Cover Story

USPS National Dog Bite Awareness Week, June 12–18, 2021

Sponsored by the United States Postal Service®, National Dog Bite Awareness Week is a public service campaign that offers safety tips and emphasizes the need for increased owner responsibility in the prevention of dog attacks.

From nips and bites to vicious attacks, aggressive dog behavior poses a serious threat to our employees. To emphasize the enormity of this issue, the Postal Service™ is reporting the number of dog attacks and bites together as the most prominent threat to carriers. Last year, over 5,800 Postal Service employees were victimized by dogs.

The tools available in this kit and online will help promote the awareness of this public health concern in an effort to reduce the number of adverse interactions with our letter carriers in local communities. Be sure to contact the field communications professionals listed in this kit when promoting this initiative.

Dog Bite Awareness Background and Tips

The Victims

- Last year, many attacks reported by letter carriers came from dogs whose owners regularly stated, “My dog won’t bite.”

How to Avoid Being Bitten

- Don’t run past a dog. The dog’s natural instinct is to chase people who run.
- If a dog threatens you, don’t scream. Avoid eye contact. Try to remain still until the dog leaves, and then back away slowly until the dog is out of sight.
- Don’t approach a strange dog, especially one that’s tethered or confined.
- If a dog is about to attack, try to place something between yourself and the dog, such as a satchel, backpack, or bicycle.

How to Be a Responsible Dog Owner

- Obedience training can teach dogs proper behavior and help owners control their dog in any situation.
- When a letter carrier comes to the home, keep dogs:
 - Inside the house or behind a fence,
 - Away from the door,
 - In another room, or
 - On a leash.
- Dogs can be protective of their territory and may interpret the actions of letter carriers as a threat. Take precautions when accepting mail in the presence of your pet.
- Dogs that haven’t been properly socialized, receive little attention or handling, or are left tied-up for long periods frequently turn into biters.

Dog Attack Prevention Tips for Mail Carriers — How to Help Prevent Dog Attacks

Protect yourself by doing the following every day:

1. Carry dog repellent.
2. Update dog warning cards, if necessary. The safety of your coworkers starts with you.
3. Take messages on your Mobile Delivery Device (MDD) seriously when you receive an alert about hazards, such as dogs, on your route.
4. Report any dog incidents on your route (e.g., close calls) to your supervisor. An “almost bite” today could be a “bite” tomorrow.

Remember these simple rules:

1. If approached by a dog, resist the impulse to scream and run away. Running will trigger a chase response.
2. Remain still, place your satchel between you and the dog, and avoid eye contact with the dog.
3. Once the dog has calmed down, back away. Do not turn your back on a dog because a fearful dog may unexpectedly bite.

Be aware of your surroundings to protect yourself:

1. Stay alert at all times:
 - a. Observe the area carefully.
 - b. Don't wear earbuds or Bluetooth devices that could affect your ability to hear what is going on around you.
 - c. Be aware of common places dogs may hide (e.g., under parked cars, under hedges, or on porches).

- d. Rattle the gate before entering a fenced-in yard.
 - e. Place your foot against an outward swinging door when making a delivery to a customer at the door.
 - f. Refrain from handing mail to a customer or child if a dog is present.
2. If you encounter a dog:
 - a. Never assume that a dog won't bite, even if it has been friendly in the past. Any dog can bite.
 - b. Always keep your eye on the dog. Dogs are more likely to bite when you aren't looking.
 - c. Never startle a dog. If it is asleep, make some kind of non-startling noise, such as a soft whistling, or call its name if you know the dog. Do this before getting close to the dog to ensure time and space for an “out.” Never reach out and pet the dog.
 - d. Stand your ground. Turn and face the dog. Hold something in front of you, like your satchel, and back away slowly to ensure you don't stumble and fall. Never turn and run!
 - e. Keep at least one full can of dog repellent spray within reach at all times. If a dog attacks, use the repellent to protect yourself. Before going on your route, make sure your can has not expired.
3. Use these preventative measures:
 - a. No one likes a surprise. Fill out a Dog Warning Card for your route, so the information can be entered into the system and sent via MDD.
 - b. Notify your supervisor that there is an unresolved dog hazard that makes you fearful on the route.

Remember: Safety Depends on You!

Four Tips for Preventing Dog Attacks on Mail Carriers

Can you picture a member of your family attacking a mail carrier? Of course not, but it happened over 5,800 times last year across the nation.

Atlantic City, NJ letter carrier Kelly Ratz is always alert when delivering his route. "I make sure that my hand can always easily access the dog repellent that I carry," said Ratz. "I'm always mindful of my surroundings and if I need to enter a customer's yard to deliver a package or mail, I make sure to rattle the gate loudly before entering."

When a dog attacks a letter carrier, the dog owner could be held liable for all medical expenses, repayment of lost work hours, replacement of the uniform and other costs, which can run into thousands of dollars. The Postal Service makes the safety of its employees a top priority and dedicates a week each year to Dog Bite Awareness.

Here are four simple tips to prevent dog bite injuries year round:

Annapolis, MD carrier Thomas Tyler displays the proper way to protect himself from a dog bite attack.

Door Delivery: If a carrier delivers mail or packages to your front door, place your dog in a separate room and close that door before opening the front door. Some dogs push through screen doors or plate-glass windows to attack visitors. Dog owners must keep the family pet secured. Never take mail directly from carriers in the presence of the family pet, as the dog may see this as a threatening gesture.

Electronic Fencing: Carriers may assume, if they see no physical fence around a property, that the property is animal-free. This can be a dangerous mistake. Postal Service officials request that you keep your dog restrained or inside when the mail is delivered. Although the electronic fence may keep your dog from wandering, it does not protect your carrier, who must enter your property to deliver the mail. Even homes with curbside mailboxes may have oversized packages or signature-needed items that require the carrier to approach a doorstep and cross the boundaries of the electronic fence. This poses a serious risk to carrier safety.

Dog in the Yard: Make sure your dog is properly restrained on a leash and away from where your mail carrier delivers the mail. If the carrier deems a residence unsafe because of an unrestrained dog, mail delivery service can be interrupted. When service is interrupted at an address or in a neighborhood, all parties involved will have to pick up mail at their local Post Office. Service will be restored once assurance has been given that the animal will be confined during regular delivery hours.

Tracking: Dog owners who have access to postal notification features, such as Informed Delivery (informedelivery.usps.com) for letter mail and package tracking, are urged to use these features to determine when the carrier is on their way and to ensure their dog has been properly restrained. Expecting a postal package delivery on Sunday? Postal officials urge dog owners to restrain their animals on Sundays as well, as more residences now receive deliveries throughout the weekend.

Letter to the Editor

Publication Name
Street Address
City, State and ZIP Code

Dear Editor,

Did anyone bite you at work today?

On average, nearly 15 mail carriers per day will say, "Yes."

Postal Service officials report that in 2020, over 5,800 letter carriers experienced dog bites or dog attacks. With deliveries every day, including Sundays and holidays, carriers continue to experience dog bites in urban, suburban and rural settings.

Dog attacks and bites are 100 percent preventable when dog owners remain vigilant and properly restrain their dogs.

To ensure mail carriers' safety, dog owners must securely lock their dog in another room until a delivery exchange is done. If a dog is outside, the dog must be leashed away from the mailbox.

When a carrier feels unsafe, mail service could be interrupted, not only for the dog owner, but for the entire neighborhood. When mail service is interrupted, mail must be picked up at the Post Office. Service will not be restored until the dog is properly restrained.

With your help, we can keep our carriers, your neighbors and your dogs safe. Thank you for protecting your pet and our mail carriers as we continue to bring packages and correspondence to your door each day.

Sincerely,

General Letters to Customers (English and Spanish)

Expressing Concern (English)

Dear Postal Customer:

Your letter carrier takes pride in delivering your mail promptly and efficiently. That means being able to approach your mailbox without interference from your pet.

Although your dog may not be known to bite or otherwise be dangerous to people, your carrier has expressed concern about its behavior. I believe you will agree this concern is understandable, since thousands of letter carriers receive bites or other physical harm from dogs each year. Many of these attacks result in serious injury.

This letter is to inform you that we are concerned your dog may have a tendency to attack, bite, or otherwise injure your letter carrier.

To continue providing uninterrupted mail delivery to you while protecting our letter carriers, the Postal Service requests your assistance. **Please confine your dog or keep it on a leash — away from the path your carrier uses to deliver your mail.**

We appreciate your cooperation.

Expressing Concern (Spanish)

Apreciado Cliente Postal:

Su cartero se siente muy orgulloso de darle un servicio de entrega diario, con mucha rapidez y eficacia. Eso significa el tener un acceso sin interferencia de su mascota cuando su cartero se dirige hacia su buzón de correspondencia.

A pesar de que se desconoce si su perro(a) halla mordido a alguien o que represente peligro a otras personas, su cartero ha expresado una preocupación debido al comportamiento de su perro(a). Pensamos que usted entenderá esta preocupación ya que cada año miles de carteros han sido mordidos, o físicamente atacados por perros. Muchos de estos ataques han causado heridas serias.

Esta carta es para informarle a usted que estamos muy preocupados de que su perro(a) tenga la tendencia de atacar, morder, o herir a su cartero.

Para proveerle a usted un servicio sin interrupción, y a su vez proteger nuestros carteros, el Servicio Postal le pide cordialmente su ayuda. **Porfavor mantenga su perro asegurado — ya sea en su casa o detrás de la cerca con un collar que le impida la posibilidad de hacer daño a alguna persona — tambien manténgalo fuera de la ruta que su cartero utiliza para llevar su correspondencia.**

Apreciamos mucho su cooperación.

Compliance (English)

Dear Postal Customer:

Thank you for keeping your dog safely away from the letter carrier's path. Because dog owners like you accept responsibility for their pets, letter carriers and other service people are better able to work in your neighborhood.

May I express appreciation for your continuing cooperation on behalf of both your regular letter carrier, **[Name]**, and the substitute carriers who deliver your mail in **[Name's]** absence.

Sincerely,

Compliance (Spanish)

Apreciado Cliente Postal:

Muchas gracias por mantener su perro(a) asegurado y fuera de la ruta de entrega de su cartero. Debido a que hay dueños de perros como usted quienes aceptan la responsabilidad de sus mascotas, su cartero y otros servidores públicos pueden trabajar mas ameno en su vecindario o comunidad.

Queremos agradecerle su continua cooperación de parte de su cartero, **[Nombre]**, y de otros carteros quienes hacen entrega de su cartas cuanto **[Nombre's]** esta ausente.

Postmaster Outreach Speech to Students

Dog Attack Prevention Speech for School Children — grades K-2

[Make the presentation light and fun. Even though this is a serious subject, children will respond to a friendly and approachable adult.]

Good morning boys and girls.

My name is **[Name]** and I'm your postmaster. **[Tell the children what a postmaster is/does.]**

I am here today because I have a message from Postal Pup! **[Open a letter in an envelope with this message.]**

Postal Pup needs your help!

I am going to read you a message from Postal Pup:

Hello Kids! Postal Pup here!

Your mail carrier loves delivering your mail but sometimes your dogs don't love the mail carrier. Some mail carriers have to go to the hospital because of dogs in the neighborhood and that's no fun, right? As dogs, we love our human families, but when we see the mail carrier, we can get overprotective.

If you are in your yard and the mail carrier wants to hand you a letter, what does that look like to you? **[Reach to a child and hand them a "letter" — wait for excited response.]**

I know it seems okay, but your dog doesn't know you're okay. If your dog doesn't know you're safe, he might bite the mail carrier. Ouch! You must let your mail carrier place the mail in your mailbox.

Our job as dogs is to protect each and every one of you, the ones we love. Sometimes when we are overprotective, we bite the mail carrier to protect you. Some days, we are tired, cranky, or hungry and we get into a bad mood — just like our human families.

A lot of mail carriers are being bitten by dogs each year, and I need your help to make sure your mail-carrier is safe. The best way to keep your mail carrier safe is to make sure your dog is away from the door when the mail carrier comes to deliver the mail.

If you go outside, make sure your dog doesn't get out. Always close the door behind you when you leave the house. If you are outside with your dog, make sure your dog is away from the mail carrier and on a leash so the mail carrier cannot get hurt. Always be kind to your dog and all dogs.

Here are some safety tips you can take home, and please go over what we spoke about today with your family. **Last but not least, as a way to remember this safety talk — say it with me:**
"When you see your mail carrier every day, make sure your dog is put away."

Thank you for letting me speak to you today. Have a great and safe rest of the year!

Coloring Page for Students

Postmasters can use the coloring page as a fun, informative way to raise awareness about dog bite safety. Children can bring their artwork home to their parents for discussion. Also, postmasters can collect artwork to display in the lobby or on the workroom floor for carrier encouragement.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Orderxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Environmental Management

Aerosol Can and Fire Extinguisher Disposal

Waste Management for Aerosol Cans

Aerosol cans are a potential safety hazard and environmental concern because they may contain unused chemical products and propellants. Employees must store and dispose of waste aerosol cans properly using the following methods:

- Use up the contents of aerosol cans before disposal. Empty aerosol cans are a non-hazardous waste, and must be recycled, if possible. Contact your local scrap metal contractor to get permission to put empty aerosol cans in the scrap metal recycling dumpster. If recycling is not possible, empty aerosol cans may be disposed of in the trash.
- Do not dispose of cans that still contain unused liquid and propellants in the regular trash. Aerosol cans that contain unused liquid or unspent propellants are typically managed as hazardous waste. Some states, including California, Colorado, New Mexico, Minnesota, Ohio, and Utah allow waste aerosol cans to be managed as universal waste under less stringent requirements.

For more information on disposal options, see the Environmental Compliance Bulletin for *Waste Aerosol Cans* at blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-aerosolcans.pdf.

Waste Management for Fire Extinguishers

No matter what extinguishing agent is used to fill the fire extinguisher, all fire extinguishers made of steel or aluminum can potentially be refilled, recharged, or recycled. Contact the local fire department for recommended fire extinguisher distributors serving the area. The local distributor can work with you to arrange the refill, recharge, exchange, or recycling of fire extinguishers.

In the event the fire extinguisher is used, expired, or damaged, or a distributor is not available to assist, sites may dispose of fire extinguishers as regulated waste. Do not throw fire extinguishers in the trash. Fire extinguisher disposal services are available in eBuy+ from Safety-Kleen, a USPS® national waste management contractor. All eBuy+ disposal services are organized by the size of the fire extinguishers (i.e., small, medium, large, and extra-large). Always keep records of fire extinguisher pick-up and disposal to document proper management.

Some states regulate waste fire extinguishers as a reactive hazardous waste because of the pressurized container. Sites in these locations must manage waste fire extinguishers in accordance with all local, state, and federal hazardous waste regulations.

Used Battery Disposal

Used batteries may be considered regulated waste and are a common U.S. Postal Service® waste stream. As such, employees must use proper procedures to recycle used batteries. Most depleted batteries, including lithium-ion batteries used in handheld scanners and other portable electronic devices, contain hazardous components and must not be thrown in the trash.

Instead, used batteries must be managed as universal waste and recycled through the national contracts for universal waste management services between the Postal Service™ and its supplier Cleanlites Recycling, Inc. (Cleanlites).

Employees can use the recycling services available in eBuy+ to order mail-back containers or arrange for onsite bulk pick-up services by Cleanlites:

- **Mail-back services.** Waste batteries must *only* be shipped via FedEx, using the appropriate Cleanlites “LampMaster” recycling kits (see below).

- **Direct or onsite pick-up services.** Sites with large quantities of universal waste batteries can schedule a direct pick-up.

Important: Do *not* send waste batteries through the mail to the Atlanta Mail Recovery Center, Ybor City Processing and Distribution Center (Tampa Logistics and Distribution Center), or the Topeka Material Distribution Center (MDC*). The internal battery mail-back programs were canceled due to USPS® mailing restrictions and safety concerns.

For more information about used battery disposal, use the following resources:

- The Office of Sustainability battery recycling web page at blue.usps.gov/sustainability/battery-recycling.htm.
- Environmental points of contact listing, including the regional managers and supporting environmental field specialists, at blue.usps.gov/sustainability/contact.htm.

— Environmental Affairs and Corporate Sustainability,
Corporate Affairs, 6-3-21

* The Topeka MDC can accept batteries only when contained in equipment sent for electronics recycling (e.g., intact computer or cell phone with battery inside).

Men's Health Week is June 14–20, 2021

National Men's Health Week, observed each year before Father's Day, provides an opportunity for men to focus on being healthier and for women to support the wellbeing of the men in their lives.

To help men get ready for this year's observance (June 14–20), here are some recommendations from the Centers for Disease Control and Prevention:

- Complete routine medical visits and preventive health screenings. Understand the history of your family's health conditions, many of which can be prevented or detected early through screenings and check-ups.
- Select nutritious foods. Add a variety of fruits and vegetables daily, and limit foods and drinks that are high in calories, sugar, salt, and fat.
- Be physically active. Adults need 150 minutes of moderate physical activity every week.
- Avoid or eliminate tobacco products and alcohol.
- Recognize and reduce stress. Managing long-term stress can lower your risk for high blood pressure, obesity, and depression. Use techniques to control stress, like exercise, meditation, deep breathing, hobbies, and seeking emotional support.

The leading cause of death for men in the United States is heart disease, with a heart attack occurring every 40 seconds for all Americans. Knowing the signs of a heart attack and calling 911 quickly can save lives. Common warning signs include:

- Shortness of breath.
- Chest pressure or pain.
- Discomfort in the upper body, including arms, back, neck, jaw, or stomach.
- Light-headedness, nausea, vomiting, cold sweats, and extreme fatigue.

Information Security

Include a VPN on Your Packing List

This summer, you may need to use public Wi-Fi for Internet access when away from home, such as at a hotel or airport while vacationing or traveling. But how secure are these public networks and who is watching or recording what you do online?

Using a virtual private network (VPN) will protect you from the dangers of public Wi-Fi by creating a private and encrypted Internet connection for your devices. Additionally, once you use the VPN to secure your Internet connection, you must protect your data by not entering personal information on your USPS-issued device.

If you travel this summer, protect the USPS® network and your personal information by following these cybersafe tips:

- **No more Wi-Fi worries.** Public Wi-Fi connections such as those in airports and hotels may not be secure. Always use a VPN to make secure Internet connections.

- **If you leave it, lock it.** When not using your USPS-issued devices, lock them in a hotel safe or use a similar safeguard. If you are leaving any devices in a car, secure the items by placing them in the trunk.
- **Don't check it, carry it on.** If flying within the United States, make sure you carry your USPS-issued devices on the plane. Never leave them unattended or bring them on an international trip unless it is an approved business trip.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks
