Publicity Kit: Earthscapes Stamps

To kickoff October as National Stamp Collecting month, the Postal Service™ will issue the *Earthscapes* Forever® stamps on October 1, 2012, at NASA's Goddard Space Flight Center near Washington, DC. Postmasters are encouraged to conduct special dedications ceremonies — especially near stamp subject locations and where the photographers reside.

Inviting the photographers to participate in an event is a tremendous media draw. Contact photographers unable to attend events for the backstory on the stamp before pitching them to local media as a phone interview to add value to the event's news coverage. Corporate Communications area managers are available to assist in publicizing activities.

This publicity kit includes the following:

- *Earthscapes* stamps, photographer, and location background.
- Sample media advisory.
- Sample news release.
- Sample speech.
- Contacts for obtaining stamp images for use in events.

- Corporate Communications area managers listing for assistance in contacting media.
- Government Relations contact listing for assistance in inviting elected officials.

Earthscapes Forever Stamps and Photographer Background

The stamp pane features 15 stamps in three rows of five. The top row shows five examples of natural earthscapes. The middle row focuses on a wide range of agricultural earthscapes. The bottom row shows urban earthscapes. In all cases, art director Howard Paine chose photographs to showcase designs, patterns, and geographic diversity.

The *Earthscapes* Forever stamps allow customers an opportunity to see the world in a new way. This stamp pane presents examples of three categories of earthscapes: natural, agricultural, and urban. The photographs were all created high above the planet's surface, either snapped by "eyes in the sky" — satellites orbiting the Earth — or carefully composed by photographers in aircraft.

In the top row, we fly over America's stunning wilderness. While a volcanic eruption scars the forests of Washington State, fog drifts over the timeless sandstone towers of Utah's Monument Valley. In Alaska, a wide stripe that looks like a highway is actually a glacier, an immense conveyor belt of ice. At its base, jagged white shards resembling broken glass are really icebergs, bobbing in a lake.

The stamps in the center row may look like abstract art, but they show five products being gathered, grown, or harvested: salt, timber, grain, cherries, and cranberries. Center-pivot irrigation systems create geometric shapes in the middle stamp — although bystanders on the ground might see only sprinklers in fields of wheat, alfalfa, corn, and soybeans.

In the bottom row, urban life takes center stage. Highways corkscrew around themselves and neat subdivisions sport tiny blue pools. It's our familiar world, shrunk into miniature — with a fresh perspective.

Art director Howard E. Paine designed this educational and visually rich pane of stamps.

The *Earthscapes* stamps are being issued as Forever stamps. Forever stamps are always equal in value to the current First-Class® Mail 1-ounce rate.

The stamps are given below in alphabetical order by state for the stamp location and the photographer's residence for the purpose of generating news interest.

A self-supporting government enterprise, the U.S. Postal Service is the only delivery service that reaches every address in the nation — 151 million residences, businesses and Post Office Boxes. The Postal Service receives no tax dollars for operating expenses, and relies on the sale of postage, products and services to fund its operations. With 32,000 retail locations and the most frequently visited website in the federal government, USPS.com, the Postal Service has annual revenue of more than \$65 billion and delivers nearly 40 percent of the world's mail. If it were a private sector company, the U.S. Postal Service would rank 35th in the 2011 Fortune 500. In 2011, the U.S. Postal Service was ranked number one in overall service performance, out of the posts of the top 20 wealthiest nations in the world, by Oxford Strategic Consulting. *Black Enterprise* and *Hispanic Business* magazines ranked the Postal Service as a leader in workforce diversity. The Postal Service has been named the Most Trusted Government Agency for six years and the sixth Most Trusted Business in the nation by the Ponemon Institute.

Natural, Agricultural and Urban Perspectives

This stamp pane presents examples of three categories of earthscapes: natural, agricultural and urban. The photographs were all created high above the planet’s surface, either snapped by “eyes in the sky” — satellites orbiting the Earth — or carefully composed by photographers in aircraft.

In the top row, we fly over America’s stunning wilderness. While a volcanic eruption scars the forests of Washington State, fog drifts over the timeless sandstone towers of Utah’s Monument Valley. In Alaska, a wide stripe that looks like a highway is actually a glacier, an immense conveyor belt of ice. At its base, jagged white shards resembling broken glass are really icebergs, bobbing in a lake.

The stamps in the center row may look like abstract art, but they show five products being gathered, grown or harvested: salt, timber, grain, cherries and cranberries. In the middle stamp, center-pivot irrigation systems create geometric shapes — although bystanders on the ground might see only sprinklers in fields of wheat, alfalfa, corn and soybeans.

In the bottom row, urban life takes center stage. Highways corkscrew around themselves and neat subdivisions sport tiny blue pools. It’s our familiar world, shrunk into miniature — and seen with the new eyes that a fresh perspective can bring.

From the power and glory of nature to the interaction of people with the land — in both agricultural and urban settings — each stamp, within its limited amount of space, represents only a fragment of a geographical area, which may or may not be typical of a particular region.

Art director Howard E. Paine designed this educational and visually rich pane of stamps.

[Postal Service official's name and title]
 United States Postal Service
 Earthscapes
 Special Dedication Ceremony
 [Date]
 [City, State]

Good [Morning/Afternoon/Evening]. My name is [Name] and I'm [Title] for the United States Postal Service. Welcome to this event.

or:

Thank you, [Name], for your kind introduction. And thank you all for joining us for this event. [Optional: Add a brief comment about how this location relates to the *Earthscapes* stamps]

I also want to thank our special guests for joining us in [City/Town/Type of Setting].

In particular, I'm glad that our good friend(s) [Name of Elected Official] is here, along with [Other Individuals Who Should Be Recognized].

We're here today to dedicate a new pane of stamps that celebrate the wonders of the American terrain.

Our new pane of 15 *Earthscapes* stamps offer a bird's eye view of the land we all share.

Each stamp's unique perspective makes it a window into a world most of us never get to see.

[From the list of 15 bullet points below, choose a few examples. If any of these examples are relevant to your area, you might want to start there.]

- One *Earthscapes* stamp depicts a Yellowstone National Park geothermal spring where the temperatures reach almost 190 degrees, making it too hot for humans. But that doesn't mean it's lifeless. As we look at the image on the stamp, we see colorful pigments produced by bacteria and algae, which thrive in environments like this.
- One *Earthscapes* stamp shows a Northern California salt evaporation pond, where we see how rising salinity levels have transformed the microorganisms below the surface. The result is a series of vivid reds, pinks, and purples, framed by brilliant yellow.
- We find artistry in the *Earthscapes* stamp that shows a high-rise apartment complex on Manhattan's Upper West Side. And when we say "complex," we're not kidding: This image offers an endless row of balconies and windows, all cast against a grid of yellow brick.
- One *Earthscapes* stamp shows ice breaking from the foot of Alaska's Bear Glacier and becoming icebergs in a lake. The result: streaks of white cast against a background of brilliant blues and deep earth tones.
- In the *Earthscapes* stamp that depicts Mount Saint Helen in Washington State, we see how the area is still recovering from the eruption of 1980. Shades of white and gray indicate still-bare slopes, while flashes of green illustrate the re-growth of vegetation.
- On one *Earthscapes* stamp, we see Stagecoach Butte, one of the many red sandstone formations rising from the floor of the Monument Valley Navajo Tribal Park in southeastern Utah. The fog rolling across the terrain lends this image an aura of mystery and natural intrigue.
- The *Earthscapes* stamp that depicts the Blackwater National Wildlife Refuge on Maryland's Eastern Shore shows a shallow creek of deep blue water winding through bright green marshland. This is a haven for fox squirrels and bald eagles and a stopping-off point for ducks and geese migrating along the Atlantic Flyway.
- Log rafts are seen floating their way to an Idaho sawmill on one of the *Earthscapes* stamps. This offers a window into the past because this method of transport has largely died out.

Today, the timber industry relies on rail and roads to transport tree products from forests to sawmills.

- The *Earthscapes* stamp that depicts circular patterns on Kansas cropland show where sprinkler systems have been at work. Each circle tells a story: the red circles indicate healthy, irrigated crops, while the lighter circles show crops that have been harvested.
- A sure sign of springtime is seen in the *Earthscapes* stamp that shows a cherry orchard in Door County, Wisconsin. This area is known for its tart red cherries, and in this beautiful image, it seems as if every tree is in bloom.
- One of the *Earthscapes* stamps looks like a mass of brilliant red, but look closely and you realize you're looking at a cranberry bog. The image shows two growers rounding up the floating fruit during a fall harvest in Massachusetts.
- On one of the *Earthscapes* stamps, we see a pair of towboats wrangling commercial barges in the Old River barge fleeting area near the Houston Ship Channel in Texas. In this image, the barges — cast in shades of red, green, and orange — pop against the deep blue background.
- One of the *Earthscapes* stamps looks like a series of circles, colored in shades of orange and gray. Scrutinize it a little more closely and you discover you're actually looking at a railroad roundhouse. The image, captured in Scranton, Pennsylvania, shows the giant turntable that is used to turn around early 20th century locomotives when they undergo maintenance.
- Motorists in Miami may recognize one of the *Earthscapes* stamps, although they may have never seen it like this before. The image shows where Highways 95 and 395 converge in a carefully engineered, multi-level interchange. It's an aerial view of one of America's urban crossroads.
- One of the *Earthscapes* stamps offers a unique look at suburbia. In the image, we see a maze of pavement, sidewalks, and single-family homes in Clark County, Nevada, the state's most populous county. Look closely and you'll also see the swimming pools and clumps of trees that provide summertime relief in this desert development.

Some of the pictures on the *Earthscapes* stamps were taken by satellites. These include NASA's Landsat 7 satellite, which orbits the earth at an altitude of about 705 kilometers, or roughly 435 miles.

Other *Earthscapes* images were taken by photographers like Jim Wark, who contributed several pictures to this pane of stamps.

In addition to showcasing stunning photography, *Earthscapes* continues the Postal Service's long tradition of portraying our environment on stamps.

For example, between 1999 and 2009, we offered *Scenic American Landscapes* stamps that depicted the Rio Grande, Yosemite National Park, and other natural landmarks.

Like those offerings, these new *Earthscapes* stamps depict nature at its best and signal the importance of preserving our planet for future generations.

In that spirit, we're offering the *Earthscapes* stamps as Forever stamps. They'll always be good, no matter what the postage rate might be.

So we encourage customers like you to purchase these stamps and affix them to your cards, letters, and packages.

Because each time you do, you'll help remind the world of the enduring beauty offered by the earthscapes around us.

Thank you.

(Pause for applause)

Now, on behalf of the United States Postal Service, I want to invite everyone on stage to join me in dedicating the *Earthscapes* Forever stamps.

(Unveil stamp. Pose for photos.)

DMM Revision: Holiday Mobile Shopping Promotion

Effective October 1, 2012, the Postal Service™ will revise the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 709.3 to add a new temporary Holiday Mobile Shopping Promotion (“Promotion”), which will take place during November 2012 for Presorted and automation First-Class Mail® cards, letters, and flats and Standard Mail® letters and flats containing two-dimensional mobile barcodes (“mobile barcode”) readable by consumer mobile devices. The term “mobile barcode” includes equivalent mobile technologies such as watermarks or tags.

The Promotion is designed to spur mobile purchasing by putting mailers’ mobile-optimized offers, coupons, and catalogs into the hands of customers for the Black Friday/Cyber Monday holiday shopping timeframe. The new standards will replace those for the Mobile Commerce and Personalization Promotion, which have been in effect for the months of July and August 2012.

To be eligible, each mailpiece that is listed on a qualifying postage statement must have a mobile barcode on the outside of the piece or on the contents within the piece. When scanned, the mobile barcode must lead the recipient of the mailpiece to a mobile-optimized shopping website that allows the recipient to purchase an advertised product on the mobile device (the sale of services will not qualify). Directional text must be printed near the mobile barcode to instruct the recipient to scan the image. Mobile barcodes that direct consumers to web pages that allow them to pay for prior or future purchases or encourage enrollment in online bill payment or paperless statement services are not eligible for the Promotion. Mailpieces with mobile barcodes that convey postage information, destination, sender, or a machinable serial number for security purposes also are not eligible for the discount.

Discount and Rebate Information

The Holiday Mobile Shopping Promotion provides an upfront price reduction of 2 percent on the eligible postage for qualifying mailpieces. Qualifying mailings are Presorted and automation mailings of First-Class Mail cards, letters, and flats and Standard Mail (including Nonprofit) letters and flats. Commingled, co-mailed, and combined mailings are allowed, but a separate postage statement is required for the mailpieces with mobile barcodes.

The price reduction will be taken off the eligible postage amount due at the time of mailing. The Promotion discount

does not apply to single-piece First-Class Mail pieces including residual single-piece First-Class Mail pieces claimed on a postage statement for Presorted and automation mailings. The price reduction also does not apply to any Standard Mail residual pieces paying single-piece First-Class Mail prices.

Eligible mailings must be accompanied by electronic documentation, submitted via mail.dat, mail.xml, or Postal Wizard. The electronic documentation must identify the mail owner and mail preparer in the “by/for” fields for all mailings, either by the Customer Registration ID (CRID) or Mailer ID (MID) assigned by USPS®. Mailings of automation cards and letters, including Standard Mail letters (other than those with simplified addresses) claiming a carrier route automation letter price on a postage statement, or automation flats must have Intelligent Mail® barcodes. Mailpieces with POSTNET™ barcodes will not be eligible for the price reduction.

Mailers also may qualify for an additional 1 percent rebate on the pre-discount postage of their qualifying mailings if a portion of their orders is fulfilled via Priority Mail® between November 9, 2012, and December 31, 2012 (“fulfillment period”). Priority Mail packages must bear a unique trackable barcode (i.e., Delivery Confirmation™ barcode or Intelligent Mail package barcode). To claim the rebate, mailers will need to demonstrate that during the fulfillment period, the number of Priority Mail packages delivered to customers exceeded 0.5 percent (“package threshold”) of the total number of qualifying mailpieces sent during the “promotion period” (November 7, 2012, through November 21, 2012).

An example of the package threshold calculation is in the table below:

Promotion period — Discounted mail volume	100,000 pieces
Total postage prior to discount	\$21,000
2% discount applied	\$420
Total postage after discount applied	\$20,580
Fulfillment threshold — 0.5% of discounted mail volume	500 packages
Actual number of packages fulfilled via Priority Mail with Delivery Confirmation (11/9–12/31)	1,225
Additional rebate earned	\$210

In the example above, if the mailer had sent 500 packages or less via Priority Mail with Delivery Confirmation service during the fulfillment period, there would be no rebate. Rebate applications will be due to the program office no later than February 15, 2013. Any earned rebate will be deposited to the participant’s mailing postage payment account.

Postage Payment Methods

Postage payment methods will be restricted to permit imprint, metered postage, or precancelled stamps. Pieces with metered postage must bear an exact amount of postage as stipulated by the class and shape of mail. For First-Class Mail letters, the affixed values below are for the first 2 ounces only, and for First-Class Mail flats, for the first ounce only. Affixed postage values for metered mailings will be as follows:

First-Class Mail postcards	\$0.20
First-Class Mail automation and Presorted machinable letters	\$0.25
First-Class Mail nonmachinable letters	\$0.45
First-Class Mail automation and Presorted flats	\$0.35
Standard Mail Regular letters	\$0.12
Standard Mail Regular flats	\$0.13
Standard Mail Nonprofit letters	\$0.05
Standard Mail Nonprofit flats	\$0.06

Mailings with postage paid by metered or precancelled stamp postage will have the percentage discount deducted from the additional postage due, except for Value Added Refund mailings, which may include the amount of the discount with the amount to be refunded. The holiday mobile shopping promotion discount cannot be combined with other incentives, with the exception of the full-service Intelligent Mail barcode discount.

Promotion Dates and More Information

To participate in the Promotion, customers must be registered on the Incentive Programs Service through the Business Customer Gateway at <https://gateway.usps.com/bcg/login.htm> and specify which permits and CRIDs will participate in the Promotion. Registration opens September 15, 2012, and must be completed at least 2 hours prior to the first mailing. The Postal Service will implement the Promotion and temporary price reduction for mailings made on November 7, 2012, through November 21, 2012. Plant-verified drop shipment (PVDS) mailings accepted no later than November 21, 2012, may be entered at destinations through December 6, 2012. Program requirements, including updated FAQs, are available on the RIBBS® website at <https://ribbs.usps.gov/index.cfm?page=mobilebarcode> or by email to mobilebarcode@usps.gov.

3.0 Holiday Mobile Shopping Promotion

3.1 Program Description and Scope

[Revise 3.1 as follows:]

The holiday mobile shopping promotion provides a 2 percent discount on the prices of Presorted and automation pieces in mailings of First-Class Mail cards, letters, and flats and Standard Mail (including Nonprofit) letters and flats that include a transactional two-dimensional mobile barcode and meet all the conditions in 3.0. The term “mobile barcode” also will include equivalent mobile technologies, such as watermarks and tags, that meet all the conditions in 3.0. Automation pieces must bear Intelligent Mail barcodes. The promotion is valid for mailings entered from November 7, 2012, through November 21, 2012. Plant-verified drop shipment (PVDS) mailings meeting all relevant standards may be accepted at origin as late as November 21, 2012, if they are entered no later than December 6, 2012, at the destination facility. Mailers also may qualify for an additional 1 percent rebate on the postage of their qualifying mailers under 3.3.

3.2 Eligibility Standards

[Revise 3.2 as follows:]

To be eligible for the 2 percent discount, customers must be registered for the promotion on the Incentive Programs Service through the Business Customer Gateway at <https://gateway.usps.com/bcg/login.htm> and specify which permits and CRIDs will participate in the promotion. Registration opens September 15, 2012, and must be completed at least 2 hours prior to the first mailing. Mailpieces must be mailed under the following conditions:

- a. The mobile barcode or similar image must be on each mailpiece, either on the outside or printed on the contents of the piece. Brief instructions or directional copy must be printed near the mobile barcode to instruct the recipient to scan the barcode or image. See 3.4 for placement restrictions.
- b. The mobile barcode must be readable by a mobile device and must lead to a mobile-optimized website. The mobile barcode must be relevant to the contents of the mailpiece. Scanning the barcode must lead the consumer to a webpage that allows the recipient to purchase an advertised product on the mobile device. Barcodes with links that direct consumers to sites that allow purchase of a service or payment for prior or future purchases, or that encourage enrollment in online bill payment or paperless statement services are not eligible for the discount. Mailpieces

with mobile barcodes that convey postage information, destination, sender, or a machinable serial number for security purposes also are not eligible for the discount.

- c. The mailpieces with mobile barcodes must be one of the following:
 1. Presorted or automation First-Class Mail cards, letters, or flats. Automation pieces must bear Intelligent Mail barcodes.
 2. Standard Mail (including Nonprofit) letters or flats. Automation pieces must bear Intelligent Mail barcodes.
- d. Postage must be paid by permit imprint or by affixing metered postage or a precanceled stamp to each piece of mail; the postage statement and mailing documentation must be submitted electronically. The mail owner's identity must be indicated in the electronic documentation ("eDoc"). The eDoc must identify the mail owner and mail preparer in the by/for fields, either by Customer Registration ID (CRID) or Mailer ID (MID) assigned by the USPS. All Presorted and automation pieces declared on a postage statement must contain a mobile barcode that qualifies for the discount.
- e. At the time of mailing, mailers must provide the USPS acceptance unit with an unaddressed sample of the mailpiece that contains a mobile barcode. Mailers also must retain, until February 15, 2013, a sample of each mailpiece claiming a discount.
- f. Other than a full-service Intelligent Mail discount (see 705.24), no other incentives apply for mailpieces claiming a discount under this promotion.
- g. Participants must agree to participate in a survey conducted either during or after the promotional period.
- h. Federal government official mailings under OMAS are not eligible for this promotion.
- i. The electronic equivalent of the mailer's signature on the postage statement will certify that each mailpiece claimed on the postage statement contains a qualifying mobile barcode.

[Revise the heading and text of 3.3 as follows:]

3.3 Discounts

Mailers must claim the 2 percent postage discount on the postage statement at the time the statement is electronically submitted. Mailings with postage affixed will deduct

the discount amount from the additional postage due, except that mail service providers authorized to submit Value Added Refund ("VAR") mailings may include the discount in the amount to be refunded. Pieces with metered postage must bear an exact amount of postage as stipulated by the class and shape of mail. Affixed postage values for metered mailings may be found in the *Federal Register* notice preamble available at <http://pe.usps.com>. Provisions for additional postage for First-Class Mail pieces over 1 ounce are in 234.2.2a and 334.2.2a, and in 244.2.2 and 344.2.2 for Standard Mail pieces over 3.3 ounces. Mailers may also qualify for an additional 1 percent rebate on the postage of their qualifying mailpieces if a portion of their orders is fulfilled via Priority Mail between November 9, 2012, and December 31, 2012 (fulfillment period). To claim the rebate, mailers will need to demonstrate that during the fulfillment period, the number of Priority Mail packages (sent with a unique trackable barcode, such as Delivery Confirmation or Intelligent Mail package barcode) delivered to customers exceeded 0.5 percent of the total number of qualifying mailpieces mailed from November 7, 2012, through November 21, 2012.

[Add new 3.4 as follows:]

3.4 Mobile Barcode Placement

The mobile barcode cannot be placed on a detached address label (DAL or DML) or card that is not attached to the mailpiece. The mobile barcode cannot be placed in the (postage) indicia zone or the (Intelligent Mail) barcode clear zone on the outside of the mailpiece. For letters, the barcode clear zone is defined in 202.5.1. For flats, the barcode clear zone for this purpose is the barcode itself and an area that extends an additional 1/8 inch from any part of the barcode. The indicia zone is defined as follows:

- a. The postage "indicia zone" is 2 inches from the top edge by 4 inches from the right edge of the mailpiece;
- b. When the postage indicium is not in the area described in 3.4a, the mobile barcode must not be placed within 2 inches of the actual postage indicium.

5.0 Package Intercept

5.1 Description of Service

[Revise 5.1 by renumbering current 5.1.1 and 5.1.2 as new 5.1.2 and 5.1.3, adding new 5.1.1, and assigning the text of current 5.1 to renumbered item 5.1.2 as follows:]

5.1.1 Basic Standards

Package Intercept service provides a method for customers to authorize redirection of any mailable domestic mailpieces with a tracking barcode as provided in 5.1.2. If the item is found and redirected, additional postage is charged as provided under 5.2. Package Intercept requests are active for 10 business days from the date of the request. Interception of eligible mailpieces is not guaranteed. Requests must be made as provided under 5.5.

5.1.2 Eligibility

Package Intercept service is available for any Express Mail, Priority Mail, First-Class Mail, First-Class Package Service, Parcel Select, and Package Services mailpiece with a tracking barcode, addressed to, from, or between domestic destinations (608.2.0), except as noted in 5.1.3. Mailpieces must not measure more than 108 inches in length and girth combined.

5.1.3 Ineligible

Package Intercept is not available for the following:

- a. Mailpieces sent to or from international destinations.
- b. Mailpieces sent to or from APO/FPO/DPO destinations.
- c. Domestic mailpieces requiring a customs declarations label (see 608.2.4.).
- d. Mailpieces that indicate surface-only transportation such as Label 127, *Surface Mail Only*, or that bear other hazardous materials markings such as “Limited Quantity,” “Consumer Commodity,” or “ORM-D”.
- e. Mailpieces that do not contain a tracking barcode.

5.2 Postage and Fees

[Revise the introductory text of 5.2 as follows:]

Customers must pay a nonrefundable per-piece fee to initiate the USPS process of attempting to intercept the mailpiece. The USPS does not guarantee the interception of a mailpiece. An intercepted mailpiece mailed at a Parcel Select or Package Services price that is redirected to the sender is subject to payment of the applicable postage based on how the piece was originally mailed. A Parcel Select piece being redirected to the sender is charged the Parcel Select Nonpresort price plus the additional service fee. Any intercepted mailpiece that is redirected to a new delivery address or a Post Office as Hold For Pickup service, available only through the electronic commercial method, is relabeled and handled as a new Priority Mail piece. The new Priority Mail piece is charged at the applicable Priority Mail Commercial Base price from the location where intercepted to the new destination based on the dimensions, weight, and zone of the piece. Fee payments are as follows:

5.3 Adding Extra Services

[Revise 5.3 as follows:]

Extra services may be added to Package Intercept mailpieces under limited circumstances. Customers who register and file their request through the Business Customer Gateway at <https://gateway.usps.com/bcg/login.htm> may add, and pay additional postage for, extra services on the new Priority Mail piece being redirected to a new address

or a Post Office for Hold For Pickup at the time of their intercept request. The relabeled item will be assigned a new extra service identification number and barcode applicable to the extra service purchased. An Intelligent Mail package barcode will be included on all redirected pieces, and all available USPS scans will be available to the customer at no charge. Extra services may not be added to items being redirected to the sender. The following extra services may be added to the new Priority Mail item at the time of the online intercept request as follows:

- a. Adult Signature Required.
- b. Adult Signature Restricted Delivery.
- c. Insurance, if the original shipment included insurance and for the original value stated, but may not be otherwise added.
- d. Signature Confirmation.

[Revise 5.4 as follows:]

Package Intercept, redirect to sender option only, is available for eligible matter mailed using Registered Mail service. In addition to 5.2 and 5.5, customers requesting to intercept Registered Mail must write on the receipt "Withdrawn" and sign and surrender the receipt to the Post Office.

Invalid Express Mail Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate an Express Mail Corporate Account (EMCA) number online. For all other locations, online EMCA validation is preferred. The online validation process is outlined in the EMCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Express Mail® shipments bearing an invalid EMCA number in the "Payment by Account" or "Agreement Number" section of the Express Mail label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/accepting-money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

DMM Revision: Revised Eligibility Criteria for Parcel Returns

Effective October 1, 2012, the Postal Service™ will revise the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 433.1.3, 505.3.2.1, and 705.25.1 to provide Commercial Base™ pricing eligibility for First-Class Package Service™ mailpieces returned using Merchandise Return Service (MRS), and to expand the eligibility for participation in the scan-based payment (SBP) program.

Priority Mail® return parcels received through an MRS account are eligible for Priority Mail Commercial Base prices. With this revision, the Postal Service is aligning the eligibility standards for First-Class Package Service with those for Priority Mail service by providing Commercial Base eligibility for MRS parcels received under both products.

The SBP program provides a streamlined postage payment option for participants who receive a large number of parcel returns. Under the SBP program, postage payment is based on sampling, combined with barcode scanning records, rather than weighing and rating each individual piece. Because eligible mailpieces are able to bypass the rating process, participants in the SBP program receive their returns in a more expeditious fashion. Priority Mail Return Service, First-Class Package Service Return Service, and Ground Return Service mailpieces are all eligible for postage payment under the SBP program.

Under current standards, mailers are required to receive a minimum of 10,000 combined returns per year to a single destination. With this revision, mailers may be authorized to participate in the program with 10,000 combined qualifying return mailpieces per year to multiple locations, with approval by the manager, New Business Opportunities.

Mailers interested in the SBP program may apply online, through the Business Customer Gateway, via the USPS.com® website.

IMM Revision: Postage Payment Methods

Effective November 5, 2012, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) part 152 to better identify and define various postage payment methods, including postage stamps, postage meter imprints, postage validation imprint (PVI) labels, Forever Print-on-Demand Indicia labels, and PC Postage® imprints.

[Switch the order of sections 152.2 and 152.3, so that “Computing Postage” is the title of 152.2 and “Stamps” is the title of 152.3. Revise the renumbered 152.3 in its entirety to read as follows:]

152.3 Stamps

152.31 Types of Stamps

The following types of stamps may be used to pay for postage and fees for extra services listed under chapter 3 for all single-piece international mail transactions:

- a. *Denominated postage stamps*: A denominated postage stamp’s value is based on the dollar amount that is printed on the stamp. Any denominated postage stamp issued by the United States, unless listed in DMM 604.1.3, is valid for postage.

- b. *Nondenominated postage stamps (excludes precanceled stamps under 152.33)*: A nondenominated postage stamp’s value is linked to its domestic postage issue price (e.g., the *Antique Toys* stamp, issued on June 7, 2002, has a postage value of 37 cents). A complete listing of nondenominated postage stamps is available in Quick Service Guide (QSG) 604a found online at <http://pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf>.

- c. *Nondenominated semipostal stamps*: Nondenominated semipostal stamps (e.g., *Stop Family Violence* or *Breast Cancer Research*) are sold at a price that exceeds the postage value of the stamp, with the amount exceeding postage going to the stated cause. Only their value (at the time of purchase) may be used to pay postage. A complete listing of these semipostal stamps and their issue price is available in QSG 604a found online at <http://pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf>.

- d. *Forever Stamps*: A Forever stamp’s value is linked to the domestic First-Class Mail single-piece 1-ounce letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how its price may change in the future.

152.32 Additional Postage for Nondenominated Postage Stamps or Forever Stamps

Since international postage prices are always higher than the comparable domestic postage prices, mailers who affix a single nondenominated postage stamp or a *Forever* stamp to their outbound mailpieces must add additional postage to comply with the international price schedule.

152.33 Precanceled Stamps

Except for the “Nonprofit Org.” variant, mailers may use precanceled stamps for only IPA mailings (see 292.333) and ISAL mailings (see 293.333). The same conditions that are applicable to domestic mail under DMM 604 apply.

[Renumber existing 152.4 as 152.6 and insert new 152.4 and 152.5 to read as follows:]

152.4 Postage Meters, Postage Validation Imprints (PVI), Forever Print-on-Demand Indicia, and PC Postage

Postage meter imprints, postage validation imprint (PVI) labels, Forever Print-on-Demand Indicia labels, and PC Postage imprints are collectively identified as “postage evidencing systems.” A postage evidencing system is a device or system of components that a customer uses to print evidence that postage required for mailing has been paid. Postage evidencing systems print indicia, such as meter imprints or information-based indicia (IBI), to indicate postage payment. Mailers may print these indicia directly on a mailpiece or on a label that is affixed to a mailpiece to pay postage and fees for extra services (see chapter 3) for all single-piece mail transactions. In addition, postage meters may also be used to pay for the “per piece price”

portion of IPA (see 292) and ISAL (see 293) mailings. For additional information, including a listing of authorized postage meter and PC Postage providers, see DMM 604.4.

152.5 Additional Standards for Forever Print-on-Demand Indicia Labels

Mailers may use the USPS-produced Forever Print-on-Demand Indicia labels, which bear an information-based indicia (IBI) and the word “Forever,” in the same way as the Forever stamp described in 152.31d.

Handbook AS-353 Revision: Two New Mail Information Programs

The Postal Service™ is enhancing our customers’ visibility of their mailings by launching two new programs in 2012. The first program will automate the process to provide business mailers with mailpiece induction information. The tracking of these mailpieces will use the 11-digit ZIP Code™ and/or an Intelligent Mail® barcode. The second will strengthen the digital relationship with consumers and aid all customers with package tracking and visibility within the Postal Service network and through other carrier networks.

Lastly, in regards to the system manager title update, there is a continuing need to reflect changes in the identity or title of responsible officials.

Handbook AS-353, *Guide to Privacy and the Freedom of Information Act*, was revised to include these modifications, which were published in the *Federal Register* on August 3, 2012 (77 FR 46528–46529).

Publications

Publication 75, Mover's Guide, News

What's New?

As of October 1, 2012, recycle any old copies of Publication 75, *Mover's Guide*. All Post Offices should receive the new October – December 2012 issue of Publication 75 by September 30, 2012. Similar to last quarter's shipment, the total quantity of *Mover's Guide* copies sent to your facility may have been reduced. In an effort to reduce waste and account for more customers submitting change-of-address orders online, fewer *Mover's Guide* copies are needed. There are several things you can do to conserve as well:

- Make sure customers are aware that USPS.com® is the most convenient, safe, and secure way for customers to submit a change-of-address order.
- Encourage carriers to take ICOA message cards on their routes instead of *Mover's Guide* copies.
- Give *Mover's Guide* copies out to *moving* customers only.

Important Reminders

- Copies of *Mover's Guide* must be kept *behind the counter ONLY*, not in inner or outer lobbies or on clerk counters.

System Manager(s) and Address

Stop Sending Copies of PS Form 8176, Premium Forwarding Service Application, to Headquarters

Offices are no longer required to send a copy of PS Form 8176, *Premium Forwarding Service® (PFS®) Application*, to Headquarters (HQ). In 2005, the application was a four-part form and "Distribution: Copy 3 — HQ" was sent to Headquarters. The form has been revised multiple times and "Distribution: Copy 3 — HQ" has not been a part of the application for several years, but we continue to get copies of the application. Many offices continue to use the 2005 or 2006 edition of the form, and others are making copies of "Distribution: Copy 1 — Post Office" and sending it to HQ.

Please use the most current, January 2011, edition of the form. It has a new format and the Terms and Conditions have been updated. You can order the current edition of the form from the Material Distribution Center and use touch-tone order entry (TTOE). Call 800-273-1509.

Note: You must be registered to use TTOE. To register, call 800-332-0317, option 1, extension 2925, and follow the prompts to leave a message. (Wait 48 hours after registering before placing your first order.)

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in *italics* under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Sustainability

Convert Post Office Lobby Waste Receptacles to Recycling Receptacles

Your Post Office™ can promote recycling by participating in the Discarded Lobby Mail Recycling Program. Reduce your solid-waste disposal costs and increase revenue by converting the built-in, lobby waste receptacles to recycling receptacles. It's easy — just apply Label 891, *Please Recycle: Paper Only*, to your waste receptacles.

Label 891 can be applied to the existing Carolina cabinets with the word "Waste" on the swinging door and to the new cabinets, with no swinging door and a slot for inserting paper. By retrofitting cabinets, postmasters can reduce costs significantly — as long as they have access to recycling services for paper waste.

By offering customers the opportunity to recycle their discarded mail in the lobby, the Postal Service™ can play an important role in meeting customers' environmental expectations. For further information and for a copy of the Retrofit Guide for Built-in Cabinetry, go to http://blue.usps.gov/sustainability/earthday/ordering_green_supplies.htm or send an e-mail to sustainability@usps.gov.

Use the eBay on-catalog requisition system to order Label 891 from the Material Distribution Center (MDC). Search for items using the PSN number listed here (without the dashes). If your office doesn't have access to eBay, order using touch-tone order entry (TTOE): Call 800-273-1509.

You must be registered to use TTOE. To register, call 800-332-00317, option 1, extension 2925, and follow the prompts to leave a message. (Wait 48 hours after registering before placing your first order.) For complete TTOE ordering instructions, see the document at http://blue.usps.gov/purchase/_doc/ops_ttoeins.doc or call 800-332-0317, option 4, option 4

Built-in Cabinetry Recycling Containers

To promote the USPS® Green commitment, we are encouraging Post Offices™ to participate in the recycling program. By converting built-in waste receptacles to recycling receptacles, offices can reduce their trash volume costs and increase revenue.

You can offer your customers a place to recycle their paper waste in retrofitted waste receptacles. Use Label 891, *Please Recycle: Paper Only*, and these containers to collect the recyclable material and reduce solid waste in your lobbies. See “Convert Post Office Lobby Waste Receptacles to Recycling Receptacles” on page 61.

Containers come in two sizes:

- 7-gallon container (19½" long x 15 3/8" wide x 14½" high).
- 14-gallon container (14½" long x 10½" wide x 15" high).

The Postal Service™ can make significant reductions in its solid waste disposal costs if customers recycle their mail and paper waste. By offering customers the opportunity to recycle their mail and paper in the lobby, the Postal Service can also play an important role in meeting customers' environmental expectations.

Affected postmasters should use the eBay on-catalog requisition system to order the recycling containers from the MDC. Search for items using the PSN number listed below (with the dashes). If your office doesn't have access to eBay, order using touch-tone order entry (TTOE): Call 800-273-1509.

Note: You must be registered to use TTOE. To register, call 800-332-00317, option 1, extension 2925, and follow the prompts to leave a message. (Please wait 48 hours after registering before placing your first order.) For complete TTOE ordering instructions visit the Materials Customer Service website at http://blue.usps.gov/purchase/_doc/ops_ttoeins.doc or call 800-332-0317, option 4, option 4.
