *Postal Bulletin*.

Click-N-Ship provides customers the convenience of Internet label printing and postage payment from their home or office computer. Customers can calculate and compare rates, find ZIP Codes, validate and save addresses, print shipping labels with or without PC Postage® service, and pay for postage with their credit card — all in one easy process. Priority Mail®, Express Mail®, Global Express Mail™, and Global Express Guaranteed™ shipping labels can be printed. Online Priority Mail labels include electronic rate Delivery Confirmation™ for no additional fee.

The revenue generated by the online shipping labels with PC Postage service is allocated to the office of mailing. Revenue allocation is based on the 5-digit "Mailing From" ZIP Code provided by the customer at the time of creating their label.

For more information visit [www.usps.com/shipping/label.htm](http://www.usps.com/shipping/label.htm), or enter "Click-N-Ship" in the search box.

### Stand-Up Talk

Did you know that customers can now print shipping labels with postage right from their home or office personal computer. Thanks to our new Click-N-Ship™ service, all they need is a computer, a printer, and an Internet connection. The online shipping labels can easily be printed on regular 8 1/2" x 11" paper or, if they prefer, self-adhesive labels. So no special equipment or supplies are needed.

Most importantly, customers can print a shipping label with PC Postage® indicia from the convenience of their home or office at [www.usps.com/shipping/label.htm](http://www.usps.com/shipping/label.htm). Then they register and use their credit card to pay for postage. Or, for no charge, they can choose to print a shipping label without postage.

Customers can print an online shipping label for these domestic services:

- Express Mail®
- Priority Mail®

Since customers get Delivery Confirmation™ service at no additional cost when they print an online shipping label for Priority Mail, this is what we believe you will see the most. This is a great benefit for any business.

For added convenience, customers may drop pieces with domestic Express Mail and Priority Mail online shipping labels with PC Postage, regardless of weight, into a collection box. This is not in violation of the aviation security policy. Since customers are required to register with the Federal Aviation Authority (FAA) and use a credit card to purchase postage, the FAA requirements are met.

Online shipping labels are also available for these international services:

- Global Express Mail™
- Global Express Guaranteed™

For more information, or to check out Click-N-Ship yourself, visit our Web site at [www.usps.com/shipping/label.htm](http://www.usps.com/shipping/label.htm), or enter "Click-N-Ship" in the search box. National advertising starts this month, so be prepared for customers who want to know more.

Think of this — our customers are now able to create labels with postage using their own personal computer and regular printer paper; pay for postage with their credit card; and drop their items in a collection box, give it to a delivery employee, or drop it off at the Post Office.

Click-N-Ship provides important ease-of-use benefits for our customers. It also provides you with a great opportunity to do your customers a favor. Let them know about the convenience of Postal Service online shipping — it's just a Click-N-Ship away!

### Frequently Asked Questions for Retail Units

#### Q. What is Click-N-Ship?

A. Click-N-Ship™ describes our easy-to-use online shipping at *www.usps.com*. The main feature is the online label and address book. You can calculate rates, find ZIP Codes, validate and save addresses, and print labels with or without postage — all in one convenient process.

#### Q. For what services can I print an online shipping label?

A. You can print an online shipping label for Priority Mail®, Express Mail®, Global Express Mail™, and Global Express Guaranteed™ services at *www.usps.com*.

#### Q. What kind of postage can I use with my online shipping label?

A. You can print an online label without postage and use stamps or a postage meter — or you can print a label with postage purchased right from our Web site. To do this, you will need to register at *www.usps.com* and pay by credit card for PC Postage® service. There is no additional cost for your labels, all you pay for is the postage. Express Mail Corporate Accounts are not allowed for payment of Express Mail items.

#### Q. What credit cards can I use to pay for postage on *www.usps.com*?

A. We accept all five major credit cards: American Express, Diners Club, Discover, MasterCard, and Visa. Sorry, we cannot accept debit cards online.

#### Q. What is PC Postage service?

A. PC Postage service is a Postal Service product that lets customers purchase and print postage using personal computers. There are a variety of products available from a number of companies, marketed under different product names. The Postal Service licenses authorized providers to use the PC Postage service brand (and logo) to distinguish their product as being compliant with Postal Service criteria.

#### Q. Can I cut-off the PC Postage indicia and use it separate from the online label?

A. No. Online labels with PC Postage service can be used only as a whole, the way they were printed. Packages with postage cut from an online label or with labels that are manipulated in any manner will be returned to the sender.

#### Q. Why isn't there an additional fee for Delivery Confirmation when I print a Priority Mail online label?

A. When you print an online label, an electronic record of your transaction is sent to the Postal Service. This meets the requirements for electronic rate Delivery Confirmation™ service which requires no additional fees when used with Priority Mail service. The retail rate (when purchased at a Post Office) is currently 45¢.

#### Q. What if the retail associate charges Delivery Confirmation fees for my online label?

A. Since the online label is still a new feature, some Postal Service employees may not yet be familiar with it. Point out the “e/” endorsement on your label next to the Delivery Confirmation or Signature Confirmation™ text above the barcode. This indicates that this item is an electronic rate confirmation services mailpiece. Regular Priority Mail postage rates apply.

**Q. Why can't I purchase insurance online to add to my Priority Mail label?**

A. Only confirmation services are available online at this time. Unlike insurance, they can be offered at a reduced fee because an electronic record is generated each time a label is created. If you require insurance for your item, you can purchase it separately at the retail counter.

**Q. Can I drop my online label package in a Postal Service collection box?**

A. Yes, if it's an Express Mail or Priority Mail package and you have paid for postage online and printed a label with PC Postage service. If you use a postage meter, you can drop your Priority Mail item in a collection box as long as it doesn't weigh more than 5 pounds. Items without PC Postage service and international pieces must follow existing aviation mail security requirements.

**Q. What if I print a label and don't use it on the ship date I selected?**

A. In these cases, it would be best to use your label on the next available shipping date. When creating an online label, you are responsible for providing accurate information when selecting the day of mailing. An electronic record is generated on the ship date indicating that your package has been mailed and the Postal Service is expecting to see your package that day.

**Q. Can I print my label on regular printer paper?**

A. Yes! You can print your labels on 8 1/2" x 11" paper, or you can purchase self-adhesive labels that meet the size requirements of the label.

**Q. How should I attach the labels to the packaging?**

A. The label should be securely affixed on all sides and must be fully placed on the address side of the package. It is recommended that clear shipping tape be used. Try to cover more than half of the label; however, the "Postal Use" area on the Express Mail label and the barcode on all labels must not be covered with tape. Labels should not be folded over or around package corners or edges. Self-adhesive labels are recommended and will be available for online purchase in the near future.

**Q. Why can't I tape over the entire label?**

A. Taping over the barcode will make it unreadable. It is recommended that you use a self-adhesive label. If you cannot, you should tape all edges securely to the package. Remember, you cannot tape over postage stamps.

**Q. What if I accidentally print a second online label with PC Postage service after a first one also printed? Can I use both labels? Am I charged twice?**

A. You must destroy the duplicate label because you are charged only once for postage. The postage is linked to the label number, which is unique and also can be used only once. The label number will appear in a duplicate postage list in the Postal Service database that is monitored by the Postal Inspection Service. Intentional use of a duplicate label constitutes fraud.

**Q. If I'm mailing several items to the same person, why can't I make photocopies of the same label?**

A. Shipping labels with PC Postage service must never be photocopied. Each label has a unique barcode and number assigned to it allowing our system to detect duplicate mailings. Also, if you use photocopied labels with identical numbers, you will not get valid delivery information. Intentional misuse of labels constitutes fraud and is punishable by law.

**Q. Why was the delivery address changed from what I entered?**

A. Addresses are compared to the Postal Service current address database and standardized. Standardized addresses help us process and deliver your mail more efficiently. Although no system can be up-to-date 100 percent of the time, this system is very accurate and is updated regularly to include new delivery addresses.

**Q. What Internet browser do I need to print an online label?**

A. You can use Internet Explorer 5.0 and later, or Netscape 4.7 and later.

**Q. What kind of printer should I use?**

A. You can use a laser printer or a high-quality inkjet printer. For inkjet printers, 600 dots-per-inch (DPI) is recommended. Our scanning equipment is not capable of reliably reading labels generated using low-quality inkjet or dot matrix printers.

**Q. Can I get a refund for an online label with PC Postage service that I printed but didn't use?**

A. Yes, if you did not use your label with PC Postage service you may be eligible for a refund when the following requirements are met:

- You submit your refund request on the Postal Service Web site at [www.usps.com](http://www.usps.com).
- You submit your request within 10 days of date that you created your label (Print Date).
- Our Track & Confirm system does not indicate any scan events such as a delivered or attempted scan for your label number.

To request a refund, go to [www.usps.com/shipping/label.htm](http://www.usps.com/shipping/label.htm); click on *Frequently Asked Questions about labels*, then *Refunds*. You will need your transaction and label numbers from your label record (or in your confirmation e-mail). Once completed, your refund request will be verified and, if approved, your credit card account will be credited (within two billing cycles). Requests for online postage refunds can be submitted online only.

**Q. How do I receive service refunds for domestic Express Mail and Global Express Guaranteed items with online labels that are delivered after the guaranteed time?**

A. The refund process for service failure for domestic Express Mail or Global Express Guaranteed items with online labels is the same as for traditional labels. Submit requests for Express Mail service refunds at your local Post Office. Once verified, your claim will be paid by cash or money order. For Global Express Guaranteed service failures, call 800-222-1811. The claim will be handled over the phone and paid by check.

#### 646.10 Computers, Laptops, Monitors, and Printers

##### A. Disposal of Equipment Covered Under ADEPT

As part of the Postal Service's transition to the Advanced Computing Environment (ACE), ACE technical teams are removing computer equipment purchased under the ADEPT contract and replacing it with new equipment. Contact your ACE coordinator for further information.

##### B. Disposal of Non-ADEPT Equipment

###### 1. Methods

The Postal Service disposes of non-ADEPT computer equipment in one of the following ways:

- Transfer from one postal organization to another through the Excess Item Catalog on the eBuy Web site.
- Donation to nonprofit organizations.
- Local sales or web auctions.
- Recycling.

###### 2. Procedures for Disposing of Non-ADEPT Equipment

- a. If the item is a computer or laptop, contact the material accountability officer (MAO) or property officer (PO) for your location. The MAO/PO contacts the systems administrator for your location to request that the equipment be wiped clean. The systems administrator eradicates the data according to Handbook AS-805, 3-5.6.1, *Disposal of Electronic Hardware and Media*.

Wiping the hardware ensures that no personal or postal information becomes accessible to non-Postal Service personnel.

- b. Ask the MAO/PO to remove the equipment.
- c. The MAO/PO attaches a label to the equipment stating "WARNING: THIS EQUIPMENT CONTAINS TOXIC MATERIAL. DO NOT SEND TO A LANDFILL."
- d. The MAO/PO lists the equipment in the Excess Item Catalog on eBuy to determine if other Postal Service organizations want the items.

- e. If the equipment has not been transferred after a preset number of days (30, 60, or 90), the MAO/PO takes the necessary steps to donate the equipment to a nonprofit organization, sell it locally or through web auctions, or dispose of it at no charge through the recycling program the Postal Service has established with UNICOR. If it is considered in the best interest of the Postal Service, the MAO/PO may use another recycling contractor authorized by the Postal Service that may charge for this service.
- f. The MAO/PO must require the new owner to sign the liability release form in Exhibit 646.10 (or a statement containing the same text) before completing the transfer or sale. This is to ensure proper transfer of the responsibility for disposal.

### **3. Sale to Postal Service Employees**

The Postal Service does not sell computer equipment to Postal Service employees or their immediate families before offering it for sale to the public. They may purchase this equipment only through local sales or web auctions.

**Exhibit 646.10**

#### WARRANTY EXTENSION

### Gratis Warranty Under Compaq ADEPT II Contract — Extended

In October 2001, the Postal Service awarded the ADEPT II contract (#102591-02-Q-0114) to Compaq Computer Corporation. As part of this contract award, Compaq provided the Postal Service with gratis warranty maintenance coverage through September 1, 2002, for approximately 17,000 servers and 160,000 desktop computers purchased via the ADEPT I contract.

Information Technology has negotiated the extension of this gratis warranty through December 1, 2002. We estimate the cost savings to the Postal Service to be approximately \$10 million for the 14-month warranty period. Almost all servers and desktops purchased under the ADEPT I contract are covered as part of this offering. The warranty service response is next business day, 8 A.M. – 5 P.M. Should you have any questions or need to order warranty service, please contact the Compaq ADEPT program management office at 800-896-8699.

Information Technology will reevaluate corporate warranty needs within the next 60 days and advise internal Postal Service customers of the next set of actions concerning warranty coverage. These actions are driven by our progress with the Advanced Computing Environment (ACE) and our reductions in and consolidations of the current computer infrastructure.

## DMM REVISION

### Postage Meters (Postage Evidencing Systems)

Effective October 3, 2002, *Domestic Mail Manual* (DMM) P030, Postage Meters (Postage Evidencing Systems), is revised to clarify the required contents and format of meter indicia.

For letterpress meters only, the meter indicia may omit the ZIP Code when it includes the city and state of the licensing Post Office. This option is available only with the approval of the manager, Postage Technology Management, Postal Service Headquarters. There is no change to the current regulation that allows meter indicia to include only the ZIP Code of the licensing Post Office, without the city and state designation.

When the terms "REDATE," "CORRECTION," or "REPLY POSTAGE" are included in meter indicia, the words must be printed in all capital letters using bold, 8-point, Arial font.

We will incorporate these revisions into the printed version of DMM 58 and into the monthly update of the online DMM available via Postal Explorer at <http://pe.usps.gov>.

Unless otherwise approved by the manager of Postage Technology Management, USPS Headquarters, indicia must include the following information:

[Revise item b to read as follows:]

- b. As an alternative to the city, state, and 5-digit ZIP Code of the licensing post office, just the ZIP Code of the licensing post office, in this case, the words "Mailed from ZIP Code," may be added to the indicia. For letterpress meters only, the city and state of the licensing post office may be used without also including the ZIP Code, upon approval of the manager of Postage Technology Management, USPS Headquarters.

#### 9.6 Format

[Revise 9.6 to read as follows:]

Arial font must be used for all postal information in the indicia. The postage amount must be at least 10-point type size. For all other required information, the type size must be at least 8 points. The mail class or endorsement, the postage amount, and the words "US POSTAGE" must be in bold type and all letters must be capital letters. Text identifying special indicia ("REDATE," "POSTAGE CORRECTION," "REPLY POSTAGE") must be in 8-point, bold type, and all letters must be capital letters. The words "US POSTAGE" must be the most prominent and conspicuous printed matter in the indicia other than the postage amount. The remaining required information (city, state, and 5-digit ZIP Code; the date; and the meter serial number or PSD ID) need not be capitalized or bold. The type size used for all other text printed in the indicia must be no greater than 8 points and must not be in bold type.

**Optional Increase in Minimum Number of Pieces Required for Preparing 5-Digit Packages of Standard Mail Flats**

In *Postal Bulletin* 22083 (8-22-02, pages 6-8), the article "DMM Revision: Optional Increase in Minimum Number of Pieces Required for Preparing 5-Digit Packages of Standard Mail Flats" contained an error in *Domestic Mail Manual* (DMM) M820.5.1.a(2). The corrected language appears in this article (i.e., we deleted the word "not" in "pieces not more than 3/4 inch thick").

We will incorporate this revision into the printed version of DMM 58, and we already have incorporated it into the online DMM available via Postal Explorer at <http://pe.usps.gov>.

## NOTICE

**Business Mail Entry Unit Operations — Proper Use of PS Form 3602-C**

PS Form 3602-C, *Consolidated Postage Statement — Supplement Standard Mail and Nonprofit Standard Mail*, acts as a manually prepared “register of postage statements” and is used by mailers relying on Postal Service-supplied Standard Mail postage statements. PS Form 3602-C was created for mailers who do not have the resources to provide computer-generated postage statement facsimiles and postage statement registers. It reduces the number of manually completed postage statements.

Mailers who are approved to produce computer-generated facsimile statements and registers of postage statements or who use Multiple Entry Point Passage System (MEPPS) do not need to complete and submit PS Form 3602-C. Although mailers producing postage statement registers do not need to use PS Form 3602-C, they must follow the PS Form 3602-C format when creating postage statement registers.

As explained in *Domestic Mail Manual* P950.2.7, the mailer must submit the appropriate postage statement representing all the pieces from the mailing job along with PS Form 3602-C (or postage statement register) for all plant-verified drop shipments (PVDS) verified at either the mailer’s detached mail unit or at a business mail entry unit at the time mail is presented for verification. The mailer must enter the required information on PS Form 3602-C for each shipment to be deposited at each destination Postal Service facility, in lieu of providing a separate PS Form 3602 for each PVDS shipment.

Mailers who want to use Express Mail® or Priority Mail® drop shipment for Standard Mail mailings must also submit PS Form 3602-C with the appropriate postage statement at the time of mailing.

PS Form 3602-C was recently revised to replace these four previously used consolidated forms:

- PS Form 3602-RV, *Consolidated Postage Statement — Standard Mail Letters and Flats — Permit Imprint*.
- PS Form 3602-PRV, *Consolidated Postage Statement — Standard Mail Letters and Flats — Postage Affixed*.
- PS Form 3602-NV, *Consolidated Postage Statement — Nonprofit Standard Mail Letters and Flats — Permit Imprint*.
- PS Form 3602-PNV, *Consolidated Postage Statement — Nonprofit Standard Mail Letters and Flats — Postage Affixed*.

The new form permits any Standard Mail mailing to be submitted under PVDS and can accommodate up to 10 destinations or drops. The old consolidated forms accommodated only letters and flats; however, the new form accommodates all processing categories.

When using PS Form 3602-C, report all pieces and postage on the appropriate postage statement, or PS Form 3602, for the type of Standard Mail items presented under PVDS. The Total Postage line on PS Form 3602-C is for mailer use only. Postage amounts on PS Form 3602-C or the postage statement register are intermediate amounts and should not be rounded until the final Total Postage amount on the front of the postage statement. Enter all postage into the PERMIT system from the postage statement and not from the register. The mailer indicates which postage statement is attached by checking the appropriate box when completing the form.

When entering postage statements into the PERMIT system, the CONSOLIDATED field appears only on the Standard Mail permit imprint screens. To access the CONSOLIDATED field, use the PREVIOUS FIELD key, tab past the field, and then return to it.

The PERMIT system does compute the postage for a consolidated mailing. However, prior to tabbing to Screen 2, PERMIT will ask for the TOTAL CONSOLIDATED POSTAGE reported on PS Form 3602-C.

PS Form 3602-C is available in *Postal Bulletin* 22075A (5-9-02, page 139) and on the Postal Service PolicyNet Web site at <http://blue.usps.gov/cpim>; click on *Postal Forms*. Mailers will find PS Form 3602-C at [www.usps.com](http://www.usps.com); click on *Forms*; then *All Online PDF Forms in Numeric Order*.

## Overseas Military Mail

Mail addressed to or from military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restrictions codes (the Restrictions page appears on the page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to

determine which APO/FPO ZIP Codes are active and which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1630.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

We have eliminated “Not Active” entries from the table below to save space and paper.

ELM 17 REVISION

## Employee and Labor Relations Manual

Section 519.6 was mistakenly omitted from Issue 17 of the *Employee and Labor Relations Manual* (ELM), dated July 2002. Effective July 2002, the ELM is revised to add Section 519.6. We will incorporate Section 519.6 into the online version of ELM 17 and into the printed version of ELM 18.

<b>519</b>	<b>Administrative Leave</b>				
	*	*	*	*	*

[Add section 519.6 as follows:]

### 519.6 Nonbargaining Unit Personal Absence

#### 519.61 Definition

Nonbargaining unit employees' personal absence time is paid time off. It is not charged as annual leave, sick leave, or any other paid leave category. Only FLSA-exempt employees are eligible for such time off.

#### 519.62 Policy

Nonbargaining unit exempt employees are paid on a salary basis. This means that under the FLSA they are not considered to be hourly rate employees. Therefore, except for absences due to conditions covered by FMLA, partial day absences are paid the same as work time. While exempt employees are expected to work a full day, they may request time off to attend to personal matters during the workday. If approved, the time off is "personal absence time" and is not charged to annual leave, sick leave, or LWOP.

### 519.63 Limitations and Exceptions

#### 519.631 Full-Day Absences

Except as provided for in 519.633 below, personal absence time is not authorized for a full-day absence, which must be charged to annual leave, sick leave, or LWOP, as appropriate. Exempt employees who intend to be absent from work for more than a half day on a workday should apply in advance for a full day of annual leave, sick leave, or LWOP, unless the absence is for an FMLA-covered condition.

#### 519.632 Partial-Day Absences

Normally, personal absence time is limited to no more than half an employee's workday. However, when an unanticipated need for time off occurs after the employee reports to work and the employee is allowed to leave work but is unable to return, the half-day limit does not apply. For example, when an employee gets sick after 2 hours at work and must leave for the remaining 6 hours of the workday, the entire 6 hours is treated as personal absence time. However, in the case of partial-day absences for FMLA-covered conditions, managers may require the use of an appropriate leave category, e.g., sick leave.

#### 519.633 Directed to Work

When exempt employees are directed to work a full day on a holiday or other full day in addition to normal workdays, the supervisor may grant a full day of personal absence without charging it to official leave.

### 519.64 Administration

#### 519.641 General

Full-time exempt employees are expected to work a full day and part-time exempt employees are expected to work the full or partial day specified at the time of their employment. A full day is defined to include the continuous or nearly continuous time that an employee normally works in a 24-hour period. A half day is half that number of hours.

#### 519.642 Approval

Except for postmasters and installation heads, exempt employees must obtain prior approval from their supervisors for all absences, whether or not such absences are to be charged to the employee's leave account. At the discretion of the installation head, Form 3971, *Request for or Notification of Absence*, may be used to request personal absences not charged to leave.

Postmasters and installation heads normally are not required to obtain advance approval for personal absences. They are required, however, to keep an accurate record of all such absences and generally to keep their manager informed of planned periods away from the office. In this respect, the manager may require the use of Form 3971 to report absences. On an individual basis, vice presidents of Area Operations may require that a postmaster or installation head obtain advance approval of all absences, including personal absences, from the plant or district manager,

as appropriate, when the individual's previous performance warrants such action.

When Form 3971 is used for personal absence time, it must indicate in Remarks: "Do not charge to leave."

**519.643 Full-Day Leave**

Each full day of approved absence is to be charged to official leave. Absences such as court leave, military leave, holiday leave, donated leave, continuation of pay, and all administrative leave are to be approved and reflected on an exempt employee's time record.

**519.65 Management Controls**

**519.651 Responsibility**

Managers are responsible for controlling the workhours of their exempt employees. They may require the attendance of these employees during and outside of regular service hours and, when warranted, may disapprove advance requests for late arrivals, early departures, or other

absences, as well as leave. These instructions are not intended to be overly restrictive, but managers must be aware of the frequency of requests for personal leave, recognize patterns in the use of this leave, and be alert to possible abuse. They must also give consideration to the amount of the current workload or urgency of a particular program or project that requires the employee's presence.

**519.652 Administration**

This program must be administered in a fair and equitable manner. Managers must advise their employees of the reasons for requiring their attendance during or outside of regular service hours and for denying their requests for personal absence or leave. Employees are also to be given the opportunity to informally discuss the decision with the managers.

*USPS-NALC NATIONAL AGREEMENT*

**Changes to Uniform Program Allowance, 2001–2006**

Employees covered by the 2001–2006 USPS-NALC National Agreement who are eligible to receive annual clothing allowances, as specified in *Employee and Labor Relations Manual* (ELM) 932, Uniform Requirements, are entitled to an annual uniform allowance increase, effective on those uniform allowance anniversary dates occurring on or after November 21, 2001, as follows:

- Annual allowance for all eligible employees shall be increased from the present \$298 per annum to \$328 per annum. (See Article 26, Section 2, Item A.)
- A newly eligible employee entering the uniform program will receive an additional credit to the employee's allowance of \$76 if entitled to \$328 per annum. (See Article 26, Section 2, Item B.)

- In the event that the Postal Service requires transitional employees to wear uniform items, local Postal Service management, at its option, may provide such uniform items, which will be returned at the time of separation. For each 3 months of service during the first term of appointment, the transitional employee may be entitled to purchase up to 25 percent of the \$277 uniform allowance. The uniform purchases are reimbursed by the Postal Service direct to the vendor. Purchase and payment provisions will continue as previously agreed to by the Postal Service and NALC. (See Article 26, Section 3, Transitional Employee.)

Employee accounts have been retroactively updated to November 21, 2001, and will continue to be updated as individual employee anniversary dates occur.

*SAFETY ALERT***Fire Prevention Week — October 6–12**

Each October, the nation observes Fire Prevention Week, and this year's observance will be conducted October 6 through 12. This year's theme is Team Up for Fire Safety™. According to the National Fire Protection Association (NFPA), "It's a simple idea: team up with the people with whom you live, work, play, and worship so that all of you will be better prepared to prevent and, if necessary, survive a home fire."

NFPA planning materials are available on its web site located at: <http://www.nfpa.org/Education/fpwhome/fpwhome.asp>. (**Note:** You need to type the URL address exactly as it is shown here, because it is case sensitive.) The materials include information on installing and testing smoke alarms, practicing home escape plans, and hunting for home hazards.

Managers and safety professionals should use NFPA's materials when preparing local Fire Prevention Week presentations and activities as well as encourage employees to visit NFPA's site for any additional information needed.

During this time of heightened security, fire prevention at work and home takes on increased importance.

## HANDBOOK REVISIONS

### Travel Per Diem Rates — Handbooks F-15 and F-12

Effective October 1, 2002, Handbook F-15, *Travel and Relocation*, Appendix A, and Handbook F-12, *Relocation Policy*, Appendix B, II, C, are revised as follows to reflect changes in travel per diem rates.

The per diem rates for Handbook F-12 are the same as for Handbook F-15.

We will incorporate these revisions into the next printed editions of both handbooks. We will also incorporate the revisions into the online version of Handbook F-15, available on the Postal Service PolicyNet Web site at <http://blue.usps.gov/cpim>; click on HBKs.

#### Handbook F-15, *Travel and Relocation*

\* \* \* \* \*

#### Appendix A Rates

##### A-1 Standard Mileage Rates

##### A-1.1 Mileage Rates

Vehicle	Cents per mile (Including Alaska)
Privately owned automobile	36.5
Privately owned motorcycle	28.0
Privately owned airplane	97.5

##### A-1.2 Reimbursement for Postal Supervisors

Postal supervisors (see 5-5.2.1.2) will be reimbursed at the rate of \$6.00 per day or 36.5 cents per mile, whichever is greater, when a privately owned vehicle is used. Do *not* use the eTravel system when claiming the \$6.00 daily rate, because the excess of the daily rate over the actual mileage is taxable as compensation to the claimant. You should claim the \$6.00 daily rate by submitting PS Form 1164A, *Claim for Reimbursement for Postal Supervisors*, to your servicing DDE site.

Odometer readings are not required on the respective claim forms; the integrity of the claim is the responsibility of the traveler. However, should the approving official have reason to question the claim, the claimant must provide evidence that supports the claim of distance traveled.

#### A-2 Travel Per Diem Rates

##### A-2.1 What Per Diem Includes

The per diem allowance includes all charges for meals; laundry and cleaning expenses; all fees and tips to waiters, bellboys, and porters; and other similar expenses.

##### A-2.2 Per Diem Calculation (See Chapter 7.)

##### A-2.3 Average Cost Localities

Unless a city is listed in the table in A-2.4, High Cost Localities, the daily per diem rate is \$30.

##### A-2.4 High Cost Localities

The following key cities and/or areas are classified as localities with above-average lodging costs. The daily per diem rate applicable for each of these localities is indicated.

*HANDBOOK F-1 REVISION/CORRECTION*

**Stamp Stock Destruction**

Following are several revisions to the article “Handbook F-1 Revision: Stamp Stock Destruction,” published in *Postal Bulletin* 22082 (8-8-02, pages 59–65). The revisions include two corrections.

Corrections: The 8-8-02 article said to change the heading of section 452 of Handbook F-1, *Post Office Accounting Procedures* to “Stamp Destruction Committee.” The 8-8-02 article also said to replace the text of 452.1. In both cases, the text should remain unchanged, and revision text is provided below to restore the correct language.

The 8-8-02 article also detailed the new process for returning and destroying stamp stock from all Standard Field Accounting Procedures (SFAP) and statement of account (non-SFAP) offices. The current article revises some aspects of the process detailed on 8-8-02 and provides additional instructions as follows:

- Offices must obtain authorization from the stamp distribution office (SDO) or stamp services center (SSC) to return salable stamp stock.

- Offices must prepare an original and four copies of PS Form 17, *Stamp Requisition/Stamp Return*.
- Offices must separate “Return Stock” (salable stock) and “Stamps Returned for Destruction” into separate boxes.
- Offices must indicate on the outside of the shipment package whether the contents are “Returned Stock” or “Stamps Returned for Destruction.”
- The SSC stamp stock return committee and the SSC stamp destruction committee are given specific instructions.
- Offices served by SSCs are given revised instructions on handling discrepancies in stock received from suppliers and in stock to be destroyed.

We will incorporate these revisions into the next printed version of Handbook F-1 and into the next update of the online version accessible on the Postal Service PolicyNet Web site at <http://blue.usps.gov/cpim>; click on *HBKs*.

**446.4 Handling Stamp Stock to Be Destroyed**

**446.41 SSC Stamp Stock Return Committee**

*[Revise all items to read as follows:]*

- 1> Upon receipt of returned stamp stock, the stamp stock return committee supervisor makes entries to "Returned Stock Modification," Code 2, in the SSS program by item number, quantities, value, return codes, and the appropriate postmaster's finance number and/or unit ID number as listed on the PS Form 17.
- 2> The committee supervisor generates a station summary report and forwards it to the district finance office.

- 3> The committee supervisor records the stock by registered numbers on a log pending verification.
- 4> The committee verifies the return stamp stock, signs the two PS Forms 17, and separates the salable excess stamp stock from nonsalable stamp stock for destruction. The committee supervisor transfers the salable excess stamp stock to a current vault for redistribution.
- 5> The nonsalable stamp stock for destruction is then sealed in a box, labeled with a carton number, and signed by the committee. The supervisor lists the carton numbers on a pallet listing and stores the boxes in a vaulted area awaiting destruction.

[Renumber existing 446.42 as new 446.43, and insert new 446.42 as follows:]

**446.42 SSC Stamp Destruction Committee**

- 1> Once per postal quarter, the destruction supervisor obtains a list of the stamp stock to be destroyed by item number from the return vault supervisor. The list must contain item, box, and pallet numbers.
- 2> The committee destroys the stamp stock from the return vault after verifying box labels, total value of stock in the boxes, and pallet numbers.
- 3> The members of the SDC witness the complete destruction. Upon completion, the destruction supervisor gives the total dollar amount and pallet numbers of the destroyed stock to the return vault supervisor. The return vault supervisor processes a "Stock Destroyed Modification" Code 8 for the total dollar amount of the destroyed stock. Code 8 reduces the vault inventory by the amount of the destroyed stock. The return vault supervisor generates a consolidated PS Form 3238, *Stamps and Stamp Paper Destruction Certificate*, from the SSS program, which lists the total value of the destroyed stock. The members of the committee verify the information on the PS Form 3238 and sign the form.

  - Use PS Form 1412 and record the amount in AIC 553, *Stamps and Fees Refunded*.

[Revise heading of 453 to read as follows:]

**453 Stamp Destruction Committee**

**453.1 Responsibilities**

[Replace existing text with the following:]

STAMP ANNOUNCEMENT 02-44

## Hawaiian Missionaries Stamps

**The "Hawaiian Missionary" Stamps of 1851-1853**

The first official Hawaiian post office was established in December 1850. Postmaster Henry M. Whitney had stamps printed locally in three denominations. Philatelists call these rare stamps "Hawaiian Missionaries" because virtually all were used by Christian missionaries on outbound mail. Only 28 covers with Missionary stamps are known to exist; only the Dawson cover (right) bears the 2¢ stamp. The two 13¢ stamps were unusual as they prepaid postage in two countries—Hawaii and the U.S.

The Postal Service will issue a \$1.48 *Hawaiian Missionaries* souvenir sheet (Item 562200) on October 24, 2002, in New York, New York. This water-activated gum (WAG) souvenir sheet contains four 37-cent stamps. The sheet, designed by Richard Sheaff, Scottsdale, Arizona, goes on sale nationwide October 25, 2002. Sales are restricted to the full pane of stamps. No individual, single-stamp sales are permitted.

The 2002 *Hawaiian Missionaries* stamps are denominated at 37 cents and reproduce examples of Hawaii's first four postage stamps, which were issued in three denominations: 2 cents, 5 cents, and 13 cents. The stamps are called *Hawaiian Missionaries* by philatelists because most

of them were used on correspondence mailed by Christian missionaries from Hawaii to their families, friends, and business associates. These rare stamps are now considered among the world's foremost philatelic items. Only 28 covers bearing Missionary stamps are known to exist, and only one surviving cover bears the 2-cent stamp: the famous "Dawson cover" shown on this souvenir sheet.

### Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary Post Office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

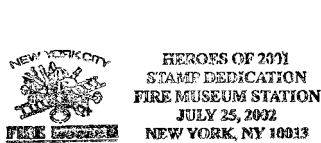

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for cancellation may not include

postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following cancellations have been extended for 30 days.

### ORDERING INSTRUCTIONS/REMINDER

#### Miscellaneous Cardboard Boxes

If your local supply of Mail Transport Equipment (MTE) rolling stock is insufficient, you may consult with your Area Mail Transport Equipment specialist (AMTES) to order miscellaneous cardboard boxes as a substitute for the rolling stock.

If the AMTES can validate that your local supply of MTE rolling stock is insufficient, he or she will check on the local availability of reusable miscellaneous cardboard boxes.

Finally, if the AMTES finds that no MTE rolling stock and no reusable miscellaneous cardboard are available, you may place an order for miscellaneous cardboard boxes through one of the two (2) national contracts. Those contracts are the mandated sources.
