Domestic Mail

DMM REVISION

Termination of Mailing Online Market Test

The Mailing Online market test was terminated effective October 29, 1999. The *Domestic Mail Manual* (DMM) will be amended to reflect the termination by removing references to Mailing Online and to Mailing Online mailings in those sections that had previously been amended when the market test began.

Mailing Online is a service that allows postal customers with access to a personal computer and the Internet to transmit electronic documents to a postal web site for subsequent batching and transmission to a contract printer. The printer creates the physical mailpieces and then presents them for entry into the mailstream. The customer pays online via credit card for postage and mailpiece preparation.

The Postal Service remains committed to Mailing Online and is not abandoning it, despite termination of the market test. Development of the single-channel USPS.com Internet presence continues. Activities related to Mailing Online are being closely coordinated with USPS.com, although they are both under development and still being tested. Postal management intends to pursue in the near future a new request for a Mailing Online experiment based upon the USPS.com architecture.

These changes will be incorporated into the printed version of DMM Issue 55 and the online DMM, which can be accessed via Postal Explorer (<http://pe.usps.gov>).

1.3 Matter Closed Against Postal Inspection

[Revise 1.3 as follows by removing reference to documents created and mailed by means of Mailing Online:]

Matter closed against postal inspection must be mailed as First-Class Mail or Express Mail. Electronic documents created for

possible transmission as First-Class Mail are closed against inspection. Hard copy versions of electronic documents, while being prepared for entry as First-Class Mail, also are closed against postal inspection. The USPS may open mail other than First-Class Mail or Express Mail to determine whether the proper rate of postage is paid. Material wrapped or packaged so that it cannot be examined easily or cannot be examined without destruction or serious damage is closed against postal inspection and is charged the appropriate First-Class Mail or Express Mail rate.

A First-Class Mail presort mailing fee must be paid once each 12-month period at each office of mailing by any person or organization entering mailings at automation or Presorted First-Class Mail rates. Payment of one fee allows a mailer to enter mail at all those rates. Persons or organizations paying this fee may enter clients' mail as well as their own mail. The fee may be paid in advance only for the next year and only during the last 30 days of the current service period. The fee charged is that which is in effect on the date of payment.

“Return to Sender” Priority Mail

Some BMCs are receiving significant volumes of “return to sender” Priority Mail in the Standard Mail (B) mailstream.

Historically, “return to sender” First-Class Mail and Express Mail have been handled and processed in their own respective mailstream. Priority Mail “return to sender” (undeliverable as addressed, refused, unclaimed, etc.) must be returned in the Priority Mail mailstream.

Other flammable liquid is prohibited in domestic mail via air transportation but is permitted via surface transportation if the material can qualify as an ORM-D material and meet the following conditions as applicable:

- a. The flashpoint is above 20°F (-7°C) but no more than 73°F (23°C); the liquid is in a metal primary receptacle not exceeding 1 quart, or in another type of primary receptacle not exceeding 1 pint, per mailpiece; enough cushioning surrounds the primary receptacle to absorb all potential leakage; the cushioning and primary receptacle are packed within a securely sealed secondary packaging that is placed within a strong outer packaging; and each mailpiece is plainly and durably marked on the address side with "Surface Mail Only" and "ORM-D" immediately following or below the proper shipping name.

b. The flashpoint is above 73°F (23°C) but less than 100°F (38°C); the liquid is in a metal primary receptacle not exceeding 1 gallon, or in another type of primary receptacle not exceeding 1 quart, per mailpiece; enough cushioning surrounds the primary receptacle to absorb all potential leakage; the cushioning and primary receptacle are placed within a securely sealed secondary packaging that is placed within a strong outer packaging; and each mailpiece is plainly and durably marked on the address side with “Surface Mail Only” and “ORM-D” immediately following or below the proper shipping name.

4.3 Combustible Liquid Mailability

Combustible liquid is prohibited in international mail. Combustible liquid is permitted in domestic mail if the material can qualify as an ORM-D material and meet the following conditions as applicable:

a. For surface transportation, if the flashpoint is 100°F (38°C) but no more than 141°F (60.5°C); the liquid is in a metal primary receptacle not exceeding 1 gallon, or in another type of primary receptacle not exceeding 1 quart, per mailpiece; enough cushioning surrounds the primary receptacle to absorb all potential leakage; the cushioning and primary receptacle are packed in a securely sealed secondary packaging that is placed within a strong outer packaging; and each mailpiece is plainly and durably marked on the address side with “Surface Mail Only” and “ORM-D” immediately following or below the proper shipping name.

b. For surface or air transportation, if the flash point is above 141°F (60.5°C) but no more than 200°F (93°C); the liquid is in a primary receptacle not exceeding 1 gallon per mailpiece; enough cushioning surrounds the primary receptacle to absorb all potential leakage; the cushioning and primary receptacle are packed in a securely sealed secondary packaging that is placed within a strong outer packaging; and each mailpiece is plainly and durably marked on the address side with “ORM-D” or “ORM-D AIR,” as applicable, immediately following or below the proper shipping name. Mailable material sent via surface transportation must be marked on the address side as “Surface Mail Only.” For air transportation, each mailpiece must bear a shipper’s declaration for dangerous goods.

c. For air or surface transportation without restriction, if the flashpoint is above 200°F (93°C). Mailable combustible liquids must be properly and securely packaged to prevent leakage.

REMINDER

Plant Verified Drop Shipment (PVDS) Procedures

As a result of a recently conducted audit by the Office of Inspector General, it is important that the following instructions are reinforced with all employees involved in the acceptance of Plant Verified Drop Shipments (PVDS) at all *destination* BMCs, plants, and delivery units:

1. When a driver arrives with a drop shipment, the acceptance employee must request PS Form 8125, *Plant Verified Drop Shipment (PVDS) Verification and Clearance*, Form 8125-C, *Plant-Verified Drop Shipment (PVDS) Consolidated Verification and Clearance*, Form 8125-C, *Plant-Verified Drop Shipment (PVDS) Consolidated Verification and Clearance/DSMS*, or a Form 8125 facsimile. If the document cannot be located, the driver is responsible for resolving this issue and producing the required PS 8125.
2. Before accepting the mail for processing, the acceptance employee must match the shipment with the information on Form 8125. First determine if the driver is dropping the shipment at the correct facility. The destination facility must be consistent with the discount claimed (DBMC, DSCF, or DDU). For example, if the DBMC discount is claimed, the driver can drop this mail only at the destination BMC, and all mail claimed at this rate must destinate within that BMC service area.
3. The acceptance employee must conduct an inspection to determine if the volume of mail is consistent with what is listed on Form 8125. Each form must list the total number of pieces, the total weight, and the number of containers (pallets, sacks, etc.). For palletized mailings, ensure that the number of pallets matches the number listed on the form. For bedloaded shipments of sacks, parcels, or bundles, estimate the total number in the shipment or determine the total weight of the shipment, and then match with the corresponding number listed on the form.
4. If everything appears to be consistent, the acceptance employee must accept the shipment and sign Form 8125. The signed copy at the destination facility must be maintained for a minimum of one year. An additional copy may be returned to the driver.
5. If the number of pallets, number of pieces, or weight is not consistent with Form 8125, then the acceptance employee must resolve the discrepancy by telephoning the origin office before the shipment can be accepted. The name and telephone number of the origin office that verified the shipment must be listed on Form 8125. If the discrepancy cannot be resolved, the acceptance employee must refuse the shipment.

*DMM Revision***Labeling List Changes**

Effective November 18, 1999, *Domestic Mail Manual* (DMM) L001, L002, L003, L004, L005, and L801 are amended to reflect changes in mail processing operations. Although mailers are encouraged to label according to these revised lists immediately, they must comply with these changes no later than January 30, 2000. Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of foot-noted mailing restrictions codes, which appear on the page following the table.

Acceptance clerks should use this table with the Integrated Retail Terminal (IRT) or POS One terminal to

determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply.

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month. Changes from the previous month's listing are in bold type.

IMM REVISION

International Mail — Special Drawing Rights (SDR) Value

Effective January 1, 2000, section 324.22 and accompanying Exhibit 324.22 (which contains the U.S. dollar to SDR (special drawing rights) equivalents for the year 2000 for all U.S. dollar values up to \$600) in the *International Mail Manual (IMM)* are revised to reflect a change in the SDR to U.S. dollar conversion rate. This information is required by USPS acceptance personnel whenever an insured parcel is presented for mailing. The insured amount, stated in terms of both dollars and SDR values, must be written in ink on PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*.

These changes will be incorporated into the printed version of IMM Issue 22 and the online IMM, which can be accessed via Postal Explorer (<http://pe.usps.gov>).

324.22 Accepting Clerk's Responsibility

Accepting clerk must:

- a. Indicate on the parcel the amount for which the parcel is insured. The amount must be written in ink and expressed in U.S. currency (figures) and special drawing rights (SDR) values. Indicate the SDR values in figures only. For example:

INSURED VALUE
\$100 (U.S.)
72.86 SDR

- b. See exhibit 324.22 for an SDR conversion table for all U.S. dollar values up to \$600. To determine SDR equivalents above \$600, the acceptance employee must multiply the insured amount, rounded up to the next full dollar, by conversion factor 0.7286.

Note: The conversion of U.S. dollars into SDR equivalents is based on the following formulas:

$$1 \text{ SDR} = \$1.37 (1.3725) \qquad 1 \text{ U.S. \$} = 0.7286 \text{ SDR}$$

Enter the insured number, insured amount, and SDR equivalent on PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*.

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard). Items

submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Retrieval of Plastic Label Holders

The Mail Transport Equipment Office has been notified that postal facility opening units (LDC 010) are not saving the plastic label holders used to close and address plastic sacks destined at their locations. It has also been noted that the national inventory of plastic label holders has fallen far below the inventory levels of sacks on which they are used.

Plastic label holders are reusable and must not be thrown away. They should never be intentionally removed from the draw tapes of sacks on which they are attached. After each plastic sack is emptied, the label should be removed from the label holder, and the sack/label holder combination should be prepared for return to the serving mail transport equipment service center.

Label holders found to be separated from their sacks should be consolidated for return to the mail transport equipment service center, along with the sacks. Please contact your serving area mail transport equipment specialist for more site-specific shipping information.

2000 Contribution Limit for the Thrift Savings Plan

In its Annual Statement of Adjustments to Pension Plans, the Internal Revenue Service (IRS) announced that the maximum amount that may be placed into a deferred compensation plan, such as the Thrift Savings Plan (TSP), has increased by \$500 per year. Effective January 1, 2000, the maximum amount a Postal Service employee may elect to defer to the TSP increases to \$10,500 per year. **Note:** This change affects only those Federal Employees Retirement System (FERS)

employees who (1) are paid at least \$105,000 per year and (2) have elected to deposit 10 percent of their base salary into the TSP. No Civil Service Retirement System (CSRS) employees will be affected by this change in IRS regulations.

2000 Social Security and Medicare Tax Withholding

For 2000, the maximum limit on earnings for withholding in the Old-Age, Survivors, and Disability (OASDI) portion of the Social Security tax increases from \$72,600 to \$76,200, a \$3,600 increase from the 1999 limit. The Social Security tax rate remains at 6.2 percent, resulting in a maximum Social Security tax of \$4,724.40, a \$223.20 increase from the 1999 limit. There is still no limit on the amount of earnings subject to the Medicare portion of the tax. The Medicare tax rate applies to all taxable wages and remains at 1.45 percent.

The following information is effective January 1, 2000.

| Tax Withholding | 1999 | 2000 |

| Social Security Gross Limit | \$72,600.00 | \$76,200.00 |

Thrift Savings Plan Open Season and PostalEASE

The next Thrift Savings Plan (TSP) open season is November 15, 1999, through January 31, 2000. TSPBK08, *Summary of the Thrift Savings Plan for Federal Employees* (NSN is 7530-03-000-9364; Unit of Issue is EA; bulk pack quantity is 150; edition date is March 1997), provides a good overview of TSP. The following information should assist personnel offices in conducting this open season.

PostalEASE Used for Enrollment

The *PostalEASE* telephone enrollment system is the method employees must use to make TSP open season elections. Personnel and employing offices must not distribute the TSP-1, *Election Form*, to employees for making TSP open season elections. TSP-1 will no longer be stocked at the material distribution center (MDC).

Direct Mailings to Employees

Direct mailings to employees include the following:

- Career employees receive from the national level a direct mailing of leaflet TSP1199, *TSP Open Season* (NSN is 7530-04-000-8725; unit of issue is EA; bulk pack quantity is 4,800), and *PostalEASE* instructions at their mailing addresses of record by early December.

- Career employees newly eligible to participate in TSP also receive from the national level a direct mailing of an enrollment package, by early December, that contains a cover letter and TSPBK08, *Summary of the Thrift Savings Plan for Federal Employees* (March 1997).

The return address for undeliverable TSP enrollment packages for newly eligible employees is the employing office of record. The disposition of returned items is at the discretion of the district office or other administering office. Forwarding a returned enrollment package to an employee offers that employee an opportunity to submit a correct PS Form 1216, *Employee's Current Mailing Address* (NSN is 7530-02-000-7354; Quick Pick number is 118; unit of issue is SE; bulk pack quantity is 4,000).

Eligibility

Career employees hired before July 1, 1999, are eligible to participate in this open season. Also, career employees hired before January 1, 2000, and previously eligible to participate in a TSP open season during a prior appointment are eligible.

Employees who participated in TSP and stopped their TSP contributions after August 2, 1999, are not eligible to participate in this TSP open season. They must wait for the TSP open season beginning in spring 2000.

Effective Dates

The windows of opportunity for employees to make TSP open season elections via *PostalEASE*, which automates the processing of TSP elections, and the resulting effective dates are as follows:

| If employee enters TSP open season election via <i>PostalEASE</i> from... | Then effective date will be... |
|---|--------------------------------|
| 11-15-99 8:00 a.m. through 1-11-00 12:00 noon Central Time (CT) | 1-1-00 (PP 2-2000) |
| 1-11-00 12:01 p.m. through 1-25-00 12:00 noon CT | 1-15-00 (PP 3-2000) |
| 1-25-00 12:01 p.m. through 1-31-00 5:00 p.m. CT | 1-29-00 (PP 4-2000) |

Because *PostalEASE* provides employees the ability to complete a TSP open season election without contacting the local personnel office and automates the processing of such elections, it should minimize use of PS Form 6886, *Thrift Savings Plan Request for Retroactive Contributions*, which is completed in cases of administrative error for TSP open season elections. Personnel offices have the authority to determine whether an administrative error has occurred; if one has delayed a TSP open season election past the appropriate effective date, personnel and the employee must complete PS 6886 and submit it to the Minneapolis Accounting Service Center (ASC). The effective dates for elections delayed due to administrative error must be made retroactive to January 1, 15, or 29, 2000, depending on the date the employee would have otherwise entered his or her open season election via *PostalEASE*. (PS Form 6886, which was published in *Postal Bulletin* 21665 (3-31-88), must be reproduced locally as needed.) Personnel offices also have the authority to determine whether a belated open season election opportunity exists. If so, personnel must submit the employee's election to the Minneapolis ASC for processing, in accordance with administrative instructions provided to personnel offices regarding *PostalEASE*. Belated open season elections are not retroactive in most circumstances.

Note: Processing deadlines and the closing date of this TSP open season require using a third pay period effective date for elections received from 12:01 p.m. CT on January 25 through 5:00 p.m. CT on January 31, 2000.

Open Season Materials

In addition to the direct mailing of TSP information to employees, the MDC will automatically distribute residual supplies of the open season leaflet (TSP1199) and summary (TSPBK08) to Human Resources at district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, the Employee Service Center for the DC Metro Area, Office of Inspector General, Inspection Service divisions, Headquarters, and selected Headquarters field units. (The August 1996 and July 1995 versions of TSPBK08 are still valid and may be used if the March 1997 version is unavailable. All prior versions of this item are obsolete and must be discarded or recycled where appropriate.) The MDC expects to distribute the extra materials listed above by mid-December 1999.

Offices that would like any other TSP materials for use during the open season must order a supply from the MDC, which will fulfill the order if the materials have been provided by TSP.

Participant Statements

Employees with a TSP account will receive a participant statement from the TSP Service Office in November 1999.

Publicity

Human Resources at district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, Office of Inspector General, Inspection Service divisions, Headquarters, and selected Headquarters field units will receive a supply of posters this open season from TSP. Installations that receive the posters must widely distribute and post them on bulletin boards.

To assist in publicizing the TSP open season, all offices must post the open season notice on page 51 of this *Postal Bulletin* on bulletin boards through January 31, 2000. Also, post the current TSP fact sheet on bulletin boards.

Thrift Savings Plan Open Season and *PostalEASE*

TSP Elections

Career employees must use the *PostalEASE* telephone enrollment system during the Thrift Savings Plan (TSP) open season if they wish to begin contributing to TSP, change the current TSP contribution amount or percentage, change the investment of future TSP contributions, or cancel TSP contributions.

Call toll free: 1-877-4PS-EASE (1-877-477-3273).

Career employees who have trouble using *PostalEASE*, or who are unable to use a telephone because they are hearing impaired or because of a medical reason, may contact the local personnel office for help.

When

November 15, 1999, through January 31, 2000.

Eligibility

All career employees hired before July 1, 1999.

Also, career employees hired before January 1, 2000, previously eligible for TSP during a prior appointment.

PostalEASE and TSP Open Season Information

A TSP leaflet is mailed to all career employees. *PostalEASE* instructions are included in this mailing.

A TSP enrollment package is mailed to *newly eligible* career employees. If either mailing is not received by December 10, 1999, contact the local personnel office.

PIN

To use *PostalEASE*, Social Security Number and Personal Identification Number (PIN) required.

May 1999 *PostalEASE* employee mailing included PIN.

By December 1, an employee who does not know his or her PIN can call *PostalEASE* and follow the prompts to have the PIN mailed to the address of record.

Closing Date and Time

PostalEASE closes at 5:00 p.m. Central Time on January 31, 2000, for TSP open season elections.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted; they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.
