If it sounds too good to be true

Lucky you — you just won a foreign lottery. The problem is, you have to pay a portion of your winnings back in taxes. So, you cash the check they sent you and wire them back the money. Everyone's happy, right?

Wrong.

The Postal Service, along with the Postal Inspection Service, has launched an awareness campaign to help consumers avoid being the victims of fraudulent check schemes like this one. It's available at www.fakechecks.org.

Northern star

The Evergreen state has added another Voluntary Protection Program (VPP) worksite.

The Vancouver, WA, Main Post Office achieved the coveted status in the Occupational Safety and Health Administration's (OSHA's) VPP.

Employees from the Vancouver Main Post Office.

"The safety and health achievements obtained at this facility are truly remarkable, resulting in a record rate 65 percent below the average postal worksite," OSHA's Seattle Regional Administrator Richard Terrill said.

OSHA created VPP to recognize and encourage excellence in occupational safety and health protection. Only facilities that exceed OSHA's tough safety standards and pass its rigorous onsite evaluation obtain Star status.

Vancouver Postmaster Robert Ayers said it took the worksite a year and a half to develop and implement its goal of earning VPP status. 185 employees work at the Vancouver Main Post Office.

Citizens' Stamp Advisory Committee celebrates 50th anniversary

In 1957, Postmaster General Arthur Summerfield, in an effort to encourage citizen involvement in postal policy, created the Citizens' Stamp Advisory Committee (CSAC).

This year, CSAC is observing half a century as guardian and protector of the Postal Service's stamp selection and design process. Over the years, its members have included such well-known Americans as artist Andrew Wyeth, novelist James Michener, actor Karl Malden and sports commentator Richard "Digger" Phelps.

CSAC operates largely behind the scenes, acting as an independent buffer between the PMG and the public in the often intense campaigns for stamp designations. Its charter mandates the committee to provide USPS a "breadth of judgment and depth of experience" in designating stamp designs.

Connecting to win

Dexter, MI, Postmaster Robert Ridenour took the checkered flag in Race 2 of the Business Connect Race2Miami contest. He wins a trip for two to Miami, including VIP tickets to the final NASCAR race in Homestead, FL, next month.

During Race 2, postmasters and station managers were asked to conduct at least five Business Connect activities and to base at least two of those activities on direct mail. Ridenour conducted 10 visits — seven relating to direct mail — generating more than \$1,200 in new sales during that time frame.

The Race2Miami contest is designed to encourage postmasters and managers to participate in Business Connect and to generate revenue for the Postal Service.

Information works

The USPS Corporate Library is here for you. In addition to a 100,000-volume collection — any of which postal employees can borrow — the library features a large variety of electronic business information databases that you can open using your computer.

Its reference staff is available at 202-268-2904/2905. Contact a reference librarian for information that requires a database search, or if you want, for articles from an old postal manual or a publication from the library's extensive collection of obsolete postal publications.

Want to borrow a book that is listed in the library's online catalog? Request it using the circulation form on the library's Web site or by calling the reference number. And you can use the library's wide variety of electronic databases to find business information, current news, or contact information for various government agencies and business associations.

Employees looking to grow professionally can find managerial advice, support and other information from various professional associations and organizations, part of the library's growing list of corporate memberships, on its intranet site at <http://blue.usps.gov/library>.

She's worth watching

Pritha Mehra, the Postal Service's manager of Marketing Technology and Channel Management, has been recognized by the journal, *Profiles in Diversity*, as one of its "Women Worth Watching."

Women who make the list are nominated by colleagues, peers and mentors for showing outstanding initiative and professional achievements. The special issue of *Profiles in Diversity*, to be published this month, focuses on Mehra's contributions in helping USPS achieve its goals and her ability to guide other women toward success.

Mehra's current project is focused on leveraging technology, including the Postal Service's Intelligent Mail barcodes, to make sure mail remains a key communications medium in the digital age.

DMM Revision: Eligibility for Science-of-Agriculture Rates

On August 30, 2007, subchapter 707 of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) was revised to incorporate the provisions of Public Law No. 109-435, the Postal Accountability and Enhancement Act, that permit Periodicals requester publications to be mailed at In-County rates and to be eligible for Preferred Periodicals rates, including Science-of-Agriculture rates, if authorized. A required change to DMM 707.9 and 707.11, to make clear that a requester publication is eligible for Science-of-Agriculture rates, was omitted. The following incorporates those changes:

For publications authorized for both Outside-County rates and In-County rates and/or Science-of-Agriculture rates, once the total number of nonsubscriber or nonrequester copies mailed during the calendar year (regardless of rate) exceeds 10 percent of the total number of copies mailed to subscribers or requesters during the calendar year, further mailings of nonsubscriber or nonrequester copies are not

eligible for any Preferred rate. Nonsubscriber, or nonrequester, copies over the 10 percent allowance must be part of a presorted commingled mailing (i.e., including subscriber or requester copies) to qualify for Outside-County rates.

To be mailed at the Science-of-Agriculture rates, a publication must be granted Periodicals entry and granted a Science-of-Agriculture rate authorization.

DMM Revision: Revised Periodicals Preparation Standards

Effective October 11, 2007, we are revising mail preparation standards for bundles of Periodicals flat-size mailpieces on pallets and Periodicals flat-size mail in trays. The new standards allow 40-pound bundles of carrier route and 5-digit Periodicals flat-size mail on destination delivery unit pallets and require green lids on all trays of Periodicals flat-size mail.

Tray preparation is optional for flat-size Periodicals and allows mailers to prepare all machinable-rate (barcoded and nonbarcoded) pieces in flats trays, rather than in sacks. The green lids will ensure that this mail is treated expeditiously during processing. Mailers must continue to use pink tray labels to identify the contents as Periodicals mail not intended for air transportation.

The new bundle weight limit will create consistency by aligning bundle preparation for palletized mail with the current bundle preparation for bedloaded (unsacked) mail entered at a destination delivery unit, and allows mailers to create fewer bundles of 5-digit and carrier route mail.

We are revising sections 705.8.9.3 and 707.20.4 of *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)*[®] to reflect these changes, as noted below.

DMM Revision: New Standards for Mailing Sharps Waste and Other Regulated Medical Waste – “Medical Professional Packaging”

Effective September 25, 2007, we revised the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) section 601.10.17.5 for mailing medical waste so that medical professionals, as well as individuals, can use a larger container to mail medical waste to disposal sites. The new standards allow a maximum mail-piece weight limit of 35 pounds for packages approved as “Medical Professional Packaging.”

The rule allows a variety of sharps receptacles, currently used in doctors’ offices, to be contained in one mail-back parcel. Small medical facilities will be able to package whichever brand of sharps containers they use in one mail-piece to be picked-up by their Postal Service™ carrier or taken to the Post Office™ to be shipped through the mail for disposal.

2. Only rigid, securely closed, puncture and leak-resistant pre-primary sharps receptacles that meet or exceed Occupational Safety and Health Administration standards as identified in 29 CFR 1910.1030 may be placed inside the primary receptacle. Each pre-primary sharps container may contain no more than 50 ml (1.66 ounces) of residual waste liquid. Several pre-primary sharps receptacles may be enclosed in the single primary receptacle.

DMM Revision: New Move Update Standards for First-Class Mail and Standard Mail

The Postal Service™ is extending its effort to improve the percentage of deliverable mail by revising Move Update standards in the *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*. The Move Update standards provide ways for mailers to reduce the number of mailpieces that require forwarding or return by the periodic matching of a mailer's address records with customer-filed change-of-address orders. Our final rule, effective November 23, 2008, includes the following changes related to Move Update processing: (1) Increase the minimum frequency of Move Update processing from 185 days to 95 days prior to the date of mailing; (2) Extend the revised Move Update requirement to all Standard Mail® items.

In order to give mailers enough time to prepare for these changes, the revised rule will become effective on November 23, 2008. At that time, we will incorporate these changes in the update of the DMM as noted below.

3.9 Move Update Standard

3.9.1 Basic Standards

The Move Update standard is a means of reducing the number of mailpieces in a mailing that require forwarding, returning, or discarding by the periodic matching of a mailer's address records with customer-filed change-of-address orders received and maintained by the USPS. For the purposes of this standard, "address" means a specific address associated with a specific occupant name. Addresses subject to the Move Update standard must meet these requirements:

- Each address and associated occupant name used on the mailpieces in a mailing must be updated within 95 days before the mailing date, with one of the USPS-approved methods in 3.9.2.
- Each individual address in the mailing is subject to the Move Update standard.
- The Move Update standard is met when an address used on a mailpiece in a mailing for any class of mail is updated with an approved method in 3.9.2, and the same address is used in a Standard Mail mailing within 95 days after the address has been updated.
- Except for mail bearing an alternative address format, addresses used on pieces claiming Standard Mail rates, regardless of any required surcharge, must meet the Move Update standard.

3.9.2 USPS-Approved Methods

The following methods are authorized for meeting the Move Update standard:

- a. Address Change Service (ACS).
- b. National Change of Address Linkage System (NCOA^{Link}).
- c. *FASTforward* MLOCR processes if used each time before mail entry (for letter mail only). If a mailpiece that initially uses *FASTforward* MLOCR processing is rejected and then entered into a Direct View Encoding Desk (DVED) operation (or similar system), the piece does not meet the Move Update standard. The name and address information on the piece must then be processed through a *FASTforward* RVE system to meet the Move Update standard. *FASTforward* RVE processes also meet the Move Update standard if used each time before mail entry.
- d. Ancillary service endorsements under 507.1.5.3, Standard Mail, except “Forwarding Service Requested.”

3.9.3 Mailer Certification

The mailer’s signature on the postage statement certifies that the Move Update standard has been met for each address in the corresponding mailing presented to the USPS.

Additionally, we are adding an option for mailers to send nonregulated materials and exempt human or animal specimens by First-Class Mail International, Priority Mail International™, Express Mail International, or Global Express Guaranteed service.

We encourage mailers to make the related changes to their mailings as soon as possible.

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

DID YOU KNOW?

More than 75% of all new light-duty postal vehicles can run on alternative fuels.

The illustration shows a white USPS mail van with a blue eagle logo on the side. To the left of the van is a charging station with a cable. To the right of the van is a stylized globe with a green plant growing out of it, symbolizing alternative fuels and environmental friendliness.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

Local Tax Code Information

The Postal Service™ collects appropriate federal, state, and, in some cases, local taxes directly from the pay of our employees who are subject to these deductions. Based on agreements between individual local taxation authorities and the United States Treasury Department, the Postal Service collects a number of occupational license taxes, city and/or county income taxes and license fees, revenue taxes, senior citizen taxes, mental health taxes, residence taxes, local service taxes or, in some locations, two of these taxes. This updated local tax code listing changes the title of one tax, adds one new tax collection location, and indicates the type(s) of taxes collected directly from our employees via payroll deduction procedures.

Some of the taxes shown below are automatically deducted from the salaries of Postal Service employees who live or work within the geographic boundaries of specific taxing authorities. However, most of these taxes have not been established as automatic deductions. If you are subject to any of these local taxes, you must be proactive and complete and submit the proper taxation paperwork. Frequent contact between the Postal Service, Treasury, the Internal Revenue Service, and these taxing authorities indicates that many employees are not having the appropriate amounts withheld from their pay. You are reminded that, as

a Postal Service employee, you are personally responsible for ensuring that the correct local taxes are deducted from your pay.

All Postal Service employees are reminded that they are bound by the materials contained within the Code of Ethics, Principles of Ethical Conduct for Government Officers and Employees. This includes Principle 12, which states: “An employee shall satisfy in good faith their obligations as citizens, including all just financial obligations, especially those — such as federal, state, or local taxes — that are imposed by law.”

If you live or work in a locality that is subject to one (or more) of the taxes listed below and the correct deduction(s) is not being assessed from your pay, you should immediately complete a PS Form 4, *Employee’s City or County Withholding Certificate*. After completing this form, forward it to the following address:

HR SHARED SERVICE CENTER
 PO BOX 970400
 GREENSBORO NC 27497-0400

Direct all questions concerning these local taxes to the HR Shared Service Center in Greensboro. Call 877-477-3273, and select option 5.

Penalty Overtime Exclusion

As referenced in article 8, sections 4 and 5, of the USPS-NALC and USPS-APWU national agreements, the December period (during which penalty overtime regulations are not applicable) consists of 4 consecutive weeks. This year, the December period begins pay period 25-07, week 2 (December 1, 2007), and ends pay period 01-08, week 1 (December 28, 2007).

Notice to All Post Offices With Rural Delivery Service: Rural Carrier Guarantee Period

Postal Service[™] managers must effectively manage rural carriers who work under the provisions of the Fair Labor Standards Act (FLSA) section 7(b)(2). Those carriers are paid overtime for all hours actually worked in excess of 2,080, up to 2,240, within the 52-consecutive-week guarantee period.

If a carrier works more than 2,240 hours within the guarantee period, the agreement under FLSA, section 7(b)(2), is considered void, and the carrier must be compensated for all hours worked during the guarantee period in accordance with FLSA, section 7(a).

It is important that we make every effort to minimize the number of hours carriers work over 2,080 and strictly monitor these carriers to ensure that no carrier works in excess of 2,240 actual work hours.

The 2006–2007 guarantee period for the past year was from Saturday, October 28, 2006, through Friday, October 26, 2007. This year's 2007–2008 guarantee period will begin on Saturday, October 27, 2007, and continue through Friday, October 24, 2008.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

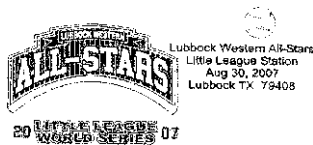

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, and at The Postal Store® Web site at www.usps.com/shop.

Customers may submit #6 or #10 covers constructed of paper rated as "laser safe." The Postal Service™ recommends 80-pound Accent Opaque, acid-free envelopes, 9/16" side seams with no glue on the flap. There is a minimum of 10 covers at 50 cents per postmark required at the time of servicing. You may submit a check, money order, or credit card for payment. Two test envelopes must be included. For covers with graphics or lettering, please note the maximum size of all digital color postmarks is 2" high x 4" long. The Postal Service reserves the

right not to accept hand painted and other cachets that are not compatible with our digital color postmark. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked within 60 days of the first day of issue date.

They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to the following address:

Early Ordering of Snow and Ice Melting Products

In preparation for the winter season, postal sites should review their stock of snow and ice melting products and ensure orders are placed in a timely manner. Our strategic partner and national contract supplier, High Country Chemical Supplies, Inc., has identified three distinct geographic zones across the United States. These zones indicate recommended product lines and related pricing. Please refer to the Material Logistics Bulletin MLB-CO-02-001, http://blue.usps.gov/purchase/_pdf/ops_mlb02-001.pdf, for zones and ordering and product information.

Please place your order through eBuy. eBuy pricing reflects a 5 percent discount for all snow and ice melting products ordered by October 20 as well as additional discounts for larger quantities.

Products should be ordered in accordance with the zone prefix where the receiving office is located. To order products listed under a different zone or to share truckload quantity discounts, please contact Chris Guimarin of High Country at 303-228-1499.
