Cover Story

Fire Prevention Week is October 8-14, 2017: In a Fire, Seconds Count — Do You Have an Exit Strategy?

Fire can spread quickly through your home or facility, leaving you little time to safely escape. Fire evacuation plans and smoke detectors help save lives.

Evacuation plans must include a map of your facility or home showing two exits (windows or doors) and a path to the outside from each exit. Practice fire drills twice a year, at different times and using different ways out. At home, teach children how to escape on their own in case you can't help them.

Nearly 2,500 people die in home fires every year in the United States. Most of these people live in homes that do not have working smoke alarms. Approximately 60 percent of home fire deaths result from fires in which smoke alarms were not present or didn't work. Do you know how old your smoke detectors are or how often you should replace them? Replace smoke detectors every 10 years. To find out how old your smoke detector is, remove it from the wall or ceiling and look at the manufacture date on the back of the alarm.

Place smoke alarms on every level of your home, outside each sleeping area, and inside every bedroom. There are many brands of smoke alarms on the market, including alarms for people who are deaf or blind. These alarms may have strobe lights that flash or vibrate to alert those who are unable to hear standard smoke alarms when they sound. For the best protection, make sure all alarms are interconnected — when one sounds, they all sound.

Have you checked your smoke alarm to make sure it's still working? A smoke alarm with a dead or missing battery is the same as having no smoke alarm at all. Test the alarm monthly and replace the batteries at least once a year. A smoke alarm only works when you properly install and regularly test it. Some fire departments will install battery-operated alarms in your home for free. Contact your local fire department's non-emergency number for more information.

When evacuating a burning building, close doors behind you as you leave — this may slow the spread of smoke, heat, and fire. Once you get outside, stay outside. Never go back inside a burning building.

Effective November 16, 2017, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 204.2.0, Standards for Package and Extra Service Barcodes, to update barcode standards.

Invalid USPS Corporate Account Numbers

Please provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which must be recycled.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the RSS terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Send inquiries to the Military Postal Service Agency at amps.usps.gov/jy2/frm.htm.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the RSS terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Send inquiries to Randall Sobol at randall.f.sobol@usps.gov.

Notice to All Post Offices with Rural Delivery Service: Rural Carrier Guarantee Period

Postal Service™ managers must effectively manage rural carriers who work under the provisions of the Fair Labor Standards Act (FLSA), section 7(b)(2). Those carriers are paid overtime for all hours actually worked in excess of 2,080, up to 2,240, within the 52-consecutive-week guarantee period.

If a carrier works more than 2,240 hours within the guarantee period, the agreement under FLSA section 7(b)(2) is considered void, and the carrier must be compensated for all hours worked during the guarantee period in accordance with FLSA, section 7(a).

Postal Service™ managers must make a concerted effort to minimize the number of hours carriers work over 2,080, and strictly monitor these carriers to ensure that no carrier works in excess of 2,240 actual work hours.

The 2017–2018 guarantee period will begin on Saturday, October 14, 2017, and continue through Friday, October 12, 2018.

New Mandate on Limited ACE Access for Contractors Beginning FY 2018

On behalf of the Corporate Information Security Office (CISO), starting fiscal year (FY) 2018, all new contractors assigned an ACE ID must complete all required CyberSafe trainings before gaining access to the ACE environment.

Immediately upon assignment of an ACE ID, we will place new contractors under limited ACE system access*. Postal Service™ managers will receive the following notifications from eAccess:

- The new contractor's assigned ACE ID,
- LMS course enrollment, and
- Course completion.

If you are a Postal Service employee who manages contractors, please notify all new contractors of this process. Watch for the auto-generated emails coming from eAccess with information regarding new contractors' ACE system access.

If you are a new contractor, you will not be able to access the full ACE environment until you complete all CyberSafe courses.

If you have questions about this new mandate, please contact CyberSafeComms@usps.gov. For general information about security training courses, visit the Security training page at blue.usps.gov/cyber/training.htm.

**When new contractors enter the ACE environment, they will have limited ACE system access. They will only be able to access the LMS Portal for course completion. Furthermore, if they have remote access to the USPS network, they will not be able to request access to any ACE applications in eAccess until completion of required courses.*

Sharing Data: The Rules of the Road

If you need to send sensitive or sensitive-enhanced information to a co-worker or an authorized external recipient, take steps to prevent USPS® information from getting into the wrong hands.

Sharing Externally

When sending sensitive information to authorized external recipients, use the Enterprise Encryption Service (EES) by placing **#sensitive#** in the subject line (not case-sensitive). Doing this will encrypt the attachments and place them on a secure email platform for the recipient to access.

Sharing Internally

Any time an employee sends an email to another USPS address, it is automatically encrypted and no additional action is required. However, senders must still consider the following:

- Determine whether the recipient “needs to know” the information.
- If necessary, use WinZip to minimize the file size of attachments before sending.
- Do *not* manually encrypt or password protect documents when sending to recipients within the USPS network.

For more guidance, see sections 3-2.3.2, Sensitive-Enhanced Information and 3-2.3.3, Sensitive Information in Handbook AS-805, *Information Security*.

If you suspect USPS data has been compromised, please do not attempt to fix the situation yourself. Instead, report it immediately to the CyberSecurity Operations Center (CSOC) at cybersafe@usps.gov.

For more information on how to stay cybersafe, check out the CyberSafe at USPS® websites on *Blue* (blue.usps.gov/cyber/) and *LiteBlue* (liteblue.usps.gov/cyber/), or the public-facing website at uspscybersafe.com.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by telephone at 800-782-6724, or at The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches high by 4 inches long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through

the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:
