## **Cover Story**

### Helping Older Adults Prepare for Emergencies

Natural catastrophes and man-made emergencies affect everyone involved in some way, though these situations are often amplified for communities with older adults.

These individuals often rely on accessible features, such as electrical power, elevators, accessible transportation, and accessible communication, all of which may become unavailable during an emergency event.

Anyone can find preparing for and responding to unexpected emergencies and disasters challenging, time-consuming, and anxiety-inducing. We encourage all to advocate for the health and happiness of older adults and promote their status as esteemed members of our communities.

How can we help older adults prepare for emergencies?

- Create an emergency tool kit based on their unique disabilities or special needs, such as transportation, shelter, and escape routes.
- Create a support network that can help during an emergency.
- Acknowledge that mobility limitations may make it difficult for some individuals to use the stairs or move quickly for long distances.
- Ensure that food items are available for individual dietary restrictions.
- Make a detailed list of all prescription medications.
- Distribute portable notification devices that indicate if someone is knocking on the door, ringing the doorbell, or calling on the phone.

- Familiarize them with all escape routes and locations of emergency doors and exits on each building floor where they work, live, and visit.
- Request that a panic/push-button be installed in work and living areas so that others can be notified of their location in an emergency.
- Ensure that assisted devices, such as canes, walkers, lightweight manual wheelchairs, hearing aids, and breathing apparatus are included in your plan.
- Ensure that residents of high-rise buildings know the building superintendent's name, phone number, and contact names of floor monitors and evacuation drill coordinators.

These and other preventative actions can serve as a roadmap for creating a preparedness plan for older adults with disabilities or other special needs, and as a point of reference in the event of a disaster.

## **Publications**

### Publication 52 Revision: Electronic Indicators for Mailing Hazardous Materials

The Postal Service™ will revise Publication 52, Hazardous, Restricted, and Perishable Mail (Pub 52), to incorporate new requirements, which became effective July 9, 2023, for mailers to use unique Service Type Codes (STC) and Extra Service Codes (ESC) for package shipments containing hazardous material (HAZMAT) or dangerous goods (DG).

This data must be submitted to the Postal Service electronically through a Shipping Service File (SSF) before or concurrent with tendering packages containing HAZMAT or DG. HAZMAT shipped internationally is referred to as DG.

These new requirements, published as a final rule in the Federal Register on April 21, 2023, are in addition to current Pub 52 regulations and do not exempt mailers from complying with existing standards. This rule standardizes the acceptance and handling of package shipments containing HAZMAT or DG by collecting electronic data to ensure these items are appropriately handled regarding the category of HAZMAT or DG contained within the package, and to create electronic manifests for the Postal Service's air carrier suppliers.

Mailpieces containing only button-cell batteries installed in equipment, or no more than four lithium cells or two lithium batteries installed in equipment they operate, (i.e., cell phones, tablets, digital readers, or glucose monitors, etc.) are not required to bear the lithium-battery mark, domestically, when no more than two mailpieces are in a single consignment, according to Pub 52, part 349.

Therefore, domestic mailpieces containing new devices in original unopened packaging, or manufacturer-certified new or refurbished devices containing or packaged with lithium batteries that do not have a lithium-battery mark applied to the mailpiece, are exempt from the requirement to apply STCs.

Upon full implementation of electronic indicators on July 9, 2023, mailers may submit a request to be released from the requirement to separate hazardous materials from non-hazardous materials when tendering to the Postal Service. Internal Postal Service data will be used to validate compliance with this rule before the Postal Service approves the customer's release from the separation requirement.

Requests must be submitted to the director, Product Classification, at 475 L'Enfant Plaza SW, Room 4446, Washington, DC 20260-5015.

This rule also clarifies that HAZMAT or DG is not eligible to be mailed in letter- or flat-sized mailpieces. Additional details about this rule are available at *federalregister.gov/documents/2023/04/21/2023-08479/electronic-indicators-for-the-mailing-of-hazardous-materials*.

Although the Postal Service will not publish these revisions in Publication 52 until later, these standards became effective July 9, 2023, unless otherwise specified.

#### 323 Mailer Responsibility

[Revise the text of 323 to read as follows:]

#### 323.1 General

Full responsibility rests with the mailer to comply with all Postal Service and non-Postal Service laws and regulations in mailing hazardous material. Anyone who mails, or causes to be mailed, a nonmailable or improperly packaged hazardous material may be subject to legal penalties (i.e., fines and/or imprisonment), including but not limited to those specified in 18 U.S.C. Transporting hazardous materials before entry as U.S. Mail and after receipt from the Postal Service is subject to DOT regulations.

#### 323.2 Service Type Codes

Mailers tendering to the Postal Service packages containing hazardous materials must use a unique Service Type Code (STC) for domestic outbound and return packages that corresponds to the product being shipped (e.g., Priority Mail, Parcel Select Lightweight, and USPS Ground Advantage). The STC is required regardless of whether mailpieces are entered at origin or for destination entry. If purchasing an eligible extra service, mailers must use the STC indicating the product and extra service. Extra services permitted with hazardous materials mailings are:

- a. Signature Confirmation.
- Insurance less than or equal to \$500.
- c. Insurance over \$500.
- d. Signature Requested for Priority Mail Express.
- e. Adult Signature over 21 for Priority Mail Express (tobacco/Electronic Nicotine Delivery System [ENDS] products).
- f. Adult Signature over 21 for Priority Mail (ENDS products).

A list of HAZMAT STCs and ESCs is in Appendix G and Pub 199.

#### 323.3 Extra Service Codes

Mailers tendering to the Postal Service packages containing hazardous materials must use ESC 857. Mailers may optionally use one of 23 unique content-specific Extra Service Codes (ESC) for domestic outbound and return packages that corresponds to the specific category of hazardous material contained within the mailpiece. If one of the content-specific ESC is used, then ESC 857 may be omitted when not enough extra-service code fields are available for the package details. A list of ESCs is in Appendix G and Pub 199.

**Note:** While using the content-specific ESC is currently a recommended practice, the Postal Service may make this requirement mandatory in the future.

#### 323.4 Additional GS1 DotMatrix (2D) IMpb

Effective January 21, 2024, in addition to including the appropriate STC in the one-dimensional GS1-128 IMpb barcode on the address label, the Postal Service requires adding two (2) supplemental GS1-DataMatrix (2D) IMpbs to domestic shipping labels for mailpieces containing hazardous materials — one in the address block to the left of the delivery address and one in the lower right corner of the shipping label. For more information on the GS1-DataMatrix (2D) IMpbs, see GS1 (2D) information and barcode specifications at gs1.org/docs/barcodes/GS1\_DataMatrix\_Guideline.pdf and postalpro.usps.com/shipping/impb/2d-impbguide

#### 323.5 Shipping Service File

Mailers shipping hazardous materials domestically utilizing PC Postage, eVS, USPS Ship, and/or ePostage platforms must incorporate the applicable Service Type Code (STC) and/or Extra Service Code (ESC) listed in Appendix G and Pub 199, and transmit a Shipping Services File (SSF) using Version 1.7 or higher or Shipping Partner Event File (SPEF) using Version 5.0 or higher to the Postal Service before, or concurrent with, tendering any hazardous materials shipments.

#### 323.6 Legacy Postage and Hard-Copy Postage Statements

Mailers using legacy postage meters or hard-copy postage forms must present hazardous materials mailings to a Postal Service retail or business mail entry unit for acceptance.

#### 323.7 USPS-Generated Shipping Labels

At the time of label generation, mailers using a label that USPS generated (including but not limited to USPS APIs, WebTools, Click-n-Ship, or Merchant Returns Application) must indicate whether the shipment contains hazardous materials.

Mailers must prepare mailpieces to meet all requirements that apply to air transportation. Mailpieces must be properly packaged and labeled within DMM requirements and the operator variations of the air carrier. When required, a shipper's declaration for dangerous goods must be affixed to the outside of the mailpiece.

\* \* \* \* \*

[Add new part 338 to read as follows, renumber current part 338 as 339, and delete current part 339 in its entirety:]

#### 338 Small Quantity

A *small quantity* is the maximum amount of a specific hazardous material that when transported by domestic highway and rail transportation is not subject to any DOT requirements (e.g., packaging, marking, labeling, etc.) other than those specified in 49 CFR 173.4. Not every hazardous material is eligible to be shipped as a small quantity. Additionally, for Postal Service purposes, Class 1, Class 2, Division 6.2, and Class 7 materials are not permitted to be sent as a small quantity.

The small-quantity provision is applicable to domestic mail only, and its use is prohibited for international shipments or APO/FPO/DPO mail. The small-quantity provision must only be used for domestic surface transportation (highway or rail).

#### 338.2 Mailability

Hazardous materials listed in the following categories are eligible to be sent in domestic mail under the small-quantity provision, via surface transportation, only when each primary receptacle is limited to 30 milliliters (1 ounce) or less for liquids and 30 grams (1 ounce) or less for solids, as applicable:

- a. Class 3.
- b. Division 4.1.
- c. Division 4.2 (Packing Groups II and III only).

- e. Division 5.1.
- f. Division 5.2.
- g. Division 6.1 (Packing Group III only).
- h. Class 8.
- i. Class 9.

#### 338.3 Additional Restrictions

Materials identified in Appendix A as prohibited in table columns (e), "Domestic Mail Air," and (f), "Domestic Mail Surface," are ineligible for mailing under the small-quantity provision without regard to their hazard class, division, or packing group.

#### 338.4 Packaging and Marking

Hazardous materials eligible to be shipped under the small-quantity provision permitted in 49 CFR and 338.2 must be prepared following Packaging Instruction 10A in Appendix C. Each mailpiece that qualifies to be sent under the small-quantity provision must be clearly marked on the address side with the following words: "This package conforms to 49 CFR 173.4 for domestic highway or rail transport only."

### Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service  ${}^{\text{TM}}$  money order:

- Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
- 2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
  - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at *usps.com/shop/money-orders.htm*.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Other Information

## Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the <u>Restrictions</u> page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

#### Changes

APO/FPO/DPO	Action	Effective Date	See Restrictions
APO AP 96548	Add C	08/16/2023	A-B-C-C2-F-F1-F3-H-M-R-S-U

We have eliminated "Not Active" entries from the table below to save space and paper.

## Organization Information

### **Finance**

### Fiscal Year 2023 Closing Guidance: Message from the Vice President, Controller

Thank you for all of your efforts to control expenses during fiscal year (FY) 2023 and provide timely updates on your expenses so that we maintain complete and accurate financial statements. It is important that we carry this effort through to the end of the fiscal year by controlling discretionary activity. This does not mean curtailing business, but it does mean making prudent choices by deferring or eliminating noncritical activity by purchasing goods or services throughout the fiscal year rather than at the end of it simply because budgeted funds are available. Please encourage your contractors to bill us in a timely manner for goods received and services rendered, or inform us of any billing delays so we can recognize the expense before the end of the fiscal year.

The following instructions will assist you, when appropriate, in helping the Postal Service™ close its financial books in a timely and efficient manner so that we meet our mandate with the Postal Regulatory Commission.

Cara M. Greene Vice President, Controller

### I. Instructions for FY 2023 Closing

We request that all organizations limit their expense and capital expenditures, particularly for Postal Service support equipment, to essential needs. Accordingly, all vice presidents should review discretionary spending to ensure the Postal Service attains its financial target for this fiscal year.

The instruction and reporting dates in this *Postal Bulletin* supplement procedures followed during the normal monthly or quarterly reporting schedule.

#### II. Fiscal Year

The Postal Service prepares its annual reports on a government FY basis, which comprises 365 days (366 in leap years), always ending on September 30.

## III. End of Year Processing Activities and Timelines, Requisitions, and Contract Actions

To ensure timely processing, submit purchase requests, expense and capital requisitions, requests for contract awards, and contract modifications for FY 2023 to Supply Management for processing by the following dates.

## Requisitions for Contract Actions (Other than IT and Telecom)

For FY 2023, submit expense requisitions and requests for contract actions to Supply Management before August 31, 2023. Any requests received after this date may not be processed for award and delivery by September 30.

## Requisitions for Contract Actions (Capital Purchases)

For FY 2023, submit capital requisitions and requests for contract actions to Supply Management on or before September 6, 2023. Any requests received after this date may not be processed for award by September 30.

#### Urgency and Prioritization of Peak Season Purchases

In anticipation of peak season needs, submit requisitions with proper supporting documentation in a timely manner to avoid delays. Supplies and equipment used in the prior year's peak season and likely to be used again in the coming peak season must be adequately inventoried and stocked well ahead of time.

#### **Requisitions for FY 2024 Contract Actions**

For FY 2024, submit expense and capital requisition requests for contract actions that require a start date before October 1, 2023, to Supply Management by August 31, 2023. Any requests received after this date may not be processed for award by the required start date.

  - Priority 2 Expense commitment requisitions.

#### **Accruals**

We will process monthly accruals for Headquarters (HQ) expense as normal and as communicated to the Executive Leadership Team (ELT) and their budget coordinators.

- All HQ accruals will occur at the ELT or VP Finance level
- Certified invoices for goods and services received by September 30 must be recei ved by the St. Louis ASC Satellite Office no later than September 30. All invoices not received by the St. Louis ASC Satellite Office by October 1, 2023, will be processed in October 2023 and charged in FY 2024.

## Information Security

#### Think Before You Download That App

To protect the United States Postal Service<sup>®</sup> (USPS<sup>®</sup>) from rising cyberthreats, the Corporate Information Security Office (CISO) reminds you to think before downloading any apps to your mobile device. USPS has applied security measures that only allow approved business-related apps on USPS-issued mobile devices.

CISO has reviewed and scanned each app in the Infrastructure Tool Kit to ensure they are safe. Mobile apps — which can enhance productivity by making your job quick and easy — must only be downloaded from the USPS App-Store on your device.

Unapproved apps could be harmful and contain malicious software like "malware" that can pose a cybersecurity risk to USPS. If you want to use an app on your USPS-issued mobile device that is not in the USPS App catalog, send an email to the USPS Authorized Apps team at AuthorizedApplications@usps.gov (and copy your manager) with answers to these specific questions:

- What is the app's name?
- Is the app for Apple or Android?

- What is the business-related problem or opportunity that this app helps solve?
- How does the app enhance the business functionality of your department within USPS?

The USPS Authorized Apps team will determine if the requested app should be added to the USPS App catalog based on the answers submitted along with a technical scan of the app for privacy and security risks.

For general questions regarding mobile app security, send an email to the USPS Authorized Apps team at *AuthorizedApplications@usps.gov*. The Acceptable Use Policy is also a good reference to explain USPS-associated protocols for mobile device use.

For more information about cybersecurity, visit blue.usps.gov/cyber or liteblue.usps.gov/cyber, as well as the Monthly Awareness Campaigns page at blue.usps.gov/cyber/communications.htm.

#### First-Class Mail and USPS Marketing Mail Growth Incentives

On August 11, 2023, the United States Postal Service<sup>®</sup> (USPS<sup>®</sup>) filed with the Postal Regulatory Commission a notice of market dominant price change creating two new incentives. As indicated in the filing, the Postal Service<sup>™</sup> will offer two new year-long incentives designed to promote the growth of First-Class Mail<sup>®</sup> (the "First-Class Mail Growth Incentive") and USPS Marketing Mail<sup>®</sup> (the "Marketing Mail Growth Incentive").

The effective date of each incentive is January 1, 2024, and the incentive period runs through December 31, 2024. Qualifying Market Dominant products eligible for the incentive are:

#### **First-Class Mail Growth Incentive**

- First-Class Mail Presort Letters.
- First-Class Mail Presort Cards.
- First-Class Mail Presort Flats.

#### **Marketing Mail Growth Incentive**

- USPS Marketing Mail Letters and High Density/Saturation Letters.
- USPS Marketing Mail Flats and High Density/Saturation Flats.
- USPS Marketing Mail Carrier Route Letters and Flats.
- USPS Marketing Mail and Saturation Parcels.

Documents pertinent to this notice are available at *prc.gov* under docket number R2023–3 and on the daily docket for August 11, 2023.

Each Mail Growth Incentive will issue 30 percent postage credits on qualifying CY 2024 volumes that exceed the greater of:

- Corresponding FY 2023 volumes; and
- One million pieces in CY 2024.

Mail owners with fewer than one million pieces in FY 2023 but exceeding one million pieces in CY 2024 will have their incremental volume start at one million pieces, not their FY 2023 volume. Among the requirements to be eligible to claim the postage credits in each of these incentives, a mail owner must:

- Register for the incentive via steps to be announced;
- Mail at least one million qualifying pieces in CY 2024;
   and
- Mail more qualifying pieces in CY 2024 than they mailed in FY 2023.

Mail owners can participate in either or both Mail Growth Incentives, but the incentives cannot be combined for the purposes of reaching the million-piece minimums or for any other purpose.

USPS will begin registration November 2023, if approved. As part of the registration process, mailers must agree to their baseline volume and meet all eligibility requirements in order to receive postage credits.

Postage credits will be issued to qualified mail owners after 6 months, 9 months, and 12 months from the start of CY 2024. Credits can only be used for future Marketing Mail if earned in the Marketing Mail Growth Incentive and for First-Class Mail if earned in the First-Class Mail Growth Incentive. Credits can be used after they are issued and will expire at the end of CY 2025.

Current information on the requirements to participate in the First-Class Mail and Marketing Mail Growth Incentives, including FAQs, have been posted at *postalpro.usps.com/ growth-incentive-faqs* and will be regularly updated.

Stamp Announcement 23-32: Winter Woodland Animals Stamps

© 2022 USPS

On October 10, 2023, in Woodland, MI, the United States Postal Service<sup>®</sup> will issue the *Winter Woodland Animals* stamps (Forever<sup>®</sup> priced at the First-Class Mail<sup>®</sup> rate), in four designs, in a pressure-sensitive adhesive (PSA) double-sided booklet of 20 stamps (Item 684600). These stamps will go on sale October 10, 2023, and must not be sold or canceled before the first-day-of-issue.

Winter Woodland Animals stamps celebrate four beloved animals in settings befitting the season. Each stamp features a whimsical, graphic image of one of four different woodland animals: a deer, fox, rabbit, and owl. The animals appear with details of their habitat in winter, such as a full or crescent moon, snow-covered trees, holly branches with berries, and delicate snowflakes. Art director Antonio Alcalá designed the stamps with Katie Kirk, who illustrated the stamps.

#### Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail<sup>®</sup> postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+ $4^{\circledR}$  Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

#### How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail<sup>®</sup> requirements. Customers may purchase new stamps at their local Post Office<sup>TM</sup>, by phone at 844-737-7826, or on The Postal Store<sup>®</sup> website at usps.com/shop.

#### **Digital Color Postmarks**

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue) USPS Stamp Fulfillment Services 8300 NE Underground Drive, Suite 300 Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail<sup>®</sup>.

#### **Traditional Postmarks**
