## USPSNEWS@WORK

### A Marvel-ous stamp

Prepare yourselves, True Believers! A slew of your favorite Marvel Super Heroes are on their way to save the day. The Postal Service's pane of 20 stamps honoring some of the world's most popular comic book heroes go on sale July 26.

Got a thing for The Thing? He's there. Caught in Spider-Man's web? You're not alone. And joining them are Captain America, Elektra, Iron Man, Silver Surfer, Spider-Woman, Sub-Mariner, The Incredible Hulk and Wolverine.

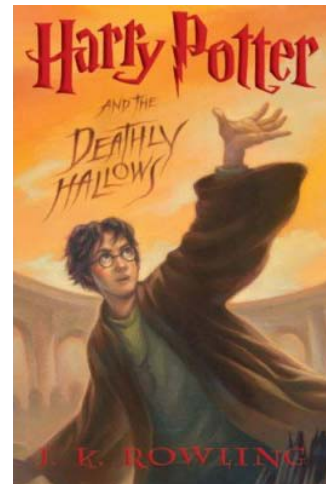

The sheet of 20 stamps features 10 single-image stamps showcasing each hero as he or she appears today and 10 stamps based on cover art from their earlier days. The works of Jack Kirby, John Buscema, Frank Miller and John Romita are just a few of the renowned artists featured on these stamps.

The stamps can be purchased online at the Postal Store at [www.usps.com/shop](http://www.usps.com/shop), by calling toll-free 800-STAMP-24, at philatelic centers nationwide and at local Post Offices.

### Wild about Harry

The seventh and final installment in the series "Harry Potter and the Deathly Hallows" hits the streets Saturday, July 21, and more than 1.8 million readers will be anxiously awaiting the arrival of their letter carriers that day.

1.8 million — that's how many Harry Potter books the Postal Service will be delivering. The books are scheduled to arrive in our mailstream Friday, July 20. More than 320,000 orders will be processed at our bulk mail centers and 1.5 million copies will be shipped to destinating delivery units across the country.

Harry's back and the Postal Service has him!

### Survey says — safer!

A provision of the Postal Accountability and Enhancement Act requires the Office of Inspector General (OIG) to assess the progress the Postal Service has made in improving safety and reducing workplace injuries. The Postal Service is a safer place to work, thanks to its partnership with the Occupational Safety and Health Administration (OSHA).

An OIG review of the fiscal year 2005 and 2006 injury reduction goals shows the Postal Service exceeded the OSHA national average five-year goal by seven percent. According to the Department of Labor, the partnership with the Postal Service is one of OSHA's best in terms of injury and illness reductions.

The OIG also reported the Postal Service identified opportunities for making further progress in meeting its goals. This includes partnerships and agreements with its four major unions to work together to improve workplace safety.

## ACE II rollout starts this month

ACE II is paving the way for the future of computing power at USPS.

Beginning this month, Information Technology will roll out new desktops and laptops, state-of-the-art BlackBerrys, shared printers and value-added tools that will increase productivity and efficiency.

ACE II will give computer users faster logins and logouts and access to applications and data, self-service password reset, easier backups, machine health checking and much more. Nifty new features are a toolbar that puts the most frequently used IT services only a click away and a ticker-tape to provide direct communication to each user.

The computers deployed during ACE I five years ago are outdated and running out of warranty. ACE II will save USPS money by replacing this equipment now with next-generation machines that will last for the next five years.

And looking toward the future, all of the new ACE II computers are Vista-ready, making for a smooth migration to the operating system of the future by fiscal year 2009.

The conversion to ACE II will be conducted in incremental stages across Headquarters and field offices over the next 30 months.

## Star struck

Only the safest worksites get it — the Occupational Safety and Health Administration's (OSHA) Voluntary Protection Program's (VPP) Star status.

The Rochester Hills, MI, Carrier Annex is now one of them. They recently received their VPP Star flag, becoming the second postal facility in the Southeast Michigan PC and only the third postal worksite from Michigan to earn the distinction.

To reach Star status, applicants must establish comprehensive safety management systems, exceed OSHA's voluntary safety and health standards and pass a rigorous onsite evaluation by an OSHA team.

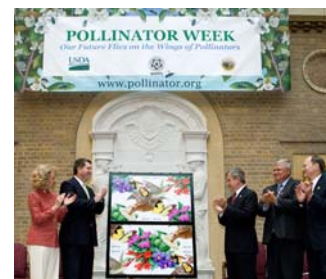

## Busy as a stamp

You've heard the term "Busy as a bee," but did you know that pollinators — bats, bees, butterflies and birds — are responsible for about one-third of all the food we eat and the beverages we drink? Or that pollination, the transfer of pollen within flowers, or from one flower to another of the same species, is the basis of all fruit and seed production?

Now that's busy.

New stamps recognizing the contributions of these insects and animals were issued recently in Washington, DC, at the U.S. Department of Agriculture as the culmination of National Pollinators Week.

The stamps can be purchased online at the Postal Store at [www.usps.com/shop](http://www.usps.com/shop), by calling toll-free 800-STAMP-24, at philatelic centers nationwide and at local Post Offices.

### DMM Revision: New Mailpiece Design Options for Flat-Size Mail

Effective July 15, 2007, we are modifying our mailpiece design requirements to make it easier for mailers to design flat-size pieces. We are removing the requirement for mailers to design folded automation flat-sized pieces so that the address is in view when the final folded edge is at the bottom of the piece and any intermediate bound or folded edge is to the right. Enhancements in the automation environment for flat sortation now make this requirement unnecessary.

We also give mailers the option to design flats, including automation flats, with slightly rounded corners, when the mailpiece has finished corners that do not exceed a radius of 0.125 inch (1/8 inch). This standard in flat mail is comparable to that permitted for card-stock letters. In addition, we are modifying the rectangular requirement for those pieces 1/4 inch thick or less which are eligible for and mailed at parcel rates.

We will incorporate these changes into our July update of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) subchapters 101, 301, 601, and 707 as noted below. Mailers may make related changes to their mailings as soon as possible.

## Delivery and Retail

### Standardized Procedures for “Notice Left” Mail

The Postal Service™ has standardized the “Notice Left” operations for PS Form 3849, *Delivery Notice/Reminder/Receipt*, which applies to all ordinary parcels, accountable mail, and other extra services mailpieces. This nationwide standardization of the Notice Left process provides better customer service and operational efficiency for the Postal Service.

PS Form 3849, commonly referred to as a “Notice Left,” is used when a Postal Service employee cannot complete an attempted delivery of a mailpiece because no one is available to accept delivery. Standardizing this process nationwide affords mailers the ability to inform their customers of when the Postal Service will make second-notice attempts or will return an article to the sender.

Below are standardized procedures for clerks and carriers. These standardized procedures are also provided in *Postal Operations Manual* (POM) sections 617.3, 619.25, and 812.42.

#### What Clerks Need to Do

- Ensure that all items are labeled with the employee’s initials and date of attempted delivery before they are stored for pickup.
- Review the dates on articles daily to determine when a second attempt or notice is required, or if the article needs to be returned to sender.
- Watch for redelivery requests, which may be received through My Post Office, by customer request, or by telephone. Retrieve the items and process as requested.
- Ensure that items are correctly filed as outlined in POM 619.251 and stored in the designated Notice Left area.
- At a POS office, do the following when a customer arrives to pick up an item:
  - Ask for and review the PS Form 3849, if applicable, and the appropriate identification from the customer.
  - Follow the POS workflow to deliver the item, obtaining the customer’s signature, if applicable, on the Customer Display Unit (CDU).
  - Perform clearance procedures in POS for collect on delivery (COD) remittances.
  - Tear in half and discard the PS Form 3849.

- At a non-POS office, do the following when a customer arrives to pick up an item:
  - Ask for and review the PS Form 3849, if applicable, and the appropriate identification from the customer. If the customer does not have the PS Form 3849, review appropriate identification and retrieve the item. Complete another PS Form 3849 for the item, if applicable.
  - Obtain the customer’s signature on PS Form 3849, if applicable.
  - Scan the item delivered with a handheld scanner, if applicable.
  - Perform clearance procedures in the handheld scanner for collect on delivery (COD) remittances.
  - As appropriate, either tear in half and discard the PS Form 3849, or store PS Form 3849 in the designated area for 7 days.

#### What Carriers Need to Do

- When someone is normally available to receive parcels, but an ordinary parcel (i.e., a parcel without any extra services) cannot be delivered on the carrier’s first attempt, a second delivery attempt is made the next working day and no PS Form 3849 is left on the initial attempt. If the parcel cannot be delivered on the second attempt, leave PS Form 3849 at the address showing that the parcel is being held.
- If no one is available to receive the parcel and the carrier knows that someone at the address is not usually available to receive parcels, PS Form 3849 is completed and left after the first attempt. When it is not known if someone is usually available to receive parcels, PS Form 3849 is left after the first attempt. Additional attempts are made only at the customer’s request.
- Ensure that each item attempted is endorsed near the address with the date and the delivery employee’s initials.

### Policy Change in Payment for Lodging at the William F. Bolger Center for Leadership Development

Effective immediately, the William F. Bolger Center for Leadership Development is issuing the following policy changes:

- When you attend training or other functions at the Center, you **may not** claim lodging and board charges on your travel voucher or charge these expenses to your corporate credit card.
- Lodging, board, and any additional expenses (approved in advance at the local level through an eBuy or PS Form 1782, *Training Request and Authorization*) will be charged directly to your finance number using the Journal Entry Vehicle (JEV).
- You may use cash or a personal credit card to cover incidental charges (and the sales tax that is charged for these expenses).

With these changes, you will not have to present a PS Form 1782 or PS Form 1101, *Travel Advance Request and Itinerary Schedule*, for payment authorization when you check in.

This notice rescinds "Use of American Express Cards at Center for Leadership Development," *Postal Bulletin* 21930 (10-10-96, page 53) and all other previously issued policies regarding payment procedures at the William F. Bolger Center for Leadership Development.

### Increased Lodging Rates at the Bolger Center

Effective October 1, 2007, new rates for the complete meeting package at the William F. Bolger Center for Leadership Development will be as follows:

Room Size	New Rate
Standard	\$130.00
Deluxe	\$158.00
Suite	\$195.00

The complete meeting package (CMP) includes a guest room (standard, deluxe, or suite), three meals, meeting room with basic equipment and supplies, morning and afternoon refreshments, use of the fitness center, and a variety of other amenities. The day guest CMP has not changed: \$38.00 includes all of the above *except the guest room, breakfast, and dinner*.

The Bolger Center has not increased its rates since 2001. This increase is necessary to offset rising operating costs, especially for food, fuel, and utilities. Charges will continue to be processed through the Journal Entry Vehicle (JEV). For more information, contact the sales office at 301-983-7337.

## When “Postage Due” Is Not Due

Mailers of automation-rate and presort-rate First-Class Mail® items that are paid with metered postage or PC Postage® are receiving returned pieces for what might appear to be “additional postage due.” However, metered pieces or PC Postage pieces that have a proper workshare rate marking, such as “Presorted First-Class,” were paid for and verified at the time of mailing. Therefore, please let employees know that such pieces have the correct postage and should not be returned for “additional postage due.”

The confusion may be caused by our new lower prices for heavier mailpieces and the significantly reduced First-Class Mail additional-ounce rate for workshare mail. For example, the 2-ounce single-piece rate for a First-Class Mail flat is \$0.97, but when prepared and mailed at automation rates, the 2-ounce rate can be as low as \$0.553, a difference of almost \$0.42.

So what might initially appear to be postage due in fact is not. Do not return these mailpieces for additional postage.

If you have questions, please contact your business mail entry manager.

## Stamp Announcement 07-35: James Stewart

Copyright 2006 USPS

On August 17, 2007, in Universal City, California, the Postal Service™ will issue a 41-cent, *James Stewart* commemorative stamp in one design in a pressure-sensitive adhesive (PSA) pane of 20 (Item 461100). Designed by Phil Jordan of Falls Church, Virginia, the stamp goes on sale nationwide August 17, 2007.

For this 13th issuance in the *Legends of Hollywood* stamp series, the U.S. Postal Service® honors James Stewart, the American film star whose lanky physique, drawling speech, and naturalistic acting style made the characters he played seem “real.” Art director Phil Jordan designed the stamp using a portrait of Stewart by Drew Struzan of Pasadena, California, who based his work on a publicity still for *The Stratton Story*. The painting on the selvage, also by Struzan, shows Stewart in *Mr. Smith Goes To Washington*, the 1939 film for which he received his first Academy Award nomination for “best actor.”

## Missing, Lost, or Stolen Canadian Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Other Information

### Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

## Philately (Continued)

### Distribution: Item 570500, 41-cent Celebrate! PSA Pane of 20 Stamps

Stamp distribution offices (SDOs) will receive approximately 55 to 60 percent of their full standard automatic distribution quantity for a PSA sheet stamp. Distributions are rounded up to the nearest master carton size (40,000 stamps).

### Initial Supply to Post Offices

SDOs will make a subsequent automatic distribution to Post Offices of one-half their full standard automatic distribution quantity using PS Form 17, *Stamp Requisition/Stamp Return*. SDOs must not distribute stamps to Post Offices before August 10, 2007.

### Additional Supply

Post Offices requiring additional stamps must requisition Item 570500 from their designated SDO using PS Form 17. SDOs requiring additional stamps must order

them from the appropriate accountable paper depository (APD) using PS Form 17.

For fulfilling supplemental orders from SDOs, the San Francisco, New York, Chicago, and Memphis APDs will each receive 2,080,000 additional stamps; and the Denver APD will receive 720,000 additional stamps.

### Sales Policy

All Post Offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists, until inventory is depleted, or until the stamp is officially withdrawn from sale. If supplies run low, Post Offices must reorder additional quantities using their normal ordering procedures.

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmark has been extended for 30 days:

## How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, and at The Postal Store® Web site at [www.usps.com/shop](http://www.usps.com/shop).

Customers may submit #6 or #10 covers constructed of paper rated as "laser safe." The Postal Service™ recommends 80-pound Accent Opaque, acid-free envelopes, 9/16" side seams with no glue on the flap. There is a minimum of 10 covers at 50 cents per postmark required at the time of servicing. You may submit a check, money order, or credit card for payment. Two test envelopes must be included. For covers with graphics or lettering, please note the maximum size of all digital color postmarks is 2" high x 4" long. The Postal Service reserves the

right not to accept hand painted and other cachets that are not compatible with our digital color postmark. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked within 60 days of the first day of issue date.

They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to the following address:

## Postal Inspection Service

### Revised Standards for Mail Deposit

To increase security of the mail, the Postal Service™ is revising standards for depositing mail bearing postage stamps as postage.

Currently, all Priority Mail®, International Mail, and APO/FPO mail items bearing only postage stamps as postage and weighing 16 ounces or more must be presented to an employee at a Post Office™ or may be picked up by a mail carrier during a delivery stop or during a scheduled stop made to collect other mail not subject to a pickup fee.

As of July 30, 2007, the following procedures take effect:

- All mail bearing postage stamps as postage and weighing more than 13 ounces must be presented to an employee at a Postal Service retail service counter for acceptance. This mail may not be deposited in collection boxes or lobby drops.
- Carriers will no longer pick up any mail weighing more than 13 ounces bearing only postage stamps

as postage from customers, customer's mailboxes, or at a business' outgoing mail collection point.

To ensure that this message is communicated to our customers, postmasters and station managers should provide copies of the attached letter (see page [64](#)) to carriers and collectors for distribution to customers.

— Office of National Preparedness,  
U.S. Postal Inspection Service, 7-19-07

Attention Postal Customer

Due to heightened security, the Postal Service™ is revising standards for depositing mail bearing only postage stamps as postage. Currently, all Priority Mail, International Mail, and APO/FPO mail bearing only postage stamps as postage and weighing 16 ounces or more may be:

- Presented to an employee at a Post Office™.
- Picked up by a mail carrier during a delivery stop or during a scheduled stop made to collect other mail not subject to a pickup fee.

Effective July 30, 2007:

- All mail bearing only postage stamps as postage and weighing more than 13 ounces must be presented to an employee at a Postal Service retail service counter for acceptance. This mail may not be deposited in collection boxes or lobby drops.
- Carriers will no longer pick up any mail weighing more than 13 ounces bearing only postage stamps as postage from customer mailboxes or at a business' outgoing mail collection point.
- Mail bearing only postage stamps as postage and weighing more than 13 ounces that is not presented to an employee at a Postal Service retail service counter will be returned to the customer.

If you have any additional questions, please call 800-ASK-USPS or contact your local postmaster.

### If You Need Nitrile, Medical Grade Examination Gloves, Then OfficeMax Is Your Source

OfficeMax Government Solutions is your source for AMMEX nitrile, medical grade examination gloves. According to the Food and Drug Administration (FDA), these gloves are rated for use by anyone coming in contact with blood-borne pathogens. These gloves offer more protection than industrial grade nitrile gloves. The gloves are powder and latex-free with micro-roughened texture for reliable wet or dry grip. They may be purchased from the OfficeMax eBuy catalog in four sizes: small, medium, large, and extra-large. Each size is packaged in a box of 100 pairs, and the price is \$5.15 for each box.

Use the following item numbers to order the AMMEX nitrile gloves:

Size	OfficeMax Item Number
Small	W3N421 or P360
Medium	W3N441 or P361
Large	W3N461 or P362
Extra-Large	W3N481 or P363

These medical grade nitrile gloves have been approved by the Postal Service™ medical director, Headquarters Safety, and the Office of Emergency Preparedness for use by those in direct contact with the mail and office staff responsible for sorting and opening office mail.

### Sony Digital Passport Camera Systems and Media

The Postal Service™ has negotiated a contract with Sony for its UPX-C200/20 digital passport camera system at over 50 percent off retail pricing. The contract also includes digital media at additional savings.

The Sony UPX-C200/20 digital passport photo system offers wireless connectivity, which means no cables or docking station. The camera system allows operators to frame photos that meet U.S. Department of State (DOS) requirements. Three Sony photo printers can run simultaneously. This will help reduce waiting time for customers at the busiest passport acceptance sites.

The enactment of the Western Hemisphere Travel Initiative mandated by Congress under the Intelligence Reform and Terrorism Prevention Act of 2004 has led to greater demand for U.S. passports.

Postal Service passport acceptance sites reported year-to-date photo revenue at \$45.58 million. This is a 74.6 percent increase over the \$26.1 million for the same period last year. The increase is a clear indication that the Postal Service is doing an outstanding job of meeting the public's need.

There remains an opportunity to provide greater customer convenience while generating new Postal Service revenue. Several hundred Postal Service sites have the potential to gain DOS approval to provide passport photo services. Unfortunately, they have not purchased the camera equipment necessary to meet DOS requirements.

If you are interested in adding passport photo services to your facility or are considering upgrading your current passport camera equipment, consider the UPX-C200/20 from Sony.

For additional information and ordering instructions, see Material Logistics Bulletin MLB-CO-06-006, *Availability of Sony Digital Passport Cameras and Media*, which is available at [http://blue.usps.gov/purchase/\\_doc/ops\\_mlb06-006.doc](http://blue.usps.gov/purchase/_doc/ops_mlb06-006.doc). Additional ordering information is also available on the Marketing Web site at <http://blue.usps.gov/marketing/retail/passportphotos.htm>.
