Franklin and Benny promote children's safety around USPS vehicles

The Postal Service eagle is coming to life in full-action animation to tell young children to be safe and stay away from postal delivery vehicles.

The eagle, Franklin, and his sidekick bird friend, Benny, are featured in a public service announcement being sent to more than 500 television stations nationwide to help prevent potential injuries when children get too close to delivery vehicles.

"Our drivers watch out for children," Employee Resource Management VP Deborah Giannoni-Jackson said. "But we hope this new campaign will raise awareness that children should never approach our vehicles that are making deliveries. This message is especially timely during the summer months when children are more likely to be playing outside."

The 30-second spot features fast-paced humorous action to help children and parents understand how important it is to always "stay away from the truck." It's part of a broader child awareness safety campaign from USPS, the National Association of Letter Carriers and the National Rural Letter Carriers' Association.

The safety campaign targets pre-kindergarten through second-grade kids and also includes a longer animated video and other materials educators can use in schools. Additional information on the school materials will be available in August.

What's up? New overhead scanning system for Express Mail processing

USPS Engineering and the Intelligent Mail-Address Quality Group have joined forces to create an overhead scanning system that improves the efficiency and scanning performance for Express Mail.

New customized scanning system.

The new system lets the Postal Service simultaneously capture special services and mailer-applied linear barcodes and also offers close-to-real-time tracking and visibility for USPS shipping service products.

The new system also improves workflow and provides a hands-free, ergonomic alternative to handheld scanning devices.

In the new system's first test at the Dulles, VA, P&DC, the Express Mail staff reported immediate improvements in speed, efficiency and ergonomics. During a second test, scanners were installed above incoming distribution cases to let Express Mail pieces be scanned as they were cased.

USPS is installing prototypes of the new system in 20 plants, including several international service centers.

A golden seat belt

Deer Park, NY, Letter Carrier Gwendolyn Romero was stopped at a light when a van with failed brakes collided with her postal vehicle. Romero's truck flipped onto its left side and careened into eight other vehicles.

Romero was uninjured from the crash. But she was suspended, strapped to her seat by the seat belt.

Deer Park, NY, Letter Carrier Gwendolyn Romero.

After the accident, Long Island District Safety Manager of Safety Blaise Gemellaro presented Romero with the National Safety Council's Golden Belt Award. "Without her seat belt, the impact alone could have tossed Gwendolyn around inside the vehicle," Gemellaro said. "She could even have been thrown from the truck. But she had her seat belt on, and that kept her from being seriously injured."

Romero agreed. "I'm just happy to be alive," she said.

Greener writing skills

Now more than ever, consumers want companies to demonstrate their environmental awareness. In response, businesses that want to be environmentally responsible are seeking ways to make their marketing communications materials greener.

So who better than USPS to present business and marketing professionals with ideas for direct mail campaigns that are smarter, more effective and designed to reduce their impact on the environment?

USPS has launched a campaign that defines what it means to be environmentally responsible with the mail, creating along the way a new term in the green movement that the Postal Service can call its own — “Environmailist.”

This new campaign includes a print ad and a direct mail-piece containing a Green Mail Kit. Responders will receive our *Environmailism Handbook*, an extensive guide on implementing greener mail practices, and a 100 percent organic cotton Environmailist T-shirt.

And the results so far? Three weeks into the campaign, the Postal Service had received more than 18,000 responses.

The “en-vi-ron-mail-ist” print ad, part of the USPS campaign to encourage environmentally responsible uses of direct mail.

Well-deserved

Cedar Rapids, IA, Postal Inspector Troy Raper was honored in Washington during a busy day that culminated in the presentation of the prestigious 2008 National Missing and Exploited Children’s Award.

James Bentley was arrested in November

From left, Postal Inspector Troy Raper, Cedar Rapids, IA, Police Investigator Charity Hansel and Sen. Charles Grassley (R-IA).

2004 on charges of sexually abusing a 10-year-old girl and her baby sister. While Bentley was in jail awaiting trial, his older brother kidnapped, raped and murdered the 10-year-old girl. Inspector Raper, along with Investigator Charity Hansel of the Cedar Rapids police department, conducted an investigation that led to the sentencing of James Bentley to 100 years in federal prison. The investigation also resulted in the conviction of Bentley’s brother, Roger, who received two consecutive life sentences without parole for his crimes.

The pair was honored at the 13th Annual Congressional Breakfast and Awards Ceremony. Later that day, John Walsh, co-founder of the National Center for Missing and Exploited Children, presented the organization’s award to Raper and Hansel.

The Postal Inspection Service investigates criminals who use the mail to traffic in child pornography. Today, nearly all of the cases investigated by the Postal Inspection Service include the Internet as well as the U.S. Mail.

It matters when you’re not there

In 2006, Milwaukee Operations Support Specialist Adlean Tinsley went to the doctor for an annual checkup. She thought she was healthy, but it turned out she had a potentially fatal illness.

Fortunately, she had saved her sick leave. So worrying about money or paying my bills wasn’t a concern. She received a full paycheck the entire time she was off.

And the entire time Tinsley was off, the mail kept moving as well. Performance records show that USPS is doing a better job of delivering the mail than ever, with all-time highs in service areas like on-time delivery, 2-day service and customer satisfaction.

Working to build on record performance levels is a goal everyone shares. When everyone’s at work, employee morale improves, disruptions are avoided and operating costs are less. That’s why the Postal Service is working hard to reduce unscheduled absences and abuse of the valuable sick leave benefit.

DMM Revision: Express Mail Custom Designed Ineligible for Flat-Rate Prices

Effective July 3, 2008, the Postal Service™ is revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to clarify that flat-rate pricing is not available with Express Mail® Custom Designed agreements. The new Express Mail price structure, effective May 12, 2008, changed from three separate price lists based on the service used to a single zone-based price list regardless of the service used. Express Mail flat-rate pricing was not an available feature with Express Mail Custom Designed agreements prior to the May 12, 2008, price structuring change and will remain unavailable. The new price list did not specifically state that flat-rate prices were unavailable for Custom Designed items. This revision will provide clarity for our Express Mail Custom Designed customers.

DMM Revision: Service Barcode Required for Priority Mail Open and Distribute Container Address Labels

Effective July 1, 2008, we are revising section 705.16.0 of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), to require the use of an electronic Service barcode on all Priority Mail® Open and Distribute container address labels.

The new standard will require mailers to use a concatenated UCC/EAN Code 128 symbology Service barcode with a unique Service Type Code (STC) “55” and the

human-readable text, “USPS SCAN ON ARRIVAL,” above the barcode on each Priority Mail Open and Distribute container address label. For technical barcode requirements, mailers should reference Publication 91, *Confirmation Services Technical Guide*, available on Postal Explorer® at <http://pe.usps.com>.

This unique barcode provides better visibility to our customers and enables us to monitor service performance based on the product.

A-1 Standard Mileage Rates

A-1.1 Mileage Rates

[Revise A-1.1 to read as follows:]

A-1.2 Reimbursement for Postal Service Supervisors

[Revise the text of A-1.2 to read as follows:]

Postal Service supervisors (see 5-5.2.1.2) will be reimbursed at the rate of \$6.00 per day or 58.5 cents per mile, whichever is greater, when a privately owned automobile is used. Do not use the eTravel system when claiming the \$6.00 daily rate, because the excess of the daily rate over the actual mileage is taxable as compensation to the

claimant. You should claim the \$6.00 daily rate by submitting PS Form 1164-A, *Claim for Reimbursement for Postal Supervisors*, to the Scanning and Imaging Center.

Odometer readings are not required on the respective claim forms; the integrity of the claim is the responsibility of the traveler. However, should the approving official have reason to question the claim, the claimant must provide evidence that supports the claim of distance traveled.

Handbook PO-603 Revision: Delivery Point Sequencing Letter Mail Formal Review

Effective June 28, 2008, part 541 of Handbook PO-603, *Rural Carrier Duties and Responsibilities*, is revised to establish standard procedures for conducting formal reviews of delivery point sequencing (DPS) letter mail processing on rural routes. Additionally, part 535 has been revised to update the time allowances provided in Column R, specifically for edit sheets and Computerized Labeling and Address Sequence System (C.L.A.S.S.) label maintenance.

[Revise item r, as follows:]

r. Column R – Other Suitable Allowance

- (1) A reasonable time allowance may be claimed for unusual conditions, or for other services rendered on a daily or weekly basis that are not accounted for under the normal work functions. This does not include time for vehicle breakdowns. Management must authorize items for which time is claimed under this heading. These items must recur daily or weekly. Weekly safety talks must be conducted, and the actual time required (usually 5 minutes per week) recorded in column R.
- (2) The actual time required to place Central Markup System/Computerized Forwarding System (CMU/CFS) mail in the designated location is credited in column R.
- (3) The actual time required for full completion of the additional data required on the edit sheet and maintenance worksheet for C.L.A.S.S. (Computerized Labeling and Address Sequence System) will be recorded in column R. The entries should reflect the average weekly time needed for completion of this additional data. Time spent for

regular completion and submission of the edit sheet is not entered in column R.

- (4) Where no office personnel are on duty when the carrier returns from serving the route on Saturday, the carrier receives actual time allowance only for those duties performed over and above the normal functions of this day and the following work day. (This does not include time spent counting mail or completing count forms.)
- (5) Those carriers who serve a nonpersonnel rural unit receive a minimum allowance of 15 minutes daily for each unit served. Boxes located in these units are not included in the route totals on PS Form 4241. Additional time above 15 minutes claimed for servicing a nonpersonnel unit must be explained in the Comments section.
- (6) Personal time, or time used for purchasing and checking stamp stock, should not be entered. These times are credited when the evaluation is processed at the Information Service Center (ISC).
- (7) No entries are made in this column for those routes using USPS-owned or -leased vehicles. The ISC will automatically credit appropriate time allowances as indicated in 535.23. Time spent waiting for vehicle repair or tow while on the route is not a recurring function, and is not granted.
- (8) All entries in column R require explanation in the Comments section.

Note: No entries are made in this column for those routes with collection compartments, or Parcel Post lockers located in centralized delivery equipment.

54 Compensation Adjustments

541 Requirements

*	*	*	*	*
---	---	---	---	---

541.4 Automation Processed Mail

[Revise 541.4, as follows:]

541.41 Additional Compensation

If a carrier on a route being compensated under DPS letter standards is required to case all or a significant portion (125 pieces or more) of its DPS letter mail, due to machine failure or other problems, additional compensation will be provided in accordance with the following formula:

- The average daily DPS letter volume from the latest mail count or adjusted base following a DPS letter mail formal review (when all DPS mail is received in a

raw, unprocessed state or all DPS mail is improperly processed requiring casing), or

- The actual piece count (when 125 or more pieces require casing) multiplied (x) by 0.0365 minutes per piece equals (=) additional minutes payment.

Additional payment procedures will be the same as outlined in Article 9.2.N of the National Agreement between the USPS-NRLCA.

Note: Carriers should notify their manager immediately when they receive DPS letter mail requiring casing. If a manager is not readily accessible, the carrier should note the number of DPS letter pieces they are required to case and report it to his or her manager at the first opportunity.

541.42 Formal Review of DPS Letter Mail Processing

If a route receiving DPS letter mail experiences an increase or decrease in the quantity of the DPS letter volume in relationship to the total letter volume of the route as compared to the latest mail count (or adjusted base following a DPS letter mail formal review), the assigned carrier may make a written request for, or management may elect to schedule, a formal review of the DPS letter mail processing for the route.

A formal review of the DPS letter mail is initiated by the assigned carrier or management by submission of a DPS Letter Mail Formal Review Request/Notice. The formal review will consist of a twelve (12) day count of all letter mail received on the route and must begin within thirty (30) calendar days of receipt of the formal review request or written notification. No formal reviews will be conducted in the month of December. All formal reviews will be conducted in accordance with appropriate procedures.

If the DPS letter mail formal review indicates a route is experiencing an increase or decrease in the quantity of DPS letter volume in relationship to the total letter volume of the route, which is equivalent to or greater than one (1) hour (60 minutes) in the evaluation of the route's hours,

management will prepare a Form 4003, *Official Rural Route Description*, effecting a base hour change for the time associated with the resulting variance in the percentage of DPS letter volume. The Form 4003 will be processed to be effective on the first day of the pay period in which the DPS Letter Mail Formal Review Request/Notice was received.

When a base hour change is effected based upon the results of a DPS letter mail formal review, the resulting route data will become the adjusted base. All subsequent DPS letter mail formal review data will be compared to this adjusted base until the next rural mail count or base hour change resulting from a DPS letter mail formal review.

541.43 Adjustments

If, for any reason, management takes a route off of the automated letter mail sort scheme, Form 4003, *Official Rural Route Description*, will be prepared to appropriately adjust time allowances and processed to be effective on the first day of the pay period in which the automated processing is discontinued.

[Delete 541.44 and 541.45.]

Publication 189, *Financial Aid Guide*, is a quick reference guide and training tool designed to help employees understand and perform the right steps in completing key financial activities at Post Offices™ and business mail entry units (BMEUs). Following these steps provides effective checks and balances (controls) so that we ensure our transactions are timely, accurate, and authorized. That's not just good business practice — Sarbanes-Oxley (SOX) requires us to be accountable for having effective policies and procedures in place and for following those policies and procedures to ensure accurate financial reporting. The law requires it; our customers deserve it.

The Guide lists the controls, supporting Postal Service™ policy references, and descriptions for 32 of our most important financial activities. Management Instructions

New Finance Management Instruction: Assessing and Collecting Deficiencies in Postage or Fees

Effective June 30, 2008, we have published Management Instruction (MI) DM-140-2008-1, *Assessing and Collecting Deficiencies in Postage or Fees*. This MI updates the policies and procedures for assessing and collecting deficiencies of postage and/or fees.

A shortage or underpayment of postage and/or fees is a revenue deficiency for the U.S. Postal Service® and is generally assessed by the postmaster or manager of a Business Mail Entry Unit (BMEU). Although mailers are responsible for paying the legal price of postage and fees, USPS® employees should work with them to identify underpayment of postage and fees and suggest appropriate methods for quality improvements. This includes assessing and collecting revenue deficiencies as outlined in this new MI.

You can access MI DM-140-2008-1 on the Postal Service™ PolicyNet Web site:

- Go to <http://blue.usps.gov>.
- Under “Essential Links,” in the left-hand column, click *References*.
- Then click *MI*s.

Forms

Revised PS Form 6014, Certification of Move Update Compliance

The Postal Service™ has revised PS Form 6014, *Certification of Move Update Compliance*, to reflect changes to the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) regarding Move Update standards.

This is an optional form that mail owners and mail preparers use when the mail owner has performed his/her own Move Update process, and the mail preparer is acting as mailing agent for the mailer. Beginning November 23, 2008, to meet the Move Update standard, addresses must be processed through an approved Move Update method no more than 95 days prior to the mailing (i.e., a mailing submitted on November 23 must be processed through an approved Move Update method no earlier than August 20). In addition, after November 23, 2008, to qualify for Standard Mail® discounted prices, Standard Mail mailings must meet the Move Update standards.

First-Class Mail® mailers may begin using this form now.

Changes

The changes to PS Form 6014 are as follows:

- Extend Move Update requirements to Standard Mail mailings.
- Include DMM reference for Move Update requirements for Standard Mail items.
- Increase the minimum frequency of Move Update processing from 185 days to 95 days prior to the date of mailing.
- Replace NCOA^{Link™} with NCOA^{Link®} product.
- Add OneCode ACS® and replace Address Change Service (ACS™) with ACS product.
- Highlight approved alternate method availability only to *First-Class Mailers*.

- Revise acknowledgement statement to include Standard Mail items.
- Add document retention period.
- Add requirement that PS Form 6014 be made available to the Postal Service on 24 hours notice.

Purposes

PS Form 6014 serves two purposes:

1. When the mail owner is performing his/her own Move Update processing, this form acknowledges to the mail preparer that the Move Update requirement has been fulfilled.
2. By signing the form, the mail owner acknowledges full responsibility for meeting the Move Update requirements.

The mail preparer retains the signed form for 1 year from the date of signing, and the mail preparer or mail owner will make it available to USPS® on 24-hour notice.

Viewing and Printing the Form Online

To view or print the form from the Postal Service Web site, go to http://www.usps.com/forms/_pdf/ps6014.pdf.

Mail owners and mail preparers are encouraged to download and print the form, as needed.

You can also find a copy of this form on page [12](#).

Stamp Announcement 08-33: The Art of Disney: Imagination

Copyright USPS 2007

On August 7, 2008, at Disneyland Resort, in Anaheim, California, the Postal Service™ will issue 42-cent *The Art of Disney: Imagination* commemorative stamps in four designs. Designed by David Pacheco of Burbank, California, the stamps go on sale nationwide August 7, 2008.

The Art of Disney: Imagination stamps will be available in a pressure-sensitive adhesive (PSA) pane of 20 (Item 571400) and a \$13.95 premium stamped postal card booklet of 20 (Item 896500).

With the help of some of Walt Disney's famous characters, these four stamps illustrate the theme of imagination. U.S. Postal Service® art director Terrence McCaffrey joined with a design team that included artist Peter Emmerich and creative director David Pacheco to create four stamps that feature Mickey Mouse as Steamboat Willie; Princess Aurora and her helpers Flora, Fauna, and Merryweather from *Sleeping Beauty*; Pongo and one of his pups from *101 Dalmatians*; and Mowgli and Baloo from *The Jungle Book*.

This is the fifth stamp pane honoring the art of Disney to be issued by the Postal Service. The first, issued in 2004, was on the theme of Friendship. The second, issued in 2005, focused on Celebrations. The third, issued in 2006 was on Romance and the fourth, issued in 2007, was Magic.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP™ Codes through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday-Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

Stamp Announcement 08-34: Albert Bierstadt

Copyright USPS 2007

On August 14, 2008, in Hartford, Connecticut, the Postal Service™ will issue a 42-cent, *Albert Bierstadt* commemorative stamp in one design in a pressure-sensitive adhesive (PSA) double-sided booklet of 20 (Item 678400). Designed by Derry Noyes of Washington, DC, the stamp goes on sale nationwide August 14, 2008.

For this eighth issuance in the *American Treasures* stamp series, art director Derry Noyes of Washington, DC, used *Valley of the Yosemite*, an 1864 oil-on-paperboard painting by Albert Bierstadt. It belongs to the Museum of Fine Arts, Boston.

Inaugurated in 2001 with the *Amish Quilts* stamp pane, the *American Treasures* series is intended to showcase beautiful works of American fine art and crafts. The 2002, 2003, and 2004 issuances featured artwork by John James Audubon, Mary Cassatt, and Martin Johnson Heade, respectively. The theme returned to textiles with the issuance of the *New Mexico Rio Grande Blankets* stamp booklet in 2005 and the *Quilts of Gee's Bend* booklet in 2006. The 2007 issuance featured a leaded Favri-le-glass window designed by Louis Comfort Tiffany.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® Web site at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
