Cover Story

'Tis the Season for Returns...

The Postal Service™ is greasing the wheels of its returns infrastructure, in preparation for the 2015 shopping season and the annual returns frenzy that will invariably follow.

This shopping season is likely to be even more frenetic than last year, with Forrester Research predicting double-digit growth in online shopping. USPS®, for its part, expects to deliver 10 percent more packages than last holiday season.

Once the sun sets on candles and tinsel, consumers will start returning items that they ordered, or that were gifted to them — and as the number of items ordered online and shipped to consumers grows, so will the demand for easy and convenient return methods that will attract repeat business.

The Postal Service is game for the challenge. In the last year, USPS has:

- **Continued expanding its returns processing capabilities:** An extra 932 Parcel Return Service Return Delivery Units (RDUs) across the country bring the nationwide total to 9,063. This will both aid in handling that volume and help USPS position itself as the returns shipping provider of choice in a crowded market said to be worth some \$3 billion.
- **Made it easier for businesses to receive returns with USPS:** USPS increased the available insurance to \$5,000 and did away with the annual permit and account maintenance fees for companies who ship outbound packages with USPS, and who use USPS Returns or Merchandise Return Service (MRS).
- **Created one universal returns permit:** Previously, merchants had to choose from three returns permits — each with a fee of its own — and had complained that this constituted a barrier to using the Postal Service for return shipping. USPS winnowed those into one universal permit that covers Parcel Return Service, Merchandise Return Service, Bulk Parcel Return Service, and USPS Returns®.
- **Significantly enhanced Merchandise Return Service:** MRS now only applies to three mail classes: First-Class Package Service®, Priority Mail®, and Ground Return Service. These changes simplified returns both for the Postal Service and for its customers by eliminating less cost-effective options and streamlining the manual weighing and rating of traditional MRS parcels.
- **Made Bulk Parcel Return Service (BPRS) an endorsement:** This means that mailers receiving these return packages pay the per piece fee, without paying postage fees. Consumers, meanwhile, will no

longer be required to download and print the mailer's BPRS label, which will simplify the returns process on their end.

- **Increased the volume for First-Class Package Service:** Commercial customers with negotiated service agreements could mail packages weighing up to one pound for a flat rate instead of the per piece price based on weight. This service targets merchants that ship high-value/lightweight products, such as jewelry or consumer electronics.

Return Labels

Return labels can either be included in the original order or requested via a merchant's call center. Consumers need only affix that return label to the package, and present it at one of the 31,000 Post Offices™, drop it in one of 160,000 collection boxes (if it meets aviation mail security guidelines), or schedule a Package Pickup at any of the available 132 million domestic addresses by accessing www.usps.com.

The Postal Service also offers a number of options that help businesses create and deliver return labels to customers.

Businesses using Priority Mail Return Service, First-Class Package Return® Service, Ground Return Service, and Parcel Return Service can use the Print and Deliver application to order return labels; USPS will then create those labels and deliver them, along with return instructions:

- To one of the selected 31,000 Post Offices;
- To a domestic address; or
- To one of more than 2,500 self-service kiosks, where consumers can print them.

Merchants can also instruct the Postal Service to hold the labels for pickup at a Post Office.

Within the last year, Click-N-Ship® Business Pro entered into the returns arena, allowing small- and medium-sized merchants to generate Parcel Return Service or Merchandise Return Service labels that will be:

- Included in the original shipment box;
- Available via the cloud platform;
- Available for self-service printing alone; and
- Available for self-service printing in batches.

DMM Revision: Parcel Simplification

Effective January 17, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) under our Parcel Simplification initiative. One of the primary goals of the Postal Service is the simplification of our products. The Postal Service and the parcel mailing industry are working together to restructure parcel standards to accomplish this goal.

As a result, the Postal Service is taking the first step in this initiative by clarifying that the term “outside parcel” is a “nonmachinable parcel” in various sections of the DMM for consistency.

Although this revision will not be published in the DMM until January 17, 2016, these standards are effective immediately.

DMM Revision: New Standards for Domestic Certificates of Mailing

Effective January 17, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503, to incorporate new standards for domestic Certificates of Mailing.

The standards will include the conversion date of June 2, 2017, for mailers using current USPS®-approved PS Form 3877, *Firm Mailing Book for Accountable Mail*, facsimiles in lieu of PS Form 3665, *Certificate of Mailing — Firm (Domestic)*, and PS Form 3606, *Certificate of Bulk Mailing — International*, facsimiles in lieu of PS Form 3606-D, *Certificate of Bulk Mailing — Domestic*; centralizing the USPS approval of facsimile Certificate of Mailing forms to simplify the current process; and clarifications to the standards required for Certificate of Mailing facsimiles to ensure consistency for all users of this service.

Although this revision will not be published in the DMM until January 17, 2016, these standards are effective immediately.

Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)

* * * * *

500 Additional Mailing Services**503 Extra and Additional Services****1.0 Basic Standards for All Extra Services**

* * * * *

1.7 Forms and Labels**1.7.1 Retail Forms and Labels**

[Revise the text of 1.7.1 to read as follows:]

When purchasing extra services, mailers must use USPS-provided retail PS Forms or Labels (see forms at <http://pe.usps.gov/>), or use USPS-approved privately printed forms or labels or barcoded shipping labels under 1.7.2, or under 5.0 for Certificate of Mailing forms.

1.7.2 Privately Printed Forms or Labels

[Revise the first and second sentence of 1.7.2 to read as follows:]

Except for Certificate of Mailing service using privately printed forms (i.e., facsimiles) as provided under 5.0, if authorized, a mailer may use privately printed extra service forms and labels for domestic mail only, if the forms and labels are nearly identical in design elements and color to the USPS form, with an Intelligent Mail package barcode (IMpb) and human-readable numbers that meet USPS specifications in 708.5.0. Prior to use, mailers must send samples of their privately printed form to the National Customer Support Center (NCSC) for review and approval (see 608.8.0 for address and PS Form 5052 for details).***

1.7.3 Intelligent Mail Package Barcodes

[Revise the text of 1.7.3 to read as follows:]

Items for which extra services are added must bear a correct Intelligent Mail package barcode (IMpb).

1.7.4 Acceptance

[Revise the text of 1.7.4 to read as follows:]

Mailers who use the electronic option or print their own labels must submit a copy of their original PS Form 3152 with their first mailing. Mailers should keep the certification form on file. If requested by the USPS after the first mailing, the form must be presented within 24 hours. Mailers who wish to obtain an electronic entry scan must submit either PS Form 3152 or PS Form 5630 with each mailing, to include the electronic file number associated with that mailing. The electronic file number on the form must be in either a barcode format (preferred) or written on the form. Mailers of single-piece price mail, with postage affixed using the electronic option price, are not required to submit PS Form 3152.

* * * * *

1.10 Receipts

[Revise the text of 1.10 to read as follows:]

Except for domestic certificates of mailing under 5.0, the mailer receives a USPS sales receipt and the postmarked (round-dated) extra service form for services purchased at retail channels. The mailer must provide the receipt when submitting an insurance claim or filing an inquiry. For articles mailed via PC Postage or other online services, the mailer may access a computer printout online that identifies the applicable extra service number, total postage paid, insurance fee amount, declared value, declared mailing date, origin ZIP Code, and delivery ZIP Code. For three or more pieces with extra or accountable services (including international Certificate of Mailing) presented for mailing at one time, the mailer uses PS Form 3877 (firm sheet) or USPS-approved privately printed firm sheets (see 1.7.2)

in lieu of the receipt portion of the individual form. All entries made on firm sheets must be computer-generated or made by typewriter, ink, or ballpoint pen. Alterations must be initiated by the mailer and accepting employee. Obliterate all unused portions of the addressee column with a diagonal line. USPS-approved privately printed firm sheets that contain the same information as PS Form 3877 may be approved by the local Postmaster or manager, Business Mail Entry. The mailer may omit columns from privately printed PS Form 3877 that are not applicable to extra service requested. If the mailer wants the firm sheets receipted by the USPS (postmarked), the mailer must present the firm sheets with the articles to be mailed at a Post Office. The postmarked firm sheets become the mailer's receipts. For Registered Mail and COD, the mailer submits the forms in duplicate and receives one copy as a mailing receipt after the entries are verified by the postal employee accepting the mailing. Except for Registered Mail and COD items, the USPS keeps no mailing records for mailpieces bearing extra services.

* * * * *

5.0 Certificates of Mailing

5.1 Basic Standards

5.1.1 Description — Individual Pieces

[Revise the text of 5.1.1 to read as follows:]

Certificates of Mailing are subject to the applicable basic standards in 1.0; see 1.4 for eligible matter. Certificates of Mailing (PS Form 3817 and PS Form 3665 (firm sheet), including USPS-approved privately printed versions as provided under 5.1.8) may be presented only at the time of mailing and provide evidence that individual mailpieces have been presented to the USPS for mailing. Certificates of Mailing do not provide a record of delivery, and the Postal Service does not retain copies of either form. PS Form 3817 is available for fewer than three individual pieces, presented at one time at a retail Post Office, station, or branch. PS Form 3665 (firm sheet) is available for three or more pieces, as limited in 5.1.7. Each individual PS Form 3817 or each sheet of the PS Form 3665 (firm sheet) (or USPS-approved privately printed form) is postmarked (round-dated) at the time of mailing; the form(s) are then returned to the mailer and become the mailer's receipt.

* * * * *

5.1.3 Mailer Preparation

[Revise the text of 5.1.3 to read as follows:]

A Certificate of Mailing form must be completed by the mailer and all entries must be typed or printed in ink, by ballpoint pen, or computer-generated. Alterations must be initiated by the mailer and acceptance employee. Mailers must obliterate all unused portions of the addressee col-

umn with a diagonal line. The postmarked form or firm sheets becomes the mailer's receipt. Certificate of Mailing forms must show the names and addresses of the sender and addressee(s) and may show the amount of postage paid. The mailer may also place identifying invoice or order numbers on the certificate as a reference. When the number of articles presented justifies such action, the mailer must comply with these standards:

- a. When the mailer requests the maximum of two individual certificates (PS Form 3817) at the same time, the forms must be affixed by the stub to the pieces.
- b. When the mailer describes and lists three or more individual pieces on PS Form 3665 (firm sheet) or a USPS-approved privately printed form, but does not present the pieces in the order shown on the sheets, the mailer must consecutively number each entry line on the sheet and lightly number each piece to show both the corresponding sheet and line number.
- c. When the number of articles presented exceeds the allotted space on the form, use multiple sheets, and in the provided blank spaces in the lower left of the form, number them consecutively to show sheet number and total number of sheets (such as "Page 1 of 4," "Page 2 of 4," etc.).

[Delete 5.1.4, Firm Mailings — Three or More Pieces, in its entirety and renumber 5.1.5 and 5.16 as 5.1.4 and 5.1.5.]

* * * * *

[Insert new 5.1.6 and 5.1.7 to read as follows:]

5.1.6 Acceptance

Certificate of Mailing PS Form 3665 (including USPS-approved privately printed versions) with mailings of fewer than 50 pieces and less than 50 pounds of corresponding articles presented at one time must be presented to a retail Post Office, station, or branch. Certificate of Mailing PS Form 3665 (including USPS-approved privately printed versions) with mailings of at least 50 pieces or 50 pounds of corresponding articles presented at one time must be presented to a Post Office business mail entry unit (BMEU) or authorized detached mail unit (DMU).

5.1.7 Privately Printed Forms

If authorized, a mailer may use privately printed Certificate of Mailing forms (i.e., facsimiles) for domestic mail only, if the forms are nearly identical in design elements and color to the applicable USPS form. Prior to use, mailers must send a sample of their privately printed form to *com_fac-*

simile@usps.gov for review and approval. Mailers may use their current USPS-approved privately printed PS Form 3877 firm sheets as a domestic Certificate of Mailing, in lieu of the PS Form 3665, until Friday, June 2, 2017.

5.2 Other Bulk Quantities — Certificate of Bulk Mailing

5.2.1 Description

[Revise the text of 5.2.1 to read as follows:]

Certificate of Bulk Mailing is subject to the applicable basic standards in 1.0; see 1.4 for eligible matter. PS Form 3606-D, or USPS-approved privately printed forms of PS Form 3606-D as provided under 5.1.8, may be presented only at the time of mailing and is used to specify only the number of identical-weight pieces mailed; it does not provide evidence that a piece was mailed to a particular address. Each PS Form 3606-D is postmarked (round-dated) at the time the mailing is presented and is returned to the mailer as their receipt. Certificate of Bulk Mailing service does not provide a record of delivery and the Postal Service does not retain any copies of PS Form 3606-D. PS Form 3606-D cannot be used as a Certificate of Mailing of individual mailpieces or itemized lists. Mailers may use their current USPS-approved privately printed PS Form 3606 as a domestic Certificate of Bulk Mailing in lieu of the PS Form 3606-D until Friday, June 2, 2017.

* * * * *

[Insert new 5.2.3 to read as follows:]

5.2.3 Acceptance

Certificate of Bulk Mailing PS Form 3606-D (including USPS-approved facsimiles) with identical-weight mailings of fewer than 50 pieces and less than 50 pounds must be presented at any retail Post Office, station, or branch. Certificate of Bulk Mailing PS Form 3606-D (including USPS-approved facsimiles) with identical-weight mailings of at least 50 pieces or 50 pounds must be presented to a Post Office business mail entry unit (BMEU) or authorized detached mail unit (DMU).

DMM Revision: Retirement of PS Form 3816-AS, Collect on Delivery (COD) Card–Firm Mailings

Effective January 17, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), section 503.9.0 and the DMM Forms Glossary, to remove all references to PS Form 3816-AS, *Collect on Delivery (COD) Card–Firm Mailings*. PS Form 3816-AS is obsolete and use of this form will be discontinued.

The PS Form 3816-AS is a continuous-feed form that was developed for commercial “Firm” mailers who use pin-feed printers. However, PS Form 3816-AS does not provide mailers with a means to meet current COD shipping label requirements, i.e. when an Intelligent Mail® package barcode (IMpb®) is required. Additionally, mailers who affix a barcoded addressed shipping label (in lieu of Copy 5 of PS Form 3816, *Collect on Delivery (COD) Mailing and Delivery Receipt*) and a barcoded COD form on the same mail-piece must ensure that the barcodes on both labels match, which is not possible when using PS Form 3816-AS.

Over time, technical advancements were implemented for COD that resulted in mailer-generated, postage-paid, and barcoded addressed shipping labels, along with the availability of electronic privately printed versions of PS Form 3816, which has caused PS Form 3816-AS to become rarely used and obsolete. Therefore, the Postal Service will retire this form.

9.2 Forms

9.2.1 Form 3816

[Revise the text of 9.2.1 to read as follows:]

The mailer must securely affix a completed PS Form 3816 (see forms at <http://pe.usps.gov>) or USPS-approved privately printed version under 1.7 to each article. The form must be attached (or enclosed in an accessible clear envelope or pouch) either above the delivery address and to the right of the return address, or to the left of the delivery address on parcels. When a mailer uses a PS Form 3816 that does not provide detachable second and third copies, PS Form 3877 (firm sheets) or a USPS-approved privately printed version may be used as provided under 1.10. The mailer must submit firm sheets in duplicate and will receive one copy of the postmarked form as a mailing receipt (in lieu of Copy 3 of PS Form 3816) after the entries are verified by a postal employee. The acceptance Post Office retains the second copy.

* * * * *

9.2.3 Nursery Stock

[Revise the introductory paragraph of 9.2.3 to read as follows:]

A firm that mails nursery stock may use PS Form 3816 and include instructions for disposing of shipments not delivered immediately by printing instructions on the back of the delivery office part of the COD form (item a) and on the remittance coupon (item b) as follows:

ELM Revision: Postmaster Relief Conversions to Career

Effective December 24, 2015, the Postal Service™ is revising the *Employee and Labor Relations Manual* (ELM), section 363.1, to modify existing policy requiring a Postmaster Relief (PMR) to be separated before a conversion to a career appointment. There is no longer a need to break service in this manner, and we have removed the relevant text from the ELM.

POM Revision: Collection Service — National Service Standards

Effective December 24, 2015, the Postal Service™ is revising the Postal Operations Manual (POM) to revise the national service standards for collection of mail.

This revision is an update to the POM Revision in Postal Bulletin 22429 (11-26-15, pages 12–16 and 37–38) and it includes the following:

- Section 313.22, Residential Collection Boxes, is revised.
■ Sections 313.4 through 313.52 are deleted.
■ Sections 322.23 through 322.233 are deleted.
■ Part 323 through section 333.5 are deleted.

- b. Business area collection boxes: Boxes located in primarily business areas, such as downtown commercial areas, office parks, or industrial parks. Mail from these boxes should be collected when mail is delivered to ensure no overflow but when its average daily collected volume exceeds the 100 piece threshold, it may also be collected at or after 5:00 P.M.

Postal Operations Manual (POM)

* * * * *

3 Collection Service — National Service Standards

* * * * *

31 Applicability and General Requirements

* * * * *

311 Applicability

[Revise the text of 311 to read as follows:]

These standards found in Chapter 3 apply to all collection boxes. A collection box is a metal container that is dedicated to the collection of deposited mail by customers. Collection boxes come in three separate sizes: standard, large, and jumbo. Some collection boxes are dedicated to the collection of Priority Mail Express, while other boxes are dedicated to the collection of First-Class letter mail and flats. Collection boxes are under the direct control of the Postal Service. For exceptions to the applicability of these requirements, see 313.3.

The location types of collection boxes are the following:

- a. Residential collection boxes: Boxes located in primarily residential areas. Mail from these boxes is generally collected when mail is delivered. A 25 piece daily average is needed to justify its location.

313 Collection Requirements

313.1 Collection Schedules and Locations

[Delete the text of current 313.1 and add new 313.11, 313.12, and 313.13 to read as follows:]

313.11 General

The Postal Service is generally charged with providing prompt, economical, and efficient services that are responsive to the needs of the communities served. District officials and Postmasters should determine adequate locations and schedules for collection points, including collection boxes in each community. Use all criteria outlined in this manual in determining appropriate locations and collection schedules. Balance collection locations and schedules according to the specific nature of customer and community needs (e.g., commercial centers, shopping centers, senior citizen housing, and public facilities), preparation of collection mail, and dispatches for timely processing of mail at the processing plant.

Mail is collected in residential and business areas at times scheduled to connect with mail dispatches.

To meet these objectives, collection schedules and locations should be established or modified by the local Postmaster in accordance with the following standards:

313.12 Collection Location Standards

Collection location standards are as follows:

- a. Continually review collection operations. Make adjustments as justified by changing conditions such as the safety and security of employees, customers,

and the public, as well as opportunities to implement more efficient and economical operations.

- b. For operational and security reasons, do not locate collection boxes at airports, ports, and public facilities inside of secure areas.
- c. Boxes should be sited in high-traffic locations where they are highly visible to the public to minimize vandalism and theft, in lighted areas, with minimal screening by shrubbery and exposed to appropriate lighting and security cameras at night and off-peak times. Grocery stores, banks, and shopping centers are examples of optimal locations for collection boxes.

313.13 Collection Schedule Standards

Collection schedule standards are as follows:

- a. Arrange schedules based on efficient route planning and dispatches to the processing plant. Arrange collection schedules so that collections are made no later than approximately 20 minutes after the posted time, taking local conditions and traffic into consideration. Mail should never be collected before the posted collection time. Collections on a dedicated collection route should not be scheduled to start earlier than noon. All collection points must have a collection box schedule decal (see 316), whether collected by city carrier, rural carrier, contract delivery service carrier, collector, clerk, postal vehicle service (PVS), or HCR driver.
- b. Where collection boxes are grouped in multiple units at one street location, collections must be scheduled at the same time within the group.
- c. All collection boxes assigned to delivery routes should be collected by the carrier during the time the carrier passes the box in the act of delivery except on foot routes. If the carrier passes the box on his or her return to the office in the afternoon, it may be more efficient for the carrier to collect the box on the return.
- d. The criterion for a box to qualify for a potential 5:00 P.M. collection or later are:
 - The box must generate an average of 100 pieces or more daily and should be a Business area collection box; or,
 - It is a box outside of a Postal unit that has a 5:00 P.M. or later dispatch to the Area processing plant.
- e. Collection boxes that generate 25 or more pieces a day should normally be picked up by the carrier delivering mail provided it is not a foot route. For more information on collection routes, consult Handbook M-39, *Management of Delivery Services*, section

234.3, for potential action. Collection boxes averaging less than 25 pieces a day can be relocated within the neighborhood or community to a potentially higher volume location or removed. Boxes should be provided adjacent to senior citizen housing, municipal and judicial buildings, and other public facilities. These are examples of the types of boxes that may be left in place even if fewer than 25 pieces per day are generated.

[Revise the title of 313.2, delete the text of 313.2, and add new 313.21, 313.22, 313.23, and 313.24 to read as follows:]

313.2 Specific Schedule and Location Standards

313.21 At Postal Facilities

Every CAG A–K Postal Service-operated retail facility and Village Post Office (VPO) should provide an external collection box for customer use. The minimum size acceptable is a Standard size box. If accessible by a vehicle, this box should be snorkel-equipped for maximum customer convenience. At CAG L offices where a letter box is not supplied, a slot in the outer Post Office door or other mail receptacle may be provided. Collection boxes or other alternatives for customers to deposit mail should also be provided at Postal stores and all contract retail facilities.

The standards are as follows:

- a. *For Non-city Delivery Postal Facilities:* The District manager may utilize highway contract route (HCR) carriers, rural carriers, clerks, and/or other carriers for collections from the box in front of non-city delivery Post Offices. Pick up times should be as late as possible to enhance customer service, no earlier than 15 minutes before the retail counter closes. If the facility is on a transportation route, consideration should be given to HCR collection.
- b. *For City Delivery Postal Facilities:* Collection boxes located outside of city delivery Postal-operated retail facilities should be collected at or after 5:00 P.M., Monday–Friday. Postal-operated retail facilities may provide justification for an earlier than 5:00 P.M. pick-up time by exception as outlined in section 313.3 (e.g., AMP has affected transportation times). Collection boxes located outside of processing plants must be collected at or after 6:30 P.M., Monday–Friday, in conjunction with the operating plan of the subject plant's 010 operation. Collection boxes located at city delivery Post Offices should be collected by the personnel assigned to provide service at that facility rather than through dedicated collection runs, except at times when the personnel at that facility are not working. The final collection at a retail-only facility covered by these policies must occur either within one hour of the final dispatch of value or within 15 minutes of the time the window closes. City delivery

offices with associated city carriers located within the facility must perform their final collection within one hour of the final dispatch of value. When an office has extended retail hours beyond the dispatch of value, a collection must be conducted no later than the dispatch of value to ensure all mails are processed daily in a timely manner.

313.22 Residential Collection Boxes

In residential areas (see 311a), collections from residential collection boxes must not be made before the scheduled time and should be made approximately no later than 20 minutes after the posted time, if possible. Locally available data, such as Customer Insight Measurement (CIM) data, should be used to determine customer preferences for box location. Actual customer demand should also be considered when determining box location; density studies are a good source for this information.

The residential collection schedules are as follows:

- a. Residential Collection Schedules Monday Through Saturday — Carriers should collect mail from residential boxes during their normal delivery of mail to the residential neighborhood. Residential area collection boxes should have a posted pickup time approximately 20 minutes prior to the expected arrival time of the carrier serving the route. If the foot or motorized carrier normally passes these boxes on return to the delivery unit, the pickup should be scheduled at the later time so as to allow the latest possible collection. Collection times should be scheduled as late in the day as possible consistent with efficiency; however, there are no specific collection time requirements for residential area collection boxes.
- b. Sunday and National Holidays — Scheduled collection service from residential collection boxes is generally not provided on Sundays or national holidays. If needed to avoid overflow conditions, to secure the mail, or to advance collections for the next processing day, mail may be picked up without an entry on the collection schedule decal.

313.23 Business Area Collection Boxes

In business areas (see 311b), install boxes where the greatest mail volume is generated and where boxes are convenient to the greatest number of businesses. Business area boxes generating lower volumes should be reviewed periodically for relocation within the business area to a higher volume location. Locally available data, such as Customer Insight Measurement (CIM), should be used to determine customer preferences for business box location. Actual customer demand should also be considered when determining box location; density studies are a good source for this. A Saturday collection is optional for business area collection boxes provided they are not collected after

5:00 P.M., Monday through Friday, and mail is not delivered in the area. If mail is delivered in the area on Saturday, the carrier should collect the box as he or she passes while performing delivery duties.

313.24 Business Area 5:00 P.M. or Later Boxes

A business area box that generates a daily average of 100 or more pieces Monday through Friday may be scheduled for a 5:00 P.M. or later collection. Collection times are as follows:

- a. Last Pickup Between 5:00 P.M. and 6:29 P.M. (Monday–Friday)

These boxes should display 5:00 P.M., 5:30 P.M., or 6:00 P.M. schedule decals, as appropriate. Locate these boxes as follows:

- Where needed in business areas; or,
- In front of Post Offices' main offices, classified stations, and branches, except for locations where the Area manager, Delivery Program Support (DPS) has determined that a 5:00 P.M. or later collection is not viable, due to unusual operational, logistics, or other community service reasons.

- b. Last Pickup Between 6:30 P.M. and 8:00 P.M. (Monday–Friday)

These boxes should display 6:30 P.M., 7:00 P.M., 7:30 P.M., or 8:00 P.M. schedule decals, as appropriate.

These boxes will be located at offices where processing of outgoing is performed.

- c. Saturday

For boxes that average 100 pieces or more Monday-Friday but average fewer than 100 pieces in a Saturday density analysis (see 314.3), a Saturday collection is not mandatory if mail is not delivered. If mail is delivered in the area on Saturday, the carrier should collect the box as he or she passes while performing delivery duties. Boxes that average 100 pieces or more in a Saturday-density analysis require Saturday collection no earlier than 1:00 P.M. unless an exception has been granted in accordance with 313.3 for these boxes. In the case where a Saturday Area Mail Processing Plan has been established, the last daily collection time should be established in conjunction with the last dispatch of value in order to meet the operating plan of the subject plant's 010 operation.

- d. Sunday and National Holidays

Except at larger postal facilities, most collection boxes will not have scheduled collections on Sundays or national holidays. Local management determines if collections are necessary from specific

collection boxes to avoid potential overflow conditions, to secure the mail, or as needed to prepare mail for later processing. Collection schedule decals should indicate holiday collections when scheduled collections are made from the box on holidays. Where conducted, these collections should be as late in the day as possible to ensure that the mail will connect with dispatches of value to meet established standards.

Some national holidays are widely observed, and customer demand diminishes significantly on the day before the holiday. In such instances, usually on the eves before Christmas and New Year's Day, where senior management determines that expected customer flows will be minimal, senior management may authorize early retail closings and/or early collections. Authorization for such operational changes will be communicated from Headquarters to the Areas and from the Areas to the Districts. When such operational changes are authorized, Postmasters, with the concurrence of the appropriate District, will review collection operations to determine where advancing early collections are warranted. Postmasters will then implement any such early collections. Information advising the public of any early retail closings and/or early collections must be communicated to the public via press release. Additionally, each District and Post Office must take reasonable steps to ensure that such information is timely published through local news releases, radio and television notices, and postings in affected Post Offices, stations, and branches. Additionally, local Postmasters are authorized, but are not required, to inform customers that a collection box will receive an early collection via a posting on the affected collection box. The Postmaster must use his or her judgment to determine whether such posting is practical or warranted based on local conditions, installation location, past customer requests, and past experience.

[Revise the title of 313.3, delete the text of 313.3, and add new 313.31, 313.32, and 313.33 to read as follows:]

313.3 Exceptions to Mandated Service

313.31 General

Only the Area manager, Delivery Programs Support (DPS) may authorize exceptions to collection standards. Any exceptions must be based on factors such as staffing, logistics, safety, security, volume declines or increases, operational limitations, or other circumstances that justify an exception.

313.32 Exception Documentation

All exceptions requested and granted must be documented in writing by the Postmaster and/or District personnel involved and are valid for 365 days or until completion of the next density test. Copies of all written exception

requests and approvals must be maintained at the office of the Area manager, DPS. Documentation for all exceptions granted must be provided to the manager, City Delivery, at Headquarters upon request.

313.33 Exception for Removal

The Area manager, Delivery Programs Support, must authorize all collection box removals.

[Delete 313.4 through 313.52 in its entirety.]

* * * * *

314.1 General

[Revise the text of 314.1 to read as follows:]

All collection points are required to be entered in the Collection Point Management System (CPMS) by the responsible District where Internet access is available. No scheduled collection may be excluded from CPMS.

The information recorded in CPMS must be accurate and complete and must be reviewed at least annually by the District for accuracy. All exceptions must be in accordance with 313.3. CPMS is utilized to electronically verify collections. Any collection points recorded in these systems and receiving electronic scan data do not require the manual test as specified in 314.2.

Collection points are defined locations where a customer drops off mail for collection by the Postal Service. These can include mailchutes, receiving boxes, firm pickups, Self-Service Kiosk (SSKs) drops, lobby drops, and mail collection racks. Collection boxes are a subset of collection points.

[Revise the title and text of 314.2 to read as follows:]

314.2 Manual Collection Tests

In any delivery office lacking Internet access and any such office not using electronic collection management tools, the collection points process must be tested quarterly. This test is completed using plastic collection test card D-1148 and PS Form 3702, *Test Mailing Record (Collection and Special Test Mailings)*, in accordance with Handbook M-39, *Management of Delivery Services*, part 133.

314.3 Volume Density Tests

[Revise the text of 314.3 to read as follows:]

Estimates of collection box volumes should only be used for preliminary information, where no changes are considered, or to determine which boxes will have a density test performed. All determinations made under POM 315.3 (relocation/removal of boxes) should use the following density-test process:

- a. Use an actual count for letters or record a linear measurement of letters contained in the box.

- b. Convert the linear measurement to pieces at 227 pieces per foot (or current conversion figure).
- c. Add actual piece counts for flats and small parcels.

Density tests should be for a continuous 2-week period. At a minimum, density tests must be performed annually.

If the potential action under consideration involves Saturday collection alone, only collect data from four consecutive Saturdays.

Where multiple boxes are collected, mail volume from all boxes must be totaled. Collectors are required to record all density test mail volumes in the scanner. Collections density volume will be stored in Postal systems for use as needed.

For offices without Internet access, use locally available tools (e.g., Excel) to generate density-test worksheets. Retain data locally until a subsequent density test is conducted. Provide feedback to the District collections coordinator as needed.

315 Collection Boxes

315.1 Appearance

[Revise the last sentence of 315.1 and add new text to read as follows:]

***Boxes must be painted in accordance with and have only the decals prescribed by Brand and Policy at Headquarters. Collection boxes are to be maintained in good condition.

[Revise the title and text of 315.2 to read as follows:]

315.2 Number, Location Type, and Box Type

Install a sufficient number and type of collection boxes (see parts 313.1 and 322.22) within the delivery area to handle mail volume.

[Revise the title of and add new text for 315.3. Delete 315.31 through 315.35 in its entirety.]

315.3 Relocation Before Removal

Collection boxes averaging less than 25 pieces a day should be relocated within the neighborhood or community to a potentially higher volume location. A two-week density test and analysis must occur at least annually.

Boxes adjacent to senior citizen housing, municipal and judicial buildings, and other public facilities are examples of the types of boxes that may be left in place even if fewer than 25 pieces per day are generated. Before removing a collection point, it must be considered for relocation within the neighborhood.

If after exhausting/reviewing potential relocation options, it is ultimately decided that the collection point should be removed, approval must be granted by the exception authority listed in 313.3. Before a collection box can be removed or relocated, a notice to that effect for customers

must be placed on the box 30 days prior to the removal or relocation showing the location(s) and collection schedule(s) for other collection points in the vicinity.

[Revise the title and text of 315.4 to read as follows:]

315.4 Immediate Removal

If, after a collection box has been vandalized or tampered with, the location is determined to be unsecure by the Area manager, Delivery Programs Support, the box may be removed immediately without notice.

316 Collection Schedule Decals

[Revise the text of 316 to read as follows:]

A correct and legible collection schedule decal, Decal 55B, displaying all scheduled collections, must be affixed at each collection point. This decal must also indicate the location of the nearest collection point with a 5:00 P.M. (or later) scheduled collection.

For collection schedule changes that eliminate a 5:00 P.M. or later collection on weekdays or that eliminate a Saturday collection, post a notice on the box at least 30 days before any changes to inform affected customers, showing the location of the nearest collection point with a 5:00 P.M. or later collection and a Saturday collection. Retain a copy of the posted notice in the local files. Before any such action is taken on a collection box with a scheduled pick-up of 5:00 P.M. or later, be sure a two-week density test was completed and it justifies the change.

[Revise the title of 317 to read as follows:]

317 Collection Box Types

317.1 General

[Revise the text of 317.1 to read as follows:]

These types of collection boxes are currently in service with the U.S. Postal Service and are owned and maintained only by the Postal Service. As previously stated, all box types are required to have a collection schedule as well as the current DDD-1 label. Other required decals may be found in Maintenance bulletins issued by the Maintenance Technical Support Center. The boxes must be without rust, use the proper paint color and be graffiti-free. An anti-graffiti coating is now applied to all boxes when refurbishment is done.

[Revise the title and text of 317.2 and add new 317.3, 317.4, and 317.5 to read as follows:]

317.2 Standard

The most common blue collection box found on the street is a standard box. Collection is made by the collector opening a door in the lower front of the box and using a special Arrow key. Key series are assigned by the Material Distribution Center (for help call 800-2332-0317, option 4, option 4) and will vary in neighboring Post Office areas. Generally, a

white flat tub is kept in the box, and is simply exchanged by the collector after scanning the interior barcode applied there.

317.3 Large

These boxes were designed to be installed in front of medium to large Post Offices. They contain a larger mail container than a standard box, and thus hold over twice as much mail. These boxes are generally installed with a snorkel attachment to allow for drive-up service directly from the customer's vehicle. Guidelines for snorkel boxes may be found in Maintenance bulletins issued by the Maintenance Technical Support Center.

317.4 Jumbo

These boxes are designed to be used in locations of high outgoing mail generation. They are the largest box in service by the Postal Service. These boxes use a special high-security lock. The collector must have an empty Item 1046, Hamper, and he or she simply swaps the empty hamper for the full 1046 hamper located within the jumbo collection box. If necessary, the boxes may be equipped with up to two snorkel attachments.

317.5 Motorist Mailchute (Snorkel) Boxes

A motorist mailchute snorkel box is a collection box that is affixed with a snorkel attachment that permits motorists to deposit mail in a collection box without exiting their vehicles. Adhere to any state or local traffic regulations concerning placement of these boxes. Snorkel boxes are available in the following sizes:

- a. Snorkel — Standard blue box with a snorkel attachment for driver's deposit of mail.
- b. Large Snorkel — Larger capacity blue box with a snorkel for driver's deposit of mail. The box holds two tall bins for deposit of mail.
- c. Jumbo Snorkel — Extremely large capacity blue container with a snorkel for driver's deposit of mail. The box holds Item 1046, a large hamper, for easy mail removal.

[Add new 318 to read as follows:]

318 Priority Mail Express Collection Boxes

318.1 Identification

Appropriately label these boxes as Priority Mail Express.

318.2 Location

Separate, designated boxes may be provided at all offices that accept Priority Mail Express. The requirements for the location of individual Priority Mail Express boxes will be determined by the District manager or his/her designee.

318.3 Number of Boxes

The District manager or designee must decide where there is a need for Priority Mail Express (locations inside build-

ings and external street locations) in addition to determining the need for local or area-wide collection service.

[Revise the title of 32 to read as follows:]

32 Mail Deposit and Collection

[Revise the title of 321, delete the text of 321, and add new 321.1, 321.2, and 321.3 to read as follows:]

321 Ordinary Deposit of Mail

321.1 Post Office Lobby

Letter drops are provided in lobbies of all Post Offices for the deposit of ordinary mail (see exception in 313.3). If the facility is provided with a Self-Service Kiosk (SSK), the lobby will also be provided with an SSK drop for the acceptance of small packages. This may be a wall drum or a free-standing receptacle.

321.2 Rural and Contract Delivery Service Boxes

Mail on which postage is paid may be deposited for collection in mailboxes located on rural and Contract Delivery Service (CDS) routes in rural style, Postmaster General-approved mailboxes. The customer should raise the flag to indicate that outgoing mail has been deposited.

321.3 Vertical Improved Mail and Firm Mailrooms

At vertical improved mail (VIM) and firm mailrooms, mail may be deposited in bundle mail drops where provided. Otherwise, mail may be left with the carrier on duty when the VIM call window is open.

[Revise the title of 322 to read as follows:]

322 Mailchutes and Receiving Boxes

322.1 General

[Revise the text of 322.1 to read as follows:]

Mailchutes and receiving boxes are not collection boxes and are not subject to the policies spelled out in other sections of this chapter. Mailchutes and receiving boxes are nonetheless viable collection points that may be utilized by the public in the deposit of mail, which carriers are then obligated to collect.

[Revise the title of 322.2 to read as follows:]

322.2 Use

[Revise the title and text of 322.21 to read as follows:]

322.21 Determination of Installation

Mailchutes and receiving boxes may be placed, at the expense of the owner, in public buildings, railroad stations, hotels, and business or office buildings of not less than four stories and apartment houses of not less than 40 residential apartments. Buildings with receiving boxes must be open to the general public, without restrictions, during the hours specified by local postal management for mail collections. Building management must be prepared to allow for access during extended periods when weather is inclem-

ent, or collection times may be restricted to normal business hours. Keytainers must be installed when lobby hours are inadequate to provide required access.

[Revise the title and text of 322.22 to read as follows:]

322.22 Purpose

Mailchutes and receiving boxes are intended for the deposit of First-Class Mail. Standard Mail may not be deposited in mailchutes and receiving boxes.

[Delete 322.23 through 322.233 in its entirety.]

[Revise the title and text of 322.3 and delete 322.31 through 322.344 in its entirety.]

322.3 Installation, Specification, and Maintenance

Requests for the installation of mailchutes and receiving boxes must be approved by the Postmaster, and he or she must be furnished the contract and specifications for any proposed chute and box. The specifications for mailchutes and maintenance procedures are covered in Publication 16, *Mail Chutes, Receiving Boxes, and Auxiliary Collection Boxes: Regulations and Specifications*. All maintenance is done by and at the expense of the owner.

Cooperative mailing racks may be installed by building managers in the lobbies of office buildings. All mail rack locations and equipment must be approved by the local Postmaster. The Postal Service does not provide nor maintain such equipment.

[Add new 322.4 and 322.5 to read as follows:]

322.4 Schedules

All mailchutes, receiving boxes, and mailing racks are collection points and therefore must be included in the national electronic collection point management database.

Schedules must be included for each of these collection points and should be posted on or near the collection point. It is expected that all mailchutes, receiving boxes, and mailing racks will be picked up by the regular carrier during the delivery of mail to the building. Any collection of these collection points on collection runs is at the discretion of local postal management and is based on consistent collection volume and building accessibility. Twenty-four hour accessibility or the use of keytainers is recommended.

322.5 Bulk Mailings

Mailings under permit indicia or in bulk must be deposited at times and places designated by the Postmaster. These mailings are prohibited from deposit in collection boxes, mailchutes, receiving boxes, or other mail collection receptacles or points because permit or bulk mailings must be verified to ensure proper acceptance.

Invalid USPS Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the

numbers listed appear in the *Postal Bulletin*. The actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/ijy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

FPO	= Fleet Post Office
MOM	= Military Ordinary Mail
MPO	= Military Post Office
PAL	= Parcel Airlift
PSC	= Postal Service Center
SAM	= Space Available Mail
USDA	= United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

A1. Mail addressed to "Any Servicemember," or similar wording such as "Any Soldier," "Sailor," "Airman," or "Marine"; "Military Mail"; etc., is prohibited. Mail must be addressed to an individual or job title such as "Commander," "Commanding Officer," etc.

A2. APO/FPO/DPO addresses shall not include a city and/or country name.

B. Regardless of mail class, a customs declaration (i.e., PS Form 2976, PS Form 2976-A, or PS Form 2976-B) is required for all items weighing 16 ounces or more, or any item (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from an APO, FPO, or DPO ZIP Code. If mailed using Priority Mail Express service, mailpieces requiring a customs form that are addressed to or from an APO, FPO, or DPO location must bear a properly completed PS Form 2976-B. No customs form is required for items weighing less than 16 ounces when the contents are not potentially dutiable (e.g., documents). The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply:

- Known mailers are exempt from providing customs documentation on non-dutiable letters or printed matter. (A known mailer is a business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, pays postage through an advance deposit account, uses a permit imprint for postage payment, and submits a completed postage statement at the time of entry that certifies that the mailpieces contain no dangerous materials that are prohibited by postal regulations.)
- All federal, state, and local government agencies whose mailings are regarded as "Official Mail" are exempt from providing customs documentation on any item addressed to an APO, FPO, or DPO except for those APOs/FPOs/DPOs to which restriction "B2" applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B2. All federal, state, and local government agencies must complete customs documentation when sending potentially dutiable mail addressed to or from this APO, FPO, or DPO.

C. Cigarettes and other tobacco products are prohibited.

C1. Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

D. Coffee is prohibited.

E. Medicines (prescription, over-the-counter, vitamins, and supplements) are prohibited when mailed to individuals for human or animal use. This prohibition does not apply when medicines are sent as official mail only between specifically designated agencies such as pharmaceutical distributors, hospitals, clinics, and pharmacies.

E1. Medicines or vaccines not conforming to French laws are prohibited.

E2. Any matter depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited. Although religious materials contrary to the Islamic faith are prohibited in bulk quantities, items for the personal use of the addressee are permissible.

E3. Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

F. Firearms of any type are prohibited in all classes of mail. See definitions of firearms in PUB 52, Sec. 431. This restriction does not apply to firearms mailed to or by official U.S. government agencies. The restriction for mail to this APO/FPO/DPO ZIP Code does not apply to firearms mailed from this APO/FPO/DPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms are a separate category defined in PUB 52, Sec. 431.3 and ATF regulations; they do not require an ATF form.

F1. Privately owned weapons addressed to an individual are prohibited in any class of mail.

F2. Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

G. Only letters, flats, and Periodicals are authorized. Parcels of any class are prohibited.

H. Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

- Maximum length 20 inches.
- Maximum width 12 inches.
- Maximum height 12 inches.

The maximum length and girth combined may not exceed 68 inches.

This restriction does not apply to registered mail and official government mail marked MOM.

I1. This restriction does not apply to registered mail.

I2. This restriction does not apply to official government mail marked MOM.

I3. Mail may not exceed the following dimensions:

- Maximum length 27 inches.
- Maximum width 14 inches.
- Maximum height 14 inches.

J. Parcels may not exceed 108 inches in length and girth combined.

K. Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

L. All official mail is prohibited.

M. Fruits, vegetables, animals, and living plants are prohibited.

N. Registered mail is prohibited.

O. Delivery status information for Extra Services is not available on USPS.com.

P. APO is used for the receipt and dispatch of official mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those mailable under PUB 52, Sec. 421, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

S. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions and weight:

- Maximum length 12 inches.
- Maximum width 12 inches.
- Maximum height 5 1/2 inches.
- Maximum weight 25 pounds.

The maximum length and girth combined may not exceed 47 inches.

T. Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

U. Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail weighing 13 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

U2. Mail is limited to First-Class Mail letters only when addressed to Box R.

U3. Mail is limited to First-Class Mail correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

U4. Mail addressed to Box C is limited to 2 pounds, regardless of class.

V. Priority Mail Express Military Service (PMEMS) not available from any origin.

V1. USPS Tracking is not available.

W. Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

X. Personal mail is limited to First-Class Mail items (to include audio cassettes and voice tapes) weighing 13 ounces or less. This limitation does not apply to official mail.

Y. Mail is limited to First-Class and Priority Mail items only. All Periodicals, Standard Mail items, and Package Services items (including SAM and PAL) are not authorized. This restriction also applies to official mail.

Z. No outside pieces (OSPs).

Z1. The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

Freely Associated States (FAS) Restrictions

Effective March 19, 2015, the mailing restrictions for Freely Associated States will be listed in the Pull-Out section of the *Postal Bulletin* and updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The FAS table below outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For additional information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks should use the table with the POS ONE terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Inquiries may be sent to Randall Sobol at randall.f.sobol@usps.gov.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

The Adherence of Seeds and Other Matter to Postage Stamps

The Postal Service™ has recently received inquiries regarding the placement of plant seeds and other extraneous materials on or under postage stamps when they are affixed to a mailpiece. This is a reminder that extraneous material is not to be placed in, on, or under postage stamps on mailpieces. Any type of substance that may adulterate

the postage stamp is prohibited. This includes plant material, samples, or any type of HAZMAT material.

Federal Income Tax Withholding

Effective Pay Period 02-2016, payroll checks will reflect changes in the withholding of federal taxes. All information in this article is based on Internal Revenue Service (IRS) Notice 1036, revised December 2015. The Early Release Copies of the Percentage Method Tables for Income Tax Withholding will appear in the IRS Publication 15 (Circular E), *Employer's Tax Guide*.

The biweekly personal exemption value for each federal tax allowance will increase from \$153.80 to \$155.80 per allowance. In addition, the dollar amounts for the withholding tables have changed. The existing withholding rates (10%, 15%, 25%, 28%, 33%, 35%, and 39.6%) did not change.

* Wages are determined after subtracting withholding allowances, CPP, FEDVIP, FEHB, (USPS HB, if pre-tax in place), FSA, HSA, and Traditional (Tax-Deferred) TSP contributions from your gross earnings.

Contributions made by employees to the following are treated as pre-tax monies for federal tax computations:

- Commuter Program (CPP) up to the transit/parking pre-tax limits.
- Federal Employees Dental and Vision Insurance Program (FEDVIP).
- Health Benefits (HB):
 - Federal Employees Health Benefits (FEHB), unless employee declined the pre-tax benefit.
 - USPS Health Benefits (USPS HB), only if employee opted for pre-tax contributions.
- Flexible Spending Accounts (FSA).
- Health Savings Account (HSA).
- Traditional Thrift Savings Plan (TSP).

When calculating your federal taxes, remember to subtract from your gross earnings your withholding allowance amount as well as these pre-tax contribution amounts to determine your federal taxable wage amount.

Upon submission of your federal tax return, you are urged to review your federal tax withholdings particularly if you owed a significant amount of money or were due a large refund. If necessary, update your Federal Form W-4 (Employee's Withholding Allowance Certificate).

To determine the amount of withholding, follow steps 1 through 10:

1. Determine biweekly gross wages from earnings statement.
2. Determine biweekly Traditional TSP employee contributions from earnings statement.
3. Determine biweekly FSA contributions from earnings statement. If applicable, add the amounts from both the FSA Dependent Child (FSADC) Sub-Account and the FSA Health Care (FSAHC) Sub-Account.
4. Determine biweekly FEHB pre-tax employee contribution from earnings statement (abbreviated as HP).
5. Determine biweekly USPS HB pre-tax employee contribution from earnings statement. **Note:** Gener-

ally USPS HB contributions are treated as post-tax monies.

6. Determine biweekly CPP employee contributions from earnings statement.
7. Determine biweekly FEDVIP employee contributions from earnings statement.
8. Determine biweekly HSA contributions from earnings statement.
9. Multiply the number of exemptions claimed by the biweekly exemption value of \$155.80 (withholding allowance). The federal tax line on the earnings statement shows the number of exemptions claimed (e.g., S1 = single with one exemption, M3 = married with three exemptions).
10. Subtract the amounts in step 2 (Traditional TSP), step 3 (FSA), step 4 (FEHB), step 5 (USPS HB, only if appropriate), step 6 (CPP), step 7 (FEDVIP), step 8 (HSA) and step 9 (exemptions) from step 1 (biweekly gross wages). The balance is the amount subject to withholding.
11. Determine into which range this amount falls on the Federal Income Tax Withholding Table; follow the instructions listed in the table.

The following is an example of how to compute federal income taxes for a Federal Employee Retirement System (FERS) employee who claims married with three exemptions, and makes pre-tax contributions to the TSP, FSA, FEHB, CPP, and FEDVIP.

Example: A FERS employee receives \$3,826.35 as biweekly gross wages. The employee makes the following contributions: 11 percent of basic earnings (for this example, all of the gross \$ is basic; basic X 0.11 = \$420.90) per pay period (PP) to TSP; \$65 per PP to FSADC; \$95 per PP to FSAHC; \$148.46 per PP to FEHB, \$105 for this PP to the

CPP; and \$57.23 per PP to the GEHA PPO High Option Dental Premium. The employee claims “married” with three exemptions (M3 on the federal tax line of the earnings statement). Using the information provided in the Federal Income Tax Withholding Table in this article, federal taxes are computed as follows:

Biweekly gross wages	\$3,826.35
Minus Traditional Thrift Savings Plan contributions	-420.90
Minus Flexible Spending Account Dependent Care contributions	-65.00
Minus Flexible Spending Account Health Care contributions	-95.00
Minus Federal Employees Health Benefits contributions	-148.46
Minus Commuter Program pre-tax contributions	-105.00
Minus Federal Employees Dental and Vision Insurance Program contributions	-57.23
Minus Exemptions (3 x \$155.80)	-467.40
Amount of wages subject to withholding	\$2,467.36

To complete the computation, refer to the Married/Biweekly segment of the Federal Income Tax Withholding Table. The amount of wages subject to withholding (\$2,467.36) falls within the “over \$1,042 but not over \$3,225” range. Using the information provided within that range, the final computation is as follows:

Amount subject to withholding	\$2,467.36
Subtract \$1,042 from \$2,467.36	1,425.36
Multiply \$1,425.36 by .15 (15%)	213.80
Add from the table	71.30
Add \$213.80 and \$71.30	285.10
Total federal income tax* that should be withheld from this employee's biweekly check	\$285.10

* Rounding may vary this total by a few cents.

Federal Taxation Percentages for Supplemental Wages

USPS® employees are reminded that the percentages used to tax supplemental wages are different from the normal taxation percentages. Supplemental wages may include, but are not limited to, annual leave exchange, awards, back-pay awards, prizes, severance pay, and reimbursements for moving expenses. *The American Jobs Creation Act of 2004* and Section 31.3402(g)-1 of IRS regulations created a two-tiered taxation rate for supplemental wages, effective January 1, 2005. These regulations apply to all supplemental payments received by USPS employees in the United States, as well as the U.S. territories.

With the passage of the *American Taxpayer Relief Act of 2012* (H.R.8), the marginal income tax rate for high-income

taxpayers was increased for wages paid on and after January 1, 2013.

Current regulations provide for taxation of supplemental wages up to a total of 1 million dollars within a calendar year at a *mandatory* withholding rate of 25 percent. Regulations also provide for a *mandatory* withholding rate of 39.6 percent (or the highest rate of income tax for the year) for any supplemental wages paid in excess of 1 million dollars within a calendar year. These regulations remain in effect until taxation percentages are once again changed by Congress and the IRS.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
