Regulations for Proper Flag Display

The regulations for the proper display of flags are contained in Part 47 of the *Administrative Support Manual* (ASM). Selected sections are reprinted here so that Postmasters can ensure that the American flag, the Postal Service™ flag, and the MIA-POW flag are displayed properly. To read all of the regulations concerning the display of flags at Postal Service facilities, click on <http://blue.usps.gov/cpim/ftp/manuals/asm/asmtc.pdf>.

Administrative Support Manual (ASM)

47 Flags

471 Flags at Postal Facilities

471.1 Which May Be Displayed

Except as governed by host facilities as noted in 472.21, the only flags to be displayed at postal facilities are the flag of the United States of America, the Postal Service flag, the POW-MIA flag, and, when authorized by the vice president of Corporate Communications, flags directly related to the programs, missions, and activities of the United States Postal Service. Flags of states, commonwealths, or local governments must not be displayed.

471.2 Relative Placement

471.21 When Displayed on Flagstaffs

Other flags are flown below the U.S. flag if displayed on the same flagstaff and at the same level or lower if displayed on a separate flagstaff. When the U.S. flag is flown at half-staff, all other flags are to be at half-staff also.

471.22 When Displayed on Speaker's Platform

When the United States flag and the Postal Service flag are displayed on a speaker's platform in an auditorium, the United States flag must occupy the position of honor and be placed at the speaker's right as the speaker faces the audience, with the Postal Service flag at the speaker's left.

472 U.S. Flag Display

472.1 Regulations for Proper Display

472.11 Placement

If the flag of the United States is not flown from a vertical flagstaff, the following regulations apply:

- a. When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony, or front of a building, the union of the flag (blue field

and stars) must be placed at the peak of the staff unless the flag is at half-staff.

- b. When the flag is suspended over a sidewalk from a rope extending from a building to a pole at the edge of the sidewalk, the flag must be hoisted out, union first, from the building.
- c. When the flag is displayed otherwise than by being flown from a staff, it must be displayed flat, whether indoors or out, or so suspended that its folds fall as free as though the flag were staffed.

472.12 Respect

No disrespect may be shown to the flag of the United States of America. It must never:

- a. Be dipped to any person or thing.
- b. Be displayed with the union down save as a signal of dire distress.
- c. Be used as drapery of any sort whatsoever, never festooned, drawn back, nor up in folds, but always allowed to fall free.
- d. Touch anything beneath it, such as the ground, the floor, water, or merchandise.
- e. Be fastened, displayed, used, or stored in such a manner as will permit it to be easily torn, soiled, or damaged in any way.
- f. Be used as a covering for a ceiling.
- g. Have placed upon it, nor on any part of it, nor attached to it any mark, insignia, letter, word, figure, design, picture, or drawing of any nature.
- h. Be used as a receptacle for receiving, holding, carrying, or delivering anything.

472.13 Raising and Lowering

472.131 Full Staff

As soon after sunrise as practicable, the flag must be hoisted briskly to the peak of the staff. Care must be taken that it not touch the ground. The flag must always be displayed with the union (blue field) at the peak of the staff (unless the flag is at half-staff). No later than sunset the flag must be lowered ceremoniously and not allowed to touch the ground. It must be folded or rolled carefully and stored where it will not be soiled or otherwise damaged. If the flag is wet when taken down, it must be carefully spread out and allowed to dry thoroughly before being stored.

472.132 Half-Staff

Displaying the flag at half-staff means lowering the flag to half the distance between the top and bottom of the staff. The flag must first be hoisted to the peak of the staff and then slowly lowered to half-staff. When the flag is lowered for the day, it must be raised again to the peak and then lowered slowly before being stored for the night. When the flag is displayed at half-staff during a period of mourning, it must be so displayed on all days included in such period.

472.14 Bad Weather

During severe weather when it is probable that the flag will be damaged, it should not be flown.

472.2 Postal Display**472.21 Where Displayed**

The flag of the United States must be displayed on stationary flagstaves at all Post Offices, branches, stations, terminals, garages, and postal facilities, including leased and rented premises. If the Post Office unit is located in a facility operated by the General Services Administration, that agency's regulations on the display of the flag govern. If the Post Office unit is located on a military reservation, the military regulations on the display of the flag on the reservation govern.

472.22 When Displayed

When employees are on duty in a postal facility, the flag must be displayed except in severe weather as noted in

472.14. It is raised as soon after sunrise as practicable and lowered at the time of closing or no later than sunset.

472.23 When Displayed Half-Staff**472.231 Specific Days**

When the flag is being displayed, it must be flown at half-staff (see 472.132) on the following dates:

May 15	Peace Officers Memorial Day (see note 1 below)
Last Monday in May	Memorial Day Observed (see note 2 below)
December 7	National Pearl Harbor Remembrance Day

Note 1: When May 15, which is the date for Peace Officers Memorial Day, falls on the third Saturday in May, which is the date for Armed Forces Day, the Postal Service follows the regulations in the United States Code (36 U.S.C. 175) and flies the U.S. flag in the full-staff position, *not* at half-staff.

Note 2: On the last Monday in May, when Memorial Day is observed, the flag must be flown at half-staff from sunrise, or the hour at which it is raised, *until 12 noon*, and then hoisted to the peak of the staff, where it must be flown until the time of closing or no later than sunset.

472.232 Deaths of Prominent Persons

When the flag is being displayed, it must be flown at half-staff on the death of any person as indicated in Exhibit 472.232.

Exhibit 472.232 Half-Staff Display on Death of a Prominent Person

- a. On days proclaimed by the president of the United States.
- b. The heads of government departments and agencies may direct that the flag be flown at half-staff on buildings, grounds, etc., under their jurisdiction on occasions other than those specified which they consider proper. The vice president of Corporate Relations notifies area, district, and plant managers by either broadcast fax or electronic mail of such an order. They, in turn, notify the heads of all postal facilities reporting to them.
- c. The flag may be displayed at half staff on days when funerals of returned war dead are being held locally, when the flags on municipal, county, or state buildings and business establishments generally are being displayed in that manner.

IMM Revision: Adding Curacao and Sint Maarten as Separate Country Listings

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) sections 213.5, 292.452, 293.452, the Index of Countries and Localities, the Country Price Groups and Weight Limits, and the Individual Country Listings to eliminate the Netherlands Antilles and to add the independent countries of Curacao and Sint Maarten (previously noted as “Saint Maarten”).

In 2011, the Universal Postal Union (UPU) notified member countries via International Bureau Circulars that the Netherlands Antilles ceased to exist as a separate entity. Curacao and Sint Maarten are now independent countries within the Kingdom of the Netherlands, while Bonaire, Saba, and Sint Eustatius (previously noted as “Saint Eustatius”) are now known collectively as the Dutch Caribbean. Because the designated operator for Curacao also provides postal services to islands of the Dutch Caribbean, information concerning those destinations will be included in the relevant listing for Curacao.

Consequently, from the IMM we will remove references to the Netherlands Antilles and will add references to Curacao and Sint Maarten in the appropriate sections. However, we will retain one reference to the Netherlands Antilles in the Index of Countries and Localities, but just for a reasonable period of time so that customers can adjust to these governmental changes. Then we will remove the index reference to the Netherlands Antilles.

All mailing services and standards that currently apply for the Netherland Antilles will apply to Curacao and Sint Maarten.

IMM Revision: New Preparation Requirements for Priority Mail Express International Shipments

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* sections 222.4, 222.5, 224, and various Individual Country Listings (ICLs) to reflect preparation requirements for Priority Mail Express International™ shipments. We are revising the preparation requirements because of the soon-to-be-released combined shipping label and customs form — PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form* (July 2013) — for Priority Mail Express International shipments.

The revised text in this article reflects preparation requirements for both the PS Form 2976-B as well as Label 11-B, *Express Mail Post Office to Addressee*, dated March 2004 — note that the soon-to-be-released edition of Label 11-B dated July 2013 *cannot* be used with international mail. Eventually, only PS Form 2976-B will be acceptable for Priority Mail Express International shipments, and a subsequent *Postal Bulletin* article will announce when the March 2004 of Label 11-B will no longer be authorized.

Also, since PS Form 2976-B combines the shipping label and customs form into a single form, customers may use this form on the USPS®-produced Priority Mail Express International Flat Rate Box (item EM-FRB1), as noted in the revised text for IMM 222.4.

Finally, the revision text in this article reflects the renaming of “Express Mail International” service to “Priority Mail Express International” service, as noted in the article titled “IMM Revision: Renaming of Express Mail International to Priority Mail Express International” in this edition of the *Postal Bulletin*.

	*	*	*	*	*

[Revise the Note to read as follows:]

Note: The USPS-produced Priority Mail Express International Flat Rate Box, Item EM-FRB1, is nonmailable when paid at the retail price using shipping Label 11-B, *Express Mail Post Office to Addressee* (dated March 2004), due to size constraints and to ensure compliance with 123.61b. This standard does not apply when payment is made using a permit imprint under 223.22 or online postage under 223.24, or when using PS Form 2976-B or other online combined shipping label and customs forms under 224.12.

* * * * *

222.5 Customs Forms Required

[Revise 222.5 to read as follows:]

Customs forms requirements are as follows:

- Mailers using shipping Label 11-B, *Express Mail Post Office to Addressee* (dated March 2004): See the Individual Country Listings for the required customs form.
- Mailers using PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*, or other USPS-produced online combined shipping label and customs forms: No additional customs forms are required because customs information is incorporated into the form for the mailers to complete.

Mailers are responsible for determining customs requirements and complying with them. Before mailing merchandise, mailers should confirm whether an import license is required for that class of goods.

* * * * *

224 Mail Preparation

[Revise 224 to read as follows:]

224.1 Preparation by Sender

224.11 Using Label 11-B

Prior to mailing, the sender must do the following:

- Complete the “From” and “To” portions of Label 11-B, *Express Mail Post Office to Addressee* (dated March 2004), for each piece of mail and affix the completed label to each piece.
- To determine if a customs forms is required, see the Individual Country Listings. If a customs form is required, prepare and affix (or enclose) the appropriate customs form to the piece of mail.

224.12 Using PS Form 2976-B or Other USPS-Produced Online Combined Shipping Label and Customs Form

Prior to mailing, the sender must do the following:

- a. Enter both the sender's and addressee's full name and full address in the blocks provided. Provide the sender's telephone/fax number or email address.
 - b. In block (1), enter, if applicable, a USPS corporate account (USPSCA) number, federal agency account number, or Postal Service account number for payment by account.
 - c. In block (2), check all applicable boxes to indicate whether the package contains a gift, documents, commercial samples, or other items. Check the box for "Dangerous Goods" if the shipment contains mailable dangerous goods.
 - d. In block (3), enter the applicable Automated Export System (AES) Internal Transaction Number (ITN) or AES Exemption.
 - e. In block (4), provide a detailed description, in English, of each article. General descriptions such as "food," "medicine," "gifts," or "clothing" are not acceptable. In addition to the English text, a translation in another language is permitted. If there is insufficient space on the form to list all contents, use a second form (and additional forms, if necessary) to continue listing the contents, and indicate on the first form that the contents are continued on a subsequent form(s). When using this option, customers must ensure that the barcodes on the subsequent forms are *totally obliterated* to avoid multiple barcodes being assigned to the package. Place all forms listing the contents into PS Form 2976-E (plastic envelope).
 - f. In blocks (5), (6), and (7), enter the quantity, net weight (in pounds and ounces), and value (in U.S. dollars) of each article.
 - g. In block (8), enter, if known, the 6-digit Harmonized Tariff Schedule number, which is based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization.
 - h. In block (9), enter the "Country of Origin," which is the country where the goods originated — i.e., where they were produced/manufactured or assembled.
 - i. In block (10), enter the total weight (in pounds and ounces) of the package, including packaging (the total weight is used to calculate postage), and enter the total value in U.S. dollars.
 - j. In block (11), sign and date the form. The sender's signature certifies that all entries are correct and that the item contains no undeclared dangerous, prohibited, or restricted contents per postal, customs, or destination country regulations.
 - k. In block (12) and (13), enter the applicable number if the item requires a sender's customs reference or importer's reference.
 - l. In blocks (14), (15), and (16), enter license, certificate, and/or invoice number, if applicable.
 - m. Insert the completed form(s) into PS Form 2976-E (plastic envelope) and affix PS Form 2976-E to the address side of the package.
 - n. Allow the Postal Service employee to complete PS Form 2976-B as described in 224.2.
- 224.2 Preparation by Acceptance Employee**

IMM Revision: Items Improperly Deposited Bearing a Retail Customs Form

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) sections 123.712 and 123.722 to clarify that any item bearing a retail customs

form that is not accepted by an authorized employee will be returned to the sender.

The current standard provided in IMM 123.72 stipulates that the Postal Service will return to the sender an improperly deposited item that weighs 16 ounces or more bearing a

customs form. In reality, this standard applies regardless of weight, as noted in IMM 225.12, 235.12, 245.12, and 255.12.

Consequently, we are revising IMM 123.722 to reflect this change for PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*, and we are adding this standard to IMM 123.712 for PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*.

IMM Revision: New Minimum Quantities for Certain International Mailpieces Paid By Permit Imprint

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* section 152.63 to provide two additional options for mailers to meet the 200-piece or 50-pound minimum requirement for Global Express Guaranteed®, Priority Mail Express International™, Priority Mail International®, or First-Class Package International Service™ items. Under our current mailing standards, mailers must satisfy either the 200-piece or the 50-pound minimum quantity requirement for each mail class. These revised standards will provide greater flexibility and ease-of-use to international mailers who pay by permit imprint. The two new options are as follows:

- The mailer may submit multiple items totaling at least 200 pieces or 50 pounds combined from other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service

items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

- The mailer may submit any quantity of permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items, provided that the mailer also submits at the same time either a qualifying domestic permit imprint mailing under *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* 604 or 705, or a qualifying international mailing of First-Class Mail International®, International Priority Airmail™ (IPA®), or International Surface Air Lift® (ISAL®) items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.63 Usage Criteria

[Revise 152.63 in its entirety to read as follows:]

152.631 Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service

For Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries as follows:

- The minimum for items from one mail class is 200 pieces or 50 pounds. The mailer must submit the appropriate postage statement for the mail class.
Note: The mailer may submit mailings for more than just one mail class, but the mailing for each mail class must meet the minimum of 200 pieces or 50 pounds, and the mailer must submit a postage statement for each mail class. If a mailing for a mail class does not meet the minimum requirements, the mailer may qualify to use a permit imprint for international items under items 152.631b or 152.631c.
- If the mailer fails to meet the minimum requirement for one mail class (see 152.631a), the mailer may submit items from multiple mail classes totaling at least 200 pieces or 50 pounds combined from the various mail classes. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.
- If the mailer fails to meet the minimum requirement for either one mail class (see 152.631a) or multiple mail classes (see 152.631b), the mailer may submit international permit imprint mailing items with any qualifying domestic permit imprint mailing under DMM 604 or 705, or with any qualifying international

permit imprint mailing under 152.632 or 152.633 with no minimum quantity requirement. The mailer must physically separate the items by mail class, must submit a separate postage statement for each mail class, and must present both the international permit imprint mailing and the qualifying domestic permit imprint mailing at the same time.

152.632 First-Class Mail International

For First-Class Mail International items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries only when a mailing contains a minimum of 200 pieces or 50 pounds of First-Class Mail International service items. In contrast to 152.631b, the mailer may not combine First-Class Mail International service items with items from other international mail classes, and in contrast to 152.631c, the mailer may not combine First-Class Mail International service items with domestic mail classes to reach the minimum quantity requirement.

Note: As discussed in 152.631c, a mailer who meets the minimum requirements for First-Class Mail International service items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.633 IPA and ISAL

See 292.23 and 293.23 for the minimum quantity requirements that govern the entry of International Priority Airmail (IPA) items and International Surface Air Lift (ISAL) items, respectively.

Note: As discussed in 152.631c, a mailer who meets the minimum requirements for IPA or ISAL items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.634 M-bags

Note: For M-bag mailings (see 260), no minimum quantity requirement applies.

IMM Revision: Renaming of Express Mail International to Priority Mail Express International

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* to rename “Express Mail International®” to “Priority Mail Express International™,” to rename domestic “Express Mail®” to “Priority Mail Express™,” and to rename “Express Mail Corporate Account (EMCA)” to “USPS Corporate Account (USPSCA).”

This renaming is consistent with the notice the Postal Service filed on April 24, 2013, with the Postal Regulatory Commission (PRC) (Docket Number MC2013-45) titled “Notice of the United States Postal Service of Minor Classification Change” regarding the renaming of all Express Mail and Express Mail International items. This request was subsequently approved by the PRC in ORDER NO. 1713 on May 13, 2013.

The Postal Service is making changes to the expedited product line to enhance value and to simplify the product names. We are renaming the current expedited product offering (Express Mail service) to build on the brand awareness of Priority Mail service and to improve competitiveness and market share. We are redesigning USPS-produced packaging with the new product name — however, customers may use existing stock until depleted.

The same mailing requirements that applied to Express Mail International service will apply to Priority Mail Express International service.

In the IMM, there will be few substantive changes caused by the renaming to “Priority Mail Express International,” and we will publish such substantive changes in the *Postal Bulletin* (including in this issue). For the most part, the text will remain the same except for the appropriate revisions reflecting the new service names of “Priority Mail Express International” (including for the title of subchapter 220), “Priority Mail Express” (when referencing the domestic service), and “USPS Corporate Account (USPSCA).” These appropriate revisions will appear in more than a thousand places throughout the IMM.

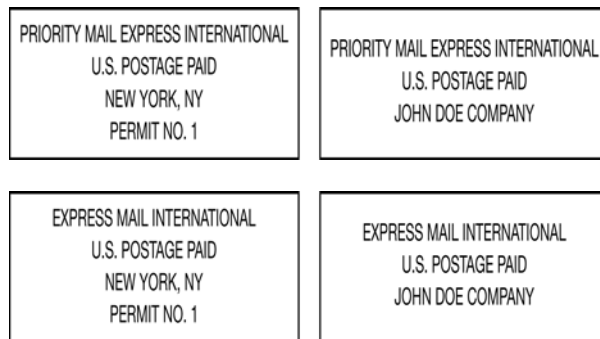

In addition, in IMM Exhibit 152.64, we will provide two examples of indicia for Priority Mail Express International service. Note that the current indicia indicating “Express Mail International” is authorized through January 26, 2014 — however, permit imprint mailers are encouraged to update their indicia information to “Priority Mail Express International”, effective July 28, 2013, or as soon thereafter as possible before the deadline of January 26, 2014.

Handbook EL-312 Revision: Parts 745 through 747

Effective June 13, 2013, the Postal Service™ is revising Handbook EL-312, *Employment and Placement*, Parts 745 through 747 with updates as follows:

- 745.1 is updated to show the new title of Handbook F-15-A and to delete the exceptions paragraph. This now aligns with relocation policy in F-15-A, which states that there are no deviations to the relocation policy.
- 745.2 is slightly reworded to better state who is responsible for funding allowable travel expenses for review committee members to meet and conduct interviews.
- 746 is revised to clarify that exceptions to selection policies must be approved by the functional officer for Headquarters and Headquarters Field Unit positions.
- 747.2 is revised to update item “b” to show that when 10 or fewer applications are received, the selecting official determines the need for a review committee. It also eliminates item “d” which states that the selecting official notifies non-selected candidates in writing (the HRSSC now initiates this notification electronically), and updates item “e” (formerly item “f”) to add veterans preference laws and regulations to the applicable selection principles.
- 747.3 updates item “a” since the vacancy file for the majority of vacancies is retained in eCareer. It also lists two additional responsibilities for the selecting official related to the vacancy file content and retention, and adds a reference to security clearance processing in item “d” (formerly item “b”).

Invalid Express Mail Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate an Express Mail Corporate Account (EMCA) number online. For all other locations, online EMCA validation is preferred. The online validation process is outlined in the EMCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Express Mail® shipments bearing an invalid EMCA number in the “Payment by Account” or “Agreement Number” section of the Express Mail label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/accepting-money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

B. Regardless of mail class, a customs declaration (PS Form 2976 or, if the customer prefers, PS Form 2976-A) is required for all items weighing 16 ounces or more or any item (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from an APO, FPO, or DPO ZIP Code. No customs form is required for items weighing less than 16 ounces when the contents are not potentially dutiable (e.g., documents). The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply:

- Known mailers are exempt from providing customs documentation on non-dutiable letters or printed matter. The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Displaying the U.S. Flag and the POW-MIA Flag

U.S. Flag at Half-Staff

How to Display

Displaying the U.S. flag at *half-staff* means lowering the flag to half the distance between the top and bottom of the staff.

Specific Dates

Display the U.S. flag at half-staff on the following days each year:

- May 15: Peace Officers Memorial Day (see note 1 below).
- Last Monday in May: Memorial Day Observed (see note 2 below).
- December 7: National Pearl Harbor Remembrance Day.

Note 1: When May 15, which is the date for Peace Officers Memorial Day, falls on the third Saturday in May, which is the date for Armed Forces Day, display the U.S. flag in the full-staff position, *not* at half-staff.

Note 2: On the last Monday in May, when Memorial Day is observed, display the flag at half-staff from sunrise, or the hour at which you raise it, until noon, and then hoist it to the peak of the staff, until the time of closing or no later than sunset.

POW-MIA Flag

How to Display

In relation to the U.S. flag, display the POW-MIA flag (and any other flag) as follows:

- If displayed on the same flagstaff, place it below the U.S. flag.
- If displayed on a separate flagstaff, place it at the same level or lower. If displayed at the same level, place it on the U.S. flag's left.

When flying the U.S. flag at half-staff, fly the POW-MIA flag (and any other flags) at half-staff also.

Specific Dates

Display the POW-MIA flag on the following days each year:

- Armed Forces Day: Third Saturday in May.
- Memorial Day: Last Monday in May.
- Flag Day: June 14.
- Independence Day: July 4.
- National POW-MIA Recognition Day: Third Friday in September.
- Veterans Day: November 11.

If any of these days fall on a nonbusiness day, display the POW-MIA flag on the last business day before the designated day.

For more detailed information about flying the U.S. flag and the POW-MIA flag, see the following parts in the *Administrative Support Manual (ASM)*:

- ASM 472, U.S. Flag Display.
- ASM 476, POW-MIA Flag Display.

Be Wi-Fi Aware — Use Caution with Wireless Hot Spots

Wireless hot spots provide great convenience for anyone traveling or working outside the office. But with the benefits come risks.

Hot spots provide a wireless access point (WAP) available to anyone with a laptop antenna. WAPs may not be secured, because the owners want to make this service available to as many users as possible. Hotels sometimes offer better security since they try to limit access to guests, while businesses like coffee shops usually provide none — meaning the WAP signal is not encrypted and thus easily intercepted.

According to the Computer Incident Response Team, a public WAP should never be used to perform private business, enter credit card information, or access bank accounts online. Using a WAP for these purposes leaves information vulnerable to theft by anyone else connected to that network.

When conducting USPS business outside the office, be sure to use the USPS® Virtual Private Network (VPN), which creates a secure, encrypted connection from a laptop back to the VPN device located inside the USPS network. When using the VPN, keep in mind that surfing the Internet or viewing personal email can pass malware into the Postal Service™ network.

Stamp Announcement 13-29: New England Coastal Lighthouses Stamps

© 2013 USPS

On July 13, 2013, in Portland, Maine; New Castle, New Hampshire; Narragansett, Rhode Island; New London, Connecticut, and Boston, Massachusetts, the Postal Service™ will issue the *New England Coastal Lighthouses* (Forever® priced at 46 cents) commemorative First-Class Mail® stamps in five designs in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 471200).

The stamps will go on sale nationwide July 13, 2013.

The sixth issuance in the popular U.S. Postal Service® *Lighthouse* series features five New England Coastal Lighthouses: Portland Head (Cape Elizabeth, Maine); Portsmouth Harbor (New Castle, New Hampshire); Point Judith (Narragansett, Rhode Island); New London Harbor (New London, Connecticut); and Boston Harbor (Boston, Massachusetts). Each stamp shows a close-up view of one of the five lighthouses that captures not only the down-to-earth aspect of the tower, but also the mysterious qualities that compel us to come closer. The stamp art for each of the lighthouses is a painting based on contemporary photographs. The *Lighthouse* series, begun in 1990, was designed by art director Howard E. Paine and painted by artist Howard Koslow. Greg Breeding was the art director for this issuance.

Distribution: Item 471200, New England Coastal Lighthouses (Forever® priced at 46 cents) Commemorative PSA Pane of 20 Stamps

Stamp distribution offices (SDOs) and stamp distribution centers (SDCs) will receive their standard automatic distribution quantity for a PSA pane of 20 stamps. Distributions are rounded up to the nearest master carton size of 40,000 stamps.

Initial Supply to Post Offices

SDOs/SDCs will make a subsequent automatic distribution to Post Offices™ of a quantity to cover approximately 45 days of sales. Post Offices may preorder these stamps 30 days prior to first-day-of-issue through the eBuy2 SEAM Catalog. However, offices should first check the website to determine the amount they will receive on their automatic push prior to placing a preorder: http://blue.usps.gov/purchase/assetmgnt/am_sdchome.htm. Post Offices should not sell the stamp prior to first-day-of-issue.

Sales Policy

All Post Offices should maintain a sufficient inventory level of this item until the stamp is officially withdrawn from sale. If supplies run low, Post Offices must reorder additional quantities using their normal ordering procedures.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Sustainability

Spill Prevention, Response, and Reporting Tips

Every day, Postal Service™ employees safely and responsibly work with hazardous materials such as oils, fuels, cleaning products, inks, and painting supplies. Some employees even handle and transport packages that may contain hazardous materials. Despite our best efforts, hazardous material spills can happen at any time. When it happens, the hazards can quickly escalate inside a facility and pose an even greater risk to the environment.

If you work with chemicals in the workplace, you must do everything possible to prevent spills from happening and know how to respond when a spill occurs. Your safety is the primary concern when a spill occurs. You also need to know what constitutes a “release to the environment” when determining the appropriate steps to take to comply with the environmental regulations for each situation.

What Does Spill Prevention Mean to the Postal Service?

Do you know what to do if you witness a spill? While safety should be your first concern, you also must know what to do in the event that a spill or release poses a threat to the environment. Spills can pose a threat to humans and the environment, especially if they are not managed properly. They can also threaten the ecology and economy of our communities and even shut down Postal Service operations. Environmental spills can be costly, requiring significant time, money, and resources to contain, control, and clean up.

What Can You Do?

Follow Postal Service procedures on the Office of Sustainability website for handling spills and releases. Even a small incidental spill that poses very little risk requires internal notifications, training, chemical safety information, personal protective equipment, safe work practices, and proper disposal. Chemical releases require a detailed assessment by trained facility personnel to determine if they can be handled safely or if emergency response services are needed. Examples include leaking storage tanks,

containers or transformers, a vehicle accident or malfunction that creates a leak, or a leak or spill that enters a floor drain or storm drain.

Note: Any spills beyond your control demand swift evaluation to ensure the appropriate professional responders are contacted. Such incidents will always require reporting and may even call for building evacuation.

What Should Employees Know?

Spill prevention is the best medicine. If you work with chemicals in the workplace, take an active role in spill prevention including:

- **Practice Spill Prevention.** Identify areas where spills can occur, including drainage points, and implement procedures to prevent them.
- **Verify Spill Response Procedures.** Review the adequacy of spill response procedures and the spill kit used for clean-ups.
- **Train Employees Who Accept Hazardous Materials.** Make sure that only authorized and trained employees accept hazardous materials deliveries.
- **Be Prompt with Notices.** Be on the lookout for small leaks before they become big problems. Notify your supervisor when a spill or release has occurred. Your supervisor will then report “releases to the environment”, using PS Form No. 8187, *Hazardous and Regulated Substance Release Notification*.
- **Keep Out of Harm’s Way.** Under no circumstance should you do anything that could put yourself at risk or in harm’s way.
- **Collect Details on Spill Events.** If you are reporting a spill, you must be specific about the incident. Report where the material spilled, how much, what or who may be affected, when it was detected, and the cause, as well as those contacted, etc.
- **Report Spill Data Properly.** Reporting must be done in accordance with regulatory timetables. When in

doubt, contact the Office of Sustainability for guidance.

- **Oil Sheens Require Immediate Reports.** If you see a spill to a waterway, including oil spills that cause a “sheen” upon, or discoloration of water, the EPA requires immediate notification.
- **Contact the Fire Department for Risky Releases.** When in doubt about the risks posed by a spill, contact your local Fire Department.
- **When in Doubt, Report It.** Failure to notify the appropriate authorities of spills or releases to the environment that exceed regulatory thresholds is a violation. When you’re in doubt about whether a spill is reportable, report it!

Where Can You Find Additional Information?

- For information on Oil Spills and Hazardous Substance Releases spill reporting, visit the USEPA Emergency Management site at:

<http://www.epa.gov/osweroe1/content/reporting/index.htm>. **Note:** State agencies often have their own notification timetables.

- For more information on Postal Service spill reporting and response procedures, visit the USPS Sustainability site at: <http://blue.usps.gov/sustainability/welcome.htm> and http://blue.usps.gov/sustainability/environmental/spills_and_regulatory_reporting.htm.
