ASM Revision: Audits and Investigations

Effective November 26, 2015, the Postal Service™ is revising the *Administrative Support Manual* (ASM) to account for the disclosure of information or data about a piece of mail outside of the Postal Service.

The Postal Service is implementing a pilot test of a new service called Informed Delivery, which provides <https://www.usps.com/> account holders a preview of the day's mail by sending a daily email containing images of the front of each mailpiece to their inbox. By doing so, USPS® enhances the value of mail to consumers who are increasingly mobile and who value digital communications. In addition, the service allows mailers increased access to today's customers. These revisions are necessary to allow USPS to provide and compile the images to an addressee who requests them by participating in the Informed Delivery service. Because data derived from mailpieces will form the basis for compiling content for the Informed Delivery service and will be disclosed externally to enrolled users, the Postal Service is amending Chapter 2, Audits and Investigations.

DMM Revision: Products Mailable at Nonprofit Standard Mail Prices

Under statutory restrictions in *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) section 703.1.6.11, products that are mailed at the Nonprofit Standard Mail® prices must meet at least one of three exceptions listed thereunder. One of the three enumerated exceptions is low-cost items (see DMM 703.1.6.11.a).

A *low-cost item* is one of the exceptions referenced in the Internal Revenue Code (see 26 USC 513(h)(2)). The value of a low-cost item — the actual cost to the authorized nonprofit organization — is determined each year by the Internal Revenue Service at the beginning of each calendar year, and adjusted for the cost of living. Effective January 1, 2016, the value of a low-cost item cannot exceed \$10.60.

[Revise the text of 311 to read as follows:]

These standards found in Chapter 3 apply to all collection boxes. A collection box is a metal container that is dedicated to the collection of deposited mail by customers. Collection boxes come in three separate sizes: standard, large, and jumbo. Some collection boxes are dedicated to the collection of Priority Mail Express, while other boxes are dedicated to the collection of First-Class letter mail and flats. Collection boxes are under the direct control of the Postal Service. For exceptions to the applicability of these requirements, see 313.3.

The location types of collection boxes are the following:

- Residential collection boxes:* Boxes located in primarily residential areas. Mail from these boxes is generally collected when mail is delivered. A 25 piece daily average is needed to justify its location.
- Business area collection boxes:* Boxes located in primarily business areas, such as downtown commercial areas, office parks, or industrial parks. Mail from these boxes should be collected when mail is delivered to ensure no overflow but when its average daily collected volume exceeds the 100 piece threshold, it may also be collected at or after 5:00 P.M..

313 Collection Requirements

313.1 Collection Schedules and Locations

[Delete the text of current 313.1 and add new 313.11, 313.12, and 313.13 to read as follows:]

313.11 General

The Postal Service is generally charged with providing prompt, economical, and efficient services that are responsive to the needs of the communities served. District officials and Postmasters should determine adequate

locations and schedules for collection points, including collection boxes in each community. Use all criteria outlined in this manual in determining appropriate locations and collection schedules. Balance collection locations and schedules according to the specific nature of customer and community needs (e.g., commercial centers, shopping centers, senior citizen housing, and public facilities), preparation of collection mail, and dispatches for timely processing of mail at the processing plant.

Mail is collected in residential and business areas at times scheduled to connect with mail dispatches.

To meet these objectives, collection schedules and locations should be established or modified by the local Postmaster in accordance with the following standards:

313.12 Collection Location Standards

Collection location standards are as follows:

- Continually review collection operations. Make adjustments as justified by changing conditions such as the safety and security of employees, customers, and the public, as well as opportunities to implement more efficient and economical operations.
- For operational and security reasons, do not locate collection boxes at airports, ports, and public facilities inside of secure areas.
- Boxes should be sited in high-traffic locations where they are highly visible to the public to minimize vandalism and theft, in lighted areas, with minimal screening by shrubbery and exposed to appropriate lighting and security cameras at night and off-peak times. Grocery stores, banks, and shopping centers are examples of optimal locations for collection boxes.

313.13 Collection Schedule Standards

Collection schedule standards are as follows:

- Arrange schedules based on efficient route planning and dispatches to the processing plant. Arrange collection schedules so that collections are made no later than approximately 20 minutes after the posted time, taking local conditions and traffic into consideration. Mail should never be collected before the posted collection time. Collections on a dedicated collection route should not be scheduled to start earlier than noon. All collection points must have a collection box schedule decal (see 316), whether collected by city carrier, rural carrier, contract delivery service carrier, collector, clerk, postal vehicle service (PVS), or HCR driver.

- b. Where collection boxes are grouped in multiple units at one street location, collections must be scheduled at the same time within the group.
- c. All collection boxes assigned to delivery routes should be collected by the carrier during the time the carrier passes the box in the act of delivery except on foot routes. If the carrier passes the box on his or her return to the office in the afternoon, it may be more efficient for the carrier to collect the box on the return.
- d. The criterion for a box to qualify for a potential 5:00 P.M. collection or later are:
 - The box must generate an average of 100 pieces or more daily and should be a Business area collection box; or,
 - It is a box outside of a Postal unit that has a 5:00 P.M. or later dispatch to the Area processing plant.
- e. Collection boxes that generate 25 or more pieces a day should normally be picked up by the carrier delivering mail provided it is not a foot route. For more information on collection routes, consult Handbook M-39, *Management of Delivery Services*, section 234.3, for potential action. Collection boxes averaging less than 25 pieces a day can be relocated within the neighborhood or community to a potentially higher volume location or removed. Boxes should be provided adjacent to senior citizen housing, municipal and judicial buildings, and other public facilities. These are examples of the types of boxes that may be left in place even if fewer than 25 pieces per day are generated.

[Revise the title of 313.2, delete the text of 313.2, and add new 313.21, 313.22, 313.23, and 313.24 to read as follows:]

313.2 Specific Schedule and Location Standards

313.21 At Postal Facilities

Every CAG A–K Postal Service-operated retail facility and Village Post Office (VPO) should provide an external collection box for customer use. The minimum size acceptable is a Standard size box. If accessible by a vehicle, this box should be snorkel-equipped for maximum customer convenience. At CAG L offices where a letter box is not supplied, a slot in the outer Post Office door or other mail receptacle may be provided. Collection boxes or other alternatives for customers to deposit mail should also be provided at Postal stores and all contract retail facilities.

The standards are as follows:

- a. *For Non-city Delivery Postal Facilities:* The District manager may utilize highway contract route (HCR) carriers, rural carriers, clerks, and/or other carriers for collections from the box in front of non-city delivery

Post Offices. Pick up times should be as late as possible to enhance customer service, no earlier than 15 minutes before the retail counter closes. If the facility is on a transportation route, consideration should be given to HCR collection.

- b. *For City Delivery Postal Facilities:* Collection boxes located outside of city delivery Postal-operated retail facilities should be collected at or after 5:00 P.M., Monday–Friday. Postal-operated retail facilities may provide justification for an earlier than 5:00 P.M. pick-up time by exception as outlined in section 313.3 (e.g., AMP has affected transportation times). Collection boxes located outside of processing plants must be collected at or after 6:30 P.M., Monday–Friday, in conjunction with the operating plan of the subject plant's 010 operation. Collection boxes located at city delivery Post Offices should be collected by the personnel assigned to provide service at that facility rather than through dedicated collection runs, except at times when the personnel at that facility are not working. The final collection at a retail-only facility covered by these policies must occur either within one hour of the final dispatch of value or within 15 minutes of the time the window closes. City delivery offices with associated city carriers located within the facility must perform their final collection within one hour of the final dispatch of value. When an office has extended retail hours beyond the dispatch of value, a collection must be conducted no later than the dispatch of value to ensure all mails are processed daily in a timely manner.

313.22 Residential Collection Boxes

In residential areas (see 311a), collections from residential collection boxes must not be made before the scheduled time and should be made approximately no later than 20 minutes after the posted time, if possible. Locally available data, such as Customer Insight Measurement (CIM) data, should be used to determine customer preferences for business box location. Actual customer demand should also be considered when determining box location; density studies are a good source for this information.

The residential collection schedules are as follows:

- a. Residential Collection Schedules Monday Through Saturday — Carriers should collect mail from residential boxes during their normal delivery of mail to the residential neighborhood. Residential area collection boxes should have a posted pickup time approximately 20 minutes prior to the expected arrival time of the carrier serving the route. If the foot or motorized carrier normally passes these boxes on return to the delivery unit, the pickup should be scheduled at the later time so as to allow the latest possible col-

lection. Collection times should be scheduled as late in the day as possible consistent with efficiency; however, there are no specific collection time requirements for residential area collection boxes.

- b. Sunday and National Holidays — Scheduled collection service from residential collection boxes is generally not provided on Sundays or national holidays. If needed to avoid overflow conditions, to secure the mail, or to advance collections for the next processing day, mail may be picked up without an entry on the collection schedule decal.

313.23 Business Area Collection Boxes

In business areas (see 311b), install boxes where the greatest mail volume is generated and where boxes are convenient to the greatest number of businesses. Business area boxes generating lower volumes should be reviewed periodically for relocation within the business area to a higher volume location. Locally available data, such as Customer Insight Measurement (CIM), should be used to determine customer preferences for business box location. Actual customer demand should also be considered when determining box location; density studies are a good source for this. A Saturday collection is optional for business area collection boxes provided they are not collected after 5:00 P.M., Monday through Friday, and mail is not delivered in the area. If mail is delivered in the area on Saturday, the carrier should collect the box as he or she passes while performing delivery duties.

313.24 Business Area 5:00 P.M. or Later Boxes

A business area box that generates a daily average of 100 or more pieces Monday through Friday may be scheduled for a 5:00 P.M. or later collection. Collection times are as follows:

- a. Last Pickup Between 5:00 P.M. and 6:29 P.M. (Monday–Friday)

These boxes should display 5:00 P.M., 5:30 P.M., or 6:00 P.M. schedule decals, as appropriate. Locate these boxes as follows:

 - Where needed in business areas; or,
 - In front of Post Offices' main offices, classified stations, and branches, except for locations where the Area manager, Delivery Program Support (DPS) has determined that a 5:00 P.M. or later collection is not viable, due to unusual operational, logistics, or other community service reasons.
- b. Last Pickup Between 6:30 P.M. and 8:00 P.M. (Monday–Friday)

These boxes should display 6:30 P.M., 7:00 P.M., 7:30 P.M., or 8:00 P.M. schedule decals, as appropriate.

These boxes will be located at offices where processing of outgoing is performed.

- c. Saturday

For boxes that average 100 pieces or more Monday–Friday but average fewer than 100 pieces in a Saturday density analysis (see 314.3), a Saturday collection is not mandatory if mail is not delivered. If mail is delivered in the area on Saturday, the carrier should collect the box as he or she passes while performing delivery duties. Boxes that average 100 pieces or more in a Saturday-density analysis require Saturday collection no earlier than 1:00 P.M. unless an exception has been granted in accordance with 313.3 for these boxes. In the case where a Saturday Area Mail Processing Plan has been established, the last daily collection time should be established in conjunction with the last dispatch of value in order to meet the operating plan of the subject plant's 010 operation.

- d. Sunday and National Holidays

Except at larger postal facilities, most collection boxes will not have scheduled collections on Sundays or national holidays. Local management determines if collections are necessary from specific collection boxes to avoid potential overflow conditions, to secure the mail, or as needed to prepare mail for later processing. Collection schedule decals should indicate holiday collections when scheduled collections are made from the box on holidays. Where conducted, these collections should be as late in the day as possible to ensure that the mail will connect with dispatches of value to meet established standards.

Some national holidays are widely observed, and customer demand diminishes significantly on the day before the holiday. In such instances, usually on the eves before Christmas and New Year's Day, where senior management determines that expected customer flows will be minimal, senior management may authorize early retail closings and/or early collections. Authorization for such operational changes will be communicated from Headquarters to the Areas and from the Areas to the Districts. When such operational changes are authorized, Postmasters, with the concurrence of the appropriate District, will review collection operations to determine where advancing early collections are warranted. Postmasters will then implement any such early collections. Information advising the public of any early retail closings and/or early collections must be communicated to the public via press release. Additionally, each District and Post Office must take reasonable steps to ensure that such information is timely published through local news releases, radio and television notices, and postings in affected Post Offices, stations, and branches. Additionally, local Postmasters are authorized, but are not

required, to inform customers that a collection box will receive an early collection via a posting on the affected collection box. The Postmaster must use his or her judgment to determine whether such posting is practical or warranted based on local conditions, installation location, past customer requests, and past experience.

313.3 Exceptions to Mandated Service

313.31 General

Only the Area manager, Delivery Programs Support (DPS) may authorize exceptions to collection standards. Any exceptions must be based on factors such as staffing, logistics, safety, security, volume declines or increases, operational limitations, or other circumstances that justify an exception.

313.32 Exception Documentation

All exceptions requested and granted must be documented in writing by the Postmaster and/or District personnel involved and are valid for 365 days or until completion of the next density test. Copies of all written exception requests and approvals must be maintained at the office of the Area manager, DPS. Documentation for all exceptions granted must be provided to the manager, City Delivery, at Headquarters upon request.

313.33 Exception for Removal

The Area manager, Delivery Programs Support, must authorize all collection box removals.

314.1 General

[Revise the text of 314.1 to read as follows:]

All collection points are required to be entered in the Collection Point Management System (CPMS) by the responsible District where Internet access is available. No scheduled collection may be excluded from CPMS.

The information recorded in CPMS must be accurate and complete and must be reviewed at least annually by the District for accuracy. All exceptions must be in accordance with 313.3. CPMS is utilized to electronically verify collections. Any collection points recorded in these systems and receiving electronic scan data do not require the manual test as specified in 314.2.

Collection points are defined locations where a customer drops off mail for collection by the Postal Service. These can include mailchutes, receiving boxes, firm pickups, Self-Service Kiosk (SSKs) drops, lobby drops, and mail collec-

tion racks. Collection boxes are a subset of collection points.

[Revise the title and text of 314.2 to read as follows:]

314.2 Manual Collection Tests

In any delivery office lacking Internet access and any such office not using electronic collection management tools, the collection points process must be tested quarterly. This test is completed using plastic collection test card D-1148 and PS Form 3702, *Test Mailing Record (Collection and Special Test Mailings)*, in accordance with Handbook M-39, *Management of Delivery Services*, part 133.

314.3 Volume Density Tests

[Revise the text of 314.3 to read as follows:]

Estimates of collection box volumes should only be used for preliminary information, where no changes are considered, or to determine which boxes will have a density test performed. All determinations made under POM 315.3 (relocation/removal of boxes) should use the following density-test process:

- a. Use an actual count for letters or record a linear measurement of letters contained in the box.
- b. Convert the linear measurement to pieces at 227 pieces per foot (or current conversion figure).
- c. Add actual piece counts for flats and small parcels.

Density tests should be for a continuous 2-week period. At a minimum, density tests must be performed annually.

If the potential action under consideration involves Saturday collection alone, only collect data from four consecutive Saturdays.

Where multiple boxes are collected, mail volume from all boxes must be totaled. Collectors are required to record all density test mail volumes in the scanner. Collections density volume will be stored in Postal systems for use as needed.

For offices without Internet access, use locally available tools (e.g., Excel) to generate density-test worksheets. Retain data locally until a subsequent density test is conducted. Provide feedback to the District collections coordinator as needed.

315 Collection Boxes

315.1 Appearance

[Revise the last sentence of 315.1 and add new text to read as follows:]

***Boxes must be painted in accordance with and have only the decals prescribed by Brand and Policy at Headquarters. Collection boxes are to be maintained in good condition.

[Revise the title and text of 315.2 to read as follows:]

315.2 Number, Location Type, and Box Type

Install a sufficient number and type of collection boxes (see parts 313.1, 322.22, and 323.3) within the delivery area to handle mail volume.

[Revise the title of and add new text for 315.3. Delete 315.31 through 315.35 in its entirety.]

315.3 Relocation Before Removal

Collection boxes averaging less than 25 pieces a day should be relocated within the neighborhood or community to a potentially higher volume location. A two-week density test and analysis must occur at least annually.

Boxes adjacent to senior citizen housing, municipal and judicial buildings, and other public facilities are examples of the types of boxes that may be left in place even if fewer than 25 pieces per day are generated. Before removing a collection point, it must be considered for relocation within the neighborhood.

If after exhausting/reviewing potential relocation options, it is ultimately decided that the collection point should be removed, approval must be granted by the exception authority listed in 313.3. Before a collection box can be removed or relocated, a notice to that effect for customers must be placed on the box 30 days prior to the removal or relocation showing the location(s) and collection schedule(s) for other collection points in the vicinity.

[Revise the title and text of 315.4 to read as follows:]

315.4 Immediate Removal

If, after a collection box has been vandalized or tampered with, the location is determined to be unsecure by the Area manager, Delivery Programs Support, the box may be removed immediately without notice.

316 Collection Schedule Decals

[Revise the text of 316 to read as follows:]

A correct and legible collection schedule decal, Decal 55B, displaying all scheduled collections, must be affixed at each collection point. This decal must also indicate the location of the nearest collection point with a 5:00 P.M. (or later) scheduled collection.

For collection schedule changes that eliminate a 5:00 P.M. or later collection on weekdays or that eliminate a Saturday collection, post a notice on the box at least 30 days before any changes to inform affected customers, showing the location of the nearest collection point with a 5:00 P.M. or later collection and a Saturday collection. Retain a copy of the posted notice in the local files. Before any such action is taken on a collection box with a scheduled pick-up of

5:00 P.M. or later, be sure a two-week density test was completed and it justifies the change.

[Revise the title of 317 to read as follows:]

317 Collection Box Types

317.1 General

[Revise the text of 317.1 to read as follows:]

These types of collection boxes are currently in service with the U.S. Postal Service and are owned and maintained only by the Postal Service. As previously stated, all box types are required to have a collection schedule as well as the current DDD-1 label. Other required decals may be found in Maintenance bulletins issued by the Maintenance Technical Support Center. The boxes must be without rust, use the proper paint color and be graffiti-free. An anti-graffiti coating is now applied to all boxes when refurbishment is done.

[Revise the title and text of 317.2 and add new 317.3, 317.4, and 317.5 to read as follows:]

317.2 Standard

The most common blue collection box found on the street is a standard box. Collection is made by the collector opening a door in the lower front of the box and using a special Arrow key. Key series are assigned by the Material Distribution Center (for help call 800-2332-0317, option 4, option 4) and will vary in neighboring Post Office areas. Generally, a white flat tub is kept in the box, and is simply exchanged by the collector after scanning the interior barcode applied there.

317.3 Large

These boxes were designed to be installed in front of medium to large Post Offices. They contain a larger mail container than a standard box, and thus hold over twice as much mail. These boxes are generally installed with a snorkel attachment to allow for drive-up service directly from the customer's vehicle. Guidelines for snorkel boxes may be found in Maintenance bulletins issued by the Maintenance Technical Support Center.

317.4 Jumbo

These boxes are designed to be used in locations of high outgoing mail generation. They are the largest box in service by the Postal Service. These boxes use a special high-security lock. The collector must have an empty Item 1046, Hamper, and he or she simply swaps the empty hamper for the full 1046 hamper located within the jumbo collection box. If necessary, the boxes may be equipped with up to two snorkel attachments.

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/ijy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The FAS table below outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For additional information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks should use the table with the POS ONE terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to Randall Sobol at randall.f.sobol@usps.gov.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

POM Revision: Collection Service — National Service Standards (continued)

317.5 Motorist Mailchute (Snorkel) Boxes

A motorist mailchute snorkel box is a collection box that is affixed with a snorkel attachment that permits motorists to deposit mail in a collection box without exiting their vehicles. Adhere to any state or local traffic regulations concerning placement of these boxes. Snorkel boxes are available in the following sizes:

- a. Snorkel — Standard blue box with a snorkel attachment for driver's deposit of mail.
- b. Large Snorkel — Larger capacity blue box with a snorkel for driver's deposit of mail. The box holds two tall bins for deposit of mail.
- c. Jumbo Snorkel — Extremely large capacity blue container with a snorkel for driver's deposit of mail. The box holds Item 1046, a large hamper, for easy mail removal.

[Add new 318 to read as follows:]

318 Priority Mail Express Collection Boxes

318.1 Identification

Appropriately label these boxes as Priority Mail Express.

318.2 Location

Separate, designated boxes may be provided at all offices that accept Priority Mail Express. The requirements for the location of individual Priority Mail Express boxes will be determined by the District manager or his/her designee.

318.3 Number of Boxes

The District manager or designee must decide where there is a need for Priority Mail Express (locations inside buildings and external street locations) in addition to determining the need for local or area-wide collection service.

[Revise the title of 32 to read as follows:]

32 Mail Deposit and Collection

[Revise the title of 321, delete the text of 321, and add new 321.1, 321.2, and 321.3 to read as follows:]

321 Ordinary Deposit of Mail

321.1 Post Office Lobby

Letter drops are provided in lobbies of all Post Offices for the deposit of ordinary mail (see exception in 313.3). If the facility is provided with a Self-Service Kiosk (SSK), the lobby will also be provided with an SSK drop for the acceptance of small packages. This may be a wall drum or a free-standing receptacle.

321.2 Rural and Contract Delivery Service Boxes

Mail on which postage is paid may be deposited for collection in mailboxes located on rural and Contract Delivery

Service (CDS) routes in rural style, Postmaster General-approved mailboxes. The customer should raise the flag to indicate that outgoing mail has been deposited.

321.3 Vertical Improved Mail and Firm Mailrooms

At vertical improved mail (VIM) and firm mailrooms, mail may be deposited in bundle mail drops where provided. Otherwise, mail may be left with the carrier on duty when the VIM call window is open.

[Revise the title of 322 to read as follows:]

322 Mailchutes and Receiving Boxes

322.1 General

[Revise the text of 322.1 to read as follows:]

Mailchutes and receiving boxes are not collection boxes and are not subject to the policies spelled out in other sections of this chapter. Mailchutes and receiving boxes are nonetheless viable collection points that may be utilized by the public in the deposit of mail, which carriers are then obligated to collect.

[Revise the title of 322.2 to read as follows:]

322.2 Use

[Revise the title and text of 322.21 to read as follows:]

322.21 Determination of Installation

Mailchutes and receiving boxes may be placed, at the expense of the owner, in public buildings, railroad stations, hotels, and business or office buildings of not less than four stories and apartment houses of not less than 40 residential apartments. Buildings with receiving boxes must be open to the general public, without restrictions, during the hours specified by local postal management for mail collections. Building management must be prepared to allow for access during extended periods when weather is inclement, or collection times may be restricted to normal business hours. Keytainers must be installed when lobby hours are inadequate to provide required access.

[Revise the title and text of 322.22 to read as follows:]

322.22 Purpose

Mailchutes and receiving boxes are intended for the deposit of First-Class Mail. Standard Mail may not be deposited in mailchutes and receiving boxes.

* * * * *

[Revise the title and text of 322.3 and delete 322.31 through 322.344 in its entirety.]

322.3 Installation, Specification, and Maintenance

Requests for the installation of mailchutes and receiving boxes must be approved by the Postmaster, and he or she

must be furnished the contract and specifications for any proposed chute and box. The specifications for mailchutes and maintenance procedures are covered in Publication 16, *Mail Chutes, Receiving Boxes, and Auxiliary Collection Boxes: Regulations and Specifications*. All maintenance is done by and at the expense of the owner.

Cooperative mailing racks may be installed by building managers in the lobbies of office buildings. All mail rack locations and equipment must be approved by the local Postmaster. The Postal Service does not provide nor maintain such equipment.

[Add new 322.4 and 322.5 to read as follows:]

322.4 Schedules

All mailchutes, receiving boxes, and mailing racks are collection points and therefore must be included in the national electronic collection point management database. Schedules must be included for each of these collection points and should be posted on or near the collection point. It is expected that all mailchutes, receiving boxes, and mailing racks will be picked up by the regular carrier during the delivery of mail to the building. Any collection of these collection points on collection runs is at the discretion of local postal management and is based on consistent col-

lection volume and building accessibility. Twenty-four hour accessibility or the use of keytainers is recommended.

322.5 Bulk Mailings

Mailings under permit indicia or in bulk must be deposited at times and places designated by the Postmaster. These mailings are prohibited from deposit in collection boxes, mailchutes, receiving boxes, or other mail collection receptacles or points because permit or bulk mailings must be verified to ensure proper acceptance.

Handbook EL-312 Revision: External Vacancy Announcements and Veterans’ Preference Claims

Effective November 26, 2015, the Postal Service™ is revising Handbook EL-312, *Employment and Placement*, part 481 through section 485.2, to update policy for Veterans’ Preference in appointment to positions in the USPS.

Handbook EL-312, *Employment and Placement*

* * * * *

4 Processing External Vacancy Announcements and Veterans’ Preference Claims

* * * * *

48 Veterans’ Preference

481 Requirement

[Revise the text of 481 to read as follows:]

The Postal Service applies veterans’ preference as required by Titles 5 and 39 U.S.C. and 5 Code of Federal Regulations for certain employment purposes, including appointment. Applicants claiming preference provide dates of active duty service and claim preference when applying for a vacancy. The applicant is responsible for providing proof of entitlement to the preference claimed. If supporting documentation is not received with the application, Human Resources notifies the eligible of the discrepancy. The

applicant must present the supporting documentation by the time the selecting official considers the applicant’s application. If the eligible indicates that the preference claimed was a mistake or has changed, Human Resources cancels and, if necessary, reissues the Hiring List and adjusts the eligible’s position.

No selection can be made from the Hiring List until the adjudication process has been completed for all applicants who claim veterans’ preference points.

482 Authority to Adjudicate Veterans’ Preference

[Revise the text of 482 to read as follows:]

Veterans’ preference points can make the difference in whether or not an applicant receives employment consideration; therefore, verifying entitlement to claimed preference is essential to providing fair and equitable treatment. This process is known as *adjudication*.

Most veterans’ preference claims are adjudicated by the Human Resources Shared Service Center (HRSSC), the district Human Resources office, or a designee. Human Resources personnel confirm these determinations when they audit Hiring Lists. Cases involving preference as the spouse or mother of a veteran must be referred to Human Resources (Headquarters) for adjudication.

483 Kinds of Veterans' Preference

[Add new 483.1 to read as follows:]

483.1 No-Point Preference

A veteran discharged or released under honorable conditions from a period of active military duty after August 29, 2008, by reason of sole survivorship is eligible for preference in appointment. A sole survivor discharge is defined as the separation of a member from the armed forces, at the request of the member, who is the only surviving child in a family in which the father, mother, or one or more siblings:

- a. Served in the armed forces; and
- b. Was killed; died as a result of wounds, accident, or disease; is in a captured or missing in action status; or is permanently 100 percent disabled or hospitalized on a continuing basis and, as a result, is not employed gainfully; and
- c. Death, status, or disability did not result from the intentional misconduct or willful neglect of the parent or sibling and was not incurred during a period of unauthorized absence; and
- d. The member served in one of the situations described in Exhibit 483 and would have met the time period if the sole survivorship discharge or release had not interrupted military service.

Example: There is a requirement of 24 months of continuous active duty service, or the full period called to active duty, for a campaign medal holder or Gulf War veteran who enlisted after September 7, 1980 (or began active duty on or after October 14, 1982, and had not previously completed 24 months of continuous active duty). An individual would still be entitled to preference eligibility if the following applied:

- Active duty is cut short at fewer than 24 months by a sole survivorship discharge or release; and
- Individual meets the other requirements for veterans' preference eligibility.

[Renumber old 483.1 as 483.2 and revise text to read as follows:]

483.2 Five-Point Preference

For 5-point preference purposes, an individual must have been discharged or released from active duty service in the Armed Forces under honorable conditions (see 232.3h) and have served in one of the situations described in Exhibit 483.

[Add new Exhibit 483 to read as follows:]

Exhibit 483 Service Requirements

Persons claiming 5-point veteran's preference or preference as a sole survivor must have been discharged or released from active duty service in the Armed Forces

under honorable conditions (see 232.3h) and have served in one of the following situations:

- a. During a war.
- b. During the period April 28, 1952, through July 1, 1955.
- c. For more than 180 consecutive days, other than for training, any part of which occurred after January 31, 1955, and before October 15, 1976.
- d. During the Gulf War from August 2, 1990, through January 2, 1992.
- e. For more than 180 consecutive days, other than for training, any part of which occurred during the period beginning September 11, 2001, and ending August 31, 2010.
- f. In a campaign or expedition for which a campaign medal has been authorized. Any Armed Forces Campaign or Expeditionary Medal qualifies for preference.

A campaign medal holder or Gulf War veteran who originally enlisted after September 7, 1980, (or began active duty on or after October 14, 1982, and has not previously completed 24 months of continuous active duty) must have served continuously for 24 months or the full period called or ordered to active duty. The 24-month service requirement does not apply to 10-point preference eligibles separated for disability incurred or aggravated in the line of duty, or to veterans separated for hardship or other reasons under 10 U.S.C. 1171 or 1173 or 5 U.S.C. 2108(1)(D).

Note: The term *preference eligible* does not include, for reduction in force (RIF) purposes, most retired members of the Armed Forces. For exceptions to this general rule, refer to OPM's Vet Guide. However, retired members of the Armed Forces may still be preference eligibles for adverse action purposes. Active duty for training or inactive duty by National Guard or Reserve soldiers does not qualify as active duty for preference.

[Renumber old 483.2 as 483.3 to read as follows:]

483.3 Ten-Point Preference

[Renumber old 483.21 as 483.31 to read as follows:]

483.31 Disabled Veterans

* * * * *

[Renumber old 483.22 as 483.32 to read as follows and delete the text in its entirety:]

483.32 Ten-Point Derived Preference (XP)

[Add new 483.321 to read as follows:]

483.321 General

Spouses, widows, widowers, or mothers of veterans are eligible for 10 points as described in 483.322, 483.323, and 483.324. This type of preference is *derived preference*

because it is based on service of a veteran who is not able to use the preference through unemployment or death.

[Renumber old 483.221 as 483.322 to read as follows:]

483.322 Spouses of Disabled Veterans

* * * * *

[Renumber old 483.222 as 483.323 and revise the text to read as follows:]

483.323 Widows or Widowers of Veterans

The widow or widower of a veteran, who received a discharge under honorable conditions, was not divorced from the veteran, and has not remarried, is eligible for 10-point veterans' preference provided one of the following criteria is met:

- a. The veteran served during a war or during the period April 28, 1952, through July 1, 1955, or in a campaign or expedition for which a campaign medal has been authorized.
- b. The veteran died while on active duty that included service described in 483.323a above, under conditions that would not have been the basis for other than an honorable or general discharge.

If the widow or widower remarries and the remarriage is annulled, the former widow or widower may apply for restoration of preference. Evidence of divorce of the widow or widower is not a basis to restore widow or widower preference, since the act of remarriage, rather than a remarried state, terminates eligibility for preference. Thus, widow or widower preference can only be restored if the act of marriage is annulled.

[Renumber old 483.223 as 483.324 to read as follows:]

483.324 Mothers of Veterans

* * * * *

484 Proof of Preference Claimed

[Delete the text in its entirety from 484.]

[Add new 484.1 to read as follows:]

484.1 General

The applicant is responsible for providing the necessary proof of entitlement to claimed veterans' preference. Proof is requested at the time of application. To promote the efficient processing of employment applications, veterans' preference:

- a. Is adjudicated at the very beginning of the screening process when possible; and
- b. Is reviewed and adjudicated by the time of selection.

Adjudication of preference requires a review and comparison of the following:

- a. PS Form 2591, *Application for Employment*.
- b. DD Form 214, *Certificate of Release or Discharge From Active Duty*, or other official documents issued

by the branch of service that certifies the service member is expected to be discharged or released from active duty service in the armed forces under honorable conditions. This must occur no later than 120 days after the date the certification is submitted for consideration in the hiring process.

- c. Standard Form (SF) 15, *Application for 10-Point Veteran Preference*, and supporting documents.
- d. Letters or certificates from the Department of Veterans Affairs and statements or retirement orders issued by a branch of the Armed Forces to substantiate entitlement to the preference claimed.

Note: Applicants who claim veterans' preference status involving a veteran's disability are not asked to provide information related to the nature of the disability.

Applicants who fail to provide proof of entitlement at time of application must not be disqualified. Claimed veterans' preference points will be deducted if the claim cannot be adjudicated favorably by the time of selection.

[Renumber old 484.1 as 484.2 and revise the title and text to read as follows:]

484.2 Proof for Sole Survivor Preference Claims

Veterans claiming sole survivor preference must provide:

- a. Proof of discharge from active duty military service by reason of sole survivorship as that term is defined in the law; and
- b. Proof of active duty service in one of the situations described in Exhibit 483, with the exception that he or she is not required to meet the length-of-service requirements.

[Renumber old 484.2 as 484.3 and revise the text to read as follows:]

484.3 Proof for 5-Point Preference Claims

Veterans claiming 5-point preference must provide proof of required service (see Exhibit 483) and a discharge under honorable conditions (see 232.3h). (See 485 for adjudicating 5-point veterans' preference.)

[Renumber old 484.3 as 484.4 to read as follows:]

484.4 Proof for 10-Point Preference Claims

* * * * *

[Revise the title of 485 to read as follows:]

485 Adjudicating Claims for Sole Survivor or 5-Point Preference

485.1 Verifying Entitlement

[Revise the text of 485.1 to read as follows:]

The veteran must present a copy of the appropriate DD Form 214, *Certificate of Release or Discharge From Active Duty*, showing length and character of service. All applicants who have been separated from active duty in the Armed Forces should be able to produce a DD Form 214 or

other certification issued by the branch of service as verification of eligibility for the preference claimed.

The adjudicator verifies entitlement for sole survivor or 5-point preference by reviewing the DD Form 214 or other certification. The adjudicator determines whether the veteran meets the criteria in 483.1 and 483.2, and either approves or denies the claim. If a claim for 5 points is denied, the 5 points are taken away, but the applicant remains eligible for consideration for the announced vacancy. An applicant claiming veterans' preference who is still on active duty will be granted 5-point preference if the following applies:

- a. The certification shows the applicant is expected to be discharged or released within 120 days; and
- b. His or her application shows that he or she has the required military service, such as service in a war, campaign, or expedition.

485.2 Campaign or Expeditionary Medal

[Revise the text of 485.2 to read as follows:]

When a campaign or expeditionary medal is required, a veteran's DD Form 214 showing the award of an Armed Forces Campaign or Expeditionary Medal is acceptable proof. The

DD Form 214 does not have to show the name of the theater or country of service for which that medal was awarded.

Note: The Armed Forces Service Medal is not qualifying for veterans' preference. (Exhibit 485 contains a complete list of campaigns and expeditions, which comes from the Vet-Guide on the Office of Personnel Management's website.)

2016 Social Security and Medicare Tax Withholding Rates and Limits

For 2016, the maximum limit on earnings for withholding of Social Security (Old-Age, Survivors, and Disability Insurance) Tax remains \$118,500.00. The Social Security Tax Rate remains at 6.2 percent. The resulting maximum Social Security Tax for 2016 is \$7,347.00.

There is no limit on the amount of earnings subject to Medicare (Hospital Insurance) Tax. The Medicare Tax Rate applies to all taxable wages and remains at 1.45 percent

with the exception of an “additional Medicare Tax” assessed against all taxable wages paid in excess of the applicable threshold (see Note). The FICA Tax Rate, which is the combined Social Security rate of 6.2 percent and the Medicare rate of 1.45 percent, remains 7.65 percent for 2016 (or 8.55 percent for taxable wages paid in excess of the applicable threshold).

The information in the following table shows no change in Social Security and Medicare withholding limits from 2015 to 2016.

Tax	2015 Limit	2016 Limit
Social Security Gross	\$118,500.00	\$118,500.00
Social Security Liability	\$7,347.00	\$7,347.00
Medicare Gross	No Limit	No Limit
Medicare Liability	No Limit	No Limit

Note: *The Patient Protection and Affordable Care Act* signed into law March 23, 2010, created the “additional Medicare Tax” that changed Medicare withholding computations effective January 1, 2013. All wages, self-employment income,

and other compensation that are subject to regular Medicare Tax and are paid in excess of the applicable threshold are subject to the additional Medicare Tax. Employers are required to withhold the additional Medicare Tax at a 0.9 percent rate on wages and other compensation it pays to an employee in excess of \$200,000 in a calendar year. There is no employer match for the additional Medicare Tax.

Self Plus One — FEHB New Enrollment Type Offered to Employees in 2015

This Open Season, you have the first opportunity to enroll in the new Self Plus One option. This enrollment type is offered to FEHB employees and allows you to cover yourself and one eligible family member you designate to be covered. Your eligible family member can include:

- A spouse;
- A child under age 26; or
- A child age 26 or over who is incapable of self-support because of a mental or physical disability that existed before age 26.

If you only have one other individual you wish to cover, Self Plus One is the option for you. It is likely that you may save on health coverage costs when comparing this option to the Self and Family enrollment type, which is for *two or*

more covered family members. Don’t pay for more coverage than you need!

To change your enrollment type to the Self Plus One option, enter your new selection into *PostalEASE* (online at <https://ewss.usps.gov/esymain.htm>, at a kiosk, or through a paper application). You will then need to re-enter your eligible family member into the system because his or her data will not automatically transition over.

Remember, you can switch to Self Plus One during this year’s Open Season, which ends December 14, 2015, 11:59 P.M. ET. For more information, visit the *LiteBlue Self Plus One* page at <https://liteblue.usps.gov/selfplusone4>.

Don’t Take the Bait: Best Practices to Avoid Phishing Schemes and Keep Email Safe

We live in a world that is more connected than ever before. The Internet and email make shopping, banking, business, and communicating on-the-go fast and convenient. However, the immediacy of these online systems also comes with greater exposure and less privacy. Hackers try to exploit the weaknesses of email communication to steal personally identifiable information (PII). The challenges of hacking demand greater security in our email activity.

In particular, hackers use phishing schemes to steal personal or business information for their gain or profit. These schemes, known as phishing attempts, can greatly compromise your professional or personal well-being. CyberSafe at USPS™ is highlighting key tips and best practices to identify and avoid phishing attempts when navigating your personal and business inboxes.

CyberSafe at USPS encourages the public to consider the security of their email communications before connecting to unknown users, or opening unknown hyperlinks or attachments embedded with unsolicited emails. USPS® is a partner to the Department of Homeland Security in their efforts to generate awareness about information security. DHS’s campaign addresses email safety in its motto, asking the public to “Stop. Think. Connect.”

CyberSafe at USPS offers key tips to identify phishing attempts. Consider the following steps when reviewing an email:

- Assess the sender — make sure you recognize the sender or the email address.
- Check for errors — mistakes in grammar or spelling can indicate a phishing attempt.

- Question attachments and links — consider what you are opening and make sure it's from a reliable source.

After identifying a phishing trap, avoid clicking on embedded links or attachments and report the message as spam prior to deleting it.

The CyberSafe at USPS website (<https://lite-blue.usps.gov/cyber>) includes additional helpful tips to spot phishing scams and avoid the theft of personal or business information sent on your personal and business email addresses.

"When you're online, it's important to stop and think before you click on links in emails, open attachments or give out personal information," said Acting Chief Informa-

tion Security Office and Digital Solutions Vice President, Greg Crabb.

Email safety is a top priority for USPS employees, suppliers, and customers — don't take the bait! By keeping our personal and business email accounts secure, we can proactively prevent the theft of important information. As a community, information security is our shared responsibility.

For more information on staying safe online and avoiding phishing attempts, visit the tips tab on the DHS website at <http://www.dhs.gov/stopthinkconnect-cyber-tips>.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
