ADMINISTRATIVE SERVICES

1996 Publication 65, *National Five-Digit ZIP Code and Post Office Directory*

Again this year, the Postal Service has published Publication 65, *National Five-Digit ZIP Code and Post Office Directory*, in two volumes. The soft-cover edition is for sale to customers and for use by employees, federal government agencies, and customers in postal lobbies. The price of the soft-cover edition is \$18. A limited quantity of hard-cover directories are available for purchase by mail order only from the National Customer Support Center. The hard-cover Publication 65 is available to customers for \$23 per copy and may be ordered using Form 4243, *National Five-Digit ZIP Code and Post Office Directory Order Form for Mail Order Use* (July 1995). Both material distribution centers (MDCs) stock Form 4243. Offices should discard all obsolete versions of Form 4243, and may duplicate locally the current version as necessary.

Description

Soft-cover Publication 65, *National Five-Digit ZIP Code and Post Office Directory*, is the full-color cover version for external sale as well as internal use. Publication 65 is individually packaged in a mailable container for ease of handling and is shipped in cartons of four. CAG A–G post offices may sell the soft-cover edition of the directory over the counter, but CAG H–L post offices must use Form 4326, *National Five-Digit ZIP Code and Post Office Directory Order*, to order copies from their districts for each customer. District offices will fulfill Form 4326 orders from their supply of directories.

Discount Sales

Postal customers who turn in the coupon from the 1995 edition of Publication 65 will receive a \$1 discount toward the purchase of the new directory. They may use only one coupon for each book purchased.

Distribution

Publication 65 is being shipped on pallets from the contractor's printing plant directly to the district offices. These directories are not addressed individually for shipment to post offices. The district ZIP Code coordinator and the accountable paper unit must distribute Publication 65 to CAG A–G post offices within the district. Base the quantities to be shipped on the distribution quantities on last year's sales reports from these offices.

The district's accountable paper unit maintains the remaining copies of Publication 65 to fill orders from CAG H–L post offices, which must use Form 4326 to place customer orders. Not distributing directories directly to CAG H–L offices should allow better control of Publication 65 inventory. Success of the sales program depends on manag-

ing distribution. Both MDCs stock Form 4326. Accountable paper units at each district must order quantities of Form 4326 for their use and distribution to CAG H–L post offices.

Sales

The Postal Service maintains a computerized file of the names and addresses of all customers who purchase Publication 65. This file is used to solicit future directory orders and provide information to customers regarding other address information systems products, such as Carrier Route Information System (CRIS) and ZIP+4 files.

District managers and postmasters must ensure strict compliance with procedures in Handbook F-1, *Post Office Accounting Procedures*, by accounting for all sales, as required by Handbook F-1 instructions for retail products and any guidelines issued by district offices. In particular, inventory records must be maintained (see Handbook F-1, 574–576). Clerks must report revenue on Form 1412-A or 1412-B, *Daily Financial Report* (in AIC 093, Packaging Product Sales), and use Form 3317-A, *Retail and Philatelic Products—Clerks Daily Sales Record*, to identify revenue (see Handbook F-1, 572.1).

To ensure accountability when selling Publication 65 over the counter, clerks in CAG A–G post offices, stations, and branches must provide each customer with Form 4326 (or a photocopy) and ask the customer to complete and return the form before leaving the retail service counter. Each postal office forwards completed Forms 4326 to the district's accountable paper unit on a daily basis.

CAG H–L Post Offices

Each single directory and bundle (four directories) order must have one Form 4326 and a mailing label. The clerk must endorse bundle orders "Bundle Quantity—4 Directories." Clerks should instruct customers to complete and return the Form 4326 with the appropriate payment. The customer receives the top copy of the form as a receipt. This top copy has a place for the unit's all-purpose stamp and the clerk's initials. Advise customers that the district will ship directories to the mailing address on the label. If customers do not want to order a directory in this manner, clerks should give them directions to the nearest facility that sells directories over the counter. The clerk accounts for directory sales on Form 1412-A or 1412-B, and AIC 093, in accordance with Handbook F-1. At close of business, the clerk dispatches directory orders for that day to the district's accountable paper unit.

District Accountable Paper Unit Instructions

1. After receiving directory orders from CAG H–L post offices, remove the district receipt (copy 2 of Form

4326), place the mailing label on a prepackaged, single Publication 65, and enter it into the mailstream for delivery to the customer.

Although most orders are for single directories, check for orders marked "Bundle Quantity—4 Directories." For these orders, apply the label to a carton of four directories.

2. Make copies of district receipts received during the week from CAG H-L post offices, stations, and branches and forward them to the National Customer Support Center at the address below.
3. At the close of business each Friday, forward all Forms 4326 received during the week from CAG A-G post offices, stations, and branches to:

Requisitions

Offices that anticipate insufficient supplies of Publication 65 for customer demand must obtain additional supplies from the accountable paper unit at the district. If the district coordinator anticipates that customer demand will exceed available quantities for the entire district, the coordinator makes a written request indicating the number of publications needed. Orders must be in pallet lots (one pal-

let contains 160 publications). Send this request to the National ZIP Code Directory Coordinator at the address below.

Obsolete Copies

After receiving the 1996 edition, offices must dispose of any copies of the previous edition of Publication 65, *1995 National Five-Digit ZIP Code and Post Office Directory*, in stock or in use, or present them locally for recycled paper.

National ZIP Code Directory Coordinator

District coordinators who encounter problems with distribution of Publication 65 or who require additional information may contact the National ZIP Code Directory Coordinator:

Obsolete Vending Equipment

The Vending Program has adopted a strategy for operational improvement entitled "98% In Service and Operational." This strategy calls for self service vending equipment to be properly working and ready to serve our customers no less than 98% of the time. Therefore, all machines that are reported inoperable must be serviced and repaired within 24 hours.

To support "98%," we plan to remove from service equipment that has been deemed obsolete and experiences a higher breakdown rate than equipment considered "current." The following equipment models have surpassed their tenth anniversary and are now obsolete:

Stamp Vendors	Booklet Vendors	Commodity Vendors
PS-53	PBM-1 & 1A	PCM-21
PB-53B	SBVM-3	21 CE-72
PS-86	PBM-4	21 CE-64
	PBM-5	

All small currency changers except Model SCC-3 are now obsolete.

Effective March 1, 1996, the end of Postal Quarter II, spare parts and maintenance support will no longer be provided for obsolete equipment. If you have these types of machines in service now, they need to be removed from service. Instructions for disposition of postal vending equipment are found in Handbook AS-701, *Material Management*, 746.6. Contact your district vending coordinator for guidance.

If you leave an obsolete machine in service and it breaks down, you may either deploy a current model to the location or remove the broken machine. You may not keep a broken, obsolete machine at any self service location. Please request maintenance assistance from your maintenance office to remove the equipment. You will need to fill out Form 4805, *Maintenance Work Record Sheet* (maintenance work order).

1996 Publications 66 and 66-A, ZIP+4 State Directory

Post offices and other postal units will receive at least two copies of the 1996 edition of Publication 66-A, *ZIP+4 State Directory* (for internal and lobby use), for their respective states in late January. There are 37 Publications 66-A, numbered 66-01A through 66-37A. Each directory covers a specific state or combination of states and may consist of more than one volume. Texas, for example, has three volumes because of its many address records. Washington, DC is included in directories for the neighboring states of Maryland and Virginia. These states were previously contained in Publications 66-18 and 66-24, respectively.

This directory is not intended for use by bulk mailers or their agents to qualify a mailing for ZIP+4 or prebarcoded discount rates.

Each postal unit will receive copies in separate cartons labeled "ZIP+4 State Directory, January 1996, Publication No. 66-##A." The cartons bear pink address labels. Postmasters and officers-in-charge should place one copy of Publication 66-A in the post office lobby in the binder that protected the 1995 edition of Publication 66-A. Place the lobby copy of Publication 66-A close to Publication 65, *National Five-Digit ZIP Code and Post Office Directory*, unless traffic patterns or other considerations suggest a more suitable location. Instruct retail clerks to direct customers with ZIP+4 inquiries to Publication 66-A. The second copy of Publication 66-A is for office reference.

If post offices need additional copies of Publication 66-A, account representatives (ARs) and postmasters may

order them by completing Form 4242, *ZIP+4 Code State Directory Order Form for Mail Order Use*, according to ordering instructions previously supplied to all ARs. Form 4242 should include the post office finance number and be mailed to the National Customer Support Center:

NATIONAL CUSTOMER SUPPORT CENTER
 US POSTAL SERVICE
 6060 PRIMACY PKWY STE 101
 MEMPHIS TN 38188-0001

Form 4242 includes the two-letter state abbreviation for each state. Offices should normally display only home state ZIP+4 directories. However, if postmasters determine that a demand exists, they may order and display neighboring state directories.

Sale of ZIP+4 State Directories

Publication 66, *ZIP+4 State Directory* (for external use), is also available to customers by mail order purchase only. Publication 66 is not sold at postal retail units. The price is \$18 per state directory, whether it is a single or multivolume directory. Customers purchasing Publication 66 may submit the coupon from the inside cover of the 1995 edition of Publication 66 to receive a \$1 discount.

Offices should supply interested customers with Form 4242 (July 1995). Offices must destroy obsolete versions of Form 4242 and may duplicate the current version. Both material distribution centers and the district offices stock Form 4242.

POSTAL EMPLOYEES

Design Change for Service Award Pins

Service award pins for 25, 30, 35, 40, 45, and 50 years of federal service will have a new design. Employees reaching these milestones on February 1, 1996, or later are to receive the new pins. The new design incorporates the current Postal Service logo.

Human Resources personnel who are responsible for distributing the pins to individual managers may order the pins, except for 50-year pins, from the material distribution

centers after January 1, 1996. Order the new pins under the same item numbers that were used to order the former designs and that are noted in *Employee and Labor Relations Manual* (ELM) 478.6. Area Human Resource personnel coordinate the distribution of the 50 year service award pins.

New Japan International Postal Money Order (Form MP1)

In January, 1996, the Postal Administration of Japan will introduce a new money order form to replace the form currently in circulation. This new form differs from the current form in the following ways:

- The words "STAMP OF ISSUING OFFICE" and the dotted circle do not appear on the new form.
- The bottom portion of the new form is white instead of pink and bears the words "PLEASE DO NOT WRITE OR MARK HERE."

Numerical information printed at post offices in Japan appears in the white area at the bottom of the new form. Optical Character Readers (OCRs) read this information during processing. To ensure that OCR machines can properly read the information printed in the white area, clerks must take special care not to write or stamp on this portion of the form.

The old Japanese International Postal Money Order forms are still valid and must be honored even though they will no longer be issued after January, 1996.

Examples of the old and new forms appear below.

Pictorial Cancellations Announcement 96-1

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail post-

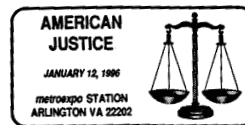

age (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 Code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Postage and Mailing Center Stamp

Copyright USPS 1993

The Postal Service will issue a variable rate stamp on January 26, 1996, in Arlington, Virginia. Variable rate stamps are used in Postage and Mailing Center (PMC) machines, which weigh items for mailing, determine the postage necessary for the desired level of service, print the appropriate postage (from 20 cents to \$20.00) on stamps, and dispense the postage.

Designed by Richard D. Sheaff of Norwood, Massachusetts, the stamp features a blue and white stars and stripes shield in the upper center portion, with red and white bunting draped on either side. "USA" appears in red below the shield. The PMC prints the stamp's denomination in black below the "USA."

PMCs are located in the following northern Virginia post offices: Preston King Station and Eads Station in Arlington; Merrifield Branch in Merrifield; Trade Center Station and Community Branch in Alexandria; McLean Main Post Office and West McLean Branch in McLean; Woodbridge Post Office in Woodbridge; Sterling Post Office in Sterling; Manassas Post Office in Manassas; and Herndon Post Office in Herndon.
