Cover Story

National Dog Bite Awareness Week, June 14–20, 2020

Sponsored by the United States Postal Service®, National Dog Bite Awareness Week is a public service campaign that offers safety tips and emphasizes the need for increased owner responsibility in the prevention of dog attacks.

From nips and bites to vicious attacks, aggressive dog behavior poses a serious threat to our employees. To emphasize the enormity of this issue, the Postal Service™ is reporting the number of dog attacks and bites together as the most prominent threat to carriers. Last year, 5,803 Postal Service employees were victimized by dogs.

The tools available in this kit and online will help promote the awareness of this public health concern in an effort to reduce the number of adverse interactions with our letter carriers in local communities. Be sure to contact the field communications professionals listed in this kit when promoting this initiative.

Dog Bite Awareness Background and Tips

The Victims

- Last year, many attacks reported by letter carriers came from dogs whose owners regularly used the phrase, “My dog won’t bite.”

How to Avoid Being Bitten

- Don’t run past a dog. The dog’s natural instinct is to chase people who run.
- If a dog threatens you, don’t scream. Avoid eye contact. Try to remain still until the dog leaves, and then back away slowly until the dog is out of sight.
- Don’t approach a strange dog, especially one that’s tethered or confined.
- While letter carriers are discouraged from petting animals, people who choose to pet dogs should always let a dog see and sniff them before petting the animal.
- If a dog is about to attack, try to place something between yourself and the dog, such as a satchel, backpack, or bicycle.

How to Be a Responsible Dog Owner

- Obedience training can teach dogs proper behavior and help owners control their dog in any situation.
- When a letter carrier comes to the home, keep dogs:
 - Inside the house or behind a fence,
 - Away from the door,
 - In another room, or
 - On a leash.
- Dogs can be protective of their territory and may interpret the actions of letter carriers as a threat. Take precautions when accepting mail in the presence of your pet.
- Dogs that haven’t been properly socialized, receive little attention or handling, or are left tied-up for long periods may become biters.

Dog Attack Prevention Tips for Mail Carriers — How to Help Prevent Dog Attacks

Make an effort *every day* to do the following:

1. Carry dog repellent.
2. Update dog warning cards, if necessary. The safety of your coworkers starts with you.
3. Take messages on your Mobile Delivery Device (MDD) seriously when you receive an alert about hazards, such as dogs, on your route.
4. Report any dog incidents on your route (e.g., close calls) to your supervisor. An “almost bite” today could be a “bite” tomorrow.

Remember these simple rules:

1. If approached by a dog, resist the impulse to scream and run away. Running will trigger a chase response.
2. Remain still, place your satchel between you and the dog, and avoid eye contact with the dog.
3. Once the dog has calmed down, back away. Do not turn your back on a dog because a fearful dog may unexpectedly bite.

Be aware of your surroundings to protect yourself:

1. Stay alert at all times:
 - a. Observe the area carefully.
 - b. Don't wear earbuds or Bluetooth devices that could affect your ability to hear what is going on around you.

- c. Be aware of common places dogs may hide (e.g., under parked cars, under hedges, or on porches).
 - d. Rattle the gate before entering a fenced-in yard.
2. If you encounter a dog:
 - a. Never assume that a dog won't bite, even if it has been friendly in the past. Any dog can bite.
 - b. Always keep your eye on the dog. Dogs are more likely to bite when you aren't looking.
 - c. Never startle a dog. If it is asleep, make some kind of non-startling noise, such as a soft whistling, or call its name if you know the dog. Do this before getting close to the dog to ensure time and space for an “out.” Never reach out and pet the dog.
 - d. Stand your ground. Turn and face the dog. Hold something in front of you, like your satchel, and back away slowly to ensure you don't stumble and fall. Never turn and run!
 - e. Keep at least one full can of dog repellent spray within reach at all times. If a dog attacks, use the repellent to protect yourself. Before going on your route, make sure your can has not expired.
3. Use these preventative measures:
 - a. No one likes a surprise. Fill out a Dog Warning Card for your route, so the information can be entered into the system and sent via MDD.
 - b. Notify your supervisor that there is an unresolved dog hazard that makes you fearful on the route.

Remember: Safety Depends on You!

Four Tips for Preventing Dog Attacks on Mail Carriers

Can you picture a member of your family attacking a mail carrier? Of course not, but it happened 5,803 times last year across the nation.

Dearborn, MI, Letter Carrier Tameka Toliver recalls being pinned on a porch by a dog that bit her above her knee. "It happened so fast, even with all my training, I barely had time to react," Toliver told co-workers at an event at the Dearborn Post Office. "I'm still scared when I get close to that house because I remember the attack so vividly. It takes a long time to get over the fear."

When a dog attacks a letter carrier, the dog owner could be held liable for all medical expenses, repayment of lost work hours, replacement of the uniform and other costs, which can run into thousands of dollars. The Postal Service makes the safety of its employees a top priority and dedicates a week each year to Dog Bite Awareness.

Here are four simple tips to prevent dog bite injuries year round:

Door Delivery: If a carrier delivers mail or packages to your front door, place your dog in a separate room and close that door before opening the front door. Some dogs push through screen doors or plate-glass windows to attack visitors. Dog owners must keep the family pet secured. Never take mail directly from carriers in the presence of the family pet, as the dog may see this as a threatening gesture.

Electronic Fencing: Carriers may assume, if they see no physical fence around a property, that the property is animal-free. This can be a dangerous mistake. Postal Service officials request that you keep your dog restrained or inside when the mail is delivered. Although the electronic fence may keep your dog from wandering, it does not protect your carrier, who must enter your property to deliver the mail. Even homes with curbside mailboxes may have oversized packages or signature-needed items that require the carrier to approach a doorstep and cross the boundaries of the electronic fence. This poses a serious risk to carrier safety.

Dog in the Yard: Make sure your dog is properly restrained on a leash and away from where your mail carrier delivers the mail. If the carrier deems a residence unsafe because of an unrestrained dog, mail delivery service can be interrupted. When service is interrupted at an address or in a neighborhood, all parties involved will have to pick up mail at their local Post Office. Service will be restored once assurance has been given that the animal will be confined during regular delivery hours.

Tracking: Dog owners who have access to postal notification features, such as Informed Delivery (informedelivery.usps.com) for letter mail and package tracking, are urged to use these features to determine when the carrier is on their way and to ensure their dog has been properly restrained. Expecting a postal package delivery on Sunday? Postal officials urge dog owners to restrain their animals on Sundays as well, as more residences now receive deliveries throughout the weekend.

Letter to the Editor

Publication Name
Street Address
City, State and ZIP Code

Dear Editor,

Did anyone bite you at work today?

On average, nearly 15 mail carriers per day will say, "Yes."

Postal Service officials report that in 2019, 5,803 letter carriers experienced dog bites or dog attacks. With deliveries every day, including Sundays and holidays, carriers continue to experience dog bites in urban, suburban and rural settings.

Dog attacks and bites are 100 percent preventable when dog owners remain vigilant and properly restrain their dogs.

To ensure mail carriers' safety, dog owners must securely lock their dog in another room until a delivery exchange is done. If outside, dogs must be leashed away from the mailbox.

When a carrier feels unsafe, mail service could be interrupted, not only for the dog owner, but for the entire neighborhood. When mail service is interrupted, mail must be picked up at the Post Office. Service will not be restored until the dog is properly restrained.

With your help, we can keep our carriers, your neighbors and your dogs safe. Thank you for protecting your pet and our mail carriers as we continue to bring packages and correspondence to your door each day.

Sincerely,

General Letters to Customers (English and Spanish)

Expressing Concern (English)

Dear Postal Customer:

Your letter carrier takes pride in delivering your mail promptly and efficiently. That means being able to approach your mailbox without interference from your pet.

Although your dog may not be known to bite or otherwise be dangerous to people, your carrier has expressed concern about its behavior. I believe you will agree this concern is understandable, since thousands of letter carriers receive bites or other physical harm from dogs each year. Many of these attacks result in serious injury.

This letter is to inform you that we are concerned your dog may have a tendency to attack, bite, or otherwise injure your letter carrier.

To continue providing uninterrupted mail delivery to you while protecting our letter carriers, the Postal Service requests your assistance. **Please confine your dog — either in the house or fenced outdoors on a leash — away from the path your carrier uses to deliver your mail.**

We appreciate your cooperation.

Expressing Concern (Spanish)

Apreciado Cliente Postal:

Su cartero se siente muy orgulloso de darle un servicio de entrega diario, con mucha rapidez y eficacia. Eso significa el tener un acceso sin interferencia de su mascota cuando su cartero se dirige hacia su buzón de correspondencia.

A pesar de que se desconoce si su perro(a) halla mordido a alguien o que represente peligro a otras personas, su cartero ha expresado una preocupación debido al comportamiento de su perro(a). Pensamos que usted entenderá esta preocupación ya que cada año miles de carteros han sido mordidos, o físicamente atacados por perros. Muchos de estos ataques han causado heridas serias.

Esta carta es para informarle a usted que estamos muy preocupados de que su perro(a) tenga la tendencia de atacar, morder, o herir a su cartero.

Para proveerle a usted un servicio sin interrupción, y a su vez proteger nuestros carteros, el Servicio Postal le pide cordialmente su ayuda. **Porfavor mantenga su perro asegurado — ya sea en su casa o detrás de la cerca con un collar que le impida la posibilidad de hacer daño a alguna persona — tambien manténgalo fuera de la ruta que su cartero utiliza para llevar su correspondencia.**

Apreciamos mucho su cooperación.

Compliance (English)

Dear Postal Customer:

Thank you for keeping your dog safely away from the letter carrier's path. Because dog owners like you accept responsibility for their pets, letter carriers and other service people are better able to work in your neighborhood.

May I express appreciation for your continuing cooperation on behalf of both your regular letter carrier, **[Name]**, and the substitute carriers who deliver your mail in **[Name's]** absence.

Sincerely,

Compliance (Spanish)

Apreciado Cliente Postal:

Muchas gracias por mantener su perro(a) asegurado y fuera de la ruta de entrega de su cartero. Debido a que hay dueños de perros como usted quienes aceptan la responsabilidad de sus mascotas, su cartero y otros servidores públicos pueden trabajar mas ameno en su vecindario o comunidad.

Queremos agradecerle su continua cooperación de parte de su cartero, **[Nombre]**, y de otros carteros quienes hacen entrega de su cartas cuanto **[Nombre's]** esta ausente.

Postmaster Outreach Speech to Students

Dog Attack Prevention Speech for School Children — grades K-2

[Make the presentation light and fun. Even though this is a serious subject, children will respond to a friendly and approachable adult.]

Good morning boys and girls.

My name is **[Name]** and I'm your postmaster. **[Tell the children what a postmaster is/does.]**

I am here today because I have a message from Postal Pup! **[Open a letter in an envelope with this message.]**

Postal Pup needs your help!

I am going to read you a message from Postal Pup:

Hello Kids! Postal Pup here!

Your mail carrier loves delivering your mail but sometimes your dogs don't love the mail carrier. Some mail carriers have to go to the hospital because of dogs in the neighborhood and that's no fun, right? As dogs, we love our human families, but when we see the mail carrier, we can get overprotective.

If you are in your yard and the mail carrier wants to hand you a letter, what does that look like to you? **[Reach to a child and hand them a "letter" — wait for excited response.]**

I know it seems fun, but your dog doesn't know if you are having fun. If your dog doesn't know you're having fun, he might bite the mail carrier. Ouch! You must let your mail carrier place the mail in your mailbox.

Our job as dogs is to protect each and every one of you, the ones we love. Sometimes when we are overprotective, we bite the mail carrier to protect you. Some days, we are tired, cranky, or hungry and we get into a bad mood — just like our human families.

A lot of mail carriers are being bitten by dogs each year, and I need your help to make sure your mail carrier is safe. The best way to keep your mail carrier safe is to make sure your dog is away from the door when the mail carrier comes to deliver the mail.

If you go outside, make sure your dog doesn't get out. Always close the door behind you when you leave the house. If you are outside with your dog, make sure your dog is away from the mail carrier and on a leash so the mail carrier cannot get hurt. Always be kind to your dog and all dogs.

Here are some safety tips you can take home, and please go over what we spoke about today with your family. **Last but not least, as a way to remember this safety talk — sing it with me:**

When you see your mail carrier every day, make sure your dog is put away.

Thank you for letting me speak to you today. Have a great and safe rest of the year!

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Organization Information

Information Security

A Picture is Worth a Thousand Words

As with all special moments, people may regret the digital pictures they didn't take; however, everyone must be careful about when and where they share these photos. Posting pictures to social media while on vacation lets others know you aren't home, and could lead to a break-in if seen by someone with malicious intent.

Cybercriminals can also use your photos, and any other information you post online, to gather data about your personal life or even the organization where you work so they can use the information for fraudulent purposes. This is part of pretexting, and it's a form of social engineering.

Social engineering is a term used to describe a broad range of malicious activities that use manipulation to trick users into disclosing sensitive information. While there is no single method cybercriminals use to gather this information, obtaining your personal photos or data can help them breach, attack, blackmail, or freeze your personal accounts. Cybercriminals can also attack an organization's network through phishing, smishing, and vishing attempts.

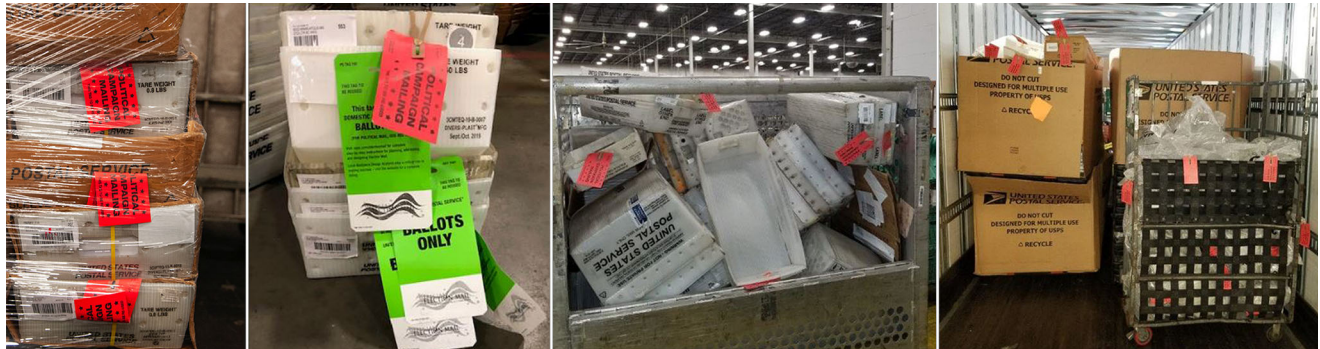

Here are a few tips to help you avoid a social engineering attack:

- **Limit shared information.** Keep information about your family, occupation, or other personal details limited to a small circle of people you know.
- **Verify before you share.** Verify senders are who they claim to be before communicating with them. Don't comply with requests to send information if you have any doubts.
- **Report a threat.** If you suspect you are being targeted on your USPS-issued device, contact the Cybersecurity Operations Center by calling 866-877-7247 or by sending an email to CyberSafe@usps.gov.

Mail Transport Equipment

Customer Service Includes Removing All Mail Tags from MTE

Fiscal Year 2020 is shaping up to be a pivotal year for the Postal Service™ due to anticipated high mail volumes that include Election Mail, Political Mail, and Census mail. The Postal Service would like to remind employees that highly visible tags and labels are attached to trays, sacks, and containers to assist with the identification of key mail; however, these highly visible tags and labels *must be removed* from all Mail Transport Equipment (MTE) once the containers have been emptied.

The Mail Transport Equipment Service Centers do not remove tags or labels from MTE, and our customers continue to report receiving MTE with tray labels and mail tags still attached.

The small act of removing the tags and labels makes a lasting impression on our mailers when they receive clean, ready-to-use MTE for their organization's mail. Failing to remove these tags and labels inconveniences our customers and could lead to loss of brand loyalty or trust.

Please do your part for the Postal Service, and let customers know that we are concerned about providing quality MTE for their use. Make sure you *remove all tags and labels* when emptying mail from MTE.

This picture shows the number of tray labels found in a pallet of trays by one mailer.

This picture shows the number of political mail tags still attached to or left in the same pallet of trays.

A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

Sustainability

Track the Business Benefits of Sustainability with GITT

Thanks to enhancements in the Green Initiative Tracking Tool (GITT), managers now have real-time visibility to key sustainability performance metrics at the national, area, district, and facility levels (see blue.usps.gov/sustainability/gitt/welcome.htm). By April of this year, recycling revenue and expenses for energy, vehicle fuel, water, landfill waste, and consumable materials had an impact of over 700 million dollars on Postal Service™ operations.

At the facility-level, Postal Service employees have an easy opportunity to reduce waste at little or no cost — it just requires setting clear targets and mobilizing people to conserve resources as part of their normal routine.

The enhanced GITT is of particular interest to Finance managers, Continuous Improvement Teams (see blue.usps.gov/continuousimprovement/Homepage.htm), and Lean Green Teams (see blue.usps.gov/sustainability/greenteams.htm) who are on the front lines. This is not tree-hugging, but good business practices.

For example, you can rank districts in your area by comparing how they manage recycling revenue and control trash costs. Similarly, you can find out how your facility energy expenditures have been affected by efficiency improvements in your operations. The key message is: Think big, but act locally to drive down waste.

For instructions on how to access and use GITT or to find sample reports and online tutorials, visit blue.usps.gov/sustainability/gitt/welcome.htm. For more information about GITT, contact our experts at Headquarters or in the field at blue.usps.gov/sustainability/contact.htm.

United States Postal Inspection Service

Check the U.S. Postal Inspection Service Website for the Latest Information on Fraud

From sweepstakes and lottery scams to identity theft and other cyber schemes, there are many different forms of fraud. While anyone can be a victim of fraud, the elderly and veterans are at even greater risk of becoming victims. An AARP survey showed that veterans are twice as likely to become victims of fraud as the general public.

The Coronavirus (COVID-19) pandemic and the resulting Economic Impact Payment (more commonly called “stimulus checks”) has set in motion another favorite of scammers — taking advantage of natural disasters. Many people who desperately need this money will be tricked into handing it over to these unscrupulous criminals.

Unfortunately, these scammers are very good at what they do. They know how to create emails, design mailpieces, and make telephone calls that seem legitimate, and they know how and when to apply the right amount of pressure to get their target to act.

But, the United States Postal Inspection Service® (USPIS®) is on their trail. In addition to social media channels, such as Twitter, Facebook, Instagram, and YouTube, the USPIS website provides resources that anyone can use to protect themselves from scams, or to file a report if they believe they have already been scammed.

For more information about fraud prevention and consumer protection tips, visit the USPIS website at uspis.gov/tips-prevention. Together, we can beat the scammers.
