Cover Story

Hazards May Appear — Ensure Your Path is Clear

According to the U.S. Department of Transportation's National Highway Traffic Safety Administration, more than 38,600 people died in motor vehicle crashes in the United States in 2020. Even as the U.S. imposed tight restrictions and Americans drove less, deaths from traffic accidents increased. The three most common causes of fatalities on the road were impaired driving, speeding, and not wearing seat belts. Employers directly or indirectly bear the cost of these accidents, whether they occur on or off the job.

Accidents have far-reaching financial and psychological effects on employees and their families, as well as their coworkers and employers. Similarly, when USPS® employees are involved in motor vehicle accidents, the United States Postal Service® absorbs those costs. Employees' lives and finances are often adversely affected.

Whether you manage a fleet of vehicles and drivers, or drive yourself, basic safe driving practices can greatly reduce the risks associated with a motor vehicle accident. Focusing on motor vehicle safety provides the following benefits:

- Saves lives and reduces the risk of life-altering injuries.
- Protects both human and financial resources.
- Guards against potential financial liabilities associated with employee accidents.

Many accidents are caused by distraction or haste when inexperienced employees drive unfamiliar vehicles in unfamiliar territory or when experienced employees fail to follow established safe driving procedures. Today's technology tempts us to make phone calls, send texts or emails, and update social media while driving — all actions that contribute to distracted driving.

By reviewing accident data and analyzing the results of driver observations, Postal Service™ management identifies and addresses unsafe driving practices and provides training to help Postal Service drivers avoid tragedy. Data for Fiscal Year (FY) 2020 showed:

- Postal Service employees had more than 26,000 motor vehicle accidents in FY 2020. More than half of all motor vehicle accidents involved employees with little USPS driving experience.
- More than 11,000 USPS motor vehicle accidents occurred when the vehicle's line of travel was straight.
- Almost two-thirds of USPS motor vehicle accident fatalities involved employees not wearing seatbelts.

The data indicates that the Postal Service can prevent motor vehicle accidents by addressing the following issues:

- Driving in inclement weather.
- Avoiding collisions caused by distraction or inattention.
- Wearing seatbelts.

Additionally, the Postal Service offers stand-up talks for employees that focus on:

- Defensive driving.
- Seatbelts.
- Distracted driving.
- Winter driving.
- Postal industrial truck (PIT) safety.

Motor Vehicle Safety Includes Forklift Operation

The ability to drive a car or truck does not qualify you to operate a forklift. A forklift operates differently from other motor vehicles. It cannot stop as quickly, can tip over more easily, and has a different turning radius. Unsafe operation of a forklift can cause it to tip over, the load to collapse, or could result in bystanders being struck by the machine, the forks, or the load. PIT operators must be properly trained and licensed for the type of vehicle that they will be driving. The vehicle must be maintained in a safe operating condition and must be inspected by the operator before each operational tour.

Here are some reminders about safe forklift operation:

- Use your inspection checklist before operating the forklift to determine if it is in good working order and safe to operate. If it is not, remove the forklift from service until it can be repaired.
- To lift the load, put the forks all the way in. After slowly lifting the load, tilt it back so it will remain on the forks. Keep the forks low so you can see where you are going and to prevent tipping accidents. When the forklift is empty, the forks must be pointed downhill.
- Observe the speed limits and slow down for corners, rough or sloping surfaces, and large loads. Honk the horn at intersections.
- Use extreme caution around the edges of loading docks. The bridge plate must be secure before driving onto the truck you are loading or unloading.
- When driving with a load, go forward up a slope, but back down the slope.

- When backing up, look in the direction the forklift is moving. Constantly scan the area for pedestrians or objects and proceed very slowly.
- Stay inside the operator's cage: keep your head, arms, and legs inside, and never reach through the mast. Always wear a seatbelt.
- Do not pick up passengers because they can easily fall and be crushed by the forklift.

Always stay within marked forklift travel lanes and aisles, and slow down and use the horn to alert pedestrians when you travel across any marked or customary pedestrian traffic lanes.

Be Part of the Solution

The Postal Service can reduce motor vehicle and PIT accidents with training and by emphasizing the importance of basic safe driving practices. By doing so, we not only reduce our accident counts, but also ensure that our employees feel prepared for their jobs. Workplace driver safety programs not only make good business sense, but also engage and empower employees.

By changing attitudes about driving behavior and improving driving skills, the Postal Service can create and sustain a safety culture where everyone understands that "Safety Depends on Me."

DMM Revision: Extended Mail Forwarding Service

Effective July 10, 2022, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), section 507.2.0, to add a new product offering that will allow customers to extend mail forwarding service.

The Postal Service currently provides mail forwarding service generally for 12 months at no cost to customers who submit a permanent change-of-address (COA) request. After the 12-month forwarding period, the mail is returned to the sender or disposed of by USPS®.

The Postal Service initiated a Market Test, Extended Mail Forwarding service, (Docket No. MT2020-2, PRC Order No. 5591) on July 20, 2020, to provide customers with an option to extend their forwarding service for a fee. Extended Mail Forwarding service provides customers the option to extend forwarding service beyond the 12-month period in 6-month increments, or for an additional 6, 12, or 18 months, or any combination, not to exceed 18 months. Customers may extend a permanent COA order by purchasing Extended Mail Forwarding service at a Post Office™, or online through the COA Application (Mover's Guide®) on usps.com.

On February 14, 2022, the Postal Service filed a request with the Postal Regulatory Commission to make the Extended Mail Forwarding service market test a permanent offering. Documents pertinent to the request are available in Docket No. MC-2022-40.

The Postal Service believes this new offering will provide customers with a service that will enhance their mailing experience. The standards are effective July 10, 2022.

Postal Bulletin Cover Redesign

© 2021, UNITED STATES POSTAL SERVICE. ALL RIGHTS RESERVED.

Did you notice that the cover has a new look? Yes, the biweekly newsletter that contains changes to official policies, procedures, and forms got a change of its own. Here are some of the new features of the redesign:

- **Cover:** Now cleaner, easier to read, and focused on photographs based on the feature article, rather than graphics.
- **Header:** Uses the signature blue and red of the Postal Service™ and presents the title in italics, without the line between “Postal” and “Bulletin.” A diagonal border in the header separates the title area from date and publication information, which is now in a larger font.
- **Text Boxes:** Semi-transparent text boxes “tease” the feature article and page number.

Postal Bulletin has been published since March 8, 1880. The last redesign debuted in December 2008.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Kidney Health: National Kidney Month Begins

March is National Kidney Month, a time to learn more about kidney health.* The kidneys are the chemical factories of the body. They filter waste, keep bones healthy, and perform essential functions that control blood pressure and red blood cell production.

According to the Centers for Disease Control and Prevention (CDC), most people in the early stages of kidney disease have no symptoms, which is why early detection is vital. By the time symptoms appear, kidney disease is typically advanced. Possible symptoms can include blood in the urine, foamy urine, painful urination, puffy eyes, increased thirst, fatigue, and swelling of the face, hands, abdomen, ankles, and feet.

One out of three US adults are at risk for kidney disease. Diabetes, high blood pressure, family history of kidney failure, heart disease, obesity, and being over age 60 are major risk factors for developing kidney disease. Consult your doctor if you are at risk.

Kidney disease can cause serious health problems, such as heart attack, nerve damage, anemia, and stroke. If left untreated, it may lead to kidney failure or cardiovascu-

lar disease. Kidney failure is treated with dialysis or kidney transplant, also known as end-stage renal disease.

The key is to detect kidney disease before trouble starts. The only way to determine if you have kidney disease is through specific blood and urine tests. Regular testing for everyone is important, but it is especially important for those at risk.

Early detection and treatment can slow or prevent the advancement of kidney disease. Maintaining healthy habits, such as exercising regularly, controlling weight, eating nutritious meals, and monitoring blood pressure can also lower your risk for kidney disease.

For more information about kidney health, visit:

- The CDC at cdc.gov/kidneydisease/index.html.

Information Security

World Backup Day 2022

Backups are copies of your information stored somewhere other than on your computer or mobile device. When you lose valuable data through malware attacks, or stolen or lost devices, you can recover your data from backups. Both personal and USPS® information must be backed up regularly, in their respective locations.

How important is it to back up your data? According to the experts (see worldbackupday.com):

- 30 percent of all computers are infected with malware.
- Roughly 133 phones are lost or stolen every minute.
- 21 percent of computer users have never backed up their data.

Thursday, March 31, 2022, marks World Backup Day. CyberSafe at USPS® wants to remind you to back up important information on your personal devices, such as family photos, home videos, documents, and emails. Personal files must never be stored on Postal Service™ equip-

ment or devices. Perform backups of Postal Service files on all of your USPS-issued devices using our poster at blue.usps.gov/cyber/assets/pdf/essential-data-backup.pdf for guidance.

To participate in this global initiative:

- Take the pledge: "I solemnly swear to back up my important documents and precious memories."
- Back up personal data to external hard drives, cloud storage, or removable media.
- Back up USPS data to approved USB drives and secure file locations.

For more information about cybersecurity best practices, visit the CyberSafe at USPS pages on *Blue* (blue.usps.gov/cyber) and *LiteBlue* (liteblue.usps.gov/cyber).

National Kidney Month

March is National Kidney Month, a time to learn about kidney health. Did you know that the kidneys are the chemical factories of the body?

Functions of the Kidneys

Kidneys are the chemical factories of the body. Kidneys can:

- Filter and remove waste and toxins from the body
- Keep bones healthy
- Maintain balance of body chemicals
- Help control blood pressure
- Stimulate production of red blood cells

Kidney Disease

Chronic kidney disease (CKD) is a condition in which the kidneys become damaged and cannot filter blood well. Early detection and treatment can slow or prevent advanced kidney disease.

- Common risk factors for CKD include diabetes, high blood pressure, heart disease, family history of kidney disease, and obesity.
- Talk to your physician. If you are at risk, get tested regularly.
- People with CKD may not feel ill or notice any symptoms. The only way to determine if you have kidney disease is through specific blood and urine tests.

Symptoms

Early CKD has no signs or symptoms, and it tends to get worse over time. Possible symptoms may include the following:

- | | |
|----------------------------------|------------------------------------|
| • Blood in the urine | • Fatigue or trouble concentrating |
| • Foamy urine | • Poor appetite |
| • Painful urination | • Dry, itchy skin |
| • Puffiness around your eyes | • Muscle cramping |
| • Increased thirst and urination | • Swollen ankles or feet |

Stamp Announcement 22-16: George Morrison Stamps

©2021 USPS

On April 22, 2022, in Grand Portage, MN, the United States Postal Service® will issue the *George Morrison* stamps (Forever® priced at the First-Class Mail® rate) in five designs, in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 481800). The stamps will go on sale nationwide April 22, 2022, and must not be sold or canceled before the first-day-of-issue.

With these stamps, the Postal Service™ recognizes George Morrison (1919–2000), one of the nation's greatest modernist artists. The pane of 20 stamps showcases five of Morrison's abstract landscapes:

- *Sun and River* (1949);
- *Phenomena Against the Crimson: Lake Superior Landscape* (1985);

- *Lake Superior Landscape* (1981);
- *Spirit Path, New Day, Red Rock Variation: Lake Superior Landscape* (1990); and
- *Untitled* (1995).

The selva features a photograph of Morrison at Red Rock, his home and studio in Grand Portage, Minnesota. The photograph was taken by Marlene Wisuri in 1993. A founding figure of Native American modernism, Morrison challenged prevailing ideas of what Native American art should be, arguing that an artist's identity can exist independently from the nature of the art he creates. Antonio Alcalá served as art director and designer for this stamp pane.

Availability to Post Offices: Item 481800, George Morrison (Forever Priced at the First-Class Mail Rate) Pane of 20 Stamps

To finalize the George Morrison stamps pictorial postmark art, insert the date, city, state, and ZIP Code™ of the physical location of your event adjacent to the stamp image. Overall dimensions of the pictorial postmark must not exceed 4 inches (horizontally) by 2 inches (vertically). Collectors prefer the dimensions 3-1/2 inches by 1 inch.

The Postal Service must make all special postmarks known to collectors through advance publicity in the Postal Bulletin. Therefore, all special dedication cancellations must be reported to Stamp Services 4 weeks before the event using PS Form 413, Pictorial Postmark Announcement/Report.
