Cover Story

Energy Action Month 2018 — Postal Blue Works to Stay Green

The U.S. Postal Service® is committed to being a leader in sustainability by ensuring compliance with environmental regulatory requirements in all aspects of our operations. We strive to deliver mail at the lowest cost with minimal impact to the environment. Our goal is to reduce our energy use and greenhouse gas emissions by responsibly managing our infrastructure, so that the Postal Service™ may continue to serve the nation as it has for over 240 years.

The Postal Service operates more efficiently and saves energy across the organization through the use of emerging technologies. We focus on reducing our impact across our facilities, with our vehicle operations, and within our supply chain. Postal Service facilities require a large amount of energy to carry out mailing and shipping operations. That is why our goal is to reduce energy use by 25 percent per square foot of building space by 2025. As of fiscal year 2017, the Postal Service has achieved a 21.1 percent reduction in energy consumption.

With its usage of renewable technologies, the Postal Service is able to implement innovative energy savings projects to reduce emissions and produce cost savings. Projects that demonstrate our commitment to emerging technologies include the 35,000 solar panels on the roof and parking garage of the USPS® Los Angeles processing and distribution center. These solar panels not only generate power for our facility, but they generate electricity for the city as well.

The Postal Service operates 47,933 alternative fuel vehicles equipped to use ethanol, electric, compressed natural gas, and liquid petroleum gas. We test prototype vehicles to make informed decisions about the future of our vehicle fleet. We are testing the Nissan Leaf and the Chevy Bolt electric vehicles for mail delivery. Through testing, the Postal Service collects data on maintenance, performance, battery condition, and carrier feedback. We will continue to test emerging technologies as they appear in the marketplace.

The Postal Service also diligently consolidates and standardizes energy-related data to provide a platform of tools to easily access the information. Our Energy and Utility Management Systems enable us to locally and remotely monitor energy consumption and equipment data to better manage cost and usage savings. In 2017, the Postal Service expanded the Enterprise Energy Management System network at 726 facilities by installing digital communication control and monitoring devices. Combined with the 5,600 facilities in our Utility Management System, this upgrade allows USPS to monitor usage and cost to make changes, as necessary.

Another powerful tool the Postal Service uses to plan green projects and track sustainability performance is the Green Initiative Tracking Tool (GITT) at blue.usps.gov/sustainability/gitt/welcome.htm. With GITT, users can generate tailored reports for the following categories at facility, district, area, and national levels:

- Energy, water, and vehicle fuel usage,
- Recycling,
- Trash costs, and
- Consumable spending.

“These are just a few examples of how the Postal Service is working to stay green. I am so proud of our success, but the job is far from done. Let’s continue to work together to be good neighbors — and good stewards of our environment,” said Chief Sustainability Officer Tom Day.

The Postal Service is doing its part to be energy smart. To do your part and learn more about our sustainability efforts, visit usps.com/green.

Notice to All Post Offices with Rural Delivery Service: Rural Carrier Guarantee Period

Postal Service™ managers must effectively manage rural carriers who work under the provisions of the Fair Labor Standards Act (FLSA), section 7(b)(2). Those carriers are paid overtime for all hours actually worked in excess of 2,080, up to 2,240, within the 52-consecutive-week guarantee period.

If a carrier works more than 2,240 hours within the guarantee period, the agreement under FLSA section 7(b)(2) is considered void, and the carrier must be compensated for all hours worked during the guarantee period in accordance with FLSA, section 7(a).

Postal Service managers must make a concerted effort to minimize the number of hours carriers work over 2,080, and strictly monitor these carriers to ensure that no carrier works in excess of 2,240 actual work hours.

The 2018–2019 guarantee period will begin on Saturday, October 13, 2018, and continue through Friday, October 11, 2019.

Stamp Announcement 18-35: Hanukkah 2018 Stamp

On October 16, 2018, in Newport, RI, the U.S. Postal Service® will issue the *Hanukkah 2018* stamp (Forever® priced at the First-Class Mail® rate) in one design, in a pressure-sensitive adhesive pane of 20 stamps (Item 565600). The stamp will go on sale nationwide October 16, 2018, and must not be sold or cancelled before the first-day-of-issue.

The U.S. Postal Service and Israel Post join together to celebrate Hanukkah, a joyous Jewish holiday. The stamp features a papercut design of a 9-branch menorah used during the holiday. Drawing on Jewish papercutting traditions, the artist based her design on Hanukkah themes and references from ancient texts. Behind the menorah, the artist cut a design reminiscent of the shape of an ancient oil jug to represent the heart of the Hanukkah miracle. Meant to last one day, the sacred oil burned for eight. On each side of the design are two broken oil jugs and two dreidels — spinning tops used in the modern Hanukkah game. The plant twining along the sides is a pomegranate; both the flowers and the fruit are seen in the twisting branches. Art director Ethel Kessler designed the stamp with original art by Tamar Fishman.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Send inquiries to the Military Postal Service Agency at amps.usps.gov/jy2/frm.htm.

We have eliminated “Not Active” entries from the table below to save space and paper.

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the Retail System Software terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Send inquiries to Randall Sobol at randall.f.sobol@usps.gov.

Update: Stamp Announcement 18-33: Sparkling Holidays Stamps

In the article “Stamp Announcement 18-33: Sparkling Holidays Stamps,” in *Postal Bulletin* 22501 (8-30-18, page 33), the *Sparkling Holidays* stamps special dedication postmark was unavailable. The special dedication postmark for *Sparkling Holidays* stamps is shown here:

Special Dedication Postmarks

Only the following pictorial postmark is permitted for the *Sparkling Holidays* stamps. The word “Station” or the abbreviation “STA” is required somewhere in the design, because it will be a temporary station. The use of any image other than the following special pictorial image is prohibited.

Guidelines for Finalizing the Sparkling Holidays Stamps Pictorial Postmark Art

To finalize the *Sparkling Holidays* stamps pictorial postmark art, insert the date, city, state, and ZIP Code™ of the physical location of your event adjacent to the stamp image. Overall dimensions of the pictorial postmark must not exceed 4 inches (horizontally) by 2 inches (vertically). Collectors prefer the dimensions 3-1/2 inches by 1.

The Postal Service™ must make all special postmarks known to collectors through advance publicity in the *Postal Bulletin*. Therefore, all special dedication cancellations must be reported to Stamp Services 4 weeks before the event using PS Form 413, *Pictorial Postmark Announcement/Report*. To get a copy of the form, go to blue.usps.gov/formmgmt/forms/ps413.pdf.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches high by 4 inches long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through

the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Universal Waste Management Reminder: Batteries, Bulbs and Lamps, and Mercury-Containing Equipment

Universal waste includes certain batteries, lamps, and mercury-containing equipment. Because these items contain toxic materials, universal waste has specific federally mandated management and recycling requirements. Typical universal waste generated by Postal Service™ sites include the following:

- Batteries that contain toxic materials (i.e., nickel-cadmium, nickel-metal hydride, lithium, lithium-ion, silver/mercury oxide, and small, sealed lead-acid batteries);
- Lamps (light bulbs) that contain mercury and other toxic materials (i.e., fluorescent and compact fluorescent lamps, high intensity discharge (HID) lamps, neon lamps, and light emitting diode (LED) lamps); and
- Mercury-containing equipment (i.e., thermometers, thermostats, and electrical switches).

Postal Service sites must properly train employees to manage and store universal waste in clearly labeled, closed containers. Additionally, sites must arrange for universal waste pick up (or mailback) and subsequent off-site recycling within 1 year (365 days) of the day the waste was generated and maintain recycling records. For more information about universal waste management requirements, see the following guidance documents:

- *Universal Waste Management Requirements Environmental Compliance Bulletin* at blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-univ-waste-mgmt.pdf
- *Used Battery Management Environmental Compliance Bulletin* at blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-used-batteries.pdf
- *Waste Lamp Management Environmental Compliance Bulletin* at blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-waste-lamps.pdf
- Postal Service battery recycling site at blue.usps.gov/sustainability/battery-recycling.htm.

States may impose additional regulations, including establishing more categories of universal waste. Check with your designated USPS® environmental contact for more information about applicable regulations at blue.usps.gov/sustainability/contact.htm.

Postal Service sites must arrange for on-site pick up or mailback for off-site recycling using the following suppliers:

- On-site pick up services:
 - Cleanlites Recycling, Inc. Additional contract information is available to Postal Service employees in the Material Logistics Bulletin: *National Contract Ordering Instructions* (MLB-CO-18-003) at blue.usps.gov/purchase/_pdf/ops_mlb18-003.pdf.
- Mailback services:
 - Battery mailback options are provided by various vendors in the Postal Service eBuy2 catalog. See Attachment 1 of the *Used Battery Management Environmental Compliance Bulletin* (blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-used-batteries.pdf) for item numbers.
 - Lamp mailback is provided by Stericycle. Postal Service employees can review Material Logistics Bulletin: *National Contract Ordering Instructions* (MLB-CO-14-018) at blue.usps.gov/purchase/_pdf/ops_mlb14-008.pdf for details.

At this time, there is no internal mailback program for universal waste batteries. In 2017, the Postal Service cancelled the internal battery mailback programs at the Mail Recovery Center (Atlanta) and Tampa Logistics and Distribution Center (now known as Ybor City Processing and Distribution Center). Do **NOT** send any type of battery through the mail to these locations. Also, do **NOT** send used batteries to the Topeka Material Distribution Center unless the batteries are contained in equipment sent for recycling, such as computers or cell phones.
