Cover Story

Stay Alert While School is in Session

August is the beginning of the new school year for many students. This means an increase in the number of pedestrians crossing streets as children walk to and from school or wait for school buses. USPS® drivers must take extra precautions to keep children safe by staying alert and driving defensively.

Children are unpredictable and may not recognize the dangers of distracted walking caused by texting or talking on the phone. They take risks, ignore hazards, and fail to look both ways when crossing the street, or while walking or riding their bikes. Here are some precautions to take when driving through residential areas and especially near schools:

- Slow down and obey the speed limit.
- Adjust your mirrors so that you can see around your vehicle.
- Avoid backing up your vehicle.
- Avoid distracted driving.

A school zone sign with a flashing yellow light indicates you must reduce your speed to the limit posted on the sign. When you see a school zone sign, do not pass or change lanes, and obey the posted speed limit throughout the school zone. Always stay alert and cautious.

As with school zones, drivers must also be alert and slow down when near a school bus. A bus with flashing red lights or a stop sign extended means children are getting on or off the bus. Vehicles from both directions must stop at least 10 feet away to allow enough space for children to safely enter and exit the bus. Drivers must remain stopped until:

- The red lights stop flashing;
- The stop sign has been drawn back;
- The driver waves you on; and
- The bus begins to move.

Failure to stop for a school bus with the stop indicators engaged can result in hefty fines. In many states, school buses are also required to stop at railroad crossings. You are breaking the law if you pass a school bus stopped at a railroad crossing.

The United States Postal Service® makes every effort to promote safe neighborhood driving. Whether you are on the clock or off, be alert and aware of your surroundings to help keep children safe.

Environmental Management

Used Battery Disposal Requirements

Most used batteries contain hazardous components and cannot be disposed of in the trash. These batteries are typically regulated as Universal Waste and are subject to strict management requirements. Examples of regulated Universal Waste include spent or inoperable batteries from mobile scanners, phones, laptops, and other electronic equipment.

USPS® sites must recycle Universal Waste batteries using the following services provided by Cleanlites Recycling, Inc. (on eBuy+):

- **Mailback services.** Waste batteries must only be shipped via FedEx, using the appropriate Cleanlites “LampMaster” recycling kits.

- **Direct or on-site pickup services.** Sites with large quantities of Universal Waste batteries can schedule a direct pickup.

Important: Do NOT send waste batteries through the mail to the Atlanta Mail Recovery Center, Ybor City Processing and Distribution Center (Tampa Logistics and Distribution Center), or the Topeka Material Distribution Center.

Additionally, USPS employees must follow the appropriate handling, storage, and disposal procedures for each used battery type (see table).

Used Battery Type	Waste Classification	Recycling Method
Alkaline batteries	Non-hazardous Waste	Recycle through a local recycling center or through Cleanlites' recycling service on eBuy+. When recycling is impractical, alkaline batteries can be disposed of in the trash.
Small non-alkaline dry cell batteries and small sealed lead-acid batteries	Universal Waste	Recycle through Cleanlites' recycling service on eBuy+.
Large lead-acid batteries	Not classified as Universal Waste (or Hazardous Waste) if they are reclaimed/recycled.	Arrange pickup of vehicular lead-acid batteries through the facility's vehicle battery supplier and pickup of industrial lead-acid batteries through EnerSys® Inc.

For more information about used battery disposal and recycling:

- Send questions to your designated environmental contact at blue.usps.gov/sustainability/contact.htm.
- Review the guidance from *Environmental Compliance Bulletin: Used Batteries* at blue.usps.gov/sus-

[tainability/environmental/_pdf/waste/ecb-used-batteries.pdf](https://blue.usps.gov/sustainability/_pdf/waste/ecb-used-batteries.pdf).

- Visit the Environmental Affairs battery recycling site at blue.usps.gov/sustainability/battery-recycling.htm.

Want to Reduce Waste? Recycle Toner and Inkjet Cartridges

The USPS BlueEarth® Federal Recycling Program is our primary resource for recycling ink and toner cartridges. The program uses mail, which generates postage revenue while reducing waste to landfills.

The USPS BlueEarth Federal Recycling Program also allows USPS® employees to recycle their personal items, such as printer cartridges and small electronics, using the same process.

Recycling ink and toner cartridges through the USPS BlueEarth Federal Recycling Program is quick and easy:

- Go to the welcome page at fedrecycling.com.

- Follow the instructions to create an account, then enter your shipping information and print a shipping label.
- Pack cartridges in any unmarked box (suggested packing instructions are included with the label).
- Fill the box to avoid shipping a partially empty box.
- Place the label on the box and schedule a pickup or give it to your carrier.

To recycle personal items, follow the same instructions but select “Personally Owned Employee Property” when prompted.

Burn Notice: UV Safety Awareness

Ultraviolet (UV) radiation is emitted naturally by the sun, as well as through artificial sources, such as tanning beds and different forms of lighting. It has some benefits — such as providing Vitamin D — but it also poses many health risks.

Invisible UV rays can damage anyone’s skin in 15 minutes, causing sunburn, skin aging, eye damage, and skin cancer, the most common cancer in the United States.

To reduce your risk:

- Apply sunscreen regularly, even on cloudy or cool days.
- Seek shade under an umbrella, tree, or shelter for relief.
- Wear clothing to cover skin exposed to sun, including long-sleeve shirts and pants, hats with brims all the way around, and sunglasses.
- Limit your time in the sun, especially between 10 A.M. and 2 P.M., when the sun’s rays are most intense.

Sunscreens use a sun protection factor (SPF) number that indicate their effectiveness for blocking UV rays. Higher numbers offer more protection. Everyone should use a broad-spectrum sunscreen with SPF 15 or higher.

Read sunscreen labels for proper application instructions and apply sunscreen liberally to all uncovered skin.

Reapply at least every 2 hours and use more often if you are swimming or sweating. No sunscreen is completely waterproof or blocks all UV radiation, so reapply and take other precautions, such as wearing protective clothing.

This information does not constitute medical advice, and individuals should seek consultation with their own health care professionals.

For more information on UV safety, visit:

- The Centers for Disease Control and Prevention at cdc.gov/nceh/features/uv-radiation-safety/index.html.
- The Food and Drug Administration at fda.gov/consumers/consumer-updates/tips-stay-safe-sun-sunscreen-sunglasses.

Protect your skin from Sun Exposure

Wear broad spectrum sunscreen
with a minimum SPF 15.

Wear sunglasses with UV
protection.

Wear a wide-brimmed hat to
prevent exposure to the eyes.

Wear long sleeves to protect
your skin.

Throw away old sunscreen-
it loses efficacy after one to two
years.

Reapply sunscreen every two
hours.

Information Security

Fortify Your Devices

A multimillion-dollar company's network or a CEO's email inbox might come to mind when you think of a hacker target; however, your Internet-connected refrigerator or smart TV can be just as vulnerable to a hack.

This technology, known as the Internet of things (IoT), refers to everyday devices that connect to the Internet and are vulnerable to hackers. Not secured with strong passphrases and often overlooked for security updates, these devices can reveal as much personal information as your computer.

To protect your devices, the CyberSafe at USPS® team offers the following tips:

- **Update your devices.** Stay current on all software updates and security patches.
- **Disable unnecessary connections.** If your device is fully functioning without the Internet, it's safest to disable the connection.

- **Protect with a strong password.** Use a strong, original, and memorable passphrase to serve as your password.

Remember, the workplace is also vulnerable to risks associated to IoT. Plugging any personal devices — smartphones, tablets, wearable technology, and even personal gadgets like e-cigarettes — into USPS® equipment violates Postal Service™ policy and puts the organization's data at risk.

For more information about cybersecurity best practices, visit the CyberSafe at USPS pages on *Blue* (blue.usps.gov/cyber) and *LiteBlue* (liteblue.usps.gov/cyber).

Share Large Files Easily with External Partners

Do you need to share files larger than 35 megabytes (MB) with external partners, but the files are too large to send via email? If so, External Large File Sharing (ELFS) is the perfect solution for you.

ELFS provides users with a way to securely share large files — such as presentations, photos, documents, and videos — with external partners in a collaborative environment. The platform is not a file storage solution; however, it is a useful resource for storing large files for less than 90 days.

ELFS is easy to use, features real-time editing capabilities, and offers unlimited file and workspace sizes. The platform is also a secure method for sharing data outside USPS®.

To request access to ELFS:

- Request approval via ARIS at aris.usps.gov/identityiq/login.jsf. Find detailed instructions at blue.usps.gov/cyber/assets/pdf/Requesting%20for%20ELFS%20Instructions.pdf.
- After you receive your welcome email, click the Login button at the top of the page to enter ELFS.
- Locate the user link that begins with the first letter of your USPS email address.

- Proceed to your designated document library listed in the left margin.

If you need training to use ELFS:

- **USPS employees.** Visit usps.csod.com/LMS/catalog/Welcome.aspx?tab_page_id=-67&tab_id=-1 and type "SharePoint Online" in the Search window. We recommend using *SharePoint Online Modern Experience Practical Guide: Learn Step-by-Step How to Use SharePoint Online Modern Experience*.
- **USPS contractors.** Visit Microsoft's SharePoint Video Training website at support.microsoft.com/en-us/office/sharepoint-video-training-cb8ef501-84db-4427-ac77-ec2009fb8e23. OneDrive and SharePoint Online training is also available at the O365 Champions Resources website at usps365.sharepoint.com/sites/USPS-0365-Champions.

For more details about ELFS, visit *Blue* at blue.usps.gov/cyber/elfs-web-application.htm or send questions to CISO-EngineeringDataSecurityServices@usps.gov.

- Another elf examines a model rocket.

Along the conveyor belt are other wrapped gifts, a candy cane, and a lollipop. Surrounding the elves is a small, snow-laden forest of evergreens. Don Clark was the artist and stamp designer. Antonio Alcalá was the art director.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
