CORRECTION

25th Anniversary Celebration

Please note the following corrections to "A Guide to Planning Your 25th Anniversary Celebration" contained in *Postal Bulletin* 21920 (5-23-96):

1. The artwork that appeared on page 22 was actually the logo, NOT the cancellation. Below is the cancellation for the 25th Anniversary of the U.S. Postal Service. Postmasters must provide their own cancellations with the correct city, state, month, day, year, ZIP Code, and station name.
2. On page 12, the last entry of the "Think 25!" ideas suggested that employees could offer customers a chance to "Buy 25 stamps, get one free." This offer cannot and should not be made to customers.
3. Also, on page 12, under that same heading, "Think 25!" ideas suggested that "the first 25 customers on a given day receive a free stamp." This offer cannot and should not be made to customers.

PUBLICATION 223 REVISION

Directives and Forms Update

Effective immediately, Publication 223, *Directives and Forms Catalog* (December 1995), is revised. The tables below contain the document ID, edition date, title, national stock number (NSN), and the postal and public supply source for all new, revised, and obsolete directives and

forms. Use this article to keep Publication 223 current. Information on how to order directives and forms can be found in chapter 1 of Publication 223.

This update is published in every other issue of the *Postal Bulletin*.

Correction to Ordering Procedures for Automation Labels

Ordering offices please note that several new Material Logistics Bulletin (MLB) amendments have been issued that cancel other specific MLBs. Please refer to those listed below for new information on ordering procedures for automation labels. A summary of changes is given below for each new amendment and its corresponding *Postal Bulletin* article.

MLB-CO-94-002, Amendment 4, issued May 20, 1996, and *Postal Bulletin* 21916 (3-28-96), "Ordering Postage Validation Imprinter (PVI) Labels."

The cost of a box of labels is \$43. Facilities have four ways to ship:

1. Express Mail for emergencies. The prepaid and add charge is \$35.30 per box.
2. First-Class Priority Mail for expedited service. The prepaid and add charge is \$14.75 per box.
3. Fourth-class mail* for regular mail service. The prepaid and add charge is \$10.10 per box.
4. Motor freight using a Government Bill of Lading (GBL) for shipments of 21 boxes or more. MOS will prepare the GBLs provided by Material Distribution.

Delivery will be made by the method requested directly to the requiring retail unit.

MLB-CO-95-004, Amendment 2, issued May 21, 1996, and *Postal Bulletin* 21917 (4-11-96), "Label Contract for Passport Label System."

- Shipments of less than 12 boxes are sent via the class of mail you select directly to the requiring facility. You may use Express Mail for emergencies, First-Class Priority Mail for expedited service, or parcel post* for normal shipments.
- Shipments of 12 boxes or more are shipped to the ordering facility on skids via a motor freight carrier. Large orders are packed no more than 24 boxes to a skid and are stretchwrapped. The Great Lakes Area PMSC will manage GBL issuance. Do not send a GBL with your order.

MLB-CO-95-005, Amendment 3, issued May 21, 1996, and *Postal Bulletin* 21908 (12-7-95), "Delivery Bar Code Sorter Label Ordering Procedures."

- Shipments of less than 7 boxes will be sent directly to the requiring facility via the class of mail requested. You may use Express Mail for emergencies, First-Class Priority Mail for expedited service, or parcel post* for normal shipments.
- Shipments of 7 boxes or more will be shipped to the ordering facility via a motor freight carrier. For large shipments, boxes are packed no more than 32 to a skid and are stretchwrapped. The Great Lakes Area PMSC will provide Barcodes West with a supply of GBLs. Ordering offices do not have to send a GBL with their order.

MLB-CO-96-007, Amendment 1, issued May 21, 1996, and *Postal Bulletin* 21908 (12-7-95), "Delivery Bar Code Sorter Label Ordering Procedures."

- Shipments of less than 9 boxes are shipped by U.S. mail directly to the requiring facility. Postal Service suppliers are no longer able to use USPS G-10 Permit labels. Contractors will pay regular postage rates to ship labels and will add the cost of postage to the cost of the labels. When ordering, the facility must compute the postage and supply this information to Intermec. A box of labels weighs 34 pounds. Requiring facilities have three ways to have labels mailed: Express Mail for emergencies, First-Class (Priority Mail) for expedited service, and fourth-class mail* for regular mail service.
- Shipments of 9 boxes or more are shipped to the ordering facility via truck using a GBL. Large orders are packed no more than 24 boxes to a skid and are stretchwrapped. The Great Lakes Area PMSC will provide Intermec with a supply of Government Bills of Lading (GBL). Ordering facilities do not have to send GBLs with their order.

Read each new amendment for complete information and ordering forms.

* When Classification Reform goes into effect July 1, 1996, *fourth-class mail* and *parcel post* will be called *Standard Mail (B)*.

—Inventory Management,
Purchasing and Materials, 6-20-96

Arrow Lock and Key Modification

Arrow locks manufactured after July 1, 1996, will include a high-security keyway to discourage counterfeit keys. Some older keys may not work with these improved locks. New Arrow keys will work for all locks and will have new identifying markings ("USPS" over an arrow). For the remainder of the calendar year, a new key will automatically be sent with the locks. All post offices should test their old

keys in the new locks and replace nonconforming keys by submitting a completed Form 4983, *Postal Key and Lock Requisition*, to the mail equipment shops.

—Inventory Management,
Purchasing and Materials, 6-20-96

New Authorized Hand-stamps for Use by Postal Retail Clerks

Classification Reform has prompted efforts by vendors to sell sets of new, "required" hand-stamps, some of which are neither official (USPS-approved) nor required.

There are only three (3) officially required new hand-stamp endorsements as a result of Classification Reform:

New Hand-stamp Endorsements	Replacing Old, Obsolete Endorsements
STANDARD MAIL	THIRD CLASS
SPECIAL STANDARD MAIL	SPECIAL FOURTH CLASS
LIBRARY MAIL	LIBRARY RATE

Inventory Management at Headquarters has initiated action to add these three newly required hand-stamps to those already available from the material distribution centers (MDCs) as regular inventory supply items. A follow-up *Postal Bulletin* will provide information as soon as these new hand-stamps are available for requisitioning from the MDCs.

In the interim, the above three new, officially authorized hand-stamps may be procured from local sources by individual post offices or by Districts.

—Retail Operations, 6-20-96

Requisitioning Yellow Rope

The material distribution centers (MDCs) will no longer be stocking C1801, Yellow Rope, after they deplete the current inventory. However, this rope may be ordered from the General Services Administration (GSA) through the MDCs for \$41.35 (600-foot rolls, NSN 4020-00-968-1352). The rope is listed at a 3,700-pound breaking strength. According to telephone calls to ordering offices, it is being used to rope off areas for cleaning.

There are many other lightweight, colored ropes available, both on the open market and from GSA, that will meet

our needs much more economically. The GSA catalog lists 1/4-inch diameter yellow rope for \$12.52 (600-foot roll, 1,000-pound breaking strength, NSN 4020-00-968-1350). To accommodate ordering offices, we will list this rope in Publication 247, *Supply and Equipment Catalog*, so that it can be requisitioned through the MDCs.

—Inventory Management,
Purchasing and Materials, 6-20-96

Replacement of Government Bill of Lading Auditor

Effective immediately, National Traffic Services (NTS) will replace United Transportation Services as the Postal Service's government bill of lading (GBL) prepayment auditor. GBL issuing officers must arrange to have the following address appear on GBLs in block 13, "BILL CHARGES TO":

USPS C/O NATIONAL TRAFFIC SVCS
151 JOHN JAMES AUDUBON PKY
AMHERST NY 14228-1185

Beginning immediately, the NTS address must appear on all GBLs. Upon request, Material Distribution can provide self-adhesive stickers with this address to cover block 13 on preprinted GBLs. Please send the quantity desired and a self-addressed G-10 label to:

MATERIAL DISTRIBUTION
USPS
475 L'ENFANT PLZ SW RM 1141
WASHINGTON DC 20260-6225

—Purchasing and Materials, 6-20-96

Hispanic People and Events on United States Postage Stamps

Publication 295, *Hispanic People and Events on United States Postage Stamps*, now appears on the Postal Service World Wide Web pages on both the internal and external Web sites.

This publication contains English and Spanish versions. Minor changes have been made in spelling and stamp placement in the Spanish version that appears on the Web.

—Customer Interface, Diversity Development, 6-20-96

DOMESTIC MAIL

DMM NOTICE

Classification Reform — Implementation Standards

On March 24, 1995, the Postal Service filed with the Postal Rate Commission (PRC) a request for a recommended decision on a number of mail classification reform proposals (Classification Reform). The PRC designated the filing as Docket No. MC95-1.

On January 26, 1996, the PRC issued its Recommended Decision on Docket No. MC95-1 to the Governors of the Postal Service. The PRC recommendations included revisions to some of the mail classification structures and rates requested by the Postal Service. The Governors acted on the PRC's recommendations on March 4, 1996. Except for two separate proposals introduced by the PRC, the Governors approved the PRC's recommendations, and the Board of Governors set an implementation date of July 1, 1996, for those rate and classification changes to take effect.

To implement the Governors' decision, the Postal Service published revised *Domestic Mail Manual* (DMM) standards in *Postal Bulletin* 21914A (3-11-96). Except as specifically noted therein, the revised DMM standards take effect July 1, 1996. However, because the PRC's Recommended Decision, as approved by the Governors, made significant changes to the mail classification structure requested by the Postal Service, it was necessary to change some elements of the standards that were initially proposed.

To the extent that the final standards included some standards not previously published for public comment, the Postal Service sought additional input from customers. That input was limited to matters newly introduced in the final standards that were not mandated by the rate and classification provisions but were significant in their impact on customers compared with the corresponding proposed standards, that is, on these specific provisions:

1. New standards applied to Regular Periodicals similar to the standards adopted earlier for First-Class Mail and Standard Mail:
 - a. All pieces in an automation rate mailing must be delivery point barcoded (for letter-size pieces) or ZIP+4 or delivery point barcoded (for flat-size pieces).
 - b. Presort and other preparation standards must be met, including a 150-piece minimum for preparing trays of automation rate letter-size mail.
 - c. All 5-digit ZIP Codes used in the addresses on nonautomation rate Regular Periodicals must be verified annually for accuracy. Mailers must certify this verification at the time of mailing.

- d. Letter-size reply envelopes and cards enclosed in automation rate pieces must meet specific standards for automation compatibility. Mailers must certify this automation compatibility at the time of mailing.

2. Standards for documentation produced by Presort Accuracy Validation and Evaluation (PAVE)-certified software and for standardized documentation produced otherwise.

In part A, this notice conveys the final standards regarding the foregoing issues; these standards are effective July 1, 1996, except as otherwise noted below. Policy information about plant-verified drop shipments is provided in part B at the end of this notice.

A. DMM Revisions

The DMM revisions shown below are included in DMM Issue 50 (7-1-96). (This list shows significant revisions only and is not intended to detail amendments for typographical correction, organizational consistency, or editorial clarity that were made since publication of *Postal Bulletin* 21914A.)

Domestic Mail Manual (DMM)

A ADDRESSING

* * * * *

A900 Customer Support Services

* * * * *

A950 Coding Accuracy Support System (CASS)

1.0 BASIC INFORMATION

* * * * *

1.2 Requirement

[Amend 1.2 by replacing "CASS certification" with "CASS certification (including Multiline Accuracy Support System (MASS))" to read as follows:]

Any mailing claimed at an automation rate must be produced from address lists properly matched and coded with CASS-certified address matching methods listed below. Mailers using multiline optical character readers (MLOCRs) to print delivery point barcodes on mailpieces (or for flats, ZIP+4 barcodes) must also obtain CASS certification (including Multiline Accuracy Support System (MASS)) for the address matching software used on their MLOCRs.

Continued

5.0 DOCUMENTATION

* * * * *

5.5 Using Single Lists

[Amend 5.5 by replacing "within 1 year" with "within 6 months" in the second sentence to read as follows:]

When a mailing is produced from all or part of a single address list, the mailer must submit one Form 3553 and other required documentation reflecting the summary output information for the entire list, as obtained when the list was coded. When the same address list is used to make other mailings within 6 months of the date it was matched and coded, an original or a copy of the computer-generated Form 3553 must be submitted with each.

C CHARACTERISTICS AND CONTENT

* * * * *

C800 Automation-Compatible Mail

C810 Letters and Cards

* * * * *

8.0 ENCLOSED REPLY CARDS AND ENVELOPES

8.1 Basic Standard

[Revise 8.1 to read as follows:]

Effective January 1, 1997, all letter-size reply cards and envelopes (business reply, courtesy reply, and metered reply mail) provided as enclosures in automation First-Class Mail, automation Regular Periodicals, and automation Regular and Enhanced Carrier Route Standard Mail must meet the applicable standards in 1.0 through 7.0, bear a facing identification mark meeting the standards in 8.2, and bear the correct delivery point barcode (or, for business reply mail (BRM), the correct ZIP+4 barcode) for the delivery address on the reply piece as defined by the USPS, subject to the barcode standards in C840. Mailers must certify that these standards have been met when the corresponding mail is presented to the USPS. BRM pieces must also meet the applicable standards in S922.

* * * * *

E ELIGIBILITY

* * * * *

E100 First-Class Mail

* * * * *

E130 Nonautomation Rates

* * * * *

3.0 PRESORTED RATE

* * * * *

3.3 Address Qualify

[Revise 3.3 to read as follows:]

Effective January 1, 1997, addresses appearing on all pieces claimed at the Presorted rate must be updated within 6 months before the mailing date by a USPS-approved address update tool (e.g., the "Address Correction Requested" endorsement, ACS, or NCOA). Additional alternatives currently under development (such as FASTforwardSM) may be used to meet this standard when they have received final approval. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS. This standard applies to each address individually, not to a specific list or mailing. If a USPS-approved address update tool is used, a valid update is obtained regardless of the class of mail on which the address is placed. An address meeting this standard may be used in mailings at any other rate to which the standard applies throughout the 6-month period following its most recent update.

* * * * *

E140 Automation Rates

1.0 BASIC STANDARDS

* * * * *

1.3 Address Quality

[Revise 1.3 to read as follows:]

Effective January 1, 1997, addresses appearing on all pieces claimed at automation rates must be updated within 6 months before the mailing date by a USPS-approved address update tool (e.g., the "Address Correction Requested" endorsement, ACS, or NCOA). Additional alternatives currently under development (such as FASTforwardSM) may be used to meet this standard when they have received final approval. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS. This standard applies to each address individually, not to a specific list or mailing. If a USPS-approved address update tool is used, a valid update is obtained regardless of the class of mail on which the address is placed. An address meeting this standard may be used in mailings at any other rate to which the standard applies throughout the 6-month period following its most recent update.

* * * * *

1.5 Enclosed Reply Cards and Envelopes

[Revise 1.5 to read as follows:]

Effective January 1, 1997, all letter-size reply cards and envelopes (business reply, courtesy reply, and metered reply mail) provided as enclosures in automation First-Class

Mail must meet the standards in C810 for enclosed reply cards and envelopes. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS.

2.0 RATE APPLICATION

2.1 Letters or Cards

[Amend 2.1 by revising 2.1d to read as follows:]

First-Class automation rates apply to each piece that is sorted under M810 into the corresponding qualifying groups:

* * * * *

- d. Pieces in origin/entry 3-digit/scheme trays containing fewer than 150 pieces and all pieces in AADC and mixed AADC trays qualify for the Basic automation rate.

* * * * *

E200 Periodicals

* * * * *

E230 Nonautomation Rates

E231 Regular Periodicals

* * * * *

3.0 3/5 RATES

[Amend 3.0 by revising 3.0a to read as follows:]

Subject to M210, 3/5 rates apply to:

- a. Letter-size pieces in 5-digit or *unique* 3-digit packages of six or more pieces each, either placed in 5-digit or *unique* 3-digit trays or in an overflow *unique* 3-digit tray.

* * * * *

5.0 WALK-SEQUENCE DISCOUNTS

5.1 Eligibility

[Revise 5.1 to read as follows:]

The High Density or Saturation rates apply to each walk-sequenced piece in a carrier route mailing, eligible under 2.2 and prepared under M210, that also meets the corresponding addressing and density standards in 5.4. High Density and Saturation rate mailings must be prepared in carrier walk sequence according to schemes prescribed by the USPS (see M050).

* * * * *

E240 Automation Rates

E241 Regular Periodicals

1.0 BASIC STANDARDS

1.1 All Pieces

[Amend 1.1 by revising 1.1g to read as follows:]

All pieces in an automation Regular Periodicals mailing must:

* * * * *

- g. Except under 1.3, bear an accurate barcode meeting the standards in C840, either a DPBC (if a letter) or a ZIP+4 barcode or DPBC (if a flat), either on the piece or on an insert showing through a barcode window.

1.2 Enclosed Reply Cards and Envelopes

[Revise 1.2 to read as follows:]

Effective January 1, 1997, all letter-size reply cards and envelopes (business reply, courtesy reply, and metered reply mail) provided as enclosures in automation Regular Periodicals must meet the standards in C810 for enclosed reply cards and envelopes. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS.

1.3 Temporary Exception to Barcoding

[Add 1.3 to read as follows:]

From July 1, 1996, through December 31, 1996, up to 10% of the pieces in an automation Periodicals mailing of flat-size pieces may bear only a 5-digit barcode (subject to C840); and up to 10% of the pieces in an automation Periodicals mailing of letter-size pieces may be prepared without a barcode or with only a ZIP+4 barcode (subject to C840). Pieces within this 10% allowance must be combined and presorted correctly with the balance of the mailing. Postage for pieces in the 10% allowance must be paid at the applicable nonautomation Regular Periodicals rate and supported by documentation such as that required under M893 (letter-size) or M897 (flat-size).

2.0 RATE APPLICATION

2.1 Letters

[Amend 2.1 by revising 2.1a and 2.1b to read as follows:]

Automation rates apply to each letter-size piece that is sorted under M810 into the corresponding qualifying groups:

- a. Pieces for a unique 3-digit destination that is part of a 3-digit scheme group in L003 qualify for the 3/5 automation rate when placed in a 3-digit scheme tray if grouped separately from pieces for other 3-digit areas.

Continued

- b. Pieces in origin/entry 3-digit/scheme trays containing fewer than 150 pieces and groups of 150 or more pieces in other 3-digit, 3-digit scheme, or AADC trays or any pieces in mixed AADC trays qualify for the Basic automation rate.

2.2 Flats

[Amend 2.2 by revising 2.2a to read as follows:]

Automation rates apply to each flat-size piece that is sorted under M820 into the corresponding qualifying groups:

- a. Pieces in 5-digit or unique 3-digit packages of six or more pieces each qualify for the 3/5 automation rate.

* * * * *

E600 Standard Mail

E610 Basic Standards

* * * * *

E612 Additional Standards for Standard Mail (A)

* * * * *

4.0 BULK RATES

* * * * *

4.9 Preparation

[Amend 4.9 by revising 4.9c to read as follows:]

Each Nonprofit, Regular, or Enhanced Carrier Route rate mailing must be prepared under these general standards:

* * * * *

- c. The same mailing may not contain both automation and nonautomation rate pieces except as permitted under E649.

* * * * *

E640 Automation Rates

[Revise the heading of E641 to read as follows:]

E641 Regular and Enhanced Carrier Route Standard Mail

1.0 AUTOMATION REGULAR RATES

* * * * *

1.2 Enclosed Reply Cards and Envelopes

[Revise 1.2 to read as follows:]

Effective January 1, 1997, all letter-size reply cards and envelopes (business reply, courtesy reply, and metered reply mail) provided as enclosures in automation Regular Standard Mail must meet the standards in C810 for enclosed reply cards and envelopes. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS.

1.3 Rate Application — Letters and Cards

[Amend 1.3 by revising 1.3c to read as follows:]

Regular automation rates apply to each piece that is sorted under M810 into the corresponding qualifying groups:

* * * * *

- c. Pieces in origin/entry 3-digit/scheme trays containing fewer than 150 pieces and all pieces in full or overflow AADC trays and in all mixed AADC trays qualify for the Basic automation rate.

* * * * *

[Revise the heading of 2.0 to read as follows:]

2.0 AUTOMATION ENHANCED CARRIER ROUTE RATES

* * * * *

2.4 Enclosed Reply Cards and Envelopes

[Redesignate current 2.4 as 2.5 and add new 2.4 to read as follows:]

Effective January 1, 1997, all letter-size reply cards and envelopes (business reply, courtesy reply, and metered reply mail) provided as enclosures in automation Enhanced Carrier Route Standard Mail must meet the standards in C810 for enclosed reply cards and envelopes. Mailers must certify that this standard has been met when the corresponding mail is presented to the USPS.

* * * * *

E650 Destination Entry

E651 Regular, Nonprofit, and Enhanced Carrier Route Standard Mail

* * * * *

2.0 VERIFICATION

2.1 Place

[Amend 2.1 by revising 2.1b to read as follows:]

As directed by the postmaster, the mailer must present destination entry mailings to USPS employees for verification either:

* * * * *

- b. At the destination post office or business mail entry unit.

* * * * *

M MAIL PREPARATION AND SORTATION

M000 General Preparation Standards

M010 Mailpieces

M011 Basic Standards

1.0 TERMS AND DEFINITIONS

* * * * *

1.4 Mailing

[Revise 1.4 to read as follows:]

A mailing is a group of pieces within the same class of mail and processing category that may be sorted together under the applicable standards. Other specific standards may define whether separate mailings may be combined, palletized, reported, or deposited together. These types of mail may not be part of the same mailing despite being in the same class and processing category: automation and non-automation mail (except as permitted by the "85% rule" where applicable); automation Enhanced Carrier Route rate and other Enhanced Carrier Route mail; any combination of Enhanced Carrier Route, Regular, and/or Nonprofit Standard Mail; 3/5 and carrier route Nonprofit Standard Mail.

* * * * *

M012 Endorsements and Markings

* * * * *

2.0 METHOD

2.1 Placement

[Amend 2.1 by revising 2.1b to read as follows:]

Unless otherwise directed or permitted by standard, placement of markings is subject to these standards:

* * * * *

- b. Other rate markings (e.g., "AUTO," "Carrier Route Presort," "ECRL0T") may be placed in the locations shown in 2.1a; or in the address area on the line immediately above or two lines above the address if the marking appears alone or if no other information appears on the line with the marking except postal optional endorsement line information under M013 or postal carrier route package information under M014. If preceded by two asterisks, the "AUTO" or "AUTOOCR" (or "Single-Piece" or "SNGLP") information may also be placed on the line above or two lines above the address in a mailer keyline or a manifest keyline, or placed above the address and below the postage in an MLOCR ink-jet printed date correction/meter drop shipment line. Alternatively, the mailer may apply "AUTO" or "AUTOOCR" to the left of the DPBC or below the postage.

* * * * *

[Remove current 2.2 and 2.3 and renumber 2.4 and 2.5 as 2.2 and 2.3, respectively.]

* * * * *

M013 Optional Endorsement Lines

1.0 USE

1.1 Basic Standards

[Amend chart by revising left column under third Carrier Route heading and SCF heading to read as follows:]

Carrier Route

(Automation First-Class Mail and automation Enhanced Carrier Route Standard Mail)

* * * * *

SCF

(Preferred Periodicals, Nonprofit Standard Mail, and bound printed matter only)

* * * * *

M014 Carrier Route Information Lines

1.0 BASIC INFORMATION

[Amend 1.0 by removing "carrier route" in the last sentence to read as follows:]

Packages for individual carrier routes, rural routes, highway contract routes, post office box sections, or general delivery units may be prepared without facing slips if prepared with optional endorsement lines under M013 or with carrier route information lines under 2.0. These standards apply to automation Carrier Route rate First-Class, carrier route and Level I/K Periodicals, automation Basic Carrier Route rate and Enhanced Carrier Route Standard Mail, and carrier route bound printed matter mailings. Carrier route information lines may be on all pieces in a mailing, regardless of presort level.

2.0 FORMAT AND CONTENT

* * * * *

2.4 Other Contents

[Amend 2.4 by revising 2.4c to read as follows:]

Other elements of the carrier route information line include:

* * * * *

- c. The carrier route information line may also contain the basic markings required by standard for the class of mail and rate claimed, prepared under M012.

* * * * *

M030 Containers

M031 Labels

1.0 SACK AND TRAY LABELS

1.1 Basic Standards

[Revise 1.1 to read as follows:]

Only sack labels may be used for sacks; only tray labels may be used for trays. Machine-printed labels (available

Continued

from the USPS) ensure legibility. Legible hand-printed labels are acceptable. Illegible labels are not acceptable. Container labels for automation rate mailings are subject to M032.

* * * * *

4.0 PALLET LABELS

* * * * *

[Revise heading of 4.9 to read as follows:]

4.9 Automation and Carrier Route Rates

[Amend 4.9 by removing heading of 4.10 and adding text from 4.10, redesignating 4.11 through 4.14 as 4.10 through 4.13, and revising the first sentence of 4.9 to read as follows:]

Pallets containing copalletized automation rate (barcoded) and carrier route rate mailings must show the words "BARCODED/CARRIER ROUTES" (or authorized abbreviation) on the contents line. Pallets containing automation rate flat-size mail must show the word "BARCODED" on the contents line. The word "BARCODED" must not be abbreviated on the contents line.

* * * * *

[Revise the heading of 5.0 to read as follows:]

5.0 SECOND LINE CODES

[Revise 5.0 to read as follows:]

The codes shown below must be used as appropriate on Line 2 of sack, tray, and pallet labels.

[Replace the chart heading "Identifier" with "For these content types" and the heading "Abbreviations" with "Use these codes"; add "Barcoded" and "BC" on the first line; replace "Irregular Parcels" and "IRREG (Standard Mail only)" with "Irregular Parcels" and "IRREG (First-Class and Standard Mail only)"; replace "Standard Mail" and "3C/4C" with "Standard Mail" and "STD."]

M032 Barcoded Labels

1.0 BARCODED TRAY LABELS

1.1 Standards

[Revise 1.1 to read as follows:]

Effective January 1, 1997, barcoded tray labels are required for automation rate mailings of First-Class, Regular Periodicals, and Regular and Enhanced Carrier Route Standard Mail letter-size pieces and for First-Class flat-size pieces. Barcoded tray labels may be used earlier and may be used on any other mailing. Mailer-produced barcoded tray labels must meet the standards below. Revisions to preprinted barcoded labels (e.g., handwritten changes) are not permitted.

* * * * *

2.0 BARCODED SACK LABELS

2.1 Standards

[Revise 2.1 to read as follows:]

Effective January 1, 1997, barcoded sack labels meeting the standards in this section are required for automation rate Regular Periodicals and Standard Mail flat-size pieces prepared in sacks. These sack labels may be used earlier and may be used for other Periodicals and Standard Mail prepared in sacks. Revisions to preprinted barcoded labels (e.g., handwritten changes) are not permitted.

* * * * *

M033 Sacks and Trays

1.0 BASIC STANDARDS

* * * * *

1.3 Tray Sizes

[Amend 1.3 by revising 1.3a to read as follows:]

These approximate measurements define the tray sizes that apply to all mail preparation standards:

a. Letter trays:

- (1) 2-foot MM trays: 21 inches long by 10 inches wide (inside bottom dimensions) by 4-5/8 inches high.
- (2) 1-foot MM trays: 10-1/4 inches long by 10 inches wide (inside bottom dimensions) by 4-5/8 inches high.
- (3) 2-foot EMM trays: 21-3/4 inches long by 11-1/2 inches wide (inside bottom dimensions) by 6-1/8 inches high.

* * * * *

1.6 Exception

[Revise 1.6 to read as follows:]

Strapping is not required for any letter tray placed on a 5-digit, 3-digit, or SCF pallet secured with stretchwrap. In addition, if the processing and distribution manager gives a written waiver, strapping is not required for any mixed ADC or mixed AADC letter tray of First-Class Mail or for any letter tray that originates and destines in the same SCF (mail processing plant) service area.

1.7 Origin/Entry SCF/Plant Sacks and Trays

[Revise 1.7 to read as follows:]

Except for Nonprofit Standard and Preferred Periodicals mailings, after all required carrier route, 5-digit, 3-digit (and, where permitted, 3-digit/scheme) sacks/trays are prepared, a 3-digit (or 3-digit/scheme) sack/tray must be prepared to contain any remaining mail for each 3-digit (or 3-digit/scheme) area served by the SCF (mail processing plant) serving the post office where the mail is verified, and may be prepared for each 3-digit (or 3-digit/scheme) area served by the SCF/plant where mail is entered (if that is dif-

ferent from the SCF/plant serving where the mail is verified, e.g., a PVDS deposit site). In all cases, only one less-than-full sack/tray may be prepared for each 3-digit (or 3-digit/scheme) area.

2.0 FIRST-CLASS, REGULAR PERIODICALS, AND REGULAR AND ENHANCED CARRIER ROUTE STANDARD MAIL

2.1 Letter Tray Preparation

[Amend 2.1 by revising 2.1b and 2.1i to read as follows:]

Pieces must be prepared to result in the fewest practical number of packages (where required) and trays to contain the mail sorted to a destination. Letter tray preparation uses terms defined in M011 and is subject to these further standards:

* * * * *

- b. Regardless of minimum volumes that may be allowed or required per tray, each tray prepared must be filled before filling of the next tray is begun, with the contents in multiple trays relatively balanced. A tray with less mail may be prepared only if permitted by the standards in 2.1c, 2.1d, and 2.1e and for the rate claimed. Subject to availability, 2-foot trays must be used whenever available, except that 1-foot trays must be used for lesser volume or as less-than-full trays.

* * * * *

- i. As a general exception, pieces do *not* have to be grouped by 3-digit ZIP Code prefix in AADC trays if the mailing is prepared using an MLOCR/barcode sorter and standardized documentation is submitted.

* * * * *

M040 Pallets

M041 General Standards

* * * * *

4.0 PALLET BOXES

* * * * *

4.3 Securing

[Amend 4.3 by revising 4.3a to read as follows:]

Pallet boxes must be secured to the pallet with strapping, banding, stretchable plastic, shrinkwrap, or other material that ensures that the pallet can be safely unloaded from vehicles, transported, and processed as a single unit to the point where the contents are distributed with the load intact if:

- a. The pallet and its contents are transported by the USPS from the office where the mail is accepted to another postal facility where the contents are distributed, and

* * * * *

5.0 PREPARATION

* * * * *

5.2 Required Preparation

[Revise 5.2 to read as follows:]

A pallet must be prepared to a required sortation level when there are 500 pounds of Periodicals or Standard Mail packages, sacks, or parcels or six layers of Periodicals or Standard Mail (A) letter trays. Up to 10% of the total pallets in any mailing or job may be mixed BMC (Standard Mail) or mixed ADC (Periodicals). Such pallets must be labeled to the BMC or ADC (as appropriate) serving the post office where mailings are accepted into the mailstream. The processing and distribution manager of that facility may issue a written authorization to the mailer to label mixed BMC or mixed ADC pallets to the post office or processing and distribution center serving the post office where mailings are entered. These pallets contain all mail remaining after required and optional pallets are prepared to finer levels of sortation under M045, as appropriate.

* * * * *

M045 Palletized Mailings

* * * * *

2.0 PACKAGES

* * * * *

2.4 Size — Standard Mail (B)

[Amend 2.4 by revising 2.4c to read as follows:]

Package size: 10-pound or 1,000-cubic-inch minimum (whichever occurs first), 40-pound maximum, except that:

* * * * *

- c. Packages must be prepared to carrier route sortations if the carrier route bulk bound printed matter rate is claimed. Mail at other rates must be sorted to 5-digit, 3-digit, optional SCF, ADC, BMC, and mixed ADC destinations, as appropriate.

* * * * *

5.0 PALLETS OF PACKAGES, BUNDLES, AND TRAYS OF LETTER-SIZE MAIL

* * * * *

5.5 Securing Trays

[Revise 5.5 to read as follows:]

Trays must be sleeved and strapped under M033, *except that* strapping is not required for any letter tray placed on a 5-digit, 3-digit, or SCF pallet secured with stretchwrap. In addition, if the processing and distribution manager gives a written waiver, strapping is not required for any mixed ADC or mixed AADC letter tray of First-Class Mail or any

Continued

letter tray that originates and destines in the same SCF (mail processing plant) service area.

* * * * *

M130 Presorted First-Class

* * * * *

2.0 BASIC PREPARATION — LETTER-SIZE OR CARD-SIZE PIECES

* * * * *

2.2 Tray Preparation

[Amend 2.2 by revising 2.2b to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

- b. 3-digit: required (full trays except for required origin/optional entry 3-digit(s)); no overflow; use L002, Column A, for Line 1.

* * * * *

3.0 OPTIONAL PREPARATION — UPGRADABLE LETTER-SIZE OR CARD-SIZE PIECES

* * * * *

3.2 Tray Preparation

[Amend 3.2 by revising 3.2b to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

- b. 3-digit: required (full trays except for required origin/optional entry 3-digit(s)); no overflow; use L002, Column A, for Line 1.

* * * * *

4.0 PREPARATION OF FLAT-SIZE PIECES

* * * * *

4.2 Tray Preparation

[Amend 4.2 by revising 4.2b to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

- b. 3-digit: required (full trays except for required origin/optional entry 3-digit(s)); no overflow; use L002, Column A, for Line 1.

* * * * *

5.0 PREPARATION OF PARCELS

* * * * *

5.3 Sack Preparation

[Amend 5.3 by revising 5.3b to read as follows:]

Sack size, preparation sequence, and labeling:

* * * * *

- b. 3-digit: required (10-pound minimum except for required origin/optional entry 3-digit(s)); use L002, Column A, for Line 1.

* * * * *

6.0 DOCUMENTATION

[Amend 6.0 by revising the last sentence to read as follows:]

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing, supported by documentation produced by PAVE- or MAC-certified software, or standardized documentation meeting the standards in P012. Documentation of postage is not required if the correct rate is affixed to each piece or each piece is of identical weight and the pieces are separated by rate when presented for acceptance.

M200 Periodicals (Nonautomation)

M210 Regular Periodicals

1.0 BASIC STANDARDS

* * * * *

1.3 Firm Packages

[Revise 1.3 to read as follows:]

A firm package is two or more copies for the same address placed in one package. If each copy has a delivery address, each may be claimed as a separate piece for presort and on the postage statement, or the firm package may be claimed as one piece. A firm package sorted and claimed as one piece must be accompanied by (but must be physically separate from) five other pieces packaged to the same destination to satisfy a six-piece package requirement when applicable, regardless of the number of copies in the firm package.

2.0 PACKAGE PREPARATION

* * * * *

2.2 Carrier Route Packages

[Revise 2.2 to read as follows:]

Carrier route packages may be placed only in (on) carrier route or 5-digit carrier routes sacks or trays (or pallets). Mailers may choose to prepare carrier route packages at a higher level of route saturation (e.g., only if there are at least 15 pieces per route). Under this option, smaller packages of six or more pieces per carrier route not prepared for carrier route rates must be prepared for and paid at another applicable rate.

* * * * *

3.0 SACK PREPARATION (FLATS)

3.1 Sack Preparation

[Amend 3.1 by revising 3.1d to read as follows:]

Sack size, preparation sequence, and labeling:

* * * * *

- d. 3-digit: required at 24 pieces (no minimum for required origin/optional entry 3-digit(s)), optional with one six-piece package minimum; use L002, Column A, for Line 1.

* * * * *

4.0 TRAY PREPARATION (LETTER-SIZE PIECES)

4.1 Tray Preparation

[Amend 4.1 by revising 4.1d to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

- d. 3-digit: required at 24 pieces (no minimum for required origin/optional entry 3-digit(s)), optional with one six-piece package minimum; use L002, Column A, for Line 1.

* * * * *

M290 Preferred Periodicals

1.0 BASIC STANDARDS

* * * * *

1.4 Firm Packages

[Revise 1.4 to read as follows:]

A firm package is two or more copies for the same address placed in one package. If each copy has a delivery address, each may be claimed as a separate piece for presort and on the postage statement, or the firm package may be claimed as one piece. A firm package sorted and claimed as one piece must be accompanied by (but must be physically separate from) five other pieces packaged to the same destination to satisfy a six-piece package requirement when applicable, regardless of the number of copies in the firm package.

* * * * *

M600 Standard Mail (Nonautomation)

M610 Single-Piece and Nonautomation Regular Standard Mail (A)

1.0 SINGLE-PIECE RATES

[Revise 1.0 to read as follows:]

Each piece must be legibly marked "Standard" or "STD," or may also be marked "Single-Piece" or "SNGLP" under P600 to correct an incorrect rate marking. Unmarked

pieces are treated as First-Class Mail and charged postage at the applicable First-Class rate.

2.0 BASIC STANDARDS — REGULAR NONAUTOMATION RATES

* * * * *

2.3 Exception — Standard Mail (A)

[Amend 2.3 by removing "Limited" in the heading and the introductory text in italics: The following exception is applicable until January 1, 1997; after that time, preparation will be based solely on the standards for the rate claimed and the processing category of the pieces, whether the same standards apply to other pieces claimed at other rates and produced as part of the same mailing job.; change "15%" to "10%" in the last sentence to read as follows:]

When a Standard Mail (A) mailing job could, by size, qualify for Regular Standard Mail automation rates as either letters or flats, if part of the job is prepared as palletized flats at automation rates for flats, the remainder may be prepared as palletized flats at Enhanced Carrier Route rates and Regular nonletter nonautomation rates if the number of Regular nonletter nonautomation rate pieces does not exceed 10% of the total number of pieces in the entire mailing job.

* * * * *

3.0 BASIC PREPARATION — REGULAR NONAUTOMATION RATE LETTER-SIZE PIECES

* * * * *

3.2 Tray Preparation

[Amend 3.2 by revising the introductory text and 3.2c to read as follows:]

Only mail eligible for the 3/5 rate (i.e., 150 or more pieces in total for the 3-digit area) may be prepared in 5-digit and 3-digit trays under 3.2a and 3.2b. Tray size, preparation sequence, and labeling:

* * * * *

- c. Origin 3-digit(s): required (no minimum); optional for entry 3-digit(s) (no minimum); use L002, Column A, for Line 1.

* * * * *

4.0 OPTIONAL PREPARATION — UPGRADABLE REGULAR NONAUTOMATION RATE LETTER-SIZE PIECES

* * * * *

4.2 Tray Preparation

[Amend 4.2 by revising the introductory text and 4.2c to read as follows:]

Only mail eligible for the 3/5 rate (i.e., 150 or more pieces in total for the 3-digit area) may be prepared in 5-digit and

Continued

3-digit trays under 4.2a and 4.2b. Tray size, preparation sequence, and labeling:

* * * * *

- c. Origin 3-digit(s): required (no minimum); optional for entry 3-digit(s) (no minimum); use L002, Column A, for Line 1.

* * * * *

**5.0 PREPARATION — REGULAR
NONAUTOMATION RATE FLAT-SIZE PIECES
AND ALL IRREGULAR PARCELS**

* * * * *

5.7 Sack Preparation

[Amend 5.7 by revising 5.7b to read as follows:]

Sack size (subject to 5.4, 5.5, and 5.6), preparation sequence, and labeling:

* * * * *

- b. 3-digit: required (minimum of 125 pieces/15 pounds, smaller volume not permitted, except no minimum for required origin/optional entry 3-digit(s)); use L002, Column A, for Line 1.

* * * * *

M620 Enhanced Carrier Route Standard Mail

1.0 BASIC STANDARDS

1.1 All Mailings

[Amend 1.1 by revising 1.1e to read as follows:]

All nonautomation rate Enhanced Carrier Route mailings are subject to these general standards (automation rate Enhanced Carrier Route mailings must be prepared under M810):

* * * * *

- e. Subject to M012, all pieces must be marked "Bulk Rate" or "Blk. Rt." In addition, Basic, High Density, and Saturation rate pieces must each be marked "ECLLOT," "ECRWSH," or "ECRWSS," respectively, either in the optional endorsement line under M013 or in the carrier route information line under M014. Pieces not claimed at the corresponding rate must not bear the "ECLLOT," "ECRWSH," or "ECRWSS" marking unless single-piece rate postage is affixed or a corrective single-piece rate marking is applied under P600.

* * * * *

1.4 Exception — Standard Mail (A)

[Amend 1.4 by removing "Limited" in the heading and the introductory text in italics: The following exception is applicable until January 1, 1997; after that time, preparation will be based solely on the standards for the rate claimed and

the processing category of the pieces, whether the same standards apply to other pieces claimed at other rates and produced as part of the same mailing job."; change "15%" to "10%" in the last sentence to read as follows:]

When a Standard Mail (A) mailing job could, by size, qualify for Regular Standard Mail automation rates as either letters or flats, if part of the job is prepared as palletized flats at automation rates for flats, the remainder may be prepared as palletized flats at Enhanced Carrier Route rates and Regular nonletter nonautomation rates if the number of Regular nonletter nonautomation rate pieces does not exceed 10% of the total number of pieces in the entire mailing job.

* * * * *

M630 Standard Mail (B)

* * * * *

2.0 BOUND PRINTED MATTER

* * * * *

2.6 Sack Preparation

[Amend 2.6 by revising 2.6b to read as follows:]

Sack size, preparation sequence, and labeling:

* * * * *

- b. 3-digit: required at 10 pieces/20 pounds/1,000 cubic inches (no minimum for required origin/optional entry 3-digit(s)); smaller volume permitted; use L002, Column A, for Line 1.

* * * * *

M690 Nonprofit Standard Mail

M692 Basic and 3/5 Presort

* * * * *

3.0 SACK PREPARATION

* * * * *

3.2 Machinable, Irregular Parcels

[Revise 3.2 to read as follows:]

If a mailing consists of both machinable and irregular parcels, a 5-digit sack must be prepared when there are 10 pounds of mail for a 5-digit ZIP Code destination. Sacks containing less than 10 pounds of mail may be prepared.

* * * * *

3.5 Presort and Labeling

[Amend 3.5 by revising 3.5e to read as follows:]

Sack presort sequence and labeling:

* * * * *

- e. Mixed ADC (required); for Line 1, use MXD followed by the city/state/ZIP of the ADC serving the 3-digit ZIP Code of the entry post office, as shown in L004 (for flats) or L604 (for irregular parcels), as applicable.

3.6 Line 2

[Amend 3.6 by removing 3.6b and redesignating 3.6c as 3.6b and 3.6d as 3.6c to read as follows:]

Line 2: STD, processing category, and:

- a. 5-digit sacks of machinable and irregular parcels: MACH AND IRREG.
- b. Mixed ADC sacks: MIXED ADC.
- c. As required by the applicable labeling list, Line 2 processing code information must be right-justified under the ZIP Code on Line 1.

* * * * *

M800 All Automation Mail

M810 Letter-Size Mail (Except Preferred Periodicals and Nonprofit Standard Mail)

1.0 BASIC STANDARDS

* * * * *

1.2 Mailings

[Revise 1.2 to read as follows:]

All pieces in a mailing must meet the standards in C810 and must be sorted together to the finest extent required. A single automation rate mailing may include pieces prepared at 5-Digit, 3-Digit, 3/5, and Basic automation rates, as applicable; all may be reported on the same postage statement and documentation. The definitions of a mailing and permissible combinations are in M011.

1.3 Marking

[Revise 1.3 to read as follows:]

All pieces must be marked "AUTO" (or "AUTOOCR" for carrier route rate) and "First-Class" or "Presorted First-Class" if First-Class, or "Bulk Rate" or "Blk. Rt." if Standard Mail. Periodicals require no markings. Pieces not claimed at automation rates must not be marked "AUTO" or "AUTOOCR" unless single-piece rate postage is affixed or a corrective single-piece rate marking is applied under P100 or P600.

1.4 General Preparation

[Revise 1.4 to read as follows:]

Grouping, packaging, and labeling are not generally required or permitted, except packaging is required in any mailing consisting entirely of card-size pieces and for pieces in overflow and less-than-full trays; pieces must be grouped as specified in 2.0 and 3.0; and package labels are required only for Regular Periodicals.

1.5 Carrier Route

[Revise 1.5 to read as follows:]

Carrier route groups may be placed only in carrier route or 5-digit carrier routes trays. Preparation of mail to qualify for automation carrier route rates is optional for First-Class and Standard Mail (A) pieces, subject to E140 and E641.

* * * * *

2.0 PREPARATION — FIRST-CLASS AND STANDARD MAIL (A)

* * * * *

2.2 Tray Preparation

[Amend 2.2 by revising 2.2d and 2.2e to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

- d. 3-digit/scheme: required (150-piece minimum except no minimum for required origin/optional entry 3-digit(s)/scheme); overflow allowed; for Line 1, use L002, Column B.
- e. AADC: required (150-piece minimum); overflow allowed; group pieces by 3-digit ZIP Code prefix (or 3-digit/scheme if applicable); use L801 for Line 1.

* * * * *

3.0 PREPARATION — PERIODICALS

3.1 Tray Preparation

[Revise 3.1 to read as follows:]

Tray size, preparation sequence, and labeling:

- a. 5-digit: required (150-piece minimum); overflow allowed; use 5-digit ZIP Code destination of pieces for Line 1, preceded for military mail by the prefixes under M031.
- b. 3-digit/scheme: required (150-piece minimum except no minimum for required origin/optional entry 3-digit(s)/scheme); overflow allowed; for Line 1, use L002, Column B.
- c. AADC: required (150-piece minimum); overflow allowed; group pieces by 3-digit ZIP Code prefix (or 3-digit/scheme if applicable); use L801 for Line 1.
- d. Mixed AADC: required (no minimum); group pieces by AADC; for Line 1, use L802 (mail entered by the mailer at an ASF or BMC) or L803, as appropriate.

* * * * *

4.0 DOCUMENTATION

[Revise 4.0 to read as follows:]

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing, supported by documentation produced by PAVE-certified (or, except for Periodicals, MAC-certified) software or standardized documentation under P012. Documentation of postage is not required if the correct rate is affixed to each piece or if each piece is of identical weight and the pieces are separated by rate when presented for acceptance. Combined mailings of Periodicals publications must also be documented under M210. Periodicals are not subject to the standard for supporting documenta-

Continued

tion produced by PAVE-certified software or standardized documentation under P012 until January 1, 1997.

M820 Flat-Size Mail (Except Preferred Periodicals and Nonprofit Standard Mail)

1.0 BASIC STANDARDS

* * * * *

1.2 Mailings

[Amend 1.2 by revising the second sentence to read as follows:]

All pieces in a mailing must meet the standards in C820 and must be sorted together to the finest extent required. A single automation rate mailing may include pieces prepared at 5-Digit, 3-Digit, 3/5, and Basic automation rates, as applicable; all may be reported on the same postage statement and documentation. The definitions of a mailing and permissible combinations are in M011.

* * * * *

1.4 Marking

[Revise 1.4 to read as follows:]

All pieces must be marked "AUTO" and "First-Class" or "Presorted First-Class" if First Class, or "Bulk Rate" or "Blk. Rt." if Standard Mail. Periodicals require no markings. Pieces not claimed at automation rates must not be marked "AUTO" unless single-piece rate postage is affixed or a corrective single-piece rate marking is applied under P100 or P600.

1.5 Exception — Standard Mail (A)

[Amend 1.5 by removing "Limited" in the heading and the introductory text in italics: The following exception is applicable until January 1, 1997; after that time, preparation will be based solely on the standards for the rate claimed and the processing category of the pieces, whether the same standards apply to other pieces claimed at other rates and produced as part of the same mailing job; and by replacing "15%" with "10%" in the last sentence to read as follows:]

When a Standard Mail (A) mailing job could, by size, qualify for Regular Standard Mail automation rates as either letters or flats, if part of the job is prepared as palletized flats at automation rates for flats, the remainder may be prepared as palletized flats at Enhanced Carrier Route rates and Regular nonletter nonautomation rates if the number of Regular nonletter nonautomation rate pieces does not exceed 10% of the total number of pieces in the entire mailing job.

* * * * *

2.0 PREPARATION — FIRST-CLASS MAIL

* * * * *

2.2 Tray Preparation

[Amend 2.2 by revising 2.2b to read as follows:]

Tray size, preparation sequence, and labeling:

* * * * *

b. 3-digit: required full trays, no overflow, except no minimum for required origin/optional entry 3-digit(s); use L002, Column A, for Line 1.

* * * * *

3.0 PREPARATION — PERIODICALS

* * * * *

3.2 Sack Preparation

[Amend 3.2 by revising 3.2b to read as follows:]

Sack size, preparation sequence, and labeling:

* * * * *

b. 3-digit: required at 24 pieces, optional with one six-piece minimum, except no minimum for required origin/optional entry 3-digit(s); use L002, Column A, for Line 1.

* * * * *

4.0 PREPARATION — STANDARD MAIL

* * * * *

4.3 Sack Preparation

[Amend 4.3 by revising 4.3b to read as follows:]

Sack size, preparation sequence, and labeling:

* * * * *

b. 3-digit: required (125-piece/15-pound minimum, smaller volume not permitted, except no minimum for required origin/optional entry 3-digit(s)); use L002, Column A, for Line 1.

* * * * *

5.0 DOCUMENTATION

[Revise 5.0 to read as follows:]

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing, supported by documentation produced by PAVE-certified (or, except for Periodicals, MAC-certified) software or standardized documentation under P012. Documentation of postage is not required if the correct rate is affixed to each piece or if each piece is of identical weight and the pieces are separated by rate when presented for acceptance. Combined mailings of Periodicals publications must also be documented under M210. Periodicals are not subject to the standard for supporting documentation produced by PAVE-certified software or standardized documentation under P012 until January 1, 1997.

* * * * *

1.7 Amount of Postage

[Revise 1.7 to read as follows:]

The value of meter stamps affixed to each piece in a mailing must be either the exact amount due or another amount permitted by standard. If the exact amount is not affixed to each piece, documentation meeting the basic standards in P012 and those applicable to the rate claimed must be submitted with the mailing unless excepted by P100 and P600. Refunds for overpayment must meet the standards in P014.

* * * * *

P100 First-Class Mail

1.0 BASIC INFORMATION

* * * * *

1.2 Postage Payment, Documentation

[Revise 1.2 to read as follows:]

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing paid by permit imprint or claimed at other than the single-piece First-Class or Priority Mail rate. The postage statement must be supported by documentation as required by P012 and the rate claimed unless the correct rate is affixed to each piece or if each piece is of identical weight and the pieces are separated by rate when presented for acceptance.

2.0 SINGLE-PIECE RATES

* * * * *

2.5 Pieces Presented With Automation or Presort Rate Mailings

[Revise 2.5 to read as follows:]

Continued

Regardless of the method of postage payment, pieces of single-piece rate First-Class Mail may be presented with and reported on the same postage statement as pieces claimed at automation or presort rates if the single-piece rate pieces are physically separated from other pieces; bear no rate marking, or are marked only "First-Class," or (if not affixed with full single-piece rate postage) are marked "Single-Piece" or "SNGLP" under M012 in addition to any other marking; and either have additional postage affixed to yield the correct amount on each piece or (if prepared with a corrective rate marking) have all additional postage paid at the time of mailing.

* * * * *

4.0 PRESORTED RATES

* * * * *

4.2 Postage Affixed, Generally

[Amend 4.2 by revising 4.2b and 4.2c to read as follows:]

Unless permitted by other standards or RCSC authorization, when precanceled postage or meter stamps are used, all pieces in a single mailing must bear postage under one of these conditions:

* * * * *

- b. A precanceled stamp or the full correct postage at the lowest First-Class first ounce rate applicable to the mailing job, and full postage on metered pieces for any additional ounces(s) (or nonstandard surcharge, if applicable); postage documentation may be required by standard.
- c. Postage in an amount not less than the lowest available First-Class first ounce letter or card rate (as applicable) in the mailing job if authorized by the RCSC, plus full postage on metered pieces for any extra ounce(s); postage documentation may be required by standard.

* * * * *

5.0 AUTOMATION RATES

* * * * *

5.2 Postage Affixed, Generally

[Amend 5.2 by revising 5.2a and 5.2c to read as follows:]

Unless permitted by other standards or RCSC authorization, when precanceled postage or meter stamps are used, only one payment method may be used in a mailing and each piece must bear postage under one of these conditions:

- a. Each metered piece weighing more than 1 ounce must bear the correct additional postage to pay for the additional ounce(s).

* * * * *

- c. Each piece must bear a precanceled stamp or meter postage in the exact amount or at the lowest rate applicable to pieces in the mailing job. If exact postage is not affixed, all additional postage must be paid at the time of mailing with an advance deposit account or with a meter strip affixed to the required postage statement.

B. Plant-Verified Drop Shipments

The Postal Service also has formulated its policy concerning the rates and preparation standards that will apply

—Customer Mail Preparation, Marketing Systems, 6-20-96

DMM NOTICE

Marking Standards

Effective July 1, 1996, *Domestic Mail Manual* (DMM) M012 is amended as described below in regard to the marking of (1) non-carrier route automation rate First-Class Mail and Standard Mail (A), (2) nonautomation rate Enhanced Carrier Route Standard Mail, and (3) all bulk rate First-Class Mail and Standard Mail (A). Other standards for marking mail, including how and where a marking may be applied, remain unchanged. DMM Issue 51 will contain these revisions and the July *Mailroom Companion* will include DMM replacement pages to update DMM Issue 50 in the interim.

1. DMM M012 is revised to allow mailers the option of *not* placing the "AUTO" marking on non-carrier route automation rate pieces if, instead, each such piece bears a delivery point barcode either in the address block or on an insert appearing through a window in the lower right corner. Pieces mailed at the non-carrier route automation First-Class rate that are not marked "AUTO" must bear the "Presorted" marking in addition to the required "First-Class" marking.
2. DMM M012 is revised to grant mailers the option of placing the "AUTO" marking to the left of the delivery point barcode either in the address block or in the lower right corner, subject to the barcode location and clear zone standards in DMM C840.
3. DMM M012 is revised to allow mailers of nonautomation Enhanced Carrier Route Standard Mail to divide the required rate marking if "ECR" (or "Enhanced Carrier Route") is placed in the permit imprint indicia or meter impression and "LOT," "WSH," or "WSS," as applicable, is placed in an optional endorsement or carrier route information line.

to any plant-verified drop shipment (PVDS) that is prepared for entry during the period immediately surrounding the implementation date for Classification Reform (July 1, 1996) as follows:

1. PVDS verified and paid for before July 1, 1996, will be accepted into the mailstream through July 12, 1996, if presented with appropriate documentation of verification and payment.
2. PVDS may be verified and paid for beginning June 1, 1996, under the rates and preparation standards that take effect July 1, 1996, if the shipment is not accepted into the mailstream until July 1, 1996, or later.

4. DMM M012 is revised to allow other than required rate markings to appear in the line above or two lines above the address.
5. DMM M012 is revised to allow two-letter rate abbreviations in manifest keylines to satisfy the requirement for certain rate markings.
6. DMM M130, M610, M620, M810, and M820 are revised to conform to the changes in DMM M012 and incorporate the provisions of that section by reference.

Domestic Mail Manual (DMM)

M012 Endorsements and Markings

* * * * *

2.0 METHOD

2.1 Placement

Unless otherwise directed or permitted by standard, placement of markings is subject to these standards:

- a. The basic required marking — "First-Class," "Bulk Rate" (or "Blk. Rt."), or "Nonprofit Organization" (or approved abbreviations) — must be printed or produced as part of, or immediately below or to the left of, the permit imprint, meter stamp or impression, or adhesive or precanceled stamp.
- b. Other rate markings (e.g., "Presorted," "AUTO," or "ECRLOT") may be placed in the locations specified in 2.1 a; or in the address area on the line immediately above or two lines above the address if the marking appears alone or if no other information appears on the line with the marking except postal optional en-

Continued next page

Continued

dorsement line information under M013 or postal carrier route package information under M014. If preceded by two asterisks, the "AUTO," "AUTOOCR," "Single-Piece," or "SNGLP" markings may also be placed on the line above or two lines above the address in a mailer keyline or a manifest keyline, or placed above the address and below the postage in an MLOCR ink-jet printed date correction/meter drop shipment line. Alternatively, "AUTO" or "AUTOOCR" may be placed to the left of the DPBC (subject to the barcode location and clear zone standards in C840).

- c. "AUTOOCR," "ECRLOT," "ECRWSH," and "ECRWSS" must appear in their entirety wherever placed, except "ECR" may be placed in the postage area if "LOT," "WSH," or "WSS," as applicable, is placed in the line above or two lines above the address, as specified in 2.1b.
- d. Non-carrier route automation rate pieces do not require an "AUTO" marking if they bear a DPBC in the address block or on an insert visible through a window in the address block or lower right corner. Non-carrier route automation rate First-Class pieces not marked "AUTO" must bear both the "Presorted" and "First-Class" markings.
- e. The two-letter rate category code required in the keyline on pieces in manifest mailings prepared under P710 satisfies the requirement for the corresponding rate marking (e.g., on a First-Class piece mailed at automation carrier route rates, the "AC" code may replace the "AUTOOCR" marking).

* * * * *

M130 Presorted First-Class

1.0 BASIC STANDARDS

1.1 All Pieces

[Revise the last sentence of the section to read as follows:]

—Customer Mail Preparation, Marketing Systems, 6-20-96

DMM NOTICE

Automation Rate Flat-Size Mail — Revision to Size Standard

General Information

Effective July 1, 1996, *Domestic Mail Manual* (DMM) C820 is revised for the next 6 months to allow mailers to claim the automation rate for flats for flat-size pieces measuring at least 5-3/8 inches long when the pieces are more than 7-1/2 inches high. Between July 1 and December 31, the Postal Service will study the performance of these pieces to assess the processing impact of such pieces on the postal flat sorting machine (FSM) operation. DMM standards that are adopted after the evaluation period will reflect the results of the processing experience during this test period.

Background

Under the standards effective July 1, 1996, pieces claiming the automation rate for flats must:

- (1) Be part of a 100% ZIP+4 barcoded or delivery point barcoded automation rate flat mailing.
- (2) Meet all technical specifications for barcode placement and readability.
- (3) Meet all automation compatibility standards contained in the DMM, including DMM C820 as revised in this notice, and the flat mail machinability tester.

Current mailing standards for automation rates for flats require that a piece measures at least 6 inches long if it is more than 7-1/2 inches high. (As a piece is oriented for FSM processing, length is the horizontal dimension.) Any piece with a length of less than 6 inches previously had been excluded from the automated flats mailstream and was processed manually because the Postal Service believed that FSMs could not successfully process this size of mail.

However, experience has indicated that some of these smaller pieces have been processed on postal FSMs with a reasonable degree of success. Therefore, the Postal Service has determined to allow these pieces to be mailed as an automated flat and claim the applicable automation rate for flats for the 6-month period.

Pieces meeting the revised dimensions but claimed at postage rates other than the flats automation rates remain categorized as letters or flats under existing standards in DMM C050 and must be prepared under the corresponding standards. The exception for pieces in the same job claimed at the automation rate for flats and other rates (DMM M610.2.3, M620.1.4, and M820.1.5) is unaffected by this revision and *does* apply to the pieces within the revised dimensions cited above.

Final Determination

For the next 6 months, the Postal Service will monitor the performance of these pieces to determine whether it

can consistently process these pieces in an ongoing automated flats mailstream. Based on experience, the Postal Service believes that pieces measuring 5-3/8 inches long and more than 8-3/8 inches high may not be sufficiently stable to be processed efficiently on FSMs. During the 6-month period, if postal processing confirms that certain size pieces are problematic, they may be excluded from the automated flats mailstream thereafter.

After this 6-month period, the Postal Service will reevaluate the revised size standards and propose appropriate changes, if necessary. Any revised standards will appear in DMM Issue 51.

Processing and distribution offices are required to notify the manager of Customer Mail Preparation, USPS Headquarters, of flat-size pieces measuring at least 5-3/8 inches long (regardless of height) that cannot be successfully processed on the FSMs. The Postal Service will work with customers to determine the best processing methods for flat-size pieces. Questions should be directed to Sherl Johnson at 202-268-5185.

Definitions of Domestic and International Mail

Effective July 1, 1996, *Domestic Mail Manual* (DMM) G011.2.0 is revised to redefine domestic and international mail. This revision updates the list of places to which United States domestic mail service extends and identifies those independent states served by the U.S. Postal Service under the Compact of Free Association. Also effective July 1, 1996, DMM S921.1.3 is amended to revise the listing of matter ineligible for COD service. DMM Issue 51 will contain these revisions and the July *Mailroom Companion* will include DMM replacement pages to update DMM Issue 50 in the interim.

DMM NOTICE

Labeling List and General Preparation Standards

Effective July 1, 1996, *Domestic Mail Manual* (DMM) L004 and Exhibit M032.1.3c are revised to reflect changes in mail processing operations and to support Classification Reform implementation. DMM Issue 51 will contain these revisions, and the July *Mailroom Companion* will include DMM replacement pages to update DMM Issue 50 in the interim.

Three set numbers are added for label ordering. These sets contain labeling information from DMM L004, 3-Digit ZIP Code Prefix Groups for ADC Sortation. Mailers may begin ordering these label sets on July 1, 1996.

The listing of contents identifier codes in DMM Exhibit M032.1.3c is expanded to include additional codes for "NEWS" (Periodicals letters and flats), "PER" (Periodicals letters and flats), and "STD" (Enhanced Carrier Route Standard Mail letters and flats). Mailers may begin using these codes on July 1, 1996, but they must comply with their use by August 17, 1996.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The tables below outline these conditions by APO/FPO ZIP Code through the use of footnoted mailing restriction codes, which appear on the page following Table 2.

Acceptance clerks should use these tables with the

integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to Handbook PO-514, *Express Mail Military Service*, and the local EMMS directory.

The complete tables appear in alternating issues of the *Postal Bulletin*.

Table 1. Conditions Applied to Mail Addressed to Military Post Offices Overseas

Table 2. Contingency Military ZIP Codes

Acceptance Clerks. The 9-digit APO/FPO ZIP Codes listed in Table 2 are assigned to support the military in time of war or other emergency. Use Table 2 with the integrated retail terminal (IRT) to determine whether

an APO/FPO Contingency ZIP Code is authorized for use in response to a declared emergency, its duration, and which conditions of mailing apply.

RESTRICTIONS

LEGEND

Form 2966-A, *Parcel Post Customs Declaration—United States of America* (one-part customs declaration)

Form 2966-B, *Parcel Post Customs Declaration and Dispatch Note* (three-part customs declaration)

- AAFES = Army and Air Force Exchange Service
- APO = Army/Air Force Post Office
- Box R = Retired military personnel
- FPO = Fleet Post Office
- DMM = *Domestic Mail Manual*
- MOM = Military Ordinary Mail
- MPO = Military Post Office
- PAL = Parcel Airlift
- PSC = Postal Service Center
- SAM = Space Available Mail
- USDA = United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

B. Form 2966-A is required. Prepaid mail from a contractor addressed to a military organization for official use need not bear a customs declaration, but must be endorsed "Contents for Official Use—Exempt from Customs Requirement." Official mail from government agencies does not require a customs declaration or an exemption endorsement.

B1. Form 2966-B is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents.

B2. Form 2966-A is required except on official mail, which does not require customs declaration or exemption endorsement. The AAFES will furnish a computer listing of all items mailed from its activities to Philippine APOs. Other mail order companies must either use Form 2966-A on each item or provide computer lists. Computer listings must include a description of the items, the dollar values of the items, and complete address including the PSC box number and APO of the addressee, the date of mailing, the insurance registry number, if applicable, and the serial number of any item over \$25 in value and any electrical item with a plug over \$15 in value.

B3. Form 2966-A is required for mailing between MPOs. Prepaid mail from contractors addressed to a military organization for official use need not bear a customs declaration, but must be endorsed "Contents for Official Use—Exempt from Customs Requirement." Official mail from government agencies does not require a customs declaration or exemption endorsement.

B4. Form 2976 or 2976-A is required for all mail weighing over 16 ounces. Prepaid mail from contractors addressed to a military organization for official use need not bear customs declaration, but must be endorsed, "Contents for Official Use—Exempt from Customs Requirement." Official mail from government agencies does not require customs declaration or exemption endorsement.

C. Cigarettes and other tobacco products are prohibited.

C1. Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

D. Coffee is prohibited.

E1. Medicines or vaccines not conforming to French laws are prohibited.

E2. Any matter containing religious materials contrary to Islamic faith or depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited.

E3. Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and hand-held transmitters are prohibited.

F. Firearms of any type are prohibited in all classes of mail. See definitions of firearms in DMM C022.1.1. This restriction does not apply to firearms mailed to or by official U.S. government agencies.

F1. Privately owned weapons addressed to an individual are prohibited in any class of mail.

F2. Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

G. Only First-Class letters, second- and third-class mail are authorized.

H. Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

Length

- 42" 72" length and girth combined
- over 42" to 44" 24" girth
- over 44" to 46" 20" girth
- over 46" to 48" 16" girth
- Maximum length 48"

This restriction does not apply to registered mail and official government mail marked MOM.

K. Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

L. All official mail is prohibited.

M. Fruits, animals, and living plants are prohibited.

N. Registered mail is prohibited.

O. Personal mail addressed to vessels using this number is limited to unregistered First-Class Mail and certified mail. Other classes of mail are prohibited.

P. APO is used for the receipt and dispatch of official mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those mailable under DMM C021, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

T. Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

U. Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail weighing 11 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

U2. Mail is limited to First-Class letters only when addressed to Box R.

U3. Mail is limited to First-Class correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

W. Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

X. Personal mail is limited to First-Class Mail (to include audio cassettes and voice tapes) weighing 11 ounces or less. This limitation does not apply to official mail.

Y. Mail is limited to First-Class and Priority Mail only. All second-class, third-class, and fourth-class mail (including SAM and PAL) are not authorized. This restriction also applies to official mail.

IMM REVISION

International Money Order Service to Azerbaijan

Effective July 1, 1996, standard international money order service is available between the United States and Azerbaijan. This service requires the use of the Authorization to Issue an International Money Order form set. Issuing clerks must follow the procedures in International Mail Manual (IMM) 391.

The maximum amount for a single money order payable in Azerbaijan is \$200. The fee to purchase an Authorization to Issue an International Money Order for Azerbaijan is \$7.50 per money order.

Revise the Individual Country Listing for Azerbaijan in IMM Issue 16 to include standard international money order service. Revise IMM 391.3b to include Azerbaijan. Also revise IMM 391.12 to read as follows:

International Mail Manual (IMM)

* * * * *

3 Special Services

* * * * *

390 Supplementary Services

391 International Postal Money Orders

* * * * *

391.12 Maximum Amount

The maximum amount for a single international postal money order is \$700.

Exception: Money orders may not exceed \$200 when payable in Azerbaijan and Great Britain, \$400 when payable in Norway, and \$500 when payable in El Salvador, Guyana, Mexico, Nigeria, and Senegal. There is no limit on the number of money orders that may be sent to a payee during any time period. There is a limit on the total face value of money orders an individual customer may purchase on any one day (see DMM S020). Issue 17 of the IMM will include these changes.

* * * * *

On page 41 is a revised chart of all countries that accept international postal money orders from the United States as of July 1, 1996. Post this chart to aid window clerks and postal customers. This chart replaces the chart published in Postal Bulletin 21911 (1-18-96).

—International Postal Affairs, International Business Unit, 6-20-96

International Postal Money Order Service
(Effective July 1, 1996)

The following countries accept international postal money orders from the United States using the International Postal Money Order form MP1. The fee for this form is \$3.

Anguilla	Cape Verde	Jamaica	St. Christopher
Antigua and Barbuda	Costa Rica	Japan	(St. Kitts) and Nevis
Bahamas	Dominica	Mali	St. Lucia
Barbados	Ecuador	Mexico	St. Vincent and the
Belize	El Salvador	Montserrat	Grenadines
Bolivia	Grenada	Nigeria	Sierra Leone
British Virgin Islands	Guyana	Peru	Trinidad and Tobago
Canada	Honduras		

The following countries accept international postal money orders from the United States using the Authorization to Issue an International Money Order form set. The fee for this form set is \$7.50.

Algeria	Egypt	Liechtenstein	Senegal
Argentina	Estonia	Lithuania	Slovak Republic
Armenia	Faroe Islands	Luxembourg	(Slovakia)
Austria	Finland	Malaysia	Slovenia
Azerbaijan	France	Martinique	South Africa
Bangladesh	French Guiana	Monaco	Sri Lanka
Belgium	French Polynesia	Morocco	Suriname
Benin	Germany	Mozambique	Swaziland
Botswana	Great Britain and	Namibia	Sweden
Brazil	Northern Ireland	Netherlands	Switzerland
Burkina Faso	Greece	New Caledonia	Syria
Chile	Guadeloupe	Norway	Taiwan
China	Hungary	Paraguay	Thailand
Colombia	Iceland	Philippines	Togo
Corsica	Indonesia	Poland	Tunisia
Cote d'Ivoire (Ivory	Ireland	Reunion	Uruguay
Coast)	Israel	St. Bartholomew	Vatican City
Croatia	Italy	St. Martin (French)	Vietnam
Czech Republic	Korea, Republic of	St. Pierre and	Yemen
Denmark	Latvia	Miquelon	Zambia
Dominican Republic	Lesotho	San Marino	Zimbabwe

The former Trust Territories of the United States are the only countries accepting the domestic postal money order from the United States. The fee for this form is \$0.85.

- The Federated States of Micronesia (Kosrae, Pohnpei, Chuuk, Yap)
- The Republic of the Marshall Islands (Majuro, Ebeye)
- The Republic of Palau (Koror)

FINANCE

Electronic Payment Options for Business Mailers

The following electronic payment options are available to business customers of the United States Postal Service. Each ensures quick, efficient, cost-effective, secure payment of postage close to the time of mailing.

1. Customers can initiate an **electronic funds transfer (EFT)** from their bank account to the Postal Service field depository bank account serving the relevant Post Office. For more information, contact the Area Treasury Coordinator in the Area Finance Office.
2. Customers can initiate an **automated clearing-house (ACH) credit** from their bank account to the Postal Service field depository bank account serving the relevant Post Office. For more information, contact the Area Treasury Coordinator in the Area Finance Office.
3. Customers can initiate an **ACH credit** from their bank account to the Postal Service corporate account at Bank of America for the **Centralized Trust Account System**. Customers can make one payment for multiple mailing locations. For more information, call the San Mateo Accounting Service Center at 1 415 377-1334.
4. Customers can authorize an **ACH debit** of their bank account by the Postal Service corporate account at Bank of America for the **Centralized Debiting Program**. The initiation of the debit takes place the day of the mailing and the funds are transferred the business day after the mailing. No advance deposit is required. Customers can make one payment for multiple mailing locations. For more information, call the San Mateo Accounting Service Center at 1 415 377-1334.
5. Customers can initiate an **ACH credit** from their bank account to the Postal Service corporate account at Citibank for the **Computerized Meter**

Resetting System (CMRS). Customers can reset their postage meters over a phone line one day after initiating the ACH credit. For more information, call the meter company's **CMRS** customer service line:

Ascom Hasler	1 800 248-8013
Postalia	1 800 407-3738
Neopost	1 800 867-3738
Pitney Bowes	1 800 243-7800

6. Customers can authorize an **ACH debit** of their bank account by the Postal Service **CMRS** corporate account at Citibank. In some cases, meter companies can reset postage meters during the same telephone call in which the ACH debit is authorized, thereby requiring no advance deposit. For more information, call the meter company's **CMRS** customer service line:

Ascom Hasler	1 800 248-8013
Postalia	1 800 407-3738
Neopost	1 800 867-3738
Pitney Bowes	1 800 243-7800

7. Customers can initiate an **EFT** from their bank account to the Postal Service **CMRS** corporate account at Citibank. For more information, call the meter company's **CMRS** customer service line:

Ascom Hasler	1 800 248-8013
Postalia	1 800 407-3738
Neopost	1 800 867-3738
Pitney Bowes	1 800 243-7800

—Corporate Treasury, Finance, 6-20-96

HANDBOOK F-5 REVISION

Banking and Cash Management

Effective June 1996, revisions have been made to Chapter 3 and the exhibits of Handbook F-5, *Banking and Cash Management*. These revisions are based on substantial changes in field depository bank account solicitations, evaluating bank proposals, and the practical application of relationship banking. The revised chapter and exhibits will be distributed electronically to all Area

Finance Managers, Area Treasury Coordinators, and District Finance Managers. Paper copies will be available in the material distribution centers. This publication will be reprinted in early 1997 as Handbook F-5, *Treasury Management Handbook*.

—Corporate Treasury, Finance, 6-20-20

HANDBOOK F-1 REVISION

Nonsufficient Funds Checks — Customers and Permit Holders

This notice changes the procedures to follow when the bank returns a check submitted by a permit holder for postal charges and services. The writer of the check, whether the permit holder or a customer of the permit holder, is solely liable for nonsufficient funds (NSF) checks. The Postal Service will no longer pursue collection efforts against the permit holder unless the permit holder is also the writer of the check.

The Postal Service submits returned checks to the check collection agency as described in *Postal Bulletins* 21810 (3-5-92) and 21822 (8-20-92). This is the same policy used for all checks returned by banks as NSF. Handbook F-1, *Post Office Accounting Procedures*, 311.2, describes the check acceptance policy. Postmasters must take reasonable measures to ensure that checks submitted are written by reliable firms. The method of determining the reliability of a check is made locally. Permit holders should be advised that the writer of the NSF check will be denied the privilege of using checks to pay for future postal charges and services unless a postmaster, based on personal knowledge of a case, waives or places a time limit on the denial of check acceptance privileges.

If the writer of the NSF check is the permit holder, the Postal Service, after notification, reserves the right to deduct funds from any of the debtor's postage accounts or

other funds in USPS possession. If the amount of funds in USPS possession does not cover the whole amount of the NSF check, the remainder of the amount owed is treated as a revenue deficiency. The procedures for handling revenue deficiencies are in Management Instruction DM-140-89-2, *Collecting Revenue Deficiencies* (June 16, 1989).

Effective immediately, Handbook F-1, *Post Office Accounting Procedures*, is revised as follows:

Handbook F-1, Post Office Accounting Procedures

Chapter 3, Postal Funds

* * * * *

312 Returned Checks

312.1 General

* * * * *

312.11 Collecting on NSF Checks

The writer of the NSF check is solely liable. The Postal Service will pursue collection efforts only against the writer of the NSF check.

* * * * *

POSTAL EMPLOYEES

ELM REVISION

Uniform and Work Clothes Program — Bulk Mail Entry Unit Allowance

Clothing Allowance

It has been determined that the following full-time employees in the bulk mail entry unit (BMEU) are entitled to annual work clothing allowances in the amount of \$108, effective October 1, 1995:

Bulk Mail Technician	Des/Act 11-0	Occ. Code 2320-28xx
Bulk Mail Clerk	Des/Act 11-0	Occ. Code 2320-15xx
Mailing Requirements Clerk	Des/Act 11-0	Occ. Code 2345-32xx

Human Resources personnel may proceed to process these employees for allowances.

The eligible employees at the bulk mail entry units may apply only their work clothing allowance to the purchase of the following certified work clothing garments:

- Jacket, utility, with or without liner, dark blue.
- Jacket liner, zip-in.
- Insulated vest, navy blue.
- Hooded, zip-front sweatshirt, navy blue.
- Zip-front sweater, navy blue.
- Shirts, long- or short-sleeve, light blue or dark blue.
- Trousers, twill weave, dark blue.
- Coveralls, dark blue.

Baseball cap, summer or winter style, postal blue.

Fur trooper cap, postal blue.

Shoes, black, postal approved SR/USA shoes.

All garments must bear the corporate work clothing emblem.

Employees may use their work clothing allowance only after they have received their Form 1961, *Employee Uniform Allowance Statement*.

Invoice payment procedures are found in *Employee and Labor Relations Manual* (ELM) 936.

ELM Revision

Employee and Labor Relations Manual (ELM) 932.13 is amended to include these bulk mail entry unit positions as follows:

932.13 Work Clothes

- * * * * *
- f. Full-time employees in the Bulk Mail Entry Unit (BMEU):
 - Bulk Mail Technician.
 - Bulk Mail Clerk.
 - Mailing Requirements Clerk.

* * * * *

—*Programs and Systems, Labor Relations, 6-20-96*

ELM REVISION

Letters of Warning in Lieu of Time-Off Suspensions

Effective June 30, 1996, Management Instruction EL-650-96-3, *Letters of Warning in Lieu of Time-Off Suspensions*, implements procedures for the use of letters of warning in lieu of time-off suspensions for nonbargaining employees. This instruction obsoletes *Employee and Labor Relations Manual* (ELM) 651.5.

This material will be incorporated into a future revision of the ELM.

—*Equal Employment Opportunity Compliance and Appeals, Labor Relations, 6-20-96*

HANDBOOK F-10 REVISION

Travel Using Electronic Ticketing

Handbook F-10, *Travel Policy, 732*, requires receipts for air, rail, or bus transportation. Several airlines have begun to offer electronic ticketing to their customers. The use of electronic ticketing by postal travelers does not change the policy requiring receipts for transportation. Upon request,

airlines will provide travelers with receipts at the airport or by mail.

—*Corporate Accounting, Finance, 6-20-96*

ELM REVISION

Changes to Uniform Allowance Invoice Processing

Effective immediately, *Employee and Labor Relations Manual* (ELM) 936, 937, and Appendix A are revised to show the streamlined procedure for processing employee uniform allowance invoices, now centralized in the 85 district offices (see pages 47–50).

Invoices will continue to be processed and paid in the same manner, but at the district level. They will be referred to the installation head only for resolution as required by the district accounting office. Payment records will be maintained by the district accounting office and disposed of after 2 years. Files maintained at the post office will also be disposed of after 2 years.

A *Uniform Allowance Quick Reference Guide for Field Offices* is being forwarded to each district finance office to provide standardization among the districts. Postal uniform vendors are also being provided these policy changes.

Changes to ELM 936, 937, and Appendix A

Changes are made to ELM 936 and 937 that reflect restructuring changes and provide editorial consistency but do not alter policy or procedure. Substantive changes, marked by change bars, are as follows:

936.33 Disallowing Payments is changed to indicate that the district accounting office may disallow payment for excessively priced items (rather than is responsible for disallowing such items).

936.43 Employee Submission of Invoices is changed to indicate that, if a separating employee indicates that he or she has made uniform purchases during the past 30

days, the postmaster or installation head is to contact the district accounting office, where the invoice files will be maintained (rather than reviewing the file to determine if payment should be made).

936.53 Examination of Invoice is changed to indicate that installation heads examine questionable invoices referred by the district accounting office (rather than all invoices).

936.55 Submission of Invoice is changed to indicate that vendors will be directed to submit the original invoice to the appropriate district accounting office (rather than to the installation head) or to the inspector in charge for purchases made by security force employees.

936.56 Processing of Invoice is changed to describe the process the district accounting office will use for processing the invoice.

937.1 Communications From Vendors is changed to indicate that a district accounting office employee responds to licensed vendor correspondence and shows the district accounting office in the sample address.

Appendix A, 84, Uniform Allowance Payment Records (050.040) is changed to show that copies of records are arranged by pay period, maintained by the district accounting office, and disposed of after 2 years. Files maintained at the post office are arranged alphabetically by name and disposed of after 2 years.

—*Programs and Systems, Labor Relations, 6-20-96*

936 **Payments**

936.1 **Limitations on Payments**

936.11 **Total Yearly Payments**

Total payments for an employee during an allowance year may not exceed the maximum allowance prescribed except as indicated in 935.25.

936.12 **Insufficient Funds for Claims**

Payment will not be made for purchase made in excess of an employee's yearly allowance. Employees must be particularly careful not to have merchandise invoiced before their anniversary date if the current year's allowance has been exhausted.

936.13 **Related Expenses**

Payment is neither claimed nor made for expenses involved in the purchase of secondhand items of uniform nor for cleaning, repairs, or alterations (except alterations made at the time of purchase for the sole purpose of ensuring proper fit).

936.14 **Items Not Specified**

All branches of service have specific detailed specifications for the style and color of their particular uniforms. Detailed specifications and styles are prescribed for both male and female uniform items of clothing in each specific category of employment. Payment is neither claimed nor made for any items of clothing that do not conform with the detailed male or female specifications and styles for the employee's category of employment.

936.15 **Purchases Exceeding Allowances**

Each employee is personally responsible to the authorized licensed vendor for all purchases exceeding his or her uniform allowance. In cases where employees purchase in excess of their full allowance or existing allowance balance, the full licensed vendor invoice is processed regardless of amount (even if records show a zero balance in the employee's allowance). The St. Louis ISSC pays only the maximum left in employee's account and notifies the vendor why the remainder has not been paid.

936.2 **Payment for Uniform Purchase After Separation of Employee**

Payment to the vendor is not allowed if the following conditions exist:

- a. The employee separates from the uniform program for any reason, including retirement, within 30 days following purchase of items of uniform wear that are *not* recognizable as distinctive uniform items unless worn with the basic outer garments of the uniform. In these cases notify both employee and specific vendor involved. Return the invoice to the vendor (see 936.32). Nondistinctive items include shoes, gloves, rubbers, galoshes, overboots, hose, face masks, pith helmets, and belts.
- b. When there is evidence that, before making the purchase, the employee indicated an intention to separate from the uniform program for any reason, including retirement, involuntary separation, or bid to an assignment not requiring the same uniform category, do not process the invoice for payment. After placing a copy of the invoice in the employee's uniform file with the appropriate remarks, return the invoice to the vendor advising why it will not be honored.

936.3 **Approval by Installation Head**

936.31 **Inspection of Purchases**

The installation head may require the employee to present the uniform purchases for inspection within 10 working days from receipt of the uniform item. An employee who is unable to comply with this requirement because of being in an approved leave status may present the purchased item(s) for inspection upon return to a work status. All items must contain the certificate label issued by the USPS Quality Control Office except as noted in 936.32. Discretion is exercised in permitting the purchase of excessive amounts of one-of-a-kind items, such as shoes, gloves, socks, and other civilian type items.

936.32 **Purchases Not Meeting Regulations**

If all or a portion of the merchandise presented in 936.31 is unacceptable because it does not conform to current postal regulations, the employees responsible for reviewing vendor invoices (see 936.53) returns the invoice to the vendor stating why it was unacceptable. The employee retains but does not wear the unacceptable merchandise and waits for instructions from the vendor.

Continued next page

Continued

936.33 Disallowing Payments

The district accounting office may disallow payment for excessively priced items, for items not needed for local climatic conditions, and for excessive amounts of civilian-type items.

936.34 Employee's Responsibility for Excesses

The installation head cautions all employees that uniform purchases exceeding their current allowances are the employees' personal responsibilities.

936.35 Notification of Responsibility

Although not responsible for purchases made in excess of an employee's uniform allowance, the USPS advises employees in writing of their responsibilities to make payment when notified of delinquencies.

936.4 Separating Employees**936.41 Conditions for Nonpayment**

Invoices dated before an employee's separation date and submitted for payment are processed for payment. However, they are not paid under any of the following conditions:

- a. When purchases of uniform items not recognizable as distinctive uniform items were made within 30 days before separation (see 936.2a).
- b. When there is evidence that before making the purchase the employee indicated an intention to separate for any reason, including retirement (see 936.2b).

936.42 Addition to Form 337

Postmasters and installation heads add "Uniform Allowance Invoices Submitted" on Form 337, *Clearance Record for Separated Employee*, as a write-in item.

936.43 Employee Submission of Invoices

When an employee who is leaving the USPS checks out, the postmaster, or other designated employee, asks the separating employee if any uniform purchases have been made during the past 30 days. If the answer is negative, complete the item in the same manner as the other items on the checkout sheet. If the answer is affirma-

ive, contact the district accounting office and advise the employee accordingly (see 936.44).

936.5 Payment to Licensed Vendors**936.51 Direct Payment**

Payment is made directly to licensed vendors.

936.52 Employee Reimbursement

Employees are not reimbursed for uniform purchases except for caps (see 932.21) and as provided for at 936.6 and 938.4.

936.53 Examination of Invoice

The installation head assigns an employee(s) at each facility to examine questionable invoices referred by the district accounting office to ensure that purchases are reasonable under all circumstances and that they comply with postal regulations.

936.54 Evidence of Purchase

Payment to the vendor is made on the basis of submission of the certified invoice by the vendor (see 936.55). Order blanks and cash register tapes are not acceptable evidence. Licensed uniform vendors' invoices must contain an itemization and description of the uniform garments purchased including the size of each item. The evidence also contains the full name of the employee, the post office finance number, the first seven digits of the employee's Social Security number, the employee's anniversary date, the vendor's license number, the vendor's invoice number, the date on which the purchase was made, and a statement by the supplier that the items are in accordance with USPS specifications. The itemization must be sufficiently specific to permit a determination that payment is being claimed for prescribed uniform items in accordance with USPS specifications. Prices of items represented on receipts, or other acceptable evidence of acquisition, must represent the actual net amount charged by the supplier.

936.55 Submission of Invoice

Vendors are directed to submit the original invoice to the appropriate district accounting office or to the inspector in charge for purchases made by security force employees.

936.56 Processing of Invoice

The district accounting office reviews the invoice and determines employee eligibility. If the em-

ployee is not eligible, a copy of the invoice is sent to the installation head for review and resolution. After review, if the employee is not eligible, the installation head notifies the district accounting office. The district accounting office returns the original invoice to the vendor with an explanation. If the employee is eligible, the district accounting office retains the invoice for 10 working days, pending possible submission of Form 6375, *Uniform Allowance Stop Payment Notice*. If the employee does not submit a stop payment notice, the invoice is processed for payment immediately after the 10-working-day period has elapsed. If the employee submits a stop payment notice within the 10-working-day period, the original invoice, along with the stop payment notice, is returned to the vendor for resolution of the problem directly with the employee. Stop payment notices received after 10 working days, or after the invoice is processed for payment, are duplicated. One copy is sent to the St. Louis ISSC to adjust subsequent payments to the vendor; the second copy is sent to the vendor, who initiates resolution of the problem directly with the employee. An invoice that exceeds an employee's annual allowance is to be processed to establish a record in case of future claims.

936.57 Processing of Stop Payment Notice

Employees receive a duplicate of the vendor's invoice. If there is any problem associated with the purchase, e.g., wrong size, wrong item, etc., the employee submits a stop payment notice within 10 working days from receipt of the vendor invoice, through the employee's supervisor, to the person responsible for certifying invoices for payment to the St. Louis ISSC. Employees are encouraged to submit the stop payment notice immediately if there is a problem with the purchase to ensure quick resolution of the problem. However, an employee may submit a stop payment notice after 10 working days have elapsed when circumstances prevent earlier submission. Employees should retain their invoice copies until receipt of the adjusted Form 1961, *Employee Uniform Allowance Statement*, from the St. Louis ISSC. At that time, a comparison can be made between both documents to be certain the annual uniform allowance balance on the current Form 1961 is correct.

936.58 Restrictions of Payment

Except for temporary employees who are required to wear the cap prescribed for their category, payment is made only for employees required to wear full uniform dress or work clothes as specified.

936.59 Posting Publication 136

Publication 136, *Licensed Vendor Listing: Uniform Allowance Program*, is placed at a designated point within the postal installation and all eligible employees notified of its availability and location. Additions to the listing are published in the *Postal Bulletin*. The listing must be kept up to date and available to employees at all times.

936.6 Purchase Procedures for Nurses Program

936.61 Eligibility

Full-time and part-time nurses who have completed their probationary period receive a uniform reimbursement card following their uniform anniversary date. Part-time nurses who have not worked at least 1,560 hours in the 12-month period immediately before their anniversary date are not entitled to uniform reimbursement.

936.62 Procedures

936.621 Standard

Nurses may purchase uniforms from USPS licensed uniform vendors. Payment to the vendor is made in the same manner as that for other employees eligible for uniform allowances.

936.622 Optional

Nurses who have difficulty in locating a USPS licensed uniform vendor that provides nurses uniforms may purchase their uniforms from any bona fide source in the following manner:

- a. Nurses must purchase their uniforms within 60 days after receipt of their uniform authorization card (PS Form 1961).
- b. Nurses must present itemized invoices to the uniform clerk at their facility. Invoices must include the following information:
 - 1. Name of Employee.
 - 2. Name of the firm from which the purchase was made.

Continued next page

Continued

- 3. Date of purchase.
 - 4. Employee's Social Security number.
 - 5. An itemized description of the items purchased including size and color.
 - 6. A statement by the employee certifying that the items listed were actually purchased.
- c. Installations process the purchase in the same manner as a vendor invoice except that 81886 is used for the vendor number. This provides payment to the nurse.

937 Uniform Vendors

937.1 Communication From Vendors

The district accounting office designates an employee to respond to all licensed vendor correspondence relating to employee uniform purchases. All correspondence that requires an answer must be received from the licensed vendor in the following manner:

- a. Addressed to UNIFORM CLERK, C/O DISTRICT ACCOUNTING OFFICE, [CITY] [STATE] [ZIP CODE].

- b. In duplicate with self-addressed stamped return envelope.
- c. Show employee's name, the first seven digits of the employee's Social Security number, invoice number in question, invoice amount, date of invoice.
- d. Provide space for a reply.

937.2 Access to Postal Premises

Postmasters may permit a licensed vendor of official postal uniform items access to postal installations and their substations as follows:

- a. Licensed vendors or their representatives must present proper identification to postmasters or their designated representatives.
- b. The location must have a lunchroom or other nonwork area space of sufficient size so that vendors and interested employees may conduct their business without interfering with postal activities.
- c. Vendors must strictly adhere to local rules as to location, hours, etc., as required by local postmaster.
- d. Vendors failing to meet requirements in 937.2 a and c may be denied admission by the postmaster.

Appendix A

84. Uniform Allowance Payment Records (050.040)

- a. District accounting office copies.

Arrangement: By pay period. No other sortation required.

Description: Batches of invoices submitted by uniform vendors requesting payment for uniform items supplied to postal employees eligible for uniform allowances.

EFCX.03.01

Cut off the file at the end of each calendar year; dispose of two (2) years from the date of cutoff.

- b. Post office case files.

Arrangement: Alphabetically by employee last name. Move to an inactive file when problem is resolved.

Description: Correspondence, copies of bills and invoices, and related papers resulting from post office research of employee problems or questions regarding the Uniform Allowance Program.

Cut off the inactive file at the end of the calendar year; dispose of two (2) years from the date of cutoff.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

Pictorial Cancellations Announcement 96-13

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail

postage (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

STAMP ANNOUNCEMENT 96-30

1996 Centennial Olympic Games Stamp (Anniversary Sheet)

Copyright USPS 1995

The Postal Service will commemorate the 100th anniversary of the Modern Olympic Games with the issuance of a 32-cent 1996 Centennial Olympic Games stamp (Item 5508), in a pane of 20, on July 19, 1996, in Atlanta, Georgia, in conjunction with the OLYMPHILEX. The stamp goes on sale nationwide July 20.

Designed by Carl Herrman of Ponte Vedra Beach, Florida, the stamp features a statue of a discus thrower. The image is a photograph of a Roman marble copy of the original bronze statue sculptured by Myron, circa 450 B.C. This is the fourth time a discus thrower has been featured on a stamp. The last stamp was issued as one of five 29-cent Olympic Track and Field commemorative stamps on July 12, 1991, in Los Angeles, California. The other two stamps were issued in 1932 and 1965.

The discus throw was part of the five-event pentathlon in the ancient Greek Olympics. At the first Modern Olympic Games in 1896, the discus throw was held as a separate event and was won by Robert Garrett, an American. The discus throw will make its twenty-third consecutive appearance at the Olympic Games in Atlanta this year.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamps at their local post office, affix the stamps to envelopes of their

Issue:	1996 Centennial Olympic Games (Anniversary Sheet)

Typographer:	John Boyd, New York, NY
Modeler:	Joseph Sheeran
Manufacturing Process:	Stamps only: Intaglio Selvage area design: Offset
Printer:	Ashton-Potter (USA) Ltd.
Colors (PMS Colors):	Offset: Black, magenta, yellow, beige (PMS 155), and brown (PMS 469) Intaglio: Brown (PMS 469)
Size:	0.84 x 1.41 in/21.3 x 35.8 mm (image area) 0.99 x 1.56 in/25.1 x 39.6 mm (overall) 7.24 x 9.00 in/183.7 x 228.4 mm (full pane)
Plate Numbers:	"P" followed by one single digit
Marginal Markings:	"© USPS 1995" • Plate Position Diagram • Cost • Plate Numbers • Selvage Copy

choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

1996 CENTENNIAL OLYMPIC GAMES STAMP
(ANNIVERSARY SHEET)
POSTMASTER
3900 CROWN RD SW
ATLANTA GA 30304-9998

After applying the first day of issue postmark, the Postal Service returns the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by August 18, 1996.

Continued next page

Continued

The Philatelic Fulfillment Service Center also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *Stamps etc.* catalog. Customers may request a free catalog by writing to:

STAMPS ETC CATALOG
 US POSTAL SERVICE
 PO BOX 57
 GRAND RAPIDS MN 55744-0057

or by telephoning 1 800 STAMP-24.

First day covers remain on sale for at least 90 days after the stamp's issuance.

Distribution

Stamp distribution offices (SDOs) and stamp distribution networks (SDNs) will receive half their standard distribution for a 20-stamps-per-pane issue, rounded up to the nearest master carton size (50,000 stamps).

SDOs and SDNs will make subsequent automatic distributions to post offices for half their standard distribution, using Form 3309, *Advice of Shipment/Stamp Invoice*, and Form 17, *Stamp Requisition*. SDOs and SDNs must not distribute stamps to post offices before July 11, 1996.

Philatelic Requirement

SDOs and SDNs with authorized philatelic centers will receive automatic distributions of this stamp in four positions for subsequent distributions to each center:

Offices That Receive Four-Position Stock in These Quantities	Will Receive This Quantity of the Centennial Olympic Games Commemorative Stamps
20,000	8,000
40,000	16,000
60,000	24,000
80,000	32,000
125,000	100,000
250,000	200,000
375,000	300,000
500,000	400,000

Additional Supply

Post offices requiring additional stamps must requisition them from their designated SDO, using a separate Form 17, *Stamp Requisition*, or designated SDN, using a separate Form 17-S, *Stamp Distribution Network Stamp Requisition*. SDOs requiring additional stamps must order them from their accountable paper depository (APD), using a separate Form 17.

All APDs will receive 5,050,000 stamps for filling supplemental orders. The Kansas City SDN will receive 5,100,000 stamps.

Sales Policy

All post offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists or until the stamp is officially withdrawn from sale, generally 1 year from the date of issue. If supplies run low, post offices must reorder additional quantities through their normal ordering procedures.

—Stamp Services, Marketing, 6-20-96

CORRECTION

James Dean Commemorative Stamp (Legends of Hollywood Series)

Stamp Announcement 96-28 in *Postal Bulletin* 21920 (5-23-96) omitted the following special James Dean first day of issue pictorial cancellation:

—Stamp Services, Marketing, 6-20-96

FRAUD ALERT

Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be destroyed. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer

number" or "agreement number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.

Missing Canadian Money Order Forms — Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000,000,001 to 660,000,000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1.
