Statesman, scientist, printer, postmaster: USPS honors Benjamin Franklin

The Postal Service will recognize the 300th anniversary of the birth of Benjamin Franklin in 2006 with the release of four First-Class commemorative stamps and a 39-cent stamped envelope.

The envelope features a photograph of a famous Franklin bust and will be issued Jan. 9, 2006, to commemorate his birth Jan. 17, 1706.

The four stamps honor Franklin's contributions as an American icon whose diverse accomplishments as a printer, scientist, statesman — and our nation's first postmaster general — earned him a cherished place in the history of our nation. The stamps will be released in Philadelphia in April, in conjunction with Benjamin Franklin Tercentenary events.

The *Benjamin Franklin* stamped envelope stamp announcement appears in *Postal Bulletin* 22170 (12-22-05, pages 98–101). For details of the Franklin commemorative stamps, see 2006 Commemorative Stamp Program at http://www.usps.com/communications/news/stamps/2005/sr05_054.htm on USPS.com.

Carrier Pickup Online Notification hits 21 million

Aiken, SC, Part-Time Flexible Letter Carrier Calvin Lattimer picks up parcels from customer Michael Dowd, who recently made the 21 millionth Carrier Pickup Online Notification pickup request.

Saving money on shipping must have been in the cards for eBay retailer Michael Dowd, who recently made the 21 millionth Carrier Pickup Online Notification pickup request.

The Aiken, SC, businessman knows a good hand when he's dealt it, like the pair of Click-N-Ship and Carrier Pickup Online Notification.

"Carrier Pickup Online Notification and Click-N-Ship are two of the greatest things the Postal Service has ever done," says Dowd. "They're very easy and convenient. A couple of clicks and I'm done. I'm in small business heaven!"

"I'm proud to be part of an organization that really wants to make it easy for small businesses to choose us for their shipping needs," says Aiken, SC, Postmaster Tim Goodwin. "Listening to customers talk about how important Carrier Pickup is to growing their business — is the best."

Acting Delivery Supervisor Garry Hitt agrees. "Our business customers don't want to take time from their busy schedules to go to the Post Office," he says, "so Carrier Pickup helps us keep their business."

It's certainly aces with Michael Dowd.

Customized Market Mail nets Sabres a hat trick

A professional hockey team is using Customized Market Mail (CMM) to deliver results in the stands. Northeast Area Sales Specialist Dan Bailey had worked with the National Hockey League (NHL) Buffalo Sabres since before the 2004 season lockout.

Buffalo Sabres' Database Marketing Manager Tom Matheny, left, and Northeast Area Sales Specialist Dan Bailey show the mascot-shaped Customized Market Mail piece that helped sell NHL tickets.

When the NHL returned to the ice this year, Bailey returned to the box office with Western New York District Manager Dave Patterson. They assisted on a hat trick strategy to win back fans — CMM with complementary advertising to sell tickets, plus Priority Mail and Delivery Confirmation to deliver those tickets.

Bailey and Patterson coached Sabres' Database Marketing Manager Tom Matheny on the game plan. Mailings went out in a September power-play, and ticket orders shot in like a puck off the boards.

Postal Service working against Internet fraud

The Postal Inspection Service is working with the FBI and several private companies to educate consumers about Internet scams such as auction fraud, identity fraud and foreign lotteries.

Telemarketing and mail fraud scammers have retooled past scams for the Internet and are now targeting unsuspecting consumers in online schemes, according to Chief Postal Inspector Lee Heath.

Additional information and prevention tips can be found at the campaign's Web site at www.lookstoogoodtobe>true.com. Consumers can file complaints via the site and order *Web of Deceit*, a free DVD on online fraud produced by the Postal Inspection Service. The DVD is also available through the service's Web site at www.usps.com/postalinspectors.

Grow Your Business Day seminars prove to be a premium experience

A new direct mail initiative, Grow Your Business Day, is proving to be a premium hands-on experience for customers.

Tested in the Sacramento District, the program teaches businesses how to create compelling messages to draw in customers, said New Business Operations Program Manager Beth Fluto.

The workshop shows customers how to create and send a mailing from their own mailing lists, digital images and messages, making original postcards, which they can purchase and send via NetPost Premium Postcards at www.premiumpostcard.com.

With positive results in Sacramento, the program will now be tested in several more sites and, if all goes well, will be rolled out nationwide next year.

Cold and flu season calls for extra precautions

Cold and flu season is upon us, and if you don't have a case of the sniffles, you probably know somebody who

does. Colds and the flu are most often spread by coughing, sneezing and unclean hands. You can help prevent them by taking a few extra steps during the holidays.

National Medical Director Dr. David Reid gives a reminder to cover your nose and mouth with a tissue every time you cough or sneeze and discard the tissue in a waste basket. Reid says if you don't have a tissue, it's best to cough or sneeze into your sleeve — not your hands.

Dr. Reid also recommends always washing your hands with soap and water or an alcohol-based hand cleaner after coughing or sneezing, and don't share eating utensils, drinking glasses, towels or other personal items.

High-octane savings with fleet cards

The Postal Service recently implemented a highway transportation postal fleet card for highway contract route (HCR) suppliers. It pays fuel service stations electronically and only for the actual gallons used by the contractors.

Previously, gallons were estimated for the duration of the contracts, and suppliers were paid in equal monthly increments based on this estimate — regardless of the number of gallons used. When fuel prices changed, suppliers submitted receipts to change their fuel rate and the receipts had to be processed manually. No small task, given USPS has about 17,000 contracted transportation routes.

Now, USPS is saving time and money. With only partial implementation in fiscal year 2005, use of the HCR fleet card has reduced the amount of postal-paid gallons by almost 3 million and produced cost savings of more than \$8 million. Supply Management, Information Technology and Distribution Network Operations worked on the project.

Unlike our competitors, we don't impose fuel surcharges on our customers. Instead, we keep looking for better, faster and more economical ways to do things so we can continue to provide the best value in the marketplace for our customers.

Domestic Mail

DMM REVISION

New Preparation Requirements for Bundles of Mail on Pallets

Effective May 11, 2006, we are revising the preparation requirements for bundles of Periodicals, Standard Mail®, and Package Services flat-size mail or irregular parcels on pallets. This revision affects section 705.8.5.2 of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®).

Under the new standards, after preparing all other pallets at the 500-pound required minimum, if there are 250 or more pounds of bundles labeled to destinations within the ZIP Code™ range for an area distribution center (ADC), a mailer who prepares bundles of Periodicals flat-size mail or irregular parcels on pallets must prepare the ADC pallet. If there are 250 or more pounds of bundles labeled to destinations within the ZIP Code range for a bulk mail center/auxiliary service facility (BMC/ASF), a mailer who prepares bundles of Standard Mail and Package Services flat-size mail or irregular parcels on pallets must prepare the BMC/ASF pallet. If a mailing does not contain any ADC or BMC/ASF pallets and there are 250 or more pounds for a sectional center facility (SCF), the mailer must prepare the SCF pallet.

Bundles of flat-size mailpieces or irregular parcels on pallets are easier and less costly for us to handle than bundles in sacks. In addition, bundles on pallets maintain their integrity to a greater degree than bundles in sacks. By revising the requirements for pallet preparation, we help increase the volume of mail on pallets.

In addition, we are removing text in section 705.8.5.2 regarding the labeling of pallets and optional bundle reallocation because we cover these topics in detail elsewhere in the DMM.

8.5.2 Required Preparation

[Revise 8.5.2 to require ADC, BMC/ASF, or SCF pallets at 250 pounds of bundles to read as follows:]

The following standards apply to Periodicals, Standard Mail, and Package Services, except Parcel Post mailed at BMC Presort, OBMC Presort, DSCF, and DDU rates:

- a. Mailers must prepare a pallet to the required sortation level(s) for the class of mail when a mailing contains 500 or more pounds of bundles, sacks, or parcels or 72 linear feet or six layers of letter trays for the destination.
- b. For bundles of flat-size mailpieces or bundles of irregular parcels on pallets, after preparing all possible pallets under 8.5.2a, when 250 or more pounds of bundles remain for an ADC (Periodicals) or for a BMC/ASF (Standard Mail and Package Services), mailers must prepare the ADC or BMC/ASF pallet, as applicable for the class of mail. *Exception:* If there are no ADC or BMC/ASF pallets in a mailing and 250 or more pounds remain for an SCF, mailers must prepare the SCF pallet.
- c. If bundles remain that cannot be prepared on an ADC, BMC/ASF, or SCF pallet, mailers must place those bundles in sacks (8.9.1).

We will incorporate this revision into the May 11, 2006, update of the online DMM on Postal Explorer® at pe.usps.com and into the next printed edition following that update.

DMM REVISION

Labeling List Changes

Effective January 19, 2006, we are revising *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* Labeling Lists L001, L007, L201, L601, L603, L604, and L606 to reflect changes in mail processing operations. *Note:* While this is an out-of-schedule labeling list change, the “must comply” date is identical to that which will be associated with the next regularly scheduled labeling list change article. Mailers are encouraged to label according to these revised lists immediately, but *must* comply with these changes no later than April 16, 2006.

We will incorporate these revisions into the monthly update of the online DMM available via Postal Explorer® at <http://pe.usps.gov>.

Combating Money Order Fraud: The Interactive Voice Response System

In response to an increasing number of fraudulent money orders being presented to financial institutions and unsuspecting customers, we have recently implemented an interactive voice response (IVR) system to assist customers and financial institutions in determining whether postal money orders are genuine. The toll-free telephone number for the IVR system is 866-459-7822 (for both the U.S. and Canada).

Postal Service™ money orders are still among the most secure financial instruments in the world. They are designed with many security features that help to distinguish them from counterfeit money orders; however, technological advances have made it possible to create counterfeit money orders that look nearly identical to genuine postal money orders.

The latest money order scam involves mostly forgers in Nigeria but also includes forgers in Ghana and Eastern Europe. These forgers contact U.S. citizens through the Internet, who are subsequently told that a Nigerian has postal money orders, cashier's checks, or traveler's checks that need to be cashed. The money orders are then mailed to victims in the United States, who are told to cash them and/or deposit them in their personal bank accounts, in exchange for a percentage of the illegal funds.

Customers and financial institutions can protect themselves from falling prey to these money order schemes by familiarizing themselves with these current money order security features:

- When held to the light, a genuine money order reveals a watermark image of Benjamin Franklin inside of an oval shape. This watermark is repeated top to bottom on the left side.
- A dark security thread running top to bottom with the word "USPS" repeated is revealed when held to the light.

If these features are not present, the money order is not genuine. Also, there should be no discoloration around the dollar amounts, which might indicate that the dollar amounts were changed.

Additional information regarding postal money order security features can be found in Notice 299, *U.S. Postal Money Order Reference Card*, and online at www.usps.com/missingmoneyorders/security.htm.

SAFETY TALK

Safety Depends On Me! Walk Right

When you slip or trip, you lose your balance and footing. Your center of gravity is displaced, and a fall is inevitable. You may be thrown off balance by slipping on a wet floor or tripping over an object in your way. Once you lose your footing and support, there is no place to go but down.

As children we all laughed when a cartoon character slipped on a banana peel or when the Keystone Cops slammed each other with doors and ladders and tripped over one another. In fact, slips, trips, and falls are the essence of such “slap-stick humor.” Yet slips, trips, and falls in the workplace are not funny and can be painful and highly costly; they are a significant source of injuries, and even deaths, on the job.

Why do slips, trips, and falls happen?

There are two basic types of slips and trips falls that occur — elevated falls and same-level falls. Although same-level falls occur more frequently, elevated falls are more severe.

Both types of slips and trips falls can be caused by either an unsafe action of an individual (hurrying, overreaching, not using railings, not wearing proper footwear, using equipment improperly, etc.) or an unsafe condition (poor housekeeping, poor lighting, uneven surfaces, unguarded opening, etc.).

Slips happen where there is too little friction or traction between the footwear and the walking surface.

Trips happen when your foot collides (strikes, hits) an object causing you to lose balance.

Preventing Slips, Trips, and Falls

Both slips and trips result from some kind of unintended or unexpected change in the contact between the feet and the ground or walking surface. This shows that good housekeeping, quality of walking surfaces, use of proper footwear, and appropriate pace of walking are critical for preventing slip, trip, and fall injuries.

Don't Take Shortcuts

Trips and falls often occur while people are in a hurry, because they take shortcuts and don't pay attention to what they are doing. We all have tried to jump across an obstacle instead of walking “the long way around” to our destination. These types of acts are unsafe. Learn to slow down and walk sure-footedly by avoiding potentially hazardous shortcuts.

Pay Attention to Your Step

Avoid injuries by paying attention to where you are walking. Learning to recognize hazards and avoiding potential hazards saves time, money, and injury. As mentioned previously, resist the temptation to take shortcuts because shortcuts are usually comprised of objects or routes not designed for foot traffic and often consist of unstable, shaky, or slippery surfaces.

Be Aware of Your Environment

It is important you be aware of the environment in which you are walking to ensure that risks are minimized. In winter, for example, watch out for icy walkways. If walking on surfaces with ice, take smaller and more frequent steps in order to maximize contact between the feet and walking surface; in wet and snowy weather, the simple act of cleaning off your shoes and boots before entering the building is an effective deterrent to slipping and falling. Walk safely, deliberately, and avoiding sharp changes in direction. Handrails on stairs and ramps are there to protect you from falls, so take advantage of them when they are available.

Wear Appropriate Footwear

Wear appropriate and approved footwear when and where required.

Maintain a Clean and Safe Working Environment

Maintain a clean and safe working environment at all times.

Understanding Behaviors That Contribute to Falls

Being *distracted* while you work and not watching where you are going are two of the main behaviors that lead to slips, trips, and falls. When walking, focus on the task at hand. When you lose concentration, you make yourself vulnerable to unsafe conditions.

Falls aren't funny. They cause serious injuries and death. Watch your step to prevent falls. Walk right!

Remember: Accidents Don't Just Happen — Only You Can Make Safety Happen!

Employee Resource Management, 1-5-06*

WALK RIGHT

**Make
Safety
Happen.**

ALWAYS BE CAREFUL WHEN WALKING. NEVER RUN. USE STAIRS IN LOADING DOCK AREA. ALWAYS USE HANDRAILS. CLEAN UP STRAPS AND SPILLS SO SOMEONE ELSE WON'T TRIP. DO NOT FINGER PAPER OR MAIL WHILE WALKING ON ICE. WEAR US/SRA SHOES. BE EXTRA CAREFUL IN BAD WEATHER. SHORTEN STRIDE AND MOVE CAREFULLY IN A DRAG-AND-SHOVE SHUFFLE IN SNOW AND ICY CONDITIONS.

SAFETY DEPENDS ON ME.

*RURAL CARRIERS***Equipment Maintenance Allowance Schedule for Rural Routes**

In accordance with the provisions of Article 9, Section 2.J.3 of the Rural Carrier National Agreement, effective January 7, 2006 (pay period 02-06), the equipment maintenance allowance (EMA) will decrease from 49.0 cents per mile to 48.5 cents per mile. The EMA is 48.5 cents per mile, or a minimum of \$19.40 per day, whichever is greater.

Auxiliary Rural Carriers, Rural Carrier Reliefs, Rural Carrier Associates, Rural Carrier Part-Time Flexibles, and Auxiliary Assistance

Employees providing auxiliary assistance or serving auxiliary routes under provisions of Article 9, Section 2.J.5, receive an EMA of 48.5 cents per mile or \$5.45 per hour,

whichever is greater. This EMA should not exceed the amount provided in the special EMA for the route stops and miles.

EMA Rate Schedule

The EMA rate schedule on pages 16–17 supersedes all previously published EMA schedules for employees receiving EMA.

The article “Notice: 2005 Tax Information” published in *Postal Bulletin* 22170 (12-22-05, pages 46–48 and 73–76) contained an incorrect address for Internal Revenue Service Form 1099. Employees must mail questions regarding or requests for duplicate copies of Form 1099 for contract cleaners to the following address:

NOTICE

Form W-4 Completion for Calendar Year 2006

Internal Revenue Service (IRS) regulations permit employees who anticipate no federal tax liability for 2006 to continue to claim total exemption from federal tax withholding provided they owed no federal taxes for 2005. These regulations also require that a new Form W-4, *Employee’s Withholding Allowance Certificate*, be submitted every calendar year. Because of *PostalEASE*, however, employees no longer need to file a hardcopy Form W-4.

IRS filing requirements concerning Form W-4s are met by either logging onto *PostalEASE* via the Postal Service™ Intranet at blue.usps.gov, click *PostalEASE*, or by calling

PostalEASE toll-free at 877-477-3273. Follow the Form W-4 instructions provided by *PostalEASE*, and your form will be updated for calendar year 2006.

Employees currently in an exempt status who do not use *PostalEASE* to submit a new Form W-4 claiming a continuation of their exempt status will have their status converted to taxable, effective pay period 05-06. For exempt information on a Form W-4 to remain effective into the next year, the IRS requires completion, submission, and acceptance of the form no later than February 15. Since February 15 falls within pay period 04-06, the new information on the

Form W-4s must be entered into *PostalEASE* by no later than Friday, February 3.

Employees who claimed exempt status for 2005 who do not update in *PostalEASE* will have federal taxes withheld at the rate that would normally be applicable to single employees with no dependent allowances. Employees with a current exempt status (as of pay period 26-05) will receive printed messages on their earnings statement during pay periods 02-06 and 03-06 reminding them that a new Form W-4 is required.

Reminders

- Personnel offices must not provide tax advice to employees concerning the completion of Form W-4s.

- In January 2004, the practice of sending certain hard copies of the forms to the Eagan Accounting Service Center was discontinued since all employees must now use *PostalEASE* to update their Form W-4s. The IRS now follows different procedures to review Form W-4 information.

NOTICE

IRS Reporting Requirements of Attorney Fees, Back Pay, or Wages

The purpose of this notice is to ensure that employees are aware of changes in income reporting requirements made by the Internal Revenue Service (IRS). The changes apply to calendar year 2005 earnings.

The IRS has changed the manner in which an attorney's fees awards are to be treated for tax reporting purposes based upon the Supreme Court's decision in *Commissioner v. Banks*, 125 S. Ct. 826 (2005). Previously, when a payment of an attorney's fees was made directly to the attorney, only the payment to the attorney was reported to the IRS on Form 1099-MISC, *Miscellaneous Income*. In *Commissioner v. Banks*, the Supreme Court concluded that an attorney's fees awarded as part of a plaintiff's settlement of an employment discrimination suit are gross income to the plaintiff just like any other economic gain. Thus, these fees cannot be excluded from the plaintiff's gross income for tax purposes by assigning the gain in advance to another party, such as the plaintiff's attorney.

Following are a number of different situations requiring variations in the reporting requirements:

Separate Attorney Fees

The accounting service center (ASC) will report any attorney's fees payment as income to the employee on the employee's Form 1099-MISC. Further, the ASC also will report any attorney's fees payment made directly to an attorney on the attorney's Form 1099-MISC.

Back Pay or Wages

Where the payment to the employee constitutes back pay or wages, the entire amount (including any amount that the employee may subsequently pay to his or her attorney from the back pay or wages) will be reported on the employee's Form W-2 (and will be subject to income tax withholding). Where the employee alone is to receive a check from the Postal Service™ (and the employee is required to pay his or her attorney from that amount), the ASC will not issue a Form 1099-MISC to the employee's attorney.

Payment Jointly to Employee and Attorney

If the payment is issued to both the employee and the attorney, then the ASC must report the entire amount of the payment (assuming that the payment is not for back pay or wages due the employee) on Form 1099-MISC for the employee. In addition, the ASC will report the entire amount of the payment (less any withholding) to the attorney on Form 1099-MISC.

NOTICE

Semipostal Stamp Prices to Remain Unchanged

The price of semipostal stamps, which is 45 cents each, will remain unchanged when First-Class Mail® rate changes go into effect on January 8, 2006. The two semipostal stamps currently on sale are the *Breast Cancer Research* semipostal stamp and the *Stop Family Violence* semipostal stamp.

The 45-cent semipostal rate meets the pricing formula mandated by federal law, which sets a minimum differential of 15 percent. The differential is defined as the difference between the First-Class® single-piece letter rate and the actual price of the semipostal stamp. Once the First-Class Mail rate changes go into effect, the differential will be reduced from 8 cents per stamp to 6 cents per stamp.

First-Class single-piece mail with semipostal stamps should not be returned to sender unless it meets one or more of the following criteria:

1. The piece weighs more than 1 ounce.
2. The piece is subject to the nonmachinable surcharge.
3. The sender has elected extra services.

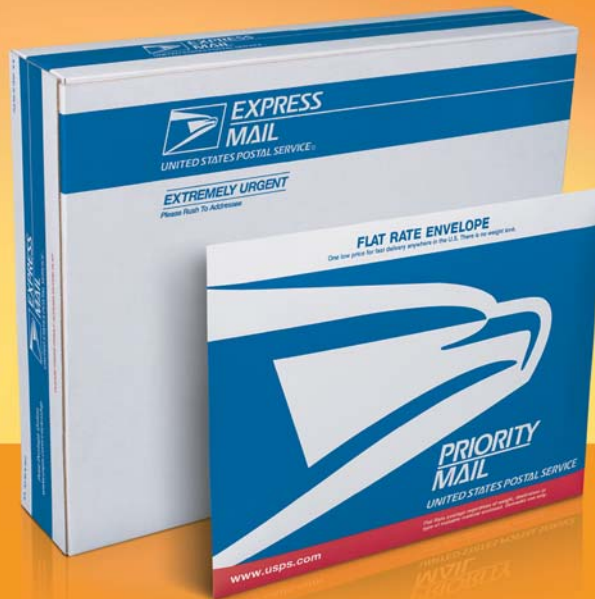

For questions on the postage value of semipostal stamps, see *Mailing Standards of the United Postal Service*, Domestic Mail Manual (DMM®) 604.1.10.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided, as space permits, are illustrations of those postmarks that were reproducible and available at press time.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event, but who wish to obtain the postmark, may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

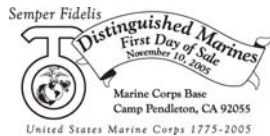

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following postmark has been extended for 60 days.

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1630 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

What is an endorsement? When Postal Service employees provide favorable comments - in writing, on video, or as conference speakers - about the services or products of a company with whom they have postal business interactions, their comments can be used by the company in its promotional efforts.

ENDORSEMENTS

Why shouldn't you "endorse" companies? Because it violates federal ethics regulations. Under the standards of ethical conduct, a postal employee may not use, or permit the use of, his/her position, title, or any authority associated with his position, to endorse non-postal products, services, or enterprises.

Lobby Scale Update Information

Headquarters will fund updated fan scale overlays for mechanical scales that are still being used at Post Offices™. The rate changes planned for January 2006 drive the need to update these lobby scales with the new rates. The overlays for the models listed here are supported for this rate case based on field requests and the order volume from the June 2000 rate case.

The fan scale overlays are not ready to be shipped at this time. Orders can be placed and the overlays will be shipped as they are received. Until the updated overlay is received, these scales must be taken out of service when the new rates are implemented on January 8, 2006.

Employees may requisition items as follows:

- Use touch tone order entry by calling 800-332-0317, option 2.
- Submit PS Form 7380, *MDC Supply Requisition*, to the Material Distribution Center.

PS Form 7380 is available on the Postal Service™ PolicyNet Web site:

- Go to <http://blue.usps.gov>.
- Under “Essential Links” in the left-hand column, click on *References*.
- Under “References” in the right-hand column, under “Policies,” click on *PolicyNet*.
- Click on *Forms*.

Leave the price blank as the face plates are funded by Headquarters for this rate change. Be sure to include your FEDSTRIP number for shipping purposes.

An updated overlay can be ordered for the following scales:

Scale Model	Chart PSIN	Chart PSN
70-lb Fan; Triner Peerless Model 1870	O-857-C	6670-01-365-7806
70-lb Fan; Triner Imperial, 500 Series	O-857-D	6670-02-000-8774
70-lb Fan; Triner Double Face, Model 1870X or 1870R	O-857-DF	6670-01-363-9457
20-oz Fan; Triner	O-859-AD*	6670-01-366-3150
20-oz Fan; Pennsylvania	O-859-ED*	6670-02-000-8795

* The 20-ounce fan scale is a two-piece design with a metal plate and a clear plastic overlay. Only the clear plastic overlay will be provided with this order.

As stated in *Postal Bulletin* 22027 (6-29-00, page 62) there are no spare parts, training, or maintenance for mechanical scales in the field. All mechanical scales must be removed from service prior to the next rate case. Future orders of overlays will not be supported.

What's in Store

A strong retail base

New point-of-purchase (POP) signage is on display in Post Offices™, and the new base kits have been distributed to all offices. The POP elements are to be displayed through June 30. They're designed to drive revenue increases at retail by delivering targeted messages for key products. And, while base kits will be distributed twice a year — not every 3 to 4 months like during previous drive periods — additional promotion materials will be coming your way throughout the year.

Be sure to follow your signage guide for proper placement of POP materials. Go to blue.usps.gov/advertising to learn more about the new base kits.

Price changes ahead

New rates and fees go into effect Jan. 8. Post Offices have received rate change/continuity kits that include menuboards, writing table decals, a self-service poster, stamp stickers for the Automated Postal Centers®, and additional materials — all updated with the new rates. There's also a guide for eliminating outdated POP elements.

Be sure to save your *Continuity POP Catalog*. It's your reference guide for ordering continuity POP elements from the Material Distribution Center.

New Year '06

1/1/06–6/30/06

New Signage Strategy Kicks Off 2006

Starting January 1, 2006, the United States Postal Service® introduced a breakthrough signage strategy which will help offices grab their customers' attention while creating a clean, clutter-free retail environment.

With this new strategy, locations will receive:

- A new Base Kit every 6 months—not every 3-4 months
- New Stamps Posters/Counter mats and Holiday Closing Signs more frequently throughout the year
- Fewer, but more targeted POP elements
- Promotional Kits more frequently throughout the year

Each POP Base Kit included Segmented Menuboards or a Poster Cling, and a Stamps Poster Cling or Counter mat. Base Kits should have been displayed on January 1st. With this new signage strategy, it is imperative that you take down all outdated signage. Use your current Signage Instruction Guide and Mandatory Take Down Guide (included in the Continuity Rate Change Kit) to make sure the correct POP is displayed in the right place.

Prepare for the Rate Change

On January 8, 2006, a rate increase goes into effect. Prompt attention to detail is imperative for a successful rate change. Follow these key points to ensure a smooth transition for your Post Office™.

1. A Pre-Rate Change Poster should be on display in the Full Service Lobby. Handouts explaining the rate change should be available behind the Retail Counter to help answer customer questions. These need to be removed on January 14th.
2. The week of January 2nd, you will receive new Rate Change Continuity Menuboards and a Writing Table decal. As this signage includes new pricing, it must be displayed before the start of business on Sunday, January 8th!
3. Use the Signage Instruction Guide enclosed with your new Continuity Rate Change Signage Kit to properly display new signage and remove old signage. Pay particular attention to the order and configuration of your Menuboards.
4. Read through the Mandatory Take Down Guide and study your office in detail. Make sure your office is not displaying any outdated POP that is featured in this guide!
5. Double-check all signage that displays pricing to ensure you are displaying the most recent POP. Check Up/Down dates. If there is no Up/Down date, look for the copyright date. Aside from mandatory posters, any signage where the copyright is ©2004 or earlier, should be taken down.

Retail Standardization FAQ

Q: I'm having problems registering. What am I doing wrong?

A: Here are some helpful hints:

- You will be asked for a username. This should be the Post Office™ and ZIP™ Code.
- The team username should not include punctuation (i.e. Solvang CA instead of Solvang, CA).
- All the fields on the Facility Registration Form marked with an asterisk (*) must be filled out.
- Enter the office's 10-digit Finance Number (6-digit Finance Number plus 4-digit Unit ID Number).
- Follow the formatting criteria (i.e. ZIP+ 4® and XXX-XXX-XXXX for phone numbers).
- Under each team member's information, enter **either** their phone number or email address, **not both**.
