**STOP POSTAL CRIME**

## Shortpaid Postage Scams

Since about 1988, unscrupulous people have promoted a fraudulent scheme to sell "secret" information that claims it is legal to send a First-Class Mail letter for only 2 cents, 3 cents, or 6 cents. For various prices, often ranging from \$5 to \$20, the promoter sends people a copy of an outdated federal law that was eliminated by the Postal Reorganization Act of 1970 (Title 39 of the United States Code).

Promoters claim that the law that reflects the lower postage rate has never been changed by the U.S. Congress. It is true that prior to passage of the Postal Reorganization Act, postage rates were set by the Congress, and the rate of postage for First-Class Mail was 6 cents. **However**, when the Post Office Department became the U.S. Postal Service in July 1971, the power to prescribe postal rates was delegated to the Postal Service.

Under the new law, postal rates are now set by administrative action of the Postal Service Board of Governors and the independent Postal Rate Commission. Anyone selling obsolete postal rate material to others is engaging in a promotion that violates the False Representation Statute (Title 39, United States Code, section 3005) and may be in violation of the Mail Fraud Statute (Title 18, United States Code, section 1341), a federal felony law.

First-Class mailpieces with short-paid postage found in the mailstream must be either returned to sender or forwarded as postage due (see *Domestic Mail Manual* P011). If employees receive solicitations at home to participate in such schemes, they can turn them over to their supervisor or a postal inspector.

### CORRECTION

#### Availability of Security Cable for International Mail Container LUC-150

This article corrects and replaces the one published in *Postal Bulletin* 21942 (3-27-97).

The Topeka Material Distribution Center (MDC) will now supply the cable for securing the removable lid onto the International Mail Container LUC-150 used by international mail facilities.

The MTE-supplied container is fabricated from a light blue corrugated plastic with two molded plastic handles, one located on each of the container ends. The container's design incorporates a 3/16" diameter wire reinforcing frame with twelve (12) loops for the security cable to pass through. The container dimensions are 24"L x 18"W x 17 1/2"H. The tare weight of the assembly is 6.8 pounds and the volume is 4.97 cubic feet.

The Topeka-supplied cable is 1/16" diameter 7 x 7 wire rope cable fabricated to fit the wire frame of the container.

The cable is secured with a registered numbered tin band seal (PSIN 0817C), which must be ordered separately from Topeka.

Please use the following information when placing orders:

**Item Name:** Cable Assembly for Limited Use Container (LUC-150)

**PSIN:** 0813T

**PSN:** 5340-03-000-7998

**Unit of Issue:** EA (each)

**Unit Cost:** \$2.10 each

#### New Notice 32-B and Notice 32-C, *Box Rent or Caller Service Fee Due*

Notice 32, *Box Rent or Caller Service Fee Due*, has been obsoleted and is replaced with Notice 32-B, *Box Rent or Caller Service Fee Due* (January 1997), and Notice 32-C, *Box Rent or Caller Service Fee Due* (January 1997). The purpose of this change is to bring this USPS notice/envelope, which is in business reply mail format, into compliance with USPS requirements for facing identification marks (FIMs).

New Notice 32-B bears FIM-B and is intended for use at post offices that *do not* have a POSTNET Barcode applied to this business reply mailpiece. New Notice 32-C bears FIM-

C and is intended for use at post offices that *do* have a POSTNET Barcode applied to this business reply mailpiece.

Replicas of the front of Notice 32-B and Notice 32-C are shown on page 6. Notice 32-B (NSN 7610-03-000-8332) and Notice 32-C (NSN 7610-03-000-8333) are stocked in both material distribution centers. Post offices should submit Form 7380, *MDC Supply Requisition*, to their servicing MDC. Upon receipt of supplies of new Notice 32-B or Notice 32-C, post offices should dispose of on-hand supplies of now obsolete Notice 32.

## USPS Launches New Web Site With Focus On Customers

The Postal Service dramatically enhanced its presence on the Internet April 17 with the worldwide launch of a new more interactive Web site called "Make Your Mark."

The site's bright new look and expanded features offer customer conveniences, modern business services, and educational and entertaining activities. Its Internet address remains the same at <<http://www.usps.gov>>.

Make Your Mark features existing interactive services such as ZIP Code Lookup, Postal Facility Locators, and Express Mail Tracking, but its creative design helps customers more easily and quickly navigate through the site to find the precise information they are seeking without having to visit or call their post office.

A new added attraction for business mailers is a "webzine" titled "Delivering the Future." This weekly on-line publication offers short news items and feature stories on topics important to business mailers.

That's not all. The new Web site devotes an entire section to kids, featuring interactive games and educational activities. Make Your Mark also features a serial fiction magazine called "InkCredible Stories," and letters of historical significance, dubbed "Unforgettable Letters."

The Postal Service is also developing secure methods for on-line purchases of stamps and other postal products. Those services are expected to be available later this year.

Make Your Mark includes the following features:

- **ZIP Code Lookup:** Find the ZIP+4 for any address in the United States.
- **Postage Calculator:** Calculates estimated postage, including all special services.
- **Postage Rates:** Mailing rates on everything, including international.
- **Express Mail Tracking:** Follow Express Mail from deposit to delivery.
- **News Releases and Speeches:** Obtain the latest postal news and speech material.

- **Postal Facility Locators:** Key in a ZIP Code to find the nearest post office or other facility.
- **Products and Services:** Helps customers choose the right service to meet their needs and save time and money.
- **Rapid Information Bulletin Board System (RIBBS):** Chat with the Postal Service and other mailers.
- **Mailing Supplies:** Order Express Mail and Priority Mail envelopes plus special postal mailing labels, tags, and permits.
- **Business Publications:** Help customers do everything from designing mailpieces to finding financing. Includes: *Postal Bulletin*, *Mailers Companion*, and *Memo to Mailers*.
- **MoversNet:** Moving? Use MoversNet to file a change of address.
- **Stamp Facts:** Latest news on stamps, stamp products, and issuance ceremonies.
- **Unforgettable Letters:** Historical and personally significant letters, featuring a special collection of letters to and from U.S. servicemen and servicewomen during war times.
- **InkCredible Stories:** Weekly installments of serial fiction, including intrigue, fun, and history.
- **Speak Out Write On!:** Helps kids learn that their opinions matter and, through the power of a letter, those opinions can be shared. Includes: "Letters to the Editor" and "Environmental Issues."
- **Stamp Stomp:** Stamp collecting information and interactive activities related to stamps.
- **1st Class Fun:** Interactive fun for young Web surfers, including "Delivering the Mail"; "Return to Sender," an interactive game show based on USPS and its role in American history; and "Mind Over Mail," a game of "concentration" similar to the show of TV fame.

## Government Bills of Lading

Material Distribution at Headquarters needs to identify freight transportation users so that it can budget accurately for future shipping expenses. Therefore, beginning Sunday, June 1, bill of lading issuing officers must require requesters to provide their "bill to" finance number. This "bill to" finance number will be entered in Block 12, "Appropriation Chargeable," on SF-1103, *Government Bill of Lading (GBL)*, or in a designated area within bill of lading preparation software.

For the rest of FY97 and all of FY98, payment processing will override the finance number associated with a finance number entered on the GBL and replace it with 67-1950. This is the corporate-wide account for freight transportation expenses. All freight transportation through FY98 will continue to be centrally budgeted and will not be charged to the finance number entered on the GBL. Beginning FY99, the "bill to" finance number will begin to pay transportation charges for these shipments.

## Dog Repellent

The material distribution centers (MDCs) have awarded a new contract for dog repellent. The PSIN is S2025, the PSN is 6840-01-357-0744, and the quick pick number is 272. The unit of issue is still EA (each); however, the minimum quantity or issue increment is 12. Orders for less than 12 will be rounded up to 12, orders for quantities between 13 and 23 will be rounded up to 24, etc. The cost per can is \$1.3233 each, or \$15.8796 for 12 cans. Submit Form 7380, *MDC Supply Requisition*, to your respective MDC or call 800-273-1509 and place your order through the Touch Tone Order Entry (TTOE) system.

# Domestic Mail

## DMM CORRECTION

### Labeling Instructions — Standard Mail Mixed BMC Sortation

Effective July 1, 1997, *Domestic Mail Manual* (DMM) L601, M045.4.1e, M045.4.2d, M073.3.1d, M610.6.2d, and M630.6.2d are amended to clarify and correct labeling instructions for Standard Mail prepared at the mixed BMC sortation level (including palletized mail). These corrected amendments will appear in DMM Issue 52 (scheduled for release on July 1, 1997).

This notice corrects the DMM amendments published in *Postal Bulletin* 21943 (4-10-97) about adding “MXD” to the Column B information for mixed BMC sortation of Standard Mail. These corrected amendments clarify that “MXD” must be added to the beginning of the labeling information in DMM L601.

The DMM amendments in the April 10 article implied that “MXD” replaced “BMC” as part of the destination line information by stating that the mailer must use “MXD” followed by the city/state/ZIP Code. Instead, the mailer must use “MXD” followed by the complete Column B information (for example, “MXD BMC DENVER CO 80088”).

Although mailers are encouraged to use these amended destination lines immediately, they must comply with these changes beginning July 1, 1997. When mailers use “MXD” on mixed BMC destination lines, they must use the revised abbreviated destination facility names in DMM L601 as shown in the DMM notice titled “Labeling List Changes” starting on page 35 in *Postal Bulletin* 21943.

*POM REVISION*

**Approved Curbside Mailbox Manufacturers and Models**

Effective immediately, *Postal Operations Manual (POM)* 632.518 is revised to update the list of approved manufacturers of curbside mailboxes for use on city and rural delivery routes. Specifically, this list is revised to include a new model number for The Solar Group. Also, for your convenience, POM 632.511 and 632.512 are reprinted below.

The list of approved manufacturers of curbside mailboxes should be shared with delivery personnel and customers. If a customer is currently using a mailbox that is not on the approved list, they cannot be forced to replace the mailbox unless it poses a hazard to the carrier, or does not protect the mail. Encourage your customers to replace old and damaged mailboxes during Mailbox Improvement Week, May 19–24 (see *Postal Bulletin* 21943 (4-10-97)).

Mailboxes must be placed so they can be safely and conveniently served by carriers without leaving their vehicles. They must be placed on the right side of the road in the direction of travel of the carrier in all cases where traffic conditions are such that it would be dangerous for the carriers to drive to the left to reach the boxes, or when doing so would constitute a violation of traffic laws and regulations. Generally, boxes should be installed with the bottom of the box at a ver-

tical height of between 3-1/2 to 4 feet from the road surface and placed to conform to state laws and regulations. Since road and curb conditions vary, the USPS recommends that customers be advised to contact their postmaster or carrier before erecting or replacing their mailboxes and supports.

*Domestic Mail Manual (DMM)* D041 contains additional information about curbside mailboxes.

**Postal Operations Manual (POM)**

**6 Delivery Services**

*DMM NOTICE*

**Periodicals Documentation — August 1 Implementation**

Effective August 1, 1997, *Domestic Mail Manual* (DMM) E230.7.4, E250.1.4, E250.2.6, P012.2.2, P012.2.3, P012.2.4, P012.2.5, and P200.1.5 are amended; DMM P012.3.0 is redesignated as P012.4.0 and amended; and DMM E230.1.5 and new P012.3.0 are added, to reflect the standards for use of Presort Accuracy Validation and Evaluation (PAVE)-certified software or standardized documentation for Periodicals. These amendments will appear in DMM Issue 52 (scheduled for release on July 1, 1997).

These amendments were originally published in *Postal Bulletin* 21940 (2-27-97) with an effective date of July 1, 1997. Mailers should review the DMM text published in that notice. For mailers who do not have copies of that issue, they can access the *Postal Bulletin* on the World Wide Web at <<http://www.usps.gov>>.

By moving back the date, software developers will have sufficient time to complete the PAVE testing cycle, make any necessary modifications to their software that are identified during the testing cycle, and distribute correct software to their customers that meets the standardized documentation

requirements for mailings that will be presented beginning August 1, 1997.

Required standardized documentation elements will describe presort and rate eligibility based on presort. Standardized documentation for Periodicals includes the following basic elements:

- Cumulative line item totals for piece counts.
- A zone column reporting the zone, in-county discounts, and entry discounts (per addressed piece claimed in the pound rate portion).
- Mail listed by entry point.
- Same column headings and rate abbreviations used for Standard Mail and First-Class Mail, with some additions to identify unique 3-digit sorts and firm packages.
- A copies column when firm packages are included in a mailing.

DMM REVISION

**Periodicals Additional Entry**

Effective immediately, *Domestic Mail Manual* (DMM) D230.1.1 and P200.3.0 are amended and DMM E250.1.3 and E250.2.4 are removed to clarify revisions to additional entry standards published in *Postal Bulletin* 21925 (8-1-96). These amendments will appear in DMM Issue 52 (scheduled for release on July 1, 1997).

**D230 Additional Entry**

**1.0 BASIC INFORMATION**

**1.1 Definition**

*[Revise 1.1 to read as follows:]*

The term *additional entry office* refers to a post office where a publisher is authorized by the USPS to present copies of a Periodicals publication for postal verification. An additional entry authorization must be in effect for each post office where copies of the Periodicals publications are presented for postal verification. The publisher must deposit money and file postage statements for copies presented at an additional entry office unless the USPS authorizes an alternative postage payment method (e.g., Centralized Postage Payment (CPP) System under P200). Except for publications authorized an alternative payment method, the verification post office is also the office where Periodicals postage is paid.

**3.0 CENTRALIZED POSTAGE PAYMENT (CPP) SYSTEM**

*[Revise 3.0 to read as follows:]*

Subject to specific standards and authorization by the New York Rates and Classification Service Center (RCSC), the Centralized Postage Payment (CPP) System allows the publisher of a Periodicals publication to pay Periodicals postage for that publication at the New York RCSC instead of at each authorized additional entry office. An additional entry is required at each post office where copies of the Periodicals publication are presented for postal verification under D230.

DMM REVISION

**Express Mail Corporate Accounts**

Effective immediately, *Domestic Mail Manual* (DMM) P500.2.3 is revised to change the minimum balance that must be maintained in an Express Mail Corporate Account to the average 1 week's postage and fees or \$100, whichever is higher. This revision will appear in DMM Issue 52 (scheduled for release on July 1, 1997).

<b>P500</b>	<b>Express Mail</b>	*	*	*	*	*
<b>2.0</b>	<b>CORPORATE ACCOUNT</b>	*	*	*	*	*

**2.3 Minimum Balance**

When an account is opened, the mailer must make an initial deposit of \$250, or the total postage and fees expected during the first 4 weeks of account usage, whichever is higher. After that, the minimum balance in the account must equal the average 1 week's postage and fees, or \$100, whichever is higher, calculated as follows:

- a. If the completed postal quarter is quarter one, two, or three, the average 1 week's postage and fees is determined by dividing by 12 the actual postage and fee activities during the last completed postal quarter.
- b. If the completed postal quarter is quarter four, the actual postage and fee activities are divided by 16.

## Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the inte-

grated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month.

If a discrepancy exists, the receiving office will receive a statement of difference.

These procedures pertain to the transfer of stock between SFAP units within the same district accounting service area. The transfer of stock between SFAP units is internal.

STAMP ANNOUNCEMENT 97-15

## Bugs Bunny Commemorative Stamp

Copyright USPS 1996

The Postal Service will issue a self-adhesive souvenir sheet of ten 32-cent Bugs Bunny commemorative stamps (Item 5588) on May 22, 1997, in Burbank, California. The stamps go on sale nationwide May 23 and will *only* be sold as a souvenir sheet. No individual stamps are available.

Designed and illustrated by Warner Bros., a Time Warner entertainment company, the stamp features the cartoon character Bugs Bunny, leaning against a rural mail box and holding his trademark carrot. Bugs Bunny will serve as the official "ambassador" for STAMPERS™, the Postal Service's new stamp collecting program for children.

### How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamps at their local post office, affix the stamps to envelopes of their

choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

BUGS BUNNY STAMP  
POSTMASTER  
2140 N HOLLYWOOD WAY  
BURBANK CA 91505-9998

After applying the first day of issue postmark, the Postal Service returns the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by June 21, 1997.

The Philatelic Fulfillment Service Center also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by writing to:

USA PHILATELIC CATALOG  
US POSTAL SERVICE  
PO BOX 57  
GRAND RAPIDS MN 55744-0057  
or by telephoning 1 800 STAMP-24.

First day covers remain on sale for at least 1 year after the stamp's issuance.

### Distribution

All stamp distribution offices (SDOs) and stamp distribution networks (SDNs) will receive two standard automatic distributions for a 10-stamps-per-pane issue, rounded to the nearest master carton size (2,000 panes). The first distribution was completed March 25. The second distribution was completed April 1. SDOs and SDNs will make one distribution to post offices equaling two times their standard automatic distribution using Form 3309, *Advice of Shipment/Stamp Invoice*, and Form 17, *Stamp Requisition*. SDOs and SDNs must not distribute stamp panes to post offices before May 14, 1997.

The advice of shipment will state the quantity of panes shipped, not the number of stamps shipped. When ordering additional stock, quantities must be designated in panes.

### Philatelic Requirements

SDOs with authorized philatelic centers must provide subsequent distribution of these panes to each philatelic center from their initial automatic distribution.

**Additional Supply**

Post offices requiring additional panes must requisition them from their designated SDO or SDN, using a separate Form 17. SDOs requiring additional panes must order them from their designated APD, using a separate Form 17.

The New York, New York; Chicago, Illinois; and San Francisco, California, accountable paper depositories (APDs) and the Kansas City SDN will receive 524,000 panes of this issue for filling supplemental orders. ### Bugs Bunny Pictorial Cancellations

The Bugs Bunny commemorative stamp will be issued on Thursday, May 22, at the Warner Bros. Studio lot in Burbank, California. First day sale of the stamp and the official first day of issue cancellation will be exclusive to the city of Burbank on May 22. Nationwide sale of the stamp begins on Friday, May 23.

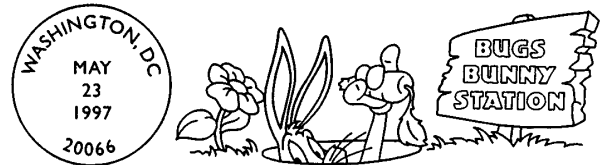

As information, Bugs Bunny and the other Looney Tunes characters, name, and related indicia are the properties of Warner Bros. To ensure correct use of Bugs Bunny in cancellations, the Postal Service and Warner Bros. have authorized three pictorial cancellation designs for field use. Examples of these designs are shown at right.

To obtain authorized Bugs Bunny pictorial cancellation art and guidelines on how to finish the design, please contact your area stamp facilitator or district stamp and retail coordinator. When requesting cancellation art, please indicate your preference by referring to the option number that is shown above each design.

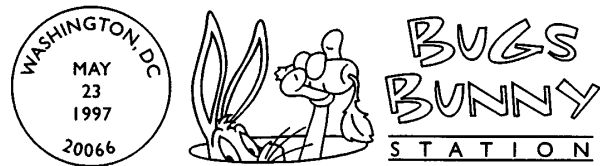

The Bugs Bunny station pictorial cancellation art was developed exclusively for commemorating Bugs Bunny stamp events only and may not be used for non-related events. Additionally, this art may not be altered in any way, except as instructed in the guidelines.

As a reminder, the Postal Service must endeavor to make all unusual postmarking service widely known to collectors through advance national publicity to avoid such postmarks being available only to small groups of people. Therefore, all pictorial cancellations must be reported to Stamp Development prior to being used so that advance national publicity may be arranged.

## Bugs Bunny Stamps — Special Requirement for Recording Sales

Sales of all postage stamps are normally recorded in AIC 090, Postage Stock Sales. However, to facilitate tracking sales of the Bugs Bunny stamps, sales **for these stamps only** will be recorded in **AIC 097, Stamps by Phone Sales**.

This will require extra effort on the part of postmasters and supervisors to ensure that all clerks are informed of this special procedure and that they correctly record sales of these stamps in AIC 097, Stamps by Phone Sales. AIC 097, Stamps by Phone Sales, was selected for recording Bugs Bunny stamp sales because it will allow us to isolate and track sales of this specific stamp issue only. **Do not** record sales of Bugs Bunny stamps in AIC 090, Postage Stock Sales, or AIC 092, Philatelic Sales. To reiterate, **record all sales of Bugs Bunny stamps in AIC 097, Stamps by Phone Sales**.

Please make special note of this unique requirement for the Bugs Bunny stamps and begin working with your clerks now to ensure that your units get full credit for revenue generated from the Bugs Bunny stamps. Included on page 55 of this *Postal Bulletin* is a notice that should be reproduced locally and provided to all window clerks to remind them of this special recording requirement for the Bugs Bunny stamps. **Note:** The description for AIC 097 on the integrated retail terminals (IRTs) is Stamps by Phone Sales. The sale of all philatelic items (including Bugs Bunny philatelic items, Mints Sets, Guide to U.S. Stamps, StampFolios, etc.) will continue to be recorded in AIC 092, Philatelic Sales.

## Coils of 100 Gummed Stamps

Stamp Distribution at Headquarters has received numerous complaints from customers that coils of 100 gummed stamps are not presently available for sale and are no longer being produced. Coils of 100 gummed stamps **are being produced and are available for sale**. They will continue to be printed and sold as long as customers demand them.

It is **mandatory** that post offices acquire and maintain a supply of these stamp coils as long as customer demand exists or until they are officially withdrawn from sale. As a convenience, the coils listed at right are available as noted and may be reordered through the normal ordering procedures. Post offices must ensure the availability of these coils for customers.

### Pictorial Cancellations Announcement 97-9

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items sub-

mitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

## ELM CORRECTION

### Work Clothes Programs

#### ELM Change

Effective immediately, the *Employee and Labor Relations Manual* (ELM) is revised to move reference to the business mail entry units (BMEUs) from 932.13, Work Clothes, to 932.12, Contract Uniforms. This change corrects the change published in *Postal Bulletin* 21922 (6-20-96). Accordingly, the ELM is amended as shown below.

These revisions will be integrated into the ELM found via the Policies and Procedures page of the intranet found at <http://blue.usps.gov>.

#### Background

There are two work clothing programs. One, called the Work Clothes Program, is for employees assigned to duty assignments listed in ELM 932.13 to help defray the cost of wear and tear on their personal clothing. The collective bargaining agreements applicable to such employees provide for a work clothes allowance in the amount of either \$53 or \$54. Employees in the Work Clothes Program wear work clothes at their option, and there is no specific item of work clothing that must be worn.

The other work clothing program, called the Contract Uniform Program, is for employees who are entitled to work clothing and are considered to be "in public view" for a certain amount of time per week. See ELM 932.12.

Being "in public view" means being assigned to duties that require a regular interface with customers (e.g., as are clerks or mail handlers assigned to BMEUs). Employees in this program receive an allowance of \$108 or \$135. They receive a higher allowance because it is mandatory that they wear the prescribed work clothing. The basic garments that must be worn are pants or slacks and shirts or blouses. All other authorized items are optional.

The distinction between these two programs became less obvious when the decision was made to allow employees in the Work Clothes Program the opportunity to purchase items previously restricted to employees in the Contract Uniform Program (e.g., jackets and caps). This matter has also received more attention since the authorization of the Contract Uniform for business mail entry unit (BMEU) employees and the recent release of the booklet *Uniforms: Proper Attire*.

A separate and distinct uniform is currently being developed for BMEU personnel but will not be available until late 1997.

The previous *Postal Bulletin* article placed the BMEU employees within the Work Clothes Program rather than the Contract Uniform Program, making this ELM correction necessary.

#### 932.12 Contract Uniforms

The USPS has authorized uniforms for mail handlers, custodial maintenance, vehicle maintenance employees, and certain full-time employees in the Business Mail Entry Unit (BMEU) in CAG A-J post offices who meet certain criteria. To be eligible for uniforms under the contract uniforms program, employees must (a) be in public view 4 hours a day for 5 days a week or (b) be in public view not less than 30 hours a week in combined total time. Eligible employees are:

- a. *Mail Handlers and Group Leaders (Mail Handlers)*. Those who are assigned to dock areas, platforms, and other locations and meet the 4-hour-a-day or 30-hour-a-week criteria.
- b. *Custodial Maintenance*. Those who are not otherwise authorized to wear uniforms, are assigned to multioccupied buildings operated by the USPS, and meet the 4-hour-a-day or 30-hour-a-week criteria.
- c. *Vehicle Maintenance*. Those who meet the 4-hour-a-day or 30-hour-a-week criteria, including time on road calls.
- d. *Business Mail Entry Unit (BMEU)*. Full-time employees in these positions:
  - (1) Bulk Mail Technician.
  - (2) Bulk Mail Clerk.
  - (3) Mailing Requirements Clerk.

ELM REVISION

**Fair Labor Standards Act (FLSA) Administration**

Effective immediately, the *Employee and Labor Relations Manual* (ELM) is revised as noted below. The revision to subsection 444.214 should have been incorporated in ELM issue 12 (5-1-89) to be consistent with changes made in subsection 444.213. The revision to subsection 444.222 removes the word “compensable.” Neither of these revisions changes current policy or practice.

These revisions will be integrated into the ELM found via the Policies and Procedures page of the intranet found at <http://blue.usps.gov>.

**Thrift Savings Plan Open Season**

The next Thrift Savings Plan (TSP) open season is May 15, 1997, through July 31, 1997. TSPBK08, *Summary of the Thrift Savings Plan for Federal Employees* (July 1995), provides a good overview of TSP. The following information should assist personnel services offices in conducting this open season.

**Direct Mailing to Employees**

Career employees receive a direct mailing from the national level of leaflet TSP0597, *TSP Open Season*, at their mailing addresses of record. Career employees newly eligible to participate in TSP also receive a direct mailing from the national level of an enrollment package that contains a cover letter; TSPBK08, *Summary of the Thrift Savings Plan for Federal Employees* (July 1995); and TSP-1, *Election Form* (February 1991). Career employees should receive these materials no later than the end of May.

The return address for undeliverable enrollment packages for newly eligible employees is the employing office of record. Although the disposition of returned enrollment packages is at the discretion of the Customer Service and Sales district office or other administering office, forwarding a returned enrollment package to an employee offers that employee an opportunity to submit a correct Form 1216, *Employee’s Current Mailing Address*. Form 1216 may be or-

dered from the material distribution centers (MDCs) using NSN 7530-02-000-7354 or Quick Pick number 118.

**Note:** Processing deadlines and the closing date of this TSP open season require the use of a third pay period effective date for elections received on July 31, 1997.

### **Open Season Materials**

In addition to the direct mailing of TSP information to employees, the MDCs will automatically distribute residual supplies of the open season leaflet (TSP0597), election form (TSP-1), and summary (TSPBK08) to Human Resources at Customer Service and Sales district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, the Employee Service Center for the Washington, D.C. Metro Area, Headquarters, and selected Headquarters field units. (The

September 1990 version of the TSP-1 is still valid and may be used if the February 1991 version is unavailable. All prior versions are obsolete and must be discarded or recycled where appropriate.) Offices that would like any other TSP materials for use during the open season must order a supply from the appropriate MDC.

### **Participant Statements**

Employees with a TSP account will receive a participant statement from the TSP Service Office in May 1997.

### **Publicity**

Human Resources at Customer Service and Sales district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, Headquarters, and selected Headquarters field units will receive a supply of posters this open season from TSP. Installations that receive the posters must widely distribute and post them on bulletin boards.

To assist in publicizing the TSP open season, all offices must post the open season notice on page 85 on bulletin boards through July 31, 1997. Also post the current TSP fact sheet on bulletin boards.

\*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.
