## Earth Day 2023: USPS to Deploy One of Nation's Largest EV Fleets

The Postal Service™ announced December 20, 2022, that it expects to acquire at least 66,000 battery electric delivery vehicles as part of its 106,000-vehicle acquisition plan between now and 2028.<sup>1</sup> The vehicles purchased as part of this plan will begin to replace the Postal Service's aging delivery fleet of more than 220,000 vehicles.

USPS® anticipates at least 60,000 next-generation delivery vehicles, of which at least 75 percent — or 45,000 vehicles — will be battery electric. As part of this plan, a total of 21,000 additional commercial off-the-shelf vehicles are also expected to be battery electric, depending on market availability and operational feasibility.

The Postal Service also anticipates including internal combustion engine vehicles necessary to meet immediate vehicle replacement needs. The total investment is expected to reach \$9.6 billion, including \$3 billion from Inflation Reduction Act funds.

In keeping with the organization's priority to provide its mail carriers and communities with safer, more efficient vehicles as soon as possible, these vehicles, unlike the ones they are replacing, will feature air conditioning and advanced safety technology and are more suited to modern-day operational requirements. For any commercial off-the-shelf vehicles purchased, USPS will include a preference for domestic manufacturing.

The December 20 announcement was enabled by the Postal Service's overall network modernization efforts, which allow for a more rapid deployment of electric vehicles, and its improving financial condition, which includes \$3 billion in funding appropriated under the Inflation Reduction Act.

USPS will continue to evaluate and procure vehicles over shorter time periods to be more responsive to its evolving operational strategy, technology improvements, and changing market conditions, including the expected increased availability of battery electric vehicle options in the future.

"We have a statutory requirement to deliver mail and packages to 163 million addresses, six days per week, and to cover our costs in doing so — that is our mission. As I have said in the past, if we can achieve those objectives in a more environmentally responsible way, we will do so," said Postmaster General Louis DeJoy.

John Podesta, senior advisor to President Joe Biden, praised USPS. "We commend the U.S. Postal Service," Podesta said. "The USPS plan leverages the \$3 billion provided by the Inflation Reduction Act to hit the target of 100 percent electric delivery vehicle purchases in 2026, sets the postal fleet on a course for electrification, significantly reduces vehicles miles traveled in the network and places USPS at the forefront of the clean transportation revolution."

## Manuals

### DMM Revision: Address-Correction Notices

Effective July 9, 2023, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), sections 507.4.2.6 and 705.23.5.2, to update information about address-correction requests and to remove a standard regarding hard copy address-correction notice options for Full-Service and Seamless Acceptance mailers.

The Postal Service will no longer offer to publishers and Full-Service and Seamless Acceptance mailers the option to request and submit PS Forms 3547, *Notice to Mailer of Correction in Address*, and PS Form 3579, *Notice of Undeliverable Periodical*, to correct address information.

Full Service and Seamless Acceptance mailers and publishers who desire address-correction information from undeliverable-as-addressed mail will be required to receive address-correction notices electronically via Address Change Service (ACS). Periodical publishers, and mailers who apply the ancillary service endorsement “Address Service Requested” or “Change Service Requested” to their mail, will receive ACS notices via the Data Distribution Dashboard from the Business Customer Gateway or by enrolling in the Electronic Product Fulfillment secure website at [epf.usps.gov](http://epf.usps.gov). When appropriate, the Postal Service will charge electronic or automated address-correction fees for each ACS notice provided.

This change is effective July 9, 2023. However, mailers who currently request manual address corrections via PS Form 3547 or PS Form 3579 may begin to request ACS immediately. The Postal Service believes this new standard will provide customers with a more efficient and less costly method to handle address-correction notices.

#### **4.2.6 Additional Standards – When Using Intelligent Mail Barcodes**

*[Revise the introductory text of 4.2.6 to read as follows:*

Mailers may access OneCode ACS using an Intelligent Mail barcode, which contains a valid Service Type Identifier indicating the ancillary service requested; a numeric Mailer ID; and the Serial Number, a unique numeric mailpiece identifier (Keyline equivalent). This option is available for letters and flat-size pieces mailed as First-Class Mail, USPS Marketing Mail, and Periodicals. Address Service, Change Service, and Return Service Ancillary Services are available for letters and flat-sized mailpieces mailed as First-Class Mail, USPS Marketing Mail, and Bound Printed Matter (BPM), by choosing the appropriate ACS Service Type Identifier in the Intelligent Mail barcode. USPS Marketing Mail and Bound Printed Matter pieces with ACS that include an Intelligent Mail barcode require using a printed-on-piece endorsement. ACS mailers are encouraged to use the “Electronic Service Requested” text endorsement. Other printed endorsements are not required to request ancillary services in conjunction with an Intelligent Mail barcode used on First-Class Mail or Periodicals mailpieces, and their use may produce unintended results. Full-Service and Seamless Acceptance mailers who desire separate address corrections using Address Service and Change Service ancillary services must request ACS and will receive the ACS notices through Full Service. See 705.23.5.2 for additional standards. For other mailers, to receive requested ACS information, mailers must notify the NCSC, ACS Department in Memphis, Tennessee, in writing, seven days before mailing to establish a method for ACS notice fulfillment and to arrange for payment of electronic or automated address correction fees. Mailpieces must meet the following specifications:

**23.5.2 Address Correction Notices**

*[Revise the text of 23.5.2 to read as follows:]*

Mailers presenting mailpieces (except for those noted below) that qualify for the full-service Intelligent Mail option will receive automated address-correction notices electronically when the pieces are encoded with Intelligent Mail barcodes with “Address Service Requested” or “Change Service Requested” under standards for OneCode ACS and under the following conditions:

- a. Mailpieces must include the appropriate ACS service type ID in the Intelligent Mail barcode to match the ancillary service requested. See 507.1.5 for mail disposition and address-correction combinations by class of mail.
- b. Complimentary ACS ancillary service address-correction notices for mailpieces in full-service mailings are available for:
  - 1. First-Class Mail letters and flats, provided at no charge (printed endorsement not required for letters).
  - 2. Periodicals letters and flats, provided at no charge (printed endorsement not required).

3. USPS Marketing Mail letters and flats or BPM flats, provided at no charge. USPS Marketing Mail and BPM pieces must include a printed-on-piece endorsement in addition to encoding the ACS ancillary service request into the Intelligent Mail barcode. See 507.4.2 for additional standards.

- c. Mailers must use the ACS address-correction information that USPS provides to update their address records to receive notices without paying additional fees. Beginning July 9, 2023, address corrections will only be provided electronically in the Business Customer Gateway under Mailing Reports using the Data Distribution and Informed Visibility Dashboard.
- d. A new Service Type Identifier (STID) Table will be published on PostalPro removing all STID references for manual corrections when mailers present qualifying Full-Service mail.

**DMM Revision: Change-of-Address Order**

Effective July 9, 2023, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 507.2.1.5, to reflect a change in the requirements for individuals to file a change-of-address (COA) order.

Under new Postal Service requirements, individuals may not file a COA request for someone other than themselves, or for a business, without authorization (i.e., notarized letter or letter on company letterhead) showing they are an authorized agent of the person(s) or business that is moving.

Currently, depending on the method of filing a COA order, a customer must only provide an acceptable form of identification or valid credit card number for identity verification. The Postal Service believes that this revised requirement will provide customers with a better mailing experience.

Although the Postal Service will not publish this revision in the DMM until July 9, 2023, the standard is effective immediately.

Effective April 6, 2023, the Postal Service™ is revising *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) in Chapter 1 and Chapter 5 to provide information regarding Harmonized System (HS) codes and other classification codes.

Although effective April 6, 2023, these revisions will be published in a later edition of the IMM.

*[Revise the text to read as follows:]*

Regardless of any statement contained in this manual or the statements of any employee of the United States Postal Service, the responsibility rests with the mailer to ensure that he or she has complied with the prescribed laws and regulations governing domestic and international mail, including, but not limited to, both those of the United States and those of the destination country.

The mailer must fulfill any nonpostal export requirements described in Chapter 5 and must ensure that the electronically generated customs form is complete. Certain types of goods may be subject to prohibitions or restrictions. It is the mailer's responsibility to comply with import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.) and to determine what documents (e.g., commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), if any, are required in the destination country.

Full responsibility rests with the mailer to comply with all postal and nonpostal laws and regulations regarding the mailing of dangerous goods. Anyone who mails, or causes to be mailed, nonmailable or improperly packaged dangerous goods can be subject to legal penalties, including, but not limited to, those specified in Title 18 of the United States Code (18 U.S.C.).

**Note:** A mailer may elect to use any USPS classification software or other tools to determine HS codes, or may choose to use other software or other means to determine correct HS codes. Regardless of the method used, the mailer remains solely responsible for the accuracy and completeness of all customs information related to the mail, including the accuracy of HS codes that correspond to the detailed descriptions of goods. The Postal Service is not liable for any of the following:

- a. Any incorrect or insufficient HS, HTS, or Schedule B classification.
- b. Any other incorrect or incomplete information for customs declarations in whatever form such information is made.
- c. Any decision taken by any domestic or foreign customs authority.

See part 537 for more information.

\* \* \* \* \*

#### **5 Nonpostal Export Regulations**

\* \* \* \* \*

##### **530 Commodities and Technical Data**

\* \* \* \* \*

*[Add new part 537 to read as follows:]*

#### **537 Harmonized System Codes and Other Classification Codes**

##### **537.1 Definition**

The Harmonized System (HS) codes provide a standardized numerical method of classifying physical goods. Among industry classification systems, HS codes are commonly used by customs authorities around the world to identify products when assessing duties and taxes and for gathering statistical information. When necessary, for each good contained in the mailed item, the applicable HS code

must appear in the HS Tariff Number block on the customs declaration form.

### 537.2 Code Assignments

#### 537.21 World Customs Organization Harmonized System

The World Customs Organization (WCO) administers the list of unique 6-digit HS codes for goods and provides updates every 5 years. HS codes serve as the foundation for the import and export classification systems for more than 200 countries worldwide, including the United States.

Each country is allowed to use additional unique digits following the 6-digit HS code for further classification — for example, the United States uses 10-digit codes for Harmonized Tariff Schedule (HTS) codes and Schedule B numbers.

**Note:** The last four digits of a U.S. 10-digit code do not necessarily match the last four digits for any other country.

#### 537.22 U.S. Census Bureau Schedule B Number

The U.S. Census Bureau of the Commerce Department administers the list of Schedule B numbers. Schedule B numbers are 10-digit codes used to classify goods that will be exported from the United States. The first six digits of the Schedule B number match the WCO 6-digit HS code, whereas the last four digits are unique to the United States and do not necessarily match the last four digits of any other country's 10-digit code.

#### 537.23 U.S. International Trade Commission Harmonized Tariff Schedule of the United States

The U.S. International Trade Commission maintains and administers the list of HTS codes; however, U.S. Customs and Border Protection (CBP) has responsibilities for interpreting and enforcement. HTS codes are 10-digit codes used to classify goods and to determine import duty rates for items that will be imported into the United States. The first six digits of the HTS code match the WCO 6-digit HS code, whereas the last four digits are unique to the United States and do not necessarily match the last four digits of any other country's 10-digit code.

#### 537.3 Obtaining a Harmonized System Code

Some customs authorities around the world require a mailer to include the HS code on the customs declaration form. See the Individual Country Listings. A mailer may choose from a variety of software tools to facilitate the classification process, but at all times the mailer remains responsible for the accuracy and completeness of all customs information related to the mail, including information for classification of goods in the postal items.

#### 537.31 Code Search Tools

A variety of tools are available to mailers, including the following examples (which are subject to change):

- a. The Census Bureau offers a free, widely used online Schedule B search tool for classification of physical

goods. Additional information on obtaining a Schedule B number is available at [uscensus.prod.3ceonline.com](https://uscensus.prod.3ceonline.com).

- b. The International Trade Commission offers a free online HTS search tool for classification of physical goods. Additional information on obtaining an HTS code is available at [hts.usitc.gov/search](https://hts.usitc.gov/search).
- c. The Customs Rulings Online Search System (CROSS) contains many of the CBP's official, legally binding rulings from other importers' and exporters' requests concerning HTS codes and Schedule B numbers. Mailers may use this database to determine whether other importers or exporters requested a ruling on the same or a similar product and, if so, what that ruling was. Additional information is available at [rulings.cbp.gov/home](https://rulings.cbp.gov/home).

#### 537.32 U.S. Schedule B and HTS Lists

Mailers may browse through the contents of the online Schedule B book at [census.gov/foreign-trade/schedules/b/index.html](https://census.gov/foreign-trade/schedules/b/index.html).

Mailers may browse through the contents of the online Harmonized Tariff System of the United States (HTSUS) at [usitc.gov/harmonized\\_tariff\\_information](https://usitc.gov/harmonized_tariff_information).

#### 537.4 Mailer Responsibility for HS Code Classification

A mailer may elect to use any USPS classification software or other tools to determine HS codes, or may choose to use other software or other means to determine correct HS codes. Regardless of the method used, the mailer remains solely responsible for the accuracy and completeness of all customs information related to the mail, including the accuracy of HS codes that correspond to the detailed descriptions of goods. The Postal Service is not liable for any of the following:

- a. Any incorrect or insufficient HS, HTS, or Schedule B classification.
- b. Any other incorrect or incomplete information for customs declarations in whatever form such information is made.
- c. Any decision taken by any domestic or foreign customs authority.

## Environmental Management

### USPS Stormwater Policy Reminder: Vehicle Washing

The United States Postal Service® (USPS®) has established a “Zero Discharge” policy for stormwater to reduce pollution from stormwater and snowmelt, which can cause hazardous chemicals and pollutants to enter the environment and cause harm to rivers, streams, lakes, and coastal waters. Under this policy, employees and suppliers must take specific actions to minimize pollution to protect water quality.

#### Vehicle Washing Requirements

USPS employees and USPS third-party contractors must follow USPS’s “Zero Discharge” policy for stormwater:

- Do *not* allow vehicle or equipment wash water or pollutants (i.e., oil and grease, metals, acids/bases, and other chemicals) to enter stormwater systems, such as storm drains, outdoor drains, or other conveyances).
- Do *not* wash vehicles outdoors in an uncovered area when it is raining.
- Only wash official vehicles on USPS property using one of the following acceptable methods:
  - Wet wash in interior bays (when washing is performed by USPS employees).
  - Wet wash with water recovery in exterior lots (when washing is performed by third-party contractors).
  - Dry wash or dry vapor steam cleaning in exterior lots (when washing is performed by third-party contractors; may be performed by USPS employees).
  - Use only vehicle wash products that do *not* contain any USPS Targeted Chemicals or exhibit hazardous waste characteristics.
  - Establish vehicle washing contracts through the Vehicles, Delivery, and Industrial Equipment Category Management Center using the nationally approved statement of work for vehicle washing. Monitor vehicle washing contracts and activities for compliance.

To establish a vehicle washing contract for your location, contact Carla Van Istendal by email at [carla.vanistendal@usps.gov](mailto:carla.vanistendal@usps.gov).

For more information about vehicle washing guidelines, consult your designated environmental contact at [blue.usps.gov/sustainability/contact.htm](https://blue.usps.gov/sustainability/contact.htm) or review the following resources:

# Pull-Out Information

## Elimination of Corporate Accounts

The Postal Service™ is discontinuing USPSCA®, a corporate account payment method used for Express Mail Corporate Accounts (EMCA) and Priority Mail Express Manifest Accounts. USPSCAs — also known as United States Postal Service Corporate Accounts — are pre-funded by customers to ship documents or packages by Priority Mail Express®.

Effective January 1, 2023, the Postal Service began closing inactive USPSCA accounts and will discontinue the corporate account payment method on July 1 due to rising costs and declining demand.

Customers who use USPSCA are encouraged to switch to an available alternative payment method. Alternative payment methods may include Click-N-Ship® (CNS), USPS Ship, Electronic Verification System (eVS®), ePostage®, PC Postage®, or Meter.

For information on how to migrate, customers should contact their Sales Account/Business Service Network Representative or their local Post Office™, or they can send an email to the Mailing and Shipping Solutions Center at [MSSC@usps.gov](mailto:MSSC@usps.gov).

Any account with a positive or negative balance can make payments or request a refund by contacting [MSSC@usps.gov](mailto:MSSC@usps.gov):

- Refund requests must include a signed authorization on letterhead, the USPSCA (or EMCA) number, business name, and location.

- Accounts with a negative balance after July 1, 2023, will be sent to Accounts Receivable for collection.

Additionally, some customers shipping packages containing cremated remains or shipping to an Army Post Office/Fleet Post Office/Diplomatic Post Office using a Retail Systems Software (RSS) 4 x 6 label (labels printed at the Post Office counter) were *not processed* by the EMCA system. This resulted in affected customer accounts not being charged.

In March 2023, USPS will contact impacted customers by mail (and include invoicing dating from October 1, 2021, to the current date).

Customers may continue to use RSS 4 x 6 labels until July 1 and USPS will continue to monitor unprocessed EMCA transactions. Customers will receive a final invoice in July after all USPS Corporate Accounts are permanently closed. We apologize for any inconvenience to our valued USPSCA customers.

For questions about the elimination of Corporate Accounts or the cremated remains/U.S. Possessions, Territories, or Freely Associated States (PTFAS) invoicing, send an email to [MSSC@usps.gov](mailto:MSSC@usps.gov) or call 877-672-0007.

## Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

**Note:** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

### Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
  - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at [usps.com/shop/money-orders.htm](https://usps.com/shop/money-orders.htm).

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Other Information

### Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

### April is Financial Literacy Month

Financial Literacy Month is a good time to evaluate if you are on track to meet your retirement savings goals. Federal Employee Retirement System (FERS) employees who contribute 5 percent to their Thrift Savings Plan (TSP) will receive matching agency contributions of 5 percent. To make changes to your contributions, visit PostalEASE at [ewss.usps.gov/esymain.htm](https://ewss.usps.gov/esymain.htm) and log in with your employee ID number and password.

It is also important to determine how you will invest your contributions. TSP offers six different investment funds — the G, C, S, I, F, and L fund. To adjust your investment options, go to [tsp.gov](https://tsp.gov) or download the TSP mobile app. TSP offers their Federal Ballpark E\$timate<sup>®</sup> calculator, which allows you to see if you are on track for a comfortable retirement. Another useful calculator is the Federal Employee Group Life Insurance (FEGLI) calculator, which can be found at [opm.gov](https://opm.gov) and allows you to:

- Determine the face value of various combinations of FEGLI coverage.

- Calculate the premiums for various combinations of coverage and see how choosing different options can change the amount of life insurance and premiums.
- See how life insurance carried into retirement will change over time.

As a reminder, the due date to file your 2022 taxes is April 18. According to the Internal Revenue Service, if the due date falls on a Saturday, Sunday, or legal holiday, it is delayed until the next business day. Your return is considered filed on time if the envelope is properly addressed, postmarked, and deposited in the mail by the due date.

If you can't file by the due date, you must request an extension by filing Form 4868, *Application for Automatic Extension of Time to File U.S. Individual Income Tax Return* by the due date of your return. Form 4868 can be found at [irs.gov/forms-pubs/extension-of-time-to-file-your-tax-return](https://irs.gov/forms-pubs/extension-of-time-to-file-your-tax-return).

For more information on when to file your taxes, visit [irs.gov/filing/individuals/when-to-file](https://irs.gov/filing/individuals/when-to-file).

## Information Security

### Be Wary of Ransomware

The United States Postal Service<sup>®</sup> warns employees and contractors to be aware of cybercriminals who use a malicious tactic known as ransomware to hold entire computer networks hostage until a ransom payment is made. On average, four thousand ransomware attacks have occurred daily since 2016.

According to the FBI, ransomware can cause expensive disruptions to operations and the loss of critical information and data. It also generates billions of dollars annually for cybercriminals who collect the ransom through credit cards, Bitcoin, or other cryptocurrencies.

If you believe your computer or device has been affected by ransomware:

- Stop using the infected device.
- Email [cybersafe@usps.gov](mailto:cybersafe@usps.gov) or call the Cybersecurity Operations Center at 866-877-7247.
- Report the incident to your manager or supervisor.

Don't use the infected device unless instructed to do so by the Postal Service's Computer Incident Response Team or the IT Help Desk.

## My Money Five

Making the most of your money starts with five building blocks for managing and growing your money. Keep these five principles in mind as you make day-to-day decisions and plan your financial goals.

### EARN

Make the most of what you earn by understanding your pay and benefits.

### SAVE AND INVEST

It's never too early to start saving for future goals, such as a house or retirement, even by saving small amounts. Visit [www.tsp.gov](http://www.tsp.gov) to learn about various investment funds.

### PROTECT

Take precautions about your financial situation, accumulate emergency savings, and have the right insurance.

### SPEND

Be sure you are getting a good value, especially with big purchases, by shopping around and comparing prices and products.

### BORROW

Borrowing money can enable some essential purchases and builds credit, but interest costs can be expensive. And, if you borrow too much, you will have a large debt to repay.

## Multifactor Authentication Now Required for Self-Service Profile

To protect against rising cyberthreats, the Postal Service™ now requires employees to use multifactor authentication (MFA) to access the Self-Service Profile (SSP) portal at [liteblue.usps.gov/lite-blue/self-service-profile.htm](https://liteblue.usps.gov/lite-blue/self-service-profile.htm).

Multifactor authentication is an identity verification method in which users provide two or more confirmation factors to gain access to an online account. It is frequently used by banks and other institutions dealing with sensitive personal information.

Employees who have set up MFA on LiteBlue (see [link.usps.com/2023/01/17/protecting-liteblue](https://link.usps.com/2023/01/17/protecting-liteblue)) can sign in to LiteBlue as well as their SSP using the same MFA. They will be asked to set up a security question after signing in.

Employees who have not set up MFA will receive a notification by mail in the coming weeks with instructions on how to do so. New employees should follow the instructions in their USPS® welcome letter or email to set up MFA.

Employees can use the SSP portal — which now has a new look — to update their password for accessing human resources online applications, add or change an email address, add or edit MFA preferences, and add or edit security questions.

Employees can update their PIN for interactive voice response transactions by using the Self-Service PIN Reset application, which can be found on LiteBlue under the Employee Apps heading.

For more information about MFA, visit [liteblue.usps.gov/wps/myportal](https://liteblue.usps.gov/wps/myportal) and click the *Multifactor Authentication* link.

## How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at [usps.com/shop](https://usps.com/shop).

### Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)  
USPS Stamp Fulfillment Services  
8300 NE Underground Drive, Suite 300  
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

### Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)  
USPS Stamp Fulfillment Services  
8300 NE Underground Drive, Suite 300  
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
