

# POSTAL BULLETIN

PUBLISHED SINCE MARCH 4, 1880

PB 22039, December 14, 2000

## POSTAL SERVICE MANAGERS AND EMPLOYEES

The Postal Service is firmly committed to providing all of its employees with the most secure and safe work environment possible. It is imperative that we all work together on this important issue.

The Postal Service and the Postal Inspection Service have developed an employee awareness campaign called "The National Workplace Security Plan ... It's Good Business *and* It's Personal." The plan encourages employees at every level of the organization to get personally involved in workplace security.

We are asking employees to:

- Wear their identification badges.
- Politely make contact with strangers in postal facilities and on loading docks and assist them in finding the person they are looking for.
- Make sure all doors are locked to prevent unauthorized entry—but not to prevent emergency exit from the facility.
- Keep cash drawers secured.
- Identify and report security deficiencies.

Please get personally involved and help keep everyone safe and secure. By protecting yourself and others, you are also protecting the mail, which helps solidify our future.

Remember: Workplace Security is good business *and* it's personal.

William J. Henderson  
Postmaster General, CEO

Kenneth C. Weaver  
Chief Postal Inspector

**CONTENTS**

The *Postal Bulletin* is also available on the World Wide Web at <http://www.usps.com/cpim/ftp/bulletin/pb.htm> for customers and at <http://blue.usps.gov> for employees.

# Child Alert Program

December 2000

## Have You Seen Any of These Children?

Please participate in the NALC/USPS Child Alert Program. Tear out this page and carry it with you. If you have information on any of these missing children, tell your postal supervisor.

**Katheryne Lugo**  
 Age Progression to 6 years.  
 Born: 3-6-89  
 Date Missing: 1-8-94  
 Missing From: Riviera Beach,  
 FL

**Sarah Boehm**  
 Age Progression to 20 years.  
 Born: 2-18-80  
 Date Missing: 7-15-94  
 Missing From: Rochester, PA

**Nadia Dabbagh**  
 Age Progression to 8 years.  
 Born: 2-3-90  
 Date Missing: 12-25-92  
 Missing From: Medina, OH

**Stephen Palacios**  
 Age Progression to 9 years.  
 Born: 9-21-89  
 Date Missing: 3-28-93  
 Missing From: Waco, TX

**Rafael Torres, Jr.**  
 Born: 8-12-87  
 Date Missing: 1-6-93  
 Missing From: El Paso, TX

**Derek Schara**  
 Born: 3-27-91  
 Date Missing: 3-8-93  
 Missing From: Longmeadow,  
 MA

 Hot Line 1-800-843-5678  
 TDD 1-800-826-7653**

### **Missing Children Poster Display Instructions**

Please display this poster prominently on bulletin boards in retail lobbies of main post offices, classified stations, and branches. Operators of contract postal units may display this poster at their option.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by NCMEC.

In addition to *Postal Bulletin* updates, NCMEC distributes information via broadcast fax. Notification of newly reported missing children is sent to designated district "Missing Children" coordinators at fax numbers provided by district managers. Within 24 hours of receipt of a facsimile Missing Children poster, district coordinators should distribute copies to all postal facilities in their districts. Missing Children posters are to be displayed for 30 days in post office lobbies, workroom floor areas, and other postal facilities, unless notification is received (from NCMEC) to remove a particular poster sooner. The broadcast fax network is used to distribute posters and information in only the most urgent cases of missing and exploited children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service only as described above. If postal employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local post offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 1-800-843-5678.

## CORRECTION

**Holiday 2000 Publicity Kit for Postmasters**

An error appeared in the Holiday 2000 Publicity Kit for Postmasters on page 6 of *Postal Bulletin* 22036 (11-02-00).

Please change the next-to-last bullet to read as follows:

- Want to know when your package was delivered? Delivery Confirmation service is available for Priority Mail and Standard Mail (B) (Parcel Post) shipments. For a fee of 35 cents for Priority Mail and 60 cents for

Standard Mail (B), customers receive a tracking number and can retrieve delivery information through the Postal Service Web site or a toll-free telephone number.

— Information Systems,  
Expedited Package Services, 12-14-00

## Domestic Mail

## DMM REVISION

**Parcel Post ZIP Code Revision**

Effective December 14, 2000, *Domestic Mail Manual* (DMM) E652 Exhibit 8.0 is corrected to add ZIP Codes for Parcel Post destination entry unit (DDU) discounts.

These revisions will appear in the next printed version of the DMM and are included in the monthly update of the on-line DMM available via Postal Explorer (<http://pe.usps.gov>).

**Domestic Mail Manual (DMM)**

<b>E</b>	<b>Eligibility</b>	*	*	*	*	*
<b>E600</b>	<b>Standard Mail</b>	*	*	*	*	*
<b>E650</b>	<b>Destination Entry</b>	*	*	*	*	*
<b>E652</b>	<b>Parcel Post</b>	*	*	*	*	*

**Exhibit E652.8.0 Delivery Facilities Different From Those in the Drop Shipment Product**

[Amend Exhibit 652.8.0 by adding the following entries to the existing list:]

ZIP Codes Served	Destination Delivery Unit Location
<b>New Jersey</b>	
08837	Edison, 2101 State Route 27, Edison, NJ 08817
<b>New York</b>	
11359-11363	Bayside Annex, 41-29 216th Street, Flusing, NY 11361-9998

— Operational Requirements,  
Operations Planning and Processing, 12-14-00

## DMM REVISION

**Payment Period for Fee Payments**

Effective January 7, 2001, *Domestic Mail Manual* (DMM) E110.4.1, E610.6.1, E711.2.3, S922.2.3, S922.3.3, S923.3.1, and S924.3.1 are revised to allow customers to renew fee payments at any time during the last 60 days of the current period. This expanded time period applies to payment of annual permit fees, annual accounting fees, the presort mailing fee for First-Class Mail, the mailing fee for Standard Mail, and all mailing fees (including destination entry mailing fees) for Package Services. Before this

change, customers could renew fee payments only during the last 30 days of the service period.

The effective date of this change coincides with implementation of new rates and fees. Therefore, classes of mail have been changed to reflect new names, and the DMM sections in this revision have been renumbered to match section numbers in new DMM Issue 56 (1-7-01). In addition, this revision to S922 reflects the renumbering that was included in *Postal Bulletin* 22035 (10-19-00).

Employees are reminded that the 12-month cycle remains the same even if the fee is paid before the end of the 12-month period. However, if an annual mailing fee or annual accounting fee is paid *after* the anniversary date, then that new (later) date becomes the start date of the service period. For example, if a Standard Mail annual mailing fee is due for renewal on July 1 and the customer pays on May 15, then next service period remains at July 1 through the next June 30. The service period *does not* change to May 15 through the next May 14. If, however, the customer pays the fee on July 15, then the new service period begins on July 15 and goes through the next July 14. The Permit System will automatically track and credit the correct service period. Employees with questions should contact a local supervisor at the business mail entry unit or their district manager of business mail entry.

These changes will be incorporated into the electronic DMM available via Postal Explorer (<http://pe.usps.gov>) and will be included in the printed version of DMM Issue 56.

**Domestic Mail Manual (DMM)**

**E Eligibility**  
\* \* \* \* \*

**E100 First-Class Mail**

**E110 Basic Standards**  
\* \* \* \* \*

**4.0 FEES**

**4.1 Presort Mailing**

*[Amend 4.1 to change the prepayment period from 30 days to 60 days to read as follows:]*

A First-Class Mail presort mailing fee must be paid once each 12-month period at each office of mailing by any person or organization entering mailings at automation or Presorted First-Class Mail rates. Payment of one fee allows a mailer to enter mail at all those rates. Persons or organizations paying this fee may enter mail of their clients as well as their own mail. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment. Customers using NetPost Mailing Online service to create mailings pay fees under G091 and are not required to pay an annual presorted mailing fee.

\* \* \* \* \*

**E600 Standard Mail**

**E610 Basic Standards**  
\* \* \* \* \*

**6.0 FEES**

**6.1 Annual Fees**

*[Amend 6.1 to change the prepayment period from 30 days to 60 days to read as follows:]*

An annual mailing fee must be paid once each 12-month period at each post office of mailing. A mailer paying this fee may enter clients' mail as well as the mailer's own. The mailer whose permit imprint appears on pieces in a mailing paid with a permit imprint must show that permit number on the postage statement and must pay the annual mailing fee for that permit; this fee is in addition to the one-time fee for an application to use permit imprints. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment. Customers who use NetPost Mailing Online service to create mailings pay fees in accordance with G091 and are not required to pay an annual mailing fee.

\* \* \* \* \*

**E710 Basic Standards**  
\* \* \* \* \*

**E711 Parcel Post**

\* \* \* \* \*

**2.0 BASIC STANDARDS**

\* \* \* \* \*

**2.3 Fees**

Parcel Post mail is subject to these fees, as applicable:

*[Amend item a to change the prepayment period from 30 days to 60 days to read as follows:]*

- a. A mailing fee for Parcel Select must be paid once each 12-month period at each post office of mailing by or for any person or organization that mails at the destination entry rates, except as provided otherwise for plant-verified drop shipments. All destination entry rates are covered under the payment of a single annual fee. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment.

\* \* \* \* \*

**2.0 PERMITS**  
\* \* \* \* \*

**2.3 Annual Permit Fee**  
*[Amend 2.3 to change the prepayment period from 30 days to 60 days to read as follows:]*

A permit fee must be paid once each 12-month period at each post office where a BRM permit is held. Payment of the permit fee is based on the anniversary date of the permit's issuance. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment. Agents authorized by a permit holder under 8.0 are not required to pay an annual permit fee at the post office where their BRM is received.

\* \* \* \* \*

**3.0 POSTAGE, PER PIECE CHARGES, AND ACCOUNTING FEES**  
\* \* \* \* \*

**3.3 Advance Deposit Account and Annual Accounting Fee**

*[Amend 3.3 to change the prepayment period from 30 days to 60 days to read as follows:]*

A permit holder may choose to pay an annual accounting fee and establish an advance deposit account, which qualifies returned BRM pieces for the high-volume per piece charge. The accounting fee must be paid once each 12-month period at each post office where a permit holder holds an advance deposit account. Payment of the accounting fee is based on the anniversary date of the initial payment. The fee may be paid in advance only for the next 12-month period and only during the last 60 days of the current 12-month period. The fee charged is that which is in effect on the date of payment. An advance deposit account can be used for BRM under these conditions:

\* \* \* \* \*

**S923 Merchandise Return Service**  
\* \* \* \* \*

**3.0 POSTAGE AND FEES**

**3.1 Permit Fee**  
*[Amend 3.1 to change the prepayment period from 30 days to 60 days to read as follows:]*

A permit fee must be paid once each 12-month period at each post office where an MRS permit is held. Payment of the permit fee is based on the anniversary date of the permit's issuance. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment.

**S924 Bulk Parcel Return Service**  
\* \* \* \* \*

**3.0 POSTAGE AND FEES**

**3.1 Permit Fee**  
*[Amend 3.1 to change the prepayment period from 30 days to 60 days to read as follows:]*

A permit fee must be paid once each 12-month period at each post office where a BPRS permit is held. Payment of the permit fee is based on the anniversary date of the permit's issuance. The fee may be paid in advance only for the next 12 months and only during the last 60 days of the current service period. The fee charged is that which is in effect on the date of payment.

\* \* \* \* \*

DMM REVISION

**Preparation Changes for Periodicals Nonletter-Size Mailing Jobs**

Effective January 7, 2001, Periodicals nonletter-size mailing jobs prepared in sacks that include both an automation flats mailing and a Presorted flats mailing must use the co-sacking method in *Domestic Mail Manual* (DMM) M910. Information on this co-sacking method was published in *Postal Bulletin* 22036 (11-2-00). Under this co-sacking method, packages of automation flats and packages of Presorted rate mail that are part of the same mailing job are sorted into the same sacks for all sack presort levels. Standardized documentation or documentation produced by PAVE-certified software must be used. In addition, the sacks must be prepared with barcoded sack labels.

This requirement is based on cost models that suggest that handling costs for Periodicals mail will be reduced if mailers are required to prepare their mail under new DMM M910. This preparation method will reduce the number of sacks prepared and handled and concurrently increase the number of more finely presorted sacks. The anticipated reduction in Postal Service costs from required use of this preparation method was incorporated in the rates resulting from the R2000-1 rate case.

DMM E200 and M200 are also reorganized to separate the eligibility and presort requirements for Periodicals Presorted rate mailings from those of carrier route mailings. DMM E200 will now contain section E220, which pertains only to Presorted rate mailings, and section E230, which pertains only to carrier route mailings. DMM M200 will contain section M210, which pertains only to Presorted rate mailings, and section M220, which pertains only to carrier route mailings. Under current standards, Presorted and carrier route are two separate mailings with separate eligibility requirements and separate packaging and sacking requirements. This reorganization does not change current requirements, but reflects the separate mailing status of these two types of mailings. It also makes the DMM numbering for Periodicals consistent with the numbering system used for Standard Mail (A).

The revised DMM language that appears below includes information from two previously published DMM revisions that also will take effect January 7, 2001. These revisions are:

- "Periodicals Mail Preparation Changes," published in *Postal Bulletin* 22030 (8-10-00).
- "Preparation Changes for First-Class Mail, Periodicals, and Standard Mail," published in *Postal Bulletin* 22036 (11-2-00).

Accordingly, the numbering and the language of the DMM sections in this notice have been synchronized with those previous DMM revisions and may not match the numbering and language in current DMM Issue 55.

These revisions will appear in the printed version of DMM 56 and in the monthly update of the online DMM available via Postal Explorer (<http://pe.usps.gov>).

**Domestic Mail Manual (DMM)**

<b>E</b>	<b>Eligibility</b>	*	*	*	*	*

<b>14.3</b>	<b>Adjustments and Discounts</b>					
	<i>[In 14.3, change the reference "E230" to "E220, E230"].</i>					
		*	*	*	*	*

*[Add heading E220 to read as follows:]*

**E220 Presorted Rates**

*[Add new summary to read as follows:]*

**Summary** E220 describes the eligibility standards for mailing Presorted rate mailings (5-digit, 3-digit, and basic rates). It also describes combining multiple publications or editions.

*[Add new 1.0 that copies information from E230 and deletes information pertaining to carrier route mail to read as follows:]*

**1.0 BASIC INFORMATION**

**1.1 Standards**

The standards for Presorted rates are in addition to the basic standards for Periodicals in E210, the standards for other rates or discounts claimed, and the applicable preparation standards in M045, M200, M910, M920, M930, or M940. Not all combinations of presort level, automation, and destination entry discounts are permitted.

*[Copy E230.1.2 as new E220.1.2 and amend to include references to new palletization options to read as follows:]*

## **1.2 Palletized Mail**

A correctly prepared package is the equivalent of a sack when palletized under M045, M920, M930, or M940. Individual pieces qualify for the presort level rate appropriate for the palletized packages in which they are placed, regardless of the destination of the pallet. Eligibility for destination entry or other zoned rates depends on the point of entry.

*[Redesignate E230.1.3 as E220.1.3.]*

## **1.4 Barcodes**

*[Copy E230.1.4 as E220.1.4 and amend by changing “non-automation” to “Presorted” to read as follows:]*

Any POSTNET barcode on a mailpiece in a Presorted Periodicals mailing must be correct for the delivery address and meet the standards in C840 and A950.

## **1.5 Documentation**

*[Copy E230.1.5 to E220.1.5 and amend by adding information on postage statements to read as follows:]*

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing, supported by standardized documentation meeting the basic standards in P012. Documentation of postage is not required if each piece in the mailing is of identical weight and the pieces are separated when presented for acceptance by rate, by zone (including separation by In-County and Outside-County rates), and by entry discount (e.g., DDU and DSCF).

*[Add new heading 2.0 to read as follows:]*

## **2.0 RATES**

*[Redesignate E230.3.0 through E230.5.0 as E220.2.1, 2.2, and 2.3, respectively.]*

### **2.1 5-Digit Rates**

*[In redesignated 2.1, change the reference “M200” to “M210.”]*

### **2.2 3-Digit Rates**

*[In redesignated 2.2, change the reference “M200” to “M210.”]*

### **2.3 Basic Rates**

*[In redesignated 2.3, change the reference “M200” to M210.]*

*[Copy E230.7.0 as E220.3.0.]*

*[Revise the heading of E230 to read as follows:]*

## **E230 Carrier Route Rates**

*[Amend the summary to exclude non-carrier route rates to read as follows:]*

**Summary** E230 describes the eligibility standards for mailing at carrier route rates. It also describes combining multiple publications or editions.

## **1.0 BASIC INFORMATION**

### **1.1 Standards**

*[Amend 1.1 to delete information on Presorted rate mail to read as follows:]*

The standards for carrier route rates are in addition to the basic standards for Periodicals in E210, the standards for other rates or discounts claimed, and the applicable preparation standards in M045, M200, M910, M920, M930, or M940. Not all combinations of presort level, automation, and destination entry discounts are permitted.

*[Amend 1.2 to include references to new palletization options to read as follows:]*

### **1.2 Palletized Mail**

A correctly prepared package is the equivalent of a sack when palletized under M045, M920, M930, or M940. Individual pieces qualify for the presort level rate appropriate for the palletized packages in which they are placed, regardless of the destination of the pallet. Eligibility for destination entry or other zoned rates depends on the point of entry.

*[Redesignate the heading 2.1 as 1.3 and amend to read as follows:]*

### **1.3 Carrier Route Code Accuracy**

*[Redesignate the text of 2.1 as 1.3 and amend to add references to the sequencing requirements to read as follows:]*

Except for mailings prepared with a simplified address under A040, carrier route codes must be applied to mailings using CASS-certified software and the current USPS Carrier Route Information System (CRIS) scheme, hard copy CRIS files, or another AIS product containing carrier route information, subject to A930 and A950. Carrier route information must be updated within 90 days before the mailing date. The applicable sequencing requirements in 2.2, 3.0, and M050 must also be met.

\* \* \* \* \*

### **1.5 Documentation**

*[Amend 1.5 to add information on postage statement standards and to add a cross-reference to the documentation requirements in M050 for sequencing to read as follows:]*

A complete, signed postage statement, using the correct USPS form or an approved facsimile, must accompany each mailing, supported by standardized documentation meeting the basic standards in P012. Documentation of

postage is not required if each piece in the mailing is of identical weight and the pieces are separated when presented for acceptance by rate, by zone (including separation by In-County and Outside-County rates), and by entry discount (e.g., DDU and DSCF). Documentation of sequencing and of density standards under M050 must be submitted with each mailing.

*[Revise the heading of 2.0 (as revised in Postal Bulletin 22036 (11-2-00)), and add new heading 2.1 to read as follows:]*

**2.0 SORTATION AND SEQUENCING**

**2.1 Sortation**

*[Redesignate the contents of 2.2a (as revised in Postal Bulletin 22036 (11-2-00)) as 2.1a and b to separate letter mail standards from nonletter mail standards to read as follows:]*

Preparation to qualify eligible pieces for carrier route rates is optional and is subject to M045, M200, or (nonletter-size mail only) M920, M930, or M940. Carrier route sort need not be done for all carrier routes in a 5-digit area. Specific rate eligibility is subject to these standards:

- a. The carrier route rates for letter-size mail apply to copies that are prepared in carrier route packages of six or more pieces each that are sorted to carrier route, 5-digit carrier routes, or 3-digit carrier routes trays.
- b. The carrier route rates for nonletter-size mail apply to copies of flat-size or irregular parcel-size pieces prepared in carrier route packages of six or more pieces each, and that are sorted to pallets under M045 or M920, M930, or M940, or sacked in carrier route, 5-digit scheme carrier routes, or 5-digit carrier routes sacks, and, if prepared under M920, merged 5-digit scheme sacks or merged 5-digit sacks. Preparation of 5-digit scheme carrier routes sacks or pallets is required and must be done for all 5-digit scheme destinations. Preparation of merged 5-digit sacks and merged 5-digit scheme sacks is optional but if performed must be done for all 5-digit ZIP Codes for which there is an "A" or "C" indicator in the City State Product that permits co-containerization of carrier route and 5-digit packages. Preparation of merged 5-digit pallets and merged 5-digit scheme pallets is optional but if performed must be done for all 5-digit ZIP Codes or 5-digit schemes for which those pallet levels are possible (under M920 if there is an "A" or "C" indicator in the City State Product, under M930 if the 5% threshold standard is met, and under M940 if ZIP Codes have an "A" or "C" indicator in the City

State Product and if ZIP Codes with a "B" or "D" indicator in the City State Product meet the 5% threshold standards). For merged 5-digit scheme sacks or pallets, preparation also must be done for all 5-digit scheme destinations. The applicable sequencing requirements in M050 and in 2.2a or 2.2b also must be met.

*[Amend the heading of 2.2 and redesignate 2.2b and c (as revised in Postal Bulletin 22036 (11-2-00)) as 2.2a and b, to read as follows:]*

**2.2 Sequencing Requirements**

Carrier route mail must be prepared in delivery sequence as follows:

- a. Basic carrier route rate mail must be prepared either in carrier walk sequence or in line-of-travel (LOT) sequence according to LOT schemes as prescribed by the USPS (M050).
- b. The high density and saturation rates apply to pieces that are eligible for carrier route rates under 2.1, are prepared in carrier walk sequence, and meet the applicable density standards in 3.0 for the rate claimed.

*[Redesignate 6.0 (as revised in Postal Bulletin 22036 (11-2-00)) as 3.0; amend redesignated 3.1 by changing the reference "2.2" to "1.0 and 2.0," by changing the reference "M200" to "M220," and by changing the reference "6.4" to "3.4"; amend redesignated 3.4 by changing all references to "6.4" to "3.4."]*

*[Redesignate 7.0 as 4.0.]*

**M200 Periodicals (Nonautomation)**

*[Add new heading M210 to read as follows:]*

**M210 Presorted Rate Periodicals**

*[Redesignate the summary of M200 as the summary of M210 and amend to delete references to carrier route mail to read as follows:]*

**Summary** M200 describes the basic standards for Periodicals Presorted rate mailings including package and tray preparation for letters, and package and sack preparation for flats and irregular parcels. Additional requirements for preparing mail on pallets are in M041 and M045, or M041 and M920, M930, or M940. For standards on automation rate Periodicals mailings see E240 and M810 (letters) or M820 (flats), as applicable. For standards on carrier route mailings see E230 and M220.

*[Redesignate M200.1.0 as M210.1.0.]*

**1.0 BASIC STANDARDS**

*[Revise heading and text of redesignated M210.1.1 for clarity and to exclude Presorted rate sacked nonletter-size mailings that contain an automation rate mailing to read as follows:]*

**1.1 Basic Standards**

For all letter-size mailings, for sacked mailing jobs of nonletter-size mail that do not contain an automation rate mailing or a carrier route mailing, and for all palletized mailing jobs the following standards must be met for the Presorted rate mailing:

- a. All pieces in each Presorted rate Periodicals mailing must be in the same processing category.
- b. Letter-size pieces must be packaged under 2.0 and prepared in trays under 3.0. Trays prepared under this section may subsequently be palletized under M041 and M045.
- c. Nonletter-size pieces must be packaged under 2.0. Packages placed on pallets must meet additional packaging criteria under M045.
- d. Packages of nonletter-size pieces must be sacked or palletized under one of the following:
  - (1) Sacked under 4.0, except that a Presorted rate mailing that is part of a mailing job that also contains an automation flats mailing must be sacked under M910 or M920 as described in 1.2.

(2) Palletized under M041 and M045, M920, M930, or M940.

- e. Sacks prepared under 4.0 may subsequently be prepared on pallets under M041 and M045.
- f. All pieces must be sorted together to the finest extent required under the applicable sortation standards described above.
- g. Postmasters may authorize preparation of small mailings in nonpostal containers if they consist primarily of packages for local ZIP Codes, do not exceed 20 pounds, and do not require postal transportation for processing.

*[Move redesignated M200.1.3 to M220 and redesignate as M220.1.3, and change the title from "Basic Carrier Route and Walk Sequence" to "Sequencing Standards."]*

*[Redesignate 1.2 as 1.3 and add new 1.2 to read as follows:]*

**1.2 Additional Standards for Nonletter Sacked Mailing Jobs Containing More Than One Mailing**

The following standards apply:

- a. Flats and irregular parcel mailings prepared in sacks that are part of a mailing job that contains a carrier route rate mailing, an automation flat rate mailing, and a Presorted rate mailing must be prepared under one of the following options: 1) the carrier route mailing must be prepared under E230 and M220 and the automation rate and Presorted rate mailings must be prepared under M910; or 2) all three mailings in the mailing job must be prepared under M920.
- b. Flats and irregular parcel mailings prepared in sacks that are part of a mailing job that contain only an automation flats mailing under E240 and a Presorted rate mailing under E220 must be presorted under the co-sacking standards in M910.
- c. Sacked mailing jobs that contain only a carrier route mailing and a Presorted rate mailing may be separately sacked under M210 and M220, or may be prepared using the merged sacking option under M920.
- d. Sacked mailing jobs that contain only a carrier route mailing and an automation rate mailing may be separately sacked under M220 and M820, or may be prepared using the merged sacking option under M920.

\* \* \* \* \*

**1.3 Documentation**

*[Insert text of redesignated 1.3.]*

**1.4 Firm Packages**

*[Insert text of redesignated 1.4.]*

### 1.5 Low-Volume Packages and Sacks

*[Amend redesignated 1.5 to change internal references and to correct the names of applicable pallet levels to read as follows:]*

As a general exception to 2.2a through 2.2c and 4.0a through 4.0d, nonletter-size Periodicals may be prepared in 5-digit and 3-digit packages containing fewer than six pieces when the publisher determines that such preparation improves service, provided those packages are placed in 5-digit, 3-digit, and SCF sacks. These low-volume packages may be placed on 5-digit scheme, 5-digit, 3-digit, and SCF pallets under M045, or on merged 5-digit scheme, 5-digit scheme, merged 5-digit, 5-digit, 3-digit, or SCF pallets under M920, M930, and M940.

*[Delete 1.6.]*

*[Redesignate 1.7 as 1.6 and amend by deleting "or pallets" from the end of the first sentence, by deleting "sacks or" from the end of the second sentence, by changing the section number references, and by adding a new last sentence to read as follows:]*

### 1.6 Merged Palletization of Nonletter-Size Carrier Route, Automation Rate, and Presorted Rate Mail

Under the standards in M920, nonletter-size firm and 5-digit packages that are prepared under 1.0 and under 2.2a and 2.2b may be co-sacked with nonletter-size firm and carrier route packages prepared under M220 and with nonletter-size 5-digit packages at automation rates prepared under M820 in merged 5-digit sacks and in merged 5-digit scheme sacks. Under the standards in M920, M930, or M940, nonletter-size firm and 5-digit packages that are prepared under 1.0, 2.2a, and 2.2b may be copalletized with nonletter-size firm and carrier route packages prepared under M220 and with nonletter-size 5-digit packages at automation rates prepared under M820 on merged 5-digit pallets and on merged 5-digit scheme pallets. See 1.2a for information on when preparation under M920 may be required.

## 2.0 PACKAGE PREPARATION

### 2.1 General

Package preparation is subject to M020 and the specific standards below.

*[Delete 2.2 and 2.3; redesignate 2.4 as 2.2 and amend to delete information on carrier route packages to read as follows:]*

### 2.2 Package Preparation

Package size, preparation sequence, and labeling:

- a. *Firm*: optional (two-piece minimum); blue Label F or optional endorsement line (OEL).

- b. *5-digit*: required (six-piece minimum, fewer not permitted except under 1.5); red Label D or OEL; *labeling optional for mail placed in full 5-digit trays*.
- c. *3-digit*: required (six-piece minimum, fewer not permitted except under 1.5); green Label 3 or OEL.
- d. *ADC*: required (six-piece minimum, fewer not permitted); pink Label A or OEL.
- e. *Mixed ADC*: required (no minimum); tan Label MXD or OEL.

*[Redesignate 3.0 as 4.0 and redesignate 4.0 as 3.0, and amend redesignated 3.0 and 4.0, respectively, by consolidating former subsections into a single section for trays and a single section for sacks to read as follows:]*

### 3.0 TRAY PREPARATION (LETTER-SIZE PIECES)

Tray size, preparation sequence, and labeling (Line 1 and 2):

- a. *5-digit*: required at 24 pieces, optional with one six-piece package minimum.
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes under M031.
  - (2) Line 2: "LTRS 5D NON BC."
- b. *3-digit*: required at 24 pieces (no minimum for required origin/optional entry 3-digit(s)), optional with one six-piece package minimum.
  - (1) Line 1: use L002, Column A.
  - (2) Line 2: "LTRS 3D NON BC."
- c. *ADC*: required at 24 pieces, optional with one six-piece package minimum.
  - (1) Line 1: use L004.
  - (2) Line 2: "LTRS ADC NON BC."
- d. *Mixed ADC*: required (no minimum).
  - (1) Line 1: use "MXD" followed by the city/state/ZIP of the ADC serving the 3-digit ZIP Code of the entry post office, as shown in L004.
  - (2) Line 2: "LTRS NON BC WKG."

### 4.0 SACK PREPARATION (FLAT-SIZE PIECES AND IRREGULAR PARCELS)

For mailing jobs that also contain an automation rate mailing see 1.2 and M910 or M920. For other mailing jobs, the following are the sack size, preparation sequence, and lines 1 and 2 labeling:

- a. *5-digit*: required at 24 pieces, optional with one six-piece package minimum except under 1.5.
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes under M031.

- (2) Line 2: "PER" or NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "5D NON BC."
- b. *3-digit*: required at 24 pieces, optional with one six-piece package minimum except under 1.5.
- (1) Line 1: use L002, Column A.
- (2) Line 2: "PER" or "NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "5D NON BC."
- c. *SCF*: required at 24 pieces, optional with one six-piece package minimum except under 1.5.
- (1) Line 1: use L002, Column C.
- (2) Line 2: "PER" or "NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "SCF NON BC."
- d. *Origin/entry SCF*: required for the SCF of the origin (verification) office, optional for the SCF of an entry office other than the origin office (no minimum); for Line 1 use L002, Column C.
- (1) Line 1: use L002, Column C.
- (2) Line 2: "PER" or "NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "SCF NON BC."
- e. *ADC*: required at 24 pieces, optional with one six-piece package minimum.
- (1) Line 1: use L004.
- (2) Line 2: "PER" or "NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "ADC NON BC."
- f. *Mixed ADC*: required (no minimum).
- (1) Line 1: use "MXD" followed by the city/state/ZIP of the ADC serving the 3-digit ZIP Code of the entry post office, as shown in L004.
- (2) Line 2: "PER" or "NEWS," as applicable, followed by "FLTS" or "IRREG," as applicable, and "NON BC WKG."

\* \* \* \* \*

[Add new M220 to read as follows:]

## M220 Carrier Route Periodicals Mail

**Summary** M220 describes the basic standards for Periodicals carrier route mailings including package and tray preparation for letters, and package and sack preparation for flats and irregular parcels. Additional requirements for preparing mail on pallets are in M041 and M045, or M041 and M920, M930, or M940. For standards on automation rate Periodicals mailings see E240 and M810 (letters) or M820 (flats), as applicable. For standards on Presorted rate mailings see E220 and M210.

## 1.0 BASIC STANDARDS

### 1.1 General Preparation Standards

The following standards must be met for carrier route mailings:

- a. All pieces in each carrier route Periodicals mailing must be in the same processing category.
- b. Letter-size pieces must be packaged under 2.0 and prepared in trays under 3.0. Trays prepared under this section may subsequently be palletized under M041 and M045.
- c. Nonletter-size pieces must be packaged under 2.0. Packages placed on pallets must meet additional packaging standards under M045.
- d. Packages of nonletter-size pieces must be sacked or palletized under one of the following:
  - (1) sacked under 4.0 or, if eligible, under M920; or
  - (2) palletized under M041 and M045, M920, M930, or M940.
- e. Sacks prepared under 4.0 may subsequently be prepared on pallets under M041 and M045.
- f. All pieces must be sorted together to the finest extent required under the applicable sortation standards described above.
- g. Postmasters may authorize preparation of small mailings in non-postal containers if they consist primarily of packages for local ZIP Codes, do not exceed 20 pounds, and do not require postal transportation for processing.

[Copy former M200.1.2 as M220.1.2 and add the following as the last sentence:]

### 1.2 Documentation

\*\*\* Documentation of sequencing and of density standards under M050 must be submitted with each mailing.

[Change the title of redesignated 1.3 from "Basic Carrier Route and Walk Sequence" to "Sequencing Standards."]

[Copy former M200.1.4 as M220.1.4.]

### 1.5 Low-Volume Packages and Sacks

As a general exception to 2.4b and 4.0b and 4.0c, non-letter-size Periodicals may be prepared in carrier route packages containing fewer than six pieces when the publisher determines that such preparation improves service, provided those packages are placed in 5-digit scheme carrier routes, or 5-digit carrier routes sacks. Low-volume carrier route packages prepared under M920 may also be placed in merged 5-digit scheme, 5-digit scheme carrier routes, merged 5-digit, and 5-digit carrier routes sacks. These low-volume packages also may be placed on 5-digit scheme carrier routes, 5-digit carrier routes, 3-digit, and

SCF pallets under M045, or on merged 5-digit scheme, 5-digit scheme carrier routes, merged 5-digit, 5-digit carrier routes, 3-digit and SCF pallets under M041 and M920, M930, or M940.

[Copy current M200.1.7 as M220.1.6 and amend by deleting “or pallets” from the end of the first sentence, by adding a new second sentence, by deleting “sacks or” from the end of the third sentence, and by changing the section number references, to read as follows:]

### **1.6 Merged Containerization of Nonletter-Size Carrier Route, Automation Rate, and Presorted Rate Mail**

Under the standards in M920, nonletter-size firm and carrier route packages that are prepared under 1.0 and 2.4 may be co-sacked with nonletter-size 5-digit packages at Presorted rates prepared under M210 and with nonletter-size 5-digit packages at automation rates prepared under M820 in merged 5-digit sacks and in merged 5-digit scheme sacks or pallets. For sacked mailing jobs of nonletters that contain an automation and a Presorted rate mailing as well as a carrier route mailing, mailers are required to prepare the automation and Presorted rate mailings under M910 (see M210.1.2a) and prepare the carrier route mailing under M220, unless they elect to prepare the mailings under M920. Under the standards in M920, M930, or M940, nonletter-size firm and carrier route packages that are prepared under 1.0 and 2.4 may be copalletized with nonletter-size 5-digit packages at Presorted rates prepared under M210 and with nonletter-size 5-digit packages at automation rates prepared under M820 on merged 5-digit pallets and on merged 5-digit scheme pallets.

## **2.0 PACKAGE PREPARATION**

### **2.1 General**

Package preparation is subject to M020 and the specific standards below.

### **2.2 Optional Higher Package Minimums**

A mailer may choose to prepare carrier route packages at a higher level of route saturation (for example, only if there are at least 15 pieces per route). Under this option, smaller groups of six or more pieces per carrier route not prepared in carrier route packages for carrier route rates must be prepared for and paid at another applicable rate.

### **2.3 Walk-Sequence Identification**

In addition to the package label showing carrier route type and number under 2.4, each package of Periodicals walk-sequence mail must show that the mail is walk sequenced

and the level of sequencing. A facing slip with the phrase “HIGH DENSITY WALK-SEQUENCED CARRIER ROUTE MAIL” or “SATURATION WALK-SEQUENCED CARRIER ROUTE MAIL” (as applicable) may be placed on the top of each package of walk-sequence mail. It may be an address label with the required information placed on a sample mail-piece that is the top piece in the package, or a slip of paper affixed to the top of the package. If packages are prepared without facing slips, an optional endorsement line or carrier route information line must be placed on each piece in the package to provide the equivalent information.

### **2.4 Package Preparation**

Package size, preparation sequence, and labeling:

- a. *Firm*: optional (two-piece minimum); blue Label F or optional endorsement line (OEL).
- b. *Carrier route*: optional but required for rate eligibility (six-piece minimum, fewer not permitted except under 1.5); labeling required except for packages placed in a direct carrier route tray or sack (facing slip, OEL, or CR information line).

### **3.0 TRAY PREPARATION (LETTER-SIZE PIECES)**

Tray size, preparation sequence, and Line 1 and 2 labeling:

- a. *Carrier route*: required for rate eligibility at 24 pieces, optional with one six-piece package minimum.
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes
  - (2) Line 2: “PER” or “NEWS,” as applicable, followed by “LTRS,” followed by “WSS” for saturation rate mail, or “WSH” for high density rate mail, or “CR” for basic rate mail, and followed by the route type and number.
- b. *5-digit carrier routes*: required for rate eligibility if full tray, optional with minimum one six-piece package.
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes under M031.
  - (2) Line 2: “PER” or “NEWS,” as applicable, followed by “LTRS CR-RTS.”
- c. *3-digit carrier routes*: optional with minimum one six-piece package for each of two or more 5-digit areas.
  - (1) Line 1: use the city/state/ZIP shown in L002, Column A that corresponds to the 3-digit ZIP Code prefix of packages.
  - (2) Line 2: “PER” or “NEWS,” as applicable, followed by “LTRS 3D CR-RTS.”

**4.0 SACK PREPARATION (FLAT-SIZE PIECES AND IRREGULAR PARCELS)**

Sack size, preparation sequence, and Line 1 and 2 labeling:

- a. *Carrier route*: required for rate eligibility at 24 pieces, fewer pieces not permitted.
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes under M031.
  - (2) Line 2: "PER" or "NEWS" as applicable, followed by "FLTS" or "IRREG" as applicable, followed by "WSS" for saturation rate mail, or "WSH" for high density rate mail, or "CR" for basic rate mail, and followed by the route type and number.
- b. *5-digit scheme carrier routes*: required for rate eligibility (no minimum).
  - (1) Line 1: use L001, Column B.
  - (2) Line 2: "PER" or "NEWS" as applicable, followed by "FLTS" or "IRREG" as applicable, followed by "CR-RTS SCH."
- c. *5-digit carrier routes*: required for rate eligibility (no minimum).
  - (1) Line 1: use 5-digit ZIP Code destination of packages, preceded for military mail by the prefixes under M031.
  - (2) Line 2: "PER" or "NEWS" as applicable, followed by "FLTS" or "IRREG" as applicable, followed by "CR-RTS."

**M800 All Automation Mail**

**M820 Flat-Size Mail**

**1.0 BASIC STANDARDS**

\* \* \* \* \*

**1.8 Exception — Periodicals Preparation**

[Amend 1.8 by replacing the last sentence with the following:]

\* \* \* These low-volume packages may be placed on 5-digit scheme, 5-digit, 3-digit, and SCF pallets under M041 and M045, or on merged 5-digit scheme, 5-digit scheme, merged 5-digit, 5-digit, 3-digit, and SCF pallets under M041 and either M920, M930, or M940. They may also be placed in merged 5-digit scheme, merged 5-digit, 5-digit, 3-digit, and SCF sacks prepared under M920.

**1.9 Co-Traying, Co-Sacking, or Copalletizing with Presorted Rate Mail**

Packages of First-Class and Standard Mail (A) prepared under 1.0 and either 2.1 or 4.1, as applicable, may be co-trayed or co-sacked with Presorted rate mail that is part of the same mailing job and mail class at all levels of tray or sack under the provisions of M910. For sacked mailings of Periodicals nonletters, packages of Periodicals automation flats mail prepared under 1.0 and 3.1 that are part of the same mailing job as a Presorted rate mailing of nonletters *must* be co-sacked under M910, unless the mailing job also contains a carrier route mailing and is eligible for and prepared under M920. See M210.

**2.0 PERIODICALS**

**2.1 Basic Standards**

[Amend 2.1d and 2.1e by replacing "E230" with "E220."]

\* \* \* \* \*

**2.2 Package Preparation**

[Amend 2.2 by replacing "M200" with "M210."]

**2.3 Low-Volume Packages in Sacks or on Pallets**

[Amend 2.3 by replacing "M200" with "M210" and by replacing "M200.1.4" with "M210.1.4."]

\* \* \* \* \*

[Amend the heading of M920 to read as follows:]

**M920 Merged Containerization of Flats Packages Using the City State Product**

\* \* \* \* \*

**1.0 PERIODICALS MAIL**

**1.1 Basic Standards**

*[Amend 1.1g, 1.1h, and 1.1i to change the reference numbers to read as follows:]*

Carrier route packages of nonletter-size pieces in a carrier route rate mailing may be placed in the same sack or on the same pallet (a merged 5-digit sack or pallet, or a merged 5-digit scheme sack or pallet) as nonletter-size 5-digit packages from an automation rate mailing and nonletter-size 5-digit packages from a Presorted rate mailing under the following conditions:

\* \* \* \* \*

- g. The carrier route mailing must meet the eligibility criteria in E230, the automation rate mailing must meet the eligibility criteria in E240, and the Presorted rate mailing must meet the eligibility criteria in E220.
- h. For sacked mailings, the rates for pieces in the carrier route mailing are based on the criteria in E230, the rates for pieces in the automation rate mailing are applied based on the number of pieces in the package and the level of package to which they are sorted under E240, and the rates for pieces in the Presorted rate mailing are based on the number of pieces in the package and the level of sack to which they are sorted under E220.
- i. For palletized mailings, the rates are based on the level of package and the number of pieces in the package under E220, E230, and E240.

\* \* \* \* \*

**1.2 Package Preparation**

*[Amend 1.2a to reflect new reference numbers to read as follows:]*

Packages must be prepared as follows:

- a. *Sacked Mailings.* The carrier route mailing must be packaged and labeled under M220. The automation rate mailing must be packaged and labeled under M820. The Presorted rate mailing must be packaged and labeled under M210.

\* \* \* \* \*

**1.3 Low-Volume Packages in Sacks or on Pallets**

*[Amend 1.3 to reflect new reference numbers to read as follows:]*

Carrier route and 5-digit packages prepared under M210, M220, and M820 that contain fewer than six pieces must be placed in sacks under 1.4a through 1.4f or in 3-digit and SCF sacks under 1.4g, or on pallets under 1.5a through 1.5h, when the publisher determines that such preparation improves service. Pieces in such low-volume packages must claim the applicable basic rate, except that, as

provided under M210.1.4 and M220.1.4, some firm packages may be eligible for carrier route rates and for 5-digit and 3-digit Presorted rates.

**1.4 Sack Preparation and Labeling With Scheme Sort**

*[Change the reference "M200.3.0" to "M210.4.0."]*

\* \* \* \* \*

*[Amend the heading of M930 to read as follows:]*

**M930 Merged Palletization of Flats Packages Using a 5% Threshold**

\* \* \* \* \*

**1.0 PERIODICALS MAIL**

**1.1 Basic Eligibility Requirements**

*[Amend 1.1f, 1.1g, and 1.1k to change the reference numbers to read as follows:]*

Nonletter-size 5-digit packages from an automation rate mailing and nonletter-size 5-digit packages from a Presorted rate mailing may be placed on the same pallet (a merged 5-digit pallet or a merged 5-digit scheme pallet) as carrier route packages of nonletter-size pieces in a carrier route rate mailing under the following conditions:

\* \* \* \* \*

- f. The carrier route mailing must meet the eligibility criteria in E230, the automation rate mailing must meet the eligibility criteria in E240, and the Presorted rate mailing must meet the eligibility criteria in E220.
- g. The rates are based on the level of package and the number of pieces in the package under E220, E230, and E240.
- k. Portions of the mailing job that cannot be palletized must be prepared in sacks under M210, M220, M820, M910, or M920.

\* \* \* \* \*

**1.3 Low-Volume Packages on Pallets**

*[Amend 1.3 by changing "M200" to "M210, M220."]*

**1.4 5% Threshold Standard**

*[Amend 1.4f to reflect new reference numbers to read as follows:]*

Mailers may place 5-digit packages with carrier route packages on the same merged 5-digit scheme or merged 5-digit pallet under 1.5 if all of the following conditions are met:

\* \* \* \* \*

- f. Copies in firm packages claimed as one piece for rate purposes will be considered a single piece when performing the 5% limit calculation under 1.4a

through 1.4d. As provided in M210.1.4 and M220.1.4, some firm packages claimed as one piece may be eligible for carrier route rates, 5-digit rates, or basic rates. The sortation level of each firm piece (package) for purposes of applying the 5% limit will be considered to be carrier route if the firm piece (package) is eligible for the carrier route rate under M220.1.4. Otherwise the firm package will be considered to be a 5-digit sorted piece (even if the basic rate must be paid on that piece).

\* \* \* \* \*

[Amend the heading of M940 to read as follows:]

**M940 Merged Palletization of Flats Packages Using the City State Product and a 5% Threshold**

**1.0 PERIODICALS MAIL**

**1.1 Basic Standards**

[Amend 1.1g, 1.1h, and 1.1i to change the reference numbers to read as follows:]

Nonletter-size 5-digit packages from an automation rate mailing and nonletter-size 5-digit packages from a Presorted rate mailing may be placed on the same pallet (a merged 5-digit pallet or a merged 5-digit scheme pallet) as carrier route packages of nonletter-size pieces under the following conditions:

\* \* \* \* \*

- g. The carrier route mailing must meet the eligibility criteria in E230, the automation rate mailing must meet the eligibility criteria in E240, and the Presorted rate mailing must meet the eligibility criteria in E220.
- h. The rates are based on the level of package and the number of pieces in the package under E220, E230, and E240.

\* \* \* \* \*

- i. Portions of the mailing job that cannot be palletized must be prepared in sacks under M210, M220, M820, M910, or M920.

\* \* \* \* \*

**1.3 Low-Volume Packages on Pallets**

[Amend 1.3 by changing "M200" to "M210, M220."]

**1.4 5% Threshold Standard**

[Amend 1.4f to reflect new reference numbers to read as follows:]

For 5-digit ZIP Codes with a "B" or "D" indicator in the City State Product, mailers may place 5-digit packages with carrier route packages on the same merged 5-digit scheme or merged 5-digit pallet under 1.5 if all of the following conditions are met:

\* \* \* \* \*

- f. Copies in firm packages claimed as one piece for rate purposes will be considered a single piece when performing the 5% limit calculation under 1.4a through 1.4d. As provided in M210.1.4 and M220.1.4, some firm packages claimed as one piece may be eligible for carrier route rates, 5-digit rates, or basic rates. The sortation level of each firm piece (package) for purposes of applying the 5% limit will be considered to be carrier route if the firm piece (package) is eligible for the carrier route rate under M220.1.4. Otherwise the firm package will be considered to be a 5-digit sorted piece (even if the basic rate must be paid on that piece).

## Shipping Online Test is Over

*Shipping Online*, the prototype software application used for preparing USPS Express Mail and Priority Mail shipments from a customer's desktop computer, is a no-go after beta testing indicates insufficient market opportunities. Initial trials that started back in December 1999 were designed to "test the waters" of customer acceptance. In the end, *Shipping Online* just didn't match our strategic goals. Accordingly, the current test will be completed and *Shipping Online* will not be made available as a Postal Service product.

On Friday, December 29, 2000, the Postal Service will shut down the operation of *Shipping Online*. All transactions must be completed by that time. After that, any Express Mail or Priority Mail piece bearing a label imprinted with "Shipping Online" should no longer be accepted, but returned to sender.

The Postal Service is still offering customers high-quality online service alternatives like *Stamps Online*, *Supplies Online*, *Mailing Online*, *USPS eBillPay*, and *PosteCS*.

As the Postal Service faces increased competition coupled with explosive growth in eCommerce, we'll be looking to these initiatives to help fulfill the needs of the changing marketplace.

PC Postage is still a premier web-based Postal Service product for small businesses that are pushing economic growth and comprise one of our major customer segments. They'll still be able to purchase online postage from any of several commercial providers who are all approved and licensed by the Postal Service. The PC Postage providers are listed on the Postal Service web page at [www.usps.com](http://www.usps.com).

Customers who have questions about the termination of *Shipping Online* can call our Internet Customer Care Center at 1-800-344-7779.

Public Affairs and Communications, 12-14-00

**\$5 cover charge.  
\$30 for drinks.  
\$10,000 drunk driving arrest.**

**You can't put a price on a safe ride home.**

Impaired driving is a leading cause of death for people under the age of 30. The added tragedy is that drunk and drugged driving is entirely preventable. There are alternatives:

- **Designate a sober driver.**
- **Call a taxi cab.**
- **Stay the night where you are.**

If you don't find a safe way home, consider yourself lucky if you are arrested. If you drive after drinking or using drugs, you can lose your life.

Remember: When *You Drink & Drive*. *You Lose*.

## DMM REVISION

**Address Sequencing Services**

Effective July 5, 2001, *Domestic Mail Manual* (DMM) A920 is amended to reflect an enhancement to provide an electronic option for list owners to have their address list sequenced. The existing service for address card sequencing will remain for those customers who wish to continue with manual address cards.

The manual address card sequencing process that has been available for many years has become too labor intensive and expensive for some mailers to maintain. An increasing number of customers have requested the adoption of a more efficient and cost-effective procedure for the sequencing of address lists. In response, the Postal Service is implementing an electronic address sequencing service for those customers who want to discontinue the production and processing of manual address cards.

These changes will appear in the printed version of DMM Issue 57 and, once effective, in the monthly update of the online DMM available via Postal Explorer (<http://pe.usps.gov>).

**Domestic Mail Manual (DMM)****A Addressing**

\* \* \* \* \*

**A900 Customer Support**

\* \* \* \* \*

**A920 Address Sequencing Services****1.0 SERVICE LEVELS**

*[Amend 1.0 to add electronic file options to read as follows:]*

The USPS provides the following levels of manual or electronic address sequencing service for city carrier routes, rural routes, highway contract routes, and post office box sections:

- a. Sequencing of address cards or electronic address files.
- b. Sequencing of address cards or electronic address files, plus inserting only blank cards for missing addresses or missing sequence numbers for the addresses missing from the electronic files.
- c. Sequencing of address cards or electronic address files, plus inserting cards with addresses for missing or new addresses, or inserting addresses into electronic files for missing or new addresses.
- d. For address cards or electronic files, if qualification is met, the Postal Service will provide seeded addresses to the list owners for inclusion in their address files for file protection.

- e. If a request for sequencing contains a seeded address, the owner of the seeded address will be notified within 30 days of detection. If all known possibilities of fraud can not be ruled out, the request will be denied and the Postal Inspection Service will be notified.

*[Amend the heading of 2.0 to read as follows:]*

**2.0 CARD OR FILE PREPARATION AND SUBMISSION****2.1 Color and Size**

*[Amend 2.1 to read as follows:]*

When submitting cards, all address cards must be made of white or buff-colored card stock and of an identical size (5 to 8-5/16 inches long and 2-1/4 to 4-1/4 inches high). Blank cards for missing and/or new addresses must be of the same size as the submitted address cards but of a different color. A customer must provide enough cards to equal at least 10% of the number of address cards submitted.

**2.2 Limitation**

*[Amend 2.2 to read as follows:]*

The customer must not submit address cards or an address file in excess of 110% of the possible deliveries for a specific 5-digit ZIP Code delivery area. Customers requesting the service level in 1.0c will be allowed three attempts to qualify a ZIP Code for the service within a 12-month period. Failure to qualify within three attempts within 12 months will result in a suspension of 1 year for any additional attempts to qualify the ZIP Code.

**2.3 Addressing Format**

*[Amend 2.3 to read as follows:]*

Addressing format is specific to the media being used.

- a. *Card Processing.* Cards must be faced in the same direction and bear only one address each. The customer's current address information must be computer-generated, typed, or printed along the top of the card. The address must be within 1 inch from the top edge of the card in about the same location on each card submitted. Each card must include a complete address, but the ZIP Code is optional. Street designators may be abbreviated as shown in Publication 28, *Postal Addressing Standards*. When sequence cards are used to obtain address sequencing information for post office boxes, the box section number must be substituted for the carrier route number (if shown).

b. *Electronic Processing.* The customer must submit address files on electronic media, as described by the Postal Service. Call the National Customer Support Center at 1-800-331-5747 for a copy of the required format.

**2.4 Header Cards**

*[Amend the first sentence of 2.4 and add a second sentence to read as follows:]*

When submitting address cards customers must provide carrier route header cards, prepared with standard 80-column computer card stock (or another size as described above). The header cards must be typed, computer-generated, or printed by the customer. \* \* \*

**2.5 Delivery Unit Summary**

*[Amend 2.5 to read as follows:]*

A Delivery Unit Summary must be typed, computer-generated, or printed, and provided by the customer for card processing. A printed copy or electronic file will be acceptable for address file submissions. When submitting address cards, an original and two copies must be submitted for each 5-digit ZIP Code delivery area. When submitting an address file, an original and two copies of a printed form or one electronic file must be submitted for each 5-digit ZIP Code delivery area. This form, used by the Postal Service to provide summary information to the customer, is necessary for calculating total charges for the service level provided. For address card submissions, the original is returned to the customer with the cards as the customer's bill. For electronic address file submissions, a computer-generated Delivery Unit Summary is returned as the customer's bill. Upon receipt of payment, the ZIP Code will be qualified for Computerized Delivery Sequence (CDS), and product fulfillment will begin. Examples of the required hardcopy or electronic format of the Delivery Unit Summary can be obtained from the National Customer Support Center (see G043 for address).

**2.6 5-Digit ZIP Codes**

*[Amend the first sentence of 2.6 to read as follows:]*

When submitting address cards, the cards for each 5-digit ZIP Code area must be placed in separate containers, each with an envelope affixed containing a packing list and Delivery Unit Summary sheets for that 5-digit ZIP Code area. \* \* \*

*[Amend the heading and text of 2.7 to read as follows:]*

**2.7 Submitting Cards or Electronic Files**

The designated place for submission of addresses for sequencing depends on the type of media used.

a. *Card Processing.* The customer must submit the containers of address cards to the district manager of Address Management Systems for carrier routes

within the corresponding district. (Exception: Address cards only for addresses in the city where the customer is located may be submitted to the postmaster of that city for sequencing and correction.) Unless directed otherwise, the customer must address containers of address cards to:

MANAGER ADDRESS MANAGEMENT SYSTEMS  
UNITED STATES POSTAL SERVICE  
[STREET ADDRESS]  
[CITY/STATE/ZIP+4]

b. *Electronic Processing.* The customer must submit address files on electronic media, as described by the Postal Service, to:

COMPUTERIZED DELIVERY SEQUENCING  
DEPARTMENT  
NATIONAL CUSTOMER SUPPORT CENTER  
UNITED STATES POSTAL SERVICE  
6060 PRIMACY PKWY STE 201  
MEMPHIS TN 38188-0001

**2.8 Postage**

*[Amend 2.8 by inserting the following after the first sentence:]*

\* \* \* Address files can be mailed at the appropriate rate or be electronically transmitted, as determined by the USPS, to the National Customer Support Center. \* \* \*

**2.9 USPS Sequencing**

*[Amend 2.9 to read as follows:]*

Unsequenced address cards received at post offices or unsequenced address files received at the National Customer Support Center will be arranged in sequence of carrier route delivery without charge. Cards with incorrect or undeliverable addresses are removed from carrier route bundles, bundled separately, and returned to the customer. When address files are submitted, incorrect or undeliverable addresses are removed from the original file and returned as a separate file.

*[Amend the heading of 2.10 to read as follows:]*

**2.10 USPS Time Limits and Billing**

*[Amend 2.10 so that the first sentence reads as follows:]*

The post office or the National Customer Support Center, whichever performs the service, returns the cards or address file and the bill for applicable charges to the customer within 15 working days after receiving a properly prepared request for address sequencing. \* \* \*

**2.11 Seasonal Addresses**

*[Amend 2.11 to read as follows:]*

Under all service levels, correct addresses subject to seasonal occupancy, but which do not indicate seasonal treatment, will be identified with an "S" on cards or a flag on address files. If the address is included in a series such as those used for apartment buildings, trailer parks, and

seasonal delivery areas in general, the appropriate "seasonal" indicator box is checked on the card or flagged on the address file. When correct address cards or address files that are not subject to seasonal occupancy but that include seasonal treatment notations are submitted, the seasonal indicator is marked out on cards or left blank on address files. For cards, a rubber band is placed around the card to identify it before it is put in carrier route sequence order in the returned deck of cards. No charge is assessed for this service.

*[Amend the heading of 3.0 to read as follows:]*

**3.0 SEQUENCING CARDS WITH BLANKS FOR MISSING ADDRESSES OR SEQUENCING ADDRESSES FILES WITH MISSING SEQUENCE NUMBERS**

**3.1 USPS Sequencing**

*[Amend 3.1 to read as follows:]*

USPS employees at post offices (for cards) or the National Customer Support Center (for address files) arrange unsequenced addresses in sequence of carrier route delivery without charge, remove incorrect or undeliverable addresses and, if cards, bundle separately for return to the customer, insert a blank card or missing sequence number (for address files only) for each existing address that is not included in the customer's cards or address file. (If several addresses in a series are missing, a single blank card is inserted for the series showing the number of missing addresses, or for address files a series of missing sequence numbers will be omitted identifying the number of missing addresses.)

*[Amend the heading of 3.2 to read as follows:]*

**3.2 USPS Time Limits and Billing**

*[Amend 3.2 to read as follows:]*

The post office (for cards) or the National Customer Support Center (for address files) returns the cards or address file along with a bill for applicable charges to the customer within 15 working days after receiving a properly prepared request for address sequencing. This time limit does not apply to cards received between November 16 and January 1, which are sequenced as promptly as possible.

*[Amend the heading of 4.0 to read as follows:]*

**4.0 SEQUENCING WITH ADDRESS CARDS OR ADDRESS FILE SEQUENCING WITH ADDRESSES ADDED FOR MISSING AND NEW ADDRESSES**

**4.1 USPS Sequencing**

*[Amend 4.1 to read as follows:]*

USPS employees at post offices (for cards) or the National Customer Support Center (for address files) arrange unsequenced addresses in sequence of carrier route delivery without charge, remove incorrect or undeliverable addresses and, if cards, bundle separately for return to the customer or, if an address file, return as a separate file, and add new or missing addresses (including rural address conversions to city delivery) for each existing address that is not included in the customer's cards or address file.

*[Amend the heading and text of 4.2 to read as follows:]*

**4.2 Separate Address Groups**

Separate groups of address cards must be submitted for the addresses in each 5-digit ZIP Code delivery area: city carrier (residential addresses only); city carrier (business addresses only); city carrier (combination of residential and business addresses); rural and highway contract route addresses; or post office box addresses (whether business, residential, or a combination). If submitting an electronic address file, a single file meeting the same requirements is acceptable. Each group must be accompanied by a statement showing:

- a. Types of addresses (i.e., residential, business, or a combination).
- b. Number of addresses on the cards or in the address file.
- c. Name, mailing address, and telephone number of the list owner or agent.

\* \* \* \* \*

**4.4 Address Percentage**

*[Amend 4.4 to read as follows:]*

For the 5-digit ZIP Code area, the mailing list that the cards or address file represents must contain 90% of all possible residential or business city carrier addresses for addresses in the respective address group, 90% of all city carrier addresses for addresses in a combination residential/business address group, or 90% of all possible deliveries for addresses in rural/highway contract route and post office box groups.

\* \* \* \* \*

[Amend the heading and the first sentence of 4.6 to read as follows:]

**4.6 Resubmitting Cards or Address File**

Customers must monitor community growth and determine when address cards or address files need to be submitted for resequencing to maintain the 90% eligibility level of address coverage. \* \* \*

**5.0 SERVICE CHARGES**

**5.1 Basic Service**

[Amend the first sentence of 5.1 to read as follows:]

For sequencing of address cards or address files, the applicable fee is charged for each address card or address that is removed because of an incorrect or undeliverable address. \* \* \*

**5.2 Blanks for Missing Addresses**

[Amend 5.2 to read as follows:]

For sequencing of address cards or address files with total possible deliveries shown, the applicable fee is charged for each address card or address that is removed because it is incorrect or undeliverable. No charge is assessed for the insertion of blank cards or missing sequence numbers (for address files) showing the range of missing addresses in a submitted list.

**5.3 Missing or New Addresses**

[Amend the first sentence of 5.3 to read as follows:]

For sequencing of address cards or address files with missing or new addresses added, the applicable fee is charged for each address card or address that is removed because it is incorrect or undeliverable, and for each address (possible delivery) that is added to the customer's list. \* \* \*

\* \* \* \* \*

**5.5 Free Services**

[Amend 5.5a to read as follows:]

These services are provided at no charge for all three levels of service:

- a. If the customer includes a rural address (box number) in a deck of cards or address file submitted for sequencing, and a street address is assigned to that box number so it can be served on a city delivery route, a correct address card or address is included at no charge.

\* \* \* \* \*

**6.0 SUBMITTING PROPERLY SEQUENCED MAILINGS**

**6.1 Customer Responsibility**

[Amend the first sentence in 6.1 to read as follows:]

The customer must ensure that mailings are prepared in correct carrier route delivery sequence, and resequence cards or an address file when necessary. \* \* \*

**6.2 Changes**

[Amend 6.2 to read as follows:]

When delivery changes affect delivery sequence but do not cause scheme changes, card customers will be notified in writing and must then submit cards for the affected routes or the complete ZIP Code for resequencing. Computerized Delivery Sequence (CDS) customers will automatically receive an updated electronic file from the Postal Service.

**6.3 Out-of-Sequence**

[Amend the third sentence in 6.3 to read as follow:]

\* \* \* If the customer does not take corrective action, the USPS gives written notice that the customer is no longer allowed to submit address cards to the post office or address files to the National Customer Support Center for sequencing. \* \* \*

**6.4 Reinstatement**

[Amend 6.4 to read as follows:]

Generally, a customer denied address card or address file sequencing service for a specific ZIP Code may not submit address cards (to the post office) or address files (to the National Customer Support Center) for sequencing where that sequencing service was terminated for 1 year after the effective date of termination. After that time, the customer is again authorized to submit the ZIP Code address cards (to the post office) or address files (to the National Customer Support Center) for sequencing. At any time during the year after termination of service, the customer may renew the submission if the postmaster (for address cards) or the National Customer Support Center (for address files) is convinced that the customer has taken all necessary action to correct the past errors.

## DMM REVISION

**Priority Mail Drop Shipment**

Effective January 7, 2001, *Domestic Mail Manual* (DMM) D071 and M072 are revised to change and clarify procedures for Priority Mail drop shipments. In addition, Tag 159, *Priority Mail Drop Shipment*, which is used with Priority Mail sacks, is revised. An accompanying article on page 29 describes the new tag. Label 23, *Priority Mail Drop Shipment*, used for letter trays, and Tag 157, *Express Mail Drop Shipment*, used with Express Mail pouches, are not revised at this time.

To improve handling, standards in the DMM for Priority Mail drop shipment have been revised. Highlights include:

- When a Priority Mail drop shipment is sacked, the orange Priority Mail sack must be used to facilitate identification for expedited transport.
- All Priority Mail drop shipment containers must be labeled to the destination postal facility where the drop shipment is to be opened and the contents distributed. Container labels must be barcoded and must meet the requirements in M032. The line “Manager, Distribution Operations, Open and Distribute” is no longer required on drop shipment labels.
- No special service can be added to the Express Mail or Priority Mail portion of the drop shipment. However, special services are available for the enclosed mail. For mail enclosed in an Express Mail drop shipment, available special services are provided in S500. For mail enclosed in a Priority Mail drop shipment, available special services are provided in S070.
- Customers may use 1-foot letter trays for Priority Mail drop shipments. Subject to availability, 1-foot or 2-foot regular managed mail (MM) or 2-foot extended managed mail (EMM) letter trays must be used as appropriate for the size and volume of letters. Each tray must be sleeved, affixed with Label 23, and strapped. Two trays of identical size may be bundled together, as long as each tray has been strapped in accordance with M033.1.5.
- Permit imprint may be used to pay postage on Priority Mail drop shipments. The permit imprint indicia must be printed in the “postage area” on Tag 159 and Label 23. To protect revenue and ensure that postage was collected, acceptance clerks will still be required to sign and date stamp (or “bump”) Tag 159 and Label 23. Customers and USPS employees are

reminded that a minimum 200 pieces/50 pounds of Priority Mail is required for any permit imprint mailing (see DMM P040.5.1). Postage must be reported on PS Form 3600-PM, *Postage Statement — Priority Mail — Permit Imprint*.

Questions about Priority Mail drop shipments should be directed to your district manager, Business Mail Entry.

This revision will appear in the printed version of DMM 56 and in the monthly update of the DMM available via Postal Explorer (<http://pe.usps.gov>).

**Domestic Mail Manual (DMM)****D Deposit, Collection, and Delivery****D000 Basic Information**

**M Mail Preparation and Sortation****M000 General Preparation Standards**

\* \* \* \* \*

**M070 Mixed Classes**

\* \* \* \* \*

**M072 Express Mail and Priority Mail Drop Shipment**

*[Revise M072 to read as follows:]*

**1.0 BASIC STANDARDS****1.1 Enclosed Mail**

Mail enclosed in a drop shipment must meet the eligibility and preparation standards for its class and rate and for any special services used. Mail requiring cancellation may not be drop shipped. For mail enclosed in an Express Mail drop shipment, available special services are indicated in S500. For mail enclosed in a Priority Mail drop shipment, available special services are indicated in S070. When a drop shipment is destined to a 5-digit facility, then sacking or traying is not required for letters or flats, as long as all enclosed packages are destined to the same 5-digit ZIP Code as the Express Mail or Priority Mail pouch.

**1.2 Standards**

The Express Mail or Priority Mail portion of the drop shipment must meet the standards in M500 or M100, respectively, and the applicable standards in D071 and M072.

**1.3 Containers for Expedited Transport**

An Express Mail drop shipment must be contained in a blue and orange Express Mail pouch. A Priority Mail drop shipment must be contained in either an orange Priority Mail sack or a letter-size tray.

**1.4 Container Labels**

Container labels for drop shipments expedited by Express Mail pouches or Priority Mail sacks/trays must be barcoded and meet the requirements in M032. All lines of information must be completely visible when inserted into the label holder. Line 1 (destination line) provides information on the destination entry office where the enclosed mail is to be distributed:

- a. For BMC distribution, use L601. For ASF distribution, use L602.
- b. For 3-digit ZIP Code prefix groups, use L004 (ADC distribution) or L005 (SCF distribution).
- c. For 5-digit ZIP distribution, Line 1 must contain the city, state, and 5-digit ZIP Code that appears on the enclosed mail.

For Line 2 (content line), print "EXPRESS DROP SHIP" or "PRIORITY DROP SHIP," as appropriate. Line 3 (origin line) must conform to the standards in M032.

**1.5 Tag 157**

In addition to the Express Mail pouch label, Tag 157 must be attached to each Express Mail pouch to identify it as an Express Mail drop shipment mailing and to identify the class of mail enclosed.

**1.6 Tag 159**

In addition to the Priority Mail sack label, Tag 159 must be attached to each Priority Mail sack to identify it as a Priority Mail drop shipment mailing. Tag 159 indicates the class of mail enclosed in the Priority Mail sack and provides a place to affix Priority Mail postage.

**1.7 Label 23**

As an alternative to sacking Priority Mail drop shipment mailings, mailers may affix Label 23 to Priority Mail drop shipments prepared in letter trays. Label 23 may be used to transport one or two trays. Label 23 must be affixed to the sleeve of the top tray prior to strapping. Two trays of identical size may be bundled together, as long as each individual tray has been strapped in accordance with M033.1.5. Bundled trays must be strapped securely around the length of the two trays. The total weight of tray(s) with Label 23 affixed may not exceed 70 pounds.

*[Delete 2.0, "ADDITIONAL STANDARDS FOR ENCLOSED MAIL." Renumber 3.0, 3.1, and 3.2 as 2.0, 2.1, and 2.2, respectively. No other changes to text.]*

NOTICE

**PS Form 153, Signature Confirmation**

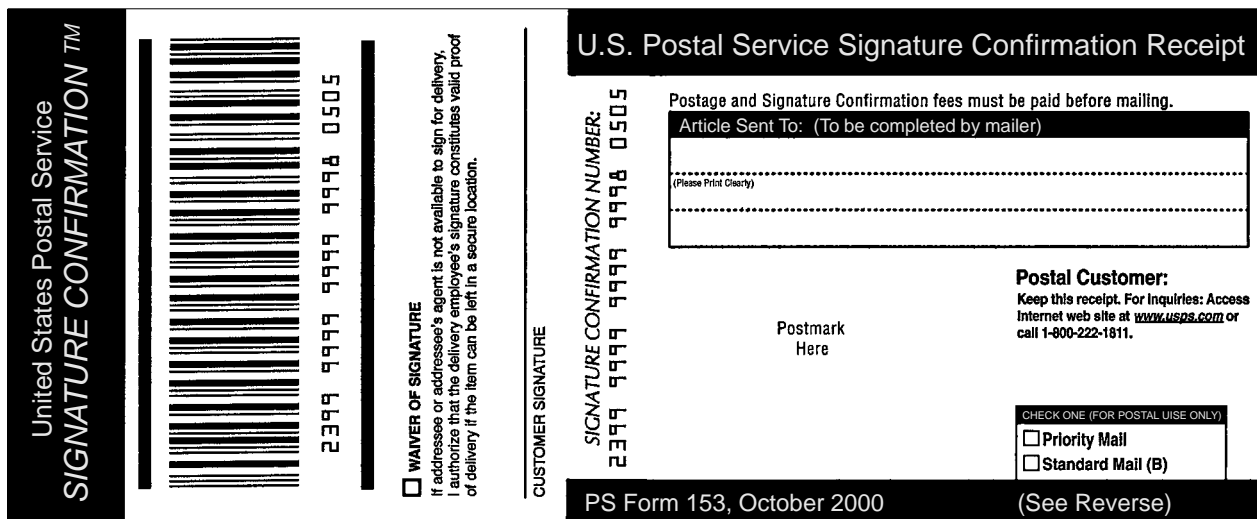

Signature Confirmation service will be launched nationally in conjunction with the new rates on January 7, 2001. Automatic shipment of the retail label PS Form 153, *Signature Confirmation*, will be delivered to offices between December 23 and December 29, 2000. All post offices, stations, branches, contract stations, and community post offices will receive an initial quantity of the retail form. The shipment is being sent First Class or Priority Mail (see illustration of shipping label to the right). Please watch for your initial supply. If you do not receive a supply of the forms by January 2, 2001, please contact your District Retail Specialist for an emergency shipment. All districts should have received a shipment of the *Signature Confirmation* forms for emergency use only. Information for regular ordering of the form will be in the December 28th *Postal Bulletin*.

PS Form 153, *Signature Confirmation*, is hot pink. It has been designed in three parts: the customer receipt, the barcode section, and the waiver of signature (see illustration below).

**Please do not display these forms in your lobby until January 7th.**

Additional information on this new service will be published in the December 28th *Postal Bulletin*. Signature Confirmation service will also be included with R2000-1 Rate Case Implementation information.

## New Tag 159

Effective January 7, 2001, Tag 159, *Priority Mail Drop Shipment*, is revised. An illustration of the new black-and-white tag accompanies this article.

The block under "Open and Distribute At" must contain the same information printed on Line 1 of the Priority Mail sack label and must follow standards in *Domestic Mail Manual* (DMM) M072.1.4. An accompanying article on page 26 of this *Postal Bulletin* includes revisions to the DMM for Priority Mail drop shipments.

Employees are reminded that Tag 159 is not reusable and must be discarded by the destination facility after the sack has been opened for distribution. Label 23, *Priority Mail Drop Shipment*, used for letter trays, and Tag 157, *Express Mail Drop Shipment*, used with Express Mail pouches, are not revised at this time.

Customers may continue to use existing stocks of Tag 159 until new tags are available at the Expedited Mail Products Supply Center (800-610-8734).

Not to scale.

— Processing Operations, Operations Planning and Processing, 12-14-00

## 2000 IRS Tax Packages

On December 26, 2000, contract mailers for the Internal Revenue Service (IRS) will begin mailing 56 million tax packages for tax year 2000. By January 5, 2001, contractors are expected to have approximately 97 percent of this mail in the postal system. January 15 has been designated as the last date for deposit of the remaining 3 percent. Tax packages for Alaska and Hawaii will be air shipped. The mail will bear IRS permit imprint number G-48.

### Acceptance Offices

Contract mailers for the IRS will prepare tax packages for mailing at the Standard Mail (A) Enhanced Carrier Route rates. Acceptance offices must verify that mailings

are prepared correctly for Standard Mail (A) bulk rates (carrier route, 3/5, and basic).

The packages must meet all preparation and makeup requirements in the *Domestic Mail Manual* (DMM). Offices must verify that tax package mailings are prepared according to the presort requirements for Standard Mail (A). They must weigh and verify mailings unless the Rates and Classification Service Center (RCSC) serving the post office of mailing authorizes an optional procedure for that contract mailer. Supporting paperwork for the optional procedure must be provided at the time of mailing. This verification ensures that the rate and piece counts claimed on the postage statements are accurate and that the IRS has paid the correct postage.

RCSCs have authorized Fry Communications in Mechanicsburg, Pennsylvania, and Webco Printing in Omaha, Nebraska, to mail using an optional procedure.

### New Look for 941TeleFile Package

Seventeen million 941TeleFile packages will have a new look this year. The traditional flat size piece has been modified to letter size. The piece measures 4 3/8 x 10 7/8 inches and is being prepared by Freedom Graphics in Dixon, Illinois.

### Destination Offices

*Crossdock Pallets:* Bulk Mail Centers (BMCs) and Processing and Distribution Centers (P&DCs) will receive pallets labeled to 5-digit, 3-digit, and sectional center facilities (SCFs). These pallets should remain intact and be dispatched to the appropriate destination.

*Working Pallets:* Upon receipt of working pallets, operations will break open the pallets and distribute. The destination for each bundle/sack is on the label.

Dispatch the packages, sacks, and bundles of tax packages to the destination facilities for distribution to the delivery units.

### Delivery

Tax packages should be delivered upon receipt.

### Errors and Irregularities

Delivery offices should be alert to errors in makeup. When carrier route presort errors exceed the 5 percent allowance, deliver the mail and use established reporting procedures to report errors to the following address:

MANAGER POST OFFICE ACCOUNTING  
ATTN IRS FORMS TAX PACKAGE 2000  
US POSTAL SERVICE  
475 L'ENFANT PLAZA SW RM 8831  
WASHINGTON DC 20260-5242

### Undeliverable Tax Packages

Carriers and Markup clerks must pay particular attention to endorsed packages identified as Forms 1040 and 1040A-2. These two (2) forms are the *only* ones eligible for forwarding or return services.

All *endorsed* tax packages that are undeliverable are to be sent to the CFS unit (normal procedure) where they will be handled as specified in DMM F010.5.0 and DMM Exhibit F010.5.3.

These packages should be returned to the IRS at the following address only:

INTERNAL REVENUE SERVICE  
PHILADELPHIA SERVICE CENTER  
11603 ROOSEVELT BLVD  
PHILADELPHIA PA 19161

**All other undeliverable forms must be treated as waste and may not be placed in postal lobbies for any reason.**

— Services Segment, Sales, 12-14-00

## Holiday HAZMAT

'Tis the season... to make this the safest and most successful holiday season ever for the United States Postal Service.

With the busy holiday season upon us, it is important to take a moment to reinforce some important points regarding hazardous materials that can be found in the mail, especially at this time.

Customers rely heavily on the USPS to safely and efficiently deliver their gifts to friends, business associates, and loved ones during this season and also to return packages after the holidays. It is important that every Postal Service employee take steps to ensure that holiday parcels known to or suspected to contain a hazardous material are properly handled.

During this festive and giving period the Postal Service handles an additional 20 billion pieces of parcels. While the vast majority of these packages contain nondangerous items, there is a small amount that has the potential to

contain a material that has the ability to cause harm to employees and disrupt operations. When a parcel contains a hazardous material that is unacceptable for mailing or is improperly packaged, it is a concern to everyone.

At this time of year it is important to remember that hazardous materials can be found in a wide variety of common household and consumer products. *Holiday HAZMAT* can be found in:

- Shipments of liquor/wine/beer (nonmailable).
- Electronic equipment containing wet cell batteries.
- Cosmetics (perfumes, hair products, body and bath oils, etc.).
- Consumer products containing petroleum products such as, but not limited to, chain saws and string trimmers.
- Parcels bearing an ORM-D/ORM-D-Air marking. See examples on page 31.

- Food shipments preserved with dry ice.
- Parcels bearing a DOT hazard class 9 label. See example at the end of this article.
- Fireworks and sparklers (nonmailable).

Some items are not outwardly hazardous, but when packaged improperly can be mistaken for a dangerous item. Electronic toys/games, for instance, when shipped with the batteries in place can be:

- Mistaken for a target mail item if they are activated during shipment.
- Create an electromagnetic hazard that has the ability to interfere with airplane navigation equipment.

It is also common to encounter parcels that have been mailed in reused packaging that formerly contained hazardous materials. Postal employees are required to assume that markings or labels present on parcels indicate the actual contents of the parcel. It is acceptable to reuse boxes for mail shipments provided that all former HAZMAT package markings and labels have been removed or completely obliterated by the mailer. Merely crossing out a label or marking or writing the current contents on a box is insufficient to allow mailing. If any evidence of the former contents is visible, the parcel cannot be accepted. The former markings and labels must be blotted out even if the parcel will be wrapped in paper for mailing because if the wrapping becomes damaged during shipment, these markings will cause the package to be returned.

While it is not possible to list every type of hazardous material that could be reasonably expected to be found in the mail, recognizing those parcels that are known to or suspected to contain a *Holiday HAZMAT* is crucial to safe operations.

If you suspect a parcel contains an identified/undeclared *Holiday HAZMAT*, immediately notify your supervisor. Under no circumstances should a parcel containing an undeclared HAZMAT be allowed to continue through processing. Only *Holiday HAZMAT* parcels that meet the packaging and labeling requirements of the *Domestic Mail Manual* and *Publication 52, Hazardous, Restricted, and Perishable Mail*, should be processed for delivery.

Responsibility for the proper packaging and labeling of a *Holiday HAZMAT* ultimately rests with the mailer. However, by being alert and able to recognize HAZMAT parcels, we can all do our part to make this a successful holiday season for the Postal Service.

Questions regarding the mailability of any material should be directed to your local Business Mail Acceptance Unit (BMEU) or Rates and Classification Service Center

(RCSC). Packaging and labeling requirements for HAZMAT can be found in the following postal documents:

- Domestic Mail Manual C023.
- Publication 52, *Hazardous, Restricted, and Perishable Mail*.
- International Mail Manual (IMM).

## DEADLINE REMINDER

**Commercially Printed Barcoded Special Services Labels**

As previously announced in the May 18, 2000, *Postal Bulletin*, any mailer using commercially printed special services labels on or after February 3, 2001, will be required to meet the new barcoded requirements. The following forms and labels must be in compliance with the new barcoded format: PS Form 3800, *Certified Mail Receipt*; PS Form 3813P, *Insured Mail Receipt (Domestic and International)*; PS Form 8099, *Receipt for Recorded Delivery*; Label 200, *Registered Mail*; and PS Form 3804, *Return Receipt for Merchandise*. For more information, contact Tandelyia Samuels at (703) 292-3803.

The technical requirements for producing commercially printed barcoded special services forms and labels are published in Publication 109, *Special Services Technical Guide*. Publication 109 is available on the USPS Web site (<http://www.usps.com>). Click *Info*, then *Postal Periodicals and Publications*, then *Publications*, and scroll to Publication 109.

— *Special Services,  
Core Business Marketing, 12-14-00*

**APO/FPO Changes**

Make the following ink changes to the most recent APO/FPO table in *Postal Bulletin* 22038 (November 30, 2000).

APO/FPO	Action	Effective Date	See Restrictions
09344	Activate	Immediately	A-B-B1-C1-F-N-R-X

Network Operations Management, 12-14-00*

**Finance**

## POS ONE OFFICES

**Mobile Units Reporting to POS ONE Offices Issuing Paymaster Money Orders**

Mobile units reporting to a POS ONE office that issues Paymaster money orders cannot consolidate their daily financial data under the POS ONE Standard Field Accounting System (SFAS) unit ID. *A separate SFAS unit ID must be established for any mobile unit reporting to a POS ONE location that sells Paymaster money orders.* Mobile units must also maintain a separate unit reserve stock. Money orders should be issued directly to the custodian of the mobile unit from the stamp distribution office (SDO) or stamp service center (SSC).

POS ONE units were instructed to return Paymaster money order imprinters to the material distribution center (MDC) and Paymaster money orders to the SDO or SSC after their POS ONE conversion. By consolidating mobile units that are selling Paymaster money orders, POS ONE sites that have been converted are circumventing the financial controls for money order issuance.

To obtain new SFAS unit IDs, district accounting offices (DAOs) must send the SFAS unit ID information via cc:Mail to the following address: SFAS NEW UNIT ID.

— *Corporate Accounting, Finance, 12-14-00*

## INFORMATION AND PROCEDURES

**International Reply Coupons and Rate Increase**

The postage rate increase scheduled for January 7, 2001, affects the price of the international reply coupon (IRC). The new price will be \$1.75 per coupon.

It will take several months to print and distribute the newly valued IRC; therefore, post offices should use their existing supply of Item 330500 (four-digit Item Number 3305), \$1.05 IRC, to meet customers' demands. In order to sell the IRC, additional postage must be added at the post office level by applying postage stamps or a postage validation imprinter (PVI) label. The sales associate should apply the additional postage at the time of the sale.

Offices should follow the procedures listed below when the new rate goes into effect on January 7, 2001.

**Procedures for Stamp Distribution Offices and Stamp Service Centers and their Accountable Paper Depository**

Stamp Distribution Offices (SDOs) and Stamp Service Centers (SSCs) and their accountable paper depositories (APDs) must retain and use their current inventory of Item 330500 (or Item 3305), \$1.05 IRC, to fill orders until the new IRCs are printed and available.

**Post Offices, Stations, and Branches**

All post offices, stations, and branches will affix and cancel two 35-cent stamps, or stamps of the same value, to each \$1.05 IRC at the time of sale to reflect the new rate of \$1.75. All retail units have the option of using PVI labels for the additional postage, but must affix the label to the back of the IRC. The IRC, with the additional postage affixed, will sell for \$1.75 each.

When affixing the postage stamps, it is important to leave the bottom right corner of the IRC clear. This provides space for the foreign post that exchanges the coupon to cancel it. Affix PVI labels only to the back of the IRC.

If you need additional quantities of IRCs, order Item 330500 (or Item 3305) from your SDO or SSC. The existing inventory of Item 330500 (or Item 3305) will be used until new IRCs are printed and available.

Post offices must ensure that adequate supplies of 35-cent stamps, Item 103500, are on hand. No accounting entries are required on POS ONE; the integrated retail terminal; or manual Form 1412, *Daily Financial Report*, to adjust the value of IRCs in inventory.

POS ONE sites will sell each IRC with postage affixed that includes one \$1.05 IRC, plus two 35-cent stamps, or stamps of the same value. If a PVI label is used, record the sale using the PVI option.

— *Corporate Accounting, Finance, 12-14-00*

## RATE CASE

**New Money Order Fee and COD Trust Account — Action Required Prior to January 7, 2001**

The January 7, 2001, domestic rate change includes a decrease in the money order fee to \$.75. It is essential that all offices clear out the COD Trust Fund (AIC 050) amounts, and issue all pending payments COD Funds Withdrawn (AIC 450), to mailers before closing out on the last workday prior to the rate change.

Currently IRT and POS ONE systems add a money order fee of \$.80 every time an entry is made to AIC 050, COD Funds. When the money is withdrawn from trust via an entry to AIC 450 and a money order prepared, the system charges \$.80 for the money order, which leaves a balance of zero in the account.

The COD withdrawn amount should correspond with the COD amount received by the customer. To avoid discrepancies, all retail units should pay all pending COD amounts, retaining no funds in the COD trust account after close of business on the day prior to the rate change.

— *Post Office Accounting, Finance, 12-14-00*

## District Accounting Offices Statement of Account Submission

The normal submission schedule is extended for transmitting data from the standard field accounting system (SFAS) to the Eagan Accounting Service Center for accounting period (AP) 4, postal fiscal year (PFY) 2001. District accounting offices (DAOs) will have until COB Tuesday, January 2, 2001, to transmit a statement of account (SOA) via the SFAS.

The deadline is also extended for submission of official mail accounting system (OMAS) transactions for AP 4, PFY 2001. DAOs will have until 4:00 p.m. CT on Tuesday, January 2, 2001, to input OMAS data.

*Note:* A revision of Handbook F-1, *Post Office Accounting Procedures*, was published on page 31 of *Postal Bulletin 22029 (7-27-00)* that changed the normal SOA submission day to Monday.

— *Corporate Accounting, Finance, 12-14-00*

## 2001 Social Security and Medicare Tax Withholding

For 2001, the maximum limit on earnings for withholding in the Old-Age, Survivors, and Disability (OASDI) portion of the Social Security tax increases from \$76,200 to \$80,400, a \$4,200 increase from the 2000 limit. The Social Security tax rate remains at 6.2 percent, resulting in a maximum Social Security tax of \$4,984.80, a \$260.40 increase from the 2000 limit. There is still no limit on the amount of earnings subject to the Medicare portion of the tax. The Medicare tax rate applies to all taxable wages and remains at 1.45 percent.

The following information is effective January 1, 2001:

Tax Withholding	2000	2001
Social Security gross limit	\$76,200.00	\$80,400.00
Social Security liability limit	\$4,724.40	\$4,984.80
Medicare gross limit	NO LIMIT	NO LIMIT
Medicare liability limit	NO LIMIT	NO LIMIT

— *Payroll Accounting, Finance, 12-14-00*

## Changes in Employee Contribution Rates for Retirement

The temporary increase in the retirement withholding rates for employees covered by the Civil Service Retirement System (CSRS) and the Federal Employees Retirement System (FERS) originally scheduled for 2001 will not be implemented. President William J. Clinton has signed Public Law (PL 106-346), which will return retirement withholding rates to the rates applicable prior to the Balanced Budget Act of 1997. CSRS employee contribution rates will revert from 7.4 percent to the previous rate of 7.0 percent of base pay. FERS and CSRS offset employee contribution rates will revert from 1.2 percent to 0.8 percent of base pay. Law Enforcement CSRS employee contribution rates will

revert from 7.9 percent to the previous rate of 7.5 percent. Likewise, Law Enforcement FERS and CSRS offset employee contributions will decrease from 1.7 percent to 1.3 percent. The reduced rates will be effective January 13, 2001. There is no change in the Postal Service's contribution rate for employees. The reversion may result in a slight increase in take-home pay for Postal Service employees, including law enforcement personnel and postal inspectors.

— *Payroll Accounting, Finance, 12-14-00*

## Form W-5 Renewal

Form W-5, *Earned Income Credit Advance Payment Certificate*, which allows eligible employees to receive advance payment of their earned income credit, must be renewed for 2001. The certificate currently in effect expires at the end of the pay year and must be renewed by submitting a new Form W-5. Eligible employees who have not submitted a new Form W-5 should complete a 2001 Form W-5 and submit it to their local personnel offices as soon as possible. Employees are responsible for timely submission of their Form W-5. Timely submission of the new Form W-5 helps to ensure that the information on the form becomes effective the pay period (PP) after receipt. Please note that Internal Revenue Service (IRS) regulations specifically prohibit *any* retroactive changes or additions to the information submitted on the original Form W-5.

*Reminder:* Personnel offices are reminded that the IRS regulations mandate that all employers submit copies of all Forms W-5 received from their employees. Personnel offices must mail one copy of Form W-5 in a separate envelope marked "PROCESSED W-5 FOR IRS" in the lower left-hand corner of the envelope to:

ATTN CONTROL SECTION  
EAGAN ACCOUNTING SERVICE CENTER  
2825 LONE OAK PKWY  
EAGAN MN 55121-9611

The control section in Eagan subsequently forwards the forms to the IRS.

— *Payroll Accounting, Finance, 12-14-00*

---

## Federal Tax Withholding Exemption

Internal Revenue Service (IRS) regulations permit employees who anticipate no federal tax liability for 2001 to claim total exemption from federal tax withholding provided they owe no federal income tax for 2000. To renew the exempt status or to claim allowances consistent with the expected tax liability for 2001, employees must submit a new Form W-4, *Employee's Withholding Allowance Certificate*, for 2001. Please note that, in compliance with IRS code, employees cannot file a Form W-4 claiming exempt status and also request that additional taxes be withheld. IRS Publication 15, Circular E, *Employer's Tax Guide*, states that the amount of income tax withholding must be based on marital status and withholding allowances. Employees may not base their withholding amounts on a fixed dollar amount or percentage.

Employees who filed an exempt Form W-4 in 2000 and who do not submit a new Form W-4, to continue their exempt status or to claim allowances consistent with their expected tax liability, will be converted to a taxable status effective pay period (PP) 05-2001. These employees will have federal taxes withheld at the rate that would normally be applicable to a single employee with no dependent allowances. Employees with a current exempt status (as of PP 26-2000) will receive messages on their earnings statement for PPs 03-2001 and 04-2001 telling them a new Form W-4 is required.

Both first-time exemptions and renewals of these forms are dependent on timely submission by employees. Make sure to submit your Form W-4 as soon as possible to avoid any processing delays. The Postal Service will not make retroactive adjustments for taxes to accommodate employees who submit untimely Form W-4s.

*Reminder:* Personnel offices are reminded that IRS regulations require an employer to submit copies of all Form W-4s received from employees where the employee claims 11 or more withholding allowances or claims to be exempt from withholding. Personnel offices should mail one copy of the Form W-4 in a separate envelope marked "PROCESSED W-4 FOR IRS" in the lower left-hand corner of the envelope to:

ATTN CONTROL SECTION  
EAGAN ACCOUNTING SERVICE CENTER  
2825 LONE OAK PKWY  
EAGAN MN 55121-9611

The control section in Eagan subsequently forwards these Form W-4s to the IRS.

— *Payroll Accounting, Finance, 12-14-00*

## Federal Income Tax Withholding

Effective pay period (PP) 01-2001, payroll checks will reflect changes in federal tax withholding, and the exemption value increases for each allowance from \$107.69 to \$111.54.

The following table is based upon a biweekly payroll period:

Single Person (including head of household)				Married Person			
Wages*		The withholding amount is:		Wages*		The withholding amount is:	
Over...	But not over...	Withholding amount	Of excess over	Over...	But not over...	Withholding amount	Of excess over
\$0	\$102	\$0		\$0	\$248	\$0	
\$102	\$1,104	15%	\$102	\$248	\$1,919	15%	\$248
\$1,104	\$2,392	\$150.30 plus 28%	\$1,104	\$1,919	\$4,046	\$250.65 plus 28%	\$1,919
\$2,392	\$5,323	\$510.94 plus 31%	\$2,392	\$4,046	\$6,585	\$846.21 plus 31%	\$4,046
\$5,323	\$11,500	\$1,419.55 plus 36%	\$5,323	\$6,585	\$11,617	\$1,633.30 plus 36%	\$6,585
\$11,500		\$3,643.27 plus 39.6%	\$11,500	\$11,617		\$3,444.82 plus 39.6%	\$11,617

\* Wages are determined after subtracting withholding allowances, FSA, FEHB, and TSP contributions from your gross earnings.

Federal Employees Health Benefit (FEHB), Flexible Spending Accounts (FSA), and Thrift Savings Plan (TSP) contributions made by employees are treated as pretax monies (unless a pretax waiver for FEHB benefits has been signed by an employee). When calculating your taxes, remember to subtract your exemption allowances and all of these contribution amounts from your gross earnings.

To determine the amount of withholding, follow the steps listed below:

1. Determine normal biweekly gross wages from earnings statement.
2. Determine normal biweekly TSP contributions from earnings statement.
3. Determine normal biweekly FSA contributions from FSA Dependent Child (FSADC) Sub-Account from the earnings statement.
4. Determine normal biweekly FSA contributions from FSA Health Care (FSAHC) Sub-Account on the earnings statement.
5. Determine normal biweekly FEHB pretax employee contribution from earnings statement (abbreviated as HP).
6. Multiply the number of exemptions claimed by the new biweekly exemption value of \$111.54 (withholding allowance). The federal tax line on the earnings statement shows the number of exemptions claimed (e.g., S1 = Single with One Exemption, M3 = Married with Three Exemptions).
7. Subtract the amounts in Step 2 (TSP), Step 3 (FSADC), Step 4 (FSAHC), Step 5 (FEHB), and Step 6 (Exemptions) from Step 1 (Gross Biweekly Wages). The balance is the amount of wages subject to tax withholding.
8. Determine which range this amount falls into on the Federal Income Tax Withholding Table, and follow the instructions listed in the table.

The following is an example of how to compute federal income taxes for a Federal Employee Retirement System (FERS) employee who claims three exemptions and makes pretax contributions to the FEHB, FSA, and TSP:

*Example:*

A FERS employee receives \$2,850.50 as gross biweekly wages. The employee makes the following contributions from his or her pay: 10 percent to the TSP; \$25 per PP to the FSADC Sub-Account; \$50 per PP to the FSAHC Sub-Account; and \$45.13 for FEHB. The employee is married and claims three exemptions (M3 on the federal tax line of the earnings statement). Using the information provided above in the Federal Income Tax Withholding Table, federal taxes can be computed as follows:

1. Total biweekly gross wages		\$2,850.50
2. TSP contributions	285.05	
3. FSADC contribution	25.00	
4. FSAHC contribution	50.00	
5. FEHB contributions	45.13	
6. Exemptions (3 x \$111.54)	334.62	
7. Total Pretax Benefits and Exemption Allowances	739.80	(739.80)
<b>Amount of wages subject to withholding</b>		<b>\$2,110.70</b>

To complete the computation, refer to the married/biweekly segment of the Federal Income Tax Withholding Table. The amount of wages subject to withholding, \$2,110.70, falls within the “over \$1,919 but not over \$4,046” range. Using the information provided within that range, the final computation is as follows:

1. Amount subject to withholding	\$2,110.70	
2. Subtract table amount	(1,919)	
3. Excess	\$191.70	
4. Multiply excess of \$191.70 by 28%		\$53.68
5. Add from the table		250.65
<b>Total federal income tax* that should be withheld from this employee's biweekly check</b>		<b>\$304.33</b>

\* Rounding may vary this total by a few cents.

— Payroll Accounting, Finance, 12-14-00

## Revaluation of Postal Stationery Items for Rate Change

These instructions pertain to the rate change that will become effective January 7, 2001.

### Revaluing Domestic Stamped Cards

The postage rate for domestic stamped cards will not change on January 7, 2001, and stamped cards will continue to have the 20-cent denomination. It will *not* be necessary to affix additional stamps when using existing 20-cent stamped cards. However, the fee for stamped cards is increasing from \$0.01 to \$0.02 per card. Domestic stamped cards will now be sold for \$0.22 rather than \$0.21.

#### Postal Stamped Cards Affected (Including Vending Packs and Shrink-Wrapped Postal Store Packages)

Item	Description	Old Price (\$)	Amount of Increase (\$)	New Price (\$)
2264/226400	20c Official Mail Service Stamped Card	0.21	0.01	0.22
226800	20c Middlebury College Stamped Card	0.21	0.01	0.22
226810	20c Middlebury College SC/10 S-W	2.10	0.10	2.20
226900	20c Ryman Auditorium Stamped Card	0.21	0.01	0.22
226910	20c Ryman Auditorium SC/10 S-W	2.10	0.10	2.20
227000	20c University of Utah Stamped Card	0.21	0.01	0.22
227010	20c University of Utah SC/10 S-W	2.10	0.10	2.20
2294/229400	20c Block Is Lighthouse Stamped Card	0.21	0.01	0.22

#### Postal Stamped Cards Affected (Including Vending Packs and Shrink-Wrapped Postal Store Packages)

Item	Description	Old Price (\$)	Amount of Increase (\$)	New Price (\$)
229410	20c Block Is Lighthouse Stpd Card/10 S-W	2.10	0.10	2.20
2297/229700	20c Block Is Lighthouse SC Sheet	0.21	0.01	0.22
2298/229800	20c Block Is Lighthouse SC Banded	0.21	0.01	0.22
2296/229600	40c Block Is Lighthouse Reply Cd	0.42	0.02	0.44

The following instructions are being issued to revalue the interim supply of stamped cards:

The value of all 20-cent denomination stamped cards on hand which are valid for sale on and after January 7, 2001, as listed above, will be increased to reflect the new selling price. Stamped cards officially withdrawn from sale effective December 31, 2000 (or earlier), are not to be revalued and are not shown on the above list.

To increase the value of these stamped cards, stock custodians, clerks, and contractors will count the number of stamped cards in their stamp credits and multiply the total number of stamped cards by the increased amount (see table above) to compute the dollar value of the increase in accountability. The total sale price per single stamped card will be \$0.22.

### Revaluing Stamped Envelopes

Effective January 7, 2001, stamped envelopes will sell for the amount of postage plus a fee of \$0.08, rather than the previous charge of \$0.07. The discount on the sale of a

full box of 500 envelopes will be \$26.00 for #10 envelopes and \$28.00 for #6-3/4 envelopes.

All envelopes available for sale (as listed below) must be revalued by \$0.01. Envelopes with a 33-cent denomination must be revalued from \$0.40 to \$0.41 (\$0.33 + \$0.08). After the revaluation process, the 33-cent denominated envelopes will still need a 1-cent stamp affixed to cover the new First-Class Mail postage rate. The customer may use a stamp he or she already owns or purchase a 1-cent stamp. If an envelope and a stamp are sold together, the customer will pay a total of \$0.42 (\$0.33 + \$0.08 + \$0.01).

Five-cent nonprofit stamped envelopes and 10-cent bulk rate envelopes will also sell for \$0.08 above their postage rates — \$0.13 for each nonprofit envelope and \$0.18 for each bulk-rate envelope, less boxed envelope discounts.

To increase the value of the stamped envelopes, clerks must count the number of envelopes in their credits which are valid for sale (as listed below) and multiply by \$0.01 to compute the dollar value of the increase in accountability.

**Stamped Envelopes Affected

**IRT Offices**

1. *Stamp Credits.* Clerks and contractors will multiply the number of domestic 20-cent denominated stamped cards and 33-cent denominated stamped envelopes on hand by the increased amount \$0.01 (see tables on pages 37–38) and record the computation on Form 17, *Stamp Requisition*. The total from Form 17 must be entered to AIC 844, *Stock Increase-Revaluation*, on the clerk disk.
2. *Closeout Instructions.* When all clerk disks are consolidated, the total revaluation for the unit will be the total amount in AIC 844 on the Unit 1412, *Daily Financial Report*, for SFAS units. In main stock Non-SFAS units, the revaluation amount in AIC 844 will roll to AIC 171, *Postage Stock Revaluation-Increase*, on the Daily Financial Statement and will increase AIC 805, *Postage Stock Inventory*.

**Main Stock/Unit Reserve**

Offices with stamped cards and stamped envelopes in main stock/unit reserve inventory should increase their accountability following these instructions:

1. Issue to window clerks all 20-cent denominated stamped cards and 33-cent denominated stamped envelopes in main stock/unit reserve that are not being withdrawn from sale.
2. Clerks receive stock by recording to AIC 841, *Stock Received*.
3. Clerks revalue by following the revaluation instructions.

4. Delete item number for stamped cards and stamped envelopes from stamp stock inventory (at the old price).
5. Add item numbers for stamped cards and stamped envelopes to stamp stock inventory at the new price.
6. Clerks prepare Form 17 for returning stock and enter value of stamped cards and stamped envelopes to be returned to main stock/unit reserve inventory at the new price.
7. Clerks make entry to AIC 848, *Stamps Return*.
8. Enter to main stock/unit reserve inventory at new price.

**Non-IRT Offices**

1. *Stamp Credits.* Clerks and contractors will multiply the number of domestic 20-cent denominated stamped cards and 33-cent denominated stamped envelopes on hand by the increased amount \$0.01 (see tables on pages 37–38) and record the computation on Form 17. The total from Form 17 must be entered to AIC 844, *Stock Increase-Revaluation*, on clerks 1412.
2. *Main Stock/Unit Reserve Inventory:*
  - a. Multiply the number of domestic 20-cent denominated stamped cards and 33-cent denominated stamped envelopes on hand by the increased amount \$0.01 (see tables on pages 37–38) and record the computation on Form 17.
  - b. Enter amount to Form 3958, *Main Stock Transaction Record*, on line 3 (blank) and write in “Revaluation-Stock Increase.”
    - *Main Stock Units.* Enter the total from all Forms 17 (for clerks and main stock inventory) for revalued stamped cards and stamped envelopes to Form 3959, *Daily Recap-Stamp Stock Transactions*, on line 3 (blank) and write in “Revaluation-Stock Increase.” This will increase the office accountability by reflecting the new price. In the Accountbook, make a write-in entry to AIC 171, *Postage Stock Revaluation-Increase*, for the same amount. This is offset by an increase to AIC 805, *Postage Stock Inventory*, in the analysis section of the Accountbook.
    - *Reserve Stock Units.* Enter the total from Form 17 (for reserve stock inventory) for revalued stamped cards and stamped envelopes to Form 1412, AIC 844, *Stock Increase-Revaluation*. Add all Form 17 (for clerks and unit reserve inventory) and verify with Form 1412,

AIC 844. Support entry with Forms 17 and copy of Form 3958.

These increases in accountability must be reported in the Accountbook after the close of business of January 6, 2001. On or after January 7, 2001, the revalued stamped cards and stamped envelopes will be sold at the new prices of \$0.22 for stamped cards and \$0.41 for envelopes (plus \$0.01 if the post office supplies the additional stamp required on the envelope).

### Revaluation Process for POS-ONE Offices

#### IBM

A message display will state that the stock unit contains items pending revaluation. The revaluation process must be completed by:

1. The "retail stock unit" for the retail floor stock under SIA.
2. The "stampstock stock unit" for the unit reserve.
3. Sales and Service Associates with assigned stamp credits (this includes the segments with individual accountability, i.e., SBM, SOC, Mobile Unit, Philatelic, Vending, at SIA sites). The revaluation process must be completed within 3 calendar days. After physically counting the number of revalued items from the floor stock inventory or stamp stock, clerks and reserve stock custodian will follow the same steps, listed below, to complete the process:
  - a. Print a Trial 1412.
  - b. **<Back Office> Till> Stock Unit Revalue> Enter>**.
  - c. Enter manager override if necessary **<Enter>OK>Message appears: The revaluation process may be performed only one time. Please ensure ALL revaluation items are entered before completing the process>OK**.
  - d. **<F8> Touch printer field <F4> Receipt>Enter> F11> F3>**.
  - e. Enter actual quantities of items on printed count sheet.
  - f. Enter quantity of each revalued item from the count sheet **<F11>**.
  - g. Enter Verifier Name (manager) and ID (optional) **<F11> Revaluation Summary Report prints**.
  - h. Verify quantities and total revaluation amount printed below the header information on the Revaluation Summary Report. Compare the total revaluation amount to a manual calculation. **Message appears again: The revaluation process may be performed only 1 time. Please ensure ALL revaluation items are entered before completing**

*the process. Select Yes to complete revaluation. Select No to reprint the report. Select Cancel to restart the revaluation. Select <Yes> Main Tasks.*

- i. Print a Trial 1412, (revaluation process will flow to **GLA 0841\***). Compare GLA 0853 and GLA 0841 (increased value) to original Trial 1412. Verify that GLA 0841 has been incremented by the total revaluation amount printed below the header information on the Revaluation Summary Report.
- j. On Form 17, annotate the total amount of revalued items only and submit to closeout person at COB. The amount on Form 17 must equal the amount on GLA 0841, minus any other stock amount if received from SDO/SSC or the unit reserve.
- k. The unit will submit to the DAO a consolidated Form 17 of the total amounts revalued at the unit. The amount on Form 17 must equal the amount on GLA 0841, minus any other stock amount if received from SDO/SSC or the unit reserve.

\* DAO will make the adjustment from GLA 0841 to GLA 0844 for total amounts revalued at each IBM POS ONE office with the submitted Form 17.

#### NCR

Clerks should use the following procedures:

A message display will state that the stock unit contains items pending revaluation. The revaluation process must be completed by (1) one of the window clerks assigned as multi-service role working from the retail floor stock under SIA or (2) window clerks with assigned stamp credits. After physically counting the number of revalued items from the floor stock inventory or stamp stock, the following steps will complete the process:

1. Press **[Clerk Services\Back Office]**.
2. Press **<Money and Accounts>**.
3. Press **<Stock Revaluation>**.
4. Press **<Select All>**.

*Note:* Red check marks appear on all the items in the notebook area pick list. The user can also select one item at a time by pressing the select item DynaKey.

5. Press **<Accept>**.
6. Press **<Continue>**.

*Note:* The system will print a Stock Revaluation count-sheet for all items that were previously checked. Use this printout to record the physical count.

7. Key in the quantity counted for each item and press **[Enter]**.

8. Press **<Continue>**.

If the wrong quantity was entered, press change quantity DynaKey to return to the item list and make corrections.

9. Press **<Continue>**.

## 10. Type in the First Name, Last name, and Employee ID.

11. Press **<Continue>**.

A summary view will be displayed of the change done to the user's accountability.

12. Press **<Accept>** to finish.

Unit Reserve Stock Custodians should use the following procedures:

## 1. Log on as Stock Custodian.

2. Press **<Non-Retail Roles>**.3. Press **<Other Activities>**.4. Press **<Unit Stock Revaluation>**.5. Press **<Select All>**.

*Note:* Red check marks appear on all the items in the notebook area pick list. The user can also select one item at a time by pressing the select item DynaKey.

6. Press **<Accept>**.7. Press **<Continue>**.

*Note:* The system will print a Stock Revaluation count-sheet for all items that were previously checked. Use this printout to record the physical count.

8. Key in the quantity counted for each item and press **[Enter]**.9. Press **<Continue>**.

If the wrong quantity was entered, press change quantity DynaKey to return to the item list and make corrections.

10. Press **<Continue>**.

## 11. Type in the First Name, Last name, and Employee ID.

12. Press **<Continue>**.

A summary view will be displayed of the change done to the user's accountability.

13. Press **<Accept>** to finish.

### Procedures for Stamp Distribution Offices (SDOs) and Stamp Service Centers (SSCs) Using the STAMPS Program and Stamp Services System (SSS)

The Master Inventory for STAMPS and SSS will be updated automatically at Stamps Distribution Headquarters, 9:00 a.m. Eastern Standard Time, on January 8, 2001, to reflect the new selling price of stamped cards and stamped envelopes.

*Note:* When the inventory systems are updated, the closing balance on Form 3958 for the previous business day will not match the opening balance on Form 3958 for January 8. The difference should equal the total revaluation amount. The difference will show up on Form 3958 as an increase.

Stamp Distribution Supervisors at all facilities processing the stamped cards and stamped envelopes should perform the following on January 8, 2001:

1. Total the quantities of 20-cent denominated stamped cards and 33-cent denominated stamped envelopes in inventory from which are not being withdrawn from sale (see tables on pages 37–38).
2. Multiply the number of stamped cards and stamped envelopes on hand by amount of increase \$0.01 (see tables on pages 37–38).
3. Enter the results on the order stamp side of Form 17.
4. Write the difference on the shortage line of Form 3958 as stock revaluation.
5. Send Form 3958 and Form 17 to the District Accounting Office.

### Procedures for District Accounting Office

1. Call up option C, Accountable Paper, on the Daily Financial Menu.
2. Call up Option 2, Accountable Paper (PS 3958), on the accountable paper menu.
3. Enter the amount of Form 17 on the revaluation line. This will increase AIC 171, and increase AIC 805.

*Note:* Do not enter the amount of Form 17 via the advice of shipment option. This will result in a statement of difference.

### Offices Using the SDO/SDN In-Transit Program

Offices using the SDO/SDN3959 In-transit program will need to make manual entries to reflect the amount of the revaluation of the 20-cent denominated stamped cards and the 33-cent denominated stamped envelopes. AIC 171 does not automatically roll into the SDO/SDN3959 program; therefore, the ending inventory in the SDO/SDN3959 program will not match AIC 805 ending inventory balance.

Perform the following to adjust the SDO/SDN3959 balance:

1. Print a copy of the Accountbook.
2. The amount in AIC 171 on the Accountbook should be manually entered to Form 3959 line 3.

## Tax Implications of Long-Term Details

Internal Revenue Service (IRS) guidelines define long-term detail assignments and the implications of such assignments as they relate to an employee's tax home. Generally, travel reimbursements paid to employees detailed to a particular geographic area for over a year are taxable to the employee. It is important to note that this geographic area means local commuting area, not different installations within that area. For example, this means that a postal employee from California, detailed to Headquarters for 6 months and then assigned for over 6 months to the Bolger Center or to the Northern Virginia field offices, must pay taxes on travel reimbursements made after it is known that the combined details will exceed a year since the employee's total detail in the same geographic area exceeds a year.

As stated in Handbook F-15, *Travel and Relocation*, section 2-21.2.2., the taxable income issue begins once the decision is made that an employee will be on detail assignment(s) for a year or more, not after the detail exceeds the year. The requiring organization must advise the employee

of the tax implications of accepting a long-term detail in excess of 1 year. The Form 1012, *Travel Voucher*, must be annotated as being for long-term detail reimbursement, and sent to the San Mateo Accounting Service Center for processing.

Additionally, relocation of an employee cannot be deferred. An employee who is scheduled for a new assignment, when relocation is involved, must relocate according to postal policies. Delaying the relocation process through a detail assignment or a domicile in the former home office is not permissible. If an employee continues to work in a former office and the employee's new assignment is expected to become permanent, all travel to and from the former office is taxable.

Corporate Accounting must be notified of all long-term detail assignments in order to report the above-mentioned travel reimbursements to the IRS.

## U.S. Bank Voyager Fleet Card Usage

National implementation is complete for the U.S. Bank Voyager fleet card, which is now being used to pay for all commercially purchased fuel, oil, and routine maintenance expenses for postal-owned vehicles. This is the only credit card authorized for purchasing commercial fuel and repairs, and it is provided under the USPS/GSA SmartPay program.

The U.S. Bank Voyager fleet card allows operators of postal-owned vehicles to purchase fuel at a variety of outlets using this single card. The fleet card also benefits the Postal Service in other ways, including (1) reducing expenses by more effective use of its state tax exempt status; (2) no credit card fees; (3) refunds based on aggregate volume; (4) no prompt payment penalties; (5) comprehensive reporting; (6) opportunity for leveraging, consolidation, and partnership between the Postal Service and its suppliers; and (7) single source provision for Electronic Data Interchange (EDI) billing, payment, and customer service.

*Effective January 1, 2001, the Voyager fleet card is the only authorized credit card for purchase of commercial fuel.*

No later than January 1, 2001, use of all other oil company credit cards must cease, and those cards must be destroyed and accounts canceled. Oil companies have also been instructed that no new charges will be accepted after December 31, 2000, by Corporate Accounting.

If a supplier refuses to accept the Voyager fleet card and no other supplier accepting the Voyager fleet card is available, the site may either pay cash for the fuel, issue a no fee money order through the window and charge it to the correct account identifier code (AIC), or send the payment request to the servicing district finance office for processing. Invoices from suppliers not accepting the Voyager fleet card should not be sent to the San Mateo Accounting Service Center for payment.

Vehicle sites should continue to send the total of all commercial fuel, oil, and other purchase cost data not paid by the Voyager fleet card, to the appropriate vehicle maintenance facility (VMF) each accounting period (AP). Vehicle sites must continue to send all PS Form 4541/Invoices to their VMFs regardless of the method of payment for the services.

— *Corporate Accounting, Finance, 12-14-00*

CLIENT SERVICE DIVISION  
KLAUS P DEPPE  
KRAEHENWINKEL 21  
D-31840 HESS OLDENDORF  
GERMANY

Do not dispatch any mail to the above. Place the mailpieces in a pouch endorsed "Foreign Order Mail" and send it to:

POSTMASTER  
CLAIMS AND INQUIRY  
JAMES A FARLEY BUILDING RM 2029A  
NEW YORK NY 10199-9652

Do not place any endorsement on the mailpieces themselves.

Personnel may post this notice at the outgoing primary. They must post it on the Foreign Order Board at all processing and distribution plants, designated international exchange offices, and customer service plants.

— Recorder's Office, Judicial Officer, 12-14-00

— Recorder's Office, Judicial Officer, 12-14-00

## Missing, Lost, or Stolen U.S. Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*. The

actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

## Missing, Lost, or Stolen Canadian Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

## Counterfeited Canadian Money Order Forms

### Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*.

## 800 Number Available to Verify Canadian Money Orders

The Canada Post Corporation is now providing an 800 number that cashing agents can call to verify the validity of Canadian Postal Money Orders. The number is 1-800-563-0444.

This 800 number is printed on the back of the Canadian Postal Money Orders.

— *Postal Inspection Service, 12-14-00*

### Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be recycled. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer num-

ber" or "agreement number" section of the label or form.

**Note:** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.

## International Mail

### ICM UPDATE

#### International Customized Mail

On November 8, 2000, the United States Postal Service (USPS) amended an International Customized Mail (ICM) Service Agreement dated November 8, 1999. The Agreement was published on page 62 of *Postal Bulletin 22022* (4-20-00). The Amendment modifies the Agreement to provide an extension to the existing Agreement. In accordance with *International Mail Manual* (IMM) 294, the Postal Service previously announced entering into an International Customized Mail Service Agreement with this qualifying mailer and hereby makes public the following information regarding this Amendment:

- a. **Term:** November 9, 2000, through January 6, 2001.
- b. **Type of mail:** *Other provisions of the Agreement shall remain in force.*

- c. **Destination countries:** *Other provisions of the Agreement shall remain in force.*
- d. **Service provided by the U. S. Postal Service:** *Other provisions of the Agreement shall remain in force.*
- e. **Minimum volume commitment:** *Other provisions of the Agreement shall remain in force.*
- f. **Worksharing:** *Other provisions of the Agreement shall remain in force.*
- g. **Rates:** *Other provisions of the Agreement shall remain in force.*

International Business, 12-14-00

#### International Mail — Changes in Mail Classifications, Postage Rates, and Fees

*Postal Bulletin 22038*, dated November 30, 2000, announced the adoption of new categories of international mail and new rates and fees. The effective date for these changes is 12:01 a.m., Sunday, January 7, 2001. Accordingly, *International Mail Manual* (IMM) Issue 24 and the January 2001 editions of Publication 51, *International Postal Rates and Fees*, and Poster 51, *International Postal Rates and Fees*, will become effective on that date. Ordering information for these items will be announced in the *Postal Bulletin* as soon as copies are available for requisition from the Topeka Material Distribution Center.

The November 30, 2000, article contained an incorrect rate chart for Global Priority Mail in Exhibit 232.12, Variable-Weight Option Postage Rates (page 83). The correct rates are:

Weight Not Over (lbs.)	Rate Group 1 (Canada)	Rate Group 2 (Mexico)	Rate Group 3	Rate Group 4 (Australia, Japan, New Zealand)	Rate Group 5
.5	\$6.00	\$7.00	\$8.00	\$9.00	\$8.00
1	8.00	9.00	10.00	11.00	12.00
1.5	9.00	10.00	12.00	13.00	14.00
2	11.00	13.00	15.00	16.00	17.00
2.5	12.00	16.00	18.00	19.00	21.00
3	14.00	19.00	21.00	22.00	24.00
3.5	16.00	22.00	23.00	24.00	28.00
4	18.00	25.00	26.00	27.00	31.00

The rate chart for these rates on page 54 is correct.

In addition, the International Surface Air Lift rate chart on page 58 contained incorrect rates for Canada. The correct rates are:

Rate Group	Per Piece	Drop Shipment Per Pound	Direct Shipment Per Pound	Full Service Per Pound	M-Bag Drop Shipment	M-Bag Direct Shipment	M-Bag Full Service
1 (Canada)	\$0.25	\$2.15	\$2.65	\$3.15	\$1.40	\$1.50	\$1.50

STAMP ANNOUNCEMENT 00-43

## Love Letters Nondenominated Stamp

Copyright USPS 2000

The Postal Service will issue a *Love Letters* nondenominated stamp in a convertible booklet of 20 (Item Number 664000) in Lovejoy, GA, on January 10, 2001. The stamp, designed by Lisa Catalone of Washington, DC, and based on a photograph by Renée Comet of Washington, DC, goes on sale nationwide January 11, 2001.

This vertically formatted stamp bearing the First-Class, one-ounce rate depicts a red rose superimposed on the script of a handwritten letter from John Adams to Abigail Smith during their courtship. John Adams, who was President from 1797 to 1801, and Abigail Smith were married in 1764.

This stamp is celebrating the art of letter writing and the centuries-old tradition of expressing love in letters. The stamp is intended for use on Valentine's Day correspondence, as well as on wedding invitations, announcements, and RSVPs.

### How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamps at their local post office, affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

LOVE LETTERS NONDENOMINATED STAMP  
POSTMASTER  
PO BOX 9998  
LOVEJOY GA 30250-9991

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by February 9, 2001.

Stamp Fulfillment Services (SFS) also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by telephoning 1 800 STAMP-24 or writing to:

INFORMATION FULFILLMENT  
DEPT 6270  
US POSTAL SERVICE  
PO BOX 219014  
KANSAS CITY MO 64121-9014

First day covers remain on sale for at least 1 year after the stamp's issuance.

### Philatelic Products

There are no philatelic items for this stamp.

### Distribution: Item 664000, Nondenominated (First-Class Rate) *Love Letters*, Pressure Sensitive Adhesive (PSA) Booklet of 20

Stamp distribution offices (SDOs) will receive one-third their standard automatic distribution quantities for the *Love Letters* nondenominated PSA booklet of 20. Distributions are rounded up to the nearest master carton size (4,000 stamps).

### Initial Supply to Post Offices

SDOs will make a subsequent automatic distribution to post offices for one-fourth their standard automatic distribution quantities using PS Form 3309, *Advice of Shipment/Stamp Invoice*, and PS Form 17, *Stamp Requisition*. SDOs must not distribute stamps to post offices before January 3, 2001.

### Additional Supply

Post offices requiring additional stamps must requisition them from their designated SDO using PS Form 17. Additional quantities *will not* be available at accountable paper depositories (APDs) for supplemental ordering.

### Philatelic Requirement

Philatelic centers requiring Item 664000 must order them from their designated SDO using PS Form 17.

Stamp Services, 12-14-00*

PICTORIAL CANCELLATION

**Happy “Who-lidays” Station Pictorial Cancellation**

The *Happy “Who-lidays”* pictorial cancellation art was developed exclusively for use for holiday events in December 2000. This authorized pictorial cancellation may not be altered in any way, except as instructed in the guidelines below.

As a reminder, the Postal Service must endeavor to make all unusual postmarking widely known to collectors through advance national publicity to avoid such postmarks being available only to small groups of people. Therefore, all pictorial cancellations for local events must be reported to Stamp Development on the *Pictorial Cancellation Announcement Form* (page 13 of Handbook PO-230) so that national publicity may be arranged.

Participating post offices will honor mail-back service for 30 days following the event.

**Guidelines for Finalizing *Happy “Who-lidays”* Station Pictorial Cancellation Art**

To finalize the *Happy “Who-lidays”* station pictorial cancellation art, insert within the circle the city, state, and ZIP Code of the physical location where your event is being held along with the month, day, and year (2000) that the cancellation is to be offered. You must use the word “STATION.” Overall dimensions of the pictorial cancellation must not exceed 3.5 inches horizontally and 1.5 inches vertically, as shown in the original unfinished and final art examples on this page.

Remember to use your own city, state, and ZIP Code and the date of your event. Do not use “ANYTOWN USA 00000,” but do use “STATION.”

— Stamp Services,  
Public Affairs and Communications, 12-14-00

**Stamp Stock Items Withdrawn From Regular Sale and From Sale at Philatelic Centers**

Effective close-of-business December 31, 2000, all post offices, stations, branches, postal stores, vending outlets, and authorized philatelic centers must (1) withdraw the stamp stock items listed below and their related vending and store-prepared stamp items from sale and (2) prepare them for destruction. The stamp stock items should be submitted to destruction sites according to local established procedures, under the guidelines in Handbook F-1, *Post Office Accounting Procedures*, Part 45, Destroying Stamp Stock.

Absolutely no sales of the stamp stock items and their related vending and store-prepared stamp items listed to the right are permitted at retail windows and outlets after December 31, 2000. Item numbers listed with an asterisk will remain available at Stamp Fulfillment Services (SFS).

Item Number	Description
<b>Stamp Card Items:</b>	
226200	20-cent Red Barn Single Cut

## Stamp Stock Items Removed From General Sale

The following stamp stock items were previously withdrawn from sale at Stamp Fulfillment Services (SFS) and authorized philatelic windows and placed on general sale. However, due to depletion of back-up stock, effective close-of-business December 31, 2000, all post offices, stations, branches, postal stores, and vending outlets must (1) withdraw the stamp stock items listed below and their related vending and store-prepared stamp items from sale and (2) prepare them for destruction. The stamp stock items should be submitted to destruction sites according to local established procedures, under the guidelines in Handbook F-1, *Post Office Accounting Procedures*, Part 45, Destroying Stamp Stock.

Absolutely no sales of the stamp stock items and their related vending and store-prepared stamp items listed below are permitted after December 31, 2000.

### Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be post-marked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard).

Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial cancellation has been amended (changes highlighted in bold type):

# Post Offices

## Post Office Changes

Old/ New	Finance No.	ZIP Code	State	P.O. Name	County/ Parish	Station/Branch/ Unit	Unit Type	Effective Date	Comments
Old	05-2472	92630	CA	El Toro	Orange	Main Office	Post Office	12/02/2000	Establish a new ZIP Code for Post Office Boxes. Use El Toro CA 92609 as last line of address for the Post Office Boxes previously in ZIP Code 92630.

— Address Management, 12-14-00

### ALL MAIL PROCESSING OFFICES

#### Substitute Mailbag for the First-Class Mail Number 1 Pouch

Effective immediately, the contingency substitute mailbag for the FCM No. 1 pouch is the No. 1 canvas or plastic sack, *not* the Priority pouch. PS Tag 6 must be attached to each substitute sack prepared with First-Class Mail.

This notification is being distributed to prevent the misuse of priority sacks and to eliminate First-Class Mail being routed to Priority Mail processing centers.

— Mail Transport Equipment,  
Network Operations Management, 12-14-00

### NOTICE

#### Use of No. 2 Domestic Canvas Pouches

Mail processing offices are notified that until further notice, No. 2 domestic canvas pouches are to be used only to transport registered mail. This restriction means that you may not issue empty No. 2 domestic pouches to commercial mailers for any reason.

Your assistance in conserving our inventory No. 2 domestic pouches is appreciated.

— Mail Transport Equipment,  
Network Operations Management, 12-14-00

### NOTICE

#### Retrieval of Plastic Label Holders

Mail Transport Equipment has been notified that postal facility opening units (LDC 010) are not saving the plastic label holders used to close and address plastic sacks destined at their locations. It has also been noted that the national inventory of plastic label holders has fallen *far* below the inventory levels of sacks on which they are used.

*Plastic label holders are reusable — do not throw them away.* They should also never be intentionally removed from the draw tapes of the sacks on which they are attached. After each plastic sack is emptied, the label must be removed from the label holder, and the sack/label holder

combination must be prepared for return to the serving mail transport equipment service center.

Consolidate label holders found to be separated from their sacks for return to the mail transport equipment service center, along with the sacks. Contact your serving area mail transport equipment specialist for site-specific shipping information.

### USPS Supports the National Drunk and Drugged Driving Prevention Month

As family and friends reunite this holiday season, the U.S. Postal Service and local authorities want you to know: When ***You Drink & Drive, You Lose!*** Law enforcement will be out in full force to prevent impaired driving by setting up saturation patrols and sobriety checkpoints. You should know that if you drive after drinking or using drugs, you'll be caught, arrested, and prosecuted. Not only is this an embarrassing situation but it is also expensive; the cost of your defense and potential fines can be thousands of dollars and in some states you can even lose your car.

The winter holidays are among the deadliest times of the year because of impaired driving, which is why December is designated as National Drunk and Drugged Driving (3D) Prevention Month. National Holiday Lifesavers Weekend, scheduled December 15–17, is a featured 3D Month activity where law enforcement targets drunk and drugged drivers. The weekend kicks off with “**Lights On for Life**” Day on December 15. On this day, you can join motorists across the country in expressing support by driving with your headlights on during the daylight hours to commemorate those people that have died as a result of impaired driving crashes.

The statistics are alarming: Approximately 16,000 people die each year due to drunk or drugged driving. Many people simply do not realize the consequences of driving after drinking or taking drugs, even some prescription and

over-the-counter medications. If you are impaired, local authorities urge you to:

- Take a cab home,
- Arrange for a sober designated driver, or
- Stay the night where you are.

“Impaired driving has a devastating effect on our community,” said Patrick R. Donahoe, Senior Vice President, Human Resources. “The vigilant efforts of local law enforcement agencies across the country help make roads and highways safer from those irresponsible individuals that make the fatal decision to drive after drinking or using drugs.”

By partnering with the National Highway Traffic Safety Administration, the U.S. Postal Service is playing an active role in the *You Drink & Drive, You Lose!* campaign’s national push to reduce alcohol-related traffic deaths. Along with other federal state and local agencies, the U.S. Postal Service encourages you to never drink and drive and to participate in designated driver programs and other impaired driving awareness and prevention activities. Remember, “never drink and drive.”

### THREE WAYS TO KEEP A FRIEND ALIVE

# 3

## Three Ways to Keep a Friend Alive

In situations that involve drinking, many people believe that coffee, a cold shower, or fresh air are all that's needed to overcome the effects of alcohol. In truth, time is the only way to get alcohol out of the system. If a friend of yours has been drinking, he or she shouldn't drive. There are three steps you can take to keep a friend alive.

# 1

#### Drive Your Friend Home

You're having a party. One of your friends has had too much to drink and should not drive. To be sure your friend arrives home safely, you can drive him or her yourself, if you haven't also been drinking.

# 2

#### Call A Cab

If you can't drive your friend home, you can call a cab. You may want to pay the fare in advance. That's one way to show you really care.

# 3

#### Have Your Friend Sleep Over

Asking a guest to sleep over is another good way to keep a friend from driving. You won't have to drive and your friend won't have to return the next day for the car.

Impaired driving is no accident. It is a violent crime that kills. Every 33 minutes, someone in America dies because of a drunk or drugged driver. Every two minutes, someone is injured. You, your family or your friends could be next.

You can stop impaired driving in its tracks. Designate a sober driver, take a cab or spend the night where you are. Remember...

*You Drink & Drive. You Lose.*

## ADVANCE EIC NOTICE

**Advance Earned Income Credit Payments**

This *Postal Bulletin* article is published on a yearly basis to ensure that all Postal Service employees who qualify for Advance Earned Income Credit payments remain aware of the yearly changes in the program requirements. Postmasters and other installation heads should post this article on employee bulletin boards.

**Definitions**

Earned income credit (EIC) is a tax credit for eligible employees who have a qualifying child (defined later in this article). Employees eligible for EIC may choose to receive advance payments totaling \$1,457 (for tax year 2001) with their regular paychecks, instead of waiting to claim their monies on their federal income tax return. Employees wanting to receive these advance payments must file IRS Form W-5, *Earned Income Credit Advance Payment Certificate*, with their personnel offices. Qualifying employees (defined later in this article) who do not file Form W-5 will not receive any advance payments during the current tax year. However, they are still eligible to claim the EIC on their annual tax return.

Eligible employees can collect the EIC even if they owe no federal tax. EIC payments do not change the amount of federal income tax or FICA (Social Security or Medicare) taxes that are normally withheld from an employee's wages. EIC is not definable as wages or compensation for services rendered and, as such, is not subject to payroll taxes.

**Eligibility**

All eligible Postal Service employees may apply for advance payment of the EIC. When received, the EIC is shown as a separate line item on the employee's regular earnings statement. A qualifying employee for receiving advance EIC payments must meet all of the following requirements to be eligible for these monies:

1. The employee's expected earned income and adjusted gross income must both be less than \$28,281 (for tax year 2001). Participating employees should refer to IRS Publication 596, *Earned Income Credit*, for more information concerning applicable inclusions in adjusted gross income amounts and other technical aspects of this program.
2. The employee must have at least one qualifying child; however, employees are limited to no more than one EIC, regardless of the number of qualifying children resident with them. A *qualifying child* is one who:
  - a. Is the employee's son, daughter, adopted child, stepchild, foster child, or grandchild.
  - b. Is under age 19 at the end of the tax year; under age 24 if a full-time student at the end of the tax year; or any age if permanently and totally disabled.
  - c. Resides with the employee for more than half of the tax year; however, a foster child must reside with the employee for the entire tax year. Short-term absences for school, medical treatments, or vacations are disregarded.
3. Employees must file federal tax returns as one of the following: single, head of household; married filing jointly; or qualifying widow(er) with dependent child. Employees filing as married filing separately do not qualify for EIC.
4. The employee cannot be the qualifying dependent child of another person claiming an EIC.
5. The employee must not be able to exclude any foreign earned income or foreign housing amounts, as shown on IRS Form 2555, *Foreign Earned Income*. Generally, any person who is a nonresident alien for *any part* of the tax year does not qualify for EIC.
6. The employee's investment income must not exceed the yearly limitation established by the IRS (\$2,450 listed for tax year 2001.)

**Filing Requirements**

Eligible employees must file or renew Form W-5 with their personnel offices by the end of each tax year. After receipt, personnel offices submit the forms through established channels to the Eagan Accounting Service Center (ASC). Form W-5 is readily available at all IRS offices. After determining the number of employees under their jurisdiction that participate in the EIC program, local personnel offices should request a supply from their local IRS office.

Form W-5 remains in effect for the entire tax year in which filed. All participants must file a new certificate for every year in which they meet the eligibility requirements. If the Eagan ASC does not receive an employee's W-5 for a new tax year, the allowance is discontinued.

## Computing Advance Payments

Advance EIC payments are distributed on a pay-period basis and are included with regular wages. They are based on both gross salary (before deductions) and the federal tax filing status of the employee and his or her spouse (if applicable). The Eagan ASC uses the tables shown below to determine the EIC amount to be included in an eligible employee's wages.

## Forms for Employees

Employees must use IRS Form W-2, *Wage and Tax Statements*, and either PS Form 1223-A, *Earnings Statement*, or PS Form 1223-B, *Earnings Statement – Net to Bank*. The EIC amount paid to an employee is shown on PS Form 1223-A or PS Form 1223-B as a separate line item identified as EIC. The total amount of yearly EIC payments is shown on the employee's W-2 in Box 9, Advance EIC Payments. It is not included in Box 1, Wages, nor are any other W-2 entries changed because of these payments.

EIC payments to eligible employees begin during the pay period following the one in which the Eagan ASC receives the W-5. If during the year the employee's wages exceed the EIC income threshold (\$28,281 for 2001) or the payments have reached the maximum amount (\$1,457 for 2001), the Postal Service will discontinue the payments.

An employee must have only one W-5 certificate in effect with the Postal Service at one time. Also, it is the responsibility of each participating employee to ensure the accuracy of the information on the W-5.

Any change in life status (financial or spousal) that affects an employee's eligibility for EIC must be reported on a new W-5 within 10 days after the effective date of the change.

## Biweekly Payroll Period

## Flexible Spending Accounts (FSA) Open Season and *PostalEASE*

### What's New

Career employees must use *PostalEASE* telephone enrollment system if they wish to enroll in FSAs for 2001 during the FSA Open Season.

Call toll free: 877-4PS-EASE (877-477-3273).

Career employees who have trouble using *PostalEASE*, or who are unable to use a telephone because they are deaf or hard of hearing or because of a medical reason, may contact the local personnel office.

### USPS PIN

To use *PostalEASE*, enter Social Security Number and USPS Personal Identification Number (PIN). An employee who doesn't know his or her USPS PIN should call *PostalEASE* and, when prompted to enter the PIN, simply pause, and the system will provide an option to have the PIN mailed to the employee's address of record.

### When

November 13 through 5:00 p.m. Central Time on ~~December 11, 2000~~.

December 19, 2000

### Eligibility

Career employees only — noncareer employees are not eligible.

### Plan Information

Leaflet, brochure with *PostalEASE* FSA Worksheet included mailed to all career employees.

If not received by November 28, 2000, contact local personnel office.

### Effective Date

FSA Open Season enrollments become effective January 1, 2001.

### Questions

Hotline for FSA questions: 800-842-2026.

TDD line for hearing impaired: 801-523-6955. Advance call to hotline encouraged.

**Please Post on All Bulletin Boards Through December 11, 2000**

## *Purchasing and Materials*

---

### **Quick Pick List**

When accessing the material distribution center (MDC) Touch Tone Order Entry (TTOE) system, sites can use either the 13-digit stock number or the three-digit quick pick number (if one has been assigned). Included in this *Postal Bulletin* are the most recent quick pick list on pages 79–87 and the instructions for using TTOE on page 78. These instructions and the *most current* quick pick list can also be downloaded from the Purchasing and Materials Web site at <http://blue.usps.gov/purchase/material> (click on *Download Files*, then *Other Files*, and then *QuickPick*).

Column heading abbreviations: QP# = quick pick number; PSN = postal stock number; UI = unit of issue; Iss Incr = issue increment; BPQ = bulk pack quantity; DVD = direct vendor delivery.

Unit of issue abbreviations: BK = book; BT = bottle; BX = box; CD = card; CE = cone; CN = can; CT = carton; DZ = dozen; EA = each; FT = foot; GL = gallon; HD = hundred; MX = thousand; PD = pad; PG = package; PR = pair; PT = pint; RL = reel; RM = ream; RO = roll; SE = set; SH = sheet; SL = spool.

Disclaimer notice: The listed prices and bulk pack quantities (BPQs) are subject to change as new inventories are received at the MDCs. Items marked with an \* are ordered through the MDC but shipped directly from the vendor. For the latest price information, contact Materials Customer Service at 800-332-0317, option 3 (available 24 hours a day).

### TOUCH TONE ORDER ENTRY

The advantages of using the Touch Tone Order Entry System include:

- Faster order processing.
- Immediate feedback on ordered items.
- Improved order accuracy.

Item status such as cost and availability may be obtained 24 hours a day by accessing the automated system at 1-800-332-0317, option 3.

### TOLL FREE ORDER LINES

To place an order, Dial 1-800-332-0317, press option 1, then option 2. System is unavailable between 4:00 a.m. and 6:00 a.m. Central Time due to maintenance.

### PROCESSING TIMES

Orders placed before 4:45 p.m. Central Time will be processed that evening for release to the warehouse the next business day.

### HOW TO REGISTER

Only NEW users must register to use the system. To register, call 1-800-332-0317, option 8, extension 2925. Follow the instructions to leave a message. (Wait 48 hours before placing your first order.)

### HOW TO ACCESS THE SYSTEM

1. If you have registered previously, call 1-800-332-0317, press **1**, and then press **2** to place an order.
2. Enter the 10-digit Access Code chosen when registering to use the system (usually your office phone number).
3. The System will tell you your FEDSTRIP number. (If the FEDSTRIP number the system gives you is not your FEDSTRIP number, do not continue with your order. Press **2** to re-enter your Access Code to try again, or press **0** for assistance.)

Press

- 1** if correct.
- 2** to re-enter Access Code.
- 0** to transfer to Materials Customer Service for assistance.
- #** to end the call.

### TO PLACE AN ORDER

Press **1** to order by 13-digit NSN.

Enter **13-digit NSN** (check **PUB223** or **PUB247** for the correct NSN).

After the prompt,

Enter Quantity, then press the \* key.

The System will repeat the **Item Number** ordered.

The System will repeat the **Quantity** ordered.

The System will tell you the **Unit of Issue** ordered.

Press

- 1** if correct (places order for item).
- 2** to re-enter order.

Or press **#** to return to Main Menu.

Press **2** to order by 3-digit Quick Pick Number.

Enter **3-digit Quick Pick Number**.

After the prompt,

enter Quantity, then press the \* key.

The System will repeat the **Item number** ordered.

The System will repeat the **Quantity** ordered.

The System will tell you the **Unit of Issue** ordered.

Press

- 1** if correct (places order).
- 2** to re-enter order.

Or press **#** to return to Main Menu.

### ONLY MAINTENANCE-CAPABLE OFFICES WILL BE GIVEN THE OPPORTUNITY TO USE THIS OPTION — ORDERS ARE PROCESSED HOURLY.

Press **3** to order emergency vending machine parts.

Enter the vending part **13-digit NSN**.

After the prompt,

Enter Quantity, then press the \* key.

The System will repeat the **Item number** ordered.

The System will repeat the **Quantity** ordered.

The System will tell you the **Unit of Issue** ordered.

Press

- 1** if correct (places order for item).
- 2** to re-enter order.

Or press **#** to return to Main Menu.

Press **1** for Express Mail; Press **2** for Priority Mail.

Press **#** to return to Main Menu.

Press **4** to order keys for Mail Equipment Shop (MES) locks.

Enter the **4- or 5-digit lock #**, then press the \* key.

Enter up to a 6-digit box #, then press the \* key.

If no box #, then press the \* key.

Enter up to a 2-digit Quantity, then press the \* key.

After the prompt,

The System will repeat the **lock #** ordered.

The System will repeat the **box #** if one was given.

The System will repeat the **Quantity** ordered.

Press

- 1** if correct (places order for item).
- 2** to re-enter order.

Or press **#** to return to Main Menu.

**CONTACT MES @ 202-281-2620 WITH ANY DISCREPANCIES OR IF ORDER IS NOT RECEIVED IN THREE WEEKS.**

### TO EXIT THE SYSTEM

Press **#** to return to the Main Menu, then **#** from the Main Menu to end the call.

If your order was accepted, you will be given a 9-digit order number consisting of the last four digits of the FEDSTRIP along with four digits of the Julian date and ending with an "S." You will also be given the total number of items ordered and total approximate cost. In addition, you will be given a chance to transfer to a customer service representative.

**IF YOU HANG UP WITHOUT EXITING PROPERLY, YOUR ORDER WILL BE PLACED; HOWEVER, YOU WILL NOT RECEIVE YOUR ORDER NUMBER.**

MATERIAL DISTRIBUTION CENTER  
500 SW MONTARA PKWY  
TOPEKA KS 66624-9998

### How To Get Help

For help or problems with the ordering system, call 1-800-332-0317, option **4**.  
Materials Customer Service hours of operation are M-F, 6 a.m.-6 p.m., Central Time.

### Removal of Weighing and Rating Units

Weighing and Rating Units (WRUs) will not be supported after December 31, 2000, and *must* be removed from service. These instructions cover the disposal of WRUs for local offices. Replacement scales for WRUs were identified in *Postal Bulletin 22007* (9-23-99). Replacement scales are Ascom-Hasler and Triner 30-pound scales.

A WRU is a two-piece unit manufactured by Unisys which contains a scale, computer system, and printer that calculates and displays the proper postage for a mail piece. This unit does not vend or print any item valid for postage but does print a receipt for customers.

WRUs have salvage value for the Postal Service. Arrangements have been made with Lockheed Martin (Unisys) to collect the WRUs for recycling. This recycling effort conforms to USPS environmental standards and provides monetary return to the USPS to cover some of the cost of this recycling effort.

The sending office will:

1. Complete Postal Form 969, *Material Recycling and Disposal*, available on F3Fill, to account for these units. Instructions for completing and distributing the form are on its reverse side. Disposal code 4 will be annotated in block 10.
2. Call the Lockheed Martin Customer Assistance Center (CAC) at 1-800-247-6478 to request a return authorization. If the local office does not have a shipping container to return the WRU, a container may be requested from Lockheed Martin CAC at this time. CAC will ship a container to the site in which to pack the WRU.
3. Pack the WRU carefully to avoid damage in shipment. Shipping damage will decrease the value the USPS receives for the recycled unit.
4. Ship to:

ATTN WRU RETURN  
 LOCKHEED MARTIN CUSTOMER ASSISTANCE  
 CENTER  
 3655 TAMPA ROAD  
 OLDSMAR FL 34677-6307 55

### Movin' Up and Up! Mystery Shopper Sales Skills and Product Knowledge Is on the Rise!

The FY00 Mystery Shopper Sales Skills and Product Knowledge evaluation indicates that some districts have made great improvements during the fiscal year and still other districts are sales skills leaders!

Sales skills improvement is part of the national plan for Retail, called Program for Retail Operation Proficiency (PROP). In FY00, 25 districts exceeded a 50% Sales Skills and Product Knowledge score...that's 22 more districts reaching this score than in FY99. A great improvement.

Sales Skills and Product Knowledge scores are based on the interaction between Sales and Services Associates and our retail customers. The goal is to determine our customers' needs, and to meet those needs by providing them the necessary information about our products and services. Often our customers are uninformed about the variety of services we offer. It is imperative that we educate them as to what is available to allow them the opportunity to make

informed decisions on what products and services they need. If we fail to do this, we deny them the benefit of the many options available and may even lead them directly to the doors of our competitors!

The many challenges ahead of us mandate that we make the most of every opportunity to serve our customers better and generate additional revenue.

Each designated mystery-shopped retail unit was evaluated six times last year. The Sales Skills and Product Knowledge evaluation tells us how well prepared our Sales and Services Associates are to meet our customers' needs. As districts continue to focus on offering our customers quality service and products, watch for more districts to reach new levels in the Sales Skills and Product Knowledge category. We are definitely "Movin' on Up!"

**FY00 Districts Leading in Sales Skills and Product Knowledge Scores**

District	Score (%)
North Florida	79.8
South Georgia	79.1
Suncoast	76.2
Mississippi	74.7
Santa Ana	74.4
Dakotas	71.2
San Diego	70.5
Albuquerque	70.2
Mid-America	68.0
Oakland	67.5
Long Beach	66.8
Lakeland	66.0
Sacramento	64.9
Big Sky	64.9
Honolulu	64.9
Van Nuys	64.7
Hawkeye	64.0
San Jose	62.2
Atlanta	60.9
Northland	60.1
San Francisco	60.0
Gateway	58.2
Albany	57.5
Central Plains	57.5

**FY00 Districts With the Most Improved Sales Skills and Product Knowledge Scores Compared With Quarter 4/99**

District	Percentage Point Improvement
Albany	40
Albuquerque	35
Atlanta	38
Dakotas	20
Hawkeye	25
Lakeland	25
Long Beach	45
Mid-America	23
Northland	35
Oakland	40
San Diego	16
San Francisco	26
Santa Ana	32

How are we doing right now? Sales skills scores for Postal Quarter 1/01 to date show that the improvement trend is continuing. Keep up the focus! With the sales skills standard transaction implementation taking place, we can expect to continue the improvement and tap the best that Retail has to offer our customers!

What can sales skills mean in terms of revenue? If we sold just one more certified/return receipt each day, this figure would be greater than \$6.5 million. If each high revenue post office sold just one more Priority Mail piece a day, this would mean \$8 million in revenue. If we add insurance to that Priority Mail piece, our revenue would be in excess of \$12.4 million. We can do this!

— Retail, Consumer and Small Business, 12-14-00

**Retirement of Manually Set Electronic Postage Meters**

The Postal Service will soon be retiring all manually set electronic postage meters. The final plan has been published in a recent *Federal Register*.

Postal clerks must continue to reset these meters at this time. The Postal Service is allowing customers to extend their lease until December 2001 for any lease that expires during calendar year 2000. The Postal Service will not allow manufacturers to offer lease extensions for these meters beyond that date. The retirement schedule for leases that expire after December 31, 2000, will be staggered, as indicated below.

*All meters with leases expiring in calendar year 2001, or later, must be retired before the end of the quarter following the quarter in which the lease expires.* For example, any

lease expiring during the first quarter of 2002 (January, February, or March 2002) must be retired before the end of the second quarter of 2002 (June 30, 2002). This timetable allows all manually set postage meter users at least 3 months after the lease expiration to replace their meter with a remote set meter.

Postal clerks must continue to reset electronic manually set meters remaining in service. The Postal Service will develop and publish procedures to enable the postal clerks to identify the retirement date for each manually reset electronic meter.

— Postage Technology Management, Consumer and Small Business, Retail, 12-14-00

## New IBI Being Tested

Shown with this article is a replica of the IBI (information based indicia) produced by PostLink, an Ascom Hasler Mailing Systems, Inc., product, currently in testing. Mail bearing this barcode will be entered into the regular mail-stream as testing is extended to the field. Mail bearing this barcode should be processed in the same manner as any other mail bearing authorized postage.

— *Postage Technology Management,  
Consumer and Small Business, Retail, 12-14-00*

## Postal-Owned Mechanical Meters

Over the past year, several articles have been published in the *Postal Bulletin* regarding the retirement of mechanical postage meters. As the final phase, manufacturers were instructed to remove all mechanical meters from the marketplace by February 29, 2000. Neither the Postal Service nor the service providers support this equipment any longer.

Although not specifically mentioned, Postal Service-owned mechanical meters are included in the retirement schedule. It has come to the attention of Postage Technology Management that many post offices are being issued mechanical meters, from storage, which have been retired. Any meters in storage that fit this category should be destroyed under the proper procedures (Purchasing and

Materials *Material Logistics Bulletin* #MLB-PP-97-016). Placement of retired postal-owned mechanical meters or transfer from one office to another is not authorized under any circumstance. When an office discontinues use of a postal-owned meter it must be returned to the designated facility for destruction.

If you need further clarification on this issue, please contact Marlo Ivey in Postage Technology Management at 703-292-3782.

## Postmark America

Where's my gift list?

Why wait in long lines? Do your holiday shopping online this year. Visit the Postmark America® Web site, which features neat gifts, apparel, and collectible products featuring U.S. Postal Service icons and stamp images.

This site is located at [www.usps.com](http://www.usps.com) under the "Postal Store," or double-click "Postmark America" under the "Check it out" section, or type in keyword "Postmark America." On the intranet, look for the Postmark America banner.

Order by December 21 and get a free Looney Tunes™ cap with every order.

## Express mailers

Ease of use

Responding to requests from a select group of high-volume shippers seeking greater flexibility, the Postal Service has approved new label options for mailers using the Express Mail Manifesting (EMM) program. These mailers can now elect to use a new USPS Label 11-SP or a privately printed version of Label 11-SP in conjunction with their shipping label.

Previously, EMM mailers' only option was to print their own one-ply labels for Express Mail shipments. Some who were quite interested in using the EMM program were not able to because they could not meet the label requirements in Publication 97, *Express Mail Manifesting Technical Guide*.

"These new EMM labels provide greater ease of use, which should broaden its appeal to more mailers," says Larry Wood, associate vice president, e-Business for Expedited/Package Services (E/PS). "This, in turn, should increase postal revenue," Wood adds.

For additional information, see the November 30, 2000, Postal Bulletin Notice titled "New Labeling Options for Express Mail Manifesting."

### Postal Bulletin Distribution

The GPO distributes the *Postal Bulletin* for the Postal Service to all postal facilities except classified stations and branches, contract postal units, and detached mail units, which receive copies from their administrative post office. The *Postal Bulletin* is also available online at <http://www.usps.com> (click on *Info*, then *Postal Periodicals and Publications*).

If your postal facility has access to cc:Mail, you may send a request for a new subscription order, an address and/or quantity change, or a subscription query to the

cc:Mail address POSTAL BULLETIN. If you are using another email product, you can use the Internet email address [pbulleti@email.usps.gov](mailto:pbulleti@email.usps.gov).

If you do not have access to email, you may complete the order form and mail it to:

ATTN POSTAL BULLETIN  
 US POSTAL SERVICE  
 475 L'ENFANT PLZ SW RM 2800  
 WASHINGTON DC 20260-1540

Either way you send it, please include the "POO" subscription number from your address label.

#### Postal Service Orders for Postal Bulletin

- New Order       Change of Address/Quantity  
(Include *Postal Bulletin* mailing label.)

## THE WHITE HOUSE'S 200TH BIRTHDAY: A UNIQUE STAMP AND CURRENCY ISSUE

Limited issue of the 200th Anniversary of The White House. First joint issue of the United States Postal Service and U.S. Treasury.

A newly constructed White House became home to its first president, John Adams, on November 1, 1800. To honor the occasion, the United States Postal Service and the U.S. Treasury offer collectors a one-time opportunity to own a unique portfolio honoring that historic event.

This portfolio, which celebrates the 200th anniversary of that historic day, contains a pane of 20 White House commemorative postage stamps and a \$20 currency note that includes special anniversary-note series numbering. Each is placed in a handsome gold-blocked package with archive-quality protection encasing the stamp and currency.

A certificate of authenticity with matching currency note serial number will add to the issue's distinctiveness. Worldwide distribution is limited to just 30,000 portfolios.

Don't miss the chance to own this historical tribute to America's home, at only \$198.00 plus \$1.00 shipping.
