CyberSafe at USPS Presents National Cyber Security Awareness Month to Spotlight the Importance of Information Security

We now live in a world that is more connected than ever before. The Internet is a part of almost all elements of our daily lives. However, with this increased convenience and connectedness comes a responsibility to stay safe online. Our growing dependence on online communications is also a public concern. The challenges of cyber attacks and hacking demand greater security in our online activity. Acknowledging the importance of cybersecurity to the American public, President Obama has recognized October as National Cyber Security Awareness Month.

Created by the Department of Homeland Security (DHS), National Cyber Security Awareness Month is a month-long effort to promote Americans' understanding of basic cybersecurity to stay safe online. The CyberSafe at USPS™ website brings National Cyber Security Awareness Month to the Postal Service™, spotlighting important best practices to keep the cyberspace safe and secure.

"We've strengthened our security protocols across the network and will continue to make improvements," said Acting Chief Information Security Officer and Digital Solutions Vice President, Greg Crabb. "However, we also rely on employees to assist us. When you're online, it's important to stop and think before you click on links in emails and open attachments or give out personal information."

The National Cyber Security Awareness Month Campaign centers on the key motto: "Stop. Think. Connect." The catchphrase reminds the public to consider the security of their online activities before connecting to unknown websites, emails, or users. The campaign encourages us to consider the potential risks involved in our online practices at work and at home.

The CyberSafe at USPS website offers these key tips to enhance cybersecurity:

- *Protect passwords:* Use strong and unique passwords for USPS log-ins.
- *Communicate safely online:* Embed the #sensitive# encryption device within email subject lines for communications leaving USPS; use WinZip and passwords for internal communications.
- *Safeguard data:* Use encryption devices to secure sensitive and sensitive-enhanced information in transit and at rest.
- *Report threats:* Report suspicious activity you see at work (e.g., personnel without badges, doors open, suspicious emails, etc.) that could compromise USPS information security to the Computer Incident Response Team (CIRT), either by email at cybersafe@usps.gov or by phone at 866-USPS-CIRT (866-877-7247).

To help the Postal Service community navigate day-to-day security challenges, the CyberSafe at USPS website offers Online Security Tips, including how-to guides on crafting secure passwords, avoiding phishing scams, and maintaining secure emails. Additionally, the website is home to important communications and available training resources to help employees stay informed and connected to the USPS information security effort.

While National Cyber Security Awareness Month brings attention to the issue of information security, the responsibility to stay safe online is shared and continuous. Information security is a priority for us all in our daily lives at work and at home.

623 Withdrawal of Delivery Service

623.1 Suitable Receptacles

[Add second paragraph to 623.1 to read as follows:]

***The Postal Service may withdraw service to a delivery point if a customer does not provide a suitable mail receptacle in the postal-approved location for the delivery of mail after being so notified by local officials by PS Form 1507, *Request to Provide Mail Receptacle* (city delivery routes); by PS Form 4056, *Your Mailbox Needs Attention* (rural and highway contract routes); or by written communication.

[Revise the text of 623.22(b) to read as follows:]

- b. When porches are screened in or enclosed by other material, and are used as living or sleeping quarters, the screen or storm door is considered the entrance door to the house. In these cases, notify the customers that they must place their mail receptacle outside the door or provide a slot in the door.

* * * * *

[Add new 623.5 to read as follows:]

623.5 Vacant Delivery Points

The Postal Service may withdraw delivery service to vacant delivery points. A vacant delivery point is a delivery point where responsible personnel are aware the delivery point has been unoccupied for a period longer than ninety (90) consecutive days.

* * * * *

631 Modes of Delivery

631.1 General

[Revise the first sentence of 631.1 to read as follows:]

The Postal Service-approved modes of delivery available for all existing delivery points, newly established and extensions of delivery points, are described in 631.24.***

* * * * *

[Add new 631.2 through 631.244 to read as follows:]

631.2 Door Delivery

Door delivery may be provided to boxes located at or near the door of a business or residential delivery point, or through a door slot, with prior approval from the local Postmaster, only if the box or mail slot can be efficiently, safely, and conveniently served by the carrier.

Door delivery will generally not be available for new delivery points.

631.21 Sidewalk Delivery

Sidewalk delivery may be provided to boxes located near the public sidewalk. Options and requirements for sidewalk delivery, as directed by the Postal Service, are as follows:

- a. If the sidewalk abuts the curb or if other unusual conditions exist (e.g., excessive street parking) that make it difficult or impractical to install or serve boxes at the curblines, customers with these situations may be permitted to install all their boxes at the edge of the public sidewalk nearest the residence, where they can all be served by a carrier from the sidewalk.
- b. If the average lot frontage is 50 feet or less, the boxes must be located so that the carrier can serve them from the sidewalk. The boxes are not required to be grouped together.
- c. If the average lot frontage is over 50 feet and does not exceed 75 feet, the boxes must be installed in groups of at least two.
- d. If the average lot frontage exceeds 75 feet, CBUs must be installed.

631.22 Curbside Delivery

Delivery may only be provided to boxes at the curb with prior approval from the Postal Service, and so long as they can be efficiently, safely, and conveniently served by the carrier from the carrier's vehicle, and so that customers have reasonable and safe access. Mail receptacles may be grouped two to a property line, where possible.

631.23 Centralized Delivery

Centralized delivery service may be provided to call windows, horizontal locked mail receptacles, cluster box units

(CBUs), wall-mounted receptacles, or mechanical conveyors (mechanical conveyors are only for high-rise and multiple tenant buildings, and only if certain conditions are met; consult your Postmaster for details).

- a. *Delivery requirements:* CBUs and USPS STD 4C equipment may be approved for use at one or more centralized delivery points in a residential housing community or business location. The local postal manager must approve the mailbox sites and type of equipment. Boxes must be safely located so that customers are not required to travel an unreasonable distance to obtain their mail and to provide sufficient access to mailbox locations. Normally, it is appropriate for the receptacle to be within one block of the residence.
- b. *Centralized delivery addresses:* Centralized delivery mail receptacles (including USPS STD 4C equipment and CBUs, delivery centers, and postal centers) must be identified by the same addresses as the dwellings for which they serve as mail receptacles. The respective, conforming addresses should be displayed inside the boxes and visible only to the carrier and customer when accessing that receptacle. USPS does not assign addresses; however, the sequential ordering of any centralized delivery equipment is subject to USPS approval for operational efficiency and to accommodate special circumstances or requests for hardship delivery. For security or privacy, mailer associations or customer groups may use another alphanumeric identification system on the outside of receptacles that is not part of, or used in, the mailing address.

631.24 Newly Established or Extended Delivery Points

631.241 General

Newly established or extended business or residential customers must request and receive approval of the delivery location and mode of delivery from the local Postmaster or District designees. These deliveries will not receive mail delivery service until the mail receptacles are installed and the units and locations are approved by local postal management. Options and requirements for modes of delivery are directed by the Postal Service.

631.242 Newly Established or Extended Door Delivery Points

Door delivery will generally not be available for new delivery points. Approval for newly established or extended business or residential door delivery points must come from the Area Vice President or designee. The Area Vice President must report the number of granted requests for newly established or extended business or residential door deliv-

ery points to the Chief Operating Officer or designee quarterly.

631.243 Newly Established or Extended Sidewalk or Curbside Delivery Points

Sidewalk or curbside delivery is permitted for new or extended business or residential delivery points. The mail receptacle and location of the delivery points are approved by local postal officials in advance of the occupancy of the residence, business, or other site associated with the delivery points.

631.244 Newly Established or Extended Centralized Delivery Points

Centralized delivery is permitted for new or extended business or residential delivery points. The mail receptacle and location of the delivery point(s) are approved by local postal officials in advance of the occupancy of the residence, business, or other site associated with the delivery point.

[Re number existing 631.2 through 631.8 as new 631.3 through 631.9.]

631.3 Business Areas

[Revise the second and third sentences of 631.3 to read as follows:]

***The options are door, centralized, curbside, or sidewalk delivery, as directed by the Postal Service. Door delivery will generally not be available for new delivery points.

631.4 Residential Housing (Except Apartment Houses and Transient Mobile or Trailer Homes)

[Replace current 631.31 through 631.33 with new text for 631.4 to read as follows:]

The available options for residential areas, aside from apartment houses, transient mobile or trailer homes, colleges and universities, and other sites are covered under part 615. Delivery mode options are constrained by USPS policies and procedures, in light of the characteristics of the area to be served and the methods needed to provide adequate service. Delivery options are curbside, door, sidewalk, or central delivery. Door delivery is generally not available for new delivery points.

631.5 Exceptions

631.51 Extension of Service Within an Existing Block

[Revise the first sentence of 631.51 to read as follows:]

New deliveries built or established within a block of existing deliveries can only receive the same type of service as the older deliveries, subject to Postmaster approval and after consideration of Postal Service operational efficiencies.***

631.52 Hardship Cases

[Add new 631.52(e) to read as follows:]

- e. Hardship requests must be renewed annually by the customer and approved by the Postmaster.

631.53 Local Ordinances

[Revise the text of 631.53(a) to read as follows:]

- a. Central Delivery Service. See 631.23.

[Delete current 631.44 in its entirety.]

631.54 Apartment Houses**631.541 General**

* * * * *

631.542 Exceptions

[Revise the intro paragraph of 631.542 to read as follows:]

Delivery of mail to individual boxes in multiple residential buildings containing apartments or units occupied by different addressees are contingent upon USPS concluding the following requirements are met: Exceptions to section 631.941 requirements, which also require prior approval by USPS, are as follows:***

* * * * *

631.67 Noncity Delivery Offices

* * * * *

631.7 Conversion of Mode of Delivery

[Revise the second and third paragraphs of 631.7 to read as follows:]

***Postmasters may establish a mixed delivery area where in-growth or extensions of service within a block compel a change in modes of delivery for newly constructed or renovated delivery points. This policy applies to both residential and business delivery locations. When a residence is sold, the mode of delivery cannot be changed arbitrarily prior to the new resident moving in. The existing mode of delivery must be retained absent an agreement otherwise. If an owners' association or property management company represents the property or the community, it may request a change in the mode of delivery on behalf of the community or property. In rental areas, such as apartment complexes and mobile home parks, the owner or manager may request a conversion on behalf of the apartment complex, mobile home park, or other rental property. Approval is at the sole discretion of the Postal Service. Delivery will begin only after the approval of a mail receptacle and its location by the local Postmaster.

Where there is no homeowners' association or other property management company with authority to request a conversion on behalf of the owners, residents, or the community, customer signatures must be obtained prior to any conversion. In single-family housing areas (including manufactured housing and mobile homes) where the residences and lots are owned, each owner must agree to the conversion in writing. Owners who do not agree must be allowed to retain their current mode of delivery.

631.8 Correction of Improper Mode of Delivery

[Add new 631.81 and move the text from 631.8 to 631.81 to read as follows:]

631.81 General

In the event an improper mode of delivery is established or extended by a postal carrier or manager, the service will be withdrawn with a thirty (30) day advance notice to the affected customer(s), provided that the error is detected and the customer is notified within one (1) year. If the error

is not detected and the customer is not notified within one (1) year of the date delivery is established or extended, the improper service remains in place unless the customer consents to the delivery mode change or a delivery point with improper modes of delivery in a vacant delivery is first identified during the vacant period per section 623.5. When the new customer(s) in these vacant deliveries are identified by Postal Service management and informed (within the first 30 days of occupancy) that the current mode of delivery was established incorrectly and will need to be corrected.

[Add new 631.82 to read as follows:]

631.82 Refusal by Customer

If a customer refuses to accommodate the Postal Service's delivery mode determination by refusing to provide an approved mail receptacle or permit the Postal Service to install its own, General Delivery service may be provided at the nearest postal facility where the carrier delivery emanates or where may be otherwise available to the customer.

631.9 Military Installations

631.91 Family Housing

[Revise the text of 631.91 to read as follows:]

Delivery to family housing on military installations is effected in accordance with 611, 64, 65, or 66, whichever is appropriate.

631.92 Other Services — Agreement With the Military

* * * * *

631.93 Reference

* * * * *

632 Mail Receptacles

632.1 Customer Obligation

632.11 Responsibilities

[Revise the text of 632.11 to read as follows:]

Appropriate mail receptacles must be provided for the receipt of mail. The type of mail receptacle depends on the mode of delivery in place. Purchase, installation, and maintenance of mail receptacles are the responsibility of the customer. Appropriate locations for installation should be verified with local Postmasters. Customer obligations are as follows:

- a. In locations where door delivery has been authorized, customers must provide either house-mounted boxes that provide adequate protection and security for the mail and that are approved by the local Postmaster, or they must provide door slots (see 632.3).

- b. If curblin delivery is authorized, customers must erect curb-mounted receptacles that comply with USPS-STD-7b (see 632.5).
- c. If sidewalk delivery is authorized, customers must erect sidewalk-mounted receptacles that comply with USPS-STD-7b (see 632.5).
- d. If centralized delivery is authorized, customers must install mail receptacles that comply with USPS STD 4C Wallmounted Mail Receptacles or USPSB1118, Postal Service specification, Cluster Box Units (see 632.6).

Note: There is no local authority for the use of or approval of unauthorized centralized delivery equipment or centralized delivery systems. Contact Engineering or Delivery Post Office Operations at Headquarters for any necessary assistance.

* * * * *

632.13 Receptacles Not Required

[Revise the text of 632.13 to read as follows:]

Business complexes are not required to provide mail receptacles where door delivery was approved and authorized by the Postal Service and businesses are open to receive mail. If the offices are not open when the carrier arrives on normal service days, centralized mail receptacles must be provided.

* * * * *

632.2 Keys to Customer's Private Mail Receptacle

[Add new 632.21 and move the text from 632.2 to 632.21 to read as follows:]

632.21 General

Carriers are prohibited from accepting keys for locks on private mail receptacles, buildings, or offices, except where an electromechanical door lock system or a key keeper box located within convenient reach of the door is used. Both devices must incorporate an Arrow lock to access the key or device needed to gain entry to the building. If customers place locks on their receptacles, the receptacles must have slots large enough to accommodate their normal daily mail volume so that delivery may be made by the carrier without using a key.

[Add new 632.22 to read as follows:]

632.22 Locks and Keys

The Postal Service is responsible for providing every customer a compartment lock and three keys to his or her postal-owned Cluster Box Unit (CBU). No key deposits are required; advise customers that they may duplicate their keys at no expense to the Postal Service. Postal managers

must take the following actions in issuing and controlling locks and keys for postal-owned CBUs:

- a. Give all compartment keys to customers with a notice stating that the Postal Service keeps no duplicate keys and if they lose all the keys, the Postal Service will have to install a new lock at the customer's expense.
- b. If customers lose their keys, arrange for the repairs and charge the customer accordingly.
- c. Request that customers return all compartment keys to the Post Office when they move from their residence. When a customer moves, the Post Office should change the lock before reissuing the compartment. The new customer is not charged for the first lock and keys even though the Postal Service replaced it.
- d. When new centralized delivery equipment is installed, the keys may either be taped to the inside of the receptacle until the compartment is issued, or stored at the Post Office. A suggested method of

storage is to use P-570 envelopes labeled with address, compartment number CBU location, and CBU identifying number.

Note: The builder or property owner is responsible for providing lock and key service for privately owned CBUs.

Handbook AS-353 Revision: Revenue Assurance System

Effective October 15, 2015, the Postal Service™ is revising Handbook AS-353, *Guide to Privacy, the Freedom of Information Act, and Records Management*, to include modifications which were published in the *Federal Register* on December 10, 2014 (79 FR 73345–73346).

The Postal Service has amended the Privacy Act System of Records 870.200 Meter Postage and PC Postage Customer Data and Transaction Records due to the implementation of a revenue assurance system to ensure accuracy of postage payment, primarily focused on its PC Postage and meter payment systems. The purpose of the planned system is to support recovery of postage discrepancies via detection of incorrectly paid postage based on piece characteristics.

To determine whether accurate postage has been paid on mailpieces and packages, this revenue assurance system compares data collected from within the postal network and derived from postal operations, such as the in-line sortation equipment, with data from:

- The National Meter Account Tracking System (NMATS) database;
- The Electronic Verification System (eVS) (for those customers using the Shortpaid model);
- Program Registration; and
- Product Tracking and Reporting (PTR).

To support recovery of postage discrepancies, the data will be summarized in a report or itemized file compiled by

the Postal Service and shared with third-party software providers for the purpose of remediating instances in which a postage disparity was identified. Each provider will see which of its postage accounts have paid incorrect postage (as identified by the Postal Service) on mailpieces and packages entered into the Postal Service system. In instances where no third-party software vendor is employed, data will be shared directly with the customer.

All other such offers should be declined. This section does not apply to (1) any postings or displays provided by the Postal Service, or (2) the scheduled use postings and displays or the unscheduled use of bulletin boards, each of which is subject to the approval of Retail

Operations under the *Postal Operations Manual*, section 125.35, Handbook PO-209, *Retail Operations Handbook*, and the *Retail Standardization Guidance*, all available at <http://blue.usps.gov>.

334.2 Physical Improvements

The Postal Service's policy is to decline offers to donate any physical improvements, including, without limitation, exterior improvements, landscaping, additions, renovations, or maintenance services (individually and collectively, "Physical Improvements") to Postal Service-owned and leased properties, if the maintenance and improvements being offered would have monetary value, as determined by the Postal Service. Active Postal Service employees wishing to donate Physical Improvements must obtain prior written approval from the manager, Facilities Real Estate and Assets. The receipt of donated Physical Improvements from active Postal Service employees is not authorized without such prior written approval.

Invalid USPS Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/ijy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The FAS table below outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For additional information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks should use the table with the POS ONE terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to Randall Sobol at randall.f.sobol@usps.gov.

- The 2015 stamp program is included with first-day-of-issue details.

Initial Supply to Designated Post Offices

Minnesota Diversified Industries (MDI) will begin shipping supplies of the *2015 Stamp Yearbook and The Postal Service Guide to U.S. Stamps – 42nd Edition* to designated Post Office locations by late October. Quantities sent to each unit are based upon past sales. The new stamp guide and stamp yearbook should be made available for sale upon receipt, but no sooner than the on-sale date of October 23, 2015.

POS ONE offices must reflect stamp yearbooks and stamp guides along with all philatelic products in Retail Floor Stock to ensure inventory detection and accurate replenishment. Failure to do so will trigger additional shipments of unwanted products causing unnecessary accountability inflation.

Offices will receive hang tags for both the Yearbook and the Postal Guide with their initial shipment for placement on slat walls.

Ordering Instructions for All Other Post Offices

Offices not receiving automatic shipments of the *2015 Stamp Yearbook* (Item #991500) and *The Postal Service Guide to U.S. Stamps – 42nd Edition* (Item #891500), can order the books from SFS Web at <https://sfsweb.usps.gov>. Sales of the stamp yearbook and stamp guide must be reported in AIC 092, *Philatelic Product Sales*.

2014 Stamp Yearbook

The *2014 Stamp Yearbook* can be removed from display once your new 2015 book arrives; however, the 2014 Yearbook may still be sold until officially withdrawn from sale.

The Postal Service Guide to U.S. Stamps – 41st Edition (2014 Edition)

As the 42nd edition of *The Postal Service Guide to U.S. Stamps* becomes available, Post Offices must withhold all remaining copies of the 41st edition (Item #891400) from sale. Actions should be taken as follows:

- *Retail Outlets.* Collect remaining copies of the 41st edition of the guide from stamp credits and immediately return them to main stock using PS Form 17, *Stamp Requisition/Stamp Return*.
- *Post Offices.* Consolidate all remaining copies of the 41st edition of the guide, if any, into the unit reserve stock. Prepare all 41st editions of the guide in accordance with procedures established for disposing of obsolete and redeemed stock, and submit according to local district quarterly stamp destruction or return schedules.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmarks have been extended for 30 days:

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high x 4" long. Allow

sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

eBuy2 Yearly Purchases of 5-Gallon Bottled Drinking Water Services from Nestle and DS Waters for Fiscal Year 2016

All sites purchasing yearly 5-gallon bottled water service from Nestle, marketed as Arrowhead, Calistoga, Deer Park, Ice Mountain, Ozarka, Poland Spring, or Zephyrhills, or from DS Waters, marketed as Alhambra, Belmont, Crystal Springs, Hinckley Springs, Kentwood Springs, Sierra Springs, or Sparkletts, are required to reorder yearly via eBuy2 “on-catalog.”

These sites are also requested to process their requisitions for Fiscal Year (FY) 2016 after October 1, 2015. **All requisitions should be processed and approved prior to October 15, 2015, to avoid a lapse in service.** Processing of requisitions is required during this period because the supplier needs to have your FY 2016 on-catalog requisition in the eBuy2 system in order to invoice your FEDSTRIP.

This service is not for “emergency,” national disaster-type bottled water purchases. For all emergency bottled water requirements, please refer to Material Logistics Bulletin (MLB) MLB-CO-07-001 — http://blue.usps.gov/purchase/_pdf/ops_mlb07-001.pdf.

Note: Some sites cannot receive service directly from Nestle or DS Waters. These sites are authorized to purchase “off-catalog” as long as Nestle or DS Waters have stated that they will not service those specific locations. Locations wishing to renew bottled water service for FY 2016 should note the following to help ensure smooth service throughout next year:

- When submitting orders on eBuy2, estimate how much product your office will need for all of FY 2016 (October 1, 2015 to September 30, 2016).

- All orders must match the Area for which they belong; eBuy2 orders with items for mixed Areas will be cancelled.
- Coolers and/or dispenser rentals must be entered for the entire year (12 months).
- Customers ordering cups should estimate and request enough for the entire fiscal year.
- **For DS Waters customers only** — For every bottle of water ordered, there must be an equal bottle deposit quantity ordered.

Consult the following MLBs for more bottled drinking water information, including step-by-step ordering instructions:

- MLB-CO-07-009 — Nestle: http://blue.usps.gov/purchase/_pdf/ops_mlb07-009.pdf.
- MLB-CO-07-010 — DS Waters: http://blue.usps.gov/purchase/_pdf/ops_mlb07-010.pdf.

Smoke Detector Disposal

The article “Dispose of Smoke Detectors Properly” in *Postal Bulletin 22334* (April 5, 2012) contains outdated information. As a result of frequent changes in manufacturer ownership, contact information, return instructions, and return fees, it is no longer practical for the Postal Service™ to issue specific instructions on how to recycle particular brands of smoke detectors. Instead, postal facilities should follow the steps below to identify disposal options.

Three common types of smoke detectors may be present at postal facilities: ionization, photoelectric, and dual-sensor detectors. Ionization and dual-sensor smoke detectors contain a tiny amount of radioactive material known as Americium 241. Photoelectric smoke detectors do not contain any radioactive material.

The amount of radioactive material contained in ionization and dual-sensor smoke detectors is so small it does not pose a risk to human health. If the detector contains radioactive material, it is required by law to have a warning label on the body of the detector. Look for the label on the back of the detector facing the mounting base. The label may have the international symbol for radiation (as shown below).

All ionization and dual-sensor smoke detectors, regardless of brand, should be recycled whenever possible. Recycling may be available through either the manufacturer or through a community or state recycling program.

Take the following steps to investigate whether a manufacturer offers a recycling program for its smoke detectors:

1. Locate the manufacturer's telephone number and/or website on the back of the smoke detector.
2. Call the number provided and/or visit the website to confirm whether a recycling program is available, and the details of the return process. Some manufacturers offer returns via a mail-back program.

If the manufacturer will not take back the ionization or dual-sensor smoke detector, contact the local or state environmental agency to identify whether a local recycling program exists and, if so, the program details. Local recycling programs may include drop-off locations for used smoke detectors. If recycling is unavailable, the regulatory agency can also confirm whether any local restrictions exist on disposing of smoke detectors in the trash.

If you have additional questions or concerns regarding the proper recycling or disposal of smoke detectors, check with your local and/or state environmental agency or contact your regional designated environmental contact listed at <http://blue.usps.gov/sustainability/contact.htm>.
