#### Now is the winter of our Business Connect success

"The Four Seasons of Success" is the Business Connect contest that can earn qualified participants great prizes throughout the year. The contest coincides with our fiscal year quarters, and winners are selected at the end of each quarter.

Each season will focus on communicating different products and services. Quarter 2, for the winter of Fiscal Year 2008, runs from Jan. 1 to March 31. The focus will be on using USPS.com as a resource to make five Business Connect activities. Participants will demonstrate the convenience of doing business with us at <a href="https://www.usps.com/business">www.usps.com/business</a> and make customers aware of how simple shipping can be with our flat-rate envelopes and flat-rate boxes — which can be used to promote domestic and international packages.

Go to page 52 for more information on the contest.

#### Breast cancer stamp law extended

The president has signed into law legislation extending the sale of the *Breast Cancer Research* semipostal stamps through 2011. The four-year extension, which Congress approved unanimously earlier this month, means funding from the sale of the stamps will be available for breast cancer research and treatment programs for another four years. Since 1998, the sale of more than 802 million stamps has generated \$59.5 million in financial assistance to find a cure for the disease.

#### Winter haven

The USPS National Center for Employee Development (NCED) in Norman, OK, opened its doors to help local families who needed a warm place to stay.

An ice storm swept across Oklahoma in

mid-December, blacking out a half million homes and businesses in the biggest power outage in the state's history. An estimated 30,000 Oklahomans remained without power as of last weekend.

NCED, a conference and housing campus, books an average of 900 rooms for postal employees and visitors weekly. Training is down during the holidays, so many of the facility's rooms were available. During NCED's peak phase of housing families or emergency crews in need of shelter, hundreds of its rooms were used. Some families are still there.

#### **Energy news**

With more than 34,000 facilities, each with its own energy requirements, the Postal Service has an excellent opportunity to make a difference in energy consumption. The Postal Service's goal is to reduce energy consumption in facilities by 20 percent during the next five years. The new Utility Management System will help.

The Utility Management System monitors energy use and costs, processes bill payments, provides detailed cost and consumption profiles and performs rate optimization and auditing. By making utility use more visible, the program will help the Postal Service target conservation efforts, prioritize investment in facility infrastructure and obtain more favorable utility pricing.

The Postal Service began evaluating the new management system recently at 500 large and 100 small facilities. North Carolina-based Energy United Services and the North Dakota-based National Information Solutions Cooperative are in charge of the program for the Postal Service. If it's successful in reducing energy consumption, USPS will extend it to all postal facilities.

#### Advantage — P.O. box!

Postmasters and station managers using Business Connect opportunities to talk to customers know the advantages of having a Post Office box. Postmasters meeting with small businesses owners who operate from home — or even an office space that doesn't have people there all the time — should tell them to consider renting a P.O. box. It provides speed, privacy, security, convenience and mobility. P.O. box mail is often delivered earlier in the day than mail at a home or business and lets customers keep their home addresses unpublished. Packages are kept safe and secure until they are picked up. Customers can choose a location close to work or home, and if they move within the same part of town, their addresses can stay the same on all of their printed materials. Game, set — great customer match!

#### Maryland to Mosul in five days

It took just five days for USPS and the Military Postal Service (MPS) to ship 5,000 donated Christmas trees from Maryland to Camp Mosul, Iraq.

The trees were then delivered by MPS in Iraq, in less than a week in most cases.

The shipment — enough to fill 61 pallets in two 53-foot semitrailers — was for the nonprofit organization Operation Christmas Tree.

U.S. Army postal personnel at Camp Mosul loaded Christmas trees in a sea-land container for delivery to other bases in Iraq. Photo courtesy of Kalitta Air.

The journey began in Westminster, MD, as 350 Operation Christmas Tree volunteers prepared and addressed the packages to individual service members. USPS picked them up Dec. 3 and trucked them to Newark, NJ, where they were prepared and loaded on a Boeing 747.

The trees arrived in Bahrain on Dec. 5 and were sorted for Iraq, Afghanistan or Kuwait. Deliveries were reported Dec. 7 in Balad, Iraq, and Dec. 8 in Camp Mosul.

#### DMM Revision: Plastic Film Packaging for Parcels Prepared on 5-Digit Pallets

Effective January 3, 2008, the Postal Service<sup>™</sup> is revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to expand the use of shrinkwrap as an optional packaging method. Current standards in DMM 601.3.6 allow heat-shrinkable plastic film as a packaging method for easy or average loads weighing up to 5 pounds. This revision provides examples of acceptable heat-shrinkable plastic film and increases the average load parcel weight up to 10 pounds when the parcels are prepared on 5-digit, 5-digit scheme, merged 5-digit, merged 5-digit scheme, or finer level pallets. We consider parcels containing soft cover books or Bound Printed Matter items to be average loads when they are prepared on 5-digit pallets, due to the reduced processing and handling required.

We will include these changes in the January 2008 revision of the DMM.

#### 3.6 Plastic Film

[Revise the text of 3.6 to provide examples of plastic film and to set a new 10-pound limit for certain parcels, as follows:]

Heat-shrinkable plastic film—either irradiated polyethylene, linear low-density polyolefin, or copolymer—may be used as packaging for mailpieces under the following conditions only:

- a. Film must be at least 3/4 (0.75) mil thick for an easy load up to 5 pounds.
- b. Film must be at least 1-1/4 (1.25) mil thick for an average load up to 5 pounds.
- c. Film must be at least 1-1/2 (1.5) mil thick for an average load parcel up to 10 pounds, only when mailers prepare the parcels on 5-digit/scheme, merged 5-digit/scheme, or finer level pallets.
- d. When requested, mailers must provide written certification that these types of film are being used.

#### **DMM Revision: First-Class Mail Letters: Facing Mechanisms**

The Postal Service™ is revising the Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®) 604.4.3.3 to clarify the need for a mechanism to face a single-piece First-Class Mail® letter-size envelope bearing postage produced by a postage evidencing system.

In order to process single-piece First-Class Mail letters, the mailpiece must have certain machine-readable characteristics to identify the front of the piece. Authorized methods include: printing postage meter indicia with fluorescent ink; printing a postage meter or PC Postage<sup>®</sup> indicia directly on a label containing fluorescence; printing a facing identification mark (FIM) with the indicia; or applying the indicia to an envelope containing a preprinted FIM. When

customers use fluorescent ink or labels, the ink or labels must contain fluorescence that has been approved by the Postal Service.

#### 4.3.3 Placement of Postage

[Revise introductory text of 4.3.3 as follows:]

Mailers must print or apply indicia in the upper-right corner of the envelope or, if postage is printed on an address label, the upper-right corner of that label. Mailers must meet the following additional standards when placing indicia on mailpieces.

\* \* \* \* \* \*

[Revise item h of 4.3.3, by adding introductory text and two options to the current FIM use, to read as follows:]

- h. Single-piece, First-Class Mail letters must contain a mechanism so that the Postal Service can face the mailpiece during automated processing. Acceptable methods for a mailpiece produced by a postage meter or PC Postage system include the following:
  - 1. Printing postage meter indicia with fluorescent ink approved by the Postal Service. To determine if

- an ink has been approved by the Postal Service, send written requests to the Manager, Postage Technology Management (see 608.8.1 for address).
- Printing a postage meter or PC Postage indicia directly on a label containing fluorescence that has been approved by the Postal Service. To determine if a label has been approved by the Postal Service, send written requests to the Manager, Postage Technology Management.
- Printing a FIM D with the indicia or applying the indicia to an envelope containing a preprinted FIM. Position the FIM according to standards in 708.9.0.

We are revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM<sup>®</sup>). Postal Service<sup>™</sup> customers may now purchase money orders in amounts up to \$1,000 each with no daily maximum. Point-of-service (POS) equipment has been reprogrammed to remove the restriction on the sale of money orders totaling more than \$10,000. In addition, we are restating redemption requirements imposed upon us by law.

#### **DMM Correction: Labeling List Changes**

This article corrects the labeling list revision to the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM<sup>®</sup>) published in *Postal Bulletin* 22221 (12-6-07, pages 6–8). The online version of the DMM has been updated with the correct information.

Please make the following corrections as soon as is possible, but no later than April 27, 2008.

#### L001

Disregard the Worthington OH 43085 scheme containing 43085 and 43240 that appeared in the L001 "add" section. The article also failed to delete the Ocala FL 34471 scheme consisting of 34471, 72, 80 and 83. L001 should not contain either the Worthington OH 43085 or the Ocala FL 34471 scheme.

#### L007

The Memphis TN 38118 scheme consisting of 38118 and 38130 should have been listed in the "Change To" section and not in the "Change From" section.

#### L801

Some of the AADC Oakland and AADC Honolulu HI 967 entries necessary to remove Periodicals and Standard Mail destinating at 969 (Guam) from AADC Oakland CA 945 and place it with AADC Honolulu HI 967 were omitted. The omitted entries are as follows:

#### IMM Revision: Changes in Options for Mailable Dangerous Goods

Effective January 5, 2008, the Postal Service<sup>™</sup> is revising *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM<sup>®</sup>) 135 to specify how mailers may send certain mailable dangerous goods in international mail, as noted below:

- Mailers must send Category B infectious substances only by First-Class Mail International<sup>®</sup> service using registered mail service.

These revisions replace those announced in the article titled "IMM Revision: Mailable Dangerous Goods" in *Postal Bulletin* 22217 (10-11-07, page 17).

We encourage mailers to make the related changes to their mailings as soon as possible.

#### **Management Instructions**

# New Management Instruction: Transferring Accountability at a Post Office, Station, or Branch

We have published Management Instruction (MI) FM-310-2007-1, *Transfer of Accountability for Post Offices, Stations, and Branches.* This MI establishes the policy and procedures for transferring the financial accountability of a Post Office™, station, or branch whenever a change of management occurs. See Exhibit 1 on page 9 for a sample of the Transfer of Office letter.

A transfer of financial accountability must be performed whenever a change of management occurs at a Post Office, station, or branch. Assignments of postmaster, officer-in-charge, station manager, or acting station manager require the financial accountability transfer of an

office. The MI provides detailed procedures before, during, and after an office transfer. The MI also explains how to use the Transfer of Accountability Forms, which are available online on the Postal Service™ Intranet:

- Go to http://blue.usps.gov.
- Click on the My Work tab.
- Under "General Tools," click on Transfer of Accountability Forms.

#### **Forms**

#### Revised PS Forms 8105-A and 8105-B

We have revised PS Form 8105-A, Funds Transaction Report, and PS Form 8105-B, Suspicious Transaction Report. This article explains the changes, tells you how to order the new forms, and describes how to submit completed forms.

#### PS Form 8105-A, Funds Transaction Report

We made the following changes to PS Form 8105-A:

- In the Social Security Number field, added EIN (Employer Identification Number) and TIN (Tax Identification Number).
- Renamed the Alien Registration Number field to Resident Alien/Permanent Resident ID Number.
- In the Occupation field, added the notation "Required if Purchase or Redemption is over \$10.000."
- In the Type of Other ID field, added "US Government-Issued IDs and Mexican Matricula Consular."
- In the Type of Transaction field, replaced the word "Cashed" with the word "Redeemed."
- Increased the number of boxes for the money order serial numbers to eleven (11).
- Added the following sections:

- Number of money orders sold during the transaction.
- Number of money orders redeemed during the transaction.
- Post Office ZIP Code<sup>TM</sup> where the transaction occurred.

#### Discussion of Changes

The EIN and TIN are business equivalents of a Social Security number and may be used if the purchase or redemption of a money order is on behalf of a business.

We replaced "Alien Registration" with "Resident Alien/ Permanent Resident Identification." However, Alien Registration is still a valid identification and may be accepted as a substitute for the Social Security number.

If a customer purchases or redeems money orders during the same day and the amount exceeds \$10,000, the retail associate must enter the customer's occupation on PS Form 8105-A.

"Other" type of identification must be a **U.S.** government-issued photo identification card, which includes federal, state, and local/municipal government IDs. The only exception is that the Mexican Matricula

Consular photo identification is acceptable as "Other" identification.

We replaced the word "Redeemed" with the word "Cashed" because some employees were incorrectly interpreting "cashed" to indicate that the customer used cash to purchase the money orders.

We provided eleven boxes for money order serial numbers to accommodate inclusion of the check digit.

We added the new sections (i.e., number sold and redeemed, and ZIP Code of office) for quality control purposes.

#### Completing PS Form 8105-A

When completing PS Form 8105-A, please remember the following:

- There is no longer a limit on the dollar amount of money orders a customer may purchase during the same day.
- Military ID is no longer an acceptable substitute for a Social Security number. Resident Alien/ Permanent Resident Identification/Alien Registration, passport, TIN, and EIN are the only acceptable substitutes for a Social Security number.
- Federal law enforcement agents (e.g., Internal Revenue Service, Drug Enforcement Administration, and Inspection Service) are permitted to use their agency tax identification number (TIN), their government photo identification, and the date of their birth (in MM-DD-YYYY format) on PS Form 8105-A in lieu of their personal identifying information.
- When two or more people are working together to purchase money orders and each person purchases less than \$3,000, no PS Form 8105-A is required. However, PS Form 8105-B should be completed.

#### Form 8105-B, Suspicious Transaction Report

We made the following changes to PS Form 8105-B:

- In the Activity Type section, replaced the word "Cashed" with the word "Redeemed."
- In the Description of Customer section, provided 'gender and age' boxes to accommodate up to four (4) customers.
- Increased the number of boxes for the money order serial numbers to eleven (11).
- Added a new section for the Post Office ZIP Code where the transaction occurred.

It is a violation of federal law to alert or inform the customer that you are completing a PS Form 8105-B. Under no circumstances may you warn the customer or indicate in any way that you intend to complete a PS Form 8105-B to report the customer's activity.

Each PS Form 8105-B **must indicate a reason** for believing the transaction is suspicious. This can be accomplished by checking at least one or any combination of boxes 1, 2, and 3 in the Comments section. If boxes 1, 2, and 3 do not apply, you must check box 4 and provide sufficient comments to clearly indicate why the transaction is suspicious.

#### **Material Recycling and Disposal**

All Postal Service™ facilities and departments are reminded that it is important to conduct semiannual reviews of capital property per Handbook AS-701, *Material Management*, section 541.28. Reminders to perform the semiannual reviews are published twice a year in the *Postal Bulletin*. Additionally, it is important that the material accountability officers (MAOs) perform their other capital property responsibilities in a timely manner.

MAOs play a key role in the tracking, documentation, and control of capital property. MAO responsibilities include, but are not limited to, the following:

- Maintaining records documenting the addition, transfer, and disposal of all capital property under their authority.
- Ensuring that all capital property verification, physical inventory, and reconciliation procedures are followed.
- Ensuring that discrepancies in change listings to their capital inventories are reported to the accounting service center in a timely manner.
- Ensuring that the prompt and proper disposal of all material declared obsolete, surplus, or nonrepairable has been authorized.
- Participating as a member of the destruction committee.
- Providing training for all individuals that maintain subcustody of capital property (e.g., functional managers and material accountability assistants).

For a detailed listing and description of the duties and responsibilities of the MAO, see Handbook AS-701, chapter 5:

The district material management specialists and material service centers are available for technical guidance and support on these issues.

#### General Information

Imputed Income Life Insurance

The imputed income life insurance amount shown in Box 35 of the 2007 Form W-2 is the net result of the IRS

computation for taxable insurance benefits less the amount an employee pays for optional insurance in the calendar year.

The IRS requires that the Postal Service report as income the cost of Group Term Life Insurance in excess of \$50,000, which is paid by the employer. The formula is based on an employee's age, salary, and life insurance coverage.

#### Thrift Savings Plan

The following facts will clarify some of the common tax questions regarding the Thrift Savings Plan (TSP):

- Box 12a or 12b, See instructions for box 12, may contain employee TSP contributions including TSP catch up.
- TSP contributions are reported in Box 12a or 12b with a code "D". Letter code "D" is explained on the reverse side of Form W-2 under "Notice to Employee."
- Box 1, Wages, tips, other compensation, has been reduced by the amount of the employee's TSP contributions shown in Box 12a or 12b.
- Box 16, State wages, tips, etc., has been reduced by the amount of employee TSP contributions in Box 12a or 12b for all states, except New Jersey, Pennsylvania, and Puerto Rico.
- 5. New York City, NY; Kansas City, MO; Detroit, MI; St. Louis, MO; and Madison County, KY, are the only localities that allow income deferral for TSP. Box 18, Local wages, tips, etc., will be reduced by the amount of employee TSP contributions only if New York City, NY; Kansas City, MO; Detroit, MI; St. Louis, MO; or Madison County, KY, is indicated in Box 20, Locality name.

#### Employee Business Expense

Equipment maintenance allowance (EMA), carrier driveout, vehicle hire, supervisor vehicle usage, and special delivery are all considered employee expenses. Box 32, Employee business expense (EBE), will contain the nontaxable (not the total) EBE amount, while Box 33, Taxable employee business expense, will contain the taxable EBE amount. The taxable amount shown in Box 33 will also be included in Box 1, Wages, tips, other compensation.

#### Flexible Spending Account

The amount contributed to an employee's flexible spending account (FSA) for health care is included in Box 40, FSA health care, and the amount contributed to dependent care will be included in Box 10, FSA dependent care benefits. Both amounts have been deducted from Box 1.

#### Health Benefit Pre-Tax

The amount that an employee contributed for health benefit premiums is considered pre-tax unless the employee declined the pre-tax benefit. The health benefit pre-tax amount is shown in Box 37, Pre-tax health benefits, and has been deducted from Box 1.

#### Commuter Program

The amount contributed for the commuter program (Box 41) is considered pre-tax for 2007 up to the IRS \$110 monthly limit for public transportation or the IRS \$220 monthly limit for parking and has been deducted from Box 1.

Effective January 1, 2008, the parking pre-tax spending limit will increase from \$215 to \$220, and the public transportation limit will increase from \$110 to \$115. This increase can affect the deductions for November 2007, which are for the January 2008 benefit month. Any commuting expenses that are elected above the IRS limits will be considered post-tax.

#### State/Terr. Gross Wages

The amount in Box 16, State wages, tips, etc., will equal Box 1 with the following exceptions:

- Mississippi does not allow income deferral for pretax commuter program public transportation and parking.
- New Jersey and Puerto Rico do not allow income deferral. Therefore, the employee TSP, FSA, and health benefits pre-tax contributions are not deducted from their state gross.
- Pennsylvania is the only state that does not require the imputed income life insurance to be added into the state gross. Also, Pennsylvania does not allow income deferral for TSP, FSA dependent care, and commuter program pre-tax contributions.

#### Annuity Protection Program

Form W-2s are issued to former employees who receive payments from the Postal Service under the Annuity Protection Program (APP). Any questions regarding these Form W-2s should be directed to:

PAYROLL BENEFITS BRANCH EAGAN ACCOUNTING SERVICE CENTER 2825 LONE OAK PKWY EAGAN MN 55121-9621

#### Relocation Payments

Relocation wages are reported in Box 39, Relocation gross, on the Form W-2.

Relocation gross is reduced by the excludable reportable amount reported in Box 12a or 12b before it is added to Box 1.

Excludable reportable wages are reported in Box 12a or 12b with a code "P". Letter code "P" is explained on the reverse side of Form W-2.

# Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service  ${}^{\text{TM}}$  money order:

- Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
- 2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <a href="http://www.usps.com/missingmoneyorders/security.htm">http://www.usps.com/missingmoneyorders/security.htm</a>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## **Other Information**

## **Overseas Military Mail**

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to deter-

mine which APO/FPO ZIP Codes are active and which conditions of mailing apply. Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday-Friday, 0730-1600 ET.

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

We have eliminated "Not Active" entries from the table below to save space and paper.

## Fiscal Year 2008 Anti-Money Laundering/Anti-Terrorist Compliance Training Course Number 18201-30

To combat money laundering in the United States, Congress has enacted a series of laws collectively known as the Bank Secrecy Act (BSA). The Postal Service™, as a seller of money orders, is specifically named in the act and must comply with all of the requirements of the law. Under the act, the Postal Service is required to do the following:

- Deter money laundering.
- Detect potential money laundering activities.
- Report these activities to the Department of the Treasury's Financial Crimes Enforcement Network.
- Monitor our compliance with these statutes.
- Perform independent audits of our internal compliance.
- Provide ongoing training to our employees because a comprehensive compliance effort begins at our

To meet the compliance mandate of the Bank Secrecy Act and the USA PATRIOT Act, the Postal Service must provide ongoing training to those employees who sell postal financial instruments. If found to be in noncompliance with the law, the Postal Service could face civil penalties of \$25,000 per occurrence for each unreported transaction and also \$25,000 for each day and for each office that is not in compliance. In addition, criminal penalties can be imposed against the Postal Service or any of its employees in an amount up to \$250,000 and a prison sentence of up to 5 years.

The purpose of this training is to provide retail associates, managers of postal operations, postmasters, relief postmasters, officers-in-charge, station managers, and supervisors with an understanding of the anti-money laundering (AML) policies and procedures including the BSA, the USA PATRIOT Act, and policies and procedures required under current legislation. This training will include updates on the AML program as well as Postal Service AML system and procedure changes.

Following is the stand-up talk for the fiscal year (FY) 2008 BSA/AML training, which is included in the FY 2008 Strategic Training Initiative list of legally required training. The target audience for this training is all retail associates and those managers of postal operations, postmasters, station managers, branch managers, and supervisors who sell financial instruments or manage employees who sell these instruments. The FY 2008 training, comprised of a DVD and stand-up talk, is designed to be given by a postmaster or postal supervisor. The scripted stand-up talk should be given prior to showing the DVD.

The training packets are being sent directly to all Post Offices<sup>TM</sup>, stations, and branches in mid-January. If you do not receive a copy of the training packet by February 15, or if you have questions, please send an e-mail to BSA@usps.gov.

Workhours for this training are being rolled out to the area and district offices in January.

## Stand-up Talk

#### Overview

It is extremely important that the Postal Service stay in compliance with federal anti-money laundering laws, commonly referred to as the Bank Secrecy Act. Customers must complete a PS Form 8105-A, *Funds Transaction Report*, when they purchase \$3,000 or more in money orders during the same day. Retail associates must complete a PS Form 8105-B, *Suspicious Transaction Report*, when they suspect a customer might be using money orders to launder proceeds from illegal activities.

Thanks to your tremendous efforts, the Postal Service has made phenomenal strides in complying with the laws. We have gained the respect of our regulators and law enforcement agencies alike. However, we need to fine-tune some of the procedures to make us even better.

Today I want to reinforce some points made in the current training video and touch on a few points that the video doesn't cover.

#### PS Form 8105-A

Let's start with PS Form 8105-A. It is very important that the forms are complete and accurate in order for the Postal Service to stay in compliance with federal laws.

| Social Security Number                         | We realize that customers may be hesitant to provide their Social Security numbers. But the law is very clear that if customers refuse to provide their Social Security numbers when required, or to provide an acceptable substitute, associates simply may not conduct the transaction. Remember that the only acceptable substitutions for the Social Security number are: a tax identification number (TIN); an employer identification number (EIN), a passport, and an alien registration number. |

| Military IDs                                   | Military IDs are no longer acceptable replacements for Social Security numbers. However, military IDs are acceptable photo identifications.   |
| Other IDs                                      | Only US government-issued IDs are acceptable as "Other IDs." Acceptable government IDs include local, state, and federal-issued photo identification if they contain a unique number. Examples include local, state, and federal law enforcement IDs, and Indian tribal IDs. | Two or More People Working Together | If two or more people are working together to purchase money orders and EACH person purchases less than \$3,000, none of the customers need to complete PS Form 8105-A, even if the total purchase for all customers is \$3,000 or greater. #### **PS Form 8105-B**

Let's review a few key points about PS Form 8105-B, Suspicious Transaction Report.

| ,  |  |
|--|--|
| Round Date Stamp                           | A legible round date stamp must be applied to each form submitted.   |
| Reasons for Suspiciousness                 | The reason for suspiciousness MUST be indicated — Box 1, 2, and/or 3 must be checked. If none of those boxes apply, the comments must contain sufficient detail to indicate why the transaction is suspicious.   |
| Full Description of<br>Suspicious Activity | Simply checking Box 4, "Other", is not sufficient, even if a detailed description of the individual(s) is provided.  |
| Minimum PS Form 8105-B<br>Information      | Each form should, at a minimum, have the age and gender of the customer(s) and the time of the transaction   |
| Notifying Customers                        | Under no circumstances should you alert the customer to the fact that a PS Form 8105-B will be submitted. You are reporting a suspicious activity, and you must not let the customer know that you are filling out a PS Form 8105-B.   |
| Use of PS Form 8105-B                      | PS Form 8105-B is helpful to criminal investigators like the postal inspectors and other law enforcement agents. The form helps identify potential money laundering activities and is often very important in building a criminal case. Although filling out a form does not guarantee that an investigation will always be launched or that a prosecution or conviction of any individual customer will happen, it is a very useful tool for law enforcement and has been instrumental in identifying criminal activity. Your help in filling out these forms completely and accurately every time you recognize a suspicious transaction might be the start of putting some heavyduty criminals behind bars. |

## Wrap-up

There's a good chance you will remember many of the scenes in this year's training video because it is a comprehensive review of the key points made in training materials over the past few years. We picked the best examples of how we postal employees can stay alert to money laundering activities and keep the Postal Service in compliance with federal laws. This is a top ten list that is worth remembering.

Your work in this area is making a difference and is very important. Thank you for your efforts and let's continue to keep a sharp eye out for potential money launderers.

## "The 4 Seasons of Success" Business Connect Contest - Quarter 2

"The 4 Seasons of Success" is the Business Connect™ contest that can earn qualified participants great prizes throughout the year.

"The 4 Seasons of Success" Business Connect contest coincides with our fiscal year quarters, and winners are selected at the end of each quarter.

Each quarterly season will focus on communicating different products and services. Quarter 2, for Winter FY 2008, runs from January 1, 2008, to March 31, 2008. It is focused on using USPS.com<sup>®</sup> as a resource to help contestants make five Business Connect activities to demonstrate the convenience of doing business with us at <a href="https://www.usps.com/business">www.usps.com/business</a>. It also makes customers aware of how simple shipping can be with our flat-rate envelopes and flat-rate boxes, which can be used to promote both domestic and international packages.

#### **Competition Rules**

 Qualified participants include postmasters, station managers, branch managers, supervisors, and managers of customer service. Customer relations coordinators, small business specialists, and business development team members are not eligible to enter,

- but they will be critical in the support and success of participants.
- Activities throughout the competition will automatically count towards monthly program targets, but to qualify for the contest, activities listed as requirements for that quarterly season must be completed and documented in the Business Connect Data Center. (An activity can be an individual meeting, group presentation, or lobby event.)
- 3. After each quarterly season (i.e., after December 31, 2007, and March 31, June 30, and September 30, 2008), the names of all qualified participants (i.e., those who have met the minimum activity requirements) will be entered into a prize drawing for one Grand Prize winner and 50 runner-up winners.
- 4. Bonus Points: For every sale for at least \$10,000 in estimated annualized revenue, the qualified participant will have his/her name entered an additional time into the drawing. For example, a qualified participant who doesn't make a sale for \$10,000 will have his/her name entered once in the drawing (for having completed the requirements); a qualified participant who makes one sale for \$10,000 will have his/her name entered twice (once for having completed the

requirements, and once for the \$10,000 sale); and a qualified participant who makes one sale for \$10,000 and one sale for \$20,000 will have his/her name entered three times (once for having completed the requirements, once for the \$10,000 sale, and once for the \$20,000 sale). After each quarterly season, all successful candidates who complete the criteria regardless if selected as a Grand Prize winner or a runner-up winner will earn 20 bonus points towards the Chief Marketing Officer's Growth Award.

- 5. Additional seasonal rules:
  - a. Participants must complete five Business Connect activities to demonstrate the convenience of doing business with us at www.usps.com/business. This also makes customers aware of how simple shipping can be with our flat-rate envelopes and flat-rate boxes, which can be used to promote both domestic and international packages. Participants can use the Business Connect kit and highlight the value of using USPS.com to assist customers when sending packages.
  - b. To be credited, participants must document their activities in the Business Connect Data Center by 11:59 P.M. Central Time on March 31, 2008.
  - c. To qualify, participants must document at least five business connect activities by selecting any of the following dropdown options:
    - 1. Domestic Express Mail (BC Contest).
    - 2. Domestic Priority Mail (BC Contest).
    - 3. Domestic Parcel Post (BC Contest).
    - 4. International (BC Contest).
    - 5. USPS.com (BC Contest).

- 6. District recognition: At the end of the fourth quarterly season, each of the top three districts with the highest percentage-to-activity target attainment and each of the top three districts with the highest percentage-to-revenue target attainment (based on the Business Connect Activity/Revenue Ranking Report) will receive \$1,000 towards a district celebration.
- 7. Prizes: A drawing will be conducted after each quarterly contest period to award one Grand Prize winner and 50 runner-up winners.

After Quarter 2, a qualified participant will have his/her name entered into a drawing for the Grand Prize — a trip for two to Anaheim, California, for the National Postal Forum to be held May 18–21, 2008. This Grand Prize will include airfare and hotel accommodations for four nights, as well as two passes to Disneyland in Anaheim, California. Also, 50 runner-up winners will be selected to receive a gift certificate for a prize selection of their choice (\$50 value).

For questions about "The 4 Seasons of Success" Business Connect contest, send an e-mail to BusinessConnect@usps.gov. In the subject line, please include the word "Contest" and your district name (for example: "Contest — Houston District"). Manual offices that don't have computers should contact their local district marketing manager for manual activity forms. To qualify for the contest, you must complete manual forms and submit them to district offices for input into the Business Connect Data Center to meet the above contest deadlines.

Winter 2008

TO: POSTMASTERS AND STATION AND BRANCH MANAGERS
SMALL BUSINESS SPECIALISTS AND BUSINESS DEVELOPMENT TEAMS

SUBJECT: Seasons of Success Winter Contest—
Win a trip for two to the National Postal Forum and Disneyland® in Anaheim, CA

Many of your small business customers are already taking advantage of the many convenient ways they can do business with us. But there are still plenty who haven't gotten the word yet. From January through March, your Business Connect™ activity should center on two opportunities: (1) demonstrate the convenience of doing business with us at usps.com/business, and (2) make customers aware of how simple shipping can be with our Flat Rate Envelopes and Flat Rate Boxes. For your effort, you will be entered in the second phase of the Seasons of Success Winter contest.

Please review the enclosed Business Connect Contest Guide for a complete explanation of what you are being asked to accomplish this quarter as well as tips that will help you prepare an effective presentation of usps.com/business and flat rate packaging. In addition, you will find five copies of the "Shipping and Mailing Guide," designed specifically for the small business prospect, and five flat rate packaging inserts. After each customer sales call, leave a copy of the guide and insert along with a few samples of our packaging. Most important, don't forget to ask the customer to give our services a try. While it may seem obvious, you would be surprised at how many of us make a great sales presentation, but then forget to ask for the sale.

This winter portion of the yearlong Seasons of Success Business Connect contest rewards you for your selling efforts with an opportunity to win a 4-day trip for 2 to the National Postal Forum, including tickets to Disneyland in Anaheim, California, or one of fifty \$50 gift certificates. All you have to do is execute the Business Connect activities outlined in the guide and record your actions with timely, accurate reporting in Business Connect.

Thank you again for your hard work. Customers are showing their appreciation by giving us business that they used to give to our competitors – which is the greatest compliment we could ever receive.

Sincerely,

Anita Bizzotto Chief Marketing Officer and Executive Vice President

A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POST-MARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. ## How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office<sup>™</sup>, by telephone at 800-STAMP-24, or at The Postal Store<sup>®</sup> Web site at <a href="https://www.usps.com/shop.">www.usps.com/shop.</a>

#### **Traditional Postmarks**

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5 cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city.

The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

#### **Digital Color Postmarks**

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark and do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to: Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

# A Good Friend Gets a New Name: RedPlum Replaces ShopWise, Missing Children Program to Continue and Expand

Last March, marketing services company Valassis acquired longtime Postal Service™ customer ADVO, distributor of the popular ShopWise mailer. On January 1, 2008, Valassis retired the ADVO name and re-branded ShopWise as RedPlum.

The in-home date for the first RedPlum mailers is January 3, 2008.

RedPlum will continue to feature the familiar "Have You Seen Me?" photos of missing children on its back cover. Valassis also has announced plans to expand the "America's Looking for Its Missing Children" program to reach millions more homes across the country in the coming year. To date, the program is responsible for the safe recovery of 147 missing children.

## **Interest Rate on Contract Claims**

The Postal Service<sup>™</sup> periodically publishes in the *Postal Bulletin* the interest rate payable on a claim decided in a supplier's favor, under the Contract Disputes Act of 1978. This rate also applies for late payments to suppliers under the Prompt Payment Act, as amended.

The interest rate effective for the 6-month period beginning January 1, 2008, and ending June 30, 2008, is 4.75 percent.

## Custodial Rental Items — Floor Mats

As weather conditions worsen, the demand for floor mats increases in specific geographical areas. Therefore, it is imperative that Postal Service™ facilities inform suppliers in advance of any increased floor mat quantities needed. This allows our national contract suppliers, UniFirst and Cintas, to manage their inventories more efficiently and fill our orders faster.

**Reminder:** According to Material Logistics Bulletin-CO-03-002, "Facilities will be invoiced for anti-fatigue and scraper mats according to their delivery frequency whether

these mats are changed or not." UniFirst charges for the number of mats indicated in your requisition, and this is the amount your facility will be charged for them. Go to <a href="http://blue.usps.gov/purchase/\_pdf/ops\_mlb03-002.pdf">http://blue.usps.gov/purchase/\_pdf/ops\_mlb03-002.pdf</a> for more details.

## **Business Card Ordering Process Made Easier**

The Office Products and Equipment Category Management Team has improved the ordering process for business cards and stamps (pre-inked, self-inking, and rubber). The approver's e-mail address box has been deleted from the online ordering form at <a href="https://www.stamptheworld.com.">www.stamptheworld.com.</a><sup>1</sup> This change will shorten processing time and eliminate delays.

**Note:** All purchases still require an approved and funded eBuy off-catalog requisition.

### Do you have pending business card or stamp orders?

Normal delivery time of business cards is 10 days after order placement. If it's been more that 10 days since you placed your order, please log into the Web site and, on the left side of the screen, click on *Review order history*. Look for your order under "Pending approval."

If you find it and it's less than 30 days old, call U.S. Stamp and Sign Customer Service at 800-888-0442 and they will process your order immediately. 1Note applicable to OIG. If your order is more than 30 days old, click on Reorder and re-enter your credit card information before submitting your order. (This process is required due to security regulations.)

### Are you using your correct postal e-mail address?

Verify that you are using your correct postal e-mail address when ordering. If your e-mail is incorrect, you won't receive the account activation e-mail and won't be able to access www.stamptheworld.com.

If you have any questions, contact U.S. Stamp and Sign Customer Service at **800-888-0442** for assistance.

## Ordering Custodial Products in Small Quantities

Are you buying off-catalog custodial products on eBuy because of a small office and limited storage space? Here's a solution for you. Cleanwise and W.W. Grainger, our national contract suppliers, are now accepting orders for small quantities for a wide variety of custodial items. Please place your on-catalog orders through eBuy.

If your office does not have access to eBuy, you may place orders by calling the suppliers directly. Call Cleanwise at 877-778-8067 and ask about their POOM (Post Office Operations Manager) offerings for small offices, and Grainger at 800-468-8326 and ask about their offerings for small offices.

Many custodial products listed in the eBuy catalogs of Cleanwise and Grainger are provided through the AbilityOne program (formerly JWOD). This program provides employment opportunities for the blind and severely handicapped.

If you have any questions about the Cleanwise and Grainger custodial products contracts, e-mail or call Mary Ballard, contracting officer, at *mary.j.ballard@usps.gov* or 214-819-7110.

## eBuy Suppliers Offer Best Value for Nitrile Gloves

National contract suppliers, W.W. Grainger, MSC Industrial Supply, and Cleanwise, Inc., are offering the following Nitrile gloves to support operational and safety needs of the Postal Service™ workforce. Please place your orders through eBuy.

These gloves are of the highest quality and provide equal or greater protection and comfort as those you may be purchasing locally. Placing your orders through eBuy, with one of our national contract suppliers, helps reduce costs and improve delivery. There are no shipping costs for these items.

Ordering custodial and MRO products through eBuy, from our national contract suppliers, is the best value proposition. The process offers significant workhour savings by eliminating the time employees use to locate suppliers, confirm product availability, compete pricing, commute to and from the supplier's location or arrange for delivery, and make payment. Use on-catalog eBuy suppliers for your requirements whenever possible.

The negotiated pricing reflected in these national contract catalogs is extremely competitive with open market pricing. As we continue to move our operational requirements to our national suppliers, we strengthen the Postal Service's position to leverage even more price

considerations, and other terms, through the suppliers and their manufacturing partners. Use eBuy.

Please use Boise/OfficeMax Government Solutions as your source for paper calendars.
