Proper Lifting Reduces the Risk of Injury

At the United States Postal Service[®], lifting and handling are a part of daily duties for every employee. With the Postal Service's increased emphasis on package delivery, employees and their supervisors must learn how to reduce the potential risk of injury from lifting.

Sometimes it's not what you are lifting, but how you are lifting that causes a painful back injury. Many back injuries are caused by everyday activities like lifting groceries, picking up a child, or reaching down to pick something up off the floor.

Lifting injuries can also be caused by sudden excessive exertion or develop over time with repetitive movement, such as:

- Bending, twisting, or reaching.
- Lifting loads heavier than an individual's physical capabilities.

Reduce the risk of lifting injuries with the following tips:

- Elevate tubs, trays, and parcels to a raised surface to avoid lifting from the floor. Also, place items you lift frequently into the zone between the knees and shoulders where the body has the most available strength.
- When available, use table platforms, hamper inserts, and mechanical aids like pallet lifts or tilters to avoid bending and reaching.
- Position yourself correctly to ensure you can see over and around the load you are carrying to avoid tripping hazards.
- Use reach tools to bring out-of-reach items into position for proper lifting. Back bending from reaching or shoulder extension from overreaching could result in an injury from awkward posture.

Practice proper lifting techniques to prevent injuries:

- **Plan your lift.** Decide on the route you will take and check your unloading spot so that you can anticipate any problems. Make sure your path and field of vision are clear.

- **Size up the load.** Test the weight and assess the shape and position of the package. If the load is too heavy or awkward to move alone, use a hand cart or do a team lift. Team lifting is a technique used whenever handling or transferring anything that is too large for one person. During a team lift, designate a person to lead the lift, lift at the same time, keep the load level, and slowly unload together. Working together will make the job easier, faster, and less dangerous.
- **Lift correctly.** Keep the load as close to the body as possible, maintaining a neutral back posture to avoid bending, while keeping your chin up and lifting with your legs. Let your legs do the work by using your strong thigh muscles to lift, rather than your weaker back. Don't twist your body if you need to turn. If possible, place your feet shoulder-width apart and straddle the load. Move your feet instead of your trunk.
- **Unload items carefully.** If your load must go on the back of a deep shelf, use a reach tool, put the load down on the edge, and push it into place. If you are placing the item on a lower level, bend your knees and squat as you unload it. To retrieve an item from deep within a box or drawer, use a container tilter to tip the container to reduce bending. Get as close as you can to the object, squat slightly, and place your bent knees against the box or drawer before you lift.

The best way to avoid injury is to lift properly and know what you are lifting. Be sure to get help with a load that you cannot safely lift by yourself. When you find it necessary to lift a heavier object, think carefully about the smartest way to accomplish this task.

Practice safe lifting to keep your back healthy and to prevent painful or disabling back injuries. For more information about safe lifting, visit blue.usps.gov/hr/safety/lifting.htm.

DMM Revision: Priority Mail Express Label 11-B Discontinued

Effective November 6, 2023, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), in various sections, to reflect the Postal Service's discontinued use of Priority Mail Express® Label 11-B, *Priority Mail Express Post Office to Addressee*.

On July 3, 2023, the Postal Service announced that effective July 9, 2023, it will discontinue Priority Mail Express Label 11-B.

Customers shipping Priority Mail Express items have the option to present each item at a Post Office™ to have a shipping label printed and affixed to it, use a Postal Service self-service kiosk (SSK) (where available) to generate and affix the appropriate shipping label, or choose one of the following payment and shipping methods to create Priority Mail Express shipping labels:

- Click-N-Ship®.
- USPS Ship.
- Electronic Verification System (eVS®).
- ePostage®.
- PC Postage®.
- Metered Postage.

The Postal Service will continue to accept Priority Mail Express shipments with Label 11-B until September 29, 2023. However, the label will no longer be available for order on usps.com.

The Postal Service continues to offer Priority Mail Express Label 11-M, *Priority Mail Express Post Office to Addressee*, at manual Post Offices and Label 11-HFPU, *Priority Mail Express Hold For Pickup*, at all Post Offices.

Information on how to access alternative shipping methods is available at usps.com/business/postage-options.htm. Questions may be sent to ShippingServices@usps.gov.

In addition, the Postal Service will update the applicable Quick Service Guides (QSGs) to reflect this revision.

Although the Postal Service will not publish these revisions in the DMM until November 6, 2023, the standards are effective immediately.

Environmental Management

What You Need to Know About Aerosol Can Disposal

Waste aerosol cans are a potential safety and environmental concern because they may contain unused chemical products and propellants. Aerosol can waste includes empty aerosol cans, non-empty cans that contain unused liquid and propellants, and the contents drained from aerosol cans via a can-puncturing device. Employees must store and dispose of waste aerosol cans and any remaining contents in accordance with certain requirements:

- **Empty cans.** Use all the contents in the aerosol can before disposal. Empty aerosol cans are a Non-Hazardous Waste and must be recycled, if possible. Contact your local scrap metal contractor to obtain permission to place empty aerosol cans in the scrap metal recycling dumpster. Intact, empty aerosol cans may be disposed of in the trash when recycling is not possible.
- **Non-empty cans (containing unused liquid and propellants).** Do not dispose of non-empty aerosol cans in the regular trash. Aerosol cans that contain unused liquid or propellants and cannot be returned to the vendor or used until empty must be managed as a Hazardous Waste or as Universal Waste, depending on your state.

If it is not possible to use all the contents in an aerosol can and they cannot be returned to the vendor or repaired and used, choose one of the following options:

- **Option 1** – manage and dispose of intact, non-empty cans as Hazardous Waste (or Universal Waste, if permitted by your state). Collect intact cans in a closed

container that is labeled “Hazardous Waste – Aerosol Cans” or “Universal Waste – Aerosol Cans,” as applicable.

- **Option 2** – puncture cans with a commercial aerosol can-puncturing system and drain contents into a drum or container labeled "Hazardous Waste – Aerosol Can Liquids" for at least 15 seconds. Mark the accumulation start date on the container of drained contents and manage the container as Hazardous Waste. Recycle punctured cans (empty cans) as scrap metal. Verify that can puncturing is allowed under state regulations and does not require a hazardous waste treatment permit. Comply with any state-specific requirements for puncturing (e.g., written procedures, training, inspections, or signage).

For both options, arrange for off-site disposal or recycling of non-empty aerosol cans or drained liquids using the USPS® National Waste Management Service Supplier in eBuy+ (see Safety-Kleen catalog). Keep a record of the shipment.

For more information on disposal options, refer to the *Waste Aerosol Can Environmental Compliance Bulletin* at blue.usps.gov/sustainability/environmental/_pdf/waste/ecb-aerosolcans.pdf.

Information Security

Keep a Watchful Eye on Your Mobile Devices

The USPS® Corporate Information Security Office reminds you that hackers are out there just waiting to steal data from mobile phones and devices.

Here are some tips for employees and contractors to follow to protect their mobile devices and USPS-issued laptops:

- Don't connect without using VPN.
 - Plug only USPS-approved devices into postal equipment. For a list of these devices, visit blue.usps.gov/cyber/utilize-encryption.htm.
 - Back up your data on both your mobile device and your laptop (see blue.usps.gov/cyber/assets/pdf/2023-07-Protect-Your-Data-One-Pager.pdf).
 - Watch for text messages from unknown numbers and avoid clicking on text messages with links from numbers that are not in your contacts list.
 - Do not share login or password information. Create a strong passphrase with a minimum of 15 characters (see blue.usps.gov/cyber/assets/pdf/2023-05-Passphrases-One-Pager.pdf).
 - Lock your device using a PIN, password, fingerprint, or face ID. Keep your phone locked when it is not in use.
- Don't allow unauthorized users to access your mobile device and don't leave your phone unprotected in public.
 - Update your device when updates appear because they protect your device from threats and improve your user experience.
 - Avoid storing sensitive information like passwords, account information, or other personal information on your device to lessen the likelihood of someone else retrieving it.

For the top 15 mobile device security best practices for businesses in 2023, visit the blog at cybersecurity.asee.co/blog/mobile-device-security-best-practices-for-businesses.

For more information about keeping data secure, visit blue.usps.gov/cyber or liteblue.usps.gov/cyber, as well as the Monthly Awareness Campaigns page at blue.usps.gov/cyber/communications.htm.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Stamp Announcement 23-30: OSIRIS-REx Stamp

©2023 USPS

On September 22, 2023, in Salt Lake City, UT, the United States Postal Service® will issue the *OSIRIS-REx* stamp (Forever® priced at the First-Class Mail® rate) in one design, in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 484200). This stamp will go on sale nationwide September 22, 2023, and must not be sold or canceled before the first-day-of-issue.

This new stamp celebrates NASA's 7-year OSIRIS-REx mission to study and map the asteroid Bennu and return a sample of its surface to Earth in September 2023. The sample will help scientists learn how our solar system formed. The stamp artwork shows the capsule containing the sample parachuting to the Utah Test and Training Range in the desert. A depiction of Bennu's surface appears at the bottom of the pane's selvage with outer space above. A view of the asteroid is in the upper-right corner.

Along the left side of the pane are four images that illustrate crucial milestones in OSIRIS-REx's mission. On the reverse side of the pane is text courtesy of NASA that describes the OSIRIS-REx mission and explains each

image. Art director Antonio Alcalá designed the stamp and pane with illustrations by Alan Dingman, who based his work on images supplied by NASA.

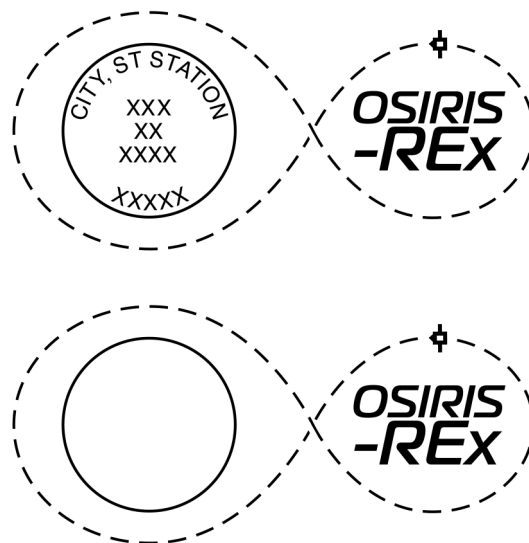

Availability to Post Offices: Item 484200, OSIRIS-REx (Forever Priced at the First-Class Mail Rate) PSA Pane of 20 Stamps

Stamp Fulfillment Services will not make an automatic push distribution to Post Offices. Post Offices may begin ordering stamps before the first-day-of-issue through SFS Web at sfsweb.usps.gov/sfsweb.

Special Dedication Postmarks

Only the following pictorial postmark is permitted for the *OSIRIS-REx* stamp. The word "Station" or the abbreviation "STA" is required somewhere in the design because it will be a temporary station. Use of any image other than the following special pictorial image is prohibited.

Guidelines for Finalizing OSIRIS-REx Stamp Pictorial Postmark Art

To finalize the *OSIRIS-REx* stamp pictorial postmark art, insert the date, city, state, and ZIP Code™ of the physical location of your event adjacent to the stamp image. Overall dimensions of the pictorial postmark must not exceed 4 inches (horizontally) by 2 inches (vertically). Collectors prefer the dimensions 3-1/2 inches by 1 inch.

The Postal Service™ must make all special postmarks known to collectors through advance publicity in the *Postal Bulletin*. Therefore, all special dedication cancellations must be reported to Stamp Services 4 weeks before the event using PS Form 413, *Pictorial Postmark Announcement/Report*. To get a copy of the form, go to blue.usps.gov/form-mgmt/forms/ps413.pdf.

In 1999, Barbie Had Her Own Stamp

Before Barbie was a movie star, she was a model for a stamp.

The new “Barbie” film, directed by Greta Gerwig and starring Margot Robbie as the title character and Ryan Gosling as boyfriend Ken, set a record last month as the

best opening for a film with a female director. It also had the highest opening weekend earnings so far this year.

The movie is based on the Barbie doll that toy company Mattel began selling in 1959. While her first career was that of a fashion model, her jobs have run the gamut over the decades from astronaut in 1965 to president of the United States in 2023.

In 1999, Barbie was included in a pane of 15 stamps commemorating the 1960s, part of the *Celebrate the Century* series of postage stamps.

For that stamp, Barbie was shown wearing pearls and a red pillbox hat — favorite accessories of first lady Jackie Kennedy, a style icon of the era.

Find out more about Barbie’s history from Smithsonian Magazine at smithsonianmag.com/arts-culture/when-barbie-broke-the-glass-ceiling-180982566.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
 USPS Stamp Fulfillment Services
 8300 NE Underground Drive, Suite 300
 Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
