Domestic Mail

DMM REVISION

Extension of Nonletter-Size Business Reply Mail Experiment

Effective June 8, 1999, *Domestic Mail Manual* (DMM) G092 is revised to provide for the extension of the experimental nonletter-size business reply mail (BRM). The extension will allow the experiment to continue until February 29, 2000, or until implementation of permanent fees, whichever comes first.

Since June 8, 1997, the Postal Service has been studying the effects of the following two experimental methods of accounting for nonletter-size BRM:

- Reverse manifesting.
- Weight averaging.

Since the experiment has demonstrated the feasibility of the bulk weight averaging accounting method, the Postal Service is planning to implement that method on a permanent basis. The reverse manifesting method is no longer being considered as an alternative accounting method.

Several important changes in the experimental fee structure have been made and will go into effect on June 8, 1999, when the extension period begins. They are as follows:

- A \$600 monthly maintenance fee. The \$3,000 monthly maintenance fee for the weight averaging accounting method has been reduced to \$600.
- A \$0.01 per piece fee in addition to applicable First-Class Mail or Priority Mail postage. The \$0.03 per piece accounting fee (in addition to applicable First-Class Mail or Priority Mail postage) has been reduced to \$0.01.

The \$3,000 one-time set-up/qualification fee originally charged experiment participants has been eliminated. The new experimental fees expire on February 29, 2000, or upon implementation of permanent fees, whichever comes first.

Until the implementation of a permanent classification and fees, the Postal Service plans to continue the nonletter-size BRM weight averaging experiment with up to 10 participants. To date, four BRM recipients have participated in the experiment using the weight averaging method. Six more participants may be added. Interested customers must submit a written request to the following address:

MANAGER, MAIL PREPARATION AND STANDARDS
 US POSTAL SERVICE HEADQUARTERS
 475 L'ENFANT PLAZA SW RM 6800
 WASHINGTON DC 20260-2405

These changes will be incorporated in the electronic DMM available via Postal Explorer (<http://pe.usps.gov>) and will be printed in DMM Issue 55.

G General Information

* * * * *

G090 Experimental Classifications and Rates

[Revise G092 to remove references to reverse manifesting; delete 2.0, which explains reverse manifesting; and renumber 3.0 to 5.0 to leave weight averaging as the experimental accounting method as follows:]

G092 Nonletter-Size Business Reply Mail

1.0 BASIC ELIGIBILITY

[Amend 1.1 to remove references to reverse manifesting to read as follows:]

1.1 Description

The standards in G092 apply to pieces claimed by an authorized mailer at the experimental fees for nonletter-size business reply mail (BRM). Draft Publication 405, *Guide to Business Reply Mail*, contains an explanation of weight averaging sampling procedures, calculations, and other information.

[Revise 1.2 to read as follows:]

1.2 Applicability

BRM pieces eligible under G092 must:

- a. Be mailed as First-Class Mail or Priority Mail and meet the specific standards in 2.0.
- b. Meet the applicable physical standards for nonletter-size mail in C050 (i.e., flat-size mail, machinable parcels, irregular parcels, or outside parcels) and C100 for First-Class Mail, except any BRM piece accounted for under the weight averaging method in 2.0 may not exceed 5 pounds. Reply mail letters which can not qualify for Qualified Business Reply Mail (QBRM) because they weigh too much also are eligible for the weight averaging method.
- c. Meet the basic standards for BRM in S922 other than those specific to letter-size pieces or pieces processed as QBRM.
- d. Meet the addressing standards in A010 and bear a delivery address with the correct ZIP+4 code and barcodes assigned to the BRM permit holder by the USPS.

- e. Be marked as specified in the service agreement under 2.0 and comply with any current or future USPS marking standard.
- f. Meet the documentation and postage payment standards in 2.0 and the service agreement.
- g. Be received at the post office that serves the permit holder.

[Amend 1.3 by deleting 1.3d concerning the set-up/qualification fee and redesignating current 1.3e as 1.3d to read as follows:]

1.3 Fees

Each BRM piece eligible under G092 is charged the corresponding single piece rate for First-Class Mail or Priority Mail plus the appropriate fee as shown in 4.2. To receive pieces under this fee schedule, the participating mailer also must pay fees for these accounts and services:

* * * * *

- d. Applicable monthly maintenance fee.

[Amend 1.4 to delete the reference to reverse manifesting information and change the manager to whom BRM customer requests are submitted to read as follows:]

1.4 Participation in Test

A business reply mail recipient who wants to participate in the experiment and receive an account for nonletter-size BRM under G092 must submit a written request for consideration to the manager of Mail Preparation and Standards, USPS Headquarters (see G043 for address). The request must include sufficient data to assist the manager in making an initial determination. The manager may request additional data and an on-site visit to the applicant's plant. If the manager determines that the applicant is suitable for participation, the applicant follows the application procedures in 2.0. Consideration is given to product type, geographic location of the mailer's site of operation, variability in the weight and daily volume of BRM, current accounting and quality control procedures, and availability of postal resources. In selecting participants, the manager also uses the following additional criteria:

- a. The applicant must receive or expect to receive at one site a yearly average volume of approximately 100,000 or more nonletter-size BRM pieces eligible for the current \$0.08 per piece fee under S922.
- b. The applicant must be able to participate in the experiment through February 29, 2000.
- c. The applicant must be prepared to begin operation at a mutually agreed upon time soon after selection.

[Delete current 2.0 in its entirety. Re-designate current 3.0 through 3.4 as 2.0 through 2.4, respectively, to read as follows:]

2.0 WEIGHT AVERAGING

* * * * *

[Amend renumbered 2.2 to change the manager to whom customers submit requests to read as follows:]

2.2 Application

A business reply mail recipient applying for participation in the extension of the weight averaging experiment must complete a standard application provided by the Postal Service. The applicant submits this application to the manager of Mail Preparation and Standards. The applicant includes with the application documentation that contains sample BRM pieces and labels representative of the weight range and types of pieces to be weight-averaged.

[Amend renumbered 2.3 to change the manager to whom customers submit requests and to change the effective dates to read as follows:]

2.3 Authorization

The manager of Mail Preparation and Standards reviews the application and proceeds as follows:

- a. If the applicant meets the conditions required for the experimental weight averaging accounting method and the application is otherwise consistent with the purposes and goals of the experiment, the manager approves the application and prepares a service agreement with the applicant. The agreement details the operating procedures for weight averaging and the responsibilities of the applicant and the Postal Service. For the purposes of the experiment, the Postal Service may require additional documentation and periodic review and inspection of each experiment participant's BRM processing and accounting operations. No agreement may remain in effect beyond the February 29, 2000, outside duration date established for the extension of the experiment. The experimental classification and fees take effect on June 8, 1999; they will expire on February 29, 2000, or when the permanent classification and fees for weight averaged nonletter-size BRM are implemented, whichever comes first.
- b. If the application does not appear to meet the conditions required for the weight averaging method, the manager of Mail Preparation and Standards denies the application and sends written notice to the applicant, with the reasons for denial. The applicant has 10 days after receipt of the notice to file a written appeal to the BRM Experiment Review Board, U.S. Postal Service Headquarters. Decisions of the Review Board are final.

[Delete renumbered 3.4, Renewal, in its entirety.]
[Re-designate current 4.0 as 3.0.]

3.0 REVOCATION

[Amend renumbered 3.1 to change the manager who may revoke a participant's authorization and remove the reference to a manifest to read as follows:]

3.1 Reasons

The manager of Mail Preparation and Standards may revoke a BRM participant's authorization for the experiment if that participant:

- a. Provides incorrect data on the required documentation and appears unable or unwilling to correct the problems.
- b. Neglects to perform required quality control procedures.
- c. No longer meets the criteria in this standard and the service agreement.

* * * * *

[Amend 3.3 to shorten the appeal period to 10 days to read as follows:]

3.3 Appeal

Revocation proceeds if the participant is unable or unwilling to correct the discrepancies found. The participant may file a written appeal of revocation within 10 days from the date of receipt of the notice, with evidence explaining why the authorization should not be revoked. The appeal must be filed with the BRM Experiment Review Board, which issues the final agency decision. The participant may continue to accept BRM under the authorization, pending a decision on appeal. The revocation decision takes effect 7 days after receipt by the participant.

[Re-designate current 5.0 as 4.0:]

4.0 RATES AND FEES

[Amend 4.1 to change references from "5.2" and "5.3 and 5.4" to "4.2" and "4.3 and 4.4," respectively, to read as follows:]

4.1 Rate Application

Each BRM piece received under G092 is charged the applicable per piece fee in 4.2 and the appropriate single-piece First-Class Mail rate or Priority Mail rate. In addition to the fees in 4.3 and 4.4, the required BRM permit fee and BRM advance deposit account fee must be paid every 12 months.

[Amend 4.2 by deleting 4.2b and reorganizing 4.2 to read as follows:]

4.2 Per Piece Fee

Per piece, in addition to single-piece rate First-Class Mail or Priority Mail postage for nonletter-size experimental (weight averaging): \$0.01.

[Amend 4.3 by deleting 4.3b and revising 4.3 to read as follows:]

4.3 Monthly Maintenance Fee

Monthly fee for nonletter-size experimental (weight averaging): \$600.00.

[Delete current 5.4. There is no longer a one-time set-up/qualification fee.]

REMINDER

Periodicals Postage Reporting Procedures

This article is a reminder of the procedures for reporting nonsubscriber and nonrequester copies of Periodicals publications mailed at Periodicals rates. There are several Customer Support Rulings (CSRs) issued by Business Mail Acceptance, Marketing Systems that describe how that reporting should be done. CSRs are best viewed using Postal Explorer on the Internet at <http://pe.usps.gov> because queries using words and phrases can search CSRs as well as the *Domestic Mail Manual*. See PS-122, *Nonsubscriber Copies — In-County Rates*; PS-186, *Periodicals Rates*; and PS-228, *Periodicals Circulation Standard*.

During a calendar year, the total number of nonsubscriber copies mailed at any Preferred Periodicals rates may not exceed 10% of the number of subscriber copies mailed at a

Preferred Periodicals rate. Preferred Periodicals rates include In-County, Classroom, Nonprofit, and Science-of-Agriculture. Requester publications are not entitled to any Preferred Periodicals rates.

Noncommingled nonsubscriber/nonrequester copies within the 10% allowance are eligible for Periodicals rates. Nonsubscriber/nonrequester copies over 10% are eligible for regular Periodicals rates only if commingled and presorted as part of a mailing containing subscriber/requester copies.

Nonsubscriber copies over the 10% allowance are not eligible for any Preferred Periodicals rates. Those presented as part of a commingled, presorted mailing with subscriber copies must be claimed at regular Periodicals rates.

When a regular rate Periodicals publication is authorized In-County rates, the total number of nonsubscriber copies mailed at In-County rates may not exceed 10% of the number of subscriber copies mailed at In-County rates during a calendar year. Additionally, any nonsubscriber copies mailed at In-County rates must be counted towards the overall 10% allowance of all nonsubscriber copies mailed at any Periodicals rates.

Noncommingled nonsubscriber/nonrequester copies in excess of the 10% allowance are not entitled to any Periodicals rates and must have postage paid at the applicable First-Class Mail or Standard Mail rates.

Any questions regarding these procedures should be directed to the district manager, Business Mail Entry.

POSTAGE STATEMENT REVISIONS

Domestic Postage Statements Information

Twenty-one domestic postage statements and other related forms effective with the new rates and fees of January 10, 1999, were initially published in *Special Postal Bulletin* 21984A (11-12-98). Some of these forms have been changed due to the implementation of Delivery Confirmation March 14, 1999; new international Publisher's Periodicals rates May 30, 1999; new/different account identifier codes (AICs) for reporting Periodicals and permit imprint postage; and editorial corrections. To maintain continuity, edition dates were changed only when a new rate or service was established. Statements reflecting “editorial only” corrections

are identified with an edition date of “January 1999 (Revised).”

The latest editions of all domestic postage statements (including any changes/revisions) are available in both “print-on-demand” and “Postage Statement Wizard” on the Postal Service Internet site at www.usps.com (select “Business” and then “Business Forms”). Wherever possible, postmasters and managers, business mail entry should encourage their customers and staff to use the Postal Service website to obtain forms. Postal Explorer CD-ROM

Version 8.0, scheduled for distribution in July 1999, will also contain all the current forms (listed below).

With the two following exceptions, mailers may continue to use any statements with a January 1999 edition date:

- Domestic mailings with a Delivery Confirmation service fee must be reported on the March 1999 edition of PS Form 3540-S.
- Periodicals mailings claiming foreign copies must be reported on the May 1999 editions of PS Forms 3541-N, 3541-NC, and 3541-R. Effective September 11, 1999, all Periodicals mailings must be reported on a May 1999 edition postage statement.

Reminder: Post offices not supported by the permit system must be careful to report postage in the correct AIC. All current permit imprint and Periodicals postage statements reflect the correct AIC for reporting postage. The permit system automatically reports postage in the correct AIC.

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restrictions codes, which appear on the page following the table.

Acceptance clerks should use this table with the Integrated Retail Terminal (IRT) or POS One terminal to

determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply.

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin of each month*. Changes from the previous month's listing are in bold type.

Purchasing Manual

* * * * *

2 Purchase Planning

* * * * *

2.2.1 Quality Requirements

* * * * *

2.2.1.c Clauses

* * * * *

2. Use

- (a) Clause 2-1, *Inspection and Acceptance – Supplies*, must be included in all supply contracts not awarded using commercial procedures.

- (b) Clause 2-24, *Inspection and Acceptance — Supplies – Nonfixed Price*, must be included in all supply contracts that are not fixed price.
- (c) Clause 2-48, *Inspection and Acceptance — Services*, must be included in all service contracts not awarded using commercial procedures, except when the service contract will include Clause 2-49, *Quality Assurance – Services*.
- (d) Clause 2-49, *Quality Assurance – Services*, must be included in all service contracts where the supplier must maintain a quality system subject to Postal Service evaluation when the service is complex, unique or otherwise of a kind that requires a quality system that includes a process management system, a means of assessing customer satisfaction, and active supplier management.
- (e) Clause 2-2, *Quality Assurance I — Supplies*, or Clause 2-3, *Quality Assurance II – Supplies*, must be included in supply contracts where the supplier must maintain a quality system subject to Postal Service evaluation.
 - (1) Clause 2-2 covers the production aspects of a supplier's operation and is suitable when requiring production from a technical data package provided by the Postal Service.
 - (2) Clause 2-3, *Quality Assurance II — Supplies* must be included if the Postal Service needs to supervise the supplier's design controls and servicing factors. When a contract calls for delivery of both supplies and services, the Inspection and Acceptance clause for the predominant portion (supplies or services) or, if circumstances require a supplier's QA system, the appropriate Quality Assurance clause for the predominant portion, may be used. Or, where appropriate, contracts encompassing both supplies and services may include separate Inspection and Acceptance or Quality Assurance clauses for the supplies and services portions of the work.

- (g) Clause 2-23, *Reimbursement — Postal Service Testing*, must be included when Clauses 2-2 or 2-3 are included in the contract.

Clause 2-48, *Inspection and Acceptance – Services* (June 1999) (2.2.1)

- a. The supplier must be able to demonstrate that the services being provided conform to contract requirements. The Postal Service may require correction of defects and nonconformance at no cost to the Postal Service. If the supplier fails or refuses to correct the defects or nonconformance the Postal Service may,

in addition to any other remedies provided by this contract:

- (1) Acquire replacement services from other sources at the supplier's expense; or
- (2) Accept the services at a reduced price.

b. The Postal Service, at its option, may at any stage in the performance of this contract, monitor the supplier's activities and efforts in performing the contract, to assure itself that contract requirements are being met. Such Postal Service oversight in no way relieves the supplier from its responsibility to perform in accordance with contract requirements.

Clause 2-49, *Quality Assurance – Services*
(June 1999) (2.2.1)

a. The supplier must use a documented quality assurance system to monitor and measure its performance against contract requirements. As a minimum, that quality assurance system must include:

(2) A means of assessing customer satisfaction that includes elements such as:

- (a) Periodic customer surveys, supplier/customer focus groups, or other means of securing regular customer feedback; and
- (b) An actively maintained complaint log.

(3) Active supplier management that includes elements such as:

- (a) Supplier selection, certification, and oversight practices and systematic supplier performance oversight or review; and
- (b) An employee training and development program.

b. The Postal Service has the right to evaluate the acceptability and effectiveness of the supplier's quality assurance system prior to award, and to periodically verify that it is in use and effective during contract performance.

c. The supplier will maintain records and metrics pertaining to this quality system in accordance with the record retention requirements of the contract.

d. A quality assurance system in compliance with ISO 9001 meets this requirement.

e. The Postal Service may require correction of defects and nonconformance at no cost to the Postal Service. If the supplier fails or refuses to correct the defects or nonconformance the Postal Service may, in addition to any other remedies provided by this contract:

- (1) Acquire replacement services from other sources at the supplier's expense; or
- (2) Accept the services at a reduced price.

ROTARY LOCKS

Shortage of Rotary Locks

All offices are directed to review their inventories of rotary locks.

Rotary locks must be used to secure registered mail and nonsaleable stamp stock in transit, whether in pouches, sacks, CON-CON containers, or LD-3 Dacon containers. Rotary locks are a valuable asset to the Postal Service and must be kept in circulation for the fullest financial benefit. Metal seals, which are twenty times more costly to the Postal Service than rotary locks, are acceptable only as an emergency substitution for rotary locks.

Offices must obtain adequate locks from the servicing Registry Section or the material distribution center. Offices may not maintain more than a 5-day supply of the locks as outlined in Handbook PO-502, *Container Methods*. Serviceable rotary locks on hand that exceed a 5-day supply should be sent to the Registry Section of the servicing processing and distribution center.

Defective locks must be returned for repair or supervised destruction to the following address:

IMM REMINDER AND PUBLICATION 51 REVISION

International Mail — Mailing Small Packets to Italy and Registered Articles to Cambodia

Effective May 30, 1999, the maximum weight limit for air and surface small packets that are mailed to Italy was increased to 4 pounds. As a consequence, there is now a uniform 4-pound weight limit for all destination countries to which small packets may be sent.

This change in the Country Conditions for Mailing to Italy has already been incorporated into both the printed version of Issue 21 of the *International Mail Manual (IMM)* and the online version, which can be accessed via Postal Explorer (<http://pe.usps.gov>). In addition, it will be incorporated into the online text of Publication 51, *International Postal Rates and Fees*, which is also accessible via Postal Explorer.

Until updated software is disseminated to all post office locations that have either integrated retail terminals (IRTs) or point-of-service (POS) terminals, acceptance employees should refer to the table entitled "Printed Matter, Matter for the Blind, Small Packets" in the Individual Country Listing for Italy on page 583 in the IMM. The table provides both air and surface rates.

Acceptance employees are reminded that both small packet and registry service to Cambodia were initiated on June 1, 1999. Accordingly, Cuba and the Democratic People's Republic of Korea (North Korea) are the only two destination countries to which small packets are *not* mailable, and the Democratic People's Republic of Korea (North Korea) is the only destination country to which registered mail is *not* available. See *Postal Bulletin* 21997 (5-6-99).

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

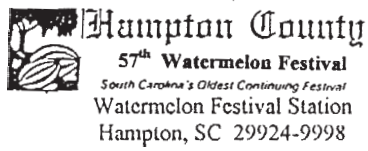

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard). Items

submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self addressed envelope.

KIT ANNOUNCEMENT

Recruitment Kits — A Great Place to Work

The Office of Selection, Evaluation, and Recognition, Human Resources, Headquarters is pleased to announce that two recruitment kits — Kit 15, *A Great Place to Work*, and Kit 15-A, *A Great Place to Work for Skilled Maintenance Workers* — are now available at the material distribution centers (MDCs).

These kits were recently introduced at the Maintenance Recruitment Training Session in Nashville, TN, and are next in the line of deliverables to assimilate the new look of the Postal Service as a people-oriented employer. Kit 15 is generic and can be used for any type of recruitment activities but contains no standard inserts. Kit 15-A contains four inserts that highlight the value of postal compensation, benefits, and training and that showcase our advanced processing equipment. There is room in the kit for locally developed materials to be included for recruitment and pre-employment sessions. Kit 15-A is also accessible on the Corporate Intranet at <http://blue.usps.gov> (click on "Information," then "Policies and Procedures," then "Kits," and then scroll down to the desired publication).

Employees may requisition copies of these kits as follows:

- Use Touch Tone Order Entry by calling 1-800-332-0317, option 1, then option 2.
- Fax a completed PS Form 7380, *MDC Supply Requisition*, to 785-861-2939.
- Mail a completed PS Form 7380 to the following address:
