Mail Moment®

Cover Story

Mailbox Improvement Week, May 21–27, 2023

Each year, the Postal Service™ designates the third full week of May as “Mailbox Improvement Week” to encourage customers on city motorized, rural, or contract delivery service routes (formerly highway contract box delivery routes) to examine and, where necessary, improve the appearance of their mailboxes. Neat, attractive mailboxes make a significant contribution to the appearance of the countryside and streets in suburban areas. Mailbox Improvement Week calls attention to the need for providing mailboxes that are:

1. Approved by the Postmaster General®.
2. Fully operational.
3. Designed to protect the mail from weather.
4. Safe to use.
5. Conveniently located.
6. Neat in appearance.
7. Large enough within allowable size limits to support the customer’s daily mail and package volume (see about.usps.com/what-we-are-doing/current-initiatives/delivery-growth-management/welcome.htm).

Mailboxes designed to meet these seven important requirements help delivery and collection operations while improving service to the entire route. There are two main design groups of curbside mailboxes:

1. Non-locked designs (full or limited service):
 - a. Traditional design (see Exhibit A1, page 4).
 - b. Traditional design — wide; USPS® preferred (see Exhibit A2, page 4).
 - c. Contemporary design (see Exhibit B, page 4).
2. Locked designs (full or limited service):
 - a. Mail slot design.
 - b. Wide or large-capacity design; USPS preferred.

USPS-STD-7C governs the design and specifications of curbside mailboxes and includes provisions for improved product quality.

Notice 209

Postmasters must send Notice 209, *Mailbox Improvement Week*, to all rural and highway contract box delivery route customers the week before Mailbox Improvement Week as a reminder of the event. Postmasters may order

Notice 209 through the U.S. Postal Service® eBuy+ ordering system under the Material Distribution Center (MDC) eBuy+ catalog or the Touch-Tone Order Entry (TTOE) system.

The Postal Service Stock Number (PSN) is 7610-03-000-9145 and the Postal Service Identification Number (PSIN) is NOT209. If you already have a 10-digit access code for TTOE, please call 800-273-1509 to place your order. If you do not have an access code, call 800-332-0317 to register for TTOE.

Ordering Information

Use the following information to order Notice 209:

PSIN:	NOT209

Unit of Issue:	EA
Quick Pick Number:	496
Bulk Pack Quantity:	3,000
Minimum Order:	50
Price:	\$0.0260

City Motorized, Rural, and Contract Delivery Service Routes

Customers must only use approved traditional, contemporary, or locked full/limited service curbside mailboxes for new installations or replacements. When new delivery is established or extended, postmasters must ensure that customers use delivery equipment that the Postmaster General has approved. However, a customer may use a custom-built *curbside mailbox* if the local postmaster approves and the mailbox conforms generally to the same requirements as approved manufactured curbside mailboxes (i.e., relative to the flag, size, strength, and quality of construction).

Postmasters *do not have the authority* to approve mailbox systems, such as USPS-STD-4C wall-mounted units or cluster box units (CBUs), that the Postmaster General has not approved through the USPS approval process.

Carriers on motorized city routes may continue to serve mailboxes that are designed primarily for use by customers receiving door delivery that have been erected and served under previous regulations (see Exhibit C, page 4). However, carriers must advise customers that they may only use approved curbside mailboxes when replacing these types of mailboxes. A list of approved curbside mailbox manufacturers appears on pages [8-14](#).

Exhibit A1, Traditional Design

Exhibit A2, Traditional Design - Wide

Exhibit B, Contemporary Design

Exhibit C, Door Delivery

For motorized city routes, and where the use of street names and house numbers is authorized on rural and contract delivery service routes, the mailbox must display the number on the side of single mailboxes or on the door of grouped mailboxes. If the mailbox is on a street other than the one on which the customer resides, the street name and house number must be on the mailbox. When rural and contract delivery service route customers have assigned box numbers, the numbers must appear on the side of single mailboxes or on the doors of grouped mailboxes, visible to the approaching carrier. The street number, box number, and any other address information must be inscribed in contrasting color in neat letters and numerals not less than 1 inch in height. In all instances, placing the owner's name on the box is optional, but not recommended by the Postal Service.

The Postal Service encourages but does not require motorized city, rural, and contract delivery service route customers to group mailboxes whenever practical, especially where many mailboxes are located at or near crossroads, service turnouts, or similar locations. Customers must also paint mailboxes and supports/posts and keep them rust-free. The Postal Service prohibits advertising on mailboxes and mailbox supports.

In areas where snow removal is a problem, the Postal Service suggests using a semi-arch or extended arm-type support (see Exhibit D), which allows snowplows to sweep near or under mailboxes without damaging supports and provides easy access to the mailboxes by carriers and customers.

Generally, customers must install mailboxes at a height of 41–45 inches from the road surface to the bottom of the mailbox or point of mail entry. Also, customers must set mailboxes back 6–8 inches from the front face of the curb or road edge to the mailbox door. However, because of varying road and curb conditions and other factors, the Postal Service recommends that customers contact their local Post Office® before erecting or replacing mailboxes and supports.

Exhibit D, Extended Design

Location

Customers must place mailboxes on motorized city, rural, and contract delivery service routes so a carrier can safely and conveniently serve them without leaving his or her vehicle. The mailboxes must be on the right-hand side of the road in the carrier's travel direction in all cases where traffic conditions make it dangerous for the carrier to drive to the left to reach the mailboxes, or where doing so would constitute a violation of traffic laws and regulations. *Postal Operations Manual* (POM) 632.6 specifies postal regulations regarding mailbox locations for apartment houses and other multiple-unit dwellings.

On new rural and contract delivery service routes, all mailboxes must be on the right-hand side of the road in the direction of the route line. Mailbox placement must conform to state laws and highway regulations. City motorized, rural, and contract delivery service route carriers are subject to the same traffic laws and regulations as other motorists. Customers must remove obstructions, including vehicles, trash cans, and snow, that might impede safe and efficient delivery. Except when a mailbox is temporarily blocked, carriers must have access to the mailbox without leaving the vehicle, unless authorized to dismount.

For new developments, builders and USPS officials discuss the location of centralized delivery equipment during planning and before the start of construction, whenever possible. Centralized delivery is the Postal Service's preferred mode of delivery for all new addresses. Discussing equipment locations early in the process allows builders and USPS officials to determine the safest, most efficient equipment locations. By co-locating boxes, USPS and the building industry realize the best return on the investments of centralized delivery. Factors to consider when determin-

ing locations for centralized delivery equipment include the following:

- Co-locating delivery equipment.
- Carriers' line of travel.
- Customer and carrier safety.
- Customer accessibility (sufficient turnaround space or access for customers with mobility disabilities from nearest public right-of-way).
- Equipment security.

Mailbox Supports

The Postal Service does not regulate mailbox supports in any way except for purposes of carrier safety and delivery efficiency. Customers own and control posts and other supports for curbside mailboxes; they are responsible for ensuring that posts are neat and adequate in strength and size. Heavy metal posts, concrete posts, and miscellaneous items of farm equipment, such as milk cans filled with concrete, are examples of potentially dangerous supports. The ideal support is an assembly that bends or falls away when struck by a vehicle. Post or support designs may not represent effigies or caricatures that disparage or ridicule any person. Customers may attach the box to a fixed or movable arm. POM 632.5 specifies postal regulations for construction and placement of mailboxes and supports on motorized city, rural, and contract delivery service routes.

The Federal Highway Administration (FHWA) has determined that wooden mailbox supports no larger than 4-by-4-inches, or a 2-inch diameter standard steel or aluminum pipe, buried no more than 24 inches, should safely break away if struck by a vehicle. According to FHWA, customers must also securely attach the mailbox to its post to prevent separation, if struck.

Exhibit E
Cantilever Mailbox Supports

Exhibit F
Single and Double Mailbox Installations

Spacing for Multiple Post Installation

Choose the Right Size and Make Your Mailbox Green

When selecting a curbside mail receptacle, customers may want to consider:

- A mail receptacle that can hold small packages, protect them from inclement weather, and offer a safe haven for packages that the carrier might otherwise leave on your doorstep.
- A mail receptacle that can hold larger packages so carriers can pick up outgoing packages through the USPS free Carrier Pickup™ program. Saving a trip to the Post Office saves fuel and time, and helps the environment.

Greener Mailboxes Lead to Greener Neighborhoods

When mailboxes are appropriately constructed, installed, and in good physical condition, the Postal Service delivers the mail safely and efficiently. Customers avoid a trip to the Post Office, which saves fuel and reduces carbon emissions.

However, the greenest forms of mail delivery are centralized mail delivery systems that are located in neighborhoods serving multiple residents from a single location.

Sometimes referred to as a “cluster box unit” or “community mailboxes,” these neighborhood mailbox centers offer the greatest amount of fuel savings and carbon emission reductions because carriers can deliver mail to multiple customers during a single stop with less truck idle time. Increasing the use of centralized delivery for new and existing customers helps the Postal Service create “greener” neighborhoods across the country.

In addition to fostering a sense of community, centralized delivery provides the added benefit of security for mail and package delivery, as well as outgoing mail collection.

Curbside Mailboxes Approved by the Postmaster General

USPS-STD-7C (Supersedes all previously published lists of approved manufacturers)

USPS-approved curbside mailboxes are required to have both “Approved by the Postmaster General” and “U.S. Mail” on the front of the mailbox. An exception to this is a curbside mailbox built by the customer for their own use. Carriers and postmasters should follow the guidelines in POM 632.53, “Nonconforming Mailboxes,” to notify customers if their mailbox does not meet postal regulations.

Cluster Box Units and All-Weather Parcel Lockers

During Mailbox Improvement Week, postmasters and managers or their designees must review all CBUs, neighborhood delivery and collection box units (NDCBUs), and outdoor parcel lockers (OPLs) in their delivery areas to identify any hazards or irregularities, and record the results of the review.

For both physical security and operational improvement, the Postal Service has not allowed NDCBUs for use in new delivery or as replacement units for existing NDCBUs since 1999, even when privately purchased. Postal Service officials will not install Arrow locks in new NDCBUs or initiate delivery to NDCBUs installed as replacements. For new delivery or replacement units to single family home and townhome housing developments, cluster box units (CBUs) must be installed.

Finally, due to their inadequate physical security, their operational inadequacy, their typical years of service (from over 20 years to well over 40 years) and the resulting general decline of their typical condition, NDCBUs are no longer supported for any continued centralized mail delivery service in the field. All reasonable efforts must be made to identify all NDCBUs still in service and to get them all replaced in the field as quickly as possible. Provisions, both internal and external, must be used to the greatest extent possible to make this happen for the overall benefit of both the USPS and its centralized customers still using these out-of-date boxes.

Note: USPS-STD-4C mailboxes are not approved for any USPS mail delivery as either stand-alone pedestal-mount units or cabinet-mount units. This is especially true as centralized delivery mailboxes for single family and townhome developments where CBUs are the only approved outdoor, pedestal-mount centralized mailbox option. STD-4C units are intended solely for multi-family housing developments or certain business mode delivery scenarios. They are not to be installed where CBUs are the only approved mailbox option.

After completing the reviews, keep a copy in the local office and send consolidated copies to the designated growth coordinator for each district. Use PS Form 8143, *Equipment Checklist and Followup Review*, for conducting and recording the reviews. PS Form 8143 is available in this *Postal Bulletin* (see Exhibit G on page 16). PS Form 8143 is also available on the PolicyNet website at blue.usps.gov/formmgmt/forms.htm. Employees who conduct the reviews must complete PS Form 1624, *Delivery/Collection Equipment Work Request*, for any equipment that poses a safety hazard to Postal Service customers or employees. You can order PS Form 1624 from the MDC using TTOE (see page 3 for MDC ordering instructions). Use the following information to order PS Form 1624:

Apartment House Mail Receptacles – Horizontal and Vertical

The Postal Service has revised USPS-STD-4B. The new standard is USPS-STD-4C. Due to the revision, there are now security-enhanced versions of both the horizontal and vertical box, which can be used to replace existing STD-4B equipment. These enhanced versions are referred to as “USPS-STD-4B+” boxes and are designed to fit cleanly into buildings with old USPS-STD-4B boxes.

The Postal Service approves USPS-STD-4B+ boxes for mail delivery for existing indoor installations or existing protected outdoor locations. However, the Postal Service does not approve the purchase of this equipment for new installations and will not install Arrow locks in any such

equipment. You may only order *replacement* parts for previously installed Postal Service-owned equipment.

 TTOE: 800-273-1509
 Option 1, followed by option 2

Licensing

The U.S. Postal Service licenses two products for sale to customers other than USPS itself: a) customer compartment locks (O910A and B) used in centralized delivery equipment, and b) the CBU, which, when combined with the O910 lock, surpasses a required security level. Commercial manufacturers who wish to become licensed suppliers of either the O910 lock (USPS-L-1172D) or the CBU (USPS-B-1118G) must contact the following office for application procedures:

USPS Licensing Contact

Delivery Team Licensing
 3190 South 70th Street, Room 601
 Philadelphia, PA 19153-9990

License Number: 1CDSEQ-08-B-0011

Equipment Review Procedure

Employees must use the CBU and parcel locker equipment checklist and follow-up review procedure when examining the condition of CBUs, NDCBUs, and OPLs. You must:

1. List the unit's 5-digit, USPS-marked postal ID number. This is usually visible on the front or side of the body or pedestal. If a postal ID number is not available, list the unit location, equipment type, and manufacturer in the left-hand column. If you are able to access the back of the unit, list the unit's vendor-supplied serial number. You *must* distinguish the type listed as an NDCBU or CBU.
2. Assign each checklist item one of the following ratings:
 - a. OK — Equipment does not need attention for this item.
 - b. X — Equipment needs attention for this item.
 - c. NA — Item does not apply to this particular piece of equipment.
3. When examining the equipment, use the instructions below to complete PS Form 8143:
 - a. Check equipment. All delivery and collection equipment must be straight, vertical, and firmly mounted. For safety concerns, please ensure that customer compartments are facing away from the street or are oriented such that safe collection and delivery of the mail may occur. Visually verify that four bolts/nuts are firmly in place securing the pedestal to the concrete pad and to the delivery equipment. Apply hand pressure to the top edge of the unit from the front side. While the unit may flex under the load, verify that the pedestal stays firmly mounted to the concrete and that the unit does not separate from the pedestal.
 - b. For safety concerns, ensure that customer compartments are located such that customers do not have to stand in the street to access their mail or that letter carriers do not have to stand in the street to deliver mail. Consider all factors of equipment location including setbacks from streets that may allow customer compartments to face the road, but at such a distance so as not to affect the safe delivery and collection of mail.
 - c. Check visible welds. Take note of cracked, broken, or rusted welds. For NDCBUs and OPLs only, tap the pedestal with a lightweight hammer, especially along the seams, to check for corrosion from the inside out or perforated corrosion.
 - d. For CBUs and NDCBUs, observe whether the carrier access door is locked and secure. Open it and observe whether it is bowed or warped and whether the door and locking bar operate smoothly. With the carrier access door open, check whether restraining devices prevent the two master doors from blowing closed. These devices, which you may have to set manually, must be serviceable.
 - e. Ensure that the Arrow lock operates smoothly and easily and that the mounting hardware is tight. For NDCBUs, CBU parcel doors, and OPLs, the protective cover that shields the Arrow lock from customer tampering or theft must be serviceable and firmly attached.
 - f. For OPLs, secure the cover that protects the Arrow lock from theft with the proper quantity of tamper-resistant screws.
 - g. Ensure that all customer access doors are present, closed, and locked with no visible damage or

signs of forced entry. Check that customer door numbers are legible.

- h. Ensure that the exterior surface of the unit is free from rust and graffiti.
 - i. Examine the unit for defects or damage and whether it reflects a proper Postal Service image.
 - j. Check whether the unit and any protecting structure appears watertight and in good repair. Look for any noticeable watermarks inside the unit or any wet mail.
 - k. Note any other conditions that require attention. Also, look for signs of vandalism such as pry marks on doors and locks.
4. Record the results of the inspection on the checklist.
 5. Submit the completed PS Form 1624 for each unit reviewed to the maintenance office responsible for centralized delivery equipment installation or repair in the area.

Carriers must note equipment deficiencies and report them to the postmaster, supervisor, or designee. The postmaster, supervisor, or designee must then submit PS Form 1624 to report the equipment defects. In addition, carriers must complete PS Form 1767, *Report of Hazard, Unsafe Condition, or Practice*, for items that pose an immediate threat to safety, such as an improperly secured or leaning NDCBU/CBU. You can order PS Form 1767 from the MDC by using TTOE (see page 3). Use the following information to order PS Form 1767:

PSIN:	PS1767
PSN:	7530-01-000-9422
Unit of Issue:	SE
Quick Pick Number:	141
Bulk Pack Quantity:	1000
Minimum Order:	25
Price:	\$0.0695

The postmaster or supervisor must immediately notify (by telephone) the office responsible for repair of reported hazards. The postmaster or supervisor must follow up to ensure that the work is satisfactorily completed and documented. The office responsible for repair must use its local buying authority to accomplish the repairs.

In January 1999, the Postal Service announced that NDCBUs cannot be installed for delivery of mail beginning in FY 2000. As previously stated, the Postal Service does not grant waivers for this policy. Place all orders for CBUs and OPLs against the national contracts. Use eBuy+ to place all orders.

For graffiti on mailboxes, there is a new soy-based cleaner available through eBuy+ or the MDC identified as “Cleaner, Graffiti Remover, Collection Box.” To order, use

PSN: 7930-13-000-4764; the cost is \$17.41 per 22 oz. bottle.

This product successfully removes graffiti from collection boxes. While most effective on the most current collection boxes, this cleaner may still prove effective with any legacy equipment that has a good quality paint coating. For older collection boxes, test the product in an inconspicuous spot to ensure it does not damage the current paint coating.

For eBuy+ ordering instructions, go to the Postal Service intranet at blue.usps.gov. In the left-hand column under “Essential Links,” click *eBuyPlus*. You may also call 800-USPS-HELP for additional help.

State and Local Regulations

Some states have enacted laws that are more stringent and specific about the type of mailbox customers may use, the post or support costumers must use to mount the mailbox, and the location of the delivery equipment. Regulations and recommendations published in this notice might not reflect appropriate requirements for your area. When providing guidance to the public concerning mailbox placement and replacement, advise them not only of Postal Service regulations but also of any mailbox regulations enacted by state or local authorities. Further information is available from the following:

American Association of State Highway
and Transportation Officials
444 North Capitol Street NW, Suite 249
Washington, DC 20001-1512

Federal Highway Administration
Office of Highway Safety HHS-10
400 7th Street SW
Washington, DC 20590-0003

Publicity

Postmasters must give these guidelines maximum local publicity. Consult your area Corporate Communications representative for assistance in publicizing Mailbox Improvement Week. The news release on page 17 can help postmasters promote Mailbox Improvement Week to daily or weekly newspapers or broadcast stations in their delivery area. Postmasters may also find it helpful to alert the media to locations of particularly interesting mailboxes in their delivery area.

Responsibility

Motorized city, rural, and contract delivery service route carriers must cooperate to ensure the success of this endeavor, and later report the results to the postmaster. In addition, postmasters must use the most up-to-date list of manufacturers and mailbox suppliers when providing motorized city, rural, and contract delivery service route customers with information about the type of box to install.

Mailbox Improvement Week Arrives in Time for Spring Cleaning

The U.S. Postal Service is asking all **[city name]** homeowners to inspect and repair their mailboxes during Mailbox Improvement Week, May 21–27, says Postmaster **[full name]**.

“Repairing suburban and rural mailboxes improves the appearance of our community and makes delivering and receiving mail safer for our carriers and customers,” **[last name]** says.

The Postal Service makes this annual request because of the wear and tear that occurs to mailboxes every year. “This is especially important after the effects of last winter,” **[he/she]** adds **[if applicable]**.

Some of the typical activities homeowners may need to do include:

- Replacing loose hinges on a mailbox door.
- Repainting a mailbox that may have rusted or has started to peel.
- Remounting a loosened mailbox post.
- Replacing or adding house numbers.

“If a homeowner plans to install a new mailbox or replace a worn one, he or she must use only Postal Service–approved traditional, contemporary or locking full/limited service mailboxes,” said **[last name]**. “Customers must be careful when purchasing curbside mail receptacles because the use of unapproved boxes is prohibited. Customers may use a custom-built mailbox, but they must consult with my office to ensure it conforms to guidelines applying to flag, size, strength and quality of construction.”

For more information on the use of names or numbers on mailboxes, or answers to any other questions, contact **[full name]** at **[phone number]** or call your local postmaster at **[phone number]**.

Pull-Out Information

Elimination of Corporate Accounts

The Postal Service™ is discontinuing USPSCA®, a corporate account payment method used for Express Mail Corporate Accounts (EMCA) and Priority Mail Express Manifest Accounts. USPSCAs — also known as United States Postal Service Corporate Accounts — are pre-funded by customers to ship documents or packages by Priority Mail Express®.

Effective January 1, 2023, the Postal Service began closing inactive USPSCA accounts and will discontinue the corporate account payment method on July 1 due to rising costs and declining demand.

Customers who use USPSCA are encouraged to switch to an available alternative payment method. Alternative payment methods may include Click-N-Ship® (CNS), USPS Ship, Electronic Verification System (eVS®), ePostage®, PC Postage®, or Meter.

For information on how to migrate, customers should contact their Sales Account/Business Service Network Representative or their local Post Office™, or they can send an email to the Mailing and Shipping Solutions Center at MSSC@usps.gov.

Any account with a positive or negative balance can make payments or request a refund by contacting MSSC@usps.gov:

- Refund requests must include a signed authorization on letterhead, the USPSCA (or EMCA) number, business name, and location.

- Accounts with a negative balance after July 1, 2023, will be sent to Accounts Receivable for collection.

Additionally, some customers shipping packages containing cremated remains or shipping to an Army Post Office/Fleet Post Office/Diplomatic Post Office using a Retail Systems Software (RSS) 4 x 6 label (labels printed at the Post Office counter) were *not processed* by the EMCA system. This resulted in affected customer accounts not being charged.

Customers may continue to use RSS 4 x 6 labels until July 1 and USPS will continue to monitor unprocessed EMCA transactions. Customers will receive a final invoice in July after all USPS Corporate Accounts are permanently closed. We apologize for any inconvenience to our valued USPSCA customers.

As a reminder, all remaining USPSCA accounts will be closed on July 1, 2023.

For questions about the elimination of Corporate Accounts or the cremated remains/U.S. Possessions, Territories, or Freely Associated States (PTFAS) invoicing, send an email to MSSC@usps.gov or call 877-672-0007.

— *Shipping and Commerce Product Management,
Business Solutions, 5-4-23*

Fraud

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

ON SALE NATIONWIDE: **JANUARY 19, 2023**

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial

numbers consist of the first 10 digits. The eleventh digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial

numbers consist of the first 9 digits. The tenth digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

— Delivery and Retail Customer Service Operations, 5-4-23

Counterfeit Canadian Money Order Forms

Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*.

Toll-Free Number Available to Verify Canadian Money Orders

The Canada Post Corporation has a toll-free number that cashing agents can call to verify the validity of Canadian Postal Money Orders. The number is 800-563-0444.

This toll-free number is printed on the back of the Canadian Postal Money Orders.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Changes

APO/FPO/DPO	Action	Effective Date	See Restrictions
APO AE 09242	Add C	04/11/2023	A-B-C-C1-C2-F-F3-H-N-R-S-V
APO AE 09704	Add C2	04/12/2023	B-C-C2-F-F1-F3-R-R1-S-U2-V

We have eliminated “Not Active” entries from the table below to save space and paper.

PS Form 2976-A, *Customs Declaration and Dispatch Note*

PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*

ATF	= Bureau of Alcohol, Tobacco, Firearms, and Explosives
Box C	= Department of State (DOS) contractor personnel
Box R	= Retired military personnel
DPO	= Diplomatic Post Office
MPO	= Military Post Office
PACT	= Prevent All Cigarette Trafficking Act
PAL	= Parcel Airlift
PMEMS	= Priority Mail Express Military Service
PUB 52	= Publication 52, <i>Hazardous, Restricted, and Perishable Mail</i>
SAM	= Space Available Mail
USDA	= United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals, including in their raw, unmanufactured state, are prohibited. Official Mail shipments are exempt from this restriction.

A1. Reserved for future use.

A2. Reserved for future use.

B. Other than for PMEMS and the exceptions listed below, a customs declaration PS Form 2976 or PS Form 2976-A is required for all items weighing 16 ounces or more, and for all items (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from this ZIP Code. Other than the exceptions listed below, all PMEMS mailpieces (regardless of mail contents or weight) addressed to or from this ZIP Code must bear a properly completed PS Form 2976-B. The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply to known mailers, who for this purpose are defined as follows:

- Business mailers who enter volume mailings through business mail entry units or other bulk mail acceptance locations, pay postage through advance deposit accounts, use permit imprints for postage payment, and submit completed postage statements at the time of entry that certify that the mailpieces contain no dangerous materials that are prohibited by postal regulations. Such business mailers are exempt from providing customs documentation on non-dutiable letters and printed matter.
- All federal, state, and local government agencies whose mailings are regarded as "Official Mail." Such agencies are exempt from providing customs documentation, except for any items addressed to an MPO or DPO to which restriction "B2" applies.

B2. All federal, state, and local government agencies must complete customs documentation when sending potentially dutiable mail addressed to or from this MPO or DPO.

C. Cigarettes and other tobacco products, including tobacco leaves, chewing and pipe tobacco, snuff, and cigars are prohibited, including those that are authorized in Publication 52 under PACT.

C1. Obscene and horror articles, images, prints, paintings, cards, films, videotapes, comic books, etc., are prohibited.

C2. E-cigarettes and related products (e.g., nicotine liquids, e-liquids, parts, or supplies) are prohibited.

D. Coffee is prohibited.

E. Medicines (prescription, over-the-counter, vitamins, and supplements) are prohibited when mailed to individuals for human or animal use. This prohibition does not apply when medicines are sent as Official Mail only between specifically designated agencies such as pharmaceutical distributors, hospitals, clinics, and pharmacies.

E1. Mailers are responsible to ensure that all medicines and vaccines conform to host nation laws.

E2. Any matter depicting nude or seminude persons, pornographic, or sexual items are prohibited. Non-authorized political materials are prohibited. Religious materials contrary to the Islamic faith are prohibited in bulk quantities, but individual items for the personal use of the addressee are permissible.

E3. Radio transceivers, cordless/cellular telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

F. Firearms of any type are prohibited, except firearms mailed to or by official U.S. government agencies. This restriction does not apply to firearms mailed from this MPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms do not require an ATF form.

F1. Weapons of any type are prohibited.

F2. Mailing firearms to or from this MPO ZIP Code is restricted to one shotgun and one single shot .22 caliber rifle per individual.

F3. Replica weapons and inert explosive devices (such as grenades) and weapons parts are prohibited.

G. Parcels of any class are prohibited.

H. Meats, including preserved meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, and wool samples whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Reserved for future use.

I1. Reserved for future use.

I2. Reserved for future use.

I3. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

- Maximum length 27 inches.
- Maximum width 14 inches.
- Maximum height 14 inches.

J. Standard Post and Parcel Select parcels may not exceed 108 inches in length and girth combined.

K. Reserved for future use.

L. All Official Mail is prohibited.

M. Fruits, vegetables, live animals, and live plants are prohibited.

N. Registered Mail service is prohibited.

O. Reserved for future use.

P. Official Mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those mailable under Publication 52, Part 421, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

S. Synthetic cannabinoids used to stimulate the central nervous system commonly known as "synthetic marijuana," "K2," or "Spice" are prohibited.

T. Mailings of household shipments and case lots of food to or from an MPO require military transportation office approval prior to mailing. Mailings to or from a DPO require pre-approval from the Diplomatic Pouch and Mail Director.

U. Mail addressed to Retirees (Box R) is limited to 16 ounces and up to a 90-day supply of TRICARE medications. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail items, including audio and video media, weighing 13 ounces or less. This limitation does not apply to Official Mail.

U2. Retirees (Box R) are not authorized mail service.

U3. Reserved for future use.

U4. Mail addressed to Box C is limited to 2 lbs.

V. PMEMS is not available.

V1. Electronic Delivery status information for Extra Services is not available on *USPS.com*. Manual record of delivery may be available upon request.

W. Hermetically sealed packages of meat products bearing USDA certification, such as dried beef, salami, and sausage, may be mailed. 200 grams of tobacco per parcel are permitted duty free.

X. Cremated remains are prohibited.

Y. Mail is limited to First-Class Mail and Priority Mail items only. This restriction also applies to Official Mail.

Z. No outside pieces (OSPs).

Z1. The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the Retail System Software terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply.

DMM Revision: Hold For Pickup Service

Effective July 9, 2023, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 507.3.2.2, to clarify the basic eligibility for Hold For Pickup service.

The Postal Service is revising section 507.3.2.2 to specify that Hold For Pickup service is also available at retail Post Office™ locations for Priority Mail® with Collect on Delivery (COD) service. This revision will provide clarity and consistency in the basic eligibility standards for Hold For Pickup service.

Although the Postal Service will not publish this clarification in the DMM until July 9, 2023, this standard is effective immediately.

DMM Revision: Priority Mail Cubic

Effective July 9, 2023, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 223.1.3.1, to clarify the characteristics for Priority Mail® cubic mailpieces.

The Postal Service is revising section 223.1.3.1 to specify that each cubic mailpiece, including soft packs and padded envelopes, must measure .50 cubic foot or less, weigh 20 pounds or less, and the longest dimension may not exceed 18 inches. This revision will provide clarity and consistency in the characteristic standards for Priority Mail cubic mailpieces.

Although the Postal Service will not publish this clarification in the DMM until July 9, 2023, this standard is effective immediately.

IMM Revision: Individual Country Listing for Kuwait

Effective May 4, 2023, the Postal Service™ is revising the Individual Country Listing for Kuwait in *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* to add an observation to include certain addressee contact information when mailing items to Kuwait.

This revision is based on a formal request that Kuwait Ministry of Communications (the designated postal operator of Kuwait) made through the Universal Postal Union via *International Bureau Circular 50*, dated March 27, 2023.

Organization Information

Engineering Systems

New Robotic System Helps Boost Plant's Productivity

The parcel robotic sortation system uses a robot that operates inside a cell, along with a conveyor and autonomous mobile robots.

While the Postal Service™ uses robots in plants across the country, the system recently installed at the Topeka, KS, Material Distribution Center might be the most advanced yet. The busy center — often called the Postal Service's warehouse — stores approximately 33,000 different items, including repair parts, supplies, stamps, and more that it ships to the organization's 21 network distribution centers (NDCs).

"Fulfilling NDC orders has always been a time-consuming, labor-intensive process," said Joyce Guthrie, a robotics engineer with the Postal Service's automated guided vehicles and robotics team. "Employees had to pull the pallets of items, pick out what they wanted, and place them on a separate pallet for distribution. Topeka wanted a more efficient process," Guthrie said.

Last August, the team installed the organization's first parcel robotic sortation system, or PRSS. The cutting-edge system uses a robot that operates in a closed cell, a conveyor and autonomous mobile robots, or AMRs.

"Putting it together creates pretty much a fully automated system," said Amit Cholkar, technology development and applications senior director.

Along with new sorting machines, increased use of robotics is part of the organization's 10-year Delivering for America plan to modernize the Postal Service (see link.usps.com/2021/03/23/delivering-for-america).

The Topeka center, which has 15 AMRs, is one of several postal facilities where the robots, which are equipped with scanners that read shipping labels and QR codes, are used.

Here's how the PRSS works:

- Employees upload orders for items, which creates a manifest that is sent to the PRSS.
- Then, based on what is on the manifest, forklift drivers bring pallets of items into the robot cell, where a mechanical arm unloads the pallets.

"The robot takes items and puts them on a conveyor where they are scanned and shipping labels are attached," Guthrie said.

AMRs take the items from the conveyor, get the ZIP Code™ and location information from the system's "brain" — called the process control system — and drop the items into containers designated for specific NDCs. Forklift drivers later load the containers onto trucks for shipping.

Only two employees are needed to move the pallets in the PRSS, which can process 3,000 to 4,000 orders a day with virtually no scanning errors. There is also an operator who removes the full containers and replaces them with empty ones. The workday often ends two hours earlier than before the PRSS was installed, and NDCs get their items faster.

"There's no waiting or rushing or having to assign extra people to get containers done. Now, trucks come in, get loaded, and go. It's all done," Guthrie said.

The PRSS — which takes approximately 3 weeks to install, including programming the AMRs — has limitations, though. For instance, really large items must be sorted manually because they won't fit on the conveyor.

Aside from other considerations, such as cost of installation relative to a plant's volume, "we could implement this solution in any plant in the country," Cholkar said.

Environmental Management

Spill Reporting for the Release of Hazardous and Regulated Substances into the Environment

The United States Postal Service® must report hazardous and regulated material spills into the environment to a manager or supervisor to initiate reporting and clean-up activities by properly trained responders. Installation heads must maintain and reference any facility-specific spill, emergency response, or contingency-planning documents. Additionally, Postal Service™ policy requires completion of PS Form 8187, *Hazardous and Regulated Substance Release Notification*, to internally report the release of these materials.

Common reportable materials used at USPS® sites that may prompt additional reporting requirements to the U.S. Environmental Protection Agency, state, or local regulatory agencies, depending on the quantity released into the environment, are listed in the following tables:

Oils	
Motor oil	Hydraulic fluid
Gasoline	Transmission fluid
Kerosene	Grease (including cafeteria grease)
Mineral spirits	Diesel fuel
Heating oil	Brake fluid
Used oil	Gear oil

Chemicals		
Sulfuric acid	Propylene glycol	Polychlorinated Biphenyls
Friable asbestos	Lead	Soaps and detergents
Mercury	CFC-12 (R-12 refrigerant)	Floor wax
Mineral spirits	De-icing products (e.g., calcium chloride, sodium chloride, calcium magnesium acetate)	Water treatment chemicals
Ethylene glycol (Antifreeze)	Diesel exhaust fluid	Windshield washer fluid

In general, spills must be reported if they reach:

- Stormwater drains and ponds.
- Surface water.
- Dry wells and catch basins.
- Soil.
- Septic systems.

- Groundwater.
- Sanitary sewers.
- Waterways.

As soon as any known release to the environment has occurred, Postal Service employees must immediately contact the site installation head, manager, or supervisor. The site installation head, or their designee, must do the following:

- After taking action to protect human health and safety, refer to facility-specific spill and emergency response documents and follow the prescribed requirements.
- Immediately report spills to your appropriate designated USPS environmental contact and the designated safety specialist for the site (see blue.usps.gov/sustainability/contact.htm).
- Complete and submit PS Form 8187, *Hazardous and Regulated Substance Release Notification* (see blue.usps.gov/formmgmt/forms/LiveCycle/psform8187_042016_lc.pdf).
- Consult with your designated USPS environmental contact to make the appropriate federal, state, and local environmental agency notifications. The applicable reporting requirements vary depending on location, and the type and quantity of the material released.

For more Information, review the following guidance information or consult your designated environmental contact at blue.usps.gov/sustainability/contact.htm:

- The Environmental Compliance Spills and Reporting web page at blue.usps.gov/sustainability/environmental/spills_and_regulatory_reporting.htm.
- The Standard Operating Procedure for Reporting Releases to the Environment at blue.usps.gov/sustainability/environmental/_pdf/sop-reportingreleases.pdf.

Human Resources

The Spring Wellness Challenge is Here

Are you ready to feel better, move more, sleep better, spend time in nature, eat healthy, make connections, track progress, boost vitality, and earn virtual money while doing so?

Feel Like a Million™ is a voluntary 6-week program that motivates participants to increase their energy and feel their best. This fun program is open to all Federal employees and household family members who are 13 years old and over.

Each day you record activity, you earn virtual dollars, experience progress by moving along the gameboard, and are rewarded with another insight on how to reinvigorate body and mind. Every activity is a move closer to achieving the goal of 1 million virtual dollars.

Participants may form teams of up to 5 people to play Feel Like a Million. If you join a team, you can earn additional virtual dollars upon completion of challenges on

Thrive Thursdays. You will test hundreds of delicious recipes and establish lasting behaviors to help build your energy and vitality.

Important dates to remember:

- Registration opens Monday, April 10, 2023.
- Begin recording your progress on Monday, April 24.
- Form your teams by Monday, May 8.
- Feel Like a Million ends Sunday, June 4, but you may update activity until the team scores freeze on Monday, June 5.

Participation is voluntary and must be done off the clock. On your mark, get ready, and register at fedsggetfit-mas.ifeellikeamillion.com.

For more general information about wellness, visit liteblue.usps.gov/wellness.

Human Resources, 5-4-23*

Information Security

The Most Secure Password is a Passphrase

Passwords like 123456 may be simple to use, but they are also easy for hackers to guess. In fact, according to [CyberNews.com](https://www.cybernews.com), 123456 is the most used password in 2023¹. Approximately 44 million accounts are vulnerable to account takeover because of compromised or stolen passwords². Don't make it easy for cyber criminals to hack your accounts.

What can you do to make your passwords more secure? Replace simple passwords with stronger, longer passphrases. A passphrase is a unique set of words that serves as a password. Passphrases are much easier to remember, but much more difficult for cyber criminals to crack.

To create a secure, unique, and memorable passphrase:

1. Think of a phrase that you will remember (e.g., Be CyberSafe).
2. Change specific letters into special characters or numbers (e.g., "B3_Cyb3rS*f3").
3. Add a unique identifier to further differentiate your passwords across accounts. (e.g., "B3_Cyb3rS*f3_w0^k").

Also, here are some things to avoid when choosing a passphrase:

- Never use personal information, such as family names or birthdays.
- Do not use repeated letters or characters like "aaaa" or "11111."

USPS® passwords or passphrases must be 15 characters in length for all internal platforms except mobile devices. They must contain a combination of characters, including at least three of the following:

- One uppercase letter (A-Z).
- One lowercase letter (a-z).
- One number (0-9).

For guidance about creating strong, secure passphrases, see Handbook AS-805, *Information Security*, at blue.usps.gov/cpim/ftp/manage/as8002210/as8002210_tech_005.htm.

For more information about cybersecurity best practices, visit blue.usps.gov/cyber or liteblue.usps.gov/cyber.

Stamp Services

Stamp Announcement 23-21: Waterfalls Stamps

©2022 USPS

On June 13, 2023, in Yellowstone National Park, WY, the United States Postal Service® will issue the *Waterfalls* stamps (Forever® priced at the First-Class Mail® rate) in 12 designs, in a pressure-sensitive adhesive (PSA) pane of 12 stamps (Item 580900). These stamps will go on sale nationwide June 13, 2023, and must not be sold or canceled before the first-day-of-issue. **The *Waterfalls* commemorative pane of 12 stamps must not be split and the stamps must not be sold individually.**

The Postal Service™ celebrates the variety and beauty of American waterfalls with 12 new stamps. Each stamp features a photograph with the name of the waterfall and state in which it is located beneath it. Art director Greg Breeding designed the stamps and pane with existing photographs.

Availability to Post Offices: Item 580900, *Waterfalls* (Forever Priced at the First-Class Mail Rate) Pane of 12 Stamps

Stamp Fulfillment Services will not make an automatic push distribution to Post Offices. Post Offices may begin ordering stamps before the first-day-of-issue through SFS Web at sfsweb.usps.gov/sfsweb.

How to Order the First-Day-of-Issue Postmark

Customers have 120 days to obtain the first-day-of-issue postmark by mail. They may purchase new stamps at their local Post Office™ or at The Postal Store® website at store.usps.com/store/home. They must affix the stamps to envelopes of their choice, address the envelopes (to

themselves or others), and place them in a larger envelope addressed to:

FDI – Waterfalls Stamps
 USPS Stamp Fulfillment Services
 8300 NE Underground Drive, Suite 300
 Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark up to a quantity of 50. There is a 5-cent charge for each additional postmark over 50. All orders must be postmarked by October 13, 2023.

How to Order First-Day Covers

The Postal Service also offers first-day covers for new stamp issues and Postal Service stationery items post-marked with the official first-day-of-issue cancellation. Each item has an individual catalog number and is offered in the *USA Philatelic* catalog and online at store.usps.com/store/home. Customers may register to receive a free *USA Philatelic* catalog online at usps.com/philatelic.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmarks have been extended for 30 days:

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
