Another Boston champ

As the Postal Service works to revitalize its Express Mail product, there's one district in the system that's already on target. In the last quarter, the Boston District had more than a 97 percent on-time delivery rate for overnight pieces.

What's the secret of its success? According to District Manager Charles Lynch, the district rigorously monitors how Express Mail moves through the system. In addition, Lynch says, employees are quick to respond to problems, and everyone in the district has an acute awareness of the importance of getting Express Mail delivered in time to meet its commitments.

Tracking and monitoring Express Mail also plays a big role. Boston tracks each and every mailpiece by office to determine if there's a delivery problem, and, if so, where it is. The lessons learned are incorporated into current practices, and Post Office operations managers and area managers meet daily to go over issues.

Energizer money

The check was not in the mail, it was for the mail — the U.S. Mail, that is. Pacific Gas and Electric Company (PG&E) recently presented the Fresno Processing and Distribution Center (P&DC) a rebate check for \$105,128.

From left, Fresno, CA, Plant Manager Robert Baker; Fresno Maintenance Manager Dean Williams; PG&E Account Executive Cam Maloy and PG&E Supervisor Robert Yamamoto at the USPS rebate ceremony.

PG&E administers California's incentive program for efficiency improvements in the northern and central regions of the state. The Fresno P&DC rebate recognizes the facility's installation of a new energy-efficient lighting system and compressors.

Improvements at the facility will lower annual electricity purchases by almost 1.7 million kilowatt hours — more than a 25 percent reduction. This reduced demand for power translates to 7,000 fewer tons of carbon dioxide emissions each year.

The Fresno P&DC isn't resting on its laurels. The center's managers hope that a December facility condition assessment will point to additional energy upgrades that qualify for the incentive program.

In the Mailbox Bear wins "Fab Five" honors

Remember the In the Mailbox Bear — the ready-to-ship Hershey's toy that customers could purchase and mail right away from a Post Office retail counter?

The In the Mailbox Bear.

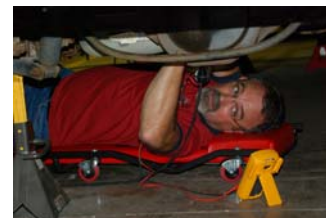

Turns out the cuddly carnivore was a big hit in the toy industry. *Toy Wishes* magazine selected it as one of its 2007 "Fab Five" toys that don't require batteries or outside power sources. The magazine said the product was "a great way to send a friend to anyone who needs an extra special hug."

The bear was in good company. Rounding out the "Fab Five" award winners were the Care Bears 25th Anniversary Bear, The Cat In the Hat — I Can Do That! game, Crayola's TaDoodles and the Knotwud building set.

Customers may soon have another chance to get their paws on the toy. New shipments of the USPS-licensed In the Mailbox Bear should begin appearing on retailers' shelves in 2008.

Motor skills

A dozen of the Postal Service's top vehicle maintenance technicians tested their skills during the second annual USPS Golden Wrench light-truck skills competition in Norman, OK.

Thomas Higgins, 2007 Golden Wrench light-truck maintenance national champion, troubleshooting a vehicle.

The contest — held at the USPS National Center for Employee Development — was open to all technicians at USPS vehicle maintenance facilities who maintain the Postal Service's 200,000-vehicle fleet.

Chattanooga, TN, technician Thomas Higgins had the highest score, winning the competition. Higgins finished just ahead of technicians Thomas Worcester of Panama City, FL, and Michael Martin of Memphis, TN. Higgins also was the 2006 heavy-truck champion.

Gasoline is so yesterday

At the Postal Service, the future is now. USPS has already delivered more than 1 million pieces of mail using vehicles that eliminate pollution and don't use gasoline.

During a three-year evaluation period, some letter carriers in Fort Belvoir and Springfield, VA, and Irvine, CA, began delivering their routes using fuel-cell vans developed by General Motors. The vehicle's fuel cell combines stored hydrogen with oxygen from the air to produce the electricity that powers the car. The only output — pure water.

Last summer, General Motors introduced the Chevrolet Equinox, its next-generation fuel-cell vehicle. The Postal Service will again partner with General Motors to test and evaluate the Equinox.

A change will do us good

The Express Mail transitional organization is busy implementing changes that will revitalize the Postal Service's premier package service. Our long-term goal is to make the Postal Service America's reliable and affordable overnight shipper.

To do that, we'll be making a number of changes to maximize our overnight reach. We're going to expand the number of ZIP Code pairs that are committed for overnight delivery and extend cutoff, among other changes.

We also expect to have a major price overhaul, both to realign Express Mail's pricing with the rest of the market, and to take advantage of our new pricing flexibility by offering volume discounts.

The bottom line — in the next three to six months, we're going to turn Express Mail into a much better overnight product.

POM Revision: Stamp and Stationery Subjects Eligibility

Effective January 17, 2008, section 212.2 of the *Postal Operations Manual* is revised to reflect expanded criteria used to determine the eligibility of subjects for commemoration on all U.S. stamps and stationery.

Postal Operations Manual (POM)

212	Stamp and Stationery Subjects

212.2 Criteria for Eligibility

[Revise 212.2 to read as follows:]

The U.S. Postal Service and the members of the Citizens' Stamp Advisory Committee (CSAC) have set certain basic criteria used in determining the eligibility of subjects for commemoration on all U.S. stamps and stationery. These criteria first were formulated about the time of Postal Reorganization in the early 1970s and have been refined and expanded gradually since then.

The 12 major criteria now guiding subject selection are the following:

- a. Criterion 1. It is a general policy that U.S. postage stamps and stationery primarily will feature American or American-related subjects.
- b. Criterion 2. No living person shall be honored by portrayal on U.S. postage.
- c. Criterion 3. Commemorative stamps or postal stationery items honoring individuals usually will be issued on, or in conjunction with, significant anniversaries of their birth, but no postal item will be issued sooner than 5 years after the individual's death. The Committee will not accept or consider proposals for a subject until at least 3 years after his/her death. The only exception to the 5-year rule is the issuance of stamps honoring deceased U.S. presidents. They may be honored with a memorial stamp on the first birth anniversary following death.
- d. Criterion 4. Events of historical significance shall be considered for commemoration only on anniversaries in multiples of 50 years.
- e. Criterion 5. Only events, persons, and themes of widespread national appeal and significance will be considered for commemoration. Events, persons or themes of local or regional significance may be recognized by a philatelic or special pictorial postmark, which may be arranged through the local postmaster.
- f. Criterion 6. Stamps or stationery items shall not be issued to honor fraternal, political, sectarian, or service/charitable organizations. Stamps or stationery shall not be issued to promote or advertise commercial enterprises or products. Commercial products or enterprises might be used to illustrate more general concepts related to American culture.
- g. Criterion 7. Stamps or stationery items shall not be issued to honor cities, towns, municipalities, counties, primary or secondary schools, hospitals, libraries, or similar institutions. Due to the limitations placed on annual postal programs and the vast number of such locales, organizations, and institutions in existence, it would be difficult to single out any one for commemoration.
- h. Criterion 8. Requests for observance of statehood anniversaries will be considered for commemorative postage stamps only at intervals of 50 years from the date of the state's first entry into the Union. Requests for observance of other state-related or regional anniversaries will be considered only as subjects for postal stationery and again only at intervals of 50 years from the date of the event.
- i. Criterion 9. Stamps or stationery items shall not be issued to honor religious institutions or individuals whose principal achievements are associated with religious undertakings or beliefs.
- j. Criterion 10. Semipostal stamps are designed to raise funds for causes determined to be in the national public interest and appropriate. Semipostal stamps are sold for a price above their postage value. The differential between the sales price and the postage value of semipostal stamps consists of an amount (less a deduction for the Postal Service's reasonable costs) to be given to other executive agen-

cies in furtherance of specified causes. The Postal Service issues semipostal stamps in accordance with the Stamp Out Breast Cancer Act and the Semi-postal Authorization Act.

k. Criterion 11. Requests for commemoration of universities and other institutions of higher education shall be considered only for stamped cards and only in connection with the 200th anniversaries of their founding.

l. Criterion 12. No stamp shall be considered for issuance if one treating the same subject has been issued in the past 50 years. The only exceptions to this rule are traditional themes such as national symbols and holidays.

Contract Postal Unit Anti-Money Laundering and Anti-Terrorist Compliance Training Released

All Postal Service™ managers responsible for the administration of contract postal units (CPUs) are reminded that CPU personnel who sell money orders must comply with all federal laws and regulations and with postal policies related to anti-money laundering and anti-terrorist initiatives.

Federal anti-money laundering and anti-terrorist laws and regulations (commonly referred to as the Bank Secrecy Act and the USA PATRIOT Act) mandate that the Postal Service implement a comprehensive Anti-Money Laundering/Anti-Terrorist Program (AML/ATP). To satisfy this legal mandate, the Postal Service has developed a CPU training packet that consists of a Bank Secrecy Act (BSA) training video and manual. These packets were mailed to each CPU in early December.

Postal Service managers responsible for CPUs must ensure that the contract unit receives the BSA training material. CPU managers must ensure that:

1. All CPU personnel who sell postal money orders and the CPU managers who supervise them must view the BSA training video and review the training stand-up talk.
2. All CPUs that sell postal money orders maintain a supply of PS Forms 8105-A, *Funds Transaction Report*, and PS Forms 8105-B, *Suspicious Transaction Report*, and that the forms are readily available to personnel who sell money orders.
3. CPU personnel send completed PS Forms 8105-A and PS Forms 8105-B to the address on the bottom of the forms the day the forms are completed.

A copy of the stand-up talk that was mailed to the CPUs is included in the following pages. We asked each office to report to the BSA Compliance Office once their training is complete by sending an e-mail to lisa.m.williams@usps.gov or by calling Lisa at 202-268-3773.

For additional packets, or if you have questions, please send an e-mail to BSA@usps.gov.

Note: CPU personnel who do not sell postal money orders do not need to take the training.

Contract Postal Unit Training Stand-Up Talk

Overview

During the past several years you have been learning about compliance with federal anti-money laundering laws, commonly referred to as the Bank Secrecy Act. You have learned that customers must complete PS Forms 8105-A, *Funds Transaction Report*, when they purchase \$3,000 or more in money orders during the same day, and that you must complete a PS Form 8105-B, *Suspicious Transaction Report*, when you suspect that customers might be using money orders to launder proceeds from illegal activities.

Thanks to your efforts, the Postal Service has made tremendous strides in complying with the laws. We have gained the respect of our regulators and law enforcement agencies alike. But we need to fine-tune some of the procedures to make us even better. Following are some important points to keep in mind when completing PS Forms 8105-A, and PS Forms 8105-B.

PS Form 8105-A

Let's start with a few key points about PS Form 8105-A, *Funds Transaction Report*. It is very important that the forms are complete and accurate in order for the Postal Service to stay in compliance with federal laws.

Date of Birth	Make sure the complete date (including the year) is recorded accurately on the form.
Social Security Number	The only acceptable substitutions are tax identification number (TIN), employer identification number (EIN), passport number, and alien registration number.
Military IDs	Military IDs are no longer acceptable replacements for Social Security numbers.
Other IDs	Acceptable "other government IDs" include local-, state-, and federal-issued photo identification <i>if they contain a unique number</i> . Examples are local, state, and federal law enforcement IDs, and Indian tribal IDs.

Non-government-issued IDS	Credit cards; library cards; company (employment) IDs; club cards, such as Wal-Mart and Sam's Club <i>are not acceptable</i> "other IDs" even if they have photographs on them.
Other ID Type	If "other government ID" is used, the type of photo ID must be entered on the form.
Complete Customer Information Needed	If the customer refuses to provide all required information, you must refuse to sell the money orders.
Awareness of Previous Money Order Purchases	If you are aware that the customer has purchased money orders from another office (or another retail associate in the same office) and if the purchase being made combined with other purchases during the day is \$3,000 or greater, you must complete PS Form 8105-A.

PS Form 8105-B

Now, let's review a few key points about PS Form 8105-B, *Suspicious Transaction Report*. In the video, a BSA team member describes why a correct and complete form is so important. Keep these things in mind as you are filling them out.

Round Date Stamp	A legible round date stamp must be applied to each submitted form.
Reasons for Suspiciousness	The reasons for suspiciousness must be indicated — Boxes 1, 2, and/or 3 must be checked. If none of those boxes apply, the Comments section must contain sufficient detail to indicate why the transaction is suspicious.

Full Description of Suspicious Activity	Simply checking Box 4, Unusual Activity, in the Comments section is not sufficient, even if a detailed description of the individual(s) is provided.
Handwriting	Comments must be legible. The BSA Team recommends printing instead of script.
Minimum 8105-B Information	Each form must, at a minimum, have the age and gender of the customer(s) and the time of the transaction.

Wrap-up

This year's training video is an excellent reminder of suspicious scenarios that occur in real life. Remember, the accounts illustrated in the video actually happened and the silhouetted retail associates in the video were the actual people involved, not actors. They are excellent examples of how we as Postal Service employees can stay alert to money laundering activities and keep the Postal Service in compliance with federal laws.

Your work in this area is making a difference and is very important. Thank you for your efforts. Let's continue to keep a sharp eye out for potential money launderers.

Free Mail Program for U.S. Armed Forces

Under the provisions of Title 39 of the United States Code (U.S.C.) 3401(a)(1) and pursuant to Executive Order 12556, dated April 16, 1986, the Secretary of Defense may authorize or terminate free mail privileges for members of the U.S. Armed Forces and designated civilians directly supporting military operations in designated international locations.

Accordingly, the Secretary of Defense has terminated free mail privileges for members of the U.S. Armed Forces and designated civilians in Diego Garcia, Jordan, Kazakhstan, Kyrgyzstan, Oman, Pakistan, Saudi Arabia, Tajikistan, United Arab Emirates, Uzbekistan, and Yemen, which were previously included as authorized locations under "Operation Enduring Freedom," and in Turkmenistan, which was previously included as an authorized location under "Operation Iraqi Freedom."

Stamp Announcement 08-03: Marjorie Kinnan Rawlings

Copyright USPS 2007

On February 21, 2008, in Hawthorne, Florida, the Postal Service™ will issue a 41-cent, *Marjorie Kinnan Rawlings* commemorative stamp in one design in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 462300). Designed by Carl T. Herrman of Carlsbad, California, the stamp goes on sale nationwide February 21, 2008.

With this 24th stamp in the *Literary Arts* series, the Postal Service commemorates author Marjorie Kinnan Rawlings (1896–1953). Best known for her novel *The Yearling* and her memoir *Cross Creek*, Rawlings is remembered for a series of short stories, novels, and works of nonfiction about life in the Florida backwoods. The stamp will be dedicated on the grounds of Rawlings' home in Cross Creek, now a state of Florida historic park.

In the foreground of the stamp art is a portrait of Marjorie Kinnan Rawlings based on an undated photograph. The background depicts a fawn at a watering hole in the Florida scrub country. The rows of spots on the fawn, which are consistent with descriptions in *The Yearling*, indicate that the fawn is a young male.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® Web site at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high x 4" long. Allow

sufficient space on the envelope to accommodate the postmark and do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to: Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday-Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

IT'S WHAT'S INSIDE AND HOW IT'S PACKED

Make sure that your packages are safe for mailing by packing them properly. Follow these simple guidelines:

Liquids, Powders and Perishables

Place Liquids in sealed, leak-proof containers and cushioned in material sufficient to absorb all leakage. Packages must be marked as containing liquids.

Place Powders in sift-proof packaging to prevent any leakage.

Mail Perishables only if they can reach their destination in good condition and are packaged to protect and secure the contents.

Fragile Items

Place glass, fine china and other fragile items in packaging cushioned to prevent breakage during transport.

Hazardous Materials

Few hazardous materials are permitted in the mail. Those permitted are subject to specific labeling, packaging, and quantity requirements.

Prohibited Materials

You may not mail items such as fireworks, fuel, alcoholic beverages and handguns.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out of their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

Reviewing OSHA 300A

As an installation or establishment head, you are required to review, sign, and post OSHA 300A. When you sign on the "Company Executive" line, you are certifying that you have verified that the entries on OSHA 300A — and its supporting documents — are true, accurate, and complete.

The following steps are required for reviewing and posting OSHA 300A:

1. Check the entry for the North American Industry Classification System (NAICS) on the right side of the form. All Postal Service establishments except Vehicle Maintenance Facilities (VMFs) use NAICS 4921, which is printed automatically on the automated form. Managers of VMFs must strike through 4921 and enter 8113.
2. Check entries for letters G through M(6) on the left side of the form against related entries on OSHA Form 300, *Log of Work-Related Injuries and Illnesses* (see item 4 in Verifying Data From OSHA 300).
3. Verify data on OSHA 300 (see instructions next column).
4. Determine the annual average number of employees at your facility and the total hours worked by all employees in CY 2007 (to obtain the average number of hours worked per employee).
5. Incorporate data from OSHA 300 for contractor employees directly supervised by Postal Service personnel (see instructions next column).
6. Complete the review, make corrections, sign OSHA 300A, and post the form.

Verifying Data From OSHA 300

OSHA 300A is a summary of data derived from OSHA 300. Before you sign OSHA 300A, you must ensure that all entries on OSHA 300 are accurate and complete, whether you use the manual or automated versions of these forms. To verify the completeness and accuracy of OSHA 300, you must do the following:

1. Check to make sure there are no entries labeled "other" on OSHA 300. Entries must be more specific to be considered correct.
2. Check column F carefully. To ensure accuracy, note the parts of the body affected (including which side of the body) and the object or substance that directly injured or made the person ill. Example: *Second-degree burns on right forearm from acetylene torch.*
3. Check columns K and L carefully. If an injury is identified as "days away from work" on column K or "on-the-job transfer or restriction" on column L, you must ensure that the number of days entered is accurate.
4. Check columns G through M(6), which correspond to entries in OSHA 300A. Make sure that these columns are added correctly on OSHA 300 and match the totals on OSHA 300A.
5. Make sure that an OSHA Form 301, *Injury and Illness Incident Report*, is on file for each entry on OSHA 300.

Accounting for Contractor Employees

OSHA-recordable injuries or illnesses sustained by contractor employees who are directly supervised by Postal Service personnel must be entered on OSHA 300 and included in the calculations on OSHA 300A. Since these injuries and illnesses are not included in the automated versions of OSHA 300 and 300A, they must be added and calculated manually. Even though their injuries and exposure hours are not included in the Postal Service accident database, OSHA requires us to include these injuries on OSHA 300 and 300A.

Document Retention Requirements

Postal Service installations must retain OSHA Forms 300, 300A, and 301 for 5 years. PS Form 1769, *U.S. Postal Service Accident Report*, often used in conjunction with the OSHA forms, also must be retained for 5 years.
