Postal Service awards domestic air contract to UPS

The Postal Service awarded a contract to United Parcel Service (UPS), significantly enhancing the Postal Service's business relationship with UPS involving the domestic air transportation of mail. The agreement calls for UPS to transport primarily First-Class Mail and Priority Mail items to and from 98 U.S. cities.

The contract is a three-year arrangement with the possibility of a two-year extension. Currently, UPS provides the Postal Service with mail transportation to and from 16 U.S. cities.

"The Postal Service is one of the largest users of air transportation in the nation and UPS operates one of the world's largest airlines," said Postmaster General Jack Potter. "It only makes sense for us to take advantage of the reach offered by UPS. The added advantage of the similarity of our operations will enhance the Postal Service's ability to provide the highest levels of service for our customers."

UPS Chairman and Chief Executive Officer Michael Eskew said the agreement is good for both companies.

Reagan stamp reissued

Left to right: Van Nuys District Manager Kerry Wolny, Reagan Library Foundation Executive Director R. Duke Blackwood, 8-year-old Mitchka Saberi and USPS Board of Governors Chair James Miller. Saberi, a third-grader, wrote an essay on Reagan that was read by Blackwood during the ceremony.

easy," said Board of Governors Chair James Miller, who dedicated the stamp. Miller served as Reagan's director of the Office of Management and Budget, and later chaired the Federal Trade Commission.

The Reagan stamp was first issued Feb. 9, 2005, as a 37-cent commemorative stamp.

The Reagan stamp won overwhelming support as it was reissued in its new 39-cent denomination recently in Simi Valley, CA.

"Ronald Reagan's record is proof that one person, determined and dedicated, can shoulder the greatest of burdens and carry them through to victory — and in his case, even make it look

"Reissuing a commemorative U.S. presidential stamp in a higher denomination is a very rare occurrence," said Reagan Library Foundation Executive Director R. Duke Blackwood. "Mrs. Reagan is touched that the Postal Service is honoring her husband in this manner."

USPS environmental efforts recognized

USPS has been a pioneer in using alternative fuels such as biodiesel.

The Postal Service was honored at a White House ceremony recently with a 2006 Closing the Circle (CTC) Award for its progressive use of biodiesel fuel.

Biodiesel is a domestically produced, renewable fuel that can be manufactured from a variety of natural vegetable oils, animal fats or recycled yellow grease, such as fryer-oil waste from restaurants.

The CTC Awards, presented annually by the Office of the Federal Environmental Executive, recognize outstanding achievements of federal employees and their facilities for efforts that result in significant contributions to environmental stewardship.

Puerto Rico Post Offices launch passport services

Puerto Ricans now can apply for passports at eight Post Offices on the island — with 11 more offices to launch the service in July.

USPS Caribbean District officials have been working for several years to add passport services for Puerto Rican customers. It's a welcome addition, as shown by a line of 15 applicants ready to start their paperwork right after an opening ceremony in San Juan recently.

Left to right: Washington, DC, Resident Commissioner for Puerto Rico Luis Fortuño, Caribbean District Manager/ Executive-in-Charge Priscilla Maney, Secretary of State for the Commonwealth of Puerto Rico Fernando Bonilla and U.S. Department of State Regional Director for Passport Services Darrell Smith launch passport application services at San Juan's Hato Rey General Post Office last week.

Customers now can apply for passports at Post Offices in Caguas, Carolina, Fajardo, Arecibo, Mayaguez, Ponce, Vieques and San Juan.

New scanners get thumbs-up in Pennsylvania test

Erie, PA, Letter Carrier Bill Applebee awaits a customer's signature before capturing the image with a new Intelligent Mail Device scanner.

The IMDs boast a larger, color screen and other technical improvements over previous scanners. The new devices take a digital picture of the customer's signature and have the ability to scan barcodes at any angle. They will help the Postal Service increase visibility of the mailstream, from pickup to delivery.

The tests, conducted by Intelligent Mail and Address Quality (IMAQ) with support from area IMD coordinators, also helped fine-tune user training — getting the program ready for rollout to some 300,000 IMDs nationwide, starting later this year.

The IMD program is a joint effort of IMAQ, Delivery, Engineering and Information Technology.

Lake Charles, LA, employees donate the gift of life

Acting Lake Charles, LA, Finance Manager Rickey Richard participated in World Blood Donor Day at the Lake Charles Post Office.

For a week in May, Erie District employees tested new Intelligent Mail Device (IMD) scanners (IMDs) under a variety of weather conditions.

The IMDs boast a larger, color screen and other technical improvements over previous scanners.

The new devices take a

Saving the world isn't easy — saving a life is.

World Blood Donor Day was celebrated recently and the Lake Charles, LA, Post Office opened its doors to be part of the worldwide event. Every employee — clerk, carrier, mail handler, maintenance personnel, supervisor and

manager — had the opportunity to share the gift of life.

According to Life Share, the blood donation organization that facilitated the event, each year more than 4.5 million patients in America need blood transfusions to live. Those transfusions take place about every 2 seconds. Globally, 60% of the global blood supply goes to approximately 18% of the world's population.

USPS Information Technology cited for Katrina efforts

The Postal Service is being honored for its innovative use of technology to respond, reconnect and re-establish in the wake of Hurricane Katrina.

USPS Information Technology has been selected to receive a Government Solutions Center Pioneer Award from *Federal Computer Week*. It recognizes public sector organizations for their efforts "to deliver results-oriented government services."

After the storm struck the Gulf Coast last year, IT, working with its partners at IBM, quickly set up a hurricane information delivery system on USPS.com and Blue. Through the Web site, the Postal Service kept customers informed about the status of their mail delivery and local Post Offices. Internally, Blue kept displaced employees connected and provided job-related information.

The Postal Service's IT hurricane response efforts will be recognized July 26 in Washington, DC, at a showcase event for government IT programs.

ASM REVISION

Energy Conservation

Effective July 6, 2006, we are revising *Administrative Support Manual (ASM) 54*, to update procedures for energy conservation and procurement.

Administrative Support Manual (ASM)

* * * * *

5 Facilities and Equipment

* * * * *

[Revise 54 to read as follows:]

54 Energy Conservation, Utilities, Heating Fuels, and Bulk Vehicle Fuel

541 Energy Conservation

541.1 Routine Operating Plan

541.11 General

All installation heads must follow these energy conservation measures:

- a. Switch off any lighting, indoor or outdoor, whenever it is not needed.
However, do not shut off power to computers (such as IRTs) that transmit data overnight or when an installation is closed.
- b. Maintain a maximum heating temperature of 65 degrees Fahrenheit during working hours and 55 degrees Fahrenheit during nonworking hours.
- c. Maintain a minimum cooling temperature of 78 degrees Fahrenheit during working hours and no cooling during nonworking hours.

- d. Follow all guidelines in Handbook MS-49, *Energy Conservation and Maintenance Contingency Planning*.

541.12 Use of Gas During Summer

When gas is not needed, pay the minimum charges for service if this reduces the annual cost. In many areas, high reconnection costs preclude having the gas shut off completely. If the gas is left on, consider leaving pilot flames on during the summer to reduce corrosion. Installation heads must ensure that the decisions made in this area are most efficient and cost-effective.

541.2 Emergency Contingency Plan

Installation managers must prepare contingency plans to reduce electrical, gas, oil, or other fuel consumption, or to change completely to an alternate energy source, if backup fuel service is available. In the event of a critical energy shortage or power outage, follow the instructions in Handbook MS-49.

542 Utilities

542.1 Policy

542.11 Definition

Utility service refers primarily to electricity, natural gas, water, steam, sewerage, and regulated telecommunications services available to the general public and performed by governmental agencies (federal, municipal, cooperatives, special authorities) or by Investor Owned Utilities (IOU) ordinarily subject to state or federal regulation. Other services, such as trash removal, may also be considered

utility services when governmental agencies or private companies subject to regulation perform them. For the purposes of the ASM, the utilities discussed in part 542 are considered “metered” utilities.

542.12 New Facilities

The type of utility service to be used is determined when a new facility is first erected or occupied under a lease or rental agreement. A connection charge (a payment for making a connection with a point of supply that is installed and owned by the utility supplier) may also be required for new facilities when the Postal Service is responsible for the cost of service. Consider the following regarding connection charges:

- a. A connection charge may be paid after reasonable attempts to negotiate a no-charge connection have failed or when such charge is directed under the servicing utility tariff.
- b. A termination liability is ordinarily preferred over a connection charge when a charge is necessary to secure the required connection.
- c. When the utility requires payment of an unrefundable fee for connection, the fee may be paid in addition to or in place of a connection charge.

542.13 Existing Facilities

All Postal Service–owned buildings and Postal Service–leased facilities where the Postal Service pays the cost of utilities must maintain PS Form 4841, *Fuel and Utilities Record*. The facility must retain the completed form for the record with copies of its utility bills for the most recent 12-month period.

542.2 Acquiring Service

542.21 General Services Administration Contract

Contact the Utilities Category Management Team (CMT) at the Office Products and Utilities Category Management Center (CMC) to arrange for the purchase of utility supply. This supply includes electricity generation and natural gas commodity and transportation. This supply may be solicited competitively in those states that are deregulated, or negotiated with the local servicing utility in those states that are not deregulated. General Services Administration (GSA) area-wide contracts may be used at the sole discretion of the Utilities CMT if doing so is more efficient and cost effective. For more information contact the Utilities CMT at the following address:

 SUPPLY MANAGEMENT

 WINDSOR CT 06095-1572
 Telephone: 860-285-7200
 Fax: 860-285-7272

542.22 Local Buying

Lease contracts and rental agreements (copies of which are on file in the local facility) specify the services that the building owner is obligated to furnish. No funds may be authorized or expended in leased or rented buildings for any service that the owner is obligated to provide. However, when required for operation of Postal Service–owned buildings, or for Postal Service–leased or –rented space where the owner is not required to furnish those items or services (including vehicle service garages), metered and flat-rate utility service may be bought and paid for using local buying procedures. This policy applies only in those cases where the utility supply is not currently purchased through a contract managed by the Utilities CMT. Upon request, send copies of PS Form 4841 to the Utilities CMT. Arrangements for payment for such services should be in accordance with the payment method hierarchy provided in section 722.63.

542.3 Requesting Rate Surveys

In Postal Service–owned or –leased facilities (if the Postal Service is responsible for acquiring service), the installation head must request the utility company to perform periodic rate surveys to decrease expenses. Follow these guidelines:

- a. When a building has been remodeled, rewired, relighted, air-conditioned, or mechanized, request the utility supplier to conduct an electric rate survey not later than 6 months after the change.
- b. Unless service is provided under a Postal Service contract, the utility company or municipality furnishing service must be contacted on a semi-annual basis to determine whether the Postal Service is being charged the lowest rates available. Generally, if there is a choice of rates available, the utility can furnish comparative cost data upon request and charge the Postal Service the lowest rate. The installation head may contact the Utilities CMT for assistance in requesting these comparative rate studies, and executing and administering these rate adjustments. Rate adjustments may also be identified through a utility bill audit conducted by an independent third party bill auditor under contract with the Postal Service and administered by the Utilities CMT. For information on these audit services, contact the Utilities CMT.
- c. Study the data on PS Form 4841 after each 12-month period of operation. If the data shows a significant increase in consumption, ask the utility to make a rate survey. When in doubt on any question concerning utility rates, forward all information (copies of the different rates, effective dates, statement showing 12 months’ consumption and cost, etc.) to

the Utilities CMT and the area maintenance office for review and resolution.

542.4 Processing Changes

542.41 Rate Changes

542.411 Postal Service Contract

When utility services are acquired through a Postal Service contract, the installation head must send a copy of the contract and any proposed rate change to the Utilities CMT, which will review the proposed rate change and, if approved, modify the contract.

542.412 Local Buying

If the utility service is purchased locally and a public utility regulatory agency approves a rate change, send the utility contract to the Utilities CMT for review and execution.

542.413 Name and Address Changes

Report any name, address, or account number/meter changes, including those of the supplier and the Postal Service installation being serviced, as well as any facility closures to the Utilities CMT. Submit supplier name and address changes, as well as changes to the supplier's EFT setup, to the Supplier Maintenance Group at the San Mateo Accounting Service Center (ASC).

542.414 Billing and Payment

The preferred payment method is the eBuy utility invoice certification process, followed by the other payment methods in the hierarchy provided in section 722.63.

542.415 Additional Fees

If utility bills include extra charges (e.g. amortization or membership fees, deposits, or taxes), note the following:

- a. Amortization charges or membership fees are usually applicable to cooperative or municipally owned utilities.
- b. Amortization charges may be paid in invoices.
- c. Membership fees may be paid if the supplier insists. A deposit may be paid if the utility states in writing that the deposit will be refunded when the service is no longer needed.
- d. Submit tax-related questions to the field counsel and the Utilities CMT for resolution. Pay charges indicated as taxes until advised that payment is not necessary. Refunds may be claimed for improperly paid amounts.

543 Purchasing Non-Metered Heating Fuel

543.1 Definition

Non-metered heating fuel is fuel obtained by bulk delivery for storage at either above ground (AST) or underground

(UST) storage tanks at the installation. This includes fuel oil, butane, propane, coal, and wood. See part 542 for information about the purchase of metered heating fuel.

543.2 Purchasing Methods

543.21 Oil and Gas

Transportation Asset Management (TAM) CMC handles heating oil (diesel) requirements. The Utilities CMT handles Supply Management responsibilities for the acquisition of natural gas and compressed natural gas (CNG) products. The purchasing method used to obtain heating oil depends on annual requirements. Generally, requirements are categorized into two distinct limitations, each of which calls for a distinct purchasing method. The categories are as follows:

- a. Requirements over 20,000 gallons a year.
- b. Requirements under 20,000 gallons a year.

543.22 Heating Oil Requirements Over 20,000 Gallons a Year

Under an interagency agreement between the Postal Service and the Defense Energy Support Center (DESC), Postal Service installations should first look to purchase non-metered heating oil (diesel) from DESC contractors if the annual requirement is over 20,000 gallons per product at any given location. Use delivery order agreements to order this amount of heating fuel against a DESC contract. The TAM CMC issues delivery order agreements, and designated ordering individuals must place written orders for the heating fuel they require. Orders are made in terms of tank capacity.

543.23 Heating Oil Requirements Under 20,000 Gallons a Year

Non-metered fuel requirements estimated to be under 20,000 gallons a year should be purchased using local buying procedures within ebuy, or they may be aggregated on a state basis with contracts issued by the TAM CMC.

543.24 Non-Petroleum Fuels

Meet all non-petroleum fuel requirements (e.g., for coal or wood) through local buying procedures. Postmasters may purchase and pay for wood and coal locally in accordance with the payment method hierarchy in section 722.631.

543.3 Changes in Types of Fuel

Local installation heads must obtain prior approval for changes in the types of fuel used. For Postal Service-owned or -leased buildings, submit a request to the manager of Operations Program Support at the district office, providing estimated costs of the present and proposed types of fuels and the reason(s) for making the change. Include comments on the kind and amount of fuel currently

provided and any complaints of objectionable smoke conditions.

543.4 Procedures

543.41 Heating Oil Requirements Over 20,000 Gallons a Year

543.411 Submitting Requirements

Annual requirements exceeding 20,000 gallons a year must be submitted through the TAM CMC to the DESC for procurement, unless the DESC authorizes TAM to purchase the product. A DESC Requirements Work Sheet, provided by TAM to the requirements organization, is used to establish annual fuel requirements by line item. TAM establishes 5-year delivery order agreements for each line item requested. If the DESC cannot place a contract for the requested items immediately, the ordering installation may use local buying procedures until a contract is in place. Additionally, upon notification by TAM of any contractual problems, the DESC contracting officer is the only individual authorized to negotiate with the supplier to resolve the issue or terminate the contract.

543.412 Order Limitations

Orders placed through DESC contracts are authorized at the maximum tank capacity (specified in gallons, not dollars) as listed in the applicable DESC Contract Bulletin for the installation.

543.413 Authorized Orderers

Individuals designated to place orders against the delivery agreement must be identified by name or position title.

543.414 Ordering

Authorized orderers must place orders from the delivery order agreement in writing. Each order the DESC contractor accepts becomes an individual contract. Orders are assigned a sequential number that must be provided to the contractor when the written order is placed.

543.415 Billing and Payment

Notification of contract award and billing and payment instructions are sent to the appropriate offices by TAM CMC. Payments are to be made in accordance with prices listed at the following Web site: <http://www.desc.dla.mil>.

543.42 Heating Oil Requirements Under 20,000 Gallons a Year

For all installations other than leased facilities for which the Postal Service pays for fuel, these requirements are met through local buying procedures utilizing eBuy or through the TAM CMC under aggregated state contracts. Payment must be made in accordance with the hierarchy at Section 722.631.

543.43 Limitations on Heating Oil Used at Headquarters

To ensure compliance with Title V of the Clean Air Act Amendments of 1990, the Headquarters facility at L'Enfant Plaza must use only No. 2 fuel oil with a sulfur content of 0.3 percent or less by weight when the primary fuel of natural gas is not available.

544 Purchasing Vehicle Fuel

544.1 General

The Postal Service operates a Fuel Management Program. Fuel for Postal Service-owned vehicles is purchased primarily either from commercial retail service stations or in bulk. Purchasing fuel in bulk is the preference of the Postal Service. When bulk fuel is not available, then retail purchases are the second option. The following procedures apply to bulk purchases of vehicle fuel. Procedures for purchasing from retail service stations via the Postal Service Voyager Fleet Card are found at: <http://blue.usps.gov/purchase/voyager/index.shtml>.

544.2 Types of Requirements

The purchasing method for vehicle fuel depends on the annual requirements. Generally, requirements are categorized into the following three categories, each of which calls for a different purchasing method.

- a. Requirements over 20,000 gallons a year.
- b. Requirements between 2,000 and 20,000 gallons a year.
- c. Requirements under 2,000 gallons a year.

544.3 Requirements Over 20,000 Gallons a Year

Under an interagency agreement between the Postal Service and the DESC, postal installations should first look to purchase fuel (gasoline, gasohol, kerosene, diesel fuel, biodiesel, and ethanol) from DESC suppliers if the annual requirement is over 20,000 gallons per product at any given location. Delivery Order agreements are used to order bulk fuel against a DESC contract. The TAM CMC issues delivery order agreements against the DESC contract, and designated ordering individuals must place written orders for the fuel their installations require. Orders are made in terms of tank capacity. If problems arise with securing a DESC contract, consider other purchasing methods, such as temporary indefinite-delivery contracts or individual purchase orders issued by the TAM CMC, until a contract is awarded by DESC. If a facility is contemplating the permanent removal of bulk tanks, TAM CMC must be notified in order to take appropriate action.

544.4 Requirements Between 2,000 and 20,000 Gallons

The TAM CMC issues indefinite-quantity, indefinite-delivery contracts or basic pricing agreements (BPAs) for annual vehicle fuel requirements between 2,000 and 20,000 gallons.

544.5 Requirements Under 2,000 Gallons a Year

Annual vehicle fuel requirements amounting to under 2,000 gallons a year should be purchased locally using local buying procedures (see subchapter 72).

544.6 Types of Fuel**544.61 Gasoline**

DESC contracts call for the delivery of gasohol (product code 24) or unleaded regular gasoline (product code 28). If, when the DESC awards the contract against which the Postal Service delivery agreement will be placed, the price of gasohol is equal to or lower than that of unleaded regular, the contract will be awarded to the firm offering gasohol. Postal Service organizations wishing to use only unleaded regular may request deviations to this requirement. The DESC must approve the deviation.

544.62 Diesel

Postal Service organizations wishing to use diesel gasoline must specify No. 1 diesel (product code 67) or No. 2 diesel (product code 68) as well as whether low sulfur or high sulfur is desired. Additionally, if dyed diesel is requested for off-road operation, specify this information in the initial request.

544.63 Compressed Natural Gas

The Utilities CMT manages purchases of Compressed Natural Gas (CNG) for vehicles (see 542.2). Contact the Utilities CMT for guidance.

544.7 Procedures**544.71 Requirements Over 20,000 Gallons a Year****544.711 Submitting Requirements**

Annual requirements exceeding 20,000 gallons a year must be submitted through the TAM CMC to the DESC for procurement unless the DESC authorizes TAM to purchase the product. A DESC Requirements Work Sheet, provided by TAM to the requirements organization, is used to establish annual fuel requirements by line item. TAM establishes 5-year delivery order agreements for each line item requested. If the DESC cannot place a contract for the requested items immediately, the ordering installation may use local buying procedures until a contract is in place. Additionally, upon notification by TAM of any contractual problems, the DESC contracting officer is the only individu-

al authorized to negotiate with the supplier to resolve the issue or terminate the contract.

544.712 Order Limitations

Orders placed through DESC contracts are authorized at the maximum tank capacity (specified in gallons, not dollars) as listed in the applicable DESC Contract Bulletin for the requiring installation.

544.713 Contract Quantity

Contract maximum and minimum are as follows:

- a. The annual maximum contract quantity that the Postal Service may order or the supplier may deliver of any item is double the estimated DESC contract quantity plus 30,000 gallons, whichever is less. Do not order quantities exceeding this annual maximum.
- b. The Postal Service guarantees to purchase an annual minimum quantity of \$100 from the DESC contract.

544.714 Authorized Orderers

Individuals designated to place orders against the delivery agreement must be identified by name or position title within the delivery agreement document issued by TAM CMC. The contracting officer will identify those individuals authorized to place orders against the delivery agreement.

544.715 Ordering

Authorized persons must place orders against the delivery order agreement in writing. When circumstances require that a verbal order be placed, it must be followed by written notification to the supplier. Each order the DESC supplier accepts becomes an individual contract. Each order is assigned a sequential number which must be provided to the supplier when the order is placed.

544.716 Records

All orders must be recorded on PS Form 4626, *Vehicle Fuel and Motor Oil Purchase Record*, following instructions on the reverse of the form. Fill out the forms completely. Submit a copy of PS Form 4626 to TAM CMC annually and within 30 days of the contract end date.

544.717 Payment

Billing and payment instructions are included in each delivery agreement. Make payments in accordance with prices listed at the following Web site: <http://www.desc.dla.mil>.

544.72 Requirements Between 2,000 and 20,000 Gallons a Year**544.721 Contractual Vehicles**

TAM establishes contractual vehicles (indefinite delivery, indefinite quantity contracts, or basic pricing agreements)

for requirements between 2,000 and 20,000 gallons a year. Contact TAM for guidance.

544.722 Authorized Orderers

Individuals designated to place orders against the contract must be identified by name or position title within the contract document issued by TAM CMC. The contracting officer will identify those individuals authorized to place orders against the contract.

544.723 Ordering

Authorized orderers may place orders with the supplier either orally or in writing.

544.724 Records

Record all orders on PS Form 4626, following instructions on the reverse side of the form. Fill out each form completely.

544.725 Payment

Billing and payment instructions are included in each contract.

544.73 Requirements under 2,000 Gallons a Year

These requirements should be met using local buying procedures (see 722).

Rural Carriers

Equipment Maintenance Allowance Schedule for Rural Routes

In accordance with the provisions of Article 9, Section 2.J.3 of the Rural Carrier National Agreement, effective July 8, 2006 (pay period 15-06), the equipment maintenance allowance (EMA) will increase from 48.5 cents per mile to 52.0 cents per mile. The EMA is 52.0 cents per mile, or a minimum of \$20.80 per day, whichever is greater.

Auxiliary Rural Carriers, Rural Carrier Reliefs, Rural Carrier Associates, Rural Carrier Part-Time Flexibles, and Auxiliary Assistance

Employees providing auxiliary assistance or serving auxiliary routes under provisions of Article 9, Section 2.J.5,

receive an EMA of 52.0 cents per mile or \$5.80 per hour, whichever is greater. This EMA should not exceed the amount provided in the special EMA for the route stops and miles.

EMA Rate Schedule

The EMA rate schedule on pages 22 and 23 supersedes all previously published EMA schedules for employees receiving EMA.

HANDBOOK AS-805-D REVISION

Information Security Network Connectivity Process

Handbook AS-805-D, *Information Security Network Connectivity Process*, is revised as follows to correct several process and administrative items.

Handbook AS-805-D, *Information Security Network Connectivity Process*

* * * * *

Transmittal Letter

* * * * *

C. Distribution

[Revise the link as follows:]

***<http://blue.usps.gov/cpim/hbkid.htm>

D. Comments and Questions

[Revise the second sentence of this section to read as follows:]

Comments may also be sent by e-mail to: information_security@usps.gov.

* * * * *

2 Roles and Responsibilities

2-1 General

[Revise the last sentence to read as follows:]

***The connectivity request form is available from the NCRB Web page at <http://cto.usps.gov>; select *Support*, then *Corporate Information Security*, then under “Corporate Information Security,” *Network Connectivity Review Board (NCRB)*.

* * * * *

2-6 Network Connectivity Review Board

The NCRB is responsible for the following:

* * * * *

[Revise item c to read as follows:]

- c. Determining the criteria for standard connectivity that will allow for requests to be pre-approved.

* * * * *

2-8 Business Partners

Business partners (including alliances) are responsible for the following:

- a. Before connectivity approval:

* * * * *

[Revise item 8 to read as follows:]

- 8. Providing information to the executive sponsor as requested on the connectivity request form (available from the NCRB Web site at <http://cto.usps.gov>; select *Support*, then *Corporate Information Security*, then under “Corporate Information Security,” *Network Connectivity Review Board (NCRB)*.

* * * * *

4-7 Site Security Review

[Revise 4-7 to read as follows:]

All business partner sites connecting to a Postal Service information infrastructure require a site security review performed by the manager CISO and the Chief Inspector, or their designees. A site security review must be conducted if a facility is hosting sensitive, critical, business-controlled sensitivity, or business-controlled criticality information resources and the facility has not undergone a site security review in the last 3 years.

[Revise the title and text of 4-8 to read as follows:]

4-8 NCRB Request Form

A Network Connectivity Review Board (NCRB) Request form must be completed for all NCRB requests. This form is used to request all new or changed connectivity including Corporate VPN, Wireless, Enclave, Business Partners,

DNS, IP, DMZ, Switchports, and Load Balancing. The connectivity request form is available from the NCRB Web site at <http://cto.usps.gov>; select *Support*, then *Corporate Information Security*, then under “Corporate Information Security,” *Network Connectivity Review Board (NCRB)*.

NEW IRC PROCEDURES

Redemption of International Reply Coupons at Retail Counters

Effective July 1, 2006, the Postal Service™ will no longer redeem international reply coupons (IRCs) issued prior to 2002. Retail associates should advise customers possessing pre-2002 IRCs to return them to their correspondents in the country of issue for redemption through the selling post office.

The *non-redeemable* pre-2002 IRCs are approximately 2.5 inches by 4 inches and do not have a barcode on the back.

The current redeemable IRCs are approximately 3.75 inches by 6 inches and can be distinguished by the presence of a barcode on the back.

Images of the front and back of both the pre-2002 and current IRCs are shown below. *Note:* The images presented here are shown in the same size even though, as mentioned above, the non-redeemable pre-2002 IRCs are smaller than the current redeemable IRCs.)

STAMP ANNOUNCEMENT 06-34

American Motorcycles Stamps

Copyright USPS 2005

The Postal Service™ will issue 39-cent *American Motorcycles* commemorative stamps in four designs in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 460400), on August 7, 2006, in Sturgis, South Dakota, during the 66th City of Sturgis Motorcycle Rally. The stamps, designed by Richard Sheaff of Scottsdale, Arizona, go on sale nationwide August 8, 2006.

With this issuance, the Postal Service recognizes the role of motorcycles in American culture. The stamps feature digital illustrations of a 1918 Cleveland, a 1940 Indian Four, a 1965 Harley Davidson Electra-Glide, and a circa 1970 chopper.

The digital illustrations were created by Steve Buchanan of Winsted, Connecticut, and were based on existing restored motorcycles, reference photographs, and consultation with owners and experts; however, some colors and design features have been altered for artistic purposes or to maintain historical accuracy.

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*. The

actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.

- There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to

determine which APO/FPO ZIP Codes are active and which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1630 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

We have eliminated “Not Active” entries from the table below to save space and paper.

RESTRICTIONS

LEGEND

PS Form 2976, *Customs - CN 22 (Old C 1) and Sender's Declaration* (green label)

PS Form 2976-A, *Customs Declaration and Dispatch Note*

- AAFES = Army and Air Force Exchange Service
- APO = Army/Air Force Post Office
- Box R = Retired military personnel
- FPO = Fleet Post Office
- DMM = *Domestic Mail Manual*
- MOM = Military Ordinary Mail
- MPO = Military Post Office
- PAL = Parcel Airlift
- PSC = Postal Service Center
- SAM = Space Available Mail
- USDA = United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

A1. Mail addressed to "Any Servicemember," or similar wording such as "Any Soldier," "Sailor," "Airman," or "Marine"; "Military Mail"; etc., is prohibited. Mail must be addressed to an individual or job title such as "Commander," "Commanding Officer," etc.

B. PS Form 2976-A is required for all mail weighing 16 ounces or more, with exceptions noted below. In addition, mailers must properly complete required customs documentation when mailing any potentially dutiable mail addressed to an APO or FPO regardless of weight. The following are exceptions to the requirement for customs documentation on nondutiable mail that weighs 16 ounces or more:

- Known mailers are exempt from providing customs documentation on non-dutiable letters, and printed matter weighing 16 ounces or more. (A known mailer is anyone who legally applies a permit imprint to a mailpiece. Mail with meter postage is not considered to be from a known mailer.)
- All federal, state, and local government agencies are exempt from providing customs documentation on mail addressed to an APO or FPO, except for those APOs/FPOs to which restriction B2 applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B1. PS Form 2976 or 2976-A is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents. **Exceptions:** All other exceptions listed in restriction B above are applicable to this restriction.

B2. All federal, state, and local government agencies must complete customs documentation when sending mail addressed to or from this APO or FPO weighing 16 ounces or more.

C. Cigarettes and other tobacco products are prohibited.

C1. Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

D. Coffee is prohibited.

E1. Medicines or vaccines not conforming to French laws are prohibited.

E2. Any matter depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited. Although religious materials contrary to the Islamic faith are prohibited in bulk quantities, items for the personal use of the addressee are permissible.

E3. Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

F. Firearms of any type are prohibited in all classes of mail. See definitions of firearms in DMM 601.11.1.2c. This restriction does not apply to firearms mailed to or by official U.S. government agencies. The restriction for mail to this APO/FPO ZIP Code does not apply to firearms mailed from this APO/FPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms are a separate category defined in DMM 601.11.2 and ATF regulations; they do not require an ATF form.

F1. Privately owned weapons addressed to an individual are prohibited in any class of mail.

F2. Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

G. Only First-Class Mail letters, Periodicals, and Standard Mail items are authorized.

H. Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

Length	
42"	72" length and girth combined
over 42" to 44"	24" girth
over 44" to 46"	20" girth
over 46" to 48"	16" girth
	Maximum length 48"

This restriction does not apply to registered mail and official government mail marked MOM.

I1. This restriction does not apply to registered mail.

I2. This restriction does not apply to official government mail marked MOM.

J. Parcels may not exceed 108 inches in length and girth combined.

K. Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

L. All official mail is prohibited.

M. Fruits, animals, and living plants are prohibited.

N. Registered mail is prohibited.

O. Personal mail addressed to vessels using this number is limited to unregistered First-Class Mail items and certified mail. Other classes of mail are prohibited.

P. APO is used for the receipt and dispatch of official mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those mailable under DMM 601.8.0, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

T. Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

U. Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail weighing 13 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

U2. Mail is limited to First-Class Mail letters only when addressed to Box R.

U3. Mail is limited to First-Class Mail correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

V. Express Mail Military Service (EMMS) not available from any origin.

W. Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

X. Personal mail is limited to First-Class Mail items (to include audio cassettes and voice tapes) weighing 13 ounces or less. This limitation does not apply to official mail.

Y. Mail is limited to First-Class and Priority Mail items only. All Periodicals, Standard Mail items, and Package Services items (including SAM and PAL) are not authorized. This restriction also applies to official mail.

Z. No outside pieces (OSPs).

Z1. The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

Network Operations Management, 7-6-06

Philately (Continued)

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by September 6, 2006.

How to Order First Day Covers

Stamp Fulfillment Services also offers first day covers for new stamp issues and Postal Service stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by calling 800-STAMP-24 or writing to:

Distribution: Item 460400, 39-cent American Motorcycles, PSA Pane of 20 Stamps

Stamp distribution offices (SDOs) will receive approximately one-half their full standard automatic distribution quantity for a PSA sheet stamp. Distributions are rounded up to the nearest master carton size (40,000 stamps).

Initial Supply to Post Offices

SDOs will make a subsequent automatic distribution to Post Offices for one-half their full standard automatic distribution quantity using PS Form 17, *Stamp Requisition/Stamp Return*. SDOs must not distribute stamps to Post Offices before August 1, 2006.

Philatelic Requirement

SDOs will not receive a separate quantity Item 460400 for their authorized philatelic centers. Philatelic centers must be supplied their quantities from the initial automatic distribution made to SDOs.

Additional Supply

Post Offices requiring additional stamps must requisition Item 460400 from their designated SDO using PS Form 17. SDOs requiring additional stamps must order them from the appropriate accountable paper depository (APD) using PS Form 17.

For fulfilling supplemental orders from SDOs, the San Francisco, Chicago, Memphis, and New York APDs will each receive 3,920,000 additional stamps; and the Denver APD will receive 1,320,000 additional stamps.

Sales Policy

All Post Offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists, until inventory is depleted, or until the stamp is officially withdrawn from sale. If supplies run low, Post Offices must reorder additional quantities using their normal ordering procedures.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided, as space permits, are illustrations of those postmarks that were reproducible and available at press time.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event, but who wish to obtain the postmark, may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

DID YOU KNOW?

Personnel-related costs increased \$433 million in first quarter fiscal 2006.

*Compared to Q1 FY2005

HIGH TEMPERATURE + HIGH HUMIDITY + PHYSICAL WORK = HEAT ILLNESS

Protect Yourself

- Learn the signs and symptoms of heat-induced illnesses and how to respond.
- Drink plenty of cool water.
- Avoid eating large meals before working in hot environments.
- Avoid beverages with caffeine. These make the body lose water and increase the risk for heat illnesses.

Factors that put you at increased risk

- Taking certain medications. Check with your health-care provider or pharmacist to see if any medicines you are taking affect you when working in hot environments.
- Having a previous heat-induced illness.

NOTICE

Surcharge for Live Animals

Effective immediately, live animals accepted in Atlanta, Georgia, and Cincinnati, Ohio, will have a surcharge as described below.

The surcharge for live animals (including day-old poultry) transported by air from an airport listed below to a destination city in Zones 4–8 is \$0.99 per pound (or fraction thereof). This surcharge is in addition to the normal postage that retail associates collect.

If your processing facility uses an airport listed below for air transportation of live animals (including day-old poultry), the 'L' alpha code mail class designator must be assigned on the distribution and routing tag.

Follow this procedure for all mail classes transported from the following airports:

Atlanta GA (ATL)	Fort Wayne IN (FWA)	Orlando FL (MCO)
Austin TX (AUS)	Hartford CT (BDL)	Philadelphia PA (PHL)
Baltimore MD (BWI)	Jacksonville FL (JAX)	Phoenix AZ (PHX)
Boston MA (BOS)	Kansas City MO (MCI)	Pittsburgh PA (PIT)
Buffalo NY (BUF)	Louisville KY (SDF)	Portland OR (PDX)
Charlotte NC (CLT)	Memphis TN (MEM)	Richmond VA (RIC)
Cincinnati OH (CVG)	Milwaukee WI (MKE)	San Diego CA (SAN)
Cleveland OH (CLE)	Nashville TN (BNA)	San Francisco CA (SFO)
Columbus OH (CMH)	Norfolk VA (ORF)	Seattle WA (SEA)
Denver CO (DEN)	Omaha NE (OMA)	St. Louis MO (STL)
El Paso TX (ELP)		

Continue to follow this procedure in Minneapolis/St. Paul MN (MSP) and Detroit MI (DTW), and impose a \$1.00 surcharge in those two locations.

Network Operations Management, 7-6-06*

CORRECTION

Stamps by Mail — Brochure Ordering Information

In the article "Reminder: Stamps by Mail — Brochure Ordering Information" in *Postal Bulletin* 22183 (6-22-06, pages 52–53), the next deadline date for ordering brochures was incorrect. The article is rerun below with the correct date in bold.

The next deadline date for ordering Stamps at Your Door™ (Stamps by Mail®, Stamps Delivered to Your Door) brochures is **July 10, 2006**. This print run will be for the year-round brochure design and will be the last printing of year-round brochures this fiscal year.

To order brochures, submit PS Form 3227-0, *Stamps At Your Door Supply Order* (August 2005), to Cyril-Scott Company:

CYRIL SCOTT COMPANY
PO BOX 627
LANCASTER OH 43130-0627
Telephone: 800-466-0455
Fax: 740-689-0210

You can find this form at <http://blue.usps.gov>; click on *Forms*, then select the form by number. A copy of this form appears on page 64 in this *Postal Bulletin*.

The cost per unit of 500 is \$11.00. This cost includes overprinting the address of the fulfillment office placing the order. You may pay for orders with local IMPAC credit cards, checks, or money orders. However, Cyril-Scott Company cannot process the order until it receives payment. Local eBuy procedures may also apply (refer to local procurement procedures).

Postal Service™ Headquarters has funded a national procurement for this print run for 4 million brochures for the Stamps By Mail centralized computer processing sites. The distribution amount for each site is available by referencing column J (4MM) of the centralized site address spreadsheet. These quantities are based on revenue generated by site. No local order placement is required to receive brochures from this distribution. However, centralized sites may order **additional** quantities from Cyril-Scott Company from local funds by following the ordering instructions contained within this article.

All other local Post Offices should follow the ordering instructions contained within this article and utilize local funds.

Cyril-Scott Company will deliver orders within 35 calendar days after printing. Printing begins 1 week after the deadline date, and actual receipt of the order will depend on the ultimate destination and the corresponding delivery service standard. You should save copies of all orders placed at your local Post Office™ until the order has been received. Please ensure procedures are in effect locally for proper verification of receipt.

Winning Makeovers Share Tips

Offices that have completed the Retail Standardization process are sharing insights on how they addressed issues on their checklist and are reaping the benefits.

Hillview Station in San Jose, CA. Team members moved menuboard above and behind the retail counter and repositioned their ReadyPost® shipping supplies display so that both were within the customers' lines-of-sight. Team members also placed Official Licensed Retail Product (OLRP) onto new slatwall where customers could interact with it. These simple actions helped achieve an Express Mail® revenue increase of 8.3%, a ReadyPost revenue increase of 21%, and an OLRP revenue sales increase of over \$4,900.*

Paddock Branch in Ocala, FL. Team members purchased slatwall for an OLRP display and repositioned ReadyPost shipping supplies so customers would notice ReadyPost items before they saw complimentary supplies as measured in the Mystery Shopper survey. With these changes, ReadyPost sales increased 33%, and OLRP sales increased by more than \$5,200 during the four-month period.**

Singer Station in Lubbock, TX. This location removed OLRP and ReadyPost products from behind the retail counter and placed them where customers could interact with and buy them. They brightened the retail counter zone wall from dark red to a postal-approved white, making core product and service menuboard the focus for customer attention. These changes helped generate a 7.7% increase in total retail revenue, with International Mail increasing by 19.5%.**

The success stories in these locations are prime examples of how Team Makeover can help increase customer satisfaction, move product, and add to the bottom line. For more details, additional tips, or to submit your own story, visit <http://blue.usps.gov/advertising>, click on *Retail Standardization*, then click on *Go To Team Makeover*.

Allocate Premium Forwarding Service Revenue Correctly

Premium Forwarding Service (PFS) is a success. Now, let's make sure that the revenue received is properly allocated. Use these accounting guidelines when entering PFS revenue. There are three separate AIC codes:

- **Code AIC 108** is used when entering the one-time enrollment fee.
- **Code AIC 159** is used when entering the weekly shipping fee.
- **Code AIC 623** is used when issuing refunds for the weekly shipping fee.

Note: The enrollment fee is non-refundable.

Also, it is important to inform customers that PFS reships mail via Priority Mail® service and it is usually delivered within 2–3 days. Some items, including Express Mail® and Priority Mail packages, are sent immediately outside of the weekly PFS shipment at no additional cost. Continue to suggest PFS to customers looking for mail forwarding solutions.

Visit www.usps.com/receive/premiumforwarding/welcome.htm for more information on PFS.

Priority Mail flat-rate service is now available at APC® kiosks. Make sure both flat-rate boxes and envelopes are available and adequately stocked near the APC kiosk.
