## Energy Action Month 2015 — Actions Speak Louder than Words

The U.S. Postal Service® has been committed to saving energy and reducing our impact on the environment for a long time now. We have a rich history of setting goals to reduce our impact. We know that our goals can't be achieved in a day, but will take years of concentrated effort. Additionally, goals cannot be simply words on paper — they must be taken to heart and turned into action.

Our current sustainability goals, which were formulated in the early 2000s, are an example of that long-term thinking. Included in these goals is our energy reduction goal. The target was 30 percent reduction by 2015. Through the hard work of our employees, the U.S. Postal Service reduced facility energy usage 31.4 percent from 2003 to 2014. This means that we achieved our goal one year early and exceeded the target.

Our other goals include greenhouse gas reduction targets — the objective is to reduce emissions 20 percent by 2020. To date, we have achieved a 13.3 percent reduction and are well on our way to realizing this goal.

This coming year is a time we will examine our successes and identify areas of opportunity to formulate new goals for the next decade. We are embarking on a process to update not just our energy-related goals, but our sustainability goals. Additionally, to better align our organization to our federal peers, we've decided to readjust our goals this year to reflect a new timeframe.

We will purchase new vehicles for both mail delivery and non-mail hauling transport in the coming years. We will also invest in updates to our facility lighting and HVAC systems. As we make these changes, the electric grid in the U.S. will become cleaner, advancing us further in pursuit of our goals.

Look for more information about our revised goals in the coming months.

I would also encourage our employees and customers to make goals to reduce energy consumption at home. Whether you decide to reduce your family's water use or decrease your home's heating impact this winter, there are a number of affordable ways to take action.

Thank you for taking the time to commit to saving energy this Energy Action Month.

## Manuals

### ELM Revision: Employee Relations

Effective September 17, 2015, the Postal Service™ is revising the *Employee and Labor Relations Manual (ELM)* subchapter 630 to update current policy regarding the Ideas Program.

#### **Employee and Labor Relations Manual (ELM)**

\* \* \* \* \*

#### **6 Employee Relations**

\* \* \* \* \*

#### **630 Ideas Program**

\* \* \* \* \*

#### **631 Policy**

*[Revise the text of 631 to read as follows:]*

The Postal Service encourages its employees to contribute innovative ideas that will improve customer satisfaction, generate revenue, improve safety, increase productivity, reduce costs, and increase its viability in the marketplace. Evaluators must evaluate ideas promptly and act upon all suggestions in a timely and appropriate manner. (See 636, Processing Steps, for more information.)

\* \* \* \* \*

#### **633.33 Postmasters, Plant Mangers, and Installation Heads**

*[Revise the last sentence of 633.33 to read as follows:]*

\*\*\**(See Exhibit 636.)*

\* \* \* \* \*

#### **633.34 Managers and Supervisors**

*[Revise the text of 633.34 to read as follows:]*

Managers, including but not limited to, managers of distribution operations, managers of customer service operations, district department heads, and supervisors at all levels, are responsible for (a) implementing and administering the Ideas Program within their operations, departments, units, or sections; and (b) promptly performing evaluations and taking subsequent actions on any ideas submitted, assigned, or escalated to them or their staff via eIDEAS (see Exhibit 636).

\* \* \* \* \*

#### **633.35 Program Coordinators**

*[Revise the text of 633.35 to read as follows:]*

Program coordinators are non-bargaining unit employees designated by a vice president, executive, manager of human resources, or equivalent, who assist management with the administration of the Ideas Program in their functional area, area of operations, district, performance cluster, installation, department, or office.

Duties of an Ideas Program Coordinator include:

- a. Monitoring the progress of ideas within their scope, through the evaluation process.
- b. Ensuring all suggestions submitted by employees within the eIDEAS application are evaluated and acted upon in a timely and appropriate manner, including those assigned or escalated directly to the Ideas Program Coordinator.
- c. Reassigning ideas to new evaluators when necessary.
- d. Closing ideas that are ineligible, frivolous, or should otherwise be closed. (See 634.12 for a list of ineligible ideas.)
- e. Reviewing available status reports from eIDEAS and keeping managers informed of their Ideas Program performance and areas for improvement.
- f. Assisting employees by:
  - (1) Answering their questions about the program.
  - (2) Following up with evaluators.
  - (3) Entering ideas into eIDEAS on their behalf when access to a computer or some other impediment prevents them from doing so.

\* \* \* \* \*

#### **634.2 Engineering Criteria**

*[Delete the text of 634.2 in its entirety.]*

*[Add new 634.21 and 634.22 to read as follows:]*

#### **634.21 eIDEAS Submission**

The following special requirements apply to eIDEAS affecting controlled equipment:

- a. Suggested changes to new equipment will not be accepted until one year after the Last Production Unit Deployed (LPUG).

- b. All ideas affecting controlled equipment must be installed and tested on one piece of equipment, with local management approval.
- (1) The local site's personnel conduct the testing, which consists of a comparison of the modified equipment to the unmodified one.
  - (2) The local site may not have the capability to install the modification, which would be the case with many software or electronic changes. In these cases, local management may contact the Design Cognizant Organization (DCO) to provide support. The DCO will decide at that time if the Postal Service should support the effort.
- (c) You must remove all modifications within an eight-hour period after the test is completed or you've received disapproval of the submission.
- (d) No changes can be made that could affect the warranty of the equipment or any part of the equipment.

**Note:** Bring safety-related issues directly to the attention of local site maintenance and elevate as required through that organization.

#### **634.22 eIDEAS Implementation**

eIDEAS affecting controlled equipment will be forwarded to the appropriate DCO for evaluation. The DCO will generate a Change Request (CR), if the evaluation warrants it. The Postal Service Change Board (PSCB) must approve a CR before you may implement the change. If approved, the DCO will then determine the appropriate method of implementation. If the PSCB rejects the CR, then the local site must return the modified piece of equipment to its original

condition. This procedure maintains configuration control of deployed equipment.

There are several methods of implementing a CR. It may be included with other changes, produced as a field retrofit, or included only in newly manufactured machines. Changes may not be made in the same form as originally submitted, especially when combined with other modifications.

#### **634.3 Ineligible Ideas**

*[Revise the second sentence of 634.3 to read as follows:]*

\*\*\**(See 636 for eIDEAS processing steps.)*\*\*\*

#### **634.4 Ideas Submitted Previously**

*[Revise the last sentence of 634.4 to read as follows:]*

\*\*\**(See 636 for more information on requesting reevaluation of an idea.)*

*[Delete 635 in its entirety.]*

*[Rename 636 as 635 and revise the text to read as follows:]*

#### **635 Records**

Records of all formally submitted ideas are maintained in eIDEAS. Records for eIDEAS are retained as described in Handbook AS-353, *Guide to Privacy, the Freedom of Information Act, and Records Management*.

*[Rename 637 as 636 and revise the text and exhibit to read as follows:]*

#### **636 Processing Steps**

For a summary of the steps required for processing idea proposals, see Exhibit 636.

### IMM Revision: Foreign Office of Exchange Code for IPA and ISAL Service to Brazil

Effective September 17, 2015, the Postal Service™ is revising *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) Exhibits 292.45a and 293.45a to update the foreign office of exchange codes for International Priority Airmail® (IPA®) and International Surface Air Lift® (ISAL®) items sent to Brazil.

Periodically, the Postal Service receives such requests from foreign posts to facilitate operational needs. The foreign post in this case requested that these updates be implemented as soon as possible, in accordance with the *Universal Postal Union (UPU) International Bureau Circular (IBC) 180*, October 13, 2014. However, in order to provide mailers the time needed to make necessary logistical and software changes, we are not requiring this change from mailers until December 6, 2015. Nonetheless, in order to expedite delivery, mailers are encouraged to implement these changes immediately.

## International Registered Mail

### Tracking Suppression of Import Registered Mail

Effective October 1, 2015, the Postal Service™ will no longer offer visibility for international import Registered Mail™ items unless International Posts have upgraded to offer their customers U.S. Postal Service® products that come with visibility.

The International Posts which have upgraded to offer their customers Postal Service products that offer visibility are listed here: <http://faq.usps.com/?articleId=1437076354655>.

If tracking and delivery information features are important to customers, the Postal Service encourages International Posts to offer their customers postal products that offer visibility and other value-added services, including:

- ePacket or PRIME Express — service alternatives with visibility on <http://usps.com>; or

- Import Priority Mail Express International® (PMEI) or Priority Mail International® (PMI or Parcels), which offer:
  - End-to-end scanning and tracking (also known as “product visibility”);
  - Online customer service assistance and support; and
  - Delivery and Signature Confirmation for import PMEI, and Delivery Confirmation for import PMI.

As International Posts upgrade, they will be added to the list of countries providing tracking and delivery information for import Registered Mail items sent to the United States.

### Invalid USPS Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

**Note:** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

### Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Other Information

### Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/ijy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. ## How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at [www.usps.com/shop](http://www.usps.com/shop).

### Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

### Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their can-

celed items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Ser-

vices, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
